Over 30 years experience writing professional resumes, a Bachelor of Science degree in Communications and Public Relations from Drury University, and many life experiences, have led me to be a Certified Life Coach, specializing in career transitioning. I have always wanted to help people be their BEST selves! One of my passions was re-training adults, of all ages, that were on disability.

As a Certified Career Transitions Life Coach, I use my valuable work experience and multiple successes to help you find that perfect job... the one you are passionate about.

Small town bank with a big reputation.

A little more low-key and relaxed, the way a small town bank should be. But don't let that charm and friendly manner sway you into thinking we lack for convenience and know-how. Our technology allows Ozark Bank to deliver all the services that the big banks deliver, yet we do so with a focus that is right for the customer.

Warm smiles are common, even when they're masked and we always have coffee out for you. So come by and visit.

The way banking should be.
