ToMorrow's journey to success

By **JEFF MEEK**
Voice correspondent

David and Angie Morrow, owners of ToMorrow's Therapy & Fitness Center have served their home and community for over 17 years. One of our favorite power couples attribute success to their faith in God first and their faith in each other second. Highschool flirtations, college romance and wedding bells are just the sweet beginnings of their story. When David was called to active duty in Iraq during 2003-2004 as a U.S. Army Reserve he choose to put his psychology degree on hold. He was able to finish his studies and earn his Bachelors degree once he returned. During this time Angie was able to complete her Doctorate degree in physical therapy at UCA in Conway, Arkansas but staying in Conway for work after David returned was not the dream.

Receiving an invitation to work in her hometown, Hot Springs Village, she jumped at the chance. She worked with Rob Jordan whom had an office near the West gate and her love for the community grew even deeper. Bouncing back and forth from Conway (where they lived) to Hot Springs Village became tiresome, though. Their oldest, Spencer, was welcomed into the family around this time and Angie decided to take a job back in Conway. The dream became much more clear. They wanted a business of their own. A business that served their family and friends (past, present and future). A business to be proud of in Hot Springs Village.

Discovering Angie's true passion and their desire to own their own business, they followed their hearts home. Angie shared "But I wasn't happy doing that (working at a rehab center in Conway). Outpatient therapy was where my heart was and I was hearing from patients in the Village. So we got a loan and we

Pictured Left to Right: Kingston, David, Spencer, Angie and Kaitlyn Morrow

opened at the East gate in 2007. We continued to grow and moved the family here (Hot Springs Village) in 2008. Then in 2012 we adopted two children, Kingston and Kaitlyn." Five short years later the business had grown so much that they needed more space. 2012 also came with constructing a brand new building to serve physical therapy needs along with a full size fitness center with access to personal trainers such as Todd Reid. Seven years later in 2019 the Villagers from the West were gifted a convenient location with a short drive from their homes. The West gate highlights physical therapy services more so but also provides lots of room for fitness classes and strength training.

Dr. Cardin Vo, PT, DPT has been a blessing to the Village with a ton of great reviews. You can find him at the East gate with assistant Corey. Dr. Angie Morrow, PT, DPT/owner holds down the fort at the West gate with assistant Jennifer. David Morrow, owner/accountant/maintanance/marketing/doer of all the things except P.T., is most likely at one location or another. "He (David) is our handyman. He's everything but a physical therapist," Angie said. "And I fill in (at the front desk) when someone is sick," added David.

If you need award winning physical therapy services and a great fitness center with award winning personal trainers, choose the best! ToMorrow's Therapy East is located at 24711 Highway 5 and may be reached at 501-922-9933. ToMorrow's Therapy West is located at 140 Cordoba Center Drive and may be reached at 501-204-5095. Your journey begins ToMorrow.

Join in annual Cancer Walk; help fight cancer

By LEWIS DELAVAN
Staff writer

Join in the Hot Springs Village Walk for Cancer Research on Saturday, Sept 28 at Balboa Pavilion.

Cancer survivor Joey Clampit is among this year's honorees. Memorial honorees are Bill Nosek and John Prince.

"How are we going to beat cancer?" the organization asks. The answer: "Research."

For more than 20 years, the Village Walk for Cancer Research has been raising funds and awareness of cancer. Money raised will go to fund cancer research and cancer-related projects in our community.

This terrible disease will impact nearly 50% of us at some point in our lives. The key to finding better treatment options and cures is through research.

Village Walk for Cancer Research's mission is to improve the lives of those with cancer.

HSV WFCR has raised \$680,000 in support of cancer research projects at University of Arkansas for Medical Sciences and CHI St. Vincent.

Programs like "Seeds of Science" fund new research to understand how cancers form and grow, and find ways of eliminating them.

For those in need, HSV WFCR provides essential services and support to our communities. They believe that everyone deserves access to basic necessities such as food, shelter, and healthcare.

Help honor those fighting cancer one day at a time by registering for the 2024 Walk. Registration forms are available at KVRE, the Village Voice, Clampit's Country Kitchen, Arvest Bank near the West Gate and at RE/MAX of HSV or visit walkforcancerresearch.org for a printable registration form.

Entry is \$35, and additional donations will be accepted. Online payment may be made by credit or debit card, or via an Automated Clearinghouse, or ACH, direct bank payment.

Non-Hodgkin's Lymphoma stage 2 cancer survivor and 2024 Village Walk for Cancer Research honoree, Joey Clampit. Since opening Clampit's Country Kitchen and Meat Market in 2017, Joey has donated over 500 hot dogs and brats annually to feed walk participants

Honor the life or memory of a friend or loved one who is or has battled cancer by adding their name to every T-shirt issued for the 2024 Village Walk. Cost is \$15 per name. Deadline to order is Sept. 9.

WFCR says that no one should have to go through cancer treatments alone. Cancer treatments are expensive and take time for treatment and healing. There are many support programs to help those who might otherwise not be able to afford treatments or transportation for treatments. WFCR has provided funding to organizations including Genesis "Our Promise" Foundation and the American Cancer Society that have programs supporting cancer patients.

One of WFCR's goals is to award funds raised annually to eligible organizations through its "Hope Request" grant program. Any organization with a cancer research center or cancer-related projects in Arkansas may be eligible.

Thank You

Doug Bronsink— a picture of resilience

Insurance Agent Doug Bronsink
(Photos courtesy of Doug Bronsink)

By ROBIN RABORN BURNS
Voice correspondent

Talk about rising from the ashes, Doug Bronsink is an example of resilience. In the heart of Hot Springs Village, Bronsink, a dedicated agent with Shelter Insurance, faced an unexpected setback. A fire erupted at North Park Plaza, 3901 Highway 7 North, in the early morning hours of January 13, 2023, destroying several businesses located on the building's north end. Firefighters who responded were able to save a couple of the businesses, including Doug Bronsink Shelter Insurance Agency, but the buildings sustained significant damage. Doug developed a plan of action – relocating his business as quickly as possible to avoid any prolonged inconvenience to his clients. Shelter Insurance is now located at 4409 N Hwy 7, Suite 1, Hot Springs Village. Bronsink has earned a reputation for being a great agent, and those who know him regard him as honest and helpful. Doug exemplifies the true essence of a community leader. A graduate of Champion Christian College, and National Park College, Bronsink states “I realize good customer service goes beyond service provided during conventional business hours. If my clients need me, I will make myself available.” Today, Bronsink continues to serve his clients with the same dedication and integrity that have defined his career.

As a Shelter Insurance agent, Bronsink provides the following products and services:

- Homeowners insurance (also available to condominium owners, mobile homeowners and apartment owners).
- Term-life, permanent life insurance and business owner insurance.
- Car insurance includes business car insurance.
- Boat insurance can help pay for accidental loss or damage to boats, personal watercraft, trailers, or other equipment. It covers accidental bodily injury, damage to other boats, and other property damage.
- Motorcycle Insurance from scooters to standard bikes. Shelter Insurance offers motorcycle owners basic coverage options. It also offers coverage for the customization of motorcycles.
- Many insurers benefit from the Shelter Insurance Personal Articles policy (also known as inland marine insurance). The policy protects insurers from the expense of repair or replacement of rare, or expensive personal possessions. Personal Articles insurance can cover jewelry, guns, silverware, musical instruments, photography equipment and artwork. Individuals who possess extensive sports memorabilia collections or numerous pieces of golf equipment often take advantage of Personal Articles insurance.
- Additionally we have RV insurance, farm equipment insurance, farm livestock insurance, all-terrain vehicle (ATV) insurance and more.

Doug Bronsink of Shelter Insurance offers policies for all your needs. Contact Doug at: dbronsink@shelterinsurance.com to discuss your insurance needs.

Amidst his busy work life, Doug takes time to chill

Melinda's Café and Coffee cooking up a new future

By **SUZANNE SWEETEN**
Voice correspondent

Melinda's Café & Coffee in Hot Springs Village experienced a devastating fire on January 13, 2023. However, Melinda's Café & Coffee has made a remarkable comeback, as the Phoenix rose from the ashes. This year, their Readers' Choice Award nomination is even more meaningful, reflecting their continued success and popularity.

Alanna and Daniel are food artisans who want to put their customers on notice; they serve "purposeful" food. Daniel explains their philosophy: "We don't make chili just because we have leftover meatloaf. Everything is made with the freshest ingredients following the farm-to-table concept. Additionally, we make our soups fresh every day. We won first place last year in the People's Choice Hot Springs Soup Contest with our chicken tortilla soup."

Breakfast is served all day, and the food blog "The Mighty Rib" designated our breakfast taco as the best in Arkansas," Alanna delights in sharing. "Our breakfast Panini is so large, I can't eat it all. It's the perfect dish to share between two people."

Some new items will be added to the menu featuring lighter portions with special pricing. "Typically, all of our sandwiches contain ½ pound of meat. The "Simple Sammie" sandwiches will be smaller and at a lower price point. For instance, the hamburgers will resemble a "smash burger" style. We've also added gelato, which is different for our customers."

Alanna and Daniel Owen are the proud owners of Melinda's Café & Coffee in Hot Springs Village. (Suzanne Sweeten photo)

Melinda's Café & Coffee caters for events in and around HSV. While Alanna and Daniel typically cater to groups of 30 or more, they are willing to provide quotes for groups of almost any size. "I love catering events. I enjoy interacting with the hosts, understanding their expectations, and planning the menus. I love creating something new, flashy, and fun—something unique. We have catered for as many as 500 people and as few as two. It's so much fun," said Alanna.

The Owen crew is rarely satisfied. To better serve HSV residents, Melinda's Café & Coffee is partnering with Cork and Bottle Liquor and the Property Owner's Association to host "World of Wines" wine tastings at the Coronado Center. The evening focuses on a specific country and its wines while Alanna and Daniel provide appetizers, entrees, and desserts that complement the wine.

Alanna and Daniel were devastated when the phone rang at the Owen household in January

Melinda's Café & Coffee offers sandwiches made with one-half pounds of meat. A new 'Sammie Sandwich' menu item offers smaller portions.

2023. "We wouldn't be here without the Village. This community is so unique and special. We're all tight-knit and know one another," Alanna explained.

"When the fire happened, our first thought was to move to Hot Springs." However, they soon changed their mind. "The outpouring from this community was far beyond anything I'd ever seen. We had nothing and were selling things out of a half-burned strip center. People were coming in and we were selling everything we had, just trying to figure out what we would do next. It was the most sales we'd ever had in a day."

Daniel added, "There was no power and no electricity, and they were there. One gentleman picked up a one-gallon can of green beans and gave us \$100 for a can of beans. I was in awe. So let's make this bigger and better for this community.

We realized we couldn't leave; they loved us."

Melinda's Café and Coffee is open Monday through Saturday from 8:00 a.m. until 3:00 p.m. and Sundays from 10:00 a.m. to 2:00 p.m. Melinda's Café & Coffee reopen on Fridays at 4:00 p.m. for Friday Night Dinners. These are by reservation only and feature a sit-down dinner with tablecloths and plenty of good food.

At Melinda's Café & Coffee, guests can dine in, use curbside service, or enjoy outdoor seating. For more information, call (501) 984-5393 or visit their social media sites: dnahsv@gmail.com, melindashsv.com, or Facebook at <https://www.facebook.com/MelindaSHSV>.

Melinda's Café & Coffee is located at 372 E. Glazypeau in Hot Springs Village, Arkansas.

SERVICES AND SHOPPING

The background features a vertical gradient from light teal at the top to a darker blue at the bottom. Overlaid on this are several thick, wavy, gold-colored lines that flow from the left side towards the right, creating a sense of movement and depth. The lines vary in thickness and curvature, some appearing as solid bands while others are more delicate outlines.

Village True Value 'more than hardware store'

Village True Value staff are always ready to lend a hand or organize a community activity. Left to right: Jordan Smith, owner Jeffrey Harrington (standing), Hillary Hawks, Roanna Bradshaw, Shelby Noles (front), Elizabeth Phillips, general manager Matt Burr (standing), Danny Schmidt, and Travis Smith (far right). (Submitted photo)

By MARY ELIADES Voice correspondent

When many of us of a certain age think about hardware stores, we picture the familiar True Value logo and aisles and aisles of fixtures and fittings and paint and lumber. The brand has been with us for over 4,500 stores worldwide.

Jeff Harrington opened Village True Value in 2013 (in the former Village Home Center), and immediately remodeled and expanded the store to 16,000 square feet of retail space.

The pet section was expanded – much to the delight of Village dog, cat, and bird lovers – to include all kinds of supplies, toys, and food (as well as bird feeders and seed). The outdoor

section was also expanded and now features grills, smokers, patio furniture and décor, and everything else needed to enjoy life in the great outdoors.

A large Hallmark/gift department may be a surprising – but welcome – sight to first-time visitors to the store.

General manager Matt Burr said, “The biggest surprise to me, even being here for 28 of the almost 40 years we’ve been open, is the full-service lumberyard we have in back.”

The garden center has a wide array of plants for every season, and Burr said, “We should start getting our fall plants, including mums, sometime in September.”

The business is very community oriented. “We

support local organizations because we know the local people support us,” said Burr. Local organizations such as Abilities Unlimited, Altrusa, Audubon, and the Animal Welfare League all benefit from sponsorship from Village True Value, as well as the Village Walk for Cancer Research. “We are huge believers in supporting our children as well,” said Burr, “and that includes the Boys & Girls Club, providing school supplies for kids, Toys for Tots, the area schools, Special Olympics teams, etc.”

True Value team members are currently in the process of getting ready for the second annual Trunk-or-Treat event on Halloween. Last year’s event drew dozens of families from the Village and surrounding community to enjoy the haunted house and treats supplied by generous True Value customers.

The annual Ladies Day event is planned for November. “Ladies Day is an event where only the ladies get together at our store and learn about the store, [with] special pricing just for them,” said Burr. “Karaoke, snack foods, just a whole lot of fun. We’ve done it for the last four years.”

Burr reminded shoppers about the customer rewards program, where customers earn 10 points for every \$1 spent. “For every 2,500 points, you’ll receive a \$5 rewards certificate that can be used at any participating True Value Rewards store,” added Burr.

“As our tagline says, we are ‘More Than a Hardware Store.’ We are locals who have a heart for our community.”

Village True Value is located at 4650 N. Highway 7.

Buddy the Elf (aka Travis Smith) and the Grinch (Matt Burr, general manager) prepare to greet shoppers at Christmastime. (Submitted photo)

Village True Value is a pillar of the Hot Springs Village community; organizing family activities and supporting local nonprofits. Shown here are marketing manager Travis Smith (left) and accountant Shelby Noles (right) presenting a check to Tammy Noles of Abilities Unlimited. (Submitted photo)

Lisa Clem nominated for Readers' Choice Woman of the Year

By **SANDY JOHANSEN**
Staff Writer

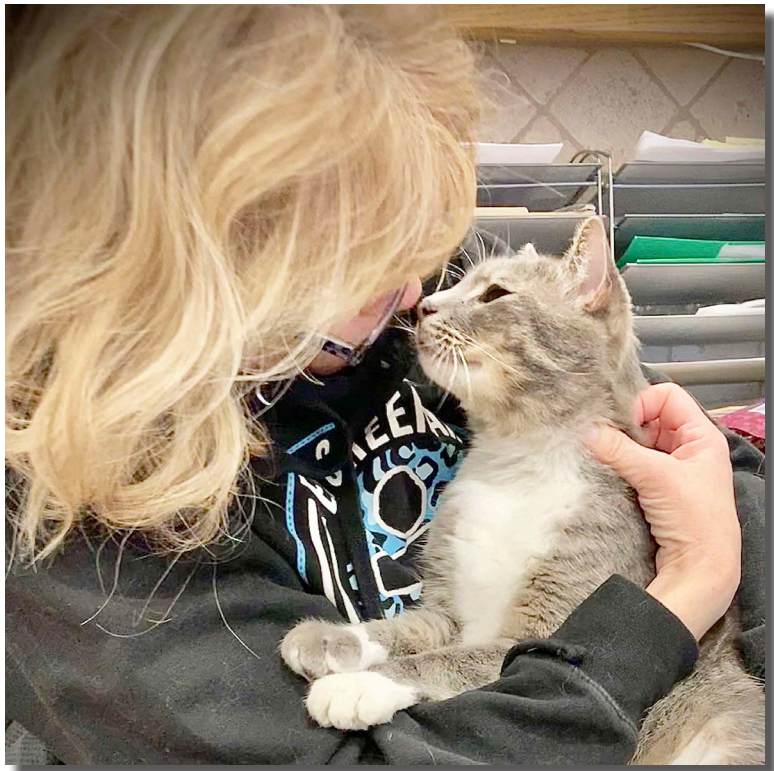

In 2003, Lisa Clem and a group of volunteers started a non-profit called Friends of Orange County's Homeless Pets - FOCHP for short. She served as president from 2003 until 2009, while performing her duties as a 3rd grade teacher. FOCHP has been active for over 20 years and has rescued thousands of pets. Clem moved to Hot Springs Village in 2009 and opened Barkansas Pet Supply.

Lisa and staff have helped many pet owners lead their pets to healthier and longer lives. Her passion to continue rescuing lead her to start the Arkansas Chapter of FOCHP. She supports HSV Animal Welfare League, Humane Society of Garland County and Hank's Rescue. She also gets help from Waggin' Wheel and is forever grateful for them.

A recent rescue mission took her to a local dog facility with deplorable conditions that left her heart-broken and speechless. She knew two of the dogs being boarded and contacted the owners who were out of town. Lisa volunteered to take responsibility for their safety. They were bathed, medicated and put in a foster home, until the owners returned.

"If there's a problem, she'll go to great lengths to help," stated DJ Wisehart. "When I've had a problem, she is the first one I call. My dogs broke free and ran down a ravine where their leashes got tangled around a tree. I couldn't get down there and it was getting dark. I called Lisa, who rushed over (in her bathing suit cover and flip flops) and went down that ravine..... thorns, bugs and all! "

"Lisa Clem is not only an incredible asset to our community; she is an incredible human being as well!! I've watched her help so many people and so many animals in our area! After our business caught fire,

**Peabody is always "a fix" at Barkansas.
(Photo courtesy of Lisa Clem)**

Lisa hired us to do catering at her house. But, she didn't stop there!" stated Alanna Owen. "The people she invited for a special dinner were there to make donations to our family. Can't say enough good things about her! Grateful to know her and call her friend!"

Tanya Bryant stated, "I had an exhausting week. While at Barkansas, Lisa asked me to run a card over to TLC Massage. I get there and Christian, the massage therapist, told me the card was actually for me and to open it. Lisa gave me her massage appointment. I was taken by surprise and had an hour of heavenly bliss!"

The person she seems to forget about is herself. In November 2023, after ignoring symptoms and severe pain, she was admitted to the hospital in acute kidney failure. After being discharged, in typical Lisa fashion, she insisted on stopping at Crumble to take cookies to her staff before heading home. Lisa is currently fostering 10 dogs who are waiting for their forever homes.

At this time, Lisa has 13 dogs in her home shelter. Three as personal pets and 10 are up for adoption as they have veterinary clearance and have been trained to respect people. Luckily they get plenty of exercise on her acreage lawn and puddy pool.

Lisa has personal goals to make certain boarding and grooming facilities in Hot Springs and Hot Springs Village follow all the rules of immaculate pet care.

Family nurse practitioner strives for compassionate, attentive service

By LEWIS DELAVAN
Staff writer

Serving six years as an Army Reserves combat medic, then working as a travel nurse in Covid-19 crisis areas, Zachary Geiling has faced challenging situations.

Even as a youngster, Geiling wanted to serve through the medical field. “I always wanted to help people through health care, and provide excellent customer service—with an emphasis on care,” he says.

His military service honed his ability to respond to critical issues. Serving high-risk Covid areas was equally rewarding to him.

Today, as a family nurse practitioner at Healthy Connections Community Health Network’s Hot Springs Village site, the native Villager sees patients of all ages for primary care/family medicine and also works with cardiology and vascular patients.

Geiling serves each patient’s needs, whether through preventive health measures, management of chronic conditions or addressing acute concerns. Patients receive holistic, tailored care aligned with the individual’s health.

A Hot Springs Village native, he and his family returned to the area after his traveling service. His wife is also a nurse.

Zachary Geiling

He earned degrees from Henderson State University and is credentialed as a family nurse practitioner by the American Nurses Credentialing Center.

Hot Springs Village Voice readers selected Geiling as the 2023 Best Physician/Healthcare Provider in Garland and Saline counties.

He has served the Healthy Connections Hot Springs Village clinic since 2022. The clinic opened that year at Rogers Plaza, near the West Gate.

Geiling strongly believes in the clinic’s mission of providing accessible, quality health care. Patients have praised his compassionate approach, attentiveness and dedication to their overall well-being.

Geiling strongly believes that his patient-centered approach ensures that each individual’s health objectives be addressed with empathy and understanding.

Thank You Hot Springs Village Voice Readers!
