RE: Public Notice for Livingston Parish Drainage Improvement Project

To: All interested Federal, State, and Local Agencies, Groups, and Individuals

This is to give notice that the Livingston Parish Government has conducted an evaluation, as required by Executive Orders 11988 and 11990, in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management, to determine the potential affect this activity in the floodplain and wetland will have on the human environment.

The proposed project includes the removal of storm- and construction-related debris from eleven culverts along Interstate 12 in the cities of Denham Springs, Walker, Livingston, and Albany in Livingston Parish: 3N/S, 6N/S, 7N/S, 14N/s, 17N/S, 20 N/S, 21N/S, 42.5N/S, 45N/S, 46.7N/S, and 47N/S. The proposed project also includes the removal of storm-related debris from twenty-four waterways in the cities of Livingston, Albany, Denham Springs, Holden, Springfield, Walker, Port Vincent, Maurepas, and Killian: McLin Ditch, Tributary of Blood River, John L. Lane Creek, Hammack Road Creek, Allen Bayou, Holden Creek, Springfield Creek North, Perrilloux Road Creek, Kiss Creek, Smary Branch, Cane Market Canal, Lowe Road Ditch, Goodtime Canal, Grand Canal, Gunboat Landing, Steward branch, Off Road Tributary, Mayhaw Branch, Taylor Branch Extension, Chinquapin Canals, White Oak Creek, Lower Rome Creek, West Colyell Creek, and Middle Colyell Creek. Approximately 3,753 acres of floodplains will be temporarily impacted during construction of the proposed project.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and those who have an interest in the protection of the natural environment should be given the opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. The dissemination of information about floodplains can facilitate and enhance Federal efforts to reduce the risks associated with the temporary impacts to the special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at a greater or continued risk.

Written comments must be received by Cory Ricks at ELOS Environmental on behalf of the Livingston Parish Government at the following address on or before February 8th, 2024, during the hours of 8:00 AM and 5:00 PM.
