American Red Cross heroes are on the front lines every day. They volunteer their time, give blood, take life-saving courses or provide financial donations to help those in need.

We would like to remember our heroes here in Livingston Parish who give to help people in need. They work tirelessly to help in time of disaster, when someone needs life-saving blood, or the comfort of a helping hand. They provide roud-the-clock support to members of the military, veterans and their families, and teach lifesaving classes in CPR, aquatics safety and first aid.

Across the country and around the world, the American Red Cross responded to hurricanes, tornadoes, floods and wildfires, the tragedy at the Boston Marathon, and typhoon Haiyan in the Philippines.

When an injured service member ended up in a hospital far from home, the American Red Cross offered comfort. When a hospital patient needed blood, American Red Cross blood donors helped them. When a lifeguard jumped in to save a drowning child or someone stepped up to help a heart attack victim, the American Red Cross was there.

We dedicate the month of March to all those who support the American Red Cross mission to prevent and alleviate human suffering in the face of emergencies. Our community depends on the American Red Cross, which relies on donations of time, money and blood to fulfill its humanitarian

He stated that he had reached out to her on a couple of occasions to talk to her about the current situation on the library and she returned his call one (1) time and he missed it, and he tried to call her back. He stated that they just have not been able to hook up. He thought that it was a very important discussion to him and when the Council had sent a resolution to the Library board requesting that they do something and they kind of gave them the whatever back and just kind of ignored us and said they could do what they wanted to do. He further stated that he sent a letter to the board and emailed all the board members and basically how he felt about things that got no response, he just felt it was time for a change. He advised that hey actually had someone to appoint that day and received a call earlier from her, and based on the fact the board director resigned, there were some fairly nasty emails that traded and some pretty rough comments on social media, she just felt that at this point and time she didn't want to serve.

computers and cell phones including all subdivisions of Parish Governments including but not limited to the Livingston Parish Library – Garry Talbert".

Councilman Talbert stated that ya'll are aware that Tik Toc and WeChat have been in the news over ownership of Chinese, owned by the Chinese government, Chinese corporations in the harvesting of information that they've done and there has been moves throughout different parts of the country to ban it. Councilman Talbert stated that he was suggesting that the Livingston Parish Council ban Tik Toc on Parish related computers and cell phones and the WeChat app, on Parish computers and phones and related entities of the Parish, which would include the library, health unit and some of those other things that they fund. He stated that it does not go into effect for thirty (30) days which gives everybody from the time it is voted on, after that they've had the public hearing, and the Parish President sines it, which he felt would be plenty enough time to public hearing, and the Parish President signs it, which he felt would be plenty enough time to clean computers of the app. The Deputy clerk read the proposed ordinance by title as follows:

AN ORDINANCE TO AMEND CHAPTER 50, "OFFENSES — MISCELLENEOUS", BY CREATING SECTION 50-17 "GOVERNMENT DEVICE ACCESS", OF THE CODE OF ORDINANCES IN AND FOR THE PARISH OF LIVINGSTON AS SET OUT MORE SPECIFICALLY HEREIN. A motion was made by Garry Talbert and duly seconded by Maurice "Scooter" Keen Councilman Gerald McMorris questioned what our state and our government are doing in regard to the Chinese and Tik Toc? He asked if it would be addressed at the upcoming State Legislative Session? Councilman Jeff Ard concurred that it was scheduled to be addressed. Councilman McMorris questioned why the Livingston Parish Council, as a government entity, get involved at

Councilman Tracy Girlinghouse advised that because this was an introduction, he would need to think about this and how far reaching that this is. He stated that it seemed straightforward, but must also look at what this will effect?

He stated that he would support the introduction of the proposed ordinance, but would reserve his decision on this for two (2) weeks from then. He did not want there to be any confusion about his affirmative vote that evening, for being an affirmative vote later. Councilman Randy Delatte agreed with Councilman Girlinghouse that the ordinance should be allowed to be introduced. However, he was against the ordinance because there was no way for the Council to regulate this or police it.

Councilman John Wascom stated that from what he knew about this Tik Tok ban, he was absolutely against banning. He acknowledged that if you ban this, you might as well ban Facebook, YouTube, and the internet. He felt that the ordinance should have been sent to the Ordinance committee. Councilwoman Erin Sandefur wished to make a substitute motion to send the proposed ordina to the Ordinance committee and Councilman Randy Delatte wished to make a second to

Councilman Garry Talbert wished to make a comment on a question. He stated that the governor has banned it in Executive branch of government already, the Feds are banning it currently, school boards across the country have banned it and basically if a Parish computer has Tik Tok on it, then it's been discussed that it gives China access to Parish data, it's that simple.

The decision to grant or deny this permit in the public interest will be based on an evaluation of the probable impacts of the proposed activity on Blind River. Copies of the application can be reviewed by the public at the LDWF main office, 2000 Quail Drive, Room 432, Baton Rouge, LA and at the District Office nearest the proposed activity. The application car also be viewed on the LDWF website at www.wlf.louisiana.gov/scenic-rivers. The public is invited to
