The Planning and Zoning meeting scheduled for January 17, 2023 at 6:00 pm at the Walker City Hall located at 13600 Aydell Lane, Walker, LA 70785 will discuss the following agenda item:

PUBLIC MEETING

PUBLIC HEARING REQUEST FOR REZONE FROM RC TO RC-CAB-1 AT 28811 WALKER SOUTH ROAD STE 400 WALKER, LA 70785 FOR HEBERT'S CAJUN MEATS.

NOTICE

Notice is hereby given that on December 19, 2022, Entergy Louisiana, LLC ("ELL"), a public utility providing retail electric and gas service throughout the State of Louisiana, filed with the Louisiana Public Service Commission ("LPSC") its Application for Approval of the Entergy Future Ready Resilience Plan (Phase I) (the "Application"). The Application requests LPSC approval, and issuance of a public interest finding regarding, the Entergy Future Ready Resilience Plan (the "Resilience Plan"), which is ELL's proposed course of action to improve the resilience of its electric system through accelerated infrastructure hardening and vegetation management over the 10-year period from 2024 to 2033. In the Application, ELL seeks specific approval of Phase I of the Resilience Plan, which includes approximately \$5.0 billion in projects proposed to be implemented in the first five years (2024 to 2028) ("Phase I"). ELL's Resilience Plan will not result in a change in rates unless approved by the LPSC and implemented by ELL. ELL also seeks approval of a new rider, the Future Ready Resilience Plan Cost Recovery Rider (the "Rider"), to permit timely recovery of the Resilience Plan's revenue requirement. The proposed Rider would accomplish contemporaneous recovery of Resilience Plan costs through a forward-looking rate that would also include a true-up after a prudence review.

ELL also requests authorization to create a regulatory asset for addressing recovery of (and on, if applicable), the remaining net book value of assets that are replaced through the Resilience Plan, at the level currently reflected in ELL's rates. With this approved ratemaking treatment, customers would not see an incremental increase in rates associated with ELL's recovery of assets prudently

Finally, ELL requests LPSC acknowledgment of ELL's seeking a waiver from the Federal Energy Regulatory Commission to allow ELL to capitalize conductor handling costs incurred through the Resilience Plan, which would lower the Resilience Plan's immediate bill effects.

2397. Additionally, the filing, including its attachments, may be viewed in the Records Division of the LPSC at the following address: Records Division 602 N. 5th Street, 12th Floor

The chair addressed agenda item number 20, "Update and follow up report regarding the Parish's request for the State of Louisiana to replace two (2) culverts across LA Highway 63 – Randy Delatte"

Councilman Delatte explained that the Council had adopted a resolution a couple of months ago to request this work, and sent copies to the Legislative Delegation, along with the Governor and state DOTD. He stated that he had not received a response and asked if the Council office had received anything on this matter. He advised that his constituents were asking him about it, and he would like to follow up on it. He stated that the culverts had sunk so much of the road, it has ne a safety issue as well, not just a drainage hazard

The Deputy clerk responded to advise that the letters were sent out by the Council office and they have not heard so we will follow up again on Monday with DOTD.

The chair addressed agenda item number 22, "Introduction of ordinance: Amend Section 125-1, "Definitions" by removing the verbiage "Section 125-13 and 125-14" to be replaced with "Sections 125-68 and 125-118" – Recommendation received from the Planning and Zoning

The chair advised that this item would be tabled until the next meeting.

The chair addressed agenda item number 24, "Master Plan Review Committee Update Report and

Committee Recommendation(s): Gerald Burns" The chair called upon Mr. Gerald Burns, chairman of the Master Plan Review committee. He

advised that it had been a couple of years since the committee had updated their road priority list and the committee was requesting the Council to drop the Cook road Extension because that road is fully funded and under construction. In addition, the committee has been in contact with many in the last two years requesting for federal and state funds to widen Florida Boulevard from Hatchell Lane to past Woodside Landfill. The committee recommended that this be included on the list as item number six. He discussed what the mileage of the project would be covering.

Mr. Burns advised that item fifteen was to add on 4-H Club Road westbound, on and off ramps.

He explained that idea came mout of the Master Plan committee based upon all of the developments proposed and approved by the Council and the Planning Commission and major developments 4-H Club Road. He explained all of the benefits that this would have to relieve traffic congestion. It was the request of the Master Plan Review Committee for the Council to adopt a resolution with an updated road list.

Councilman Mack reported that they had a committee earlier before the Council meeting and discussed a lot of important things. He advised that the committee had discussed the zoning ordinance where it lists the classifications and the land use within those classifications and definitions. He indicated that they would be seeing modifications in the new future. They also discussed zoning maps and plans to start using the electronic Arcus map for looking up parcels so the public would be able to see how their property is classified.

Councilman Mack explained the amendments that were presented. He advised that today, you are

but he stated that there had been a discussion about having het appointed as Farish resistance. Ricks' designee to serve on the board. He questioned Councilmember Sandefur if that had been done yet. Since at that time, the Parish President had not yet made that appointment, Mr. Moody relayed that would be the plan that will happen soon, so they will avoid that problem. Councilman Randy Delatte questioned if that would still bring up a vacancy. The chairman agreed, and advised that she would have to appoint someone in her place. Councilmember Erin Sandefur stated that it was her understanding, that as long as she was appointed, she could remain on the board, it's when she would be elected, so it would not be a problem until March. Mr. Moody stated that it was not his opinion but there may be another opinion out there, or maybe a current AG's opinion that he was not aware of, but they could look at that. Councilman Talbert questioned if they could figure out, as it was kind of splitting hairs, and stated that she was elected by this Council as a replacement for Mr. Harris. So he asked again, is she technically appointed or is she technically elected? Mr. Moody advised that the Charter states that anyone who serves on the Council, cannot serve on any of your sub-boards. He did not think that it made any distinction. Mr. Moody stated that it would be a better process if Mr. Ricks appoints her, then she could nominate someone else to take her place and then she will stay on the board regardless. Councilman Talbert asked, regardless, but the board has seven (7) board members, by statute. He continued, if Mr. Ricks choose to appoint somebody, that doesn't grant eight (8) t members, there's still only (7) board members that can be appointed. Mr. Moody advised that by state statute, the Parish President is an ex-officio member, and can attend and vote, and he also has the prerogative of nominating one (1) of the Councilmembers to go in his steed. Councilman Talbert asked if that would allow for eight (8)? Councilman Talbert stated that he thought that the chairman of the Council was the ex-officio member and asked was he not correct?

Ordinance No. 17-46, as per Section 2-05(B) of the Home Rule Charter and Louisiana Revised Statute 33:1233; by defining the calendar year of the terms of office for the members of the Livingston Parish plan of government provided by the Home Rule Charter that is known as the "President-Council" form of government: Introduction of Ordinance – Maurice "Scooter" Keen and Gerald McMorris" and called upon Mr. Chris Moody. Mr. Moody advised that he had been asked to look at the amendment to allow the adoption of an ordinance to adjust the pay for the next Parish Council and he opined that it could be done.

The first question was regarding the Home Rule Charter mandate that specified that the Council could not make any changes the year before your last term. He advised that one (1) full year from the time that the Councilmembers took office or about when the office would be taken next. He wasn't sure that the Council would be able to meet the timeline with the next regularly scheduled Council meeting in January. After an open discussion, it was determined that a special meeting would be held on December 27, 2022 at six o'clock (6:00) p.m.
