Announcements

• **Belvidere Happy-Go-Luckies 4-H Club** (usually) meets the first Monday of each month at 7p.m. at St. Peter's Church, rural Goodhue. New members are always welcome! Contact club leader Michelle Benrud at 651-923-5247 for more information.

• **The Goodhue Area Historical Society Museum** is open June through August, Thursday & Sunday 1:00 to 4:00p.m. Available special hours by appointment. Marie Strusz 651-923-4302 or Roy Buck 651-923-4388.

• **Goodhue County Health & Human Services Immunization Schedule**, located at 426 West Avenue, Red Wing, MN. January through July 1st, Tuesday 1-4pm; August through December, every Tuesday 2-4pm. 651-385-3200 or 1-800-950-2142.

• **Community Library:** The Goodhue School Library, in conjunction with SELCO and Goodhue County is open to the public Wednesday mornings 9a.m.-Noon and Wednesday evenings 4:00-7:00p.m. School year hours are Wednesday evenings 3:30-7:30p.m. Remember - the library is equipped with inter-library loan service, which means if the library does not have a book you want, that book can be there in two days.

• **The Mazeppa Area Food Shelf, serving Mazeppa, Bellechester, and Zumbro Falls Area is open the second Thursday of the month from 9:30-11 am and 3:30 - 5:30pm, and the fourth Thursday from 3:30 - 5:30pm.** Food drop off locations are First State Bank of Red Wing, Mazeppa Branch, and Entry way to Mazeppa City Hall.

Volksfest To Be Held June 11 & 12

The city council approved liquor license and fireworks permits for the Volksfest celebration on the weekend of June 11 & 12 of this year. The band Hairball will be performing on Friday evening and country music recording artist Randy Houser will headline Saturday night.

The council discussed Fourth Street behind the school where the construction traffic has damaged the pavement to the extent that almost no asphalt exists anymore. It will be necessary to bid the project soon if the job will get completed yet this year. The estimate to reconstruct 4th Street with curbs and water and sewer lines is nearly \$350,000. The school will be contacted about sharing the cost for the road reconstruction, as the city does not have the funds without bonding for the project.

A request to build a solar energy farm was presented to the city council. The property

is located in part within the city limits. Permission from both the city and the township would be required to install the solar panels and the property would be leased for a 25-year term. The solar panels would be removed after the lease expired. The council took no action on the proposal at this time.

The senior housing project in Goodhue is looking to purchase the land within the next month. The plans include a three-level building with a basement for parking. It will be located along County Road 9. The complex will have fourteen memory care units and twenty-six independent and assisted living apartments. The first floor will include a dining room, conference room, fitness room, library/living room, beauty salon and reception area. There will be an outdoor garden area as well. Future expansion is also accommodated in the

project plans.

The council approved plans for Ag Partners feed mill expansion. This will take place on existing property and include relocating grain bins to make room for the new building. Construction is planned to begin this month.

The Goodhue Depot restoration committee presented plans for the building.

(continued on page 9)

Spring Sports Back to Normal Schedule

The Goodhue School Board has announced that spring sports will be at a normal schedule with a full-length season. The MSHSL assigns new section and class designations for school sports every other year. Boys basketball and baseball will return to section A. All other sports will remain in section A. This is based on student numbers. Goodhue has remained steady with 710 district students.

Goodhue Prom is scheduled for May 1st at Hidden Greens Golf Course in Miesville. Plans include a DJ and an outdoor movie with tents in case of rain. 150 attendees are expected.

Graduation for 2022 will be changed from Sunday afternoon to Friday evening. Seven out of ten students and parents surveyed were in favor of the date change. Graduation will still be held on Sunday June 6th for 2021.

The Goodhue FFA will hold their annual awards ceremony on April 11th at 2pm in the Gym #2. Each member will be allowed to invite two guests to the event.

Goodhue County Dairy Princess to be Crowned

The crowning of the new Goodhue County Dairy Princesses will take place April 10th, 2021. The Dairy Princess competition is sponsored by the dairy promotion checkoff, which helps to build demand and sales for dairy products.

Princess candidates are Cassandra Hinsch, daughter of Mike and Ann Hinsch, of Goodhue, Chelsey Lexvold, daughter of Brent and Wendy Lexvold of Goodhue, and Madison Bartholome, daughter of Jim and Lisa Bartholome of Goodhue.

Princess candidates are judged on their communication skills, personality, enthusiasm for dairy promotion and general knowledge of the dairy industry.

HE is RISEN!!!

By Pastor Colleen Hoeft

He is Risen- He is Risen Indeed. That is a traditional Easter greeting. "He is risen!" and the response is "He is risen, indeed!" This Easter tradition has a lot to say to us today as we prepare for Easter Sunday. The history behind it is pretty vague, but regardless of its origin it is a great way to greet one another on Easter. One of my favorite accounts of Easter is from Matthew 28:1-7, "Early on Sunday morning, as the new day was dawning, Mary Magdalene and the other Mary went out to visit the tomb. 2 Suddenly there was a great earthquake! For an angel of the Lord came down from heaven, rolled aside the stone, and sat on it. 3 His face shone like lightning, and his clothing was as white as snow. 4 The guards shook with fear when they saw him, and they fell into a dead faint.

5 Then the angel spoke to the women. "Don't be afraid!" he said. "I know you are looking for Jesus, who was crucified. 6 He isn't here! He is risen from the dead, just as he said would happen. Come, see where his body was lying. 7 And now, go quickly and tell his disciples that he has risen from the dead, and he is going ahead of you to Galilee. You will see him there. Remember what I have told you."

What glorious news!!! He is Risen from the dead! Just three days before, these same women- were on the hill of Golgotha outside of Jerusalem, where they saw Jesus die. Where they saw all their hopes dashed to the ground. They saw the prophet, the man they had followed some of them for three years- totally defeated and hanging on a cross with criminals. They saw him

carried off to this same tomb and left there.

They had no hope of seeing him again. They had lost hope. Yet, they wanted to do one last thing for this great teacher and leader among them and make sure he was buried correctly-- They gathered their supplies and waited until the Sabbath was over and then they could head over to the cemetery and take care of their friend and teacher.

As they approached the area, the ground shook—rocks are rolling around, the trees are swaying wildly, they lose their footing and stumble. Then they see and hear- He is Risen. It is a message full of meaning still today.

#1 – He Is Risen Means Jesus Is Alive. As believers we are saying that we believe that Jesus is still alive and living forever. Paul said that if the resurrection didn't happen, we are most to be pitied. But the resurrection of Jesus IS true, which means that Jesus is alive, which means that everything he promised will happen. It's not a myth, fairy tale, or children's tale. The disciples were firsthand witnesses- and Jesus appeared to over 500 people after his resurrection! That's very good evidence!

#2 – He Is Risen Means Jesus Is Reigning: Our risen Lord is just that – Lord. He sits on the throne of heaven, on the right hand of God the Father. He is King of Kings and Lord of Lords. Our lives and the world may seem insanely chaotic but there is nothing outside of the sovereign rule of King Jesus. Politics can't stop Jesus. Our sin and weakness can't stop him. Satan can't stop him. One day all the world everything and everyone must bow before the risen and ruling Christ. There is no bet-

ter news than that.

#3 – He Is Risen Means A Man Sits Upon the Throne. This just blows me away! The incarnation, death, and resurrection of Christ mean that a man, a human, bone of our bone and flesh of our flesh, is seated on the throne of heaven. Christ knows the struggle and striving and suffering that come with living in a fallen, broken world. He has been here and done that. He was tempted, it says in all ways that we too have been tempted. Yet, as He sits on the throne- he is approachable—I can walk up to his throne—and like a little child that crawls onto their daddy's lap, I can come to Him and share my heart, my hurts, my joys and my struggles and He will listen—and He understands. When we share with Him our anxiety over the uncertain times before us—He understands our burden and asks that He can carry it for us.

#4 – He Is Risen Means the Penalty for Sin Has Been Paid: We are all sinners—born into sin from day one. And God cannot let any sin to enter heaven. The punishment for our sin is death. Because of the love that God has for His creation He has provided us a way out—Romans 6:23 "For the wages of sin is death, but the free gift of God is eternal life through Christ Jesus our Lord." It is free for us—but it cost Jesus His life.

#5 – He Is Risen Means Jesus Will Make All Things New: One day—as we join Him in heaven there will be: No more cancer. No more depression. No more COVID-19, no more wars or hunger, or shootings. Right now, we live in a dark and dying world, but the king is returning.

#6 – He Is Risen Means We Will Receive

New Bodies. Right now, our bodies decay. Fall apart. Go to pieces. We are afflicted with migraines, heart disease, PTSD, Alzheimer's, and ALS. But this won't always be the case. Christ will return and we will receive new, resurrection bodies that don't feel the crippling effects of sin.

#7 – He Is Risen Means We Have A Sympathetic Great High Priest. We all want someone that understands how we feel and what we are going through. Jesus knows us inside and out (and loves us anyway!) The risen Jesus is our Great High Priest, taking us into the Most Holy Place, and praying on our behalf. Because he suffered, he can sympathize with our weakness and our pain. Jesus is near to us, helping us, praying for us.

#8 – He Is Risen Means We Have the Holy Spirit. Now that Jesus is alive, he gives the Holy Spirit to all who believe in Him. The Holy Spirit is no longer reserved for prophets and mighty men and women. He comes to all who believe, weak and strong, young and old, mature and immature. Through Christ's death and resurrection, we are brought into a relationship with God. Jesus Christ sends the Holy Spirit to us and brings into the presence of the Father.

#9 – He Is Risen Means We Have Hope. We have hope because we see in Jesus Christ the agony of the Cross- and how great His love for us.

He Is ALIVE! The resurrection of Jesus changes absolutely everything. Because He lives, we have hope for today, tomorrow and forever! He is risen! He is Risen indeed!

AREA CHURCH DIRECTORY

In the Middle of the Garden

Scripture Reading — Genesis 2:8-9
In the middle of the garden were the tree of life and the tree of the knowledge of good and evil. — Genesis 2:9

In the school where I serve as a campus pastor and as an English teacher, we talk about metaphors and how important they are in a piece of literature. We also pay attention to imagery used by an author to show meaningful threads throughout a narrative.

The Bible is God's Word to us, revealing to us the grand story of creation, salvation in Christ, and life with God and his people forever. The Bible is also a literary masterpiece, filled with imagery and metaphors that carry through in meaningful threads from beginning to end.

For example, of the many trees described in the Bible, the two here in Genesis 2 are prototypes for other trees mentioned later on: trees that indicate life and fruitfulness, and trees that represent potentials for brokenness and disobedience. The tree of life presented abundant life and intimacy with God, while the other tree presented consequences connected with choosing and doing wrong.

The tree of life especially prefigures many stories featuring hope, redemption, promise, and comfort, indicating that even from the beginning, people were not left to live here alone but were given a protected place of abundance and well-being. Emphasis is placed on the loving relationship between God and creation, summed up in the rich image of the tree of life—and later we find this tree again in the new heaven and new earth, where we will live with God forever (Revelation 22:1-2).

Prayer: Lord, thank you for showing us your loving and generous promises in the imagery of the tree of life. Guide us to hope and truly live in you always. Amen.

Marlene E. Roschen

Marlene E Roschen, 87, of Lake City passed away on March 9, 2021 at her home surrounded by her family.

Marlene was born on September 8, 1933 to August & Florence (Thomforde) Reincke in Gilford Township, MN.

She graduated from Zumbrota High School in 1951. Marlene married Lloyd Roschen on June 27, 1953 in Zumbrota at the Christ Lutheran Church. They farmed in Belvidere Township until 1995 when they moved to Lake City. They enjoyed attending all the High School Sports in Goodhue. They were members of Bethany Lutheran Church in Lake City. She enjoyed playing cards, and most of all spending time with her family.

Marlene is survived by her husband Lloyd; sons, Robert (Donna) Roschen of Goodhue, Jon (Pat) Roschen of Goodhue, David (Holly) Roschen of Goodhue; daughters, Cynthia (Rod) Voth of Goodhue, Theresa Ryan of Pine Island, MN; 14 grandchildren; 30 great grandchildren; sisters, Judith Glander of Lake City, Marilyn Zeitner of Lake City.

She is preceded in death by her parents, her brother Augie Reincke.

A private service was held on Friday at Bethany Lutheran Church in Lake City. Pastor Steve Frentz officiated. A walk-through visitation was held Thursday, March 11, 2021, from 5 pm to 7 pm at Mahn Family Funeral Home, Anderson - Peterson Chapel in Lake City. Burial was in Bethany Lutheran Cemetery in Lake City. Memorials are preferred to the Ronald McDonald House. Masks and social distancing were required. On-Line Condolences may be placed at mahnfamilyfuneralhome.com

To send flowers to the family or plant a tree in memory of Marlene E Roschen, please visit our floral store.

 Goodhue, MN Branch Office

David Elmer Jenson

David Elmer Jenson, Sr., age 73, of Goodhue, passed away at his home on Thursday, February 25, 2021.

He was born May 15, 1947, to Elmer and Erma (Munson) Jenson in Red Wing. He grew up in Cannon Falls and attended

high school there. He was united in marriage to Rose Rehfeld and together, they had 6 children; they later divorced but remained close friends. He married Linda Carpenter, they had a daughter together and divorced after 33 years. David worked as a truck driver for Tree Com and he owned and operated Zumbrota Tire and Service for several years. He recently retired from the Cannon Falls High School, where he worked as a custodian. David enjoyed riding his Harley with family and friends and attending many bike rallies. He was a proud member of the Mississippi Valley ABATE (American Bikers for Awareness, Training and Education). He also enjoyed several trips out to Sturgis where he made lots of memories with family and friends.

He is survived by his children, Patricia Thomas, David (Shelly) Jenson, Jr., Candice Jenson, Brian (Wendy) Jenson, Crystal Jenson, Dale (Krystal) Jenson, Ann (Jason) Nelson and Jenny (Josh) Stephens and many grandchildren and great-grandchildren.

He was preceded in death by his grandmother, Millie; his parents; a granddaughter, April and a great-granddaughter, Ava.

Visitation was held from 4-7 p.m. Friday, March 5 at Spring Garden Lutheran Church, 10239 Cty 1 Blvd, Cannon Falls.

Funeral arrangements handled by Mahn Family Funeral Home, Bodelson-Mahn Chapel. Online condolences may be sent to the family at www.mahnfamilyfuneralhome.com

Kevin Jon Augustin

Kevin Jon Augustin, 60, of Frontenac, died Saturday, March 20, 2021 at the Mayo Clinic - Saint Mary's Campus in Rochester. He was born August 30, 1960 in Red Wing to Harold and Margaret (Westervelt)

Augustin. He was baptized and confirmed at Immanuel Lutheran Church in Hay Creek where he also attended school until he went on to Red Wing Central High School. Following graduation, he attended the University of Minnesota Waseca. He married Barbara Stewart on his birthday in 1980 at Immanuel Lutheran. He worked for Goodhue Feed Store, as security for NSP for 22 years, at Treasure Island for 3 years and finally, Walmart for 5 years. He was a member of Immanuel Lutheran Church, Hay Creek and the Red Men Club. Kevin enjoyed scratch offs and video games and he spent his free time in his garage finding ways to recycle old things into new treasures. Most of all, he loved spending time with his grandkids.

He is survived by his wife of 40 years, Barb; two sons, Nicholas of Red Wing and Branden of Frontenac; two grandchildren, Benjamin and Emily of Valdosta, Georgia; one brother, Brian (Jenny) Augustin of Red Wing; sister-in-law, Jody (Todd Hertog) Augustin of Red Wing; as well as many nieces and nephews.

He was preceded in death by his brothers, Dan and Randy; his parents and grandparents.

A walk-through visitation was from 4-7 p.m., Thursday, April 1, 2021 at the Mahn Family Funeral Home, Bodelson-Mahn Chapel. Masks and social distancing were required. Online condolences may be left for the family at www.mahnfamilyfuneralhome.com

Bette Lou Erickson

Bette Lou Erickson, 83, of Red Wing, died Wednesday, March 31, 2021 at Benedictine Living Community - Red Wing. She was born May 30, 1937 to O. A. and Laura (Rhine) Amundson in Red Wing. She grew up in Belvidere Mills and attended rural schools before going to Red Wing Central High School, graduating class of 1956. Bette raised two sons while she worked for Red Wing Shoe Company for more than 35 years. She enjoyed the outdoors and would relax at her vacation trailer in Northern Wisconsin, fishing, watching the birds and other wildlife. She loved all animals, especially her dog, Tootsie. More than anything she loved being a grandmother and spending time with her two grandsons.

She is survived by her two sons, Tom DeWeese of Grantsburg, Wisc. and Doug (Deb) DeWeese of Goodhue; two grandsons, Mike and Tim. She is preceded in death by her husband, Claire Erickson; sister, Beverly Bell; and her parents, O.A. Amundson and Laura Nelson.

A graveside service was at 11 a.m., Thursday, April 8, 2021 at Oakwood Cemetery. Chaplain Debby Bradley officiated. Online condolences may be left for the family at www.mahnfamilyfuneralhome.com

She is survived by her two sons, Tom DeWeese of Grantsburg, Wisc. and Doug (Deb) DeWeese of Goodhue; two grandsons, Mike and Tim. She is preceded in death by her husband, Claire Erickson; sister, Beverly Bell; and her parents, O.A. Amundson and Laura Nelson.

Margaret Elaine "Peg" Edel

Margaret Elaine "Peg" Edel, 70, of Excelsior, formerly of Goodhue and Red Wing, died Friday, April 2, 2021, at Methodist Hospital in St. Louis Park. She was born on February 23, 1951, in San Antonio, TX to Kenneth and

Dorothy (Haider) Brown. She graduated from Ely Memorial High School in 1969 and then attended St. Cloud State University. On May 23, 1971, she was united in marriage to Richard J. Edel. They later divorced. For many years she worked in the office for Santa Fe Railroad in Fort Madison, Iowa. She later moved to Minnesota to be closer to her sister and children and resided in Goodhue and then moved to Red Wing in 1996. In her younger years she was a member of the Jaycees where she always enjoyed helping with the Tri-State Rodeo along with many other community projects and events that they hosted. She enjoyed painting, gardening and animals, especially her puppy dogs. She was affectionately known as "Puppy Grandma" to her grandkids. Her family recalls the love and kindness she always showed to others.

Peg is survived by two children, Michelle (Art) Aytay and Rick (Sarah) Edel; four grandchildren, Katie Aytay, Isabella Elleanna and Annabelle Edel; her siblings, Susie, Kathy, Charlie, David, Jerry, Mary and Patsy; many nieces and nephews and her former husband, Richard. She was preceded in death by her parents and one brother, Kenny.

A private service will be held at Holy Trinity Catholic Church in Goodhue. The service will be live streamed on the Mahn Family Funeral Home's Facebook page at 11 a.m. Thursday, April 8, 2021. Burial will be at the Oakwood Cemetery in Red Wing. Funeral arrangements are by the Mahn Family Funeral Home. Bodelson-Mahn chapel. Online condolences may be sent to the family at www.mahnfamilyfuneralhome.com.

To send flowers to the family or plant a tree in memory of Margaret "Peg" (Brown) Edel, please visit our floral store.

Death Rate Linked to Lifestyle Choices

By Shauna Burshem, D.C.

Here is a very interesting statistic to start this month's health tip. Tobacco use in the United States has caused an estimated 500,000 preventable deaths in 2020. The number of tobacco related deaths is just under the same amount of deaths caused by the covid-19 pandemic. This is an amazing statistic, since it seems that less and less people are smokers. That being said, even with educational efforts by the federal government and non-profit organizations to help stop tobacco use, 14% of Americans still smoke. And we also have warning labels on tobacco telling us that it can cause cancer and kill us. Deaths from tobacco are at such a high level, the World Health Organization has labeled the situation an epidemic. An epidemic is a disease that affects a large number of people in a community or region. A pandemic is an epidemic that has spread over multiple countries or continents.

According to the National Center for Health Statistics, over 650,000 people died of heart disease in 2019. Also, in 2019, close to 600,000 people died of cancer. 170,000 people died of preventable injuries, 150,000 died of respiratory disease, 80,000 people died of diabetes and 48,000 people died of flu related illness. On a non-disease related note, in 2020, 41,000 people died in the USA of gun related violence.

These are some sobering statistics. With the addition of Covid-19 in 2020, an estimated two million six hundred and fifty thousand people have died from the illnesses listed above (not including gun violence).

Based on numbers like this, I think we can come to a logical course of action. More effort by individuals need to be placed on health care not sick care. What is the difference between health care and sick care? Sick care is the treatment of disease and illness. Healthcare is the act of preventing disease and illness.

Sick care involves waiting till one is sick or diseased. Sick care is reactive care and relies on drugs and emergency surgeries. Healthcare is preventative care. Healthcare is proactive, not reactive and relies on good whole food nutrition, vitamin and mineral supplementation, exercise, positive mental well-being and stress reduction. Sick care means that you are reliant on medical doctors and hospitals. Healthcare is your responsibility as an individual and you rely on yourself to take the steps to be healthy.

Only you can help yourself to be healthy.

The point I'm making is that if we want to slash the numbers of disease and illness related deaths in our country, deaths from Covid-19, heart disease, smoking, cancer, diabetes, etc. We must, as individuals take responsibility for our own health. It means eating right, exercising, reducing stress. It even means reading and watching. Huh? Yes, read diet and nutrition books, watch health documentaries. Take the positive steps to be healthy and you will be healthier.

Use healthcare as part of your healthcare program. There are healthcare professions that help your body to be healthy and maintain health. Healthcare professionals like chiropractors, acupuncturists, nutritionists, massage therapists, yoga instructors, personal trainers and life coaches all help your body to stay healthy and should be an essential part of your healthcare program.

It's all about you taking responsibility to build a healthy body with a healthy regimen. If you put the effort in the steps listed above, death rates will fall in all categories. Yes, even in Covid-19. Building your immune system with proper nutrition, supplementation, positive neural impulse flow and regular exercise will make you less likely to acquire severe Covid-19 and end up in a hospital.

To borrow a quote from Apollo Creed in Rocky III, "There is no tomorrow." Healthy living needs to start today! Waiting till tomorrow is a day too late!

SMH Department (Smacking My Head Department): According to John's Hopkin's Medical University, young adults and children are less likely to develop severe cases of Covid-19 and be hospitalized from it. According to the CDC, fewer children have been sick with Covid-19 than adults and most children only have mild symptoms and are asymptomatic from the Covid-19 virus. So, why am I smacking me head? The news reports that the Pharmaceutical Industry is going to start vaccine trial testing (the same shot given to adults for Covid-19) on infants and children. I can't imagine a parent would submit their infant or small child for vaccine safety testing, especially if children are in a category of people who are less effected by the Covid-19 virus. The vaccine manufacturer is trying to determine if the vaccine is safe for children, by testing the vaccine on children. SMH.

Covid-19 Vaccination information: As part of informed consent for your personal information here is the latest reported events from the CDC vaccine adverse reaction reporting system (via their website) to help you make your own health care decision concerning the vaccination.

As of 3/21/21, over 1 hundred million people have been given at least one dose of the vaccine and at least 2 million people a day are now getting vaccinated. Adverse reactions total 38,303 (Of the 38,303 reported events, common reactions such as arm soreness and swelling, fatigue, fever, body aches and headache are included. Also included are the more severe reactions such as anaphylaxis (308 reported cases). The most common reactions are chills (over 5775 cases), headache (8154 cases), shortness of breath (4,057 cases), nausea (over 4869 cases). Also, 995 people contracted the covid-19 virus after receiving the vaccine. In addition, it has also been reported on the CDC web page that 1349 people have died after receiving the vaccine.

Here is a website address to the CDC Vaccine Adverse Reaction Reporting System. You can look up any and all symptoms associated with the Covid-19 vaccine. Or any vaccine.

<https://wonder.cdc.gov/VAERS.html>

1st, scroll to bottom of page and click on the "I agree" tab.

2nd, then scroll back to top and click on VAERS Data Search

3rd, scroll down to the vaccine products

Prenatal Pregnancy Chiropractic Care

A 2014 study in the Journal of the American Medical Association Pediatric, found that Tylenol use in pregnancy can double your risk of having a autistic child. The use of drugs during pregnancy has always been discouraged because of the potential prenatal side effects to the unborn child. This is why chiropractic is an important part of prenatal pregnancy care. Chiropractic is 100% natural drug free profession focusing on the body mechanics of women during pregnancy. Gentle chiropractic adjustments can help to relieve the aches and common discomforts of pregnancy. Not to mention the benefits of proper pelvic alignment for a uncomplicated labor and delivery.

box and search for Covid-19 and select it by clicking on it.

4th, scroll down to bottom of page and click send.

This will bring you to the Covid-19 page.

MISSY'S MESSAGE

MISSY PAPERFUS

MOTHER-DAUGHTER R&R TIME!

I have been a working machine the past year (along with my husband and son). If you have read my articles, you know how much our family enjoys (shall I say enjoyed...) traveling. The last time we stayed in a hotel was the end of February 2020 when we went to see Tanya Tucker in Hinckley. We have not flown on airplane since we went to South Padre Island, Texas in January of last year to visit Mike's parents.

I was hesitant to travel for a few reasons. I did not want to have the hassle of rescheduling or losing money for a trip that would not happen. I did not want to book any travel until I knew what my future would be at Mayo Clinic. I wanted to wait until after my last day of work (February 3rd), so I could fully enjoy the trip. March is my Mom's birthday MONTH, so I thought it would be fitting to take a trip over her birthday. We are going to Cape Coral, Florida to visit my uncle on a mother-daughter trip.

We have not taken a mother-daughter trip since I was 15 when we went to Washington DC with my grandparents. And everyone kept asking if we were sisters on that trip. I am sure it will be the same case all these years later! To be honest, it kind of annoyed me back when I was 15, but now I appreciate all the hard work mom put in to keeping healthy over the years and being a good role model to look up to.

I am looking forward to this trip as much as she is. The past few years my mom and dad have left for the month of March, but not this year. Dad said he was not going anywhere during the pandemic. I thought it would be a good idea to take Mom on a trip over her birthday.

Memo from MotoProz

Order your new 2022 Arctic Cat Snowmobile through April 30, 2021. Hustler Mower season is here! Come see what a Hustler Zero turn is all about! The place to go is MotoProz!

Missy and her husband Mike own MotoProz in Mazeppa.

It's Your Life... Love It In Health!

Bellechester City Council Meeting Minutes February 17, 2021

Meeting was called to order by Mayor Jody Gordon at 6:02 p.m.

Pledge to the flag.

Roll call was taken: The council in attendance: Mayor Jody Gordon, Council people Jered Buxengard (via phone), Kyle Blattner, Rich Majerus, Mark Gerken as well as Lisa Redepenning and Treasurer Kyle McKeown.

Minutes of January, 2021 meeting were reviewed and motion was made by Rich Majerus with a second by Mark Gerken to approve the minutes. Motion carried.

Bills were reviewed and a motion by Rich Majerus with a second by Kyle Blattner to approve and pay the bills as presented. Motion carried.

6:09 – Jered Buxengard had to leave the meeting due to communication issues.

Old Business:

- Locker Plant – update progress. No progress. Any updates will be brought up by interested party and we will add to agenda at that time.

- Portable Generator – update progress.

Was delivered last week and is covered with our insurance and we will get it installed.

- Sewer Grant Project – update progress. City Engineering Matt Mohs wants to set a meeting to discuss how to approach this project. Manhole covers that are currently in a field need to be raised and addressed with property owner. They are too shallow. Matt wants further lines cameraed that have never been done or have not been done yet. We can have Rural Water to do this for us at no charge.

- ADA bathroom for Community Center – update progress. No progress to date. Council discussed possible fund raiser to help in the cost of this update. We will look into it.

New business:

- Snow Plowing Procedures. Snow plowing procedures in the City was discussed so new council members will know.

- Lions Club Informational Meeting. Jody was approached on starting this in Bellechester. There will be a meeting at the Tavern February 24th @ 6:30. Two Lions members will be present at this informational meeting to discuss with interested people who would want to join. Lions Clubs donations help out communities.

- League of MN Cities Insurance Renewal. Coverage was discussed and verified.

Clerk Report – Garbage Bill – We received \$1220.01 in and paid \$1363.50 for January. Special Assessment from 2019 – was paid \$500.00. Purchases – I purchased a new mailbox for Kyle (checks were getting wet), envelopes and file folders. 2020 Financials – everything was submitted to State Auditor for 2020. USDA Project

Update – Matt Mohs will be providing me a memo on the status of this project by meeting time.

Treasurer Report – None
Water/Wastewater/Facility Report – Compressor was purchased. We assisted in providing water for a recent fire.

Mayor Concerns: None
Council Concerns: None.

Adjourn

Motion was made by Mark Gerken with a second by Rich Majerus to adjourn the meeting. Motion carried. Meeting was adjourned at 6:50 pm. Next meeting is March 17th @ 6:00 p.m. at the Bellechester Community Center.

Submitted by Lisa Redepenning – City Clerk

Change of April City Council Meeting
Due to Board of Equalization meeting being held in April, the council will meet on this day also. The April meeting only will

be April 15, 2021 @ 5:00.

- Yard Cleanup – Please take the time to clean up anything stored on your property. Please be mindful that other people may not enjoy your lawn storage – please help to make our city tidy.

- Fee Change for Utility Bills – Shut off fee was eliminated with a single reconnect fee of \$100, a 10% interest fee after 90 days and returned check fee of \$25.

- Burn Pile – Please remember that burn pile is for brush and leaves only. We can get fined for all other items left here. The burn pile is for Bellechester City residents only. If you witness any dumping of unauthorized items or non city resident use, please call us.

- Recycling - Please recycle whenever you can. There is a recycling bin located on the north end of town by GB Feed and Supply. By recycling, this will keep our garbage rates from rising.

Change of April Bellechester City Council Meeting
Due to Board of Equalization meeting being held in April, the council will meet on this day also.
The April meeting only will be April 15, 2021 @ 5:00.

Volksfest To Be Held June 11 & 12

(continued from page 1)

The farmers market will be held every Wednesday this summer at the location and may impact grounds work to restore the greenspace around the building.

The MPCA has informed the city that the wastewater treatment plant is too high on chloride levels. The solution to this problem could be removing all water softeners from city homes and replacing them with a water softening system at the city water plant. Or installing a reverse osmosis system to remove the chloride at the WWTP. Both options would be very expensive and the new WWTP is already estimated to cost between \$5 and \$7 million. The old plant

was built over eighty-years ago. It looks like it will still be cheaper to pump waste to Zumbrota or join the district WWTP plan. A new plant will take 3 to 4 years to complete.

The city has four bonds they would like to refinance for a total amount of about \$3.1 million. At the current interest rates the city could save up to \$350,000 combining these bonds.

Police officer Josh Smith reported to the council that parking tickets in town are currently \$25. He stated that a number of violators do not pay the ticket and he recommended raising the rate for the parking tickets and/or reducing the time a violator has to pay the fine.

City of Goodhue Council Meeting Minutes March 10, 2021 @ 5:00 pm

Members present via Zoom: Mayor Kerry Bien, Wayne Hahn, Patrice O'Reilly, Terry Anderson Buck & Jason Thuman. Also present via Zoom were Richard Gorman, Melissa Meyers, Reese Sudtelgte, Ardis Voth, Nick Sievers, Nicole Miller, Dale Johnson, Carolyn Ryan, Nick Gravemann, Andy Kodada, Al Bryczek, Julie Flemming Wolfe & Steve Voth.

Motion by Hahn, seconded by Anderson Buck to approve the agenda. Motion carried.

Motion by Anderson Buck, seconded by O'Reilly to approve the council minutes of February 24, 2021. Motion carried.

Motion by Thuman, seconded by Anderson Buck to approve Ag Partners mill expansion building permit. Motion carried.

Motion by O'Reilly, seconded by Hahn to pass resolution approving non-binding affirmative support of a regional sanitary sewer district feasibility study. Motion carried.

Changes in Latitudes, Changes in Attitudes

By Terry Campbell

This column is written by Messenger editor and Minnesota native Terry Campbell. Terry now splits his time between Minnesota when its warm here and Tennessee when it's cold here.

I am sitting on my front porch this morning with my dog. Eating a granola bar and drinking ice water. The morning sunrise is beautiful. The only sounds I hear are the birds singing in the branches and a distant rooster crowing. Our neighbor has peafowl and the lonesome call of a peacock can be heard from time to time. The daffodils are smiling at the sun with their cheerful yellow petals everywhere. There is a magnolia

tree beside the house and light pink blossoms are opening up in the warm spring releasing a fresh fragrance.

It is a peaceful time of the day. I love to relax here in the morning and again late in the evening and think. I look at nature and I reflect on miracles all around me. It is such a wonderful experience to take in all that is welcoming the creation we live in. Then I think about something from church Sunday morning.

One woman related about her week, and how she was at the hospital with her dying mother. The family was there and they were praying for a miracle. For two days the elderly lady had not opened her eyes or said a word. A nurse came in to check on her mom and the family went out into the hall to visit.

Suddenly they heard her call out and the daughters rushed back into the room. Their mother opened her eyes, looked at them and smiled. "Do you see the angels?" she asked. With that she closed her eyes and then she was gone. Carried by angels from this life to her eternal home. That, I would say is a miracle.

A Minnesotan: In the Cities

By RosaLin Alcoser

Back in the late fall there were two things that I said I would not be doing ever. The first was change jobs in the middle of the pandemic. The second was move in the winter. So of course I did both this year.

My parents moved in February of 2019 during a polar vortex which they described to be one of the most difficult moves that they have ever moved and they have moved a lot. After hearing all about that move back when it happened I decided that if I moved back north I would never ever move in the winter.

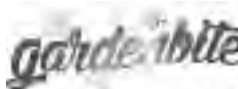

February of this year I moved from northwestern Minnesota to the Twin Cities on one of the coldest weeks of the year. Needless to say while it was not a polar vortex nor was there much snow moving in the dead of winter was not in my original plans for this year.

I definitely did not plan on moving during the pandemic to go from fairly remote, sometimes, news reporting to an in person marketing job. However, over all the moving on one of the coldest weeks of the pandemic went well. Even if it does mean that I now have to be a city person for the foreseeable future.

Maple Syruping

Teri Knight

The sap is flowing! It's not too late to tap your trees for some golden goodness. Although it looks like water coming out of your tree! You don't have to have Sugar Maples to make some great syrup. The only difference is the percentage of sugar content in the tree sap.

Years ago we tapped Silver Maples that produced delicious stuff. You can also tap Boxelder trees. So, apparently there is one good thing from a Boxelder tree.

You need about 40 gallons of maple tree sap to make 1 gallon of pure maple syrup.

Interestingly, the United States and Canada are the only countries in the world to produce maple syrup. Interestingly, only 19 states produce Maple Syrup. It's a completely natural food, meaning nothing is added. Only water is evaporated from the sap. You need several freeze/thaw periods for a good

sap flow. So the temps need to drop below freezing at night and then rise above during the day.

A tapping tree should be at least 10 inches in diameter from 4 feet above ground. You can generally get 10 to 12 gals of sap per tree. So if you have a few Maples in your backyard, you could make yourself a good batch of maple syrup and there is NOTHING like the real deal.

Silver maples tapped

March is a key month for sap flow as the trees stop flowing once their buds set. Many area parks tap trees and some of them have yearly pancake breakfasts, except for this year and last... alas!

Teri Knight became a Master Gardener with Dakota County, Minnesota in 2003. She currently produces her website, www.gardenbite.com, that supplements her daily radio program which has aired Monday thru Friday on radio stations throughout Minnesota since 2007. In 2017, several stations in Wisconsin began airing her show. Teri's been involved in community projects which include a Junior Master Gardener program for 8 to 12 year olds, designing and planting a garden for a women's center and various other organizations! Besides all that, Teri is News Director at KYMN Radio and can be heard weekdays on AM 1080 and 95.1 FM The One, From Northfield, MN.
