Dodge Center Lions Seeking Citizen of the Year Nominations

Dodge Center Lions are seeking nominations for Citizen of the Year. Community members may nominate someone for the honor. If you are aware of an active community volunteer, please submit a letter of nomination stating the reasons you believe that person is a good candidate to be named Dodge Center Citizen of the Year. Active couples in Dodge Center may be nominated together. Nominations must be submitted to Dodge Center Lions Club, P.O. Box 364, Dodge Center, MN 55927 by May 1, 2021.

Triton FFA Steak Feed a Success

Our drive through steak feed was an overwhelming success. We ran out of our original order of 500 steaks by 6 pm and had to purchase more from Sunshine Foods and HyVee. We got enough to cover the amount of people waiting at 6:30 pm (a few pictures of that crowd was sent). and we had to shut down early due to running out of steaks. And we had to turn away a few customers due to this fact. Which of course a person never likes to do and we never anticipated having a record crowd of 584 meals. We had an excellent night and we greatly appreciate all of the donors and public that came for the meal and worked with us in this learning experience of our first drive through steak feed dinner.

Triton FFA Member wins Star Farmer

By Kenya Narveson

The National FFA organization, formerly known as Future Farmers of America, serves students interested in farming production and other career paths like chemists, government officials, bankers, and veterinarians. The commitment of the organization is to provide individual students a path to achievement in leadership roles, personal growth, and career success through agriculture education.

Triton senior Anna Ridenour is a phenomenal young lady who has blended her passion of raising livestock and serving the community by being an active member of FFA.

Adrift in New York Coming to the Triton Stage

The spring show this year is the entertaining melodrama Adrift in New York, and it will be coming to the Triton High School stage April 7-10. The show is under the direction of Anne Schreiber, with music direction by Aimee Hampton and technical assistance by John Schreiber. All involved, from the directors to the cast and crew, are excited for performances. There will be a senior citizen matinee on Thursday, April 7th at 1:00, followed by the general admission performances at 7:00 on April 8, 9, and 10.

Why so Humble?

By Pastor Roger Langworthy
Pastor; Praise Fellowship Church
www.pfc-of-dc.org

As we journey through this year's seasonal awareness of Jesus in his suffering, his death, burial and resurrection, the character quality of my Lord that has touched me so is his humility. It is on full display as Jesus arrives in Jerusalem riding on a donkey in what is called the "Triumphal Entry". This was actually a fulfillment of a prophecy of Jesus when it says in Zechariah 9:9 "... Look, your king is coming to you. He is righteous and victorious, yet he is humble, riding on a donkey— riding on a donkey's colt."

It is then displayed as Jesus washes the feet of his disciples at the beginning of their Passover Meal. In John 13:3-5 it says, "Jesus knew that the Father had given him authority over everything and that he had come from God and would return to God. So, he got up from the table, took off his robe, wrapped a towel around his waist, and poured water into a basin. Then he

began to wash the disciples' feet, drying them with the towel he had around him."

We are so accustomed to those with authority to be the ones being served, not the ones serving. And especially something so humbling as washing the feet of those wearing sandals, walking the dusty, camel-dung strewn roads. But this was the message of Jesus, that the greatest among you is to be the servant of all (Matthew 23:11). It was the nature of Jesus to live out his message through his lifestyle.

However, this act of humility was rather small compared to his humbling himself in the whole process of his death. Philippians 2:6-8 says, "Though he was God, he did not think of equality with God as something to cling to. Instead, he gave up his divine privileges; he took the humble position of a slave and was born as a human being. When he appeared in human form, he humbled himself in obedience to God and died a

criminal's death on a cross."

Can you imagine that? Being God and yet coming to live as a human here on earth and then, not only that, but dying the unjust death of a criminal? All of this because Jesus humbled himself. But in all of this he set the example for us, as we are instructed in Philippians 2:5 that we must have the same attitude that Jesus had when he humbled himself. Two great expressions of humility are obedience to God and serving other people. This all comes from the Great Command of our Lord to Love God with all your heart, mind, soul and strength and in the same way, love your neighbor as yourself.

May this Easter/Resurrection Season encourage you to be the greatest by humbling yourself to be the servant of all, just like our Lord Jesus.

Make a Name for Ourselves

Scripture Reading — Genesis 11:1-9
"Let us . . . make a name for ourselves . . . [and not] be scattered over the face of the whole earth." - Genesis 11:4

God created people so that they would increase in numbers and populate the earth. At the time of the tower of Babel, everyone had the same language, and the people said they wanted to make a name for themselves and not be scattered across the earth. But God ultimately scattered them.

Why did they build a tower? They said, "Come, let us build ourselves a city, with a tower that reaches to the heavens. . . ." From ancient civilizations we have learned that the top of a tower was seen as a holy place where gods lived. But instead of having a holy place that would honor God, the people at Babel wanted this to be a place where they made a name for themselves. They wanted to honor themselves instead of God. In doing so, they banished God from their lives and disobeyed his command to "fill the earth and subdue it" (Genesis 1:28). Because of this rebellion, God confused their language and scattered them.

Imagine how God felt as he confused the people's language. They couldn't understand each other. They couldn't work together anymore. They stopped building, and they moved away from each other.

In the end, people who drive out God cannot do well. They cannot understand each other, and they cannot work together to build a community that honors God.

Prayer
O God, be the Lord and King of our hearts. Let us be concerned about honoring your name, not ours. For Jesus' sake, Amen.

Audrey Gillard

Audrey Gillard, 92, of Dodge Center, MN passed away on Thursday, February 18, 2021 at Fairview Care Center in Dodge Center, MN.

Audrey was born on July 2, 1928, in Ironwood, Michigan to Nils A. Wiberg and Alberta (Stensrud)

Wiberg. She graduated in 1945 from Luther L. Wright High School. She attended the University of Minnesota for two years.

In 1947, she married Bruce B. Gillard in Minneapolis, MN. They lived on a farm near Claremont, MN for 45 years. They moved to Dodge Center, MN in 1993, after retiring.

Audrey graduated from Rochester Community College in 1973 in nursing and worked at St. Mary's Hospital for 19 years as an RN and worked for a few years for Mayo Hospice.

She was a board member of Dodge County United Way for 15 years and also belonged to the Fairview Care Center Auxiliary. She was a member of Peace Lutheran Church in Claremont, MN, from 1948 - 2014, where she taught Sunday School and served her Lord in many other ministries.

Audrey is survived by her children, Robert (Kris) Gillard, Plano, TX; John (Gail) Gillard, Hutchinson, MN; James (Diane) Gillard; Hastings, MN; David Gillard, Castle Rock, CO; family friend, Gail Gillard. She is also survived by 12 grandchildren, 16 great grandchildren, 3 sister-in-laws, and many nieces and nephews.

She was preceded in death by her husband Bruce, sons Richard Gillard and Thomas Gillard, granddaughter Marit Gillard, sister Ruth Constantini, brother Art Wiberg, and parents.

A memorial service was held at 11:00 a.m. on Friday, February 26, 2021 at Grace Lutheran Church, 404 Central Ave N Dodge Center, MN. Reverend Bruce Stam officiated. Visitation was held one hour prior to the service at the church.

Douglas "Duke" Kracht

Douglas "Duke" Kracht, 68, a lifelong resident of Mantorville, MN passed away on Tuesday, February 23, 2021 at his home surrounded by his family.

Duke was born on July 16, 1952 in Rochester, MN to Harold and Norma (Kramer) Kracht.

Duke was truly one of a kind. Anyone who knew him, knew he had a heart made of gold. That smile of his could light up the entire universe. Rarely does a person ever come across someone with as much loyalty, longevity, talent, compassion, and dedication that Duke had. He truly treasured all of his friends and family. He always looked forward to chatting with them or keeping in touch with an email.

Duke was a man of many trades. He was a generous man and always a thinker and a tinkerer. He was a quick learner and self-taught man. Someone whom friends and family looked up to and respected. He built his own pontoon, along with hundreds of other projects he completed in life. He always saw the value in everything and could not stand to see something thrown out. He was also very strong willed, confident, intriguing, and sometimes mysterious. He absolutely loved the small town of Mantorville, he served the community in his work at the Hubbell House for 52 years and served 18 years in the Mantorville Fire Department. Duke began his working career in 1969 at the Hubbell House in Mantorville, MN and continued to be employed there until the time of his death. Over his career there, he performed just about every position in the restaurant. In recent years he reduced his hours there so he could spend time with his fiancé, Becky, or just relaxing on his comfortable porch overlooking the action at the Hubbell House. He also enjoyed spending time with Becky's children and grandchildren, whom he loved and cared for like his own. They were his joy and always brought that magical smile to his face. They fulfilled his life and what a blessing they were to him.

Duke would want to be remembered for his many years of hard work, dedication,

generous personality, and his loyalty to his family and friends.

We will all miss his strong presence and his words of wisdom. Doug, you were so IMPRESSIVE, we will all love you forever!

Duke is survived by his siblings, Bennett (Judy) Kracht, Jeffrey (Barbara) Kracht, Marilyn (Lynn) Musolf, and Kevin Kracht; nieces and nephews; fiancé, Becky Schletty of Mantorville, MN; Becky's children, Ashley (Matt) Hodgman, Emily Johnson, and Chase Johnson; 11 grandchildren, Noah, Kennedy, Preslee, Patience, Tristan, Rylan, Paeden, Talon, Titan, Kyler and Lowen.

He was preceded in death by his parents, Harold and Norma Kracht; two sisters, Linda and Carole; Becky's daughter, Sara Johnson; and Cory Cassidy.

A celebration of life was held from 5:00-7:00 p.m. on Monday, March 8, 2021 at the Hubbell House, 502 North Main Street Mantorville, MN. Due to COVID-19 health concerns, masks and social distancing measures were required. A private family burial will take place in Maple Grove Cemetery in Kasson, MN at a later date.

To share a special memory or condolence, please visit www.czaplewskifuneralhomes.com.

Maria Ortega

Maria Ortega, 71, of Dodge Center, MN passed away on Thursday, February 25, 2021 at her home surrounded by her family.

Maria was born on July 20, 1949 in Hughes, AR to Juan and Adela (Ochoa) Dominguez. Maria and her family had moved to Texas and there she began to work at Levi Strauss as a seamstress. She had 4 children from a previous marriage. On August 7, 1978 she married Regino Ortega in Plainview, TX and together they had seven children.

Maria and Regino traveled back and forth from Texas to Minnesota for seasonal work. In 1983, they established their roots in Minnesota to raise their family. She was a very loving mother, grandmother, and great-grandmother. Many other children outside of her family even considered her their "Grandma Ortega".

Maria was an avid sewer and crocheter. She enjoyed cooking for her family and others, especially making homemade tortillas, elephant ears, and tamales. She looked forward to sharing her talent with everyone. She also loved to make homemade Christmas gifts for her family. She will be deeply missed.

Maria is survived by her husband, Regino Ortega Jr.; children, Mia (Danny Lyke), Maria (Brian Grant), Stefanie (Leonardo Cruz), Reggie III, Juan, Cathy (Danny

Simmons), Jason, Josh, Salvador, Angelica (Casey Goff), 40 grandchildren and 18 great-grandchildren, sisters, Lupita Garcia, Delfa (Jose Padilla), Adela Deluna, and Gloria (Robert Salinas).

She was preceded in death by her parents, Juan and Adela Dominguez; brothers, Guillermo Dominguez and Juan Jr. Dominguez; sister, Maria-Juanita; daughter, Marlena Grant; grandsons, Cody Grant and Ory Lyke; and great-grandson, Miles Nelson.

A mass of Christian burial was held at 11:00 a.m. on Tuesday, March 2, 2021 at St. John Baptiste de la Salle Parish, 20 2nd St NE Dodge Center, MN. Father John Lasuba and Father Tom Niehaus officiated. Visitation was held from 4:00-7:00 p.m. on Monday, March 1, 2021 at Czaplowski Family Funeral Homes, 25 South Street Dodge Center, MN and one hour prior to the service at the church on Tuesday. Interment will be in Riverside Cemetery in Dodge Center, MN.

To share a special memory or condolence please visit www.czaplewskifuneralhomes.com.

Thomas James O'Connor

Thomas James O'Connor, 89, of Rochester, MN passed away on Thursday, March 4, 2021 at his home.

Thomas was born on August 24, 1931 in Chicago, IL to Thomas and Ann O'Connor.

Thomas was united in marriage to Bonnetta Foster on September 17, 1983 in Dodge Center, MN. They lived in Rochester and St. Charles, MN. He was in the Air Force for 14 years, and at NASA. He then worked at Mayo Clinic until his retirement in 1992.

Thomas is survived by his wife, Bonnie. He was preceded in death by his parents and two brothers.

A memorial service will be held at a later date. Inurnment will be in Wildwood cemetery in Wasijoa, MN.

To share a special memory or condolence please visit www.czaplewskifuneralhomes.com, Czaplowski Family Funeral Homes, 25 South Street, Dodge Center, MN 55927 (507)374-2155. Blessed be his memory.

Robert K. Pike

Robert K. Pike, 86, of Kasson, MN passed away on Saturday, March 20, 2021 at Fairview Care Center in Dodge Center, MN.

Arrangements are pending with Czaplowski Family Funeral Homes in Kasson, MN.

Devon Eldwin Conrad

Devon Eldwin Conrad, 93, of Santa Barbara, CA, formerly of Dodge Center, MN, died on Friday, March 19, 2021 in Santa Barbara.

Arrangements are pending with Czaplowski Family Funeral Homes in Dodge Center, MN.

Sandra Mavis (Dessner) Harmon

Sandra Mavis (Dessner) Harmon, age 61, passed away March 11th, 2021 at Abbott Northwestern Medical Center.

Sandra was born to Richard and Mavis Dessner December 15th, 1959 in Dodge Center MN. Sandra attended

West Concord High School but then graduated from Kasson High School. She married Clark Horsman with whom she had her two children Curtis Harmon and Sarah Fate. They were later divorced.

Sandra then married Butch Harmon on May 9th, 1984 in Grantsburg, WI. Butch then adopted her children Curtis and Sarah.

They later adopted McKenzie. Sandra lived in Grantsburg WI most of her adult life. Sandra was very involved with her work at Burnett Medical Center where she worked as an activity's director among other duties. She loved helping with the youth group at church, counseling at the Bible camps in the summer, singing and spending time with her grandkids and friends. Sandra loved all her gardens and making them look remarkably interesting even if half of the flowers were fake.

Sandra is preceded in death by her husband, Butch Harmon; and her father Richard Dessner.

Sandra is survived by her mother, Mavis Dessner; children, Curtis Harmon, and Sarah (Dayton) Fate; stepchildren, Elizabeth Meyer, Rod Harmon; grandchildren, McKenzie, Kamrin, Autumn, Carter Harmon, Olivia, Andrew, Paisley Fate, Amanda, Trent, Tadd Meyer, Kiley, and Grant Harmon; great granddaughter, Scarlet; siblings, Randy (Mary) Dessner, Susan (Raymond) Northway, June (Jim) Barnick, Barb (Patrick) Fitzgerald, Linda (Lester) Wohlfiel, and Bill (Missy) Dessner; brother-in-law, Arvid (Debbie) Harmon; sisters-in-law, Lucille (Terry) Berger, and Marilyn (Ray) Metz; many nieces, nephews, cousins, and other relatives and friends.

A memorial Service honoring the life of Sandra will be conducted on Saturday, March 27th, 2021 at 2pm (visitation 1pm to 2pm) at Grace Baptist Church in Grantsburg, with Pastor George officiating. Interment will be held at a later date in West Concord, MN at the Concord Cemetery.

Memorials to the family prefer to be sent to Grace Baptist Church in Grantsburg Wisconsin. Cards can also be sent to Swedberg-Taylor Funeral Home, in Webster.

Arrangements were entrusted to Swedberg-Taylor Funeral Home, Grantsburg.

Online condolences can be made at www.swedberg-taylor.com.

Piano Students Perform in the 2021 Southeastern Minnesota Federation of Music Clubs Festival

Gavin Owen

Litany Peterson

Katya Wheeler

Three students from Nadine's Piano Studio in Dodge Center performed in the 2021 Southeastern Minnesota Federation of Music Clubs (SE MN FMC) Festival in February.

Gavin Owen, Litany Peterson, and Katya Wheeler, all of Dodge Center, each earned Superior Ratings for their performances.

Each student selects a piece from the official Federation list and a contrasting piece of their choice. Performances are from memory and are evaluated on technique, accuracy and musicality.

The program of the National Federation of Music Clubs, of which SE MN FMC is a chapter, is designed to promote study and stimulate interest in American Literature and to encourage each participant to reach a high standard of musical achievement. Students accumulate points yearly toward their trophies, and are also recognized for Consecutive Superior Ratings. It takes a minimum of three years to receive a trophy, and each consecutive trophy is larger than the last, which generates motivation.

Due to the covid situation this year, students' pieces were video recorded and sent to judges electronically.

Adrift in New York Coming to the Triton Stage

(continued from page 1)

Due to Covid concerns, no food will be provided at the performances, but the laughs in the show will more than compensate for that.

Typically, each spring at Triton means a big Broadway-style musical, but due to concerns about safety, the directors deemed a smaller show a better option. "For musicals, we usually get over 60 students auditioning," said director Anne Schreiber, "and it just didn't seem wise to have that many students backstage or in a scene together. Adrift in New York gives us the best of both worlds: we have an entertaining plot and we've been able to add some songs in throughout." Indeed, some audience members might recognize some of the songs, such as "Heart of My Heart," "Hello, My Baby," and "Wait Till the Sun Shines, Nelly."

Despite a smaller play, though, the cast and crew are really enjoying the rehearsal

process. Maddie Jarrett, who plays Martha, the sister of the heroine, commented, "I've enjoyed working with different people, and I've loved watching how everything is coming together." Weston Haugen, who plays the hero, added, "I have enjoyed the multiple fight scenes." As she eagerly anticipates performances, Julianne Auer, who plays Danielle Fogerty, stated, "Everything is so stressful and overwhelming right now, even if quarantine and restrictions are calming down. We could all use a good laugh, and this amazing melodrama is the perfect opportunity for that!"

Tickets for the show may be purchased at the high school office, although no ticket is needed for the senior citizen matinee. For the matinee, no walk-ins will be permitted, so please call Triton Community Ed at (507) 418-7550 to reserve a spot on the list. For general admission tickets, you will want to get yours early because, as per the current guidance, only 100 people can be seated in the auditorium for each night. Once 100 tickets are sold for a certain night's performance, it will be "sold out" and no tickets can be sold at the door. You are encouraged to check with the high school office at (507) 418-7520 for the latest updates. No matter the size of the audience, though, the cast and crew are hoping audience members are ready to "boo," "hiss," "cheer" loudly.

On April 7-10, return to a simpler time where laughs come often, the villains are booed and the heroes are cheered, and good always triumphs in the end.

(L to R) Front row: Wyatt Haugen, Litany Peterson, Mary Zill, Elizabeth Hukee, and Jessica Willette; back row: Amya Radke and Damion Radke

Wyatt Haugen claims his innocence, but Julianne Auer does not believe it.

Triton Students Shine in Regional Business Association Competition

By Kenya Narveson

The Business Professional program at Triton High School is congratulating all 12 of their students for winning the BPA Regional Competition and becoming eligible to compete at state level. "I am blown away by the talent, flexibility, and professionalism of these students," said Triton BPA Advisor, Rebecca Goossens. "Having literally every student who competed win a trip to State is a massive accomplishment and one that very few schools ever obtain. I am so, so proud."

Students compete individually or with a team in a variety of categories such as web design, information technology and health-care administration.

Business Professionals of America is the leading Career and Technical Student Organization for students pursuing careers in business management, office administration, information technology and other related career fields. Nationally, BPA has 43,000 members in over 2,300 chapters in 23 states. In Minnesota we have over 1,100 members in eight regions.

BPA's mission is to develop and empower

student leaders to discover their passion and change the world by creating unmatched opportunities in learning, professional growth and service. BPA provides members with opportunities for growth through education, competition, community service and personal development.

There are different ways for students to

qualify to compete. They may have had to take a multiple choice test or have a production component. For example; a web design student would have to create a website that would reflect certain requirements. The judges consist of industry leaders with experience in the category of each project.

Triton BPA program offers students the opportunity to get hands-on experience in career paths, fundraising and leadership conferences. The Business Day with local colleges allows BPA students the opportunity to tour local colleges and explore the possibilities in their career path. The Business Club Day with companies allows students to see the inner workings of each department in the business and have a panel dis-

ussion with the executives. In the past students have toured major companies such as; Minnesota Timberwolves at Target Center, 3M, and Pearson Publishing to name a few. BPA's proud charity partner is the Special Olympics. In past years, the students have had walks or food drives to raise funds.

Covid restrictions affected a small portion of the program, but these 12 Triton students are determined to compete at BPA State Competition and win. They are as follows: Kailey Ellingson, Mariel Faber, Natalie Robinson, Noah Kleinwort, Talia Kelley, Kaitlyn Krupa, Lydia Stanton, Chloe Staub, Wyatt Bendickson, August Kozisek, Angel Taylor, and Makena Jensen. Let's congratulate them!

Cobra Communications

Craig Schlichting
Superintendent

It is hard to believe that we have been dealing with the pandemic for over a year. A great deal has changed at school and the way we continue to deal with the guidelines for how we operate. We have been under executive orders in that time as well. I look forward to the day that those executive orders will be rescinded and we can go back to having local control. Many of the decisions that we have had to make have been based on these executive orders. I am hopeful that with the decrease in case numbers and the number of people that have been vaccinated that the end of those orders will be sooner rather than later. I do see some positives that have come out of this for us as educators. It has really created an opportunity to the way we educate students differently and to look at those changes that have worked moving forward. I believe that it has also shown us that there is a real benefit to the face to face contact

that students have with their teachers. It has also shown us that there is a time and a place for the use of technology to benefit students that can't be in the building. Technology by itself is no magic solution, but used appropriately it can play an important role in educating students.

The renovation project is moving along with the planning stages. All of the projects have been bid on and the those bids have been accepted. They are now working on the flow of the work that we will have done. The biggest concern is the timing of the roofing project with the parking lot project. We want to make sure that those are scheduled in a way as to not interfere with one another when they are doing the work. The work on the parking lot will be extensive as they are going to remove the asphalt that we currently have in the North and West lots to replace the base to prevent future issues and also improve the drainage. The current roof has a great deal of rock that is used to hold down the waterproof membrane. The rock will all need to be removed in order to put down the new Tremco style roof. This type of roofing does not require the rock and the roofing will be adhered to the surface. They are looking at the locations they start the work to prevent getting in the way of each other. The HVAC project will include ionization for the entire building. This system creates negative ions using electricity and they discharges them into the air. Those negative ions then attach to positively charged particles in the room. This creates a system in which dust, bacteria, pollen and other allergens are removed from the air that is in the building. This will help with situations like COVID, but also help those that struggle

with allergies to create a better learning environment.

We were able to complete the lighting project this past fall. We have replaced all of the lights in the building with LED and the cost of that will eventually be offset by the savings that we will see from the reduced expense on electricity usage in our district. We were able to get this done before the December deadline and will qualify for a sizable rebate that we will be able to put back into our general fund. I believe that we have amazing facilities that are in great shape, and this will take care of our largest areas of concern for a long time. We have a great situation at Triton where our facilities are also large enough to han-

dle that current capacity and we have room for growth. I feel fortunate to be in a district that has such a great situation with our facilities.

Please reach out to me with any questions that you may have regarding our school district. You can email me at schlich@triton.k12.mn.us or you can call me at 507-418-7530 to reach me at the district office. I would be happy to set up a time to meet with you or your organization. I believe that communication is an important aspect of my job responsibility, and I welcome the opportunity to learn from your perspective. GO COBRAS!

#WeAreTriton

Triton FFA Member wins Star Farmer

(continued from page 1)

Anna joined the FFA program in the 6th grade to show livestock at competitions. She is involved on the chapter, regional, state, and national level of Future Farmers of America. She's currently serving as the Regional Officer, coordinating events throughout Southeast Minnesota.

Anna won the Region 8 Star Farmer competition. The competition required two twenty-page applications and a profile including financial data, overall agriculture experience and skills acquired from 6th grade to now. She is excited to be competing at the state level among other students that are involved in the agricultural processes. Anna is Triton's first state officer candidate. The position would promote her leadership role to serve the whole state of Minnesota through FFA. After High School, Anna plans to attend the University of Minnesota Twin Cities studying animal science. She also plans to take courses focused on international agriculture and wildlife handling.

Anna's affection for agriculture began with her family's goat and sheep business,

Northern Exposure Livestock in Dodge Center. She enjoys helping customers, educating youth about care and nutrition and showmanship training of sheep and goats at workshops hosted by Northern Exposure Livestock. "Agriculture draws in a lot of people and my family is invested in educating the community" she commented.

Anna and the other students appreciate the Triton FFA Advisors, Robert Ickler, Ashley Zimmerman and Robert Olson. Triton FFA program utilizes the stockyard sales farm located in Zumbrota for their students who sell goats. Students learn how to raise goats with tender care to prepare the goat for families that will use it for sacred ceremonies in the community.

Anna is the busiest she's been in her involvement in FFA at Triton High School. She is committed to taking every opportunity that the Triton FFA Program offers to better her leadership and career development skills to excel. To learn more about this fascinating world of goat and sheep competitions, visit Northern Exposure Livestock's FaceBook Page.

TRITON CLASS OF 2021

SENIOR SPOTLIGHT

Joseph Corley is a senior at Triton High School.

His parents are Robert and Heidi Corley and he is the brother to Alyvea.

He is active in basketball at Triton.

His hobby is photography and one of his enjoyments is spicy food.

After graduation Joseph plans to attend Moorhead State for film studies.

JOSEPH CORLEY

DODGE CENTER COUNCIL MINUTES February 22, 2021

A regular meeting of the City Council of the City of Dodge Center, Minnesota was held on Monday, February 22, 2021 at 6:00 p.m. Community Center Room and Tele-Meeting, City Hall, Dodge Center, Minnesota.

Council members present: Mayor Bill Ketchum, Gary Trelstad, Cathy Skogen, Matt Maas

Council members absent: Paul Blaisdell
City staff and others present: Joshua Tetzlaff, City Administrator; Tina Kozisek, Administrative Clerk; Angie Jarrett, Ambulance Director; Dave Kenworthy, Fire Chief; Tim Woessner, City Attorney; others.

Meeting Called to Order

Meeting called to order by Mayor Bill Ketchum at 6:00 p.m.

Adopt Agenda

Motion made by Trelstad, seconded by Maas, to approve the Agenda. Motion carried unanimously.

Public Participation

None.

Approval of Minutes

Motion made by Trelstad, seconded by Skogen, to approve minutes of the February 8, 2021 City Council Meeting. Motion carried unanimously.

Approve Payment of Bills

Mayor Ketchum presented one additional bill to be paid to Madison National Insurance for \$704.63.

Motion made by Maas, seconded by Trelstad, to approve payment of bills as amended. Motion carried unanimously.

Staff Reports

Ambulance Director Angie Jarrett gave a few updates to Council. Beginning in March staff will be giving in person CPR courses and in person staff training is set to resume.

Administrator's Report

A. Garbage Hauling License

At the last meeting Council requested more information prior to approving the license for GFL. In 2017 a committee was formed to consider the possibility of organ-

ized collection services for waste hauling. In 2018 the committee made a recommendation to Council to retain an open system and reduce the number of haulers from four to two as companies are sold or otherwise cease operation. City Council voted to approve that recommendation at the May 18, 2018 meeting, but no formal changes were made to the City Code. A representative from GFL was available to give a little background into the request and answer any questions Council had. He stated that they are only seeking a commercial license, and they only have 5 or 6 accounts in town.

Motion made by Trelstad, seconded by Skogen to approve a commercial only Garbage Hauling License for GFL. Motion carried unanimously.

B. New Paramedic Position

Over the last 15 years the Dodge Center Ambulance has continued to see an increase in call volumes. With that increase comes the need for more staff to continue to appropriate staffing. The Ambulance Department is seeking to hire one additional full-time paramedic.

Motion made by Trelstad, seconded by Skogen, to approve beginning the hiring process of a second full-time paramedic. Motion carried unanimously.

C. Logo Clothing

Staff has shown an interest in purchasing City of Dodge Center logo apparel to wear while working. There are a couple of places that have given quotes for the apparel.

Motion made by Trelstad, seconded by

Maas, to approve allowing \$50 per year for each staff member to purchase City of Dodge Center logo clothing. Motion carried unanimously.

D. Payables Request

Throughout the year there are times when there are three weeks between regular City Council meetings. When this happens there are times that late charges are incurred due to late payment. To help solve some of this issue staff is requesting to be able to do a special pay run when there are three weeks between City Council meetings. For 2021 those dates would be March 29, May 31, August 30, and November 29.

Motion made by Trelstad, seconded by Maas, to approve a special pay run March 29, May 31, August 30, and November 29, and to allow the Finance Analyst/Clerk, City Administrator, and Mayor to approve any payables that may come up in between the regular and special pay runs. Motion carried unanimously.

Miscellaneous

Maas reminded everyone that the Fire Department would be hosting their annual spaghetti dinner on March 13 at the Fire Hall.

Trelstad stated he would not be at the March 22 City Council Meeting.

Adjournment

Motion made by Trelstad, seconded by Maas, to adjourn at 6:35 p.m. Motion carried unanimously.

Respectfully Submitted,
Tina Kozisek, Administrative Clerk

Parvovirus is Everywhere, Vaccinate Your Dog

Parvovirus, commonly known as "parvo," is a contagious virus that can be very serious and even fatal in dogs. Dr. Jennifer Reinhart, a small animal internal medicine specialist at the University of Illinois Veterinary Teaching Hospital in Urbana, explains that parvo is a problem that can be seen in dogs of any age.

"Although there is a window of highest risk between 8 and 16 weeks, adult dogs that are not correctly vaccinated may contract this virus as well," says Dr. Reinhart.

Patients that are diagnosed with parvovirus usually present with vomiting, diarrhea, lack of energy, and poor appetite. Parvovirus targets the gut cells of the dog. That is why patients have vomiting and diarrhea, which may lead to dehydration or starvation, due to a lack of nutrition staying in the body. The virus also attacks bone marrow cells, which causes problems in the immune system.

"When the virus attacks the immune cells in the bone marrow, the patient becomes more susceptible to secondary infections," Dr. Reinhart explains.

Parvovirus is found in the environment and can be contracted by a susceptible dog in various ways. The cycle begins when the virus is shed in the feces of an infected dog. Another dog may contract the virus by coming into contact with infected feces or dirt that contains the particles of the virus. Even if the infected feces were promptly picked up, infective virus remains on the ground.

"Parvo is a very hardy virus. It can persist for weeks to months in the environment," says Dr. Reinhart.

The virus will be present in feces even before the infected dog shows clinical signs of the disease. What's more, a dog that had parvovirus can continue to shed the virus in feces for up to 8 weeks after getting better. Some infected dogs never develop clinical signs but do continually shed the virus.

"Parvovirus is everywhere and you cannot 100% prevent exposure," warns Dr. Reinhart. "The best thing to do is to make sure that your puppy is properly vaccinated."

Although the vaccine series cannot guarantee absolute protection against the disease, it offers the best chance at avoiding parvo. An animal that is appropriately vaccinated has a much lower chance of contracting the virus.

Dr. Reinhart stressed that the vaccine series isn't complete after the initial 16-week series of shots. "The boosters are what actually complete the vaccination series," she says. "A booster given at one year, and then every three years after that. Only then is a dog considered appropriately vaccinated."

Another important preventive measure is avoiding exposure to dogs that might have parvo.

"During the period when puppies are most susceptible to the virus—between 8 and 16 weeks of age—puppies should not be interacting with other dogs. It is the best way to keep them safe," says Dr. Reinhart.

Although parvovirus can be a very scary thing, it is definitely something that can be cured. Dr. Reinhart says that a patient with parvovirus that is treated properly has a very good chance of surviving.

"If the disease is caught early enough, and the animal is able to receive aggressive supportive care, its chance of survival is actually really good," she says.

Supportive care includes aggressive fluid therapy and antibiotics. In some cases, a feeding tube is placed.

"The antibiotics are for protecting the patient from secondary infections, and the feeding tube is sometimes placed in order to give the nutrients the patient needs if it isn't eating on its own," says Dr. Reinhart. The antibiotics are crucial because the virus attacks the immune cells in the bone marrow, suppressing the immune system of the patient.

"In a big picture sense, it is very easy to prevent your dog from getting parvovirus," says Dr. Reinhart, "It's important to keep your pet up to date on vaccinations and do your best to avoid exposure to infected dogs."

If you have any questions about parvovirus or believe your dog is due for vaccinations, contact your veterinarian.

Changes in Latitudes, Changes in Attitudes The “S” Word

By Terry Campbell

This column is written by Messenger editor and Minnesota native Terry Campbell.

Terry now splits his time between Minnesota when it's warm here and Tennessee when it's cold here.

That four-letter word everyone uses so casually in Minnesota is not accepted in Tennessee. If one says it the men will look at the ground and the women reach for their smelling salts. It has such a chilling effect on the natives. Strikes fear into their hearts at the mere mention of it.

We are talking snow. And I don't mean blizzard snow or snow storm or even enough to send the snow plows out in Minnesota. Just white flakes from the sky and people go nuts. The mention of snow on the news and local folk race to the Piggly Wiggly and buy up milk, bread and eggs. I guess French Toast is winter survival food down here.

So, after three winters down here we

finally got hit. The in-famous February “snow-mageddon” of 2021 that slammed across the nation delivered an icy treat to Tennessee. We were hammered with an astounding two inches of snow. Life shrieked to a halt. Businesses were closed, cafes shuttered, school cancelled, no postal delivery and the radio broadcast winter survival tips. They had to repeatedly warn folks not to walk out on the lake because a quarter inch of ice cannot support a person.

My neighbor has two four-wheel drive trucks and his wife will not leave the house if it snows. Roads don't get plowed like they do in Minnesota. I think the county here has one snowplow truck and it looks like a one-ton pickup with a blade on front. So, the snow just stays on the roads and waits for the sunshine. They have a philosophy here that God put it there and He will take it away when He is ready. But the young guys with four-wheelers and UTV's love it. I see them flying down the snow-covered roads like they were on the salt flats. So, not to keep you in suspense, a couple days later the temperatures were in the 50's and the sun melted all the evidence.

We had a couple spending their Valentine's Day weekend honeymoon at our rental cabin down by Big Sandy River and they were snowed in. Not really snowed in, but just unwilling to drive with snow on the road. We gave them an extra day free stay so they didn't have to brave the snowy roads back to Clarksville right away. It will give them a good story to tell for the rest of their life.

A Minnesotan in the North: False Spring

By RosaLin Alcoser

The worst part of warm weeks in mid February is that it gives one false hope of an early spring... this will most likely not be the case.

The reason why the false hope is so bad this year is the weather being in the 30s is because it came right after being between 0 and -22 degrees. Naturally this has made the 30s feel a lot warmer than it really is.

Native Minnesotans are calling this warm snap the start of sweatshirt weather. Personally all I have done is wear a less heavy coat and left it unbuttoned unless I am going to be outside for a long period of time. But then again we all know that I do not take being cold as well as those of you who have always lived in Minnesota.

Either way the snow is getting shorter early this year which is nice. However, its all fun and games until it gets cold again. After all there are still four more weeks of winter or is it five?

Honestly I am not so sure anymore about how many more weeks it is till spring at this point. But I am sure that it will come along at some point in April or May just like it does every year.

Financial Help for Retirees Affected by COVID

Dear Savvy Senior:

Are there any financial assistance programs you can refer me to? The coronavirus pandemic has cost me my part[1]time retirement job and depleted my savings account.

Needy Retiree

Dear Needy:

In addition to the \$1,400 federal coronavirus stimulus check that was distributed recently, there are many other financial-assistance programs (both public and private) that can help struggling retirees, as well as give relief to family members who help provide financial support for their loved ones. To find out what types of assistance you may be eligible for, your best options is to visit [BenefitsCheckUp.org](https://www.benefitscheckup.org), a free, confidential Web tool designed for adults 55 and older and their families. It will help you locate federal, state and private benefits programs that can assist with paying for food, medications, utilities, health care, housing and other needs. This site – created by the National Council on Aging – contains more than 2,500 programs across the country. To identify benefits, you'll first need to fill out an online questionnaire that asks a series of questions like your date of birth, ZIP code, expenses, income, assets, veteran status, the medications you take and a few other factors. It takes about 15 minutes. Once completed, you'll get a report detailing all the programs and services you may qualify for, along with detailed information on how to apply. Some programs can be applied for online; some have downloadable application forms that you can print and mail in; and some require that you contact the program's administrative office directly (they provide the necessary contact information).

If you don't have Internet access, you can also get help in-person at any of the 84 Benefit Enrollment Centers located throughout the U.S. Call 888-268-6706 or visit [NCOA.org/centerforbenefits/beccs](https://www.ncoa.org/centerforbenefits/beccs) to locate a center in your area. Some centers also offer assistance over the phone.

Types of Benefits

Depending on your income level and where you live, here are some benefits you may be eligible for:

Food assistance:

Programs like the Supplemental Nutrition Assistance Program (SNAP) can help pay for groceries. The average SNAP benefit for 60-and-older households is around \$125 per month.

Other programs that may be available include the Emergency Food Assistance Program, Commodity Supplemental Food Program, and the Senior Farmers Market Nutrition Program.

Healthcare:

Medicaid and Medicare Savings Programs can help or completely pay for out-of-pocket health care costs. And, there are special Medicaid waiver programs that provide in-home care and assistance too.

Prescription drugs:

There are hundreds of programs offered through pharmaceutical companies, government agencies and charitable organizations that help lower or eliminate prescription drug costs, including the federal Low-Income Subsidy known as “Extra Help” that pays premiums, deductibles and prescription copayments for Medicare Part D beneficiaries.

Utility assistance:

There's the Low-Income Home Energy Assistance Program (LIHEAP), as well as local utility companies and charitable organizations that provide assistance in lowering home heating and cooling costs.

Supplemental Security Income (SSI):

Administered by the Social Security Administration, SSI provides monthly payments to very low-income seniors, age 65 and older, as well as to those who are blind and disabled. In 2020, SSI pays up to \$783 per month for a single person and up to \$1,175 for couples. In addition to these programs, there are numerous other benefits they can help you locate such as HUD housing, home weatherization assistance, tax relief, veteran's benefits, senior transportation, respite care, free legal assistance, job training and employment and debt counseling.
