Stephen W. Berge

Stephen W. Berge, age 69 of Kenyon for-

merly of Faribault died on Tuesday, November 17, 2020 at The Emeralds at Faribault.

A celebration of Steve's life was held at the Faribault Elks Lodge on Saturday, May 8, 2021 at 2:30 p.m.

Stephen Wayne, first born child of Wayne and LaDonna (Helgeson) Berge, was born January 3, 1951 at St. Lucas Hospital, Faribault. Steve lived in the Faribault area all his life and had a passion for hunting and the great outdoors. Weekend hunting with his dad was something he looked forward to and this continued until his dad's illness prevented it, but there were still many cribbage games and casino runs. Steve also enjoyed little league baseball and was an excellent pitcher. Often asked why he didn't continue to play he said then he couldn't go hunting as much. Basketball came later in high school, which became his game of choice. Stephen met his future wife, Donna Rae Heyer at a friend's home. He knew the moment he met her that she would be his wife. After graduating in 1970 from Faribault Senior High, they were married May 8, 1971.

Steve worked several jobs while in school, the Wilson plant, Treasure Cheese Caves and Clark Gas Station. After his marriage, he worked at McQuay Inc., Bremer Construction and ABC Bus, of which he was the proudest. Steve always felt that he helped build the company to what it is today. There was no secretary at the time and only a couple of full time employees. Unfortunately, after 9-11 Steve was laid off from his job because of economics. He was the second longest employee there at that time. He continued his employment with Faribault Foods until he was forced to retire because of health reasons. Steve loved to play cards of any kind and was good at it. He made golfing a way of being with old and new friends. Most of all, Steve loved his family. Being a great "fixer" and organizer, he spent many hours helping his family to perfect their homes. He was a very creative man who could take a stone and make it into a mansion. He has left many projects undone and a lot of knowledge kept that he could have taught.

Some of his proudest moments were when he knew his name and legacy would be carried on by his two sons, Raymond and Michael (and Kari) and his daughter, Victoria (and Markus) as they blessed him with six Berge Boys, Nolan, Tristan, Neya'Miah, Chayton, Alexander and Talon. There were special ones in his life, but the two that gave him the most memories were Austin Kay Johnson and Logan Swanson.

Steve is also survived by his siblings, Mark (and Tracey) of Lewiston, TX, Debra (and Mike) Kelly of Faribault, Dean (and Cathie) of Gulf Breeze, FL, Cheryl of Brooklyn Park, Michelle (and Jeff) Turner of Faribault; aunts, Marian and Roselynn Helgeson of Faribault, Delores Helgeson of California and Karen Berge of Omaha, NE; nephews, nieces, cousins and special friends, Robert and Jan Stanton.

He was preceded in death by his parents; father and mother in law, Raymond and Eleanora "Pat" Heyer; uncles, Lyle Berge, Jim, Darwin, Howard, Roland (and Pat) Helgeson; aunt, Charlotte Helgeson Ronning and two grandchildren.

AREA CHURCH DIRECTORY Armed with a Bow

Scripture Reading — Revelation 6:2

There before me was a white horse! Its rider held a bow...— Revelation 6:2

There before me was a white horse! Its rider held a bow.

— Revelation 6:2

What does it mean that the rider on a white horse "held a bow"? Are we to imagine a soldier who has the training to kill with a bow and arrow? Or perhaps we picture a hunter, with bow in hand, standing over a downed deer. It is tempting to read God's story that way. But if we did, we would think the first rider is all about bringing death and destruction. To read the story that way would miss the surprising good news that the One who is skilled with a bow is God. He has worked with a bow for a long time.

In the first book of the Bible, Genesis, we find a promise that God gave to Noah after the great flood. "I have set my bow in the clouds" God said, "and it shall be a sign of the covenant between me and the earth" (Genesis 9:13, NRSV). We usually understand the bow in the Genesis story as being a "rainbow." But it is the same word that is used in this story in Revelation.

In other words, the first horseman, Jesus, is armed with God's covenant promise. His goal is to bring God's promises for the renewal of creation to every part of creation.

Prayer

Lord, our Lord, you surprise us with your promises and your determination to bring life and healing to your creation. Thank you for so loving this world that you gave your one and only Son to give us life. Amen.

Obituaries

May, 2021

Stanley Joseph Nord Stanley Joseph Nord, 91, Dennison, MN,

passed away April 13, 2021, at Three Links Care Center in Northfield, MN.

A video recording of the service may be viewed at the end of this obituary. Stanley ("Dad") was born October 5, 1929, the first-

born child to Joseph A. and Rose (Budenski) Nord, at their home in Goodhue County, along County Line Road. The family moved to a farm near Kenyon, where Stanley attended country school. Joe and Rose eventually bought a farm in Sogn Valley, where Stanley farmed with his father.

On July 5, 1949, he married Doris Marie Maring ("Mom"), also from Sogn Valley, where together they raised their 10 children. Stanley loved his family dearly and found great joy spending time with his children, grandchildren, and great grandchildren well into their adulthoods.

Stanley was employed for a time as a meat cutter for Swift in South St. Paul, in addition to dairy farming near Kenyon. He left Swift and devoted all his time to the farm, until 1963, when he moved his family to Sogn Valley and starting a can and bulk milk route, picking the milk up from area farmers and delivering it to various coops and creameries for processing in Prairieville, Montgomery, Goodhue, and Ellsworth in Wisconsin. Sometimes he did enlist the help of one of his two eldest sons, Richard ("Rick") or Larry to take the bulk milk route for him, while he solely carried out the duties of the canned route. Eventually, the canned route converted to bulk. With a passion for fairness and a commitment and hope for future successes of family farms, he added an additional route hauling for the NFO (National Farmers Organization), an organization committed to fair prices to the family-owned farm. There was never time for grass to grow under Stanley's feet. He worked every day for a solid eight years, until his son Rick returned from Viet Nam after serving two tours, and would take the route so Stanley could have an occasional Saturday and/or Sunday at home.

In 1982, Stanley and Doris moved out of the country and Sogn Valley and bought a house "in town" (Dennison). This was a big move for both of them as neither had ever lived in a town with neighbors you could see from the kitchen window.

Stanley lost his beloved wife, Doris, in 1990. He sold the route and retired February 27, 1994. Upon his retirement, Stanley frequently traveled to Colorado for extended stays with his son, Joseph. He also enjoyed extended stays at his son David's farm in Wisconsin, where he was able to drive a tractor and work the fields again. He traveled with his brother-in-law, Morris Melhouse, to the Southwest, which included stops at the Grand Canyon and Hoover Dam. In 2016, driving and travel became too difficult for Stanley due to his advancing age.

Stanley is survived by three of his five sons: Larry, and his wife, Diane, Havasu City, AZ; Bruce and his wife, Michelle, Cannon Falls; David and his wife, Michelle, Sleepy Eye; and Ronald Plank, who at the request of Stanley is listed as his "Sixth" son (and son-in-law). His five daughters: Susan and her husband, Ronald Plank, Northfield; Doreen, and her husband, Donald Quistorff, Nerstrand; Anne of Northfield: Renee of Duluth: and Deborah. of Northfield. Also surviving are 27 grandchildren and 25 great grandchildren; daughter-in-law, Sharon Nord, Northfield; brother-in-law Roger (Phyllis) Maring, Northfield; sister-in-law Rose Maring, Kenyon; and many nieces, nephews, and cousins.

Stanley was preceded in death by his wife, Doris; sons Joseph and Richard; Grandsons Joseph Rogers and Joshua Kowalkoski (Nord); great-grandson, Justin Yepez; his parents; brother, Donald Nord; sister, Jean Melhouse: brother-in-law Morris Melhouse; sister-in-law, Judy Nord; brother-in-law, Harold Maring; sister-in-law, Shirley Maring; mother and father in-law, Adolph and Hilda Maring.

Stanley's family is deeply grateful to Three Links Care Center and the wonderful care he was given for the past seven months, where he was affectionately known as "Stan the Man," and to Heartland Hospice for the compassionate care Stanley and his family received during this difficult

Visitation took place for extended family members and friends on Sunday, April 18, 2021 from 2 to 4 p.m. at Boldt Funeral Home, 300 Prairie Ave. SW, Faribault, MN. Social distancing and masks were required. Due to Pandemic restrictions, a private service was held for family members at Vang Lutheran Church, 2060 County 49 Blvd., Dennison, MN. Interment followed services at Vang Lutheran Cemetery in rural Dennison.

Stanley may have been tempted to scold us for this lengthy obituary but his life was long, and so are the memories he leaves with us all who called him husband, dad, grandpa, great grandpa, brother, uncle, neighbor, or friend. It is difficult to capture the humble man we all know and love, who was always teaching by example. Stanley will be dearly missed, but always present. Dad, you are salt of the earth -- the cream of the crop. We will see you around the bend.

Robert Duane Dyrdahl

Robert Duane Dyrdahl of Kenyon, passed

away on Monday April 12, at St. Mary's Hospital in R o c h e s t e r Minnesota at the age of 92.

Bob, the son of Martin and Olianna (Gunderson) Dyrdahl was born October 22, 1928 in

a log cabin in Monkey Valley just outside of Kenyon. He was baptized at Hauge Lutheran Church in December 1928 where he remained a life-long member. He attended country school and graduated from Kenyon High School in 1946. He grew up with three older sisters on a 160-acre farm in Richland Township in rural Kenyon and when Bob was old enough, he farmed with his dad. The farm has been in the Dyrdahl family continuously since 1874 when his great grandfather, Nils Anderson Dyrdahl was the first person to ever till the soil on the land. The farm was given the designation of a Minnesota Century Farm in 1974 and remains in the family today through his sons Richard and Steven.

Bob met his wife, LaVonne Magee also of Kenyon in 1954 and married in 1955 at Gol Lutheran Church in Kenyon. They enjoyed spending time with friends and Bob participated in several bowling leagues. They continued to live on the farm and together they raised five boys and two girls and enjoyed attending sporting and school events over their many years of having kids in Kenyon Schools. Bob continued to farm and succeeded his dad on the Moland Creamery Board and also served on the Steele County Creamery Board. When his dad passed away, he decided to farm only part time and eventually rented out the land. Bob started working at McQuay Company in Faribault, MN in 1973 and remained there until he retired in 1991. He was a proud member of the Sheetmetal Workers Union Local 480.

Bob and LaVonne moved to town (Kenyon) in 1987 to a home where interestingly, Bob's grandparents, and Uncle Pete and Aunt Anna Dyrdahl had once lived. Lavonne's parents, Frank and Myrtle Magee later bought and renovated the home and lived there for over 10 years. When LaVonne's parents passed away, Bob and LaVonne moved into the home and still live there today.

In retirement, though-out his 70's and 80's Bob continued to stay busy, primarily by delivering papers for the Faribault Daily News and the Rochester Post Bulletin. He was named Rochester Post Bulletin Carrier of the year in 2011 and enjoyed attending the banquet with all the other much younger carriers.

Over the years, Bob and LaVonne enjoyed traveling together and spent their 25th anniversary in Hawaii. They traveled to several states across the country including both coasts to visit their children. They took a cruise to the Panama Canal and a once-ina-lifetime trip to Norway.

Bob enjoyed spending time with his grandchildren and it seems the tradition of having boys carried on to the next generation with his seven grandsons and one grand-daughter.

Bob was dedicated to his faith and served on the Old Stone Church Board for over 45 years which was a special place for his family.

As it was for most, 2020 was a challenging year, however Bob was grateful that his son Ross was able to come home to Minnesota to live with them and help care for him. Special thanks are also in order to Julie and Angie who consistently dropped off amazing food.

He is survived by his wife LaVonne of Kenyon, his children, Richard Dyrdahl of Northfield, Steve Dyrdahl (Stephanie Hardcastle), Scott Dyrdahl and Ross Dyrdahl, all of Kenyon; Jaye Dyrdahl (Jenni) of Faribault, Heidi Carrozzella (Anthony) of Minneapolis, MN and son-inlaw John Smith of Collingswood, New

Jersey, His grandchildren, Billy Dyrdahl of Kenyon, Andrew Dyrdahl (Tanya) of Northfield, Eric Dyrdahl of Equador, Jared (Miranda) of Stanchfield, MN, Faith Dyrdahl of Faribault, MN, Sean Dyrdahl and Cody (Morgan) Dyrdahl of Rochester. and Casey Anderson of Minneapolis, MN. Great-grandchildren, Wynn, Effie and Sogn Dyrdahl and a baby girl expected in April. Sisters, Norma Jacobson of Kenyon, MN; Olive Anthony of Waseca, MN. Brother and sister-in-laws, Mark and Carol Hegseth and Bobby and Linda Magee of Kenyon, and many nieces and nephews as well as very special extended family members and friends.

He is preceded in death by his parents, Martin and Olianna Dyrdahl, his daughter Keri Dyrdahl Smith, great-grandson Edison, his sister and brother-in-law Mildred and Virgil Lair and brothers-in-law Sam Jacobson and Jim Anthony.

A memorial service was held on Friday, April 30, 2 pm at Hauge Lutheran Church in Kenyon with visitation one hour before the service. Coffee and fellowship followed immediately at the Dyrdahl family home at 429 Third Street, Kenyon, MN. Interment will be at the Old Stone Church at a later date. Memorials preferred to the Old Stone Church.

Daryl J. Kramer

Daryl J. Kramer, age 86, of Kenyon, MN

passed away on April 25, 2021.

A recording of the service may be viewed at the end of this obituary.

Daryl J., the son of Adolph and Irene

(Burmeister) Kramer, was born on July 25, 1934 in Martin County, MN and grew up in Trimont, MN. He was baptized and confirmed at Trinity Lutheran Church. Daryl graduated from Trimont High School in 1952; he went on to Mankato State where he graduated with a BS degree in 1957 and an MS in Math Education in 1968.

Daryl began his teaching career in Beaver Creek and Winthrop, MN where he taught Math and Science; and was a member of the Army Reserves until his honorable discharge in June 1963. Daryl married his wife, Jean King on October 22, 1959 at St. John's Church in Darfur, MN. They settled in Worthington where Daryl taught Algebra and Geometry, was the President of the Worthington Education Association from 1989 - 1990 and farmed in rural Worthington where he raised crops, hogs, sheep, cats, many dogs, and horses until his retirement in 1993.

After retirement Daryl and Jean relocated to their acreage in Kenyon to be closer to their children. His first project in retirement was designing and building the house they have called home for the past 27 years, putting his expertise in drafting and geometry to good use. Daryl's following projects consisted of building several more buildings on their acreage, including a large stable. When he wasn't building, he kept busy by breeding, training, and showing Great Pyrenees dogs and American Saddlebred

horses. He was an active member of the MN Saddlebred Horse Association and frequently participated in horse shows until the age of 83.

Daryl enjoyed spending time with family, friends, and especially his grandchildren. This time was often spent working around the acreage on construction projects, target shooting, training horses, eating good food, and educating his grandchildren on the finer points of mathematics and craftsmanship.

Dollar General Seeks to Reshape Small Towns

(continued from page 1)

There are now more than 16,000 spread across the country, including two in the county where I live. The unmistakable concrete walls, steel roof, and bright yellow sign are now commonplace on the outskirts of small towns and stand out like palmer amaranth in a soybean field.

Many local economic developers see the discount retailer as a threat to local retail. Dollar General added limited groceries in 2003, posing a unique threat to local grocery stores, which often operate on tight margins.

Other economic developers argue Dollar General creates jobs and helps keep shoppers in town. I get it. In thousands of miles spent traversing the rural Midwest, I have found myself in small towns with no other retail or grocery options.

The irony is that this solution makes the situation worse with low-wage jobs, loss of local ownership, and loss of local tax revenue when other businesses close or fail to open because they cannot, or don't want to, compete with a corporate behemoth.

We must grow and nurture the communities we want to live in. Local ownership of small businesses, farms, and ranches makes communities stronger. Local owners care about their towns, neighbors, and customers.

When you shop at the local hardware store, the profit stays in town and builds the local economy. At Dollar General, every dollar of profit goes to Wall Street. The company reported \$27.8 billion in sales in 2019, and its stock climbed 700% in 10 years.

Protecting our communities from these corporate interests is difficult, but here are a few strategies to consider.

End the common practice of awarding tax and development incentives to massive corporations. Dollar General is a highly profitable company. Subsidizing new stores is a cash transfer from local taxpayers to corporate shareholders.

Use local zoning codes to encourage good growth and discourage harmful businesses. A report available from the Institute for Local Self Reliance outlines zoning strategies to limit construction of box outlets like

Dollar General.

Raise the minimum wage. The stagnant minimum wage is a subsidy we allow Dollar General to collect from the working poor. An increase will improve the lives of low-wage workers, and make Dollar General foot more of the real cost of labor.

Support local retail options when you can. We can each choose, when possible, to spend our retail dollars at stores that keep profit and ownership closer to home.

Write and call lawmakers to ask for stronger antitrust protections. While I am highlighting the case of Dollar General here, the same can be said about Walmart and now Amazon, too. Elsewhere in the rural economy multinational meatpackers, seed companies, and input suppliers have hammered local business.

In the Dollar General model, large corporations and their shareholders get rich while

workers and communities suffer. There is an alternative. We must work together to create it.

Jacobsen believes this amount is not accurate and is working to resolve this issue with court staff.

Changes in Latitudes, Changes in Attitudes

By Terry Campbell

This column is written by Messenger editor and Minnesota native Terry Campbell. Terry now splits his time between Minnesota when its warm here and Tennessee when it's cold here.

I like to watch birds. All kind of birds. They have an incredible ability to fly and sing, neither are things I can do. This morning I looked out the front door and there were a couple robins on the porch. The one closest had its head tucked in and feathers quite ruffled. I had never seen one sleep that close to the house. But when I opened the door, it didn't fly away with the other, but moved to the end of the railing. As I got closer it then fluttered off the porch to the ground and hopped away.

I let my dog out in the yard and when I walked around the deck the robin was still hopping along the ground, but seemed a little distressed. My chocolate lab, Sable, always comes out of the door in the morning like a jet taking off. As she circled the house for the first time came tearing by and the robin tried to fly away but sort of crash landed after a few feet, with the dog running right over top of the hapless bird. I

picked the bird up, and set it in the box of the Gator so the dogs wouldn't be tempted to harass it. They are retrievers after all, and bringing me a feathered prize would be quite in character for them. The robin weakly looked at me and huddled up in the Gator box in a defeated and disheveled manner.

When I came back to the Gator, the bird was laying there dead. I imagined his friend had stayed by him through the night knowing the end was near. Maybe he was an old robin and the cold winter was just too much. It was sad to ponder the end of the bird, once sailing through the air with such freedom and singing merrily to welcome each new day. But as I thought about it, I was also reminded of hope. God watches even the birds and not one of them can die without Him knowing it.

A Minnesotan: **Third Winter**

By RosaLin Alcose

The thing that we all know about spring in Minnesota is that the weather can literally do anything. April 2021 alone went from being in the 70's on Easter Sunday to shifting into the third winter. Because after all we already had the first and second winter; how could we even live without a third winter? That would just be unheard of and unthinkable!

The point is that anything can happen in Minnesota's spring months. It can be snowing one day and 100 degrees the next; well maybe not 100 degrees but it

can get quite warm.

I remember in May of 2012 it went from being alright weather in the mid to lower 50s to snowing on Mother's Day weekend.

The reason I remember it is because that Mother's Day weekend is also the weekend that I went to junior prom in the snow. The snow that weekend made for many memorable photos for a lot of my peers that year. Alot of people posted Facebook photos that weekend of them dressed up for prom and playing in the snow.

I on the other hand was posed in front of a dead lilac bush; that had been in full bloom the Mother's Day weekend the year before. I remember it being cold, windy and a bit awkward standing on a shoveled off strip of brown grass in front of this dormant bush for photos.

While I am sure that 2012 was not the only Mother's Day snow that I or any of us have seen it is definitely one that sticks in my mind because of that bush. With any hope the good weather that we have seen at the end of April will be sticking with us for the rest of this spring and lead us into the summer months... or it will snow mid May because it's Minnesota and it has to do a fourth winter this year.

Red Cross Urges Americans to Give Blood and Make It a **Summer Full** of Life

The American Red Cross along with actor James Van Der Beek and his wife, Kimberly, have joined together to urge all who are healthy to make this a summer full of life for patients by scheduling an appointment to give blood or platelets.

As the nation transitions to a new, hopeful phase of this devastating pandemic and people begin to return to some of their favorite activities, the Red Cross is concerned about the impact this could have on blood donor turnout and the blood supply this summer. The need for lifesaving blood transfusions never takes a break. It's critical to have blood ready to go when every second counts.

The Van Der Beek family knows firsthand how important blood donations are in a health crisis. In the past year, Kimberly Van Der Beek experienced back-to-back pregnancy losses. Each time she needed emergency hospital care and blood transfusions to save her life.

"Donating blood is something that I've always done throughout my life," said James Van Der Beek. "It seemed important. But I never knew how important until the woman I love most was in a situation where that much blood made the difference between life and death. It just brought it home in a very real way."

Hemorrhaging is the leading cause of pregnancy-related complications that can occur anytime during pregnancy. "In instances of severe bleeding, blood transfusions often play a lifesaving role," said Dr. Ross Herron, divisional chief medical officer for the Red Cross. "For mothers with complicated pregnancies or deliveries, generous donors are the only source of the transfusions they may need to survive."

"If you've never given blood before, allow this to be your formal invitation. Will you please give blood?," added Kimberly Van Der Beek.

Individuals of all blood types are urged to schedule an appointment now to give blood, and in most cases, those who have received a COVID-19 vaccine can donate. However, knowing the name of the manufacturer of the vaccine they received is important in determining donation eligibility. Appointments can be made by downloading the Red Cross Blood Donor App, visiting RedCrossBlood.org, calling 1-800-RED CROSS (1-800-733-2767) or enabling the Blood Donor Skill on any Alexa Echo device.

In thanks for making it a summer full of life, those who come to give blood, platelets or plasma in May will automatically be entered for a chance to win a travel trailer camper that sleeps five*, powered Suburban Propane, via their SuburbanCares initiative. The Red Cross is also thanking those who come to donate May 28-June 12 with a limited-edition Tshirt, while supplies last.

"Suburban Propane is honored to partner with the American Red Cross and actor James Van Der Beek on their summer campaign to help bring attention to the need for blood donations," said Nandini Sankara, Spokesperson for Suburban Propane. "Our SuburbanCares corporate pillar highlights our continued dedication to giving back to our local communities and through this platform, we support a host of community outreach initiatives throughout the nation; including our national partnership with the American Red Cross. It is our hope that this promotion for a chance to win a travel (trailer) camper will encourage donors to show their support and to help fulfill the need for blood collection."

Health insights for donors

The Red Cross is testing blood, platelet and plasma donations for COVID-19 antibodies. The test may indicate if the donor's immune system has produced antibodies to this coronavirus, regardless of whether they developed symptoms. Testing may also identify the presence of antibodies developed after receiving a COVID-19 vaccine.

Plasma from routine blood and platelet donations that test positive for high levels of antibodies may be used as convalescent plasma to meet potential future needs of COVID-19 patients. Convalescent plasma is a type of blood product collected from COVID-19 survivors who have antibodies that may help patients who are actively fighting the virus.

The Red Cross is not testing donors to diagnose illness, referred to as a diagnostic test. To protect the health and safety of Red Cross staff and donors, it is important that individuals who do not feel well or believe they may be ill with COVID-19 postpone donation.

At a time when health information has never been more important, the Red Cross is also screening all blood, platelet and plasma donations from self-identified African American donors for the sickle cell trait. This additional screening will provide Black donors with an additional health insight and help the Red Cross identify compatible blood types more quickly to help patients with sickle cell disease. Blood transfusion is an essential treatment for those with sickle cell disease, and blood donations from individuals of the same race, ethnicity and blood type have a unique ability to help patients fighting sickle cell disease.

Donors can expect to receive antibody test and sickle cell trait screening results, if applicable, within one to two weeks through the Red Cross Blood Donor App and the online donor portal at RedCrossBlood.org.

Blood drive safety

Each Red Cross blood drive and donation center follows the highest standards of safety and infection control, and additional precautions - including temperature checks, social distancing and face masks for donors and staff – have been implemented to help

protect the health of all those in attendance. Donors are asked to schedule an appointment prior to arriving at the drive and are required to wear a face mask while at the drive, in alignment with Centers for Disease Control and Prevention public
