## Humane Society hosts low-cost veterinary care Sept. 17

Volunteers with the High Desert Humane Society announced a new partnership that will bring a Sunday of low-cost vaccines and wellness checkups for dogs and cats on Sept. 17. At the event they'll also be taking signups for spay/neuter surgeries at a special follow-up clinic with an October date to be announced.

Wellness exams will be \$20 and most vaccines \$15 during the event, which is planned for the High Desert Humane Society dog shelter at 700 Hackney Ave. Veterinarians and staff

from DC Ranch Animal Hospital, in collaboration with Off-Road Veterinary Services, will drive here from the Valley for the clinic. "The wonderful folks at DC Ranch Animal Hospital have agreed to come to Globe to begin hosting special clinics," said High Desert Humane Society Board President Cynthia Carr.

## Wednesday Globe Rotary Speakers: Gila County Libraries, opioids and more

Want to learn more about our communities? Mark your calendar for Wednesday lunch each week in the Turquoise Room at Cobre Valley Regional Medical Center, where members of the Globe Rotary Club invite a weekly guest speaker. New Rotary members are always welcome, but club membership isn't required in order to attend a Wednesday lunch, hear this week's guest speaker and get acquainted with one of our community's longest-serving service organizations.

Rather than lunch the following week, Rotarians are meeting after work to pick up trash along Highway 60. "Wednesday, Sept. 13, we have a highway clean-up – and we would love to have community members join us and help," said Rotary Club President Leitha Griffin. "We'll meet at Cami Lucero's insurance office at 5:30 p.m.,

clean that highway up to Taco Bell, then meet back at Cami's for pizza."

Mark your calendar for the lunchtime guest speaker Sept. 27, Gila County Public Health & Emergency Management Health Equity Manager Stella Gore, "with a presentation on opioids, what Gila County

has done in the past to address the opioid epidemic and what we are planning on doing going forward." On Oct. 4 Thea Wilshire will describe the Stairizona Trail murals and other public art accomplishments over the past two years she has volunteered with the I Art Globe community group. Ro-

tary's guest Oct. 11 is Mike Caywood, publisher of the Arizona Silver Belt and Copper Country News, and on Oct. 18 Tom Foster will update his audience about the Bullion Plaza Museum and Cultural Center.

Perhaps you're familiar with Globe Rotary after attending one of their popular

Dominion Royale winter-time casino night fundraisers, dress-up theme nights of food and fun that pay homage to the style of Steampunk, superheroes – and coming up Feb. 24, 'Grease' is the word... and the night's theme for cosplay. Another popular annual event sponsored by Globe Rotary is the

Sunrise Challenge 7K trail run, which traverses the rocky trails of Round Mountain Park (there's a 4.3-mile version that day for more leisurely athletes). Fundraising events such as these and others help fund scholarships – and, most recently, helped pay travel expenses for the Southern Gila County

4-H Top Gun Shooting Sports Club to compete at nationals.

Competitors include pickles, vegetables, jellies, jam, butter, marmalade – and even meat, poultry or fish.

## Photography

There are divisions for youth, adult and age 75+, with a separate class for pros – and no less than 45 categories for subject mat-

ter from 'abstract' to 'wild-life.' Again, check out the fair book online and scroll down to page 80 for Department J – Photography.

## No Second Friday presentation in September at Bullion Plaza Museum

There won't be a Second Friday presentation in September at Bullion Plaza Museum, but there will be some great presentations in October, November and December.

Debe Branning, author of "Ghosts of Globe," "Ghosts of Route 66" and several other Arizona ghost-themed books, will be at Bullion Plaza for October's Second Friday event, on Friday the 13th, starting at 6 p.m. in the Inspiration Room. Debe's topic will be "divining."

Also in October, with the date to be determined, author Lori Hines will be at Bullion Plaza Museum. Her books are centered around murder mysteries in the Arizona Four Corners area.

On November 10, presenter Rick Powers will help us remember the 60th anniversary of the assassination of our 35th president, John F. Kennedy.

Thea Wilshire, author of "Welcome to Nugget," will present her second book in that series, "Nugget Goes to the Dogs," for December's Second Friday presentation on Dec. 8.

Presentations at Bullion Plaza Museum are always free to the public. Donations are, of course, much appreciated.

COMMUNITY

# CWG monthly meeting Sept. 13

SUPERIOR, AZ — The monthly Community Working Group (CWG) meeting for the Resolution Copper mining project, located in Superior, Arizona, will be Wednesday, September 13 at 6 p.m. The focus of this meeting is to continue discussions around the proposed Good Neighbor Agreement between Resolution Copper and the local communities and interests.

The Good Neighbor Agreement is based on novel, binding agree-

ments that have been created between some mining companies and local/regional community groups. This highly effective model is designed to meet the needs and interests of the community and the mining company, avoiding legal disputes, and helps maintain an open dialogue.

Monthly meetings of the group are now held at the Town of Superior Offices, Library Room at 199 N. Lobb Ave. The public is welcome and encouraged to attend these meetings.

For more information on the CWG, please visit the CWG website, [superiorazcwg.org](http://superiorazcwg.org). The site also posts summaries of all past meetings, presentations and other related articles.

### About the Community Working Group

The CWG focuses on potential environmental impact issues, science and policy, economic development and growth, and the pros and cons of the proposed development of the Resolution Copper mine, which could be-

come one of the world's largest copper mining ventures. Members include residents and stakeholders from the Town of Superior, Queen Valley, and nearby communities.

### About Resolution Copper

The Resolution Copper project is a proposed under-

ground mine 60 miles east of Phoenix, Arizona, near the town of Superior. The project is a joint venture owned by Rio Tinto (55%) and BHP (45%). The ore deposit lies nearly 7,000 feet below the earth's surface. It represents one of the most significant untapped copper deposits today.

## *Our heavenly Father wants us to be secure in our relationship with Him.*

Newborn babies have the wonderful ability to fall asleep anywhere, untroubled by worry or fear. Our heavenly Father intends for believers to have the same sense of security—He wants us certain of our relationship with Him through Jesus and confident of its permanence.

But have you ever noticed how that sense of peacefulness changes by the time babies are toddlers? They often cry over

small disturbances and are unwilling to leave a parent's side. Their situation has not changed. They have the same safety and protection they enjoyed as infants, but they've lost their feeling of assurance.

Doesn't this also describe us on occasion—when we don't believe the promises of our heavenly Father? From the moment of salvation, we enjoy a permanent relationship with God, one that we will

retain forever. But at times, we struggle to fully understand and embrace that gift.

Certainty about salvation doesn't come from applying human logic. It is a matter of faith. Do we believe what God says or not? Whenever you feel yourself wavering, pray the words of 1 John 5:13: "These things I have written to you who believe in the name of the Son of God, so that you may know that you have eternal life."

# A baker's dozen

BY DR. DAN MORTON

Contributor

Tradition teaches us that an old law set forth the weight of baked goods and although twelve of something constituted a dozen, the total weight might not be up to the legal requirement. Laws were strictly enforced, and shortages caused dire penalties to be imposed. To be on the "safe side," an extra item was added.

Several years ago, we received a call from the food bank asking if we had any available freezer space. We did, gladly driving over to help in their crisis. A local food outlet had not placed advertising of a planned sale and had a semi-truck load of frozen chicken waiting to be unloaded. Along with other organizations, we assisted in the unloading of 28,000 pounds of chicken soon safely stored under proper conditions, awaiting those in need.

God knew what He was doing and an error on someone's part became a "God-send" as the precious food provided many meals to the hungry people. Prayers were answered even before expressed. Prayers of thanksgiving were heard from many.

While working at The Salvation Army in Tucson, Arizona, one of my assigned duties was to go to a local bakery at six o'clock each morning and pick up "day old" doughnuts. Perfectly good and very tasty, these were always welcomed by those staying at the shelters.

Luke 3:11, "Anyone who has two shirts should share with the one who has none and anyone who has food should do the same."

# God's ways: Ordinary or miraculous?

*The Lord is always working for our good, but not always in ways we understand.*

In Isaiah 55, God declares, "My thoughts are not your thoughts, nor are your ways My ways" (Isaiah 55:8). In fact, that's one of the biggest frustrations of the Christian life—a lack of understanding about God's ways. There are times when we could really use a miracle, and He doesn't come through for us, which can lead to confusion, disappointment, and anger. Why did God let me down?

God works in both supernatural and ordinary ways, and He determines the method. For example, Elijah ate food miraculously delivered by ravens but his water supply from a brook was completely natural. When it dried up, the

Lord could have made more water spring from the ground, but He didn't.

Sometimes God uses ordinary means to move us in a new direction. The curtailment of his water supply opened the door for Elijah's next assignment. When the Lord withholds miraculous intervention and lets your brook dry up, then He has something else planned for you.

The work of God in the commonplace aspects of life is just as miraculous as His supernatural intervention. Look for His "fingerprint" in the day's mundane activities. He is there, opening and closing doors, drying up one opportunity but initiating another.

## Evangelist Tony Chase coming to Globe Christian Center

Tony Chase will speak at the Globe Christian Center Sept. 10-13. Sunday services will start at 10:30 and 5:30. Monday through Wednesday, services will start at 7 p.m.

At 19, Tony Chase was filled with anger and hatred, losing his marriage, and in danger of being kicked out of the Navy for frequent "insubordination."

One day he ran into Stacey Dillard, who was in Virginia Beach starting a new church. Stacey told him about a new life in Jesus. Tony had grown up in a religious cult (no birthdays, no Christmas) and didn't want to hear anything about God.

The words stuck with him, though, and later he found himself in Stacey's living-room church, asking Jesus to come into his life and forgive his sins.

"A dam broke," he says. He was weeping with relief. "I had felt rejected all my life, but now I felt accepted into God's big family."

"What happened to you?" they asked him at work. "You're different!"

"My mind was different," says Tony. "My marriage was different." (This year he led marriage seminars for couples in Cape Cod and Jacksonville.)

Tony was a pastor for years, then a full-time evangelist. He is now pioneering a new church in Arkansas, but still travels one week a month. He says he likes coming to Globe, and enjoys spending time with Pastor John Gooding.

Tony invites locals to visit the meetings. "Just come," he says. "See what God will do!"
