### *Sometimes God chooses to intersect with our lives in unexpected ways.*

I remember a time when I faced a difficult decision. The timing and circumstances all seemed wrong—choosing to pursue the opportunity made no sense at all. I simply wanted to turn it down but knew I needed to pray first. I spent time with the Lord, and He gave me a clear vision. I accepted that seemingly illogical, ill-timed offer, and God blessed my obedience.

As Christians, we expect the Holy Spirit to direct us through prayer and Scripture.

But at times He chooses to intervene more directly in our life, as He did with me that day. Since God first walked with Adam and Eve in the garden of Eden, He's been communicating with people in different ways. Moses saw a burning bush (Ex. 3:2), Samuel heard a voice at night (1 Samuel 3:1-14), and Joshua received specific—and unusual—instructions for defeating Jericho (Joshua 5:13-15; Joshua 6:5). Saul of Tarsus was called into ministry (Acts 9:1-31), whereas others

were warned of danger through dreams (Matthew 2:12-13). Each was clearly a divine encounter—and when the Lord visits someone, He comes for a purpose.

God's personal calls are rare and unexpected. We cannot get Him to come; He simply makes His presence known in a believer's life when He chooses. So whether He communicates with you through His Word or by a visit someday, maintain an open heart and willing spirit.

# Living noises

By DR. DAN MORTON

Contributor

Several years ago I was the manager of a large apartment complex in Scottsdale, Arizona. There were two long buildings running parallel, with fifty apartments upstairs and fifty downstairs in each building. The parking lot was between the two buildings.

office/lounge when a tenant came in obviously distraught. Without so much as a "Good Morning," she voiced her complaint about "the loud noises in the parking lot and from other residents!" She said it was hard to sleep with car doors slamming, voices raised and such noises from those who seemed to have no concern for others.

One morning I was in the

Another resident who had

been reading the morning paper put it down with a slam, looked at the one complaining and told her to "Shut up!" Without a moment's hesitation he explained, "Those are living noises! You should be glad you can hear them!" After a brief pause, the one who had voiced the complaint stopped, looked at him and with a smile thanked him. She admitted she had never thought of it

that way. All ended well.

The Psalmist gave us this instruction in Psalm 100:1-2: "Make a joyful noise unto the Lord, all ye lands. Serve the Lord with gladness; come before his presence with singing."

Although we may not be in a joyful mood, perhaps we could allow others to be so and with a little thought their joy may rub off on us.

## Bible clubs are back at Maranatha

At Maranatha Baptist Church we are excited to announce our upcoming Awana and Answers Bible clubs for kids! This year, our K-6 students will have an opportunity to explore God's word with our new Answers in Genesis curriculum. Our 3- and 4-year-olds will continue using our proven Awana curriculum. As always, we are committed to the belief that the greatest impact for Christ starts with kids who know, love and serve Him. Maranatha Baptist Church has been serving the families of the Globe-Miami area through our Bible programs for more than 30

years. We look forward to continuing that legacy as we reach the next generation of kids with the Word of God.

This semester we will be holding our clubs on Sunday afternoons from 4 - 5:30 p.m. Registration is \$25 for the year and includes a club shirt. Registration begins at 3:30 p.m. on Sunday, August 21. We welcome new members joining us for the first time. Our program serves kids ages 3 thru 6th grade. We hope to see you there! We are located at 1320 E. Saguaro Dr. in Globe. All these programs are free and brought to you through partnerships with the Friends of the Globe Public Library, the United Fund of Globe-Miami and the AZ Health Zone through the Gila County Health Department.

## Gila County Superior Court seeks comments on jury pools

Gila County Presiding Superior Court Judge Timothy M. Wright has announced that the Superior Court is seeking comments on a proposal to create northern and southern jury pools for the county. If approved by the Chief Justice of the Supreme Court, the proposal would eliminate citizens of Northern Gila County traveling to Globe for jury duty

or citizens of Southern Gila County traveling to Payson for jury duty. The goal of the proposal is to make jury service easier for all citizens in Gila County by drastically reducing the travel time and expense for those who are called to report for jury service. Those who wish to view the proposal may access it online at [www.gilacountyaz.gov/government/](http://www.gilacountyaz.gov/government/)

[courts/index.php](http://courts/index.php). Those who wish to comment on the proposal may do so by emailing any comments to: [GilaCAAdmin@courts.az.gov](mailto:GilaCAAdmin@courts.az.gov) on or before Aug. 26, 2022. # CASA of Arizona Volunteer Academy coming to Payson

Now is the time to volunteer with our youth living in foster care. The CASA of Gila County Program is excited to announce that the Court Appointed Special Advocate Program of Arizona is hosting the required CASA volunteer training academy in Payson August 25-27. For those interested in serving as a CASA volunteer for children from Gila County, we highly encourage you to apply before July 31, 2022 in order to attend this event. Lodging will be provided for those who do not live in the Payson area. If you cannot attend this

event, there are several alternative training dates and locations throughout the year.

"We are seeing an increase in the number of children who are being placed in out-of-home care settings," said Coordinator Emily Nader. "We anticipate that when children return to school, we will see an increase in the number of children coming into care and our need for additional volunteers will continue to grow."

CASA volunteers provide support and advocacy for children who are in licensed foster homes,

group homes or the care of relatives. Volunteers receive in-depth training and ongoing support from their local program as well as from the National CASA/GAL Association. Across the nation, CASA Pre-Service Volunteer Training serves as the foundation by which every volunteer learns the principles of best interest advocacy. The curriculum has just recently been revised to highlight the shared values and build the skills, self-awareness and points of view necessary for volunteers to be most effective.

"Throughout the entire

*"As a CASA volunteer, you help them find hope during a time that can be confusing and scary to a child. Every child deserves to have hope." - Emily Nader*

county, we have over 100 children who could benefit from a CASA being appointed to their case," Nader continued. "As a CASA volunteer, you help them find hope during a time that can be confusing and scary to a child. Every child deserves to have hope."

No special background

or education is required to become a CASA volunteer, a caring and generous group that represents a wide range of cultures, professions, and educational and ethnic backgrounds. Once accepted into the program, volunteers receive all necessary training. CASA volunteers must be at least 21 years

old and willing to complete necessary background checks, provide references and participate in an interview. While serving as a child's CASA volunteer, you will receive ongoing support and assistance from a local CASA coordinator.

To learn more about how you can become a part of the CASA team and make a difference in the life of an abused or neglected child from your community, contact the CASA of Gila County Program staff by calling 928-402-4427 or visiting the website: [www.casaofgilacounty.org](http://www.casaofgilacounty.org).

# Rabies, bordatella, microchipping? Mobile pet clinic Sundays Aug. 7, 21

Gila County Animal Care & Control reminds dog owners that an up-to-date rabies vaccine is required for your dog to be licensed - and that annual license is required by law. A license is essential to prove ownership if your stray dog ends up at the shelter. Are your pets microchipped? If they aren't, be aware that only 22 percent of lost dogs without a microchip get

reunited with the anxious owners who love them, and that number drops to just two percent for stray cats. Low-cost vaccines, preventive care, microchipping as low as \$15 and even nail trimming are all available when the PetVet mobile clinic revisits the Tractor Supply store in Claypool two Sundays each month from 2:30-4 p.m. Upcoming dates are Aug. 7 and 21,

and Sept. 4 and 18. No appointments are needed. If you have questions about specific veterinary services or want to verify available services, call PetVet Mobile Clinic staff at 800-427-7973 or visit [petvet.vippetcare.com/services-pricing](http://petvet.vippetcare.com/services-pricing). Check for \$15 vaccination discount coupons online, too. Keep your dogs and cats protected and up to date on vaccines essen-

tial to guard against rabies, feline leukemia, bordatella and distemper. Did you know there's even a snake-

bite vaccine that can help dogs survive being bitten by a rattler? Pre-treatment with the snakebite vaccine

also reduces your pet's pain and suffering - and the overall cost of treatment if bitten.

## EAC Gila Pueblo offers fall HVAC-R classes

GLOBE — For anyone seeking to find work in a trade, this fall the Gila Pueblo Campus of Eastern Arizona College offers a good option with its HVAC-R (Heating, Ventilation and Air Conditioning and Refrigeration) certificate program. In this course, students learn not only how to repair heaters and air conditioners, but also how to install them.

Students get to practice diagnosing problems on a simulator that reproduces residential HVAC-R units. Three classes, half of the six needed for a certificate, are being offered this fall —

**Gila Pueblo Campus of Eastern Arizona College is now offering an HVAC-R certificate program.**

Basic Refrigeration, Basic Electrical, and Motors and Controls. They will be held Monday and Tuesday evenings from 5 to 9 p.m. The remaining three classes will be held in the spring. In Basic Refrigeration, students learn how refrigerant gases work. Basic Electrical teaches the basics of wiring and electrical as it applies to air conditioning and refrigeration, as well as how to draw schematics. Finally, in Motors and Controls, students learn how

those devices function, how to repair them and what protects them from overheating. Not only can the course help students go on to careers in HVAC-R, it can also help anyone who just wants to learn how to repair their own air conditioners.

As well as hands-on work, the program offers printed study materials and instructional videos to help students learn the trade. Students who complete the program also earn an

Environmental Protection Agency certification, which is required in order to work in the industry. To further prepare students for a career, the program offers three other third-party certification exams. "Right now in Arizona there are over 3,470 job openings," said HVAC-R instructor George Rocha, an experienced general contractor who has been teaching at EAC for over 15 years. He said that, depending on location, starting pay ranged from \$16 to \$18 per hour. "Within your first year, you can get into the \$20-25 range.

"The program opens the doors to wherever you want to go, even nationwide," Rocha added. "There are 37,000 openings in the country right now — and you are not limited just to hot areas. Air conditioning does a lot more than just cool homes." He said it is important in commercial businesses, hospitals, semiconductor manufacturing facilities, food processing, grocery stores and transportation. "It's everywhere."

Enroll today in EAC Gila Pueblo Campus fall classes: Fall semester begins August 22.

Financial aid is available for students who qualify. EAC offers a tuition waiver for 55+ students who have lived in Arizona for over a year. For more information on how to register, call the EAC Gila Pueblo Campus Administration Office at (928) 425-8481.

# ‘Critical Blood Shortage’: Red Cross needs donors Aug. 12

Last week's blood drive was abruptly cancelled due to reasons beyond the Red Cross' control. If you were unable to donate, please sign up now for the next date, August 12. Healthy donors are urgently needed for our community's next blood drive at the Globe Elks Lodge on Maple Street near Denny's that Friday. Call 1-800-RED-CROSS to reserve one of the appointments,

or pick your choice of times and schedule yourself conveniently online at [redcrossblood.org](http://redcrossblood.org). All healthy donors are welcome. Giving blood is safe; facemasks are required, as well as pre-arranged appointments in order to help Red Cross staff and Elks Lodge volunteers schedule the most efficient drive day possible. A critical blood shortage continues; Arizona fell 4,000 donations short during the

winter months. Type-O blood is especially needed. Type-O is often used in trauma situations, especially Type-O negative, which can be transfused with any blood type.

Appointments are also available for 'Power Red' donations, which allow you to safely donate two units of red blood cells during one donation. Blood is drawn from one arm by a machine that separates and collects two units

of red cells, then safely returns the remaining blood components, along with some saline, back to you through the same arm - and just one needle jab is required. A Power Red donation takes approximately 30 minutes longer than a whole blood donation, so plan on about 35-45 minutes in the chair and you're limited to donating approximately once every four months. New donors are

welcome, and urgently needed. How often can you give blood? According to the Red Cross, "Wait at least eight weeks (56 days) between donations of whole blood, or 16 weeks (112 days) between Power Red donations. Whole blood donors can donate up to 6 times a year." Questions about giving blood, or a Power Red donation? Read more at [redcrossblood.org](http://redcrossblood.org).

## APS offering grants to Arizona teachers through Supply My Class program

PHOENIX – Arizona Public Service Co. (APS) is helping local teachers get ready for the upcoming academic year with grants for classroom resources. Marking its fifth year, the APS Supply My Class program will award \$500 grants to 500 K-12 Title 1 public or charter school teachers.

"As students return to school, teachers are gearing up for the year and in many cases spending their own money to ensure their class is stocked with all of the essentials," said Tina Marie Tentori, director of community affairs for APS. "In less than a minute, educators can apply for an APS

Supply My Class grant that can help ease out-of-pocket expenses and allow them to focus on what's most important—preparing Arizona's future leaders."

Over the program's first four years, 3,000 teachers have received grants totaling \$1.5 million. These grants have helped teachers purchase basic school supplies, refresh their classrooms, buy new chairs and more.

Through September 15, teachers in APS' service territory can apply at [SupplyMyClass.com](http://SupplyMyClass.com) for a chance to be selected as a grant recipient. APS will randomly select 100 teachers

per week, starting August 19 and continuing through September 16. Continuing in the same format as last year, the program's first 100 grants will be directed to educators who have been teaching three years or less.

"We value all our teachers, but designating 100 grants specifically for newer teachers ensures those who entered the classroom more recently get the extra support they need to build their classroom's foundation and make a difference in the lives of Arizona's students," said Tentori.

# Early childhood adventures at Globe Public Library

Parents are invited to bring their children 0-5 to Free Play Friday. This open playtime at the Globe Public Library offers different things to explore each week. This child-directed exploration will feature Dynamite Duplos on August 5 and Ocean Exploration on August 12. Items will be cleaned before and after Free Play Friday. Parents must stay with their children.

Saturdays, August 6 and 20, at 9:30 a.m. Christine Carlson from the University of Arizona Cooperative Extension is offering Gowa: Teachable Moments

for Apache Children in person at Globe Public Library. These are designed for children 0-6 and their parents. All children regardless of ethnicity are welcome with a parent or guardian.

August 16 at 5:30 p.m. Globe Public Library is offering an early literacy workshop for family, friend and neighbor caregivers. We are inviting all grandparents, aunts, uncles, neighbors and friends who care for young children ages 0-5. We have a fun-filled workshop for you! Caring for the children of family, friends and neighbors is very important

work and your library can be a partner in this effort. Throughout your day there are dozens of things you do with children that may not seem like learning opportunities, but learning can happen anywhere! In this free workshop, you will explore how to make daily routines more exciting and educational by simply talking, singing and playing. All participants will receive a free activity kit and books to take home. Light refreshments and childcare will be provided. Please call Globe Public Library at 928-425-6111 to reserve your spot. If you are bringing children

please let us know how many and their ages so we can plan for them as well. This project is supported by the Arizona State Library, Archives & Public Records, a division of the Secretary of State, with federal funds from the Institute of Museum & Library Services.

The 1,000 Books Before Kindergarten Program is going strong at the Globe Public Library. This program is to help children read 1,000 books before entering Kindergarten and encourage lifelong reading habits. You can register online at <https://globepubliclibrary.azsummerreading.org/> or come to the Globe Public Library for the paper form. If you have used the summer reading program online, you can use the same login to register for 1,000 Books. For every 100 books, children will receive a reward. They will receive a grand prize when they finish the 1,000 books.

Summer Reading Programs are over. Be sure to turn in your reading logs by August 5.

Do you wish someone would read you a story? Now you can call the Globe Public Library Dial-a-Story phone line and hear a new story every week. The

phone number is (855) 614-6111. You can call this number at any time and get a story read to you. Listening to a read-aloud story is fun and engages everyone in literacy. Even passive listening teaches reading and vocabulary and helps a child's brain grow. This program is brought to you by the Arizona State Library, Archives, and Public Records through the Institute of Museum and Library Services.

All these programs are free and brought to you through partnerships with the Friends of the Globe Public Library and the United Fund of Globe-Miami.
