## Share your opinion about Gila County 'health disparities'

Do you live or work here in Gila County, and have opinions about whether our communities offer a healthy place to live? Payson has a thorough system of woodland trails, a community amenity that Globe lacks. Does that make one community potentially healthier? Hayden-Winkelman residents: What could make your communities a healthier place to live, raise kids and enjoy your senior years in better health? And San Carlos Apaches, how can Gila County collaborate with Tribal Government to reduce diabetes, overcome Covid-19 and make your unique homeland a healthier place to thrive? Your opinion matters! Please take the five-minute survey posted at [tinyurl.com/GilaCountyHealth](http://tinyurl.com/GilaCountyHealth).

It's a chance to share your thoughts about the current health status of

your corner of Gila County and your ideas on innovative, effective new ways to cement the foundation for true well-being in the city of Globe and towns extending from Payson-Pine-Strawberry all the way south to Hayden-Winkelman. Opinions vary widely in our county on the topic of Covid-19, but few disagree that the pandemic has highlighted "health disparities" in underserved communities. What are your thoughts on the vaccines available -- for free -- to all Gila County residents? Do you have ideas for new prevention resources to reduce Covid-19-related health disparities? Where do you get your information about public health, disease and wellness? And whether you take the five-minute survey or not, would you be enthused to participate with a new Health Dis-

### Insects, Weather & Climate Webinar

How did 2021 weather patterns influence insect populations in Arizona? Christopher Jones, Gila County Extension Agent with UA's Agriculture & Natural Resources Programs, invites "hexapod enthusiasts" to join this week's Cooperative Extension free online webinar at 11 a.m. Thursday, Oct. 28, with special guest Dawn Gouge, UA Urban Entomology Extension Specialist.

Gouge directs the State of Arizona Children's Environmental Health Coalition efforts, which includes implementation of integrated pest management (IPM) in schools and child care facilities. She coordinates the Western Regional IPM in Schools Working Group, U.S. Department of Agriculture, which involves participants in 11 western states. She is the director of the Urban IPM Coordinating Committee (developmental). Her research efforts focus on developing biocontrol options and evaluating reduced-risk chemical pesticide options for management of venomous arthropods and disease vectors (scorpions, spiders, ants and mosquitoes). She supports state and government agencies regarding pollution prevention, pest-related children's health issues, vector management and professional education, and supports Arizona law enforcement entities conducting medico-criminal investigations.

University of Arizona Cooperative Extension

Gila County presents these 'Garden and Country' free Thursday webinars online via Zoom, lasting 60 minutes or less and featuring a variety of horticultural and natural resource topics relevant to the environmental conditions and residential concerns of Gila County. Guests are welcome to log in up to 10 minutes before the webinar begins at [arizona.zoom.us/j/84859046081](http://arizona.zoom.us/j/84859046081). An easy, convenient way to connect is via 'click here' [arizona.edu/gila](http://arizona.edu/gila), where you can also view dozens of prior Thursday webinar topics from the past year -- ranging from soil preparation to winter gardening, container gardening, pest management and many more. # United Fund: Agencies that serve the community

*This week, we look at St. Vincent's of Holy Angels and Cobre Valley Center for the Arts (CVCA), as part of our ongoing series featuring 21 local nonprofits United Fund (UF) supports.*

Carol Broeder

### **St. Vincent's of Holy Angels**

"To provide service to people in need and to call the Church and others of good will to do the same." That's the motto and guiding principle behind St. Vincent's—a charitable ministry of Holy Angels Roman Catholic Church, in Globe.

It began in the 1950s helping fellow parishioners in need, later growing to include the rest of the community, says Director William Herrera, who joined 20 years ago.

Now, St. Vincent's has seven volunteers serving the homeless; disabled; unemployed; and those seeking work as well as those needing extra help with everyday necessities.

Through its programs, St. Vincent's is able to:

**\*Provide shelter for homeless families and individuals;**

**\*Prevent evictions and utilities from being shut off;**

**\*Assist with buying medications; \*Provide lunches and food boxes from its food pantry.**

In 2017, St. Vincent's expanded its services to include a clothing bank for those needing interview clothes or otherwise in need of clothing. Operating strictly from

donations and grants,"when you give to us, you help us 'change lives and communities,'" Herrera says. "We are here to help people. Each year, St. Vincent's helps an average 380 households; serves about 1,000 lunches and distributes about 150 food boxes, he says. Additionally, St. Vincent's distributes a total 50 Thanksgiving and Christmas dinner boxes.

"The funding we receive from United Fund tremendously helps us in giving food and financial assistance—in terms of apartment rents and utilities fees—to people around Globe who are in need of help," says Holy Angels Pastor Rev. Albert Miranda. "And we serve them regardless of their background or faith affiliation, as long as we have funds to be utilized."

Herrera says, "We don't know what we would do without United Fund—they give us one-half of our budget. We really appreciate it." St. Vincent's serves lunch 11 a.m.-2 p.m. Monday-Thursday and 12:30-2:30 p.m. Friday, and distributes food boxes 12:30-2:30 p.m. Fridays.

For more information, call 928-425-3137.

### **Cobre Valley Center for the Arts**

The Cobre Valley Center for the Arts occupies the historical Gila County Courthouse structure which was built in 1906. Beautifully restored by

CVCA members, the building is both a central landmark and the largest, most recognizable, elegant building in the area.

Established in 1984, with the original directive: to serve locals and visitors alike as the main setting for creative and expressive display opportunity, the CVCA is ideally located in historic downtown Globe. CVCA's priorities include: keeping the building open, maintaining safety standards, and historic preservation.

The CVCA has been open to the public for over 30 years. Community support through volunteers, paid memberships, grants, partnerships, and donations ensure ongoing operations. From the area or passing through, participating in CVCA's sustainability is easy. Visitors may donate, purchase a unique item from the gift shop, purchase an original work of art, or obtain an event ticket.

Maintaining partnerships with Copper Community Players, Gila County Historical Museum, Globe Rotary and Globe Downtown Association and continually welcoming new ways to share this local treasure, the CVCA strives to connect with artists of all types.

While visitor numbers and donation dollars indicate a steady rise and confidence during this post-COVID period, the CVCA's grant funding from organizations like United Fund

allow more attention given to promoting our local artists.

During the pandemic, CVCA was able to adjust open hours, section off gallery areas and create a through-traffic route to encourage social distancing and to help visitors feel safe during their experience. Both in-person socially distanced experiences and increased digital opportunities continue to provide inspiration and access to the arts for local residents and visitors alike.

Artists and our community unafraid to participate in art openings, the return of performing arts and the influence of new minds and talents clear the air and leave us feeling excited!

For more information, call 928-425-0884 or visit the CVCA Facebook page.

### **How to help the agencies**

Donations to United Fund can be made year-round through the Arizona Gives Day platform ("Give Now" button on [UFGlobeMiami.com](http://UFGlobeMiami.com)) or mailed to United Fund, P.O. Box 2160, Globe, AZ 85502.

## Snakebite or rabies vaccine? Mobile pet clinics scheduled

Gila County Animal Care & Control reminds dog owners that an up-to-date rabies vaccine is required for your dog to be licensed - and that annual license is required by law. A license is essential to prove ownership if your stray dog ends up at the shelter.

Are your pets microchipped? If they aren't, be aware that only two percent of lost dogs or stray cats without a microchip get reunited with the anxious owners who love them.

Low-cost vaccines, preventive care, microchipping and even nail trimming are all available from mobile

clinics visiting Globe this month. Keep your dogs and cats protected and up to date on vaccines essential to guard against rabies, feline leukemia, bordatella and distemper. Did you know there's even a snakebite vaccine that can help dogs survive being bitten by a rattler? Pre-treatment with the snakebite vaccine also reduces your pet's pain and suffering - and the overall cost of treatment if bitten, too.

Tender Loving Care Veterinary Connect on Facebook (search keyword 'TLCvetservices') or find prices and specifics at [\[cvetservices.com\]\(http://cvetservices.com\). Vaccines protect your pets against a range of disease -- and mobile vet clinics offer other services ranging from deworming to treatment of eye and ear infections, allergies, skin conditions and other animal ailments. On Sunday, Oct. 31, Pet-Vet Mobile Clinic revisits the Tractor Supply store in Claypool from 2:30-4:00 p.m. No appointments are needed, but call PetVet Mobile Clinic staff at 800-427-7973 if you have questions about specific services, or visit \[petvet.vippetcare.com/services-pricing\]\(http://petvet.vippetcare.com/services-pricing\).](http://tl-</a></p>

## Masons' Clothe a Child returning in December

On Saturday, Dec. 11, 2021 at 8 a.m., White Mountain Lodge #3 F & AM will hold the annual Dave Johnson Clothe a Child at Bealls Outlet west of Wal Mart. We will buy clothes for approximately 24 children five to 10 years old. We will seek the assistance of Destiny and Globe school teachers to select 12 children from Destiny and 12 from Globe.

This program has been held annually for over 55

years. Dave Johnson was a longtime supporter and upon his passing asked that donations be made to Clothe a Child. The program operates on donations and any are appreciated. Make donations to White Mountain Lodge #3.

Bealls Outlet assists the program by opening the store one hour before their normal opening time and giving discounts on purchases.

Volunteers help the children pick out clothes, and more volunteers are always needed. The program is a charitable tax exempt 501(c)(10).

Breakfast will be served for all volunteers at the Masonic Temple, 180 N. Broad St. (third floor), following the clothing purchases.

For more information contact James Rasmussen at 928-701-3646, or any Mason.

# 23rd Annual Ghosts of Globe Walking Tour

On Oct. 30 join us for an Old West period, theatrical tour filled with tales from our territorial Arizona historic district. Tales, actual sightings, actual history and actor portrayals bring to life, and death, a time gone by. With Arizona's and Globe's bawdy Old West past, it is no wonder why we tout a great deal of unexplained activity. Is it the copper in our soil, the unrest of our mined earth or much more?

As featured at two different locations by Travel Channel's hit show "Ghost Adventures,"

come see for yourself. Guests for the evening walk Globe's historic downtown by group for a first-hand experience of the history, the mysterious and the unexplained. This is an approximately two-hour downtown walking tour of history brought to life. Tickets are \$20 per person; children under 10 are allowed in free with a paid adult, with the understanding of tour subject matter.

Guests move from station to station, launching from out front of the 1910 Territorial Jail on Oak Street, with start times

from 5:30 to 8 p.m. Look for our "Event-Specific" tent and lineup.

The tour involves stairs, alleys, uneven pavement surfaces and a shuttle to bring you back to the starting point at the end of your tour. Please wear comfortable, closed-toed shoes, bring a flashlight and remember that face coverings are appreciated. For our ADA option to the tour, please understand that we work with volunteers for this fundraising event and will try our best to accommodate any needs.

Consider making an

overnight of it! We have many wonderful downtown food and "watering hole" destinations, as well as fabulous B&Bs and hotels. We would be happy to direct you.

The tour is brought to you by the Globe Downtown Association, a 501(c)(6) nonprofit; the Copper Cities Community Players; and our many partners like the City of Globe and Globe Fire Department. Many thanks to our actors and volunteers for their countless hours and effort to help us raise money for our historic preservation fund.

# Globe Historic Downtown Halloween Block Party

Halloween 2021: The great debate. Should we? Should we not? Let's meet in the middle and go for it, just do it as safely as possible. We have debated long and hard on this decision, and we have agreed to move forward with our annual block party with some spacing and safety changes to help us gather as safely as possible. Please understand that this is a community gift event, organized by the Globe Downtown Association, but brought to you by our business community. So let's ease back into the fun with thankfulness and understanding that we know we will not be exactly as before, but are doing our best.

Please join us for this annual community gift trick-or-treat event night in downtown Globe. With usual estimated crowds of over 5,000 spread out throughout our historic downtown, come ready to meet, greet and trick-or-treat along Broad. The Broad Street Trick-or-Treat runs from 5:30 p.m. to 7 p.m., or until stations run out. Start anywhere, from Yuma St. to Sycamore St. or Sycamore St. to Yuma St. Entering the line anywhere in the zone will help disperse the huge congested crowd of tiny Batmen and princesses that usually piles up on South Broad St. We are asking the candy stations to be creative in the way they hand out candy to make it as socially distant as possible, so be patient

and let's make this year fun and memorable.

This year, instead of our four music and dancing stages, we are taking it back a step to avoid mass groupings, but we will bring this feature back for future events as the pandemic moves behind us. As a hybrid we are still welcoming car show participants, family trunk-or-treat stations, sidewalk chalking, a storefront decorations contest with people's choice voting, spooky 1910 jail cell walks from 5:30 p.m. to 7 p.m., and the ever fun social media pumpkin carving and costume contest. This year's contest will all be by #hashtag entry to keep it as touch-free and easy as possible. There is something for everyone; we cannot wait to play with you and your 5,000 closest friends, in the best socially distant way possible.

# Ghost Hunters 5-Hour Lockdown Events in Globe

Gila County's historic jail in downtown Globe is well known on the paranormal investigation circuit. Housing inmates from 1910-1981, could it be haunted by the vengeful spirits of murderers who spent their final days within the concrete and steel cells? The historic structure was spotlighted by the popular Travel Channel show 'Ghost Adventures' in January 2018, sparking monthly events where pre-registered guests can observe as seasoned paranormal investigators use equipment to sense the spirit world after dark. And it's just one of two allegedly haunted buildings participants get to explore when the Arizona Paranormal Investigation and Research Society returns to offer simultaneous 'Five-Hour Lockdown' events, each in downtown Globe. One team will start at the restored 1916 two-story train station depot, while the other begins at the historic Gila County Jail just a short walk uphill and nearby. Teams will switch locations halfway through the nocturnal adventure.

The events are limited to pre-registered guests age 16 and older at each location; ages 16-18 must be accompanied by an adult. Tickets are \$50. Proceeds from the evening help pay for upkeep and building restoration - reserve your tickets in advance at azghosttours.org. Covid-19 safety guidelines apply, and masks are required. Read more and buy tickets at azghosttours.org.

Imagine sitting alone in a dark corner of either building . . . blindfolded and wearing noise-canceling headphones. Is it true that fear or other emotions channel energy that increases paranormal activity or focuses your ability to perceive the spirit world?

Guides set up cameras to view locations throughout the jail, with EM detectors and other equipment available in hopes of evidence of the jail's spirits. The evening begins with a walking tour of the museum, providing historical information and tales of the paranormal. Afterwards, participants divide into teams and begin the night's investigation. Organizers add "there is no guarantee there will be paranormal activity." Guests for the evening may also participate in paranormal experiments such as an 'isolated spirit box session,' or the sensory deprivation experiment. Read more about the team's background and gear at azpirs.com. Connect, see photos and read more at azghosttours.org.

### Miami, Too!

Imagine sitting alone in a dark corner of the century-old 1917 YMCA in Miami, or the second floor of a 1908 Globe hotel/boarding house also reputed to have been a Broad Street brothel . . . blindfolded and wearing noise-canceling headphones. Is it true that fear or other emotions channel energy that increases paranormal activity or focuses your ability

to perceive the spirit world? Find out for yourself when the Arizona Paranormal Investigation and Research Society returns to offer simultaneous 'Five-Hour Lockdown' events at two separate locations, one each

in downtown Globe and Miami, limited to pre-registered guests at each location. The sensory deprivation experiment is just one of the evening's options. Tickets are \$30 and limited to eight participants, age 16

and older, in order to assure proper and safe physical distancing. Ages 16-18 must be accompanied by an adult. Proceeds from the evening help pay for upkeep and building restoration - reserve your tickets in advance at azghosttours.org. Covid-19 safety guidelines apply, and masks are required. The Broad Street building was once a hotel, a boarding house and a brothel. Paranormal investigators say, "this location is filled with paranormal activity - spirit box responses, EVPs and interaction with our equipment. Multiple spirits have been encountered by our teams." As

for equipment: "The tour guides will have a camera system set up to view various locations in the jail. If needed, tour guests will be provided free EM detectors and other equipment. A valid driver's license and credit card is required in order to be provided equipment; guests are welcome to bring their own equipment, too. Organizers add that these tours and investigations are for entertainment purposes only; information provided is accurate as provided by local historians - and there is no guarantee that paranormal activity will occur.

# Reformed according to the Word

BY PASTOR NICK JONES

*Maranatha Baptist Church*

There are some moments in history that seem to stand out among the rest. We set aside particular days to remember various historical events. Holidays such as Independence Day and Memorial Day are intended to focus our attention on the past events that have shaped our present reality. A day that has become increasingly significant to me as I view the vast scope of world history is October 31, 1517, a day we now refer to as Reformation Day. This is the day when Augustinian monk Martin Luther nailed his 95 Theses to the church door in Wittenberg, Germany, kicking off the Protestant Reformation.

As a Christian, I find the time period of the Protestant Reformation to be an especially fascinating era to study. Not because I believe the Reformers came up with new ideas or forged new territory, making progressive leaps into the unknown. Rather, the strength of the Reformation was in pointing people back, not to a time or system, but to Jesus Christ. The Reformers' desire was not to start a new church or type of religious insurrection, but to see the church and her leaders move back to the Bible; back to what God has said, not what men and their traditions have said.

As we take a closer look at some of the issues that the Reformers were dealing with, we will see that they were not simply matters of church politics but were issues that touched to the very heart of the Gospel. "How can a sinful person be made right with a holy God?" The Reformers struggled with questions like these, to which they found no satisfying answers within the traditions of the Roman church.

However, when the Reformers, guided by the Holy Spirit, opened their Bibles, everything began to change. The truth of the Word of God that had been kept from the average per-

*Courtesy photo*

son, that had been locked up in the dead language of Latin and forbidden to be translated into the common tongue, began to burst forth into the hearts and minds of the Reformers and overflow into society as a whole. The impetus, then, for the Protestant Reformation was not political or economic, but Biblical.

The dark times of Biblical ignorance were coming to an end, as the Reformers diligently taught the Bible, translated the Bible, and made sure the average person understood the Bible. Post Tenebras Lux --- after darkness, light! This brief Latin phrase became their battle cry as Martin Luther, John Calvin, John Knox, Huldrych Zwingli and other Reformers saw the glorious Word of God shine forth, breaking the darkness of the false Gospel and doctrines of Romanism. The chains of religious bondage that held people down, the

rule of the papacy that contradicted the authority of Jesus Christ, and the selling of indulgences that cheapened the Gospel of grace were all seen for what they were in the light of God's holy, inspired Word, the Bible.

We are now separated from the beginnings of the Reformation by over 500 years. However, that does not mean the Reformation is over. In fact the cause of the Reformers, and the need for the light of God's Word to go forth, is stronger than ever. We live in a world that is increasingly hostile to truth; a world of spiritual apathy, where religious bondage increases, sin is glorified and hope is elusive. What is the answer?

While many may jump into a political, social or economic tirade, the answer is that we need "the light of the gospel of the glory of Christ" (2 Corinthians 4:4) to break out into the dark

corners of our world. We need the Bible to be heralded as the banner of truth. We need to pray that God's grace would extend to the hearts of those who are trapped in religious bondage, cultic systems and New Age spiritualism. We need to pray that the Holy Spirit would draw to Himself those stuck in addiction and sinful life patterns, that they may be convicted of their sin and see their need of the Savior.

No, the Reformation is not over. In fact, the Reformation will not end until Christ comes again. Until that day we must be constantly reforming every aspect of our lives to the revealed Word of God, the Bible. So open your Bible today and hear the Words of your Creator. If you find yourself in darkness, open the words that bring light. "Your word is a lamp to my feet and a light to my path" (Psalm 119:105).

## You are God's pumpkin

Courtesy photo

*This devotional was written  
by Kelly McFadden*

*God has united you with Christ Jesus. For our benefit God made him to be wisdom itself. Christ made us right with God; he made us pure and holy, and he freed us from sin. Therefore, as the Scriptures say, "If you boast, boast only about the Lord."  
—1 Corinthians 1:30-31 (NLT)*

For most of the country, the crisp cool air of autumn is upon us. A sure sign of autumn is that Christmas decorations are popping up everywhere in retail stores. Halloween costumes and disguises are selling out in stores as trick-or-treaters are ready to take over the streets. A popular symbol of both harvest time and Halloween is the pumpkin. I was thinking recently that being a Christian is a lot like being a pumpkin. Perhaps you are visualizing this orange, round vegetable and wondering how you could ever be compared to one of these squashes! Simply put, like a child chooses a pumpkin to carve and mold an image upon, so God carves and molds His own unique design in you.

The Scriptures tell us that the Lord chooses us. He lifts us up and washes the dirt from our skin. Then he opens us, connecting deep inside to scoop

out all the slimy, yucky stuff, including seeds of doubt, spite, lies, and fear. Then He carves a new creation, and makes our faces shine by putting His light inside for all to see.

Sometimes I feel like I don't want my light to shine because I am ashamed of a thought or action or pattern in my life. I try to hide the light Christ has put in me, and blend in with the crowd. What I forget is that when God carved me, created me, and gave me His Son, I no longer had to count on my own strength. I can count on the Lord's. It is He who washes me clean; it is He who gives me a spirit of strength and perseverance; it is He who makes me pure; it is He who frees me from sin; and it is He who gives me hope. When I realize that my part of the equation is to rely on His strength and power, then I can do as Scriptures say, and shine His light through the power of the Holy Spirit.

What starts as an everyday squash turns into a lantern of light. What starts as an everyday person turns into a beacon of hope for all to see. Through our union with Christ, we are given the light and wisdom of the Holy Spirit who enters and dwells in our lives. It is He who picked you out and carved you just the way He wants you. So make sure you keep your lantern lit for all to see.

Have you ever said "Never!?" You probably cannot answer that way even now. Times change. We change. When we make decisions, we base them on the facts we have and our feelings of the moment. It can be an enjoyable outcome or may involve more decisions.

Matthew 5:37: "Simply let your 'Yes' be 'Yes,' and your 'No' be 'No'; anything beyond this comes from the evil one."

That may be rather simple, but it is as definite as "never." When we begin to qualify the response, we may confuse the issue at hand. As a child I would go first to my dad to ask for something, knowing he would often defer to "Ask your mother." I would then go to my mom and say, "It was okay with Dad, but he asked me to check with you." A little stretch called "child psychology."

In thinking of "never," the mind-game of looking forward or backward can be fun. If someone had told me 10 years ago I would be where I am, doing what I'm doing, I might have said "Never." But it has happened through a series of unexpected events and here I am.

The same can be true in looking forward. We plan on progressing in our lifestyle, our education, our profession, all based on personal history, but we see such projections in The Old Farmer's Almanac and realize those are "best guesses."

So "never" means at this moment!
