Dylan is gone, but will never be forgotten. The impact he had on our lives cannot be measured or described in words. He taught us to love life and appreciate the things that are truly important in this world. Dylan fulfilled his mission on this earth in his 7 very short years and now we know it was never God's plan to have him live a long life. He only needed to accomplish what he was placed on this earth to do.....open our minds and hearts to accept God's plan for us. His words to all of us, "It's a beautiful day."

**Sincerely,
Angela and
Donald Earven**

Although the Dylan Earven Foundation has been dissolved, Angela and Donald would like to keep the memory of their beautiful boy in the hearts and minds of our community. Their hope is that Dylan's story and his fight gives strength and courage to all fami-

Obituaries/Community

Glennis Sostrom

Glennis Sostrom went home to be with the Lord on Aug. 2, 2021 after a long illness. She was 84 years old but still young at heart.

She leaves behind four living children, Carl (Linda) Sostrom of Idaho, Shannon Coons of Arizona, Frank (Denise) Sostrom of California and Eric (Carolyn) Sostrom of Arizona, brother John (Twylah) Raymond of Arizona, sister Marian (Vern) Harding of Colorado, sister-in-law Nellie Raymond (Gerry) of Wyoming, eight grandchildren, five great-grandchildren and several nieces, nephews and cousins. She was preceded in death by her parents John and Pauline Raymond, husband Henry Sostrom, son Frederick Sostrom, brother Quentin Raymond and son-in-law Dale Coons.

Throughout her childhood in Wyoming, Glennis always wanted to live like a mountaineer or have a ranch on the prairie. Those dreams were never reached

but she had a full life with her family and friends. It was impractical for her to work away from home with five children, so she ran a daycare in her home from 1963 to 1976 in Laramie, Wyoming. She was always mentoring young minds. The smell of baked bread and fresh coffee is a great memory for many of her charges, and she was always the neighborhood "go to" for home-baked goodies. Glennis also worked with the health department to mentor young mothers and was very generous with anyone who needed her.

Henry had new job opportunities in 1977, so the family moved a few times

in Wyoming. In 1987 they were empty nesters, so they moved to Phoenix where three of their children lived. Just before Henry retired in 1996, they went back to Wyoming and lived in Cody until 2010 while still traveling in the winter to Tonto Basin, Az. Glennis was a great cook and enjoyed playing cards and board games with family and friends when time permitted. Her latest home in the Wheatfields area north of Globe, Az. had breathtaking views, and she fed the birds and other critters that would come visit. It was welcoming and a bit of a sanctuary for many human visitors, too.

Glennis loved life and couldn't get enough exploring of the U.S. and spending time with family and friends. She traveled extensively, but always wanted to see and discover more. It wasn't in her nature to give up on anything, especially life.

A celebration of her life will take place on Oct. 9, 2021 at 11 a.m. at the Country Roads Resort in Yuma, Az. and interment of ashes will be in spring 2022 in Riverton, Wyoming.

Martha Ann Harmon was born Feb. 11, 1948, to Elbert and Anna Rebekah Griffiths in Kanab, Utah. At the age of five she was in a fire accident that burned 80 percent of her body. She was in and out of hospitals all her life due to the fire, with procedures such as skin grafts and pins put in her fingers for mobility. Martha was previously married to Patrick Brockert and became a widow in October of 1973. She was told she would never have children; but, against all odds, on Sept. 18, 1972 her first daughter, Anna Maria, was born. One Saturday night in January of 1974 she met Billy Lee Harmon; they were married by the next Friday, Jan. 18, 1974. In January 2021 they were married for 47 years. On Dec. 18, 1974 and May 21, 1978 she was blessed again by daughters Dawn Keerie and Amber Lynn. Martha fought breast cancer and won the battle. Then she had a stroke and suffered with major side effects that reduced her ability to move around; however, her spirit was never deterred. She was then diagnosed with Parkinson's disease, and she fought but she could

Martha Harmon

not beat this one.

Martha made a promise to Billy that she would go wherever he went, so the family has traveled and lived in Washington State, Utah, Colorado, Illinois, Texas, New Mexico and Arizona. She retired with Billy and lived their dream by purchasing a RV and traveling the United States. Billy and Martha took grandkids on trips and visited places such as Yellowstone, Mt. Rushmore, Redwood Forest, Crater Lake, whale watching, the Oregon and California coasts, San Diego, Sea World and Lego Land.

Martha's greatest passion was her seven grandchildren and two great-grandchildren. She was always present for anything that was going on in their lives. Martha was a strong woman who unbeknownst to most humbly battled

through life with determination and strength. She was protective of her husband, children, grandchildren and great-grandchildren. She was able to make any person feel loved and accepted. Martha loved her family endlessly. She made a point to stay in touch directly with them and demanded hugs from them whenever they were in her presence.

Martha was preceded in death by Elbert and Anna Rebekah Griffiths, Patrick Brockert, John Griffiths, Maria Kelly and Joseph James. She is survived by husband Billy Lee Harmon; daughters Anna Maria Harmon-James, Dawn Keerie Battle and her husband Bill Battle, and Amber Lynn McDaniel and her husband Chris McDaniel; seven grandchildren Gaven McDaniel, Korben James, Jaden McDaniel, Deven McDaniel, Zoey Battle, Brandon Battle and Mason Battle; and two great-grandchildren Kamden Crick and Khloe James.

A Memorial Service was held on Saturday, Sept. 11, 2021 at the Trinity Baptist Church in Globe, Arizona.

Assisting the family; Lamont Mortuary of Globe.

Gila County Equipment and Vehicle Auction Sept. 18

Need a dump-truck, cement mixer or crack-patcher? Or how 'bout an in-the-bed toolbox for your truck . . . or a 1998 Dodge 2500 to accompany that truck-box you just bought? And here's an intriguing auction item: you could be the winning bidder on either of two refrigerated Connex boxes -- just imagine converting one of those solid steel structures into an air-conditioned she-shed . . . nearly earthquake-proof bug-out shelter . . . or a unique guest house for your in-laws. Yessir, Gila County's having a good 'Ol fashioned live auction of vehicles and surplus equipment, and the rapid-fire patter of a guest auctioneer will nudge buyers to compete at the Russel Gulch Landfill on Saturday morning Sept. 18.

Prior to the start of the auction bidders must post a \$100 deposit with the cashier to receive an official bidder number. Failure to pay for items will forfeit that \$100 security. Bring cash, or cashier's check -- because credit cards and personal checks won't be accepted. Potential bidders may walk the lot, literally kick the tires, and preview items from 8:00 -- 9:00 a.m., then auction action begins at 9:30. All items must be paid for on auction day and purchases must be driven, towed or hauled away that same day, too. And that \$100 you invested? Winning bidders will have \$100 deducted from the sale of the item, with the bidder paying the balance -- or being

refunded the difference.

What's on the auction block?

Cruise Car Golf Cart (All American series); 1975 Wells box trailer; 2001 Chevrolet Tahoe; 1992 Dodge Caravan; 1998 Dodge 2500 truck; 1990 Cadillac Sedan deVille; 1997 Dodge Caravan; 2000 Chevy Cavalier; 1994 Dodge Caravan; 1999 Dodge Caravan; 1999 Nissan Pathfinder; 1981 Subaru SW; 1997 Chevy Blazer s-10; 2 refrigerated Connex boxes; 1980 White Western Star dumptruck; 2-10 wheeler 12-yard dump beds; Dump bed; Generator; 4-6 hole 10.00-15 Wheels (2 sets); Spreader box; 2-2 1/2 t road assy lot; 10 hole 10.00-r22 wheel; 10 hole 9.00-r20 wheel; an unknown amount of old cable; loader bucket; sweeper IIba841; 1979 Mack dumptruck; Kenworth truck (year?); western pickup snow-plow attachment; cinder spreader parts (2 each); Hendricks walking beam suspension; Eaton 7-speed manual transmission; 1959 Fruehauf box trailer axle assembly; 2000 Craftco diesel crack-patcher; Essick concrete mixer; old burner box pipes; fuel storage container and stand, meeting

room, guardrail posts, 2002 GMC Sierra 1500; 2003 Chevrolet Tahoe; 1993 Chevrolet Blazer; 2000 Ford Explorer,

Dorame earns Lifesaver Award

Let’s hear it for Georgia Dorame!

She is the recipient of the Cathy Sanchez-Cañez Lifesaver Award.

During the recent rainstorms, Georgia spotted a man being swept up by rapid waters near Connie’s Bridge. She quickly called 911, help arrived and the man survived.

The Cathy Sanchez-Cañez Memorial Foundation is all about water safety. It’s comforting to know that we have a fast thinker like Georgia keeping an eye out in the community. You are a lifesaver. Good for you. Good for Globe. Good for Gila County.

Georgia is one of Cathy’s first cousins. Kind and caring people run in this family, for sure.

Community

Team of Six: Earn \$12.15/hour with Youth Conservation Corps

Age 17- 20: if you love being outdoors in the Tonto National Forest that surrounds Globe-Miami, apply now for September-October outdoor jobs sponsored by the Arizona Conservation Corps. YCC participants earn \$12.15 per hour learning new skills through hands-on projects within the forest and also local communities during these seven-week-long jobs. Unlike some YCC assignments that require camping, this fall's Globe-Miami crew will work daytimes, returning home each night. Youth Crew members live at home and work Monday through Friday on projects in the surrounding national forest, with preference given to local applicants. Crew mem-

bers report it's a learning experience, too - a chance to actively participate in environmental education activities and follow safety procedures in all tasks assigned (including safe use of and maintenance of hand tools). Most importantly, participants must be willing to be an active member of a crew of up to eight (six crew members and two mentor team leaders) from different backgrounds committed to actively improving the natural world around them through a variety of projects. Who is an ideal candidate? One who is willing to work outside, loves to be outside, is drawn to project work and has a passion for conservation and nature. Being ready to try new things and

learn new skills, working as part of a team towards a common goal and being ready to have fun are also traits of an ideal YCC crew member. Read more and apply at azcorps.org/member-positions.

Questions? Please call Lorena at (928) 526-3280 or email lvazquez@conservationlegacy.org.

Arizona Conservation Corps has two job openings for adult crew-leaders too -- an option that's equally open to applicants of all experience levels. Read more at azcorps.org/member-positions.

Delta Dental of Arizona Foundation encourages nonprofits to apply for grants

The Delta Dental of Arizona Foundation is looking forward to helping even more Arizonans with their oral health needs as its 2022 grants cycle is now open. Nonprofit organizations are encouraged to apply for grants ranging from \$2,500 to \$30,000 to support oral health programming focused on education, preventative care and treatment. The Foundation will consider a wide range of oral health programs for families throughout Arizona with a specific focus on children, pregnant women and senior citizens.

"In 2021, the Delta Dental of Arizona Foundation selected 30 nonprofit organizations across the state as recipients of grants and dental supplies to improve the oral health of Arizonans," said Barb Kozuh, Delta Dental of Arizona director of community benefit marketing. "We were able to award \$774,322 in total across these 30 organizations to support projects and services promoting good oral health practices and increasing access to dental care among underserved children, pregnant women and seniors

throughout 2021."

Applications are due on October 14 by 5 p.m. Successful applicants will be announced in December 2021, with awardees announced and checks delivered in January 2022. To submit, the program must take place between Jan. 1, 2022 and Dec. 31, 2022.

For a list of past grant recipients, complete guidelines and application materials, please visit: <http://www.deltadentalaz.com/foundation>.

Adult Education, GED/HSE classes in Globe

Gila County School Superintendent Roy Sandoval's staff have administered 226 tests at the Globe testing center so far this year, a success story that documents program improvements over time and demonstrates the value of GED/HSE and Adult Education programs. Success stories can be a useful tool for educating our commu-

nity about the outcomes of the work we do and the results we are achieving. Here's one success: A student completed the classroom studies and successfully passed all five GED required tests; two weeks later the student was employed at a local grocery store making close to \$20 per hour. Another student completed the testing

and has been accepted at Florida State University. A student father mentioned having a hard time working through communications and getting GED testing availability during the Covid-19 pandemic, then he found us here in Globe as we remained open during the pandemic. This student completed his GED/HSE, found a great job in the

Phoenix area and is making \$20.50 per hour. His father took time to thank staff for all that they did for his son. In choosing a challenge to change your life, remember that most programs undergo varying states of capacity, maturity, and accomplishment. Be diligent, be prepared to work, and then be willing to achieve your goals. That's 226 success

stories from the Globe testing center; attain your own goals with a call to

intendent Roy Sandoval's Office at (928) 402-8783.

United Fund: Agencies that serve the community

CAROL BROEDER

This week we look at Globe Lions Club and Monsoon Youth, as part of our ongoing series featuring 21 local nonprofits United Fund (UF) supports.

Monsoon Youth

Under the "Monsoon Youth" umbrella, Summer Youth Musical Theatre Program (SYMTP) and Arts Outreach contribute significantly to arts education in Globe-Miami. Since 1997, SYMTP performs "a fun-filled and fantastic musical production for the community" each summer, says Program Director Lyndon Baker and Music Director Leslie Kim. While productions draw great community attention, "many people are less aware of our presence in local schools and the huge impact of our Arts Outreach program." A too-long waiting list for each SYMTP production is one reason for Monsoon Youth's investment in Outreach. Another is a commitment to finding "new ways to engage children in the community over the last two years especially." With Outreach involving 1,500 area children annually, that's "a lot of young people's lives improved over a short period to time, thanks to United Fund's generous investment in our programming,"

With UF support, Outreach began in 2016, initially focused on theatre arts for Kindergarten-Fifth Graders. Later, Outreach developed a more multi-disciplinary approach, adding rhythm and visual and literary arts to movement and drama. Expanding its work to middle- and high-schoolers, Outreach introduced dramatic arts and encouraged creative exploration. Without exaggeration, Baker and Kim say Outreach wouldn't exist—let alone have its expansion and continued impact—without UF support. Now, through "Year of Yes" grant funds, UF is supporting a new initiative at Miami Unified School District. Teaching artists and teen mentors are working on "hands-on art workshops encouraging creative exploration and self-expression," Kim and Baker explain. This fall, the project will serve Kindergarten-Fifth Graders on Fridays for eight weeks, culminating in a public showcase, as well as printed and digital forms shared with the school community. "Our time with the kids in-school is one of our highest priorities because of our desire to see every child in Globe-Miami grow a measure in their well-being," Baker and Kim explain. "We believe that one of our special gifts is to bring the beauty and strength of creative exploration

into their lives." For more information, email info@monsoonyouth.org or call 928-487-5305. **Globe Lions Club** Serving the community since 1928, Globe Lions Club provides eye exams and eyeglasses for those in need, as well as the All Children Eat (ACE) program in seven local schools. But the list doesn't end there. The Lions also provide devices to assist visually impaired; supports Leader Dogs for the Blind; White Cane Safety Day; "Journey of Hope" Bicyclists; C. Kirby Smith International Youth Exchange; Lions Camp Tatiyee for special needs campers; Read On Globe-Miami; Globe Unified School District Robotics Club; Highway 60 Cleanup and many other charitable groups, says Jennifer Gourdin, the Lions' president since July. "Support from the United Fund has helped us to do many things in the community," says Gourdin, citing the ACE project, which created a food pantry for students in seven different schools. It makes possible students in need bringing food home for after school or the weekends, she explains. About 2,000 items go to students each month and the Lions continue looking for ways to add items each time, Gourdin says.

With 20 members, the Lions are actively seeking more. Meetings are the second Tuesday of each month at 7 p.m., First Presbyterian Church of Globe, 318 S. Hill St. "We encourage anyone interested in the Lions Club to join us," says Gourdin, adding community members are welcome to see what they're all about. She calls Lions a community group "actively looking for ways to give back to the community." "We want to be able provide support to those in the community whenever a need arises that we can help," Gourdin says. For many years, higher membership numbers enabled the Lions to be more involved in the community. With many members now older, membership dwindled over the past several years. "We are hoping to be able to recruit new members of all ages," Gourdin says. "We believe that as we gain more members, we will increase our capacity to serve in the community." For more information, email jennifer-gourdin@gmail.com. How to help the agencies Donations to United Fund can be made year-round through the Arizona Gives Day platform ("Give Now" button on UFGlobeMiami.com) or mailed to United Fund, P.O. Box 2160, Globe, AZ 85502.

Pastor Stevens to speak at Globe Christian Center

Pastor Joe Stevens of Austin, Texas, will speak at the Globe Christian Center September 19-22. Sunday services are at 10:30 a.m. and 5:30 p.m. Monday through Wednesday services start at 7 p.m.

Pastor Stevens is a son of a successful Texas pastor, but he knew what he didn't want to do when he grew up. As a teenager, he said, "God changed my mind."

At 21 he became a pastor, pioneering a church in Los Angeles. There were also mission crusades to South America, Europe and Africa.

He heard of an opening for a missionary in Greece that didn't interest him a bit. "On a mission trip to Mexico, God changed my mind again," he said. In four years, a Greek church was established. Pastor Stevens then returned to California and later

to Texas. Both the Los Angeles and the Austin churches are thriving today.

What are Covid-battered people looking for today? "Hope, in every area of life," said Stevens. "God can provide that!"

Mistakes

DR. DAN MORTON
Contributor

Often with best intentions we make mistakes. Hopefully we can catch and correct them. It is great that football plays can be subject to review and the officials can see what took place from several different views. Dr. Wayne Dyer created a mythological planet where there was not only instant replay, but the opportunity to correct a mistake before it was "aired."

The correction may necessitate forgiveness once we have said or done an inappropriate word or act. Immediate apology is appropriate, with a proper explanation of what was intended. This means asking for forgiveness from others and extending forgiveness to yourself. The messages we say inwardly can accumulate and cause inferior

feelings that are not necessarily warranted.

When I was in high school I said something unkind about another student and later realized how it sounded. I didn't sleep well that night and the first thing in the morning was to speak to the person I had said it to and apologize. The apology was accepted, but it made a painful impression on me.

Richard Paul Evans wrote a touching story of a very successful businessman who had hurt many people in his relentless pursuit. Like Ebenezer Scrooge, this man had a list of people with whom to try to make amends. Some would not accept his offer, some had died, some were astonished at his action, and a few accepted his apology and attempt to make things right.

May this be a warning to think before we speak.

The Key to Self-Acceptance

Advertising is often geared to make people strive to look the best, be the best, and own the most. If you buy "this" car, you will really be number one! If you buy "this" particular brand of clothes, you will be just like "this" famous celebrity and people will really admire you. The world constantly gives us the impression that we need to be something other than what we are.

Confidence begins with self-acceptance—which is made possible through a strong faith in God's love and plan for our lives. I believe it is insulting to God when we compare ourselves with others and desire to be what they are. Make a decision to be grateful for the person God made you to be, and then you will never again compare yourself with someone else. Appreciate others for who they are and enjoy the wonderful person you are.

Prayer Starter: Father, help me to love and appreciate the person You created me to be. I thank You that I don't have to compare myself to others in order to be accepted. You created me with a unique and wonderful purpose. I'm thankful that to You, I am special and beyond compare.

Worship

War Cry United War Dance

By MONICA NUNEZ

Sweet Haven Canyon Church

Worship is an unseen weapon. God sends confusion into the enemy's camp!

God designed us to love music. Our Lord teaches us to love others, to be in the state of being one. Oneness – in agreement – accepting one another, just as Christ accepted you, in order to bring praise to God.

A Study for You

Romans 15:1-13. Bearing others' burdens and glorifying God together. The first line says we then who are strong ought to bear with the scruples – which means immature, weak in the Word of God.

Galatians 5:1 Christian Liberty – Stand fast in the liberty by which Christ has made us free, and do not be entangled again with a “yoke of bondage.”

We are free to dance, sing, wave flags in praise and worship. There are many ways God can use your gifts and talents to convey messages to His people. As you minister with flags, you are declaring the body of Christ that the Lord is our banner. His messengers, His servants, His salt, His light and His beacons on earth. Sweet Haven Canyon Church is a beacon on this hill. The doors are open to those who want refuge in Jesus!

Worship and Praise

Remember in worship and praise we are relating to the Holy Spirit – Soul which is an emotional, intellectual energy in our mind within us and not physical nature or matter – intangible. The Holy Spirit is connected to God/Jesus Christ. In worship you can connect or refuse. It is easy to lose focus on your worship to God. You can teach yourself to stay in that place of worship and praise, focusing only on the things of God, not on the person next to you, or who just walked into the sanctuary, doing this will take you in many directions!

The soul is whatever makes you unique; the identity of a person; this life force leaves the body when it dies!

How does music make you feel?

Does music make you feel uplifted, excited, happy and put a smile on your face? Does music make you feel melancholy, a pensive feeling of sadness, thoughts come alive right before your eyes? Then the thoughts get deeper! You start to think of

the past, the pain, the hurt, then depression sets in, regrets run rapid through your mind. You may start to get angry, rejected, and sad.

There is a war going on in your mind and the worst thing you can do is entertain those thoughts. Change your mind thoughts. Put on some spiritual battle songs. Start war with worship. It is a force that unites and rallies people together.

The Bible is no exception to that. In 2 Chronicles it tells the story of King Jehoshaphat and the treat he received from the armies of Moab, Ammon, and Edom. Jehoshaphat knew that his armies were no match for those of his enemies, so he wisely turned to the Lord in fasting and praying.

The Lord heard and the Lord responded through the Prophet Jahaziel, his name means “God sees.” The spirit of the Lord came upon him saying in 2 Chronicles 20:15 “that you must not be afraid to face this large army. For the battle is not yours but God's.”

After talking to the people, the king ordered some musicians to put on the robes they wore on sacred occasions and to march ahead of the army, singing: “Praise the Lord! His love is eternal!” When they began to sing, the Lord threw the invading armies into a panic and confusion. The three armies that came against them completely destroyed each other!

This is an example of music and faith being used to come against evil. The possible unarmed singers marching before the armed soldiers.

When we unite with one another and sing with conviction, “in Spirit and in Truth” as Christ said in Ephesians 6:10-20 For we do not wrestle fight against flesh and blood, but against principalities, against power, against rulers of the darkness of this age, against spiritual hosts of wickedness in heavenly places. Therefore, take up the whole armor of God that you may be able to withstand in the evil day and having done all to stand. I must say we are in these evil days!

Even though the victory belongs to God, the human means through which God gives victory is the Ministry of the Worship Team. Guess what we are the worship

team as we sit and worship, praise and pray together!

We don't need an elaborate choir or band and God bless those churches that have them. Let them perform to the Glory of God in Spirit and in Truth. God has appointed the use of spiritual songs as an effective weapon against Satan!

Don't start worship ears, start war with worship. This is the importance of Unity in Worship. Do you know how to pray for your Pastor before she/he takes the pulpit, the prayer needed for them, is to battle with song to push back the enemy of our soul. Distractions have to go! We are preparing for the Word of God to come down on us in the church service.

Come prepared to do battle on Sunday morning and in your very own personal time of study. Use song, dance, praise, worship to win your battle. Put on your combat boots, put on your armor of God, put on the belt of truth, the breastplate of right living with God, put on your shoes with the Gospel of peace, put on the shield of faith, the helmet of salvation and the sword of the Spirit the word of God.

Words of God are in songs. Put on the Whole Armor of God means to apply all of the Gospel to all off your life.

The Whole Armor of God is the expression of your trust in God and what He has done for you through Jesus Christ. Your victory is spiritual warfare which was secured at the cross of Christ and the Blood that was shed there. Revelation 12:11

The whole armor of God protects you against the daily pressures and spiritual attacks form the evil forces around you.

Psalm 100, which is only five verses long, tells us to remember God's goodness and dependability, and that we should praise Him because of this. Verses 4-5 say, “Enter into his gates with thanksgiving, and into His courts with praise; be thankful unto him and bless His Holy name.

When we come before God with a thankful heart, acknowledging Him for all we have, then we are entering His gates with thanksgiving. When we testify to others with our words and actions of God's provision, then we are entering His courts with Praise.

God alone is worthy!

Community

CASA of Gila County honors grandparent caregivers

On September 12, grandparents around the nation were honored for all the love and support they give to children in their lives. Court Appointed Special Advocates (CASA) of Gila County would like to especially honor the grandparents in our community who have taken their grandchildren who have experienced abuse and/or neglect into their homes.

In Arizona, 51 percent of youth in foster care are living with a kinship relative, either a blood relative or an adult with whom the child has a significant relationship, according to the FY20 Department of Child Safety Annual Report. Many of these kinship care providers include grandparents who are caring for their grandchildren while there is an open dependency case, meaning the children were removed from their home due to abuse and/or neglect. Appropriate kinship placement allows the children to live with family so they do not have to be uprooted and moved into an unfamiliar foster or group home.

While the state provides many services to kinship caregivers, especially those who get licensed, many are taken by surprise and are unsure where they can turn for support. For the thousands of children in unlicensed kinship care placements, the monthly reimbursement is only \$75.

CASA volunteers are everyday community members who volunteer their time to advocate for the best interests of children who are in the foster care system. When children are living with a grandparent, CASA

advocates are often able to connect them with the support and services available to better provide for their grandchildren.

Often, CASA volunteers are the only unpaid professional on the case; they are able to focus on one case at a time. Case managers, therapists and attorneys have multiple children on their caseload, making it difficult to spend as much time on one family. The CASA volunteer visits the child monthly, reports back to the judge on what's happening in the case

and gives their recommendations for moving forward. A CASA volunteer's unique outsider perspective helps them effectively advocate for the best interests of the child.

This Grandparents Day, CASA of Gila County encourages everyone to honor the caregivers in their life by volunteering to help a child in need. For more information on the CASA Program visit CASAofGilaCounty.org or call the Globe CASA office at 928-402-4427 or the Payson office at 928-474-7145.

Chalk It Up, Globe! New Art Event

Sidewalk chalk art can be funny, whimsical, inspiring -- sometimes even three-dimensionally magical. Search the web using keywords "3-D chalk art" for unbelievable pictures of breathtaking artworks that fool the eye.

Local volunteers with "I Art Globe" just announced a new chalk art event to add dashes of color along Broad Street and downtown on Friday, Oct. 1, an afternoon of art coinciding with open-after-hours events planned for that evening's First Friday.

"This isn't a competition, and we won't be judging the art or awarding prizes. It's a feel-good activity meant to complement First Friday activities," said community organizer Regina Ortega-Leonardi. "Teams of artists will create designs on city

sidewalks. Downtown visitors that day can have fun seeing new chalk art peppered along city blocks throughout downtown Globe. Student teams, as well as local business owners and their crews and private organizations, will paint the town a rainbow of different colors, designs and themes in chalk. Just a few participants at this point include Turn the Page, Pretty Kind Boutique, Cobre Valley Center for the Arts, Vida E Caffè and Globe Public Library. Volunteers from Skills USA, local high school students and church groups are volunteering to help make this new event a success, too." Questions? Want to donate or help sponsor this event? Batting Range celebrates 30th anniversary

The Batting Range, at 201 W. Cottonwood St., celebrated its 30th anniversary this Labor Day weekend. In September 1991, the 3-cage facility opened to a huge crowd and has provided fun, exercise, and skill improvement to batters of all ages for the past 30 years.

Three speeds are offered: slow pitch softball at about 25 mph, Little League speed at about 40/50 mph, and high school all-star proficient at about 70/80 mph.

Individuals, teams and scholarship hopefuls have

practiced in the cages, gaining precisizing in timing and accuracy, overcoming fears and generating confidence. Parents have helped little T-leaguers learn how to swing the bat. Softball coed leaguers have had fun preparing for their games. Little League teams have practiced their skills, especially before tournaments. Single individuals have experienced and relieved stress at the Batting Range.

"I Batted 1,000," a difficult-to-achieve honor, has challenged hopefuls to hit 10 games in the 70/80 cage within a 3-month

timeline. When successful, their names were printed on a plaque on display at the concession stand. They received recognition with an article in the newspaper, and gifts such as a T-shirt, a drinking cup, and the pride of accomplishment.

The outdoor facility is open 7 days a week, and social distancing is a natural. Cost is 10 balls for \$1 or rent a cage at \$20 for 30 minutes.
