## Globe WWII veteran presented with flown flags

By Dave Yanez  
Contributor

On Jan. 30, 2024, Lieutenant Colonel Benjamin R. Lucero, Lieutenant Colonel Nathaniel King and Senior Master Sergeant Kelly Dugan, members of the 161st Aerial Refueling Wing, Goldwater Air National Guard Base, Phoenix Sky Harbor International Airport, Arizona, presented 100-year-old WWII veteran T/5 Joe G. Vasquez a shadow box containing the United States flag and the State of Arizona flag along with a certificate that reads as follows:

"This certifies that these flags were flown on-board a KC-135 Stratotanker, Callsign Copper 01, on 17 January 2024, over the skies of Arizona during a training mission refueling a EC-130-H Callsign Batt 01. Let all who look upon these flags be reminded

of the military men and women who maintain a steadfast devotion to protecting the freedoms they represent."

During that flight, the aircraft commander was Colonel Jessica L. Hastings, who is also the wing commander. The pilot was Lieutenant Colonel Jeremy Lopes, and the boom operator was Senior Master Sergeant Hilario Sanchez Jr.

Vasquez was born and raised in Globe, and proudly served his country in World War II. He turned 100 on January 14.

## LUCIFER DESTROYED HIS HEART THE RIGHTEOUS HEART LOVES

Lucifer's HEART disputed

A wondrous boast.

Chiding GOD's Laws, he polluted.

Lucifer first apostate, first anti-Christ!

Reciting, "I will be like GOD!"

The audacity, he spoke.

God heard! Weary of Lucifer's

Dissension, GOD spoke judgement.

"Lucifer, thy HEART - dark and vile.

Thy lies seed thy mind.

Thy hatred tattoo thy altered body.

No longer a light bearer, Satan is thy name."

"I AM the standard of the Universe.

Mocking my perfect LAWS, thou refused to bow.

Thy HEART's vessel a rotting sepulchre

By lies and hate thou vowed."

Cast out of Heaven, dishonored,

Satan roamed the earth.

Discovering GOD created mankind,

In GOD's image, Satan raged, violently!

Satan's world system: against humanity;

Against GOD's supremacy over life eternal.

With deadly consequence, his heresy

Continued, "I will make you a god!"

The lie riveted through the ages,

Many humans enslaved prey.

"You will never be a god! Why?

Presently, Satan remains a devil!"

Long millenniums ago, Satan dared

Rebellious thought; his SEED words

Manifested mutiny. His treacherous

Words devoured his exquisite beauty;

Plunged his HEART into darkness.

Ancient Bible guides and teaches

GOD's perspective on history of mankind.

Enrich thy mind; salvation be thine.

Godly prophets clarified: Who the Savior is!

Child's HEART patterned

In the womb's sojourn.

Mother's LOVE transferred

Or mother's indifference.

The child LOVE'D in blessed

Sanctuary learns LOVE.

LOVE and HATE are taught.

Happy child's HEART who is LOVE'D.

GOD is LOVE! Humans born inherit GOD's LOVE.

A pure HEART speaketh LOVE to GOD.

Without acts of LOVE a person's HEART dies.

The HEART speaks LIFE or DEATH!

A sweet spirited HEART

Breeds sweet acts of LOVE.

LOVE speaketh no evil, nor expresses rebellion.

LOVE like water gives LIFE to everyone.

Cloned Cain, a REBEL bully kills HEARTS!

Satan persecutes thy HEART, to tear it apart.

Seek! Ask CHRIST rescue thy HEART.

CHRIST protects surrendering HEARTS.

Fear the LORD! HE cast rebel souls in Hell.

The LORD created thee; LORD deserves gratitude.

LORD births Holy Spirit in thy SOUL, include:

One Truth, one LOVE, one Savior - CHRIST!

LOVE is greater and overcomes HATE!

CHRIST is greater and overcomes SATAN!

LOVE BIRTHS LOVE!

## Blood donors urgently needed to share the love in February

Nonprofit blood services provider Vitalant urges all eligible donors to help meet the urgent patient need for blood donations, share the love and make a heartfelt difference in February, Heart Health Month. In addition to helping save lives, Vitalant donors receive a free mini-physical checking their pulse, blood pressure and cholesterol level. With each donation, donors can help save more than one life and track their wellness information in their secure and confidential online portal account.

Vitalant is holding blood drives in Superior and Miami this month. The Superior drive will be on Thursday, Feb. 15, from 2-6 p.m. at Resolution Copper, 402 W. Main St.

The Miami drive will take place on Monday, Feb. 19, from 8 a.m. to noon at Freeport McMoran Miami Operations, in the Copper Room, 4877 W. Cypress Way.

While donors of every blood type are urgently needed, supplies of type-O are critically low. O-negative is the universal blood type that can be transfused to any patient when there's no time to match. O-positive is the most in-demand and transfused blood type. Platelet donations are also critically needed every day. About 50% of platelet donations go to help cancer patients.

To make a blood donation appointment, visit [vitalant.org](http://vitalant.org), download the Vitalant app, or call 877-25-VITAL (877-258-4825).

### Correction

The obituary for Karen Flores in the Feb. 7, 2024, Copper Country News stated that she was survived by brother Rany Veliz; the correct name is Randy Veliz.

## Gila County Gem and Mineral Society thank you

The Gila County Gem and Mineral Society would like to thank all the people from Gila County and elsewhere who came to our 66th Annual Gem and Mineral Show at the Gila County Fairgrounds. We are proud to sponsor these events in hopes of garnering attention for Earth's bountiful beauty and how gems and minerals are incorporated into so many aspects of our lives.

KK's Fish & Chips, Cemex Globe Concrete Plant (sand for our gem and fossil pit) and to the Globe Elks Lodge 489 for sponsoring the JROTC whose members did a wonderful job of opening the show with their color guard and with their cadets helped all three days in the activity room. Thanks, too, to all the many vendors and individuals at the show who donated items for the hourly door prizes.

On behalf of our Scholarship Committee, we thank everyone who participated in our raffles to raise money for scholarships for graduating seniors who wish to pursue continuing education in

a STEM curriculum (Science, Technology, Engineering and Math).

A special thank-you to Gila County Supervisor Tim Humphrey who provided a grant to help us put on the show and make educational materials available to all who attended.

Our success is ultimately dependent on our membership's willingness to donate their time to this three day event. Our membership sure stepped up to the task. Thank you. Thanks to each of you who helped make this year's show a big success and one we can all be proud of.

Sincerely,

## WHAT IS CHOLESTEROL?

Cholesterol is a waxy, fatlike substance in your blood. Cholesterol is essential for good health. But too much of the bad kind of cholesterol can put you at a higher risk of heart disease or stroke.

**1** Blood cholesterol comes from your liver and it helps your body build cells and make vitamins and certain hormones. Your body produces all of the cholesterol it needs through this process.

**2** Dietary cholesterol comes from foods you eat, primarily animal products like meat, eggs, cheese and milk. Dietary cholesterol can lead to health problems if it gets too high.

**The bad kind of cholesterol**  
Low-density lipoprotein (LDL) cholesterol is known as the bad kind of cholesterol. High levels of LDL cholesterol can lead to heart disease and stroke. The AHA recommends "lower is better" for LDL. Studies suggest an ideal LDL level at or below 100 mg/dL. Adults who maintain this level have lower rates of heart disease and stroke.

**HDL** High-density lipoprotein (Good cholesterol)

**The good kind of cholesterol**  
High-density lipoprotein (HDL) is the good kind of cholesterol. High levels of HDL cholesterol can reduce your risk of heart disease and stroke.

**LDL** Low-density lipoprotein (Bad cholesterol)

**Triglycerides contribute to high cholesterol**  
Triglycerides are a type of fat in your body. A high level of triglycerides can contribute to problematic cholesterol buildup in your body.

**Check your cholesterol to avoid a heart attack or stroke**  
If too much bad cholesterol is circulating in your blood, it can build up inside the arteries that feed your heart and brain. If the cholesterol buildup gets too thick, it can trap blood clots in your arteries and lead to a heart attack or stroke.

It's important to check your cholesterol to make sure you're at a healthy level — and healthy lifestyle habits like eating a healthy and balanced diet, moving your body, and eliminating tobacco use can all help you better manage your cholesterol levels. Remember to speak with your health care professional about the best treatment plan for you.

## Open to instruction

BY DR. DAN MORTON  
Contributor

Several years ago, my daughter gave me a book for Christmas. The title was supplied, but the inside pages were all blank. The title was "Cherished Family Memories." It was up to me to recall and truthfully relate those experiences.

Not being a writer at the time, I sought various references and quickly jotted notes as ideas popped up. A common book in our home was (is) the Holy Bible. A reliable source-

book, it has more than 1,000 writers from centuries of experience and widely varied cultures. Not only would my ideas be expressed, but the color of the centuries could be blended in.

The Psalms are by several writers and address different issues of importance to the people of the day. Psalm 32 is by David and seems addressed to our cause: "8. I will instruct you and teach you in the way you should go; I will counsel you and watch over you."

He cautions the reader, also: "9. Do not be like the horse or the mule, which have no understanding but must be controlled by bit and bridle or they will not come to you."

When you agree to become open-minded as you search through the writings of others, then you are on your way to becoming the author who can fill those blank pages. I strongly recommend that you read and reread what you have written to see that it does say what you intended.

## Ask confidently

*Our Father wants us to realize that we can ask for what we need  
and trust Him to care for us.*

COURTESY PHOTO

Throughout the Sermon on the Mount, Jesus had been teaching the crowd how to walk with Him – to be pure in heart, to have mercy, to turn the other cheek (Matthew 5:1-48; Matthew 6:1-34). Imagine Him looking around at each person whom He loved so very much. He must have known every laugh line, wrinkle, and scar on their eager faces. Even more amazingly, He also knew their hopes and dreams, their fears and doubts. And so He concluded His revolutionary sermon by saying, "Ask, and it will be given to you" (7:7). But did they – and do we – really understand what that means?

Asking the Father for anything requires faith – not only in His capacity to meet our

needs but also in His desire to do so. That's why Jesus reassured His listeners with visible, tangible examples of a fish, snake, loaf, and stone (vv. 9-10). If we want nothing more than to give good things to our loved ones, He says, we can trust that God in His perfect love desires to give us even greater blessings.

When Jesus tells us to ask, He affirms our identity as beloved children. He's more than able and willing to meet our needs; our part is believing we are loved enough to make a request. Whatever you need today, ask with confidence and thanksgiving, knowing that your prayer will be answered in whatever way He deems best.
