Taffy Gould Coutts

Taffy Dee Gould Coutts, Auburn CA resident, passed away at 73 years Monday, on a hot July 22 afternoon after a long battle with leukemia.

Grandmother to four grandchildren: Elliott, Maslin, Tillie and Olin, and second to last survivor of the Gould immediate family; survived by her elder sister Loretta Mae Puzzi, husband James R. Coutts, daughter Lori Jean Gordon and sons Thomas Bartholomew-Coutts & Jeff Coutts.

Taffy was born in Miami, Arizona, the 4th of 5 children of Durwood Lindsey Gould Sr. & Frances Elaine Hill Gould; surviving her eldest sisters Elaine Gould Dapper and Doris Gould Flagg, and younger brother Durwood Gould Jr.

An avid Arizona State Championship tennis player for the Miami Senior High School Wildcats, who married young to James Robert Coutts as they shared a passion for dancing to the tunes of country western singers Waylon Jennings and Emmylou Harris. She became a mother in 1970 & 72 to Thomas & Jeffery, and later welcomed eldest daughter Lori into the family adopted from Carol Ann Coutts, James' first wife.

Taffy quickly determined to not only be a mother of three, but

to support her family in every way possible, working for AMI, learning and earning a B & C Class driver's license to become a bus driver at her children's schools, to then chauffeuring and inducting technology workers for the Sysorex Government Services of Silicon Valley. While the kids were little she volunteered as a nurses' assistant and PTA Parent for their school functions, and later earned a Professional Embroiders Credential from Purdue University and provided hand-stitched sample designs of every possible stitching style for the greater San Francisco Bay Area embroidery shops.

Having always believed in her Native American ancestry, at the request of her paternal grandmother Taffy arduously began researching the families' backgrounds; incessantly at times. This passion quickly developed into travels to the state's various libraries, archives, and cemeteries, and led to her achieving

her Genealogy Certificate from Boston University using research skills learned at the National Archives. Working for numerous personal clients, families and organizations seeking their genealogical histories, Taffy took great pride in her research accomplishments.

Taffy's never-ending service in research & learning simultaneously continued in her dedication as a Library Media Specialist for Natomas Unified School District's Natomas Middle School for the last 28 years. There she enjoyed ensuring the students, staff and faculty had the books, technology and research skill capabilities every school needs to instill a questioning of resources, biases, research diligence, and learning the latest research methods.

She also leaves behind her beloved Tonkinese cat of 20 years, Sophie.

Mom, we all love and miss you, and hold you in our hearts.

Communion With God

We find complete joy and fulfillment in the presence of the Lord.

God created us to be in relationship with Him. The type of communion Adam and Eve enjoyed with Him is meant for us as well. But when sin

entered the world, everything changed. God's relationship with mankind was broken.

But as we know, that's not the end of the story.

Jesus came to die in our place, bringing forgiveness for our sins and restoring our relationship with God. We are adopt-

Handling difficult circumstances

Focus on Jesus instead of your difficulties – He will provide deliverance, comfort and peace.

The apostle Paul understood how to handle tough situations. Even while he was in prison, he kept his eyes on Christ. Therefore, despite being in chains, he was able to celebrate the Lord's work in his life. In fact, the epistle he wrote from jail to the Philippi-

ans was filled with rejoicing and praise (Philippians 1:18, 2:18, 3:1).

Focusing on Christ is neither a natural reaction nor an easy one. Our instinct is to dwell on the circumstance at hand, searching for solutions or stewing over the pain and difficulty.

As a result, troubles can look scary and overwhelming.

However, fear and defeat can't live long in a heart that trusts the Lord. That's not to say you'll forget what you're going through, but you can

ed into God's family and belong to Him forever. He has provided us with everything we need in order to experience intimacy with Him.

So what happens if, following salvation, new believers never go deeper? Some may drift away from their initial zeal for the Lord. Perhaps others try to focus on God but allow earthly matters to distract them. Over time, some Christians settle for what's comfortable and familiar. Sadly, they will miss

out on the deep contentment God wanted to provide. Yet those who follow Jesus wholeheartedly will have a deepening relationship with Him.

Communion with God made King David "fully satisfied as with the richest of foods" (Ps. 63:5 NIV). And Paul viewed his own accomplishments as nothing in comparison with "the surpassing value of knowing Christ Jesus" (Phil. 3:8). Draw near to God and experience the blessings of knowing Him.

COMMUNION, from page 8 choose to dwell on God's provision and care instead. He is our Deliverer (2 Corinthians 1:10), Healer (Jeremiah 17:14), and Guide (Psalm 23:3). The believer who lays claim to divine promises discovers that God pushes back negative emotions and replaces them with hope, confidence and contentment. This doesn't mean you'll be happy about a difficult situation, but you can be satisfied that God is in control and working things for your good.

Focus on Christ instead of your circumstances – God will give comfort and bring you through the trial. Then you'll be ready to answer Paul's call to "rejoice in the Lord always" (Philippians 4:4)

Back to school supplies checklist

As summer draws to a close, millions of students are preparing to return to school. Some may be excited to return so they can see their friends again each day, while others may lament the loss of carefree days under the warm summer sun. Regardless of which category students fall into, all will need the right supplies to begin the new school year on the right foot.

Some teachers now contact students' parents prior to the start of a new school year to let them know which supplies kids will need during the year. But the following grade-based rundown

of supplies can help families get a head-start on back to school shopping.

Kindergarten

Kindergarten marks most students' initial introduction to formal schooling, and this exciting year of school is filled with lots of fun and new experiences. Some of the more common supplies kids need for kindergarten include:

- Pencils
- Colored pencils and crayons
- Washable markers
- Erasers
- Pencil case
- Pencil sharpener
- Glue sticks
- Children's scissors with a

blunt tip

- Tissues
- Backpack
- Lunchbox/bag
- Headphones

Elementary school

Elementary school students typically need different supplies based on which grade they're in. Children between first and third grade may be asked to bring many of the same supplies as students in kindergarten, including pencils, washable markers, colored pencils, glue sticks, and children's scissors. But first, second and third grade students also may be asked to bring some addi-

Adventure begins at Globe Public Library in 2024

What kind of adventure can you start at Globe Public Library? There are so many to choose from.

On Wednesday, August 7, after the library closes, you can explore the world of games in our after-hours programs. Game Night starts at 5 p.m. with a variety of games including board games, card games, and dice games. Keep the excitement going in a tabletop role-playing game at 7 p.m. We are now playing a Dungeons and Dragons 5th Edition campaign. The Natural Ones invite you to join; just bring a 2nd level character ready to play. If you need help creating your character, drop into the library and we can help you.

Thursday, August 8, is a time of meditation, knowledge, and movement. Yoga is at 1 p.m., taught by Rachel Hansen. Kids in the Kitchen comes back at 4 p.m. Rounding off the day, Walk/Run Club will be leaving the library for a walk downtown at 7 p.m.

Friday, August 9, Kids' Yoga, a half hour of movement and meditation, is back at 9:30 a.m. Beginning Crochet is back at 2 p.m. We finish up the day with a movie in the meeting room of the library at 5 p.m. Popcorn and water are available to all who

come. We encourage you to bring other movie favorites with you. No alcohol or smoking is allowed and children must come with an adult.

Monday, August 12,

we start the day with Family Storytime at 10:30 a.m. After lunch at 1 p.m., join us for Mindful Monday, a chance for adults to relax in a quiet area while we come up with

activities for the littles in your life in the children's room. Family Game Night starts at 5 p.m.; explore a variety of games for all ages. You can try one of ours or bring your own. We

finish the day with Walk/Run Club, which will be leaving the library at 7 p.m. for a walk downtown.

On Tuesday, August 13, Chair Aerobics will get your heart pumping

in a half-hour workout starting at noon. Chair Yoga follows at 1 p.m. with an hour of yoga from a seated position taught by Rachel Hansen. Kid's Corner continues the fun at 5 p.m. with Walking Water.

There is more to read and enjoy in our ongoing reading challenges. You can join the Smokey Bear Reading Challenge Celebrating 80 Years of Smokey the Bear. 1,000 Books Before Kindergarten has also made the leap to Beanstack. You can keep track of all programs at the same time. Let one of our staff help you set up an account and participate. Beanstack fun continues all year long.

All these programs are free and brought to you through partnerships with the Friends of the Globe Public Library and the United Fund of Globe-Miami.

If you can't get to the library, the adventure of reading can come to you through our homebound delivery service. Just give us a call at 928-425-6111 and one of our friendly staff will help you get signed up with a library card and your book preferences. You can also enjoy a short story read to you through dial a story. Our number is 855-614-6111. Stories are available in both English and Spanish.

Beyond books, services available at Globe Public Library

Globe Public Library offers so much more than books. We offer free WiFi and computers to use in the library. We also have hot spots and laptops that you can check out for use at home for three weeks at a time. These hot spots and computers can be checked out by people in good standing at the library.

This project is supported by the Arizona State Library, Archives & Public Records, a division of the Secretary of State, with the federal funds from the Institute of Museum and

Library Services.

Beyond computers for public use, we have employment services. If you need a Food Handlers Permit for your job, we will print that for free. We also print up to three copies of your resume for free. Be sure to let the staff at the circulation desk know what you are printing. There are also programs through the Gila County Library's website that allow you to

write and save multiple versions of your resume. It offers tips and ideas on how to write a better resume. Other databases on the website offer help with test prep and career skills tests.

with test prep and career skills tests.

If you need technical help we will try to assist you. Do you need help with Libby to get online books or need some help with Beanstack? We have you covered. If you

have other questions we will try to help; just give us a call or come on in. We also offer free health resources. If you need a COVID test, give us a call from the parking lot and we will run one out to you - no need to even leave your car. If you want to be prepared in case of an emergency, we have free NARCAN Nasal Spray and Fentanyl test kits. We also have brown bags for those in need.

Middle school and high school

- Graphic calculator
- Graph paper
- Permanent markers
- Combination lock
- Protractor
- White-out
- Three-ring binders

Teachers are a great resource that can help students and their parents as they begin back-to-school shopping. Families are urged to reach out to educators or visit school websites to determine if there are any specific items kids will need during the school year.

Advice to wives whose husbands **don't think they** have a **hearing problem** -- by a wife

I wish I had a nickel for every time my husband said to me, "What'd they say?" At church, at movies, at family reunions and ball games. . .
what'd they say - what'd they say
- what'd they say.

So annoying!

When he's not wearing his hearing aids, it's like he's not paying attention to things and totally relies on me to be the designated listener for everything! What really gripes me most is when I am trying to pay attention to a conversation and because I am keeping him up to date with what's going on...

I miss things myself.

He tries to be a good example for all of you, and I love him. . . but before he got his hearing aids, I got so sick of *raising* my voice and *repeating* myself and *filling in the gaps* of everything he missed.

Then it hit me like a ton of bricks. If I keep doing what I'm doing - why would he ever feel he needs to do something about his loss. I was enabling him to just keep doing what he was doing. So one day **I just quit**, cold turkey.

As soon as he knew *for sure* that I was done being his personal interpreter - **and that I was serious** ... lo and behold he did something about it.

Truthfully, life still is not a bowl of pitted cherries because he doesn't always use his hearing aids, but he's getting better.

I mean he's over the top studying and learning about hearing loss to help everybody else. **That guy needs to heed his own advice.** You know, the stuff he tells you everytime you go in to see him.

Signed:

J. Hope [wife of Stephen Hope]
