The Heartbeat of Globe-Miami: A Tribute to KIKO AM/FM Radio

In December 2024, KIKO AM/FM Radio signed off for the last time, concluding an extraordinary chapter that began in 1958. Under the visionary leadership of Willard Shoecraft, KIKO grew from broadcasting in the Copper Hills Hotel lobby to a revered institution in Globe-Miami, Arizona.

“Welcome to another broadcast day of local programming on KIKO Radio. We are glad to have you along with us. And we hope you have a good enjoyable day,” said broadcaster JB, echoing a familiar greeting that encapsulates the spirit of KIKO’s legacy.

Shoecraft’s formula was more than radio-it was a lifeline for the community, exemplified by:

- Morning “Open Line” call-in show
 - ”The Money Tree” contest
- Daily “Trading Post” swap shop
- Local requests and citizen help

General Manager Lucy Rodriguez and the devoted staff at KIKO, JB Barter, Willie Powers, Noreen Valdez Prater, Liz Mata, Paul Wolterbeek and Roland Foster upheld Shoecraft’s mission of integrity and community service, fostering partnerships with the Phoenix Suns, the Arizona Diamondbacks, and the Arizona Cardinals to name a few. KIKO’s broadcasts informed, entertained, and united Globe-Miami residents, promoting local businesses, schools, and events.

As we bid farewell, KIKO thanks its loyal listeners and supporters. KIKO’s heartbeat will echo into the memories and hearts of Globe-Miami for years to come.

Girl Scouts Kicks Off 2025 Cookie Season from Jan. 19 to March 2

The 2025 Girl Scout Cookie season returns from Jan. 19 to March 2, 2025, as more than 7,500 girls in 90-plus communities across central and northern Arizona from Girl Scouts—Arizona Cactus-Pine Council (GSACPC) embrace their entrepreneurial spirit with timeless Girl Scout Cookie flavors that make a lasting impact as funds raised stay 100 percent local.

“Girl Scout Cookie season and the community’s support of the program are life-changing for local girls, directly supporting Arizona Cactus-Pine Council’s focus areas of STEM, outdoor activities, life skills, and entrepreneurship in addition to troop activities and long-term community service projects,” says Christina Spicer, Co-CEO of GSACPC. “Proceeds from the sale further support girl-led take-action projects created by Girl Scouts to make long-lasting change in mental and physical health, education, art, sustainability, animal welfare, and much more.”

The Girl Scout Cookie Program proceeds also remain local, helping to improve the accessibility and affordability of Girl Scouting by offering financial assistances towards membership fees, uniforms, and camp.

“As the largest girl-led entrepreneurial program in the world, the Girl Scout Cookie Program serves as a launchpad for girls to get their entrepreneurial beginnings and build essen-

tial skills in focus areas of goal setting, decision making, money management, people skills and business ethics,” says Mary Mitchell, Co-CEO of GSACPC.

The 2025 Girl Scout Cookie season lineup includes Girl Scouts’ delicious classic cookie flavors, Adventurefuls®, Thin Mints®, Samoas®, Tagalongs®, Do-si-dos®, Trefoils®, and Lemon-Ups® for \$6, as well as specialty cookies Girl Scout S’mores® and Toffee-tastic® for \$7. The beloved Girl Scout S’mores® cookie flavor will be retired at the end of the 2025 cookie season.

As you enjoy your favorite Girl Scout Cookies this season, discover how the sweet treats will make a difference in girls and the community across central and northern Arizona

through impactful events and partnerships.

Feb. 1 - Empowering Girl Scout Entrepreneurs

During the season, GSACPC will provide opportunities for older girls to foster entrepreneurial skills through Empowering Girl Scout Entrepreneurs on Feb. 1 in Phoenix, hosted in partnership with OneAZ Credit Union. The event will offer activities that allow girls to gain confidence as they create engaging cookie pitches and work with 50+ local executives and business leaders.

“We are grateful for OneAZ Credit Union’s support in creating this unique experience for older Girl Scouts. We will have over 100 girls interacting with local leaders, gaining their advice, and participating in real-life ex-

periences such as elevator pitching in an actual elevator, boardroom pitching in a professional setting, and studio experiences to get headshots taken and record videos to build their personal brands,” says Mitchell.

March 1 - Bring Home the Cookies 5K

GSACPC invites the community to celebrate the achievements of local girls this cookie season at the fourth annual Bring Home the Cookies 5K at Westgate Entertainment District in Glendale on March 1, hosted by GSACPC and State Forty Eight Foundation, in collaboration with State Forty Eight. The Bring Home the Cookies 5K will feature a family fun run/walk, a Celebrity Cookie Eating Contest with local figures, Girl Scout-led

businesses, and more family-friendly fun.

“The annual Bring Home the Cookies 5K is the perfect way to say goodbye to cookie season as we come together to recognize the success of girls and the community we love with our partner, State Forty Eight Foundation, which aligns with Girl Scouts in our efforts to support leadership and empower entrepreneurship opportunities continually,” says Spicer.

All registered participants will receive a limited-edition State Forty Eight 5K shirt, medal, and a package of Girl Scout Cookies.

Spicer notes the Runners Village on-site at the Bring Homes the Cookies 5K, which will feature local Girl Scout entrepreneurs who utilized their previous experience learned in the Girl Scout Cookie Program to create their own businesses and sell their own products.

To register for the Bring Home the Cookies 5K, visit www.girlscoutsaz.org/5k.

Manage Stress So It Doesn't Manage You

Enjoying Everyday Life By Joyce Meyer

Today it seems as if everyone is under stress. It's become a normal part of our everyday lives. As long as we keep that stress at a reasonable limit, there's no problem. But when we allow it to exceed that limit, trouble begins.

For example, a chair is built to sit on. It's designed and constructed to bear a certain amount of weight. If used properly, it should last a very long time. But if it's overloaded beyond its capacity, it begins to wear out prematurely and eventually break down completely under the strain.

In the same way, you and I were designed and created to bear a certain amount of physical, mental and emotional strain day after day. However, problems arise when we allow ourselves to be weighed down by more stress than we're capable of supporting.

A word we don't hear much about today is prudence. The Merriam-Webster definition says prudence means: "skill and good judgment in the use of resources." In the Bible, being prudent means to be a good steward or managers of the gifts God has given us to use. Those gifts include time, energy, strength, and health—even material possessions. They include our bodies, as well as our minds and spirits.

Proverbs 14:8 (NIV) says, "The wisdom of the prudent is to give thought to their ways, but the folly of fools is deception." We all need to "give thought to [our] ways" and know our limits—we need to know how much we can handle. We need to be able to recognize when we're reaching "full capacity" or "overload."

Instead of pushing ourselves into overload to please others or satisfy our own desires of reaching personal goals, we need to listen to and obey what God's telling us to do. We must follow His wisdom if we really want to enjoy the peaceful, joyful life He has planned for us.

Stress can be caused by just about anything. Stressors can be big or

little things. In addition, what causes you stress may not bother someone else. And what bothers you today may not bother you tomorrow.

For example, let's say you're at the grocery store and the high prices create a stressor for you. Then the process of paying for your groceries (especially if money is tight) stresses you out. On top of that, the checker in your lane runs out of change and has to shut down temporarily. So you switch to a new lane and learn that five of your items don't have a price on them. The checker has to call for a price check on each one while you wait, and the line behind you grows. These small, seemingly innocent circumstances pile up until you feel like you're going to explode from the pressure.

Nobody can remove all the big and little things that cause stress in our lives. That's why we must be prudent in identifying the stressors that affect us most and learn how to respond to them correctly. We must recognize our limits and learn to say no to ourselves and others.

Stressors, not managed properly, can mount up one by one, bringing us

OBITUARIES

Carlene Diann Forshee

Carlene Diann Forshee, age 50, of Globe Arizona passed away on November 22nd 2024. She was born in Globe Arizona on April 25th, 1974 to Daniel and Lois Forshee.

Carlene worked many jobs throughout her life, but spent the last 19 years bartending. She was incredibly independent and devoted her life to taking care of her children. Carlene was a high spirited woman with a lot of love to give. She always made an impression on every person she met. Carlene would give the shirt off her back for anyone whether you knew her or not. She loved being silly and had a playful sense of humor. If she teased you that meant you were in her close circle. Carlene was a die hard Dallas Cowboys fan

and was not afraid to show it. She loved being outdoors, camping, dancing, and spending time with friends and family. Her favorite thing of all time was spending time with her kids and grandkids.

Carlene is survived by her siblings Raymond, Karen, and Marlina. Her children Joshua, Justin, Samantha, and Jayden and her grandchildren.

Carlene is preceded in death by her parents, and her brother Glenn.

STRESS, from page 4

to our breaking point, but with God's help, we can learn how to manage or reduce their effects on us. We can't control all of our circumstances, but we can adjust our attitude and not let them pressure us.

It seems the very atmosphere of the world today is charged with stress and pressure. But the good news is, we don't have to operate in the world's system—reacting like people in the world who have no hope or peace in their lives. The world responds to difficulties by becoming upset and stressed, but our attitude and approach

should be entirely different.

You know, you can completely turn a situation around just by choosing the right attitude and approach when you're in a challenging situation. Instead of stressing out and tensing up, take a moment to pray for God to help you, just like the Bible says in Philippians 4:6 (NIV): "Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your requests to God." Take a deep breath, calm down, and focus on getting His perspective on the situation.

In the midst of your daily life, you'll have many opportunities to be stressed. But you can refuse to allow your circumstances to dictate how you're going to feel if you will remember to ask God to help you. The truth is you may not be able to control the situation, but you can control how you respond to it.

When you know you're going to face a stressful situation, take an offensive approach and decide beforehand what your attitude will be. Then the door will be opened for God to supernaturally help you to calm down and cheer up!

GLOBE-MIAMI REGIONAL
CHAMBER OF COMMERCE

GLOBE, AZ – Cobre Valley Regional Medical Center (CVRMC) is excited to announce the future opening of its much-anticipated “Highway 60 Clinic,” a walk-in clinic located near Cal Ranch and Walmart. This new facility is set to provide essential healthcare services to the community, offering a convenient option for those seeking immediate medical attention without the need for an appointment.

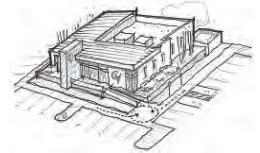

The journey to establish the Highway 60 Clinic has not been without challenges. The initial plans for the clinic encountered an unexpected delay when it was discovered that the proposed location fell within a designated floodway.

Determined to bring this vital service to the community, CVRMC worked with local and federal agencies to reassess the flood maps that impacted the clinic’s location. Through extensive modeling, updated maps were drawn to better reflect the actual conditions of the area. CVRMC then submitted a request for a Letter of Map Revision (LOMR) to the Federal Emergency Management Agency (FEMA), requesting an official change to the flood designation.

On July 29, FEMA issued a LOMR, paving the way for the new clinic. The new facility will offer extend hours to walk-in patients, providing a convenient, affordable option for healthcare services. While the specific timeline for construction and opening is still being finalized, the team is working diligently to bring the project to completion as swiftly as possible.

CVRMC is committed to keeping the community informed as progress continues. Updates on the clinic’s development will be shared regularly, with a focus on ensuring that residents are aware of the new healthcare options that will soon be available.

The opening of the Highway 60 Clinic represents a significant step forward in CVRMC’s mission to provide comprehensive, accessible healthcare to the region. The medical center looks forward to welcoming patients to this new facility and continuing its tradition of high-quality care for the community.

Trophy Mylar Balloon Hunters of AZ

If you're out enjoying the Tonto National Forest, chances are you've seen a mylar balloon snagged in a tree or lying in a field. Next time, pick it up, snap a photo, and share it on the Facebook group Trophy Mylar Balloon Hunters of AZ ([https://www.](https://www.facebook.com/groups/891759794669602)

[facebook.com/groups/891759794669602](https://www.facebook.com/groups/891759794669602)). This group of outdoor enthusiasts removes harmful balloons from Arizona's wilderness and shares their finds with fun, creative captions. Why it matters: Balloons harm livestock and wildlife. They litter

public lands with non-biodegradable waste. Stray balloons can cause wildfires, power outages, and more. Remember: Never release balloons into the sky. Let's keep Arizona beautiful—one balloon at a time!

Arizona Hunter Safety Course

The next Arizona Hunter Safety course will be January 21 through February 2. The classroom portion of the course will take place at the Knight's of Columbus Hall at Our Lady of the Blessed Sacrament Catholic Church on Friday and Saturday from 8 a.m. to 4 p.m. The course will conclude with a Range Day on Sunday, February 2 at 7:30 a.m. at the Globe-Miami Gun Club range on Bixby Rd.

Registration opened January 21 at 12:01 a.m. @ Event - Arizona Hunter Education Course – January 31, 2025 in Miami, AZ ([registered.com](https://www.registered.com))

Students will need a Customer ID number at reg-

istration. The customer ID number is located on Arizona Hunting and Fishing Licenses. Licenses for youth are sold on-line at <https://license.azgfd.com/>. If you don't want to purchase a license, please call Arizona Game and Fish Department at 602-942-3000 Monday through Friday from 8 a.m. to 5 p.m. to get a customer ID number.

There is a \$5 per student donation (to help offset the cost of utilities for the church) for this course payable on the first day of class.

All classroom hunter safety education courses are taught by Arizona Game and Fish Department certified volunteer instructors.

A student that is 9 years old may complete the Arizona Hunter Education Safety Course.

If a student turns 9 by the time they graduate, they may receive a Hunter Education card. The card will not become valid until their 10th birthday. The age that they may hunt big game has not changed, only the age that they can graduate the course. This will prevent the problem of a student turning 10 the day before the hunt and not being able to get into a class.

Tonto National Forest announces Winner of Bedson Balloon Challenge 2024

participated in a friendly competition known as the "Bedson Balloon Challenge" in memory of Kelly Bedson, a Payson Range Specialist who passed away February 7, 2020. In previous years, each program at Payson Ranger District competed against one another, but this year the competition grew forest wide with all districts competing against each other!

The results are in! The Payson Ranger District wins the #BedsonBalloonChallenge of 2024 and there was more competition than ever before on the Tonto National Forest!

The Payson Ranger District won with a total of 285 balloons with Tonto Basin Ranger District in second place with 197! It seems like Payson Ranger District may have an advantage with our typical southwest winds blowing released

Every year, #TontoNF employees find littered helium-filled balloons while completing field work in the forest. Since 2019, multiple Payson Ranger District resource programs have

balloons to the northeast part of the forest!

With participation from all six districts, we removed over 600 balloons in the 2024 field season and over 1,400 since we started counting in 2019! Let the 2025 competition begin!

The #TontoNF would like to remind the public that releasing helium-filled balloons can result in littering

of National Forest Lands. Let's all help keep the #TontoNF clean and beautiful. #leavenotrace

An Advertising Proverb
When Mark Twain was editing a newspaper in Missouri, one of his subscribers wrote in, saying that he had found a spider in his newspaper and wondered whether it was a sign of good or bad luck. Twain's response: "Finding a spider is neither good luck nor bad. The spider was merely looking over our newspaper to see which merchant was not advertising, so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward."
