Resolution Year in Review 2024

In 2024, we formalized a pioneering Good Neighbor Agreement with communities in the Arizona Copper Triangle. This agreement is a commitment to a two-way dialogue that will provide both sides with a means to meet the needs and interests of citizens, protect the environment and communities, help drive the local economy, support regional infrastructure, and plan for anticipated growth. These milestones reaffirm our dedication to fostering transparency, mutual respect, and collaboration as we shape Resolution Copper's future together. We have also made progress in restoring the Emory oak groves to increase acorn production with Tonto National Forest,

Northern Arizona University and Western Apache Tribes in the Emory Oak Collaborative Tribal Restoration Initiative. These accomplishments reflect the strength of our team and our shared commitment to excellence and cultural preservation.

Commitment to Safety

Safety remains at the core of everything we do. In 2024, Resolution Copper was honored to receive the Rocky Mountain Mining Institute's Safety Award for Small Underground Mines for the third consecutive year. This recognition underscores our unwavering focus on maintaining a safe and healthy workplace.

Commitment to Youth and Education

In 2024, supporting youth opportunities and education continued to be a priority for Resolution Copper. We were proud to connect with Indigenous high school student-athletes at the NABI Nation College and Career Fair, emphasizing pathways to higher education and career development. Our investment in local education expanded through partnerships with the Boyce Thompson Arboretum, contributing \$750,000 to boost educational programs and continued support for kids and teachers in the region. We also continued to invest in local students and teachers through a \$900,000 partnership with the Superior Unified School District to help provide

the tools they need to advance their education and career aspirations. These efforts reflect our commitment to nurturing the next generation and strengthening our community connections.

Looking Ahead to 2025

As we look to 2025, I am filled with optimism and excitement about the opportunities that lie ahead with the local com-

munities and Native American Tribes near our project. With our team's expertise, determination, and collaborative spirit, I am confident we can navigate challenges, achieve new milestones, and continue driving our mission forward. Together, we will work toward a brighter future for our communities, stakeholders, and the copper industry.

By Vicky Peacey, President, Resolution Copper
Special to Copper Country News

As we close out 2024 and look forward to 2025, it's a natural time for reflection and gratitude. At Resolution Copper, this year has been marked by significant progress, meaningful achievements, and a steadfast commitment to safety, collaboration, and sustainability. It's thanks to our incredible team and community partners that we continue to advance this important project.

GLOBE, AZ – Cobre Valley Regional Medical Center (CVRMC) is excited to announce the future opening of its much-anticipated “Highway 60 Clinic,” a walk-in clinic located near Cal Ranch and Walmart. This new facility is set to provide essential healthcare services to the community, offering a convenient option for those seeking immediate medical attention without the need for an appointment.

The journey to establish the Highway 60 Clinic has not been without challenges. The initial plans for the clinic encountered an unexpected delay when it was discovered that the proposed location fell within a designated floodway.

Determined to bring this vital service to the community, CVRMC worked with local and federal agencies to reassess the flood maps that impacted the clinic’s location. Through extensive modeling, updated maps were drawn to better reflect the actual conditions of the area. CVRMC then submitted a request for a Letter of Map Revision (LOMR) to the Federal Emergency Management Agency (FEMA), requesting an official change to the flood designation.

On July 29, FEMA issued a LOMR, paving the way for the new clinic. The new facility will offer extend hours to walk-in patients, providing a convenient, affordable option for healthcare services. While the specific timeline for construction and opening is still being finalized, the team is working diligently to bring the project to completion as swiftly as possible.

CVRMC is committed to keeping the community informed as progress continues. Updates on the clinic’s development will be shared regularly, with a focus on ensuring that residents are aware of the new healthcare options that will soon be available.

The opening of the Highway 60 Clinic represents a significant step forward in CVRMC’s mission to provide comprehensive, accessible healthcare to the region. The medical center looks forward to welcoming patients to this new facility and continuing its tradition of high-quality care for the community.

Dealing with Christian Doubts

By Greg S. Baker
Pastor of First Baptist
Church of Miami.

Doubts are quite common among Christians. If we were entirely honest, many of us have experienced doubts at some point in our Christian life. These doubts might not necessarily be about God's existence, but could involve His love, one's purpose, place in life, or the Bible.

What Doubt Creates

Doubts can lead to fears. When experiencing doubts, fear often accompanies them. Although 2 Timothy 1:7 mentions that God has not given a spirit of fear, and 1 John 4:18 states that perfect love casts out fear, both verses suggest that fear will still exist but does not need to dominate one's life. This implies that while doubt may always be present, it does not have to control or paralyze one's actions. There are ways to address doubts that can increase faith, provide purpose, and bring peace.

The Relationship Between Doubt and Faith

It is commonly believed that doubt is the opposite of faith. However, it might be argued that faith cannot exist without doubts.

If someone had zero doubts, then nothing they do would ever be an act of faith, or there would be no stepping out in faith. For example, consider sitting in a chair. One typically does so without any doubt that the chair will hold up. This action might be seen as faith, although some would argue it is weak faith because the chair's ability to hold up is taken for granted.

However, if there were doubts about the chair's stability, the act of sitting in it despite those doubts would demonstrate greater faith. Upon finding that the chair held up, one might feel relief and amazement, unlike the situation where no doubts existed. This suggests that faith is best expressed when overcoming doubts. Mark 9:24 highlights this idea when a father seeking healing for his possessed child declares, "Lord, I believe; help thou mine unbelief." This reflects the mixture of faith and doubt present in many individuals.

Dealing with Your Doubts

First, having doubts is not inherently wrong. It does not make someone a bad Christian. The issue arises if the fear brought

by doubts paralyzes and prevents moving forward in faith. Secondly, dealing with doubts involves addressing the corresponding fears. Identifying the source of these fears, such as questioning God's love due to financial conditions or failed ventures, is crucial. Confronting the root cause directly with steps of faith can help overcome doubts.

For instance, if doubting God's love due to financial struggles, one might pray for guidance on whom to assist financially, even when facing personal need. Such acts of faith can reveal God's work and help alleviate doubts. Peter's experience after denying Christ illustrates this concept. Despite his actions, Jesus asked him to "feed my sheep," which directly addressed Peter's doubts and led to significant ministry activities like preaching at Pentecost.

In summary, addressing doubts requires taking steps of faith that confront the sources of fear and uncertainty. This approach can lead to witnessing God's work and strengthening faith.
