PUBLIC ANNOUNCEMENT

Hope 4 Hearing Center announces unique hearing aid trial program,
with **NO** upfront cost, **NO** commitment and **NO** risk

Who is a good candidate for Flex:trial?

You may be a good candidate for the Flex:trial program if you:

- Suspect a hearing loss but haven't had your hearing tested
- Had a hearing test but decided against hearing aids
- Currently wear hearing aids but are looking for something better

The Flex:trial program is accepting appointments from potential participants for a limited time only.

Supplies of the Flex:trial hearing aids are limited, call today.

Area residents who want to try today's most advanced hearing aids — without upfront cost, commitment or risk — are urged to get in touch with Hope 4 Hearing Center.

Located in Globe, Hope 4 Hearing Center is among a handful of hearing healthcare providers nationwide selected and certified to participate in the Flex:trial™ program, developed by hearing aid manufacturer Unitron.

Flex:trial uses a unique three-step approach to hearing healthcare and consumer satisfaction:

1. Interested individuals undergo a hearing test. If the testing indicates a good fit for the program, participants go home — the very same day* — with Flex:trial hearing aids.
2. Participants wear the Flex:trial hearing aids on a trial basis at home and in all of their other familiar environments. There is no upfront cost or obligation during the trial period.
3. At the end of the trial period, participants decide whether they want to continue with the listening experience...or walk away and owe nothing.

"Other trial programs require consumers to pay for the hearing aids in advance and then go through the process of obtaining a refund if they're not satisfied," explains Hope 4 Hearing Center. "The Flex:trial program removes the upfront cost for participating patients — and the fear of getting stuck with hearing aids they don't like. In fact, the risk is all mine."

Supply of Flex:trial hearing aids is limited.
*Subject to availability.

Ruby-Ray Galvan

Our precious Ruby-Ray Galvan was born on January 2, 2025, @ 9:36 p.m. at Cobra Valley Regional Medical Center in Globe, Arizona to Faith Galvan and Julio Valesquez Jr both of Miami.

With-in an hour of Ruby-Rays birth, she was struggling to breath and was airlifted to Thunderbird Banner Hospital in Phoenix, Arizona. Once Ruby-Ray was examined it was determined that Ruby-Ray had some more serious health problems and needed to be airlifted again to Phoenix Children's Hospital in Phoenix, Arizona.

Once Ruby-Ray was examined by the medical staff it was discovered

through an ultra-sound that Ruby- Ray needed to have an emergency heart procedure as the medical staff diagnosed her with a very rare heart condition called Hypoplastic Left Heart Syndrome. As the medical staff explained, this condition takes at least three open heart surgeries and would require medical treatment through-out her

life. Ruby-Ray underwent her first heart procedure to try and stabilize her for the upcoming open-heart surgery. It was discovered that Ruby-Ray's heart was more complex as she had thickening cartridge around her heart. This prevented Ruby-Ray from receiving the surgeries needed to save her life.

On January 4, 2025, Ruby-Ray was baptized at the Phoenix Children's Hospital. On January 10, 2025, at 5:10 p.m. Ruby-Ray was taken peacefully surrounded by her loving family as she entered the Kingdom of Heaven. Although Ruby-Ray made her statement here on earth for the 8

Especially those Charles shed for his daughter Monsel who died at only six years old. His favorite Bible verse was Jeremiah 29:11 "For I well know the thoughts that I am thinking toward you, declares Jehovah, thoughts of peace, and not calamity, to give you a future and a hope." So, he was Baptized as one of the Jehovah's Witnesses June 17th, 1989. He loved people and enjoyed sharing these wonderful promises with many in our commu-

nity as well as Sierra Vista and Phoenix.

Through the years he continued to keep up with the latest developments. He was also fond of grilling, or smoking ribs, and known for his Gumbo. In the last year he got a kick out of watching the Quail squabbling with the other birds in the backyard to get their fair share of the birdseed.

GLOBE, AZ – Cobre Valley Regional Medical Center (CVRMC) is excited to announce the future opening of its much-anticipated "Highway 60 Clinic," a walk-in clinic located near Cal Ranch and Walmart. This new facility is set to provide essential healthcare services to the community, offering a convenient option for those seeking immediate medical attention without the need for an appointment.

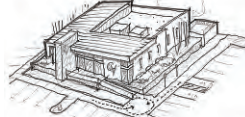

The journey to establish the Highway 60 Clinic has not been without challenges. The initial plans for the clinic encountered an unexpected delay when it was discovered that the proposed location fell within a designated floodway.

Determined to bring this vital service to the community, CVRMC worked with local and federal agencies to reassess the flood maps that impacted the clinic's location. Through extensive modeling, updated maps were drawn to better reflect the actual conditions of the area. CVRMC then submitted a request for a Letter of Map Revision (LOMR) to the Federal Emergency Management Agency (FEMA), requesting an official change to the flood designation.

On July 29, FEMA issued a LOMR, paving the way for the new clinic. The new facility will offer extend hours to walk-in patients, providing a convenient, affordable option for healthcare services. While the specific timeline for construction and opening is still being finalized, the team is working diligently to bring the project to completion as swiftly as possible.

CVRMC is committed to keeping the community informed as progress continues. Updates on the clinic's development will be shared regularly, with a focus on ensuring that residents are aware of the new healthcare options that will soon be available.

The opening of the Highway 60 Clinic represents a significant step forward in CVRMC's mission to provide comprehensive, accessible healthcare to the region. The medical center looks forward to welcoming patients to this new facility and continuing its tradition of high-quality care for the community.

An Advertising Proverb

When Mark Twain was editing a newspaper in Missouri, one of his subscribers wrote in, saying that he had found a spider in his newspaper and wondered whether it was a sign of good or bad luck. Twain's response: "Finding a spider is neither good luck nor bad. The spider was merely looking over our newspaper to see which merchant was not advertising, so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward."
