## 5 Tips for Prioritizing Mental Health This May

By Dr. Donald Tavakoli

UnitedHealthcare National Medical Director for Behavioral Health

May is Mental Health Awareness Month, which is a great time to check in with yourself, the people in your life and explore ways to prioritize emotional well-being. With one in five U.S. adults experiencing mental illness each year, taking small, intentional steps to support mental wellness may have a very meaningful impact.

This month, and in the months ahead, there are simple yet effective ways to focus on your mental health. Here are a handful to consider:

### Stay Connected to a Strong Support System

Social support can play a critical role in mental well-being. Research shows that strong social connections are linked to lower levels of anxiety and depression. In fact, according to Unit-

edHealthcare's College Student and Graduate Behavioral Health Report, young adults are increasingly turning to their peers for emotional support more than any other outside influence. Whether it's friends, family or colleagues, maintaining these connections may provide stability and encouragement during life's ups and downs.

### Build Healthy Habits

Lifestyle choices may have a significant impact on mental health. Regular physical activity, proper sleep, and balanced nutrition may help regulate mood and reduce symptoms of anxiety and depression. Studies have shown that individuals who engaged in regular exercise experience lower levels of stress and improved mental well-being. Even small changes, like a daily walk or practicing mindfulness, may make a significant difference.

### Limit Online Time

Studies have shown that exces-

sive social media use is linked to a higher risk of depression and anxiety, especially among young people. It's important to keep in mind that a person's social feed may not reflect their actual life story. Instead, try to embrace the difficulties of life as normal, focus on the present, and prioritize your offline relationships.

### Take Advantage of Mental Health Resources

Exploring available mental health resources available through your health plan can be a great first step. For example, some insurers, such as UnitedHealthcare, offer digi-

tal self-care tools such as Calm Health, coaching, 24/7 mental health support lines for "in-the-moment" support visits, along with in-person and virtual visits, allowing individuals to access support in a variety of ways. If you're unsure where to start, sign in to your health plan or call the number on your insurance ID card.

### Seek Professional Help When Necessary

If feelings of stress, anxiety, or depression start to feel overwhelming, reach out to your primary care physician (PCP). If you don't have a PCP, establish a

relationship with one. Your PCP will provide valuable insights and care, and referrals if needed. Getting the right support can guide you toward a more balanced and fulfilling life.

Please remember, taking care of your mental health isn't just important this month – it may be something that benefits overall well-being year-round. Even small, consistent efforts may lead to long-term improvements in emotional resilience and quality of life.

Why Is God so Hateful?

By Greg S. Baker  
Pastor of First Baptist Church of Miami.

We live in a society where hatred has become immoral. This is not bad, but neither does it tell the whole story. We have hate groups, ha-temongers, and generic haters. Nowadays, if you disagree with someone else, you can be labeled a hater or part of a hate group—which seems somewhat contradictory.

Like it or not, very little in the Bible emphasizes that hatred is wrong. Proverbs 6:16-19 outlines seven things that God hates. Revelation 2:6 emphasizes deeds by a group of people that God hates. Romans 9:13 tells us that God loved Jacob and hated Esau. But that is not the complete story. Often, God warns us not to hate people (Leviticus 19:17; 1 John 2:9-11). God even commands us to love our enemies (Matthew 5:43-44) instead of hating them.

So why the seeming contradiction? The answer is pretty simple. Hatred always exists. In fact, it is impossible not to hate. Let me explain. In order to truly love something, you will naturally hate its

opposite. The two always go hand in hand. You cannot love without hating. For example, if you say you love the truth, but you don't hate the lie, then you really don't love the truth. If you claim that you love freedom, but you do not hate slavery, then you don't really love freedom. In order to truly love, you must hate that which would destroy your love. It is impossible not to do this.

God loves holiness and righteousness; thus, He will always hate unholy-ness and unrighteous-ness. If such hatred doesn't exist, His love would not exist either. God loves us. This means He hates anything that takes us away from Him. If He did not hate it, then He would not really love us as we want Him to.

To whatever degree of love you have for something, to the same degree you will hate that which would seek to destroy that which you love. The two always exist together. God loved Jacob in that he favored Him with blessings because Esau, Jacob's brother, had despised his birthright. In the degree of love for Jacob, God seemingly hated Esau. After all,

Esau hated his brother (Genesis 27:41), because he loved so much what Jacob had stolen from him. The two concepts go hand in hand.

Jesus said in Luke 14:26 that unless we hate our family and even our own lives, we could not be His disciple! Again, this seemingly contradicts so many other places that compel us to love our family as much as we love ourselves. This, however, is comparative. Our love for Christ or our should be so vast that, seemingly by comparison, we hate everyone else. If our desire to be Jesus' disciple is significant enough, then it will surpass any desire we have for any other relationship. In comparison, one will seem hated simply by the level of attention and love we bestow upon the other.

I hate the Devil, because he is the opposite of everything I love. I hate sin and evil, because they seek to destroy the things I love.

So it is true. God is hateful, but this only shows us how amazingly He also loves.

OBITUARIES

Manuel R. Gonzales

Manuel R. Gonzales Jr. passed away on April 23, 2025. Manuel was the first-born son, to Adeline Falquez and Manuel R Gonzales Sr. The eldest of nine children, he was a kind and loving soul—humble, shy yet friendly by nature and gifted with incredible talent. A non-conformed attitude to daily living, he moved through at his own pace, unbound by the rigid structure that others might follow, allowing him to live his way authentically.

Manuel adored his children and grandchildren and was a loving presence in their lives. Never hesitating to have his children at any music “gig” or adventure he pursued. He loved having their company. Manuel believed in God, and embraced life fully, his outlook was positive; seeing the best in people and situations, recognizing potential where others saw limits, and believing in outcomes that could inspire and transform.

Music and Art were his passion forms of expression where he felt most at home.

From an exceedingly early age, with inspiration from his father and uncles, he was an excellent musician and exceptional artist. He mastered the guitar, particularly the bass guitar, and could play any musical instruments he attempted. This passion would keep Manuel busy in all genres of music locally and around Arizona.

Over the years as an impeccable Artist, Manuel had an impressive portfolio- ranging from t-shirt designing and printing, to murals, which included a “highlight” moment from a mural painted at the State Capitol, which was viewed by Nancy Reagan, and “Miami Vandals Sports Hall of Fame”.

Manuel is preceded in death by his parents, Manuel and Adeline Gonzales, sister Debby Valtierra, brother Kevin Ashford, nephew Eddie Verdugo, and niece Brittney Valtierra.

He leaves behind his children; BritnyShea and Kyle Acton. Grandchildren Lilliana, Lucas, Jakoby, and Vivienne. His companions, Tina Medi-

na and Antonella Compton.

Siblings, Mike (Sylvia) Gonzales, Suzanne (Eddy) Cordova, Steve (Connie) Gonzales, Carol Gonzales, Andy Gonzales, Amber (Jerry) Yniguez, Rocky (Shawna) Gonzales, nieces, nephews, and many lifelong friends.

Manuel’s spirit, passion, and warmth will be profoundly missed by all who had the privilege of knowing him. He leaves behind a legacy of love, thought, creativity, and a life lived from the heart.

HAPPY MOTHER'S DAY

Great Gifts for Mom

Mother’s Day is an opportunity to show moms how much they’re loved and appreciated. Though many moms may insist they don’t want anything beyond spending the day with their children, gifts are a big part of Mother’s Day. No two moms are the same, and though standards like flowers and greeting cards will always have a place on Mother’s Day, the following are some gift ideas that can put smiles on the faces of moms from all walks of life.

**Bookworm:** There’s no end to the gift options for mothers who love to curl up with a good book. Of course, some new books may delight Mom, but gifts that can improve the reading experience also merit consideration. For example, an ergonomic backrest reading pillow can make

bedtime reading sessions more comfortable and ensure Mom’s neck and back get ample support as she reads the latest page-turner. A nightstand book holder also can be ideal for moms who can’t seem to keep track of their book-marks.

**Fitness enthusiast:** Some moms simply love to get in a good workout. Shoppers whose mothers or wives love to break a sweat might want to look into home gym equipment, as many fitness enthusiasts transformed part of their homes into exercise areas during

the pandemic. If that sounds like the mom on your shopping list, then a suspension training system won’t take up much room but can provide an intense, full-body workout. A new yoga mat, some wireless Bluetooth headphones or a compression stretching

Traveler: Moms whose children still live under the same roof may not have much opportunity to travel, but empty nesters and grandmothers might. For such moms, a foldable, hanging travel bag can make it easy and conve-

nient for mom to carry all of her toiletries and access them without taking up what's often minimal hotel room counter space. For moms who want to document their excursions, a leather travel journal encourages them to note their experiences and gives them something they can revisit for years to come. Of course, some new luggage can make the perfect gift for newly retired moms who can't wait to start visiting places on their travel bucket lists.

GLOBE, AZ – Cobre Valley Regional Medical Center (CVRMC) is excited to announce the future opening of its much-anticipated "Highway 60 Clinic," a walk-in clinic located near Cal Ranch and Walmart. This new facility is set to provide essential healthcare services to the community, offering a convenient option for those seeking immediate medical attention without the need for an appointment.

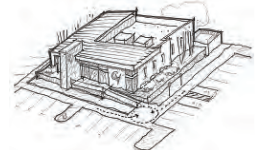

The journey to establish the Highway 60 Clinic has not been without challenges. The initial plans for the clinic encountered an unexpected delay when it was discovered that the proposed location fell within a designated floodway.

Determined to bring this vital service to the community, CVRMC worked with local and federal agencies to reassess the flood maps that impacted the clinic's location. Through extensive modeling, updated maps were drawn to better reflect the actual conditions of the area. CVRMC then submitted a request for a Letter of Map Revision (LOMR) to the Federal Emergency Management Agency (FEMA), requesting an official change to the flood designation.

On July 29, FEMA issued a LOMR, paving the way for the new clinic. The new facility will offer extend hours to walk-in patients, providing a convenient, affordable option for healthcare services. While the specific timeline for construction and opening is still being finalized, the team is working diligently to bring the project to completion as swiftly as possible.

CVRMC is committed to keeping the community informed as progress continues. Updates on the clinic's development will be shared regularly, with a focus on ensuring that residents are aware of the new healthcare options that will soon be available.

The opening of the Highway 60 Clinic represents a significant step forward in CVRMC's mission to provide comprehensive, accessible healthcare to the region. The medical center looks forward to welcoming patients to this new facility and continuing its tradition of high-quality care for the community.

Volunteer May 16 - Help Prevent Invasive Stinknet Weed From Taking Root In Globe

If you love our Highway 60 roadside displays of Mexican goldpoppies, you're invited May 16 to help remove an invasive competitor.

University of Arizona's Gila County Cooperative Extension Agent Chris Jones sent a call for volunteers to meet on that Friday morning at 8:00 for two hours' worth of weed pulling. "There is an infestation of stinknet at Schoolhouse Point at Roosevelt Lake," said Jones. "Mostly large individuals so I believe we can a good impact by know with our early detection, rapid response strategy.

Please put it on your calendar and join us: remember to bring gloves, sun or safety glasses, hat and screen, and consider taking an allergy pill or a even a facemask when pulling weeds." If you have ques-

tions or wish to carpool, call Chris Jones at (928) 719-4475 or email ckjones@arizona.edu.

Also commonly known as 'globe chamomile', this hardy plant native to South Africa has colonized in places around the Valley since it was first reported in Arizona in 2005. Cooperative Extension Agent Chris Jones and vigilant local volunteers began to spot plants in Globe-Miami in 2021 and have pulled, bagged and landfilled plants since then.

Please put it on your calendar and join us. Remember to bring gloves, sun or safety glasses, hat and screen, and consider taking an allergy pill even a facemask when pulling weeds." If you have questions or wish to carpool, call Chris Jones at (928) 719-4475 or email ckjones@arizona.edu.

# Gila County Public Safety Momument Unveiling Ceremony

The Gila County Public Safety Memorial Association is announcing to the public the planned unveiling of the new Gila County Public Safety Monument. Thirty-six names have been recorded of heroic men and women since 1881 who have perished in performance of their duties while serving within Gila County or while serving within an agency of Gila County. As other such monuments have been established around our State and Nation, it is overdue that Gila County shall have done the same.

Join us on Thursday, May 15, 2025 beginning at 11 a.m. in front of the Gila County Historical Museum, located at 1330 N Broad

St, Globe AZ 85501, for the unveiling ceremony. We wish for the families of these fallen, including the descendants of those from the earliest days of Gila County, to join and let us honor you. We invite all the public safety agencies of Gila County, local, state, and federal, to join us and honor the work and sacrifice of your personnel. We also want to invite the public, whose gratitude toward these neighbors who sacrificed all is so greatly owed.

After some brief introductions, a ceremony shall be performed in honor of the memory of our sacred fallen. Food and refreshments shall be provided to the public following the ceremony.

Attendees coming from out of the Globe-Miami area should remember to check AZ511 for possible road closure and construction.

Sincerely,

GCPSMA

See the May 7 edition of Arizona Silver Belt for the list of all those served and and perished in Gila County..

Gila County Public Works Roads Division Roads Improvement Projects in Globe

Gila County Public Works Road improvement projects in May will consist of a chipseal on top of the existing pavement, followed by a surface seal on top of the chipseal.

A chipseal consists of petroleum-based binder that seals the existing pavement and a 3/8" aggregate, "chip" that will provide a new textured surface to drive on.

To ensure the success of this project, Gila County is requesting that all residents who live in the following

areas scheduled for this year's chipseal to not have anything parked within any right-of-way.

This includes, but is not limited to, vehicles, boats and trailers from 6 am to 5 pm for the duration of this project.

This is to ensure that we can cover 100% of the paved area and avoid damaging anything parked too close to the construction site.

There will not be any road closures, but drivers should

expect one-way traffic and/or temporary rerouting, small delays, flaggers and traffic control.

The following is the scheduled

areas and dates for the Gila County Roads Division 2025 chipseal in southern Gila County:

Globe: Monday, May 12 –

Thursday, May 15  
Wheatfields Road  
Hix Drive  
Hoopes Drive  
Quail Ridge

Bixby Road

If you have any questions or concerns, please contact the Star Valley Roads office at 928-468-2801.
