'Dandelions' filmed in Rochelle area

Movie scenes shot at Headons, Spring Lake and Helms Stadium

ROCHELLE — A movie crew recently wrapped up filming in the area including locations in Rochelle and Creston.

"Dandelions" stars Scott Michael Foster, Kate Cobb and Kevin Bigley and is about a writer that returns to his rural hometown filled with the friends and places that he's used as inspiration in his successful novels.

"When he comes home to pick up the pieces after his dad dies, he's faced with those people," Bigley, also the writer and executive producer of the film, said. "They're seemingly OK with his success, but what transpires is kind of this twilight zone series of events that makes him unable to leave. His car doesn't work and his phone stops working and he starts to feel like he's potentially being kept there and all of these people that are seemingly fine with his success might be harboring some resentment and a form of payback. It plays with his own perception."

A movie crew recently wrapped up filming in the area including locations in Rochelle and Creston. "Dandelions" stars Scott Michael Foster, Kate Cobb and Kevin Bigley.

Cobb, who is also the director and executive producer of the film, said it's about a hometown kid who "forgets where he came from and comes

back and people have issues with the way he's portrayed them."

The "Dandelions" film was born out of a short that was shot by the group

in Bigley's hometown in Northern California, which he said is similar to rural Illinois. When their production company. Dandelions Movie, LLC,

partnered with executive producers Chicago Media Angels, the story was envisioned in rural Illinois.

Baneski enters 14th year with RPD

'There is nothing like the feeling... that you helped someone'

ROCHELLE — Rochelle Police Department Detective Elvis Baneski is in his 14th year with the department. He works days and is on-call for major incidents and serves as one of RPD's bike patrol officers.

Baneski is currently assigned to the investigations division. He's responsible for follow-up investigations and investigating felony-level crimes.

Baneski has a bachelor of business from Northern Illinois University and attended the University of Illinois Police Training Institute. Prior to being an officer with RPD, he was a corrections officer with the Winnebago County Sheriff's Office.

The RPD detective has training in driving under the influence enforcement and is an advanced roadside impaired driving enforcement(ARIDE) officer. He also has training in complete traffic stops, rapid deployment, truck weight enforcement and is a certified juvenile officer.

Rochelle Police Department Detective Elvis Baneski is in his 14th year with the department. He works days and is on-call for major incidents and serves as one of RPD's bike patrol officers.

Baneski grew up in Eastern Europe in North Macedonia, just north of Greece. He moved to the United States when he was 12 years old and did not speak English at the time. The first U.S. city he lived in was Rochelle and he attended Lincoln School.

"The greatest part of my job is helping people and interacting with the community," Baneski said. "Also, coming back to

Rochelle, the first city I lived in, and serving the community that was so welcoming to me when I arrived not knowing much about U.S. culture.

Baneski enjoys going back to North Macedonia to visit family and friends. His interests include fishing and playing sports. He enjoys spending time at the beach and has a chihuahua named Rosie that loves being outside with him.

Baneski's grandfather was a police officer in North Macedonia and he passed away before his grandson was born. That's why Baneski chose the career path he did.

"As a child, my grandmother always told me stories about him and the great person and police officer he was," Baneski said.

DAR Patriot Tree honors ancestors of local members

Chapter Regent Perry: 'Remembering is our connection to the past'

BY JEFF HELFRICH MANAGING EDITOR

ROCHELLE — Before getting involved with the Rochelle Chapter of the Daughters of the American Revolution, the name William Porter didn't mean anything to Laurie Perry.

Perry is the DAR chapter's regent. A requirement of joining DAR is being able to trace your ancestry to a patriot of the American Revolution. Porter was a private and a volunteer soldier and served in the militia in his community before enlisting in the continental army for a year and getting directly involved in the Revolutionary War. Porter is Perry's seventh great grandfather. She has two other patriots in her lineage as well.

Porter's name is one of 80-90 that adorn the DAR Patriot Tree. The tree features names of patriots of each of the 85 active members of the Rochelle DAR. In recent months, the tree has been housed by organizations in town spreading awareness as the DAR prepares to celebrate America's 250th birthday on July 4, 2026. The tree is currently on display at the Flagg Township Museum.

"The focus for us is recognizing our patriots," DAR America 250 Chairman Becky Danner said. "Recognizing and marking and honoring the patriots that gave us this 250th birthday coming up. It found a home at the VFW over Memorial Day and then it went to city hall over the 4th of July and it's here for the month of August.

City of Rochelle receives \$1.1 million redevelopment grant

ROCHELLE —

The City of Rochelle is "thrilled" to be a recipient of over \$1.1 million for downtown redevelopment as part of Governor Pritzker's Rebuild Illinois' Downtowns and Main Streets program, a Tuesday press release said. Improvements to the downtown to attract small business, create jobs and improve the quality of life for residents are the intended uses for the money, the release said. Rochelle is one of just 50 communities to receive the award.

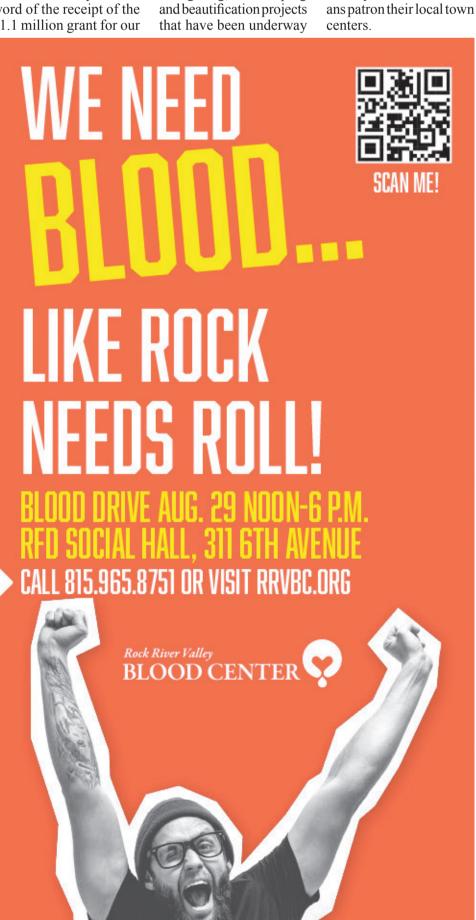

"I am extremely excited to officially receive word of the receipt of the \$1.1 million grant for our downtown. This grant will allow our community to continue to prosper and grow with some long-awaited projects in the downtown area," Mayor John Bearrows said. "Thank you to the State of Illinois and my hats off to our staff who worked very diligently through the documentation process required to achieve this for Rochelle."

The city plans to construct a public restroom facility, add two additional parking lots and rehab several existing parking lots. Also included in the plans is the continuation of lighting, landscaping over the last several years. The city's portion of the project will be \$306,000 and construction is anticipated to take place in 2023.

The Downtowns and Main Streets Capital Program is designed to support local commercial corridors, with concentrations of businesses that experienced difficulties during the pandemic due to declining foot traffic, tourism and business from downtown offices. The program drives investment in infrastructure and public amenities that continue to fuel economic activity as more Illinoiscenters.

The City of Rochelle announced Tuesday that it received \$1.1 million in state grant money that will be used in its downtown to construct a public restroom facility, add two additional parking lots, rehab several existing parking lots and continuing of lighting, landscaping and beautification projects.

"As we did more research and scouting, we found these towns that were kind of a perfect fit," Bigley said. "Not one town in particular was a standout. They all had their own unique buildings and personalities."

The crew set up home base at a hotel in DeKalb and did location scouting and filming around the area including in Rochelle, Esmond, Creston, Malta, DeKalb, Sycamore and

"We fell in love with the area," Cobb said. "Everything was so beautiful. The people were incredible and so welcoming. People opened up their sweet little towns to us and it was more than we could've hoped for. We got to know a lot of the locals. We had our 15-day shoot and we now have around 10-16 weeks of post-production and then after that hopefully we'll have a movie."

Cobb said after post production, the movie's fate as far as distribution will be decided. It could see showings at festivals and find its way to a streaming service

"My dream is to have a little screening of it at the Egyptian Theater in DeKalband invite everyone from the area that made this happen for us," Cobb said.

Maryam Bitre, the movie's producer, said the locals of the area made shooting "Dandelions" possible. Locations included Lisa's Pub in downtown Rochelle, a Rochelle family's home, Helms Stadium, Spring Lake and Headons Fine Meats, which hosted the film's wrap party.

"The movie could not have gotten made without the people in those towns," Bitre said. "We don't get that treatment in Chicago or bigger towns. The energy people brought and the excitement got us thrilled and excited. It never felt like work, because we were working with people that were excited."

Cobb said when filming around the area, residents interacted with the crew and were interested to hear

what they were doing. She called those interactions "refreshing" compared to experiences working in Los Angeles and larger communities. Bigley agreed.

"In a small community, kindness and honesty goes along way," Bigley said. "It was a lot of handshaking and introducing ourselves. It was ingratiating ourselves within the community and we were lucky enough that the vast majority of the people really embraced us."

Cobb and Bigley said a priority for their production company is making smalltown stories that people can relate to.

"The vast majority of

films seem to take place in cities or at the very least in suburbs," Bigley said. "When we do see a rural movie, a lot of times it's written by someone that lives in or is from a city. It was really cool to steep ourselves in a place we felt like we came from. We feel like we don't see as many movies like that as we'd like. Everyone starts somewhere. And most people can relate to a movie like this in some form."

When Bitre needed something for the film in the area, she said she was surprised by how quickly she got responses and how gracious people were with

their resources and time. The "Dandelions" crew

found a sense of community in the area. Initially, talks only involved some location shooting.

"And then we said, 'Why don't we just live in the area? Why don't we just put ourselves there and actually fully experience it?""Bitresaid."We want to send a huge thank you to the entire area. It was definitely something special. They created something special for us and we hope when they get to see it, they feel just as much a part of it as we do."

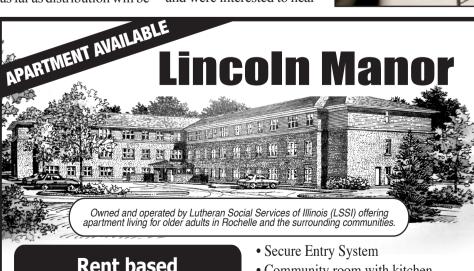

Bigley said the shooting locations allowed the crew

to "tell the story authentically," which was important to he and Cobb.

"We feel like we were, in our own way, honorary citizens," Bigley said. "We feel like we're members of all of these towns. We're looking forward to getting back whether it's to screen this movie or to shoot another one."

"Every single person we ran into in the process in those areas and those towns, we just wanted to have a beer with them," Cobb said. "It was just so fun to find like-minded people who were open to this thing we were trying to do. People were so receptive."

T. Walter Roush

ESMOND—T. Walter Roush, 70, passed away suddenly on the morning of Monday, Aug. 15. His loss is mourned by so

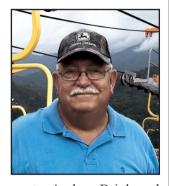

Walt was a loving father, grandfather, husband and friend to all who met him. He was active in his community as a member of the Rochelle Masons and the Lynnville Township Board of Trustees. He served as the organist for the Esmond United Methodist Church for many years and was a faithful member of the church for many decades. He enjoyed snowmobiling and working on his antique tractors, but the highlight of day was to spend time with his wife, any of his five grandkids, or his beloved dog.

Walt was born on Sept. 13, 1951 in Gallipolis, Ohio to Terry and Erma (Rickard) Roush. He spent his early years on the family dairy farm in Letart, West Virginia. The family moved to Illinois in February 1962, where Walt experienced his first taste of a midwest snow storm, as they had to plow

the driveway to get into the farm. He worked on the farm with his dad and started driving trucks as soon as could. He met and married the love of his life in 1971.

They started their lives together, and moved around to a few different locations until they settled at the farm in Esmond in 1986, where Walt farmed for the rest of his life. Walt and his brother, Dan, started the Roush Trucking company in 1976, where they would haul livestock for many years. They eventually transitioned into other cargo and at one point, operated as many as 10 trucks. Walt was still driving truck up until his passing, but he was most at home when he was on the farm.

Walt is survived by his wife of 51 years, Pat (Hand) Roush, his children: Eric Roush, Sara (Jason) Quincer and his five grandchildren: Faith, Lila, Anna, Bailey and Gauge. He is also survived by his brother, Dan (Becky) Roush, and their daughter, Katie, as well as his mother-in-law, Evelyn Hand;

aunts: Audrey Brink and Annabelle Roush, and many cousins, nieces and nephews. The visitation will be

from 4-7:30 p.m. Friday, Aug. 19 at the Unger-Horner Funeral Home, 400 N. 6th St., Rochelle. The funeral service will be held at 10:30 a.m. Saturday, Aug. 20 at the Esmond United Methodist Church, 675 Main St., Esmond with Pastor Dave Rogula officiating. Private family only burial will follow the service at Greenview Cemetery in Esmond. The family requests that in lieu of flowers, please consider a donation in Walt's memory to the Esmond United Methodist Church.

Chicago Tribute Anthology playing Aug. 26 in Mt. Morris

MT.MORRIS — The Mt. Morris Jamboree is pleased to announce the return of Chicago Tribute Anthology to its bandshell stage for a free two-hour concert on Aug. 26 from 7-9 p.m.

In April of 1969, a new rock 'n roll band burst onto the scene garnering nationwide attention. Born in the Midwest and infused with elements of jazz, blues and Latin influences, the first album by "Chicago Transit Authority", or CTA as they were commonly known, went double platinum. Such hits as Beginnings, Does Anybody Really Know What Time It Is?, and Question 67 & 68 propelled the band to popularity.

With a rock rhythm section led by the brilliant guitarist Terry Kath, a powerful horn section and unique vocals, the band now known simply as "Chicago" released their second album in January

of 1970. Considered by many to be the band's breakout album, Chicago 2 would also go platinum with hits like: Make me Smile; Colour My World; and 25 or 6 to 4. Chicago became a

dominant force in popular music during the 1970s, producing at least one new album each year. This period was marked by the release of classic songs like, Free, Saturday in the Park, Dialogue, Just You 'n Me, Feelin' Stronger Every Day, Call On Me and Old Days, to name

CTA brings to life the 'golden age' of Chicago by meticulously recreating many of the great songs from the first 11 albums. Members include Tom Anderson, Paul Bata, Terry Geraci, Paul Mabin, Chuck Parrish, Reed Pauley, Dan Peters and John Springbrunn. Learn more about the band at http:// www.chicagotribute. net. Enjoy CTA live and

experience all of these classic songs just the way you remember them!

Concessions for the evening will be provided by the Mt. Morris Firefighter's Association, who will be serving walking tacos with all the toppings, canned Pepsi products, bottled water and Berryview Orchard's Aronia Berry lemonade slushies. All proceeds stay in Mt. Morris and benefit the Firefighter's Association, serving you since 1889. The Mt. Morris Community Woman's Club will be serving dessert and Just For Fun Ice Cream will be there, too, all starting at 6 p.m.

The campus will be extra festive that evening as the Seventh Annual National Strawsculpting Competition continues, with four new sculptures and many winners from the past on display all around the south end of the campus until Aug. 29.

Cracker Barrel under fire

the Internet and social media are nothing but a cesspool of misinformation, hatred and stupidity, a story like the recent one about Cracker Barrel comes along and restores my lack of faith in humanity.

If you are a real meateating, sick-of-everything-changing American, you certainly know what I am talking about. Recently Cracker Barrel, a home-style restaurant that specializes in meals that make a cardiologist smile, announced that it will now offer plant-based Impossible meat as an option.

Cue the gates of hell opening.

You would think that Cracker Barrel had gone totally vegan and set the American flag on fire while blowing its nose on the Constitution.

The reaction on social media was swift. And hilarious.

"Send them back to Gates," said one post in response to the apparently horrible news that a national restaurant chain is expanding its offerings to include a growing segment of society. "We don't eat in an

old country store for woke burger."

Now, this is hilarious on many fronts. Gates? Like Bill Gates? And woke burgers? Again, woke means "alert to injustice in society, especially racism." Now, I am not sure exactly how offering a veggie option is woke, but it is also obvious that many, many people don't know what woke means.

Still – very funny.

"Not going to happen!" another commenter posted to the news. "Cracker Barrel used to be so good, we looked forward to eating in them but not anymore."

Just so I am clear, if any restaurant offers something you don't like you don't go there? Doesn't that limit the options when you go out?

"Bad choice," another commented. "Do your research."

I hate to break it to this

UST when I think person, but do you think for a second that a national restaurant chain didn't do its research before making this option available? Not that common sense is at play here but come on.

Of course, there were a country breakfast plate full of snarky comments poking at the people getting mad about this. And some of them were gold.

"I also hate the idea of a menu having options that I specifically don't want to eat!" wrote one person I really want to have a beer with. "Restaurants should limit their options to exactly my specifications and nothing more! How dare they cater to anybody other than myself!"

I don't care who you are, that comment is funny and spot on. It also shows how selfish and entrenched people have become in this country: What I like is good, what anyone else likes is bad.

One final comment that just brought it all home for me.

"The fact that you sell stuff other than crackers in barrels is why I'll never go here again!!!!"

If that doesn't make you at least chuckle, check your

pulse.

Brad

Jennings

I am not a vegetarian, so I will not be choosing that option if I ever go to a Cracker Barrel again. Yes, I have eaten there, and it was excellent, but I don't go to them often.

But if you are genuinely offended that a restaurant is offering options for people that you don't want to eat, you are the problem. The world is changing, and people are starting to change the way they eat. What does that mean for you? Deal with it.

If you want to eat what you want to eat and don't want to be exposed to things that you don't agree with, like vegetables, I encourage you to eat at home. In fact, just stay at home-you'll be safe from the big bad ever-changing world out there.

Brad Jennings is the editor of the Ogle County

A good man who did something

sacrifice a job they loved to reveal a wrong committed against a child?

Very few would. In fact, in my 35 years in journalism, I've met only one such person. Just one. In our society we talk a

good game about how much we treasure children. But it's a lie. Kids are violated and large institutions sweep it under the rug every day. As a reporter, I have seen it happen over and over.

The sexual violation of a child is the most horrific act imaginable. I should know. I was violated when I was just 12 years old. It is a pain that has hung over me for decades.

I have written about teachers, cops, coaches, pastors, scout leaders, tutors and others who have sexually abused youngsters.

And time after time, powerful institutions worked hard to cover up the crimes. But Michael Leathers

was a good man who did something. The Chatham man died Aug. 3 at age 62 of a heart attack.

He spent 20 years as a public relations person at Springfield Memorial Hospital. And he did a good job there. But his first love was newspapers.

Back in 2002, he was the editor of Illinois Baptist, a newspaper covering Southern Baptist congregations across the Land of Lincoln. Before that, he was a reporter for the Alton Telegraph.

When he learned that a pastor, Leslie Mason, was criminally charged with sexually abusing girls in the southern Illinois town of Olney, he reported it. One of the girls apparently was only 13 years old.

Instead of receiving praise for informing Baptists about a potential predator in their midst, he found himself in a room with a lawyer and his boss, Glenn Akins, who then ran the Illinois Baptist State Association. They wanted him gone.

I wish I could say I found this response surprising. But those in power often find comfortable

ignorance preferable to hard truth. During my own

career, editors have called me obsessed, pedophiles have threatened suicide, lawyers have threatened to sue and victims keep calling because they want their story told.

the same: If newspapers don't hold those in power accountable, who will? Leathers understood this

My response is always

as well. I learned of his coura-

geous stand in 2019 when newspapers in Houston and San Antonio published a damning exposé of how Southern Baptist churches had repeatedly covered up pastors who abused children.

Leathers' story was included. Next the New York Times wrote about what a brave man he was.

And a couple of days later, I found myself having lunch with Leathers and interviewing him for this

According to Leathers, Akins offered a peculiar complaint about the story: That writing about one pastor who committed sex crimes was unfair because that "ignores many others who have done the same thing."

Forrest Gump could have come up with a smarter excuse. By the way, I reached out to Akins on Aug. 8 – he didn't get back to me.

Butsittingacross from Leathers, I sensed heartbreak -- 17 years after he lost his job. He not only lost his career in newspapers but no longer felt comfortable in church. **Scott** I invited him to Reeder

join a Bible study I'm a part of, but

he shook his head and said, "It wouldn't be like the Southern Baptists—that was special."

Michael's widow, Tammy, said he came to forgive those who fired him and he continued to love Jesus.

"People would ask how his faith had remained so strong after all that had happened to him. And he would say, I put my faith in God, not in men," she said.

In case you're inclined to mark his dismissal as some sort of misunderstanding, it wasn't. Leathers knew his boss didn't want the story to appear in the newspaper. But he said when he was hired he was assured of

editorial autonomy. So, he published the story anyway. Southern Baptist leaders are hardly unique in how they responded to predators

in their midst. We have seen this story play out time and time again with school boards, churches, scouting groups, teacher unions and sports teams. Powerful institutions often don't want the truth told.

"I think there is a tendency for people in leadership to want to protect the institution by covering things up,' Michael Leathers told me. "The interesting thing is that when I wrote the story, I got plenty of positive feedback from laypeople in various congregations. They get it. It was people in positions of authority who had problems with me writing the story."

Leslie Mason, the pastor Leathers wrote about, was sentenced to seven years in prison. Upon being released from prison he began working as a pastor again. Glenn Akins, the boss

who gave Leathers the boot, is now assistant executive director of the Baptist General Association of Virginia. As for Leathers, a service

was scheduled for him at a Chatham reception hall on Aug. 10. No pastor was slated to speak. Scott Reeder, an Illinois

Times staff writer, can be reached at sreeder@illinoistimes.com.

Rochelle Township High School students begin 2022-23 school year

Rochelle Township High School students returned to classes for the 2022-2023 fall semester on Tuesday. For the first time since August 2019, RTHS kicked off its school year with a full schedule of classes and a full calendar of activities. All Rochelle schools have returned to pre-COVID-19 protocols. Rochelle Elementary District students started their first day of school on Wednesday morning.

Rochelle man sentenced on battery charges

OREGON — Ogle County State's Attorney Mike Rock announced that on Aug. 11, the Honorable Judge John B. Roe sentenced Everett Bradley of Rochelle to five years in the Illinois Department of Corrections on the charges of aggravated domestic battery and aggravated battery.

The defendant is required to serve 85 percent of his sentence on the aggravated domestic battery charge and 50 percent of his sentence on the aggravated battery charge. Bradley was found guilty of those charges following a jury trial in March of this year. In February 2018, the Rochelle Police Department conducted an investigation after a child was brought to the hospital with injuries. During the investigation, the defendant was developed as a suspect. The case was reviewed by the Ogle County State's Attorney's Office and charges were authorized.

TREE: DAR preparing to celebrate 250th birthday of America

From page 2

"It will go over to the library for constitution week and the month of September. I wanted it here at the museum during the heritage festival. We want it to be a traveling display."

Danner joined DAR through a distant cousin and patriot that she had a direct lineage to. When she joined, Perry went through her information and went back to Danner with a list of more possible patriots. Perry and other DAR members undertake "significant" research projects to collect all the evidence needed to trace lineage back to patriots.

"I think most people would be surprised at the connection our members build with their patriot ancestors," Perry said. "Our membership embraces that relationship with them and they're 9-12 generations from us. But we have such heartfelt respect for what these men and women did to help America become America."

DAR Member Lydia Roberts can trace her lineage to eight patriots. She initially joined the DAR through her paternal grandmother, who joined DAR in 1902. The organization was founded in 1890.

"At that time, it was only two generations from the patriots," Roberts said. "Now we're so many generations away and it's more about research and finding more about our ancestry and families. It's a common thread between all the different pieces of information and it becomes alive when you find this person and what they did."

Anybody who aided the cause of the American Revolution is considered a patriot. It's "much more" than just soldiers, Roberts said. Women and minority patriots have been found when DAR members have traced their lineage.

Patriots are often found as people who signed their names at the time as supporters of the revolution.

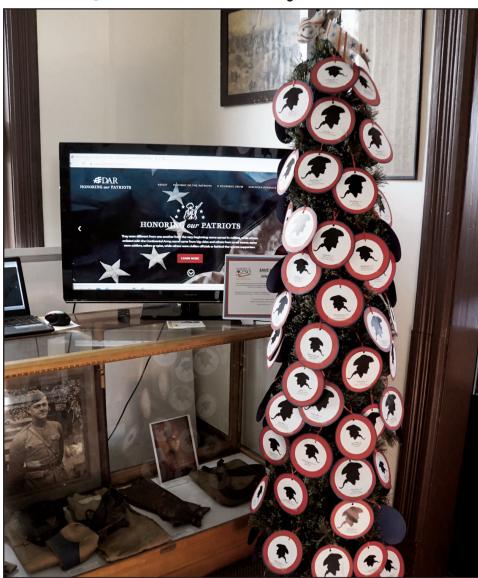

"Signing your name sounds like a simple thing," Perry said. "But it took a lot of consideration. You knew if that document was captured, your name was on a hunting list. It wasn't something that was undertaken lightly."

Perry said she's spent thousands of hours doing genealogy research to help families learn their stories.

"Remembering is our connection to the past," Perry said. "That's why I enjoy doing genealogy work so much. Today's **DAR** is active and vibrant in our communities and we are open to anyone interested in membership. We're willing to work very hard for women interested in finding out. I think most people would be very surprised by the number of people they know in our community who are members of DAR. Most don't realize they already have friends in DAR."

The second requirement of DAR membership is the desire to serve local communities. The organization makes donations and organizes campaigns like Wreaths Across America, which places wreaths at the graves of veterans during the holidays.

"We consider ourselves to be the living embodiment of those men and women who served and sacrificed," Perry said. "We serve in their honor in our communities."

Hand Hygiene Habits

Protect yourself against COVID-19 and other diarrheal and respiratory illnesses, and help prevent the spread of germs to others, by following these simple hand hygiene guidelines:

- 1. Wash your hands with soap and warm water, lathering for at least 20 seconds.
- 2. If soap is unavailable, use a hand sanitizer containing at least 60 percent alcohol to clean your hands.

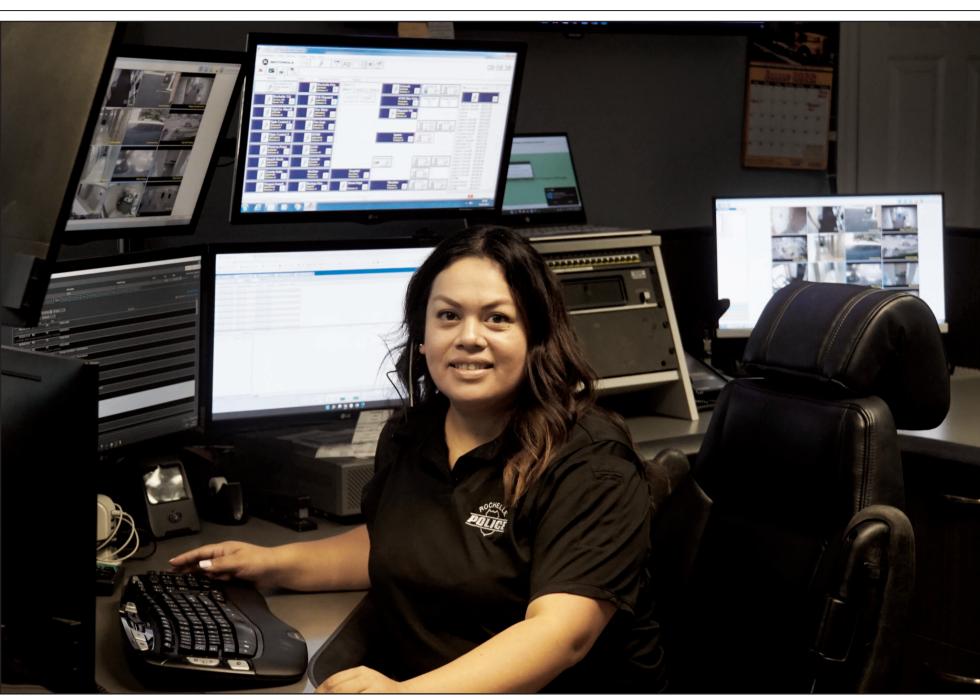

Wash your hands throughout the day, and particularly under these circumstances:

- Before preparing food
- Before eating
- After using the toilet
- After changing a diaper or helping a child use the toilet
- Before and after exposure to someone who is sick
- After coughing, sneezing or blowing your nose
- After touching an animal or picking up animal waste
- After handling pet food or treats
- After handling garbage or garbage cans
- Before and after attending to a cut or wound

Rochelle Police Communications Supervisor Luisa Nambo graduated from Rochelle Township High School and attendedKishwaukee College. She has specialized training in center management, 911 center supervision, incident command, communications training officer, fire dispatch, law enforcement dispatch and more.

From page 1

She also has specialized training in fire dispatch, law enforcement dispatch, EMD dispatch, active shooter, hostage negotiations, suicide intervention and advanced strangulation prevention.

The most enjoyable part of Nambo's job is the people, both RPD staff and community members, she said.

"Unfortunately, we do not deal with ideal situations and most of our callers are seeking assistance on their worst days," Nambo said. "Being able to provide them with the assistance and/or guidance during their time of need is crucial. We have a wonderful team here who are always willing

to go above and beyond."

Nambo was born and raised in Rochelle, where she resides with my husband, Baldemar, their two children and two dogs. She enjoys spending her free time with family and friends along with dancing, crafting, photography and traveling.

Dispatch was not a profession that Nambo would have ever considered if participate in the HUB Projshe hadn't talked years ago with former RPD Detective Brian Albers.

D: Supervisor entering 19th year with department

"He mentioned the job opportunity in passing and the rest was history," Nambo said. "I just knew this is where I needed to be, and I have loved the profession since day one.

In her work with RPD, Nambo had the chance to ect's mentoring program.

"It was a wonderful experience that helped me understand additional challenges students are faced with today," Nambo said. "Getting the opportunity to get a glimpse into their lives while being able to provide them with additional support and an opportunity to be heard is huge. I can honestly say that I learned more from them than they will ever know."

Nambo said that herself, the dispatch center and RPD are at the ready when Rochelle residents need help.

"I would like our community to know that our team is always here and ready to serve them," Nambo said.

BANESKI: RPD detective reflects on career in Rochelle

From page 1

"I just wanted to follow in his footsteps and have something in common with him, which is serving our community and helping people."

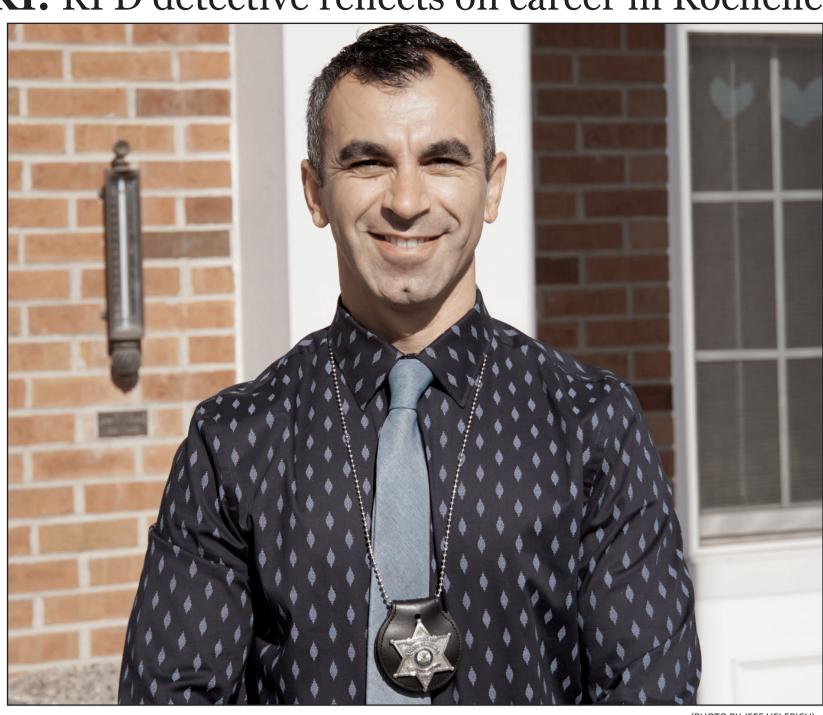

One memorable experience on the job for Baneski involved being called to assist in opening a vehicle with a child locked inside. When he arrived, he saw a newborn in a car seat locked inside a running car. The mother said that as she was getting groceries out of the car, somehow the car locked itself.

"I was able to unlock the car and as I was leaving, the older brother, about 6 or 7 years old, thanked me for saving his little brother," Baneski said. "That moment can be seen as an unmemorable interaction; however, I will forever remember it because it shows the impact we can have on people's daily lives."

Baneski wants the Rochelle community to know that every officer at RPD sincerely cares and strives to help the community in any way possible.

"There is nothing like the feeling of knowing that you helped someone at a time when they needed you the most," Baneski said.

Varsity newcomers stand out as Rochelle takes third against Dixon, Freeport

BY RUSSELL HODGES SPORTS EDITOR

FREEPORT — Two newcomers scored well enough to have the Rochelle Hub varsity golf team in the mix during Tuesday's season-opening match against Dixon and Freeport at Park

Freshman Ian Metzger and senior David Wanner each made their varsity debuts in the three-team nonconference match, with Metzger shooting 45 while Wanner followed with 46. Three Rochelle players scored in the 40s including senior Griffin Ohlinger, who led the Hubs with 44 as Rochelle finished behind Dixon (170) and Freeport (174) with a 189 team total.

"David's very decisive on the course and he's mentally tough like most of our top players," head coach Glen Mehrings said. "He makes his mind up quickly and he has a good swing. He has a positive attitude and he's committed to lowering his score... Ian kept the ball in play and he was in the middle of the fairway throughout most of the round. I thought he would score around 45 or under and he shot exactly 45. He's a steady player and it's great having that in our lineup."

Rochelle started six varsity players in the meet, which saw players contend with numerous trees, tight fairways and plenty of uphill and downhill slopes during the round. Senior Damen Harrington finished with 54 to round out the top four scorers for the Hubs, while senior Wade Smith and junior Cale Workman fired 56 and 57 out of the No. 5 and No. 6 varsity slots. Putting proved to be the key differentiator between the Hubs and their two opponents Tuesday evening.

"This is a good, tough, regional or sectional-type course," Mehrings said. "It's a good challenge so I enjoy coming out here with our team. We finished a little above where I thought we would be but I know we can compete with teams like Dixon and Freeport. I thought they made more putts than we did today, but we were competitive and I know we're capable of lowering our team score into the 170s. Our top players

know they left some putts and shots out there today."

Rochelle will host DeKalb for a nonconference match at Fairways on Wednesday, Aug. 24 The Hubs will then welcome Mendota and Amboy on Thursday, Aug. 25. Mehrings said he'll be looking for his senior players, including Ohlinger, to find their form as the season progresses.

"Griffin was hitting the ball hard off the tee and he had a few big drives, but I thought he left a few shots out there and he knows that," Mehrings said. "I think that 44 will be the highest round

he shoots this season and I know with a few tweaks to his short game, he's capable of shooting 40 or below every time we're out here. He's strong mentally and I know he can turn it around."

Former Rochelle Township High School student-athlete Mason DeLille has been throwing javelin for the Carthage College men's track and field team. DeLille said he's training for a return to the triple jump, which he holds the RTHS varsity record in.

DeLille training for comeback season at Carthage College

BY RUSSELL HODGES

SPORTS EDITOR

■ORMER Rochelle Township High School student-athlete Mason DeLille has found success as a javelin thrower for the Carthage College men's track and field team over the last two seasons. While DeLille intends to continue throwing the javelin next season, he's also training hard to return to the triple jump, which he excelled in throughout his fouryear track career at RTHS.

DeLille made five starts in the javelin throw during the outdoor season earlier this spring, finishing seventh or higher in each of those five starts. The RTHS alum set a new personal record of 47.40 meters at the UW-Whitewater Drake Alternative on April 29 before taking sixth out of 19 athletes at the 2022 CCIW Outdoor Track and Field Championships in early May.

"I became mentally stronger last season and a lot of that growth came near the end of the season," DeLille said. "It's also carried over into the summer and I'm hoping that growth will continue into my senior season. My overall experience with the Carthage track and field team has been great. The

friends and bonds I've made over the last few years have been my favorite aspect about the program. Continuing to stay active and compete has been nice as well."

DeLille currently holds collegiate-best marks of 12.59 meters (41 feet 3 3/4 inches) in the triple jump and 6.13 meters (20 feet 1 ½ inches) in the long jump. DeLille, who currently holds the RTHS varsity triple jump record and was an IHSA State Championship qualifier, said he's cut around 20 pounds off his frame over the summer in preparation for his final collegiate season.

"My goals for next season will be to make a comeback in the triple jump and to make the needed performance jump in the javelin throw," DeLille said. "I took a break from triple jump over the last two seasons but I've been working hard over the summer to lose weight and retain muscle so my body is in the best position for me to make a return. I felt like I had an average junior season. I fell short of my high expectations, but I didn't feel that I performed too poorly."

DeLille is currently studying mathematics and economics at Carthage College. With his education, DeLille said he intends to pursue a career in sports or business analytics.

NIU Football

First day in full pads brings out the intensity

Youthful talent on display as Huskies work through second week of camp

DEKALB — The defending Mid-American Conference champion Northern Illinois University Huskies donned full pads for the first time this preseason as head coach Thomas Hammock put the Huskies through a two-hour workout Sunday afternoon at Huskie

With most of the practice spent in live tackling and the new "heavy thud" tempo, Hammock saw the intensity level upped during the team's sixth preseason practice. NIU moved the workout to the afternoon in order to practice outside on the first day in pads.

"The intensity really ramped up," Hammock said. "We had to add a new tempo to practice. We had to have a tempo in between thud and live tackling, so we call it heavy thud. With that, we have the ability to get some guys that have played a lot of football a lot of work without tackling guys all the way to the ground and exposing them to injury. They handled that well.'

One of the most energetic segments early in Sunday's practice saw the offensive and defensive players face off one-one-one in an "open field avoidance" drills with running backs and receivers attempting to get past defenders in a limited space. The entire offense and defense cheered on their respective teammates, upping the competition level heading into 11-on-11 situations. Quarterbacks Rocky Lombardi (Clive, Iowa/Valley HS) and Ethan Hampton (Elburn/Aurora Christian HS) took all the snaps with the first and second team offense, respectively Sunday as the offense appeared to have the edge in the daily competition.

"It was an intense practice," Hammock said. The defense got after the offense [Saturday] and there was a response. I'm sure the offensive coaches took that personally and the offensive players responded. There was leadership, there was energy, there was intensity, there was an edge, and it was good to see. As the head coach, you don't know who to cheer for, there's always a catch 22, but I loved the response. I'm sure [Monday] there will be another response. I love the competition and how these guys are playing."

For the offense, Hammock named running backs Antario Brown (Savannah, Georgia/Beach HS) and Mason Blakemore (Centralia/Centralia HS), and wide receivers Fabian McCray (Chicago/Phillips HS) and Jalen Johnson (Aurora/Metea Valley HS) as players who have played well and put good days together through the first week of camp, while also mentioning freshman linebacker Nick Alvarado (Bloomfield, New Jersey/ Union City HS) and the Huskie defensive line among those who have caught his eye.

Alvarado had a pair of tackles for loss and safety Jordan White (Havre de Grace, Maryland/Havre de Grace HS) picked off a pass to provide the defensive highlights Sunday. When the Huskies moved to short yardage and goal line situations, touchdowns by Brown, tight end Tristen Tewes (Pleasant Plains/Pleasant Plains HS) and McCray highlighted those segments. Running backs Blakemore, Brown and Harrison Waylee (Johnston, Iowa/Urbandale HS) all broke free for long runs at one point or another during practice.

"I really like the progress [I've seen so far]," Hammock said. "We were able to get a lot of quality work. With the twos, we went a lot of live tackling

today and that was good for those guys to get a lot of work. I like how we've been able to break down the practices and get guys a lot of work. We continue to split the practices and as long as we're able to stay healthy, I want to continue to split the practices and get work and develop our whole football team. You see guys getting reps, making plays – young guys making plays. They're getting better and it's helping our football team as a whole."

The final few periods were spent in hurry-up, move-the-ball situations with the number one and two offenses taking on the young defenders and the number one and two defenses going up against the young offensive players as part of the "split" practices Hammock referred to. Lombardi connected with receiver Shemar Thornton (Miami, Florida/Hallandale HS) on a 70-plus vard touchdown pass to close out practice.

> **Second Day** The old adage in col

lege coaching is that the best thing that happens to freshmen is that they become sophomores.

For the Northern Illinois University football team, the second-youngest in the Football Bowl Subdivision (FBS) in 2021, that youth movement has been bolstered by both veteran transfers and a freshman class that is already making a good first impression on head coach Thomas Hammock.

"We got some young guys who are extremely developed for their age, guys like Roy Williams (Crestwood/Shepard), Nick Alvarado (Bloomfield, New JerseyUnion City), Jalen Johnson (Aurora/Metea Valley), Rashon Myles Jr. (Hazel Crest/Homewood-Flossmoor), Reggie Jean (Ocoee, Florida/Foundation Academy) and Jaiden Credle (Columbus, Georgia/Carver)," Hammock said. "Those guys are ahead of the curve physically, picking up the schemes and competing with everyone else. We're going to give them a lot of reps and see what they can

handle."

That talent was on display in Monday morning's practice in the Chessick Practice Center, as thunderstorms in the DeKalb area forced the Huskies inside. Credle, a running back, converted a third down on the first team offense's first drive in the final 11-on-11 period of practice. Quarterback Rocky Lombardi (Clive, Iowa/Valley/Michigan State) threw a short touchdown pass to Brock Lampe (Kenosha, Wisconsin/ Bradford) to punctuate the drive. On the next possession, redshirt-freshman quarterback Ethan Hampton (Elburn/Aurora Christian) hit Johnson in the back of the end zone for a 40-yard touchdown.

When it came time for the young guys 11-on-11 at the end of practice, it was Alvarado and Williams on defense getting in the offensive backfield for tackles for loss. In a year where NIU has a like we played two games Mid-American Conference championship to defend, Hammock knows

every facet can be good not just for this year but years to come.

"It's been fun to see because they add depth to your team," said Hammock. "This is a physical game, and we need to continue to develop young players to make sure they can step up when the opportunity presents itself. Last year we lost Devin Lafayette, Eric Rogers and Harrison Waylee and guys stepped up and made plays. That's why we're splitting the practices up, so we can continue to develop our depth because you never know when you're going to need somebody."

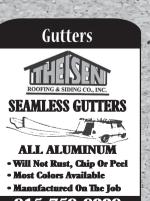

Monday's practice was the second in as many days in full pads. Hammock remarked that the two practices saw a rise in intensity and energy as the second week of practice is in full swing.

"It's been an intense two days. We had to dial them back a bit today. It feels in a row. The team's in a great spot and the competition is at an all-time high.

. Whatever happened to the • movie adaptation of the nonfiction book "The Devil in the White City"? I remember hearing vears ago that Tom Cruise was going to star in it, but as far as I know, the movie never did come out. — K.L.

A. There's been a recent development in the saga of adapting Erik Larson's bestselling book "The Devil in the White City" to film, but first, let's review how we got there. Tom Cruise initially secured the rights to the book, which is set during the 1893 World's Fair in Chicago. Time runs out, and Cruise's deal expires. According to "Chicago" magazine, Leonardo DiCaprio acquired the film rights in 2010, with Martin Scorsese set to direct. In 2019, the project was reimagined as a series, DiCaprio and Scorsese still attached, with an eventual home on Hulu.

Recently, a casting announcement was made. Keanu Reeves ("The Matrix Resurrections") will play architect Daniel Burnham, but no other cast members have been announced, most notably who will play serial killer H.H. Holmes.

Hulu plans for the eight-episode limited series to air sometime in 2024.

• I was so shocked and sorry • to hear that Anne Heche was involved in a terrible car accident recently. I've loved her ever since she played twins on a soap opera decades ago. What were their names again? — L.O.

• Actress Anne Heche first became A household name among soap fans when she played twins Vicky and Marley on "Another World" from 1987 to 1991. She won a Daytime Emmy Award, and then went on to have a successful movie career, namely "Six Days, Seven Nights" opposite Harrison Ford, "Donnie Brasco" with Johnny Depp, and even a remake of "Psycho," where she played the Marion Crane (Janet Leigh) role.

Heche also had a successful primetime television career with regular roles in "Everwood," "Nip/Tuck" and "Men in Trees." She's also in the upcoming, highly anticipated HBO series "The Idol," star-

ring The Weeknd and Lily-Rose Depp. Heche has been honest about her

9 Biggest Benefits Of Shopping Rochelle First

Youth programs, schools and nonprofit groups look to our businesses first when fundraising.

These community-minded businesses donate faithfully to local youth sports programs, community clubs, nonprofit groups and churches - just to name a few. Shouldn't we look to those same businesses first when we need goods and services? Of course we should!

High rate of return. For every \$100 spent in independently owned stores,

\$68 returns to the community through payroll, taxes and other expenditures. Online orders return absolutely nothing to Rochelle, IL.

Seeking health care in your hometown brings the comforts of receiving qualified

care from people you know and trust. Whether it be a trip to the dentist, regular health care screenings, a visit to a specialist or an emergency, you need not travel. It's all right here.

Banking with people who know you is a luxury found only in hometowns.

You don't have to show your ID every time you go in. You can get a loan from people who know you and understand your needs, whether it be money for your first car or to help your business grow. Local banks believe in the value of community members helping one another.

No one wants to have to make an insurance claim, but it's painless when your agent is your neighbor.

You don't have to convince them that there was a hail storm, or that the wind nearly took your roof off. They know because they live here. Which do you want when you've had a bad day: A face-to-face meeting with your local agent, or a machine answering the phone at that big national insurer that advertises on TV?

Time is money. It's simple math (especially when you figure in gas mileage.) Shopping locally can actually

save you both time and money!

Customer service after the sale is invaluable. Local retailers not only take responsibility for the product

they sold, they will often fix it or replace it - no questions asked. Appliances, furniture, computers and electronics sometimes have glitches. Would you rather box yours up, send it to who knows where, and wait six to eight weeks, or just go back to thenice guy that helped you when you bought it?

Keeping it local encourages community **growth.** By choosing to do business locally,

you help maintain Rochelle's diversity, charm and appeal; which attracts new community members.

One word: Jobs.

When you do business of any kind in Rochelle, it creates and maintains jobs for

others in our area. A healthy employment rate is the cornerstone of all economies. How can you help the economy recover? Start at home.
