Daycare building purchased Bearrows: Offer accepted with plans for daycare

MANAGING EDITOR

ROCHELLE — Rochelle Mayor John Bearrows said last week that an offer has been accepted on the Kishwaukee Family

YMCA Child Care Center building at 1010 N. 15th St. that closed in 2020 and the buyer has plans to make it a daycare once again. Bearrows said he heard

that information from the realtor selling the property. He said he did not know the identity of the buyer. The transaction is now in the real estate process and the anticipated closing is somewhere around June 1. Bearrows said after that point, more information will come to light.

The buyer that is in the process of purchasing the daycare building is not affiliated with the daycare board that was recently established to work to bring a child care center back to town. Bearrows, who is chairman of that board, said a group did make an offer on behalf of the daycare board, but that offer was not accepted.

accepted, which I'm OK with," Bearrows said. "As long as we get that daycare open. It's finally going to come to fruition. It's been a long time coming."

Rochelle has been without a daycare center since the facility closed. The City of Rochelle took on preliminary work last year to bring a daycare back to

town. It put out a survey to residents that came back with overwhelming results in favor of a daycare with 72 percent of respondents saying they're in need of a daycare and 71 percent saying their children would be likely to attend a daycare if it opened in town.

The building at 1010 N. 15th St. was listed for

sale earlier this year by Hayden Real Estate, Inc. for \$399,900. It's 12,000 square feet, sits on 2.73 acres and includes eight classrooms, a sprinkler system, a commercial kitchen and outdoor space. The facility was built in

In past years, Headon's used to work with Sean Considine, a Byron native and Super Bowl champion football player, and had a mobile meat truck that would set up shop in the area in Davis Junction, Stillman Valley, Oregon and Byron. HIbshman said since then, Headon's has seen a lot of customers from that area and has heard comments about the desire for another location.

area before talks started with Benny's Owner Tim Hayden. Headon's sells a lot of its products at the Benny's location in Rochelle.

"He said he was opening a new location and asked if I wanted a portion of it,"

Hibshman said. "I said we wanted to put one out there anyways, and it just kind of all came together. Basically we'll have about 800 square feet in the back and it's going to be part of the store. The store is going to be very well

set up. Our area is going to look like a small version of Headon's. We're going to have the antiques up there and an awning out in front of the inside area. Memorial Day weekend is the targeted date right now."

The Hibshmans took over ownership of Headon's in Creston just over a year ago after longtime Owner Lyle Headon retired and sold the business.

POLICE: Two robberies, one shooting occur in Rochelle

From page 1

By the time officers arrived, the offenders had left the scene.

"There was a vehicle that we found out had left that location 10 seconds after our officers started to head that way," Higby said. "That vehicle went north on Illinois Route 251 without lights on. It may have been related, but we're not sure. We did get a description of the individuals but we never did locate them. We have some information to go on, but it's kind of a long shot at this point. We did have a quick response, but it takes the offender just a shade less time than it takes us. Unfortunately they were gone by the time we got there."

On Tuesday around 1

p.m. a 911 call of a robbery at the Clark Station at 1180 N. 7th St. was made by a third party. Higby said the caller was on the phone was the business's clerk when someone entered with a knife and demanded money. The third party individual then called 911.

The offender was not given any money by the clerk before fleeing west on Carrie Avenue, Higby said. The RPD chief said the offender was a male and wore gloves and a mask. After arriving to see the man had fled, RPD searched the surrounding areas to no avail.

"It's possible he had a car or apartment or home in the area," Higby said. "We had a good response to that one, too. Unfortunately the delay is just how long it takes for someone to call it in. The investigations into both robbery incidents are not likely to pan out without additional information or help from the public."

At8:58p.m.onWednes-

day, RPD received a call regarding shots fired in the area of 709 Lincoln Highway. Higby said the victims, a male adult and a female adult, were parked in the area and an individual walked up to their car with a gun and told them to leave the area. The victims pulled away, and one shot was fired into the car.

Higby said he was appreciative of the fact that the Ogle County Sheriff's Office helped with several squad cars and personnel on Wednesday night.

"When you have a sit-

There's that summer weather

Brad

Jennings

NHERE it is – there's that summer weather.

It landed on the region like a warm thud this past week. We have all - well, most of us – been waiting for it since last year. And let's face it, we never really had much of a spring this

Living in the Midwest can be a study of weather frustration. Wake up in the morning, and it is clear skies with no rain in the forecast. Two hours later severe thunderstorms are popping up all around you.

Spring was cold and wet and lasted forever this year. I didn't even mow my lawn until May 8. May 8! I don't think my first mow of the year has ever come that late.

But we went from heat to air conditioning in a day or two. From 50s to lows 60s and then bam! Almost 90 degrees.

I am not complaining, of course, I love the warm weather. And it came just in time, as me and two buddies hopped on our motorcycles early on May 13 and hit the road for Arizona. We are riding out to visit my family and make some memories. We even rented a house with a pool for a few days in Arizona – I can't wait for that.

So yes, you will have to probably deal with another motorcycle trip column. Brace yourselves. In the meantime, here

are a few random thoughts:

* After going through the graduation photos of every high school senior in the county, I can safely say that teens today are as weird and goofy as they were back in my day. Some are perfectly put together and aiming toward a bright future. Others? Not so much. But hey, be proud of them for now, because they might be crushingly disappointing later.

* I miss being able to buy hot, fresh tamales in the parking lot of the grocery store from some random person pulling an ice chest full of them. Laugh at California all you want, but the parking lot food there is second to none.

* The current crop of politicians has confirmed to me that people need to have experience in government before they run for office. Just being mad about something is not enough. Just wanting

to get exposure for your conspiratorial beliefs while being loud and obnoxious is no reason to garner a single vote. There are some freshmen in Congress who are national embarrassments and should never have been

elected to anything, much less Congress. Start with a local school board or city council and learn how to govern. If you hate government and are not focused on helping all people, don't run. Stay home and complain.

* As bad as the weather has been here, at least we don't live in Duluth, Minn., where my daughter lives. Sure, it hit the low 70s last week, but before that they barely made it out of the 30s. I just couldn't live there, although in the summer it is a lovely place to visit.

* A friendly reminder that when you mow your grass, don't shoot it out into the street. That is illegal in the state and potentially very dangerous for motorcycles. I see people blowing grass all over the roads in Ogle County. Please, be mindful of others.

* There is some incredible television on right now. "Better Call Saul," the "Breaking Bad" spinoff, is simply fantastic. The new "Bosch" spinoff is also out now and continues the great quality of the original show. And has anyone seen "Outer Range" on Amazon? A great mashup of western and sci-fi. TV has never been better.

*Finally, a special thank you to reader Loraine Untz, who again this year sent me a very sweet birthday card. Thank you for reading and thank you for the card.

Why not grow our own companies?

LLINOIS' 20-year dalliance with Boeing came to an end this month, with the corporate behemoth announcing that it is picking up and moving from Chicago to a Washington, D.C. suburb.

It was a shameful relationship from the start. Taxpayers on the local and state level paid the airplane manufacturer \$60 million to move its corporate headquarters here in the first place.

The company brought 500 jobs to Chicago when it moved here from Seattle in 2001. That means taxpayers dished out \$120,000 in tax breaks for each job. And once the incentives ran out, the company decided to up and leave the Land of Lincoln.

Scott Reeder

Some say politicians are buying jobs when they offer corporate fat cats incentives to move here. Sorry, that interpretation is way too generous. At best, we are renting the jobs until the incentives run out.

These corporations are adept at playing state against state and city against city. Back in 2001, Boeing made Dallas, Denver and Chicago bachelorettes No. 1, No. 2 and No. 3. They each groveled to see who it might attract the aerospace behemoth.

And they found out in a PR stunt.

A Boeing 737 loaded with corporate suits sat on a Seattle runway in 2001 and the pilot had charted routes to Denver, Dallas and Chicago. Most folks aboard had no idea where they were going until the plane was airborne. It landed at Midway Inter-

> national Airport where a formal announcement was made. The city's newspapers embarrassed themselves. If memory serves, one ran a banner frontpage headline something like "Chicago, a Boeing Kind

All rationality had gone out the window.

While Chicago ended up the "winner," one has to ask if any city truly ends up on top when it engages in such bidding. Instead of being a suitor putting its best foot forward. Illinois and the Windy City came off like a John waving the biggest wad of cash.

of Town.'

A recent Chicago Tribune editorial bemoaned the city's loss of status as yet another corporate headquarters disappeared from its

And Fortune 500 companies are favorite targets of government largess. Why? Well, it burnishes a politician's reputation when a corporate nameplate gets bolted to a building in their city.

It's also a "government knows best mindset" that serves neither the taxpayer nor the economy

Folks on the left call it corporate welfare; on the right they call it crony capitalism. Let's just call it what it is: shameful behavior.

The best way to help businesses in Illinois — and any state — is to improve the state's overall business climate. This means doing things like ensuring its workforce is well trained and its taxes and regulatory environment are competitive.

But politicians like to cut ribbons and claim credit for the jobs they "brought" into the state. And incentives have become their means of branding their accomplishments. They are also lousy prognosticators on where to invest the state's money.

Back in 2011, Illinois and local governments put together a \$250 million incentive package to keep Sears headquarters in Hoffman

Today there are about 23 Sears stores in the country and none in Illinois. The 243-acre corporate office park will soon be sold. It just goes to show you, no matter how much money government throws at a poorly-managed business, it can't keep it from going under.

Not so long ago, outfits like Dell Inc., Amazon.com Inc. and Microsoft Corp. were tiny startups. Now they are corporate

HEADONS: Creston meat store opening second location

From page 1

The name and recipes of the shop have stayed the same since.

Hibshman called the opportunity to open a second location "awesome." The Davis Junction shop will have fresh meat brought to it each day along with frozen brats, burgers and hot dogs. There will be limited deli items like pre-packaged potato salad and local items like vinegar and oil will be sold as well.

"Lyle is actually pretty excited about it because it was always one of his dreams to have multiple locations," Hibshman said. "Hopefully this is the start of getting a couple more going in the future as well. It's kind of funny, you know the rumor mill flies around. There were rumors that our Creston shop was going to close down. I'm like, 'No way. We would never shut this down.' It's been a good year."

Headon's in Creston recently received a liquor license and has been able to add that type of inventory. The location is holding street fairs on the first and third Saturday of each month through September. Hibshman said it's been good to bring people into the shop and the Village of Creston.

The biggest thing about the second location that excites Hibshman is the chance to sell to people in a new area where Headon's has a "big following." Outside of Benny's locations and at the Creston shop, the only other places to get Headon's products are at

(PHOTO BY JEFF HELFRICH)

The second Headon's will be located inside a new Benny's Corner Market just west of the intersection of Illinois Route 251 and Illinois Route 72. Benny's is another Rochelle business that is adding another location in Davis Junction. Owner Mark Hibshman and his co-owner, his son Justin (above), had already had conversations about a location in the area before talks started with Benny's Owner Tim Hayden.

Polo Fresh Market and ExpressLane, which are at a lot of the Shell and BP gas stations. Benny's in Davis Junction will be the only non-Creston location with fresh meat.

While the Hibshmans did not own Headon's during the most dire times of the COVID-19 pandemic, he said they still saw effects over the

past year.

"Being able to see our customers' smiling faces again and being able to actually talk and everything, it's great," Hibshman said. "I think if the pandemic was still going on the way it was, I don't know that we would've been able to open up another location. It's definitely nice that all that has eased up."

In preparation for the new location, Hibshman said the Headon's brat machine has been running "pretty much all day long' to get stock built up. Over the next couple of weeks it will be "crunch time" with decorating and preparing the Davis Junction shop.

People in the Davis Junction area and Ogle

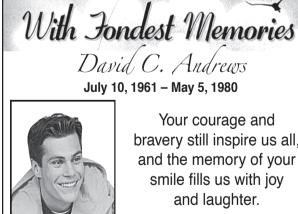

County that are unfamiliar with Headon's that come to the location can expect the same type of business that the Creston shop has done for decades.

"You're always going to have a fresh cut of meat," Hibshman said. "We only use the top beef. We'll have different flavors of brats out there. We

have 57 flavors we carry now. And all of our stuff is all-natural. We don't use any preservatives in our beef sticks or brats and that's a key thing. Our beef strips and poultry items and all that are all fresh and top grade. We're going to have the same thing. Just all the unique stuff that you don't get in the big box store."

Administration gives end-of-year details Application to continue funding for district's HUB Program submitted

BY JEFF HELFRICH MANAGING EDITOR

ROCHELLE During Tuesday's Rochelle Elementary School District Board of Education meeting, Superintendent Jason Harper said Rochelle Middle School's eighth grade graduation will be held Friday, May 27 at Rochelle Township High School outdoors on the football field weather-permitting.

If the weather doesn't allow for it, the ceremony will be held inside in the RTHS gym.

"The RTHS graduation is the following day, so it's convenient and we'll continue to do what we've done in the past," Harper said. "We did not take any snow days off this year, so our last day with students this year will be May 24 and our last day with teachers will be May 25. We will do our typical end of the year celebration with teachers as we've done in the past. That will be the first time our entire district has been together since August 2019. We're looking forward to it and we'll share a meal and highlights of the school year. We're back to typical procedures with that.'

District Assistant Superintendent Tony Doyle said it's been nice to see some of the traditional end-of-year activities return to elementary schools and RMS for the first time since the COVID-19 pandemic

"We're doing things like picnic days and field days," Doyle said. "Some classes have actually gone on field trips. It's kind of cool to see the fifth graders back over at RMS this week to have middle schoolers give them a tour. It's good to see those things come back and give us that normalcy we've all been craving."

HUB Program

Harper said during the meeting that an application to continue funding for the district's HUB Program has been submitted.

The program, which is specifically targeted to support the district's K-8 at-risk youth using a before

and after-school model plus summer school, has been fully-funded by the grant for the past 10 years. The district currently receives about \$435,000 per year to run the program at no cost to it and the community. About 200 students are currently enrolled in it.

Harper said last month that the Illinois State Board of Education Nita M. Lowey 21st Century Community Learning Centers grant cycle will be more competitive this time, with \$10 million being awarded statewide and more districts looking for post-pandemic programming for at-risk youth.

The district has been told that grants will be awarded sometime in October, after the start of the fall semester. Harper has said that the HUB Program will take place this fall at the district's expense along with other grant money possibly being used

"Over the summer we'll come back to the board with a plan for how to start the fall semester next year with an after school program," Harper said. "We'll have costs associated with that. If we get the grant, those costs will be embedded and brought back through the grant process. If they're not, that would be a local burden. More details to come."

If the ISBE grant is not received, the program's future will be an "evolving conversation," Harper said last month.

Retirees

Doyle recognized four employees within the district that will be retiring at the end of the year. They include Jan Morrissey, Heidi Mann, Robert Donovan and Mark Papke.

Morrissey is finishing her 19th year with the district. She started employment in August 2003. She has served as a special education and third grade teacher and is currently a second grade teacher.

Mann is finishing her 28th year at Rochelle Schools. She started employment in 1994. She has served as a first grade, third

Papke is finishing his 30th year. He started employment in August 1992. He's served as industrial arts teacher, wrestling coach, assistant intramural boys basketball coach and a.m./p.m. supervisor.

IPA Award

Harper recognized Lincoln School kindergarten teacher Nicole Tobler for recently winning an Illinois Principals Association Teacher Leadership Award. Tobler has taught for 14 years in the district.

"It's a great recognition for her and for Lincoln School and our district and community," Harper said. "We're very proud of her for this special recognition."

Personnel changes

The board unanimously approved personnel changes including the resignations of Anna Adolph (seventh grade ELA teacher, RMS), Karissa Dobson (fourth grade, Tilton School), Jodi

Dickey (administrative as-**Insurance** sistant, Tilton School) and

The board took no action on the renewal of the district's health insurance due to the fact that it's awaiting more information on rates. Harper said the district's medical insurance rate will

come in at a 5.6 percent renewal, but information is still needed on vision and dental. Life insurance will see no increase. A decision from the board on renewal will come at its June meeting.

DAYCARE: Offer accepted on building in Rochelle

"I talked to the realtor this morning and asked how much I can reveal," Bearrows said May 6. "People want to know. I wanted to know. And when they said it was definitely going to be a daycare, I was like, 'OK, perfect.' At the end of the day, it's going to be a daycare."

Bearrows said the daycare board may be kept together indefinitely in case it can help the buyers with fundraising or anything

they may need. "I hope and pray the

sustainability is there, so that in 18 months or 24 months we're not back looking at the same thing," Bearrows said. "And I think it will be sustainable. I got the feeling this morning that it's going to be very strong. The buyers have daycare experience. Hopefully it's going to be

The mayor was excited by the news of a daycare coming back to town after the effort became a priority of his since Kishwaukee Family YMCA Child Care

Center closed. "It really feels good," Bearrows said. "I can see the finish line. Not for the sake of me or the city, but for the sake of our community. Some folks have really struggled without having daycare. It's one of the best things that's happened in a long time. We're very appreciative

Hubs score consecutive nonconference wins

Rochelle netters back on track after home victories over Freeport, Mendota

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE — The Rochelle Hub varsity tennis team bounced back from its second loss of the season this past week, scoring consecutive nonconference home wins against Freeport and Mendota to serve up the final week of the regular season. Rochelle (12-2, 4-0 Interstate 8) will face Newman Central Catholic and Dixon on the road

Freeport

to conclude the regular

season.

The Hubs cruised over the Pretzels 5-0 on Tuesday, recording their first shutout of the season. Rochelle's seniors had no trouble in singles action, with Alex Gilbert dominating Nate Wilks 6-0, 6-2 at No. 1 singles and Jason Zheng handly defeating JC Herrera 6-2, 6-1 at No. 2 singles.

"I think we're all getting hot at the right time and we're hoping that will carry into the conference tournament,"Gilbert said. "Ithink all of the tough matches I've played this season have helped me improve and I'm hoping that experience will

help me at the conference tournament."

Action then moved over to the doubles courts, where Rochelle took all three points to seal the victory. Junior Nolan Fonfara and senior Devansh Patel teamed up for a clean 6-0, 6-0 sweep over Marco Calingacion and Saul Paliero-Juarez at No. 3 doubles, while junior John Green and senior Peter Forsberg downed David Helbling and Asher Kubly 6-1, 6-1

at No. 2 doubles. "We've had a lot of meets where our three doubles teams have came through and we've had meets where we won both singles matches, so it was really nice to see everybody come through with a win today," Forsberg said. "It's a big confidence booster for us, especially since we have some tougher matches coming at the conference tournament this weekend."

Rochelle and Freeport battled back and forth for the No. 1 doubles point, with juniors David Wanner and Owen Haas outlasting Owen Helm and John Helms 7-5, 7-6 (6) to clinch the team shutout.

Senior Alyssa Mickley will continue her academics and her bowling career at Kishwaukee College next year. Mickley plans to study marine science.

Mickley commits to Kishwaukee College

BY RUSSELL HODGES

SPORTS EDITOR

OCHELLE Township High School allowed senior bowler Alyssa Mickley to compete with a team for the first time in her life. Using the leadership skills she learned in her three years with the Lady Hubs, Mickley will look to make an immediate impact at Kishwaukee College next year.

"I'm looking forward to the competition and seeing how college bowling differs from high school bowling," Mickley said. "I've been bowling for most of my life and I'm looking forward to continuing to do what I love. I'm also looking forward to meeting new bowlers and making new friends. RTHS helped prepare me for college because it was my first time being on a team. I had always bowled as an individual, but RTHS showed me what being on a team is all about.'

Mickley will reunite with RTHS teammate Carly Summers, who also signed with the Lady Kougar bowling program for the upcoming school year. Mickley spent all three years with the Lady Hubs on the varsity team, earning an All-Conference Honorable Mention in the Northern Illinois Big 12 during her freshman season and the Interstate 8 during her senior season.

"Kishwaukee College had been talking with me about bowling for a while and I thought it would be an awesome experience," Mickley said. "My sister went to Kishwaukee College and she loved her experience there. I also want to stay close to home for a few more years because I have plans to bowl in adult leagues and help coach the youth league bowlers in town. I think I will bring leadership, determination and positivity to the Kishwaukee College team next year."

A one-time IHSA Sectional qualifier, Mickley said she intends to earn her associate's degree at Kishwaukee College before transferring to a four-year school to major in marine science. Mickley said she hopes to make a difference in improving oceans and helping marine life."

"I'm very proud of Alyssa and I'm happy for her," Rochelle head coach Eric Widick said. "I'm glad I was able to help Alyssa improve her bowling skills, which she can use to help further her education. I wish Alyssa nothing but success and I'll continue to follow her progress."

BOYS: Hubs host Interstate 8 Conference meet this weekend

From page 1

The Hubs will see the Pretzels in the IHSA 1A Rochelle Sectional next weekend. The sectional will begin Friday, May 20 and conclude Saturday, May 21.

Mendota

Rochelle opened with a 4-1 win over the Trojans on Monday. The Hubs came through in both singles matches, with senior Jason Zheng beating Eulysses Preciado 6-1, 6-1 at No. 2 singles while senior Alex Gilbert secured a 6-3, 6-3 victory over Bryon Hampton at No. 1 singles.

"Our confidence is at an all-time high right now," Gilbert said. "The more we win, the more confidence we receive and I think that's going to help us at the conference meet. Our consistency will be our biggest key for the remainder of the season. It's starting to warm up outside and we're tiring out more during our matches, but I think we've had the right mind set."

Junior John Green and senior Peter Forsberg scored Rochelle's first doubles point of the match,

cruising over Tyler Valdez and Zach Compell 6-2, 6-3 at No. 2 doubles. Junior Nolan Fonfara and senior Devansh Patel endured a tough second set against Parker Guelde and Jacob Ensor at the No. 3 doubles court, holding off the Mendota doubles combo for a 6-1, 7-5 victory.

"We're very optimistic and we're pretty confident in ourselves," Forsberg said. "We're thinking about the conference tournament a lot and I think our record this season has given us a lot of optimism for the postseason. We just need to keep playing like we have throughout the season and not let the pressure get to us. We have to look at each match like it's just another match."

Mendota earned its lone point of the match at No. 1 doubles, where Andrew Stamberger and Logan Brandner defeated juniors David Wanner and Owen Haas 6-1, 6-4. Rochelle will close out the regular season with road matches against Newman Central Catholic and Dixon before hosting the Interstate 8 Conference Championship meet this weekend.

HOLLYWOOD — Ben Affleck is directing and starring with Matt Damon in an untitled film for Amazon in which Damon plays a salesman for a fledgling shoe company named ... Nike. Affleck's psychological thriller, "Deep Water," with Ana de Armas, dropped in March, and his "The Flash" film is due in June 2023. Damon is upcoming in "Thor: Love and Thunder" and in Christopher Nolan's "Oppenheimer" (father of the atomic bomb).

Affleck, a two-time Oscar winner, holds on to longtime relationships. He and **Jennifer Lopez** first connected in 2002 on "Gigli." She filed for divorce from **Cris Judd** that July and by November they were engaged. She was even willing to become Jennifer Affleck! Just days prior to the 2003 wedding, it was called off. In June 2004, Lopez wed **Marc Anthony**, and Affleck coupled with and married **Jennifer Garner** the following year.

Flash forward to April 2022, when they officially became re-engaged. Affleck popped the question while she was in a bubble bath, and they went house hunting in the exclusive Holmby Hills community. For her 52nd birthday, they hid away on a yacht just off the beach from Monaco. Can Bennifer make it this time, or will they call it off again?

In 1959, Billy Wilder's "Some Like It Hot" premiered with Tony Curtis and Jack Lemmon as musicians forced to flee Chicago after witnessing the St. Valentine's Day Massacre. Disguised in drag, they joined an all-girl band headed to Florida. Their lead singer was Marilyn Monroe (aka Sugar "Kane" Kowalczyk). The film cost \$2.9 million to shoot and grossed \$49 million (about \$480 million today).

In 1972, songwriter **Jule Styne** ("Gypsy" and "Funny Girl") and lyricist **Bob Merrill** ("Carnival" and "Funny Girl") wrote the music and lyrics for "Sugar," the Broadway musical of "Some Like It Hot," starring the

late **Robert Morse** (in the Tony Curtis role), **Tony Roberts** (in the Jack Lemmon role) and **Elaine Joyce** (in the Marilyn Monroe role). It ran 505 performances. In 2002-03, Tony Curtis toured in a national company of "Sugar" (as Osgood Fielding III, the man romantically pursuing Jack Lemmon's character), which they called "Some Like It Hot: The Musical."

On Dec. 11, a new "Some Like It Hot: The Musical" will open on Broadway with a score by Marc Shaiman ("Hairspray"), and a book by Tony-winner Matthew Lopez and "Late Night with Seth Myers" staff writer/performer Amber Ruffin (with a show on Peacock). Here's the twist: While Broadway actor Christian Borle of the TV series "Smash" will play the Tony Curtis role, both the Jack Lemmon and Marilyn Monroe roles will be played by people of color, **J. Harrison Ghee** and Adrianna Hicks. If audiences don't warm up to this "Hot," they can't blame it on the weather.

season? I'm really enjoying it, even though it's very different from the original series back in the '80s. -- J.J.

A: The original series ran for four seasons on CBS and starred British actor Edward Woodward as a retired intelligence agent turned private investigator. While Woodward's character focused on violent offenders, the current series, which stars Queen Latifah, is about an ex-CIA agent turned social justice warrior. Fans of the show might not

know that there also have been two motion pictures based on "The Equalizer" starring Denzel Washington. TVLine.com reports that new showrunners will take over "The Equalizer" for its "all-but-guaranteed season three renewal." Andrew W. Marlowe and Terri Edda Miller created the modern version based on the

Woodward-led eponymous series. The new

executives behind the scenes include Joseph C. Wilson, who has been with the show since season one, so I wouldn't expect any major changes. "The Equalizer" has about 7.5 million loyal viewers each week, so if it's not broke, why fix it? Q: Whatever happened to the sitcom that Kelsey Grammer and Alec Baldwin were doing? Did the tragedy surrounding Baldwin's movie "Rust" cause producers to cancel the

A: The untitled comedy series starring sitcom legends Kelsey Grammer ("Frasier") and Alec Baldwin ("30 Rock") was finished before it ever got started. ABC passed on the series after viewing the pilot last April, months before the horrific tragedy on the set of Baldwin's movie "Rust" in which cinematographer

show? -- L.K.

Q: Will "The Equalizer" return for another Halyna Hutchins lost her life. Baldwin is reportedly doing a movie overseas now, as he faces a lawsuit from Hutchins' family. His career in

the U.S. might not ever recover. Meanwhile, Grammer's next project is the upcoming "Flowers in the Attic: The Origin," a TV miniseries premiering July 9 on Lifetime that also

stars another television icon, Harry Hamlin ("L.A. Law").

Queen Latifah Q: What is my all-time favorite actor Nick Nolte doing these days? I loved him in one of my favorite comedies,

"Down and Out in Beverly Hills," and then later in "The Prince of Tides." I haven't seen

him in recent years, however. -- K.L. A: The now 81-year-old three-time Oscar

nominee is still acting. His first major role was back in 1976 in the hit TV drama "Rich Man, Poor Man," but it wasn't long before he became a movie star. In 1979, he starred in the satiric football comedy "North Dallas Forty" and followed that with the blockbuster cop comedy "48 Hrs." opposite Eddie Murphy. In 1991, he wowed audiences in the thriller "Cape Fear," with Robert DeNiro, and subsequently made us cry in "Prince of Tides" opposite Barbra Streisand. In recent years, he's joined the "Star Wars" franchise by voicing the character of Kuiil on

Duhamel called "Blackout." Send me your questions at NewCelebrityExtra@gmail.com, or write me at KFWS, 628 Virginia Drive, Orlando, FL 32803.

"The Mandalorian," and he can be seen in the

Spectrum Originals series "Paradise Lost"

with Barbara Hershey. Nolte recently finished wrapping up a new action movie with Josh

An Advertising Proverb

When Mark Twain was editing a newspaper in Missouri, one of his subscribers wrote in, saying that he had found a spider in his newspaper and wondered whether it was a sign of good or bad luck. Twain's response: "Finding a spider is neither good luck nor bad.

The spider was merely looking over our newspaper to see which merchant was not advertising, so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward."
