Dr. Mike Wattles of Maintain Your Smile Dental in Rochelle recently returned from a nearly five month-long Illinois Army National Guard deployment in Poland as a dental officer in support of Operation Atlantic Resolve.

dental emergencies in order to keep them healthy and able to perform their jobs in the field, from infantry soldiers to officers. He called it "quite different" from the atmosphere, pace and type of treatment he practices in Rochelle.

According to Wattles, there is a great need for dentists in the military and he'd like to see younger doctors get involved to help. But, it can be hard to do so and be pulled away for duty when you have your own practice. He was able to do so because he's in a group practice and had other doctors to cover for him.

Wattles didn't get into the military until he was almost 50 due to that reason. He's now served for 10 years. Getting into the military was always something he wanted to do to follow in the footsteps of his family members.

"My dad was in the military in the Korean conflict," Wattles said.

BY JEFF HELFRICH MANAGING EDITOR

ROCHELLE — Rochelle's Cinco De Mayo festival is Saturday, May 7 from 4-11 p.m. in the downtown gazebo area.

The event hasn't taken place in the past two years due to the COVID-19 pandemic. Rochelle City Councilwoman Rosaelia Arteaga, the event's lead organizer, said during a Facebook live with Mayor John Bearrows last week that the event will feature food and craft vendors, live bands and folkloric groups and activities for children.

"We'll have lots of things for young kids like bounce houses, STEM blocks to build all sorts of things and we're looking for a petting zoo," Arteaga said. "We want this to be a family-friendly event for all ages. The committee is also working on food vendors and we have local ones and new ones. We don't want long lines. Hopefully everyone will come join us."

RTHS wins 11 awards at Kishwaukee art invite

BY VICKI SNYDER-CHURA SPECIAL TO THE NEWS-LEADER

MALTA — Kishwaukee College just wrapped up its annual Juried High School Invitational on April 14. Rochelle Township High School along with Sycamore, Hiawatha, Indian Creek and

DeKalb competed for 23

awards of which Rochelle

took home 11. Art teacher Beth Mock said, "This Invitational allows for multiple entries so we took advantage of that this year. After canceled shows or just digital shows over the past few years due to COVID-19, we wanted to submit as many works as possible. This allowed our students to physically see their artworks hang in a gallery and get the true experience

of an art competition."

The artwork that competed in this competition was a different collection from the artwork that competed in the I-8 conference art show which occurred simultaneously. However, some of the names of the winners will sound familiar, as other works by the I-8 winners were entered in the Kishwaukee Competition. One of those artists is senior Marlen Hueramo, who won top honors at the I-8

Conference Art Show. At the Kish Invitational she once again won first place in color drawing for her colored pencil work 1st Hour Pre-Calc. Hueramo also took home a second place in Painting for On the Road. You can see both of these works as well as all the other APArt students' works at the AP Art Showcase Monday, April 25 from 5:30-6:30 p.m. in the library.

RTHS also took home a second place in painting by Eric Briseno for his work Wonder Boy. Additionally, juniors Dylan Benge won second for Shoe in black and white drawing and Marissa Whaley won third for It's an Elephant in mixed media. RTHS honorable mentions were won by senior Lucy Bunger in sculpture/ceramics for Staying Safe and freshman Uriel Valle in Color Drawing for Mr. Creatable.

In addition to these wins, RTHS also swept the photography/digital media category. Art teacher Andrea Swofford said, "I was awestruck to see our RTHS photos in all fourth places in the photography category. Writing new projects for our Photo 1 and 2 classes has been such a joy, and our students are exceeding

my expectations with their inspiration and creativity with our new projects. As both a first year teacher and photographer, I am just so proud." The photography/digital media winners were: Alaina Leal won first place for Bowl of Fruit, second place went to Kylie Davis for

Fire Hazard, third was Ayla Walker for Clock and honorable mention was Allie Mortensen for Frozen Creek.

"Following up our second place finish in the I-8 Conference with this many wins in the Kishwaukee Art Invitational was very exciting for us

and the kids. These competitions reinforce to our students that their artwork is on par with their peers and that the hard work that they invest in their work can be rewarding. We are very proud of all of our art students and what they have been able to accomplish," said

Art teacher Beth Mock. You can see all of the winners' work on display outside of Ms. Swofford's room E211. Upcoming art competitions include the Congressional Art Competition at the end of April and the annual RTHS Art Show on May 12 from 6-7 p.m.

Pritzker signs bills aimed at easing teacher shortage Statewide vacancy rate was 1.5 percent in 2021 according to Illinois State BOE

BY PETER HANCOCK

CAPITOL NEWS ILLINOIS

SPRINGFIELD -Gov. JB Pritzker signed a package of bills Wednesday aimed at easing the state's shortage of teachers and other education professionals, even as a new report shows Illinois just added a record number of new teachers to its ranks.

Speaking in the library of Springfield High School just blocks from the Capitol, Pritzker said that while the education workforce picture is improving, more work still needs to be done.

"In Illinois, schools still have more than 2,100 unfilled teaching positions statewide," he said. "That includes 15 unfilled teaching slots here in Springfield and 64 in Decatur, with similar need for paraprofessional positions. With new tools though, and new funding at their disposal, districts all across the state are working to find new ways to bring people into this profession and to encourage them to stay there."

Pritzker signed four bills Wednesday, including House Bill 4246, which lowers the cost of renewing a lapsed educator license to \$50 instead of \$500; House Bill 4798, allowing currently enrolled teaching students with at least 90 credit hours to be licensed as substitute teachers; Senate Bill 3988, lowering the minimum age to become a paraprofessional in grades eight or below to 18 instead of 19; and Senate Bill 3907, allowing short-term substitute teachers to teach up to 15 consecutive days in a classroom instead of just five.

Those bills come on top of numerous other measures the state has taken in recent years to lure more people into the teaching profession.

Pritzker noted that the budget bill he signed into law April 19 increases funding for minority teacher scholarships to \$4.2 million. And starting next year, the minimum

annual salary for first-year teachers will increase to \$40,000 due to a bill he signed in 2019.

"That law, combined with proper funding and all the work to remove barriers for qualified people to enter this profession, is increasing the ranks of teachers across our state even now," Pritzker said.

According to a new report from the Illinois State Board of Education, those efforts appear to be having an impact.

ISBE's most recent Unfilled Positions Survey, released April 21, shows Illinois schools hired a record 5,676 new teachers in the fall of 2021, the most ever recorded in a single year and more than in the past five years combined. That was enough to lower the statewide vacancy rate to just 1.5 percent.

But the survey also showed schools in Illinois still have more than 2,100 unfilled teaching positions, mostly concentrated in chronically struggling schools, underfunded

schools and those serving low-income communities.

"Our low-income, bilingual and special education students have the least access to the teachers they need to grow and thrive,' State Superintendent Carmen Ayala said at the news conference. "We also have a severe shortage of substitute teachers, as was noted,

and need an additional 2,400 paraprofessionals to fully meet our students' needs in the classrooms."

A survey conducted in 2021 by the Illinois Association of Regional Superintendents of Schools found 88 percent of local school districts believed they had a teacher shortage problem while 96 percent

reported problems finding enough substitute teachers.

Brad

Jennings

could only sit and try not to stare. If I had made eye contact with the guy, he would have seen the look of utter shock and horror on my face.

I was sitting in the salon where I get my hair cut every three weeks without fail. Sure, it is white and a little thin these days, but I still want my hair to look good. So, as I wait for the woman who cuts my hair to be ready for me (I am always early), I see a guy getting a

Yes, he was getting a perm. And no, Jimmy Carter was not the presi-And then I saw that

the man getting a perm was almost completely bald.

Let that sink in for a minute.

The top of his head was totally bald, but he had some hair on the sides, and he had grown it out as long as he could - about three inches. It was just enough to get rollers in so he could get a perm.

I get that we all want to look our best. But getting a perm when you are almost totally bald? That doesn't make sense. But apparently, the man perm is making a very slow comeback. Shocking, but true. Even more shocking

is the fact that the once much-hated symbol of redneck fashion, the mullet, is also coming back. And this comeback is strong. I am starting to see mullets on younger people quite a bit these days.

I have been going through all of the senior photos for our annual graduation section, and the number of mullets I saw was surprisingly high. One seems to be one too many, but there are plenty of young guys in Ogle County strutting around sporting a mullet.

And I do mean strutting around. Let's face

it, if you have the guts to rock the mullet, you aren't worried about what other people might think of you. That is a bold look.

So, to you mullet guys out there, I salute you and the gusto at

which you take on

It does seem that what's old is new again. Things come around and around in fashion trends. It makes me wonder when I will start seeing a ducktail. Will

those be coming

back? Are young people going to start slathering Brill Cream on their hair? Is Dippity-Do going to be on the wish list of hair care products for youths soon?

Sure, laugh it up. But crew cuts could be the next trend.

Remember when only lumberjacks, criminals and the unemployed had beards? Well, look around these days everyone has a beard. Teens? Beards. Old dudes? Beards. Toddlers? Well, not beards yet, but give them time. The beard care indus-

try must be a trilliondollar earner these days. For 20-somethings I think having a beard is a requirement, so a lot of that paycheck is going toward beard care.

I am looking forward to mutton chops coming back in fashion. How about the handlebar mustache? Sure, bring it back. I want men walking around looking like Civil War reenactors 24/7.

In the meantime, I guess we will have to get used to the mullet and its business in the front/party in the back attitude. And the mostly bald perm might become a go-to look for the over 60 crowd.

Wake me up when the mohawk is fashionable again. I'll give that one

When in doubt, side with free expression

UR society has developed quite a bit of consternation over folks who kneel on football fields.

First there was quarterback Colin Kaepernick kneeling during the National Anthem in protest of police brutality.

Donald Trump's response: "Get that son of a bitch off the field.'

On April 25, the U.S. Supreme Court heard the case of Joseph Kennedy, a Bremerton, Washington, high school football coach who was suspended from his job after repeatedly kneeling on the football field and praying after games.

It made some school officials uncomfortable.

But here's the rub; the only speech worth defending is that which makes people uncomfortable. Writers at the left-of-center

publication Slate are wringing their hands over the prospect of a praying coach. They have conjured up some vast right-wing conspiracy that would turn public schools into religious indoctrination zones if the high court rules in Kennedy's favor.

While I do identify as an Evangelical Christian, there is something about these types of public prayers that make me uneasy. I think of Jesus' admonition in the book of Matthew: "And when you pray, you must not be like the hypocrites. For they love to stand and pray in the synagogues and at the street corners, that they may be seen by others. Truly, I say to you, they have received their reward. But when you pray, go into your room and shut the door and pray to your Father who is in secret.

And your Father who sees in secret will reward you.' So, if someone were to

ask me if I believe this is an effective way for Coach Kennedy to share his faith, I'd say "No." But if I were asked if he should be allowed to express himself in this way, I'd say, "Yes." I feel much the same

about Kaepernick. I personally can't see myself kneeling during the National Anthem. But I fully acknowledge racism and brutality remain enormous problems in law enforcement. I've uncovered many such instances during the past 35 years. That said, I support Kaepernick.

He and other athletes should be able to peacefully petition their government in the manner they see fit. Sadly, varying factions in our

society on both the left and the right want to silence those who they don't agree with. That approach is the antithesis of a free society. When in doubt, side with free

expression. I began my journalism career

covering the University of Texas Medical Branch for the Galveston Daily News. Shortly before I took over the beat, a university cop arrested a Muslim person for kneeling and praying on campus.

My reaction at the time was that was stupid. Why would the government interfere with that man's ability to pray?

Some might say that the difference is that Coach Kennedy is in a position of authority and his actions violate the separation of church and state.

But the problem with that argument is that we don't live in an antiseptic society. A math teacher wearing a yarmulke, a principal with an Ash Wednesday cross on

his forehead or a history instructor donning a hijab also are expressing their faith in state-sanctioned environments.

Scott

Reeder

Would we really want to prohibit such acts? I think not.

One anonymous athlete said he felt compelled to kneel with Kennedy because he feared if he didn't he would lose playing time.

But Virginia Tech University soccer player Kiersten Hening claims she was booted from the team last year when she refused to kneel during the National Anthem. No one should ever feel coerced

to express themselves in a manner untrue to their conscience. But no one should be barred from freely expressing their beliefs either. Figuring out where to draw the line between the two; that's the

RE: Smoke alarm and home fire safety event May 14

From page 1

The Red Cross is rallying volunteers to install 50,000 free smoke alarms nationwide this May in its Sound the Alarm events. Compton said at least 60 volunteers will be needed in Rochelle.

Volunteers will work from 9 a.m. to 4 p.m. and the rally location will be at The REC Center at 802 Jones Road in Rochelle. To volunteer, visit SoundTheAlarm. org. Background checks will be required of any non-employee volunteers. "We need people to

come out and volunteer and help install and save lives," Compton said. "Get into those homes and get those smoke alarms installed. That's the big part of this program versus other things. You can go out and getsmoke alarms from other programs, but the big thing is installing it. This program we install them and we're ensuring that those are

working smoke alarms. They're 10-year lithium batteries. The batteries can't be taken out for games because the alarm will beep. They're there to stay for 10 years. It's continual security for people."

The Red Cross has a long history of working in the Rochelle area, most notably when it helped area residents recover from an EF4 tornado in 2015. When there's a fire with affected residents in town, the organization comes in to help with immediate assistance. That longtime relationship with the city and its fire services brought about Sound the Alarm.

"We just felt that this was a community that would benefit greatly from this service we offer," Compton said. "We came out and talked to the fire department a couple of months ago and they were on board just from that first conversation we had with them. They've

been great to work with. It does save lives and I think it's a wonderful opportunity for Rochelle's residents to be able to have this service in their community and the outlying areas."

Residents that want a free smoke alarm can email NWILalarminstall@redcross.org or call 815-562-

Dave Boyles of The Red Cross said there are no income requirements for those that want a smoke detector and anyone is eligible to have one free of charge. A new smoke alarm with a 10-year battery will be installed regardless of the situation, including even if someone has a working detector that's only a couple of years old.

Compton said installers will only be on scene for about 20 minutes in each home and will also be giving out education information about preventing fires and a laminated escape plan. That

"We came out and talked to the fire department a couple of months ago and they were on board just from that first conversation we had with them. They've been great to work with. It does save lives and I think it's a wonderful opportunity for Rochelle's residents to be able to have this service in their community and the outlying areas."

American Red Cross Disaster Program Specialist Lori Compton

way, residents can practice their own escape plan to get out of their home in case of a fire.

"That's another piece to the whole puzzle," Compton said. "You have typically less than two minutes to get out of your home when there's a fire. So it's very important to be able to get out of your home and to a safe spot. That's part of the responsibility of the fire department. Before they will go and fight that fire, they're making sure everybody is out of that house. If you have been practicing that plan with your family, then you'll be more likely to be able to get out of that house once that smoke alarm goes off."

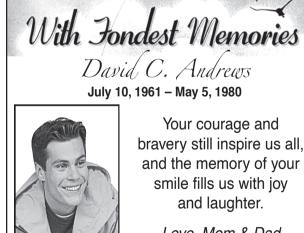

Compton said people not having working smoke detectors is the leading cause of fire deaths. Working smoke alarms can cut the risk of death from home fires in half. Boyles said seven people a day die from home fires.

The Red Cross isn't just looking for volunteers for the May 14 event. It also is in need of volunteers to go out and help local residents when they're affected by disasters. When helping fire victims in the past, Red Cross workers have seen the impact Sound the Alarm

"We've actually had things come up where people had fires and they were saved by smoke detectors that we installed," Boyles said. "That has happened across the country and in Illinois. It does save lives."

RCH launches new electronic medical record

ROCHELLE — Effective today, May 1, Rochelle Community Hospital is now live with Epic, their new electronic medical record. The Information Services Department has been working with PointCore, a division of OSF Healthcare, to make the transition. A conversion of this magnitude involves a great deal of planning for implementation and requires the commitment of a great number of staff. Although employees have completed hours of training, please be patient as we continue learning with you.

This massive conversion began in October 2021 and migrated data from the current systems of Meditech (RCH) and Athena (Family Healthcare Clinic) into one electronic medical record. Conversion to Epic allows RCH to maximize clinical efficiency and easily exchange critical data with other sites.

With the conversion, RCH unveils its new and improved patient portal, RCHMyChart. Enrollment in the portal gives patients instant access to their health information, including laboratory and radiology results, medications, allergies, demographic information, visit history, discharge/ aftercare information, online bill pay and more. Additional new features include appointment re-

quests and messaging your care team. RCHMyChart is a secure and seamless way to stay in control of managing your health. In addition to handling their own care, parent and health care proxies with authorized consent will appreciate the ability to access the records of those individuals for whom they manage care. The current hospital and clinic portals are still available through this summer.

To enroll in RCHMy-Chart you can: Use the activation code provided by email or text. Download the MyChart app on the App Store or Google Play Store. When prompted, choose Rochelle Community Hospital as your healthcare provider and follow the steps. Visit My-Chart.com, click "Access MyChart," select Rochelle Community Hospital, click "Sign Up" and follow the steps. Patients can also enroll at: www. rochellehospital.com.

RCH encourages all of their patients to enroll in RCHMyChart, as it presents a valuable opportunity for patients and their families to actively participate in their care, which contributes to better health.

WATTLES: Rochelle dentist returns from overseas deployment

From page 1

"My brother was in Desert Storm. My grand-father was in Normandy and cousins that were in Vietnam. It was kind of a family history thing. But I used to have my own practice and I have five kids. I decided if I got the opportunity, I'd do it. It came up and I was able to join and I was glad I did. It's been a good experience for me."

The doctors that covered patients for Wattles at Maintain Your Smile deserve big kudos, he said. Wattles called it "very difficult" to leave his patients.

"I've been here five years, so they become family and friends," Wattles said. "You're in the middle of treatment on some of them and they don't want it to change either, because they're used to you. It was hard to leave my staff and patients and be gone that long. When I came back it was quite a catch up to try to get back on track with everything."

Wattles left for Fort Bliss in Texas just before Thanksgiving and spent three weeks there on training and pre-deployment. He arrived in Poland on Dec. 10 and stayed there until returning to Fort Bliss on March 26 for a week before a week of leave and returning to work.

Wattles' time in Poland was his first overseas deployment. He expects it won't be his last, due to the shortage of military dentists and the state of the world's politics.

Poland is a neighboring country to Ukraine, which is currently the site of the Russia-Ukraine war. Wat-

SOLIDEES (DILOTO)

Dr. Mike Wattles' job while deployed was to set up a dental clinic and once it was up and running, he was in charge of a dental unit in an Army medical clinic. Wattles said the goal of dental officers like him was taking care of soldiers' dental emergencies in order to keep them healthy and able to perform their jobs in the field, from infantry soldiers to officers.

tles said the size of the base he was on tripled while he was there and activity "ratcheted up."

"It was somewhat scary," Wattles said. But Poland is a NATO country, so we really weren't concerned. Some of the guys that are up on our front lines were on the Ukraine-Poland border. They were bombing right on the other side of the line. Those guys, I imagine they had some apprehension. But we were fine. It was

probably no more dangerous than being here, to be honest."

The hardest adjustment the deployment brought about for Wattles was being away from family, friends and his work. He had to get himself into a "totally different" mindset, which took about a month, he said.

Wattles was able to communicate with family and people back home while in Poland, but found it hard to deal with the idea of not being able to help out here in the case that something happened.

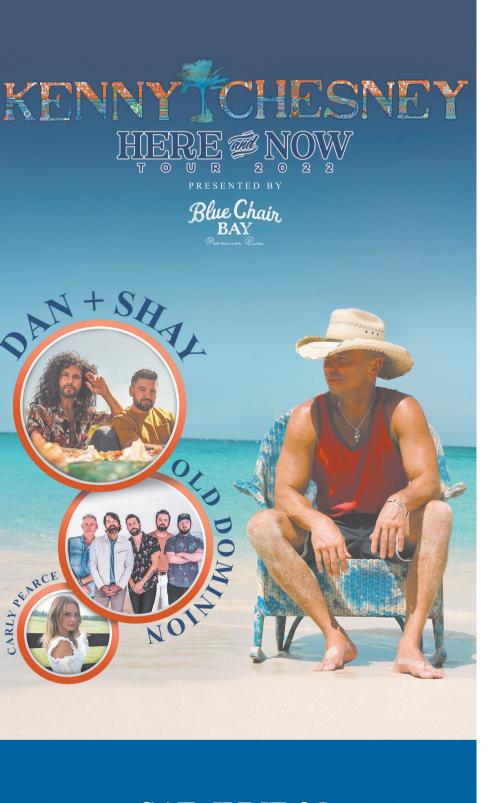

"I think that's what you worry about most," Wattles said. "Not being able to get back to help someone or do something if you needed to. That was the hardest part of the deployment for me. The military and the dental parts, which I've done for so long, were the easy parts. Being away from family and friends was very difficult."

Wattles said he enjoyed interacting with younger soldiers during his deployment and seeing how the "military machine" worked up close. One thing that surprised him was the amount of dental needs there were.

Because of COVID-19, routine dental work was behind and there were more dental issues than normal, Wattles said. Active duty dentists did not treat anything other than emergencies for a longer

time than in the private

sector. "They kept me pretty busy," Wattles said. "Busier than we normally would have been. You'd be surprised at how many dental problems there are and how they can put you out of commission. If you've ever had a toothache or a dental emergency, you know how distracting that is. In order for them to be able to focus on their job, they need to have us available for stuff like that."

WHO'S WHO IN LAW

How to find an attorney that's right for you

can help peo-**L**ple at various times in their lives. Much like doctors specialize in particular types of medicine, attorneys also tend to focus on one area of the law. For example, some lawyers might specialize in criminal law, while others may help their clients with estate planning.

Choosing an attorney is an important decision, and one that many people will need to make at least once during their lifetimes. The following tips can help people find an attorney to help them with whatever legal advice they need.

Book an initial consultation. Initial consultations are typically free of charge and these meetings often give people a first impression of an attorney before they have to spend any money. Initial consultations are a great opportunity to gauge an attorney's personality and demeanor, determine his or her experience and even his or her outlook for your particular case. Book consultations with as many attorneys as necessary until you feel comfortable making a decision.

Be ready to ask questions. Attorneys should speak during a consultation. Make a list of general questions and questions specific to your case and don't hesitate to ask them. Ask about the attorney's accessibility should he or she become your attorney, making sure to determine if the attorney or someone else, such as a paralegal, will be your primary contact during your case. Many people are most comfortable with attorneys to whom they can speak to directly throughout their case, and that's an important point to consider for people who may never have needed an attorney in the past.

Discuss costs. Attorney fees are not immaterial, no matter how serious a case might be. Attorney fees vary widely, and professional legal advice is often expensive, especially when cases are complex and lengthy. Expect to sign a contract regarding fees before an attorney begins working on your case. Many attorneys will provide cost estimates, so get those in writing.

Seek recommendations. As noted, many people require the services of an attorney at least once in their lifetimes. So don't hesitate

to ask family, friends or coworkers for recommendations. Word-of-mouth can be a great way to find

a reliable, trustworthy attorney. In addition, certain organizations may be helpful. For example,

Smardo strikes out 11 as Lady Hubs defeat Plano for first conference victory

Smardo struck out 11 batters and held the Reapers hitless through the first four innings, finishing with a complete game as the Lady Hubs defeated Plano 7-2 to snap a four-game conference losing streak. Smardo, who limited the Reapers to three hits on Monday, helped her own cause with a double and a run to put Rochelle ahead 1-0 in the bottom of the first inning.

"I felt like we played more as a team today," Smardo said. "We all hit the ball well and we played as a team. I felt like I was hitting my spots better and I had a good rhythm with my catcher. I thought the start of our season was a bit rocky, but we've really started to bond and we've become much closer together. We've definitely been hitting better and finding the gaps."

Rochelle (2-6, 1-4 Inter-

state 8) added its second run of the game in the bottom of the second inning, where senior Ashley Knight led off with a triple before scoring on junior Addie Friestad's RBI single through the middle. Freshman Lauren Dyer and senior Jordin Dickey then connected on back-to-back singles in the bottom of the third inning, with Dyer scoring on senior MeLisa Young's sacrifice fly and Dickey scoring on an error to give the Lady Hubs a 4-0 advantage.

"I've been working on mymechanics and I've been focusing on not dropping my hands or rolling my wrists," Friestad said. "I've been a bit shaky at the plate lately, so I've been focusing on staying calm and not trying to do too much when I'm up there. It feels good to get this win today. We need to keep hitting the ball into the gaps because those are the hits that will win games."

Sophomore Ella Alfano reached on an infield single in the bottom of the fourth inning. Junior Francesca Williams entered as a courtesy runner, eventually scoring on two Plano errors to put the Lady Hubs ahead 5-0. Rochelle scored its final two runs of the game in the bottom of the fifth inning, where Knight singled and came home on Friestad's RBI double to right-center.

Hubs remain unbeaten in conference action

Singles players sweep as Rochelle netters edge LaSalle-Peru 3-2 at home

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE — Singles success allowed the Rochelle Hub varsity tennis team to remain unbeaten in the Interstate 8 Conference with a 3-2 home win against LaSalle-

The Cavaliers claimed two of the three doubles points, but the Hubs swept both singles matches to secure the team victory and extend their winning streak to six consecutive matches. Senior Alex Gilbert delivered a 6-0, 6-1 victory over Riley O'Brien on the No. 1 singles court, while senior Jason Zheng cruised over Adam Kasperski 6-1, 6-2 at the No. 2 singles court.

"I thought that win was a big confidence booster for me," Gilbert said. "I've been in a lot of tough conference matches this season and I think I'm capable of making a run at the conference tournament. I think my serves have improved a lot and my forehands have become a lot faster. My backhands

have improved and I think

I'm a lot more consistent. We're the most confident we've ever been as a team and I think we're capable of winning the conference tournament."

LaSalle-Peru rallied for a win on the No. 2 doubles court, where Traeger Abens and Ethan Picco outlasted Rochelle senior Peter Forsberg and junior John Green 7-5, 6-2. The Cavaliers took a hardfought match at the No. 1 doubles court, with Joe Pohar and Andrew Bollis securing a three-set victory over Rochelle juniors David Wanner and Owen Haas 6-2, 4-6, 11-9.

The Hubs came through on the No. 3 doubles court, where junior Nolan Fonfara and senior Devansh Patel battled for a 6-4, 3-6, 10-4 win over Luke Buck and Elijah Arthurs. Rochelle (8-1, 4-0 Interstate 8) will host the Hub Varsity Invitational this weekend. The Interstate 8 Conference Varsity Tournament will held on Saturday, May 14 at Rochelle Township High School.

Lady Hubs win conference tournament opener

Thorne nets four goals, Lara adds three as Rochelle downs LaSalle-Peru 7-3

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE — Sydney Thorne never thought she would score four goals in a high school soccer match, but that's exactly what happened when the Rochelle Lady Hub varsity team kicked off the Interstate 8 Conference tournament against LaSalle-Peru on Wednesday.

The sophomore forward found the net twice in the first half, helping the thirdseeded Lady Hubs take a 5-3 halftime lead over the sixth-seeded Cavaliers in a back-and-forth offensive battle. Rochelle shut the LaSalle-Peru attack down during the second half, where Thorne converted her third and fourth goals of the match to seal a 7-3 victory over the Cavaliers. Rochelle (6-7, 5-2 Interstate 8) will face Sycamore on the road in the semifinal round on Friday at 4:30 p.m.

"I think we're really starting to connect as a team," Thorne said. "We're much more aware of where our teammates are on the field and scoring four goals was a real confidence booster for me. Seeing how all of my teammates contributed to each of our goals was a great feeling."

Despite conceding the

first goal of the match, Rochelle recovered with back-to-back goals during the ninth and tenth minutes. Thorne cashed in the equalizer before freshman midfielder Makayla Lara converted the first of her three goals in the match to give the Lady Hubs a 2-1 advantage. LaSalle-Peru immediately responded in the 12th minute, but Rochelle bounced back once again when Thorne tapped in a pass from the right corner during the 21st minute.

"Our passing has been a lot better and we've worked a lot on improving our communication," Lara said. "We're a lot more prepared before each match and we've learned how to play with each other, which helps because we expect our teammates to be in certain areas on the field."

LaSalle-Peru's third and final goal of the match came during the 25th minute, tying the score at 3-3 before Rochelle tallied five unanswered goals to close out the victory. The Lady Hubs regained control in the 37th minute, when Lara blasted a left-footed shot from well beyond the Cavalier box that carried with the wind and landed behind the LaSalle-Peru goalkeeper. Lara followed with her third goal of the

match in the 40th minute to complete the hat trick.

"Sycamore has a fast team and they pass the ball really well, but they run a lot of the same plays, so I think we'll have a better chance to stop them this time around," Lara said.

Leading 5-3 entering the second half, Rochelle continued to attack the LaSalle-Peru defense. Senior defender Lizbeth Milan capitalized on a breakaway opportunity during the 48th minute, rolling a through pass down the middle of the field that Thorne took all the way to the Cavalier net. The Lady Hubs iced the win during the 64th minute, where Thorne took a pass near the top of the LaSalle-Peru box and pounded a right-footed shot into the left side of the Cavalier net.

Rochelle outshot LaSalle-Peru 30-9 and 17-6 in shots on goal. Lara finished with 11 shots and seven shots on goal, while junior midfielder Mavi Avila added six shots and three shots on goal. Sophomore Danica Ward recorded three saves.

Hubs halve road matchups at Sandwich, Morris

Rochelle shuts out Indians 10-0 Tuesday, falls to Redskins 4-3 Wednesday

BY RUSSELL HODGES SPORTS EDITOR

SANDWICH — The Rochelle Hub varsity baseball team completed a two-game sweep of the Sandwich Indians on Tuesday, winning 10-0 and extending its Interstate 8 Conference streak of three

straight victories. Senior Braden Alfano threw the first two innings, striking out four batters without allowing a hit. Senior Josh Lloyd entered in relief, hurling three in-

nings with one strikeout and one hit allowed. Senior Eric Briseno led off the top of the first inning with a home run, putting the Hubs ahead 1-0 before Alfano reached on a hit-by-pitch and scored on an error for another Rochelle run.

The Hubs (5-6, 4-4 Interstate 8) added four runs in the top of the second inning to surge ahead 6-0. Alfano brought Briseno home on a sacrifice fly before senior Owen Angell belted a two-run double to plate seniors Nate Burdin and Andy Buskohl, who both reached on hit-bypitches. Junior Colton O'Rorke capped off the frame with an RBI single up the middle that scored Angell.

Rochelle sealed the inning to take a 10-run lead. Angell walked and scored on a passed ball before Lloyd sent an RBI single through the middle to score junior Noah Lara, who had singled earlier in the frame. Senior Forrest

Gerber reached base on an error and scored on a passed ball two at-bats later for the final run of the game.

Morris

The Rochelle Hub varvictory with four runs sity baseball team opened in the top of the fourth its home-and-home Interstate 8 Conference series against Morris on Wednesday. Behind a three-run fifth inning, Morris held off the Hubs for a 4-3 victory.

Senior Nate Burdin threw all six innings for the Hubs, striking out six batters and holding Morris to four hits and three earned runs. Rochelle (5-7, 4-5 Interstate 8) took a 1-0 lead in the top of the second inning, where senior Owen Angell walked and scored on junior Colton O'Rorke's RBI single. The Redskins evened the score with one run on a sacrifice fly in the bottom of the third inning.

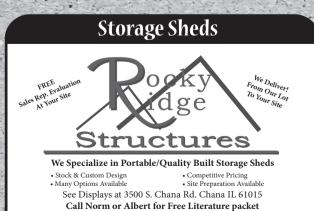

Burdin singled and scored on an error to give the Hubs a 2-1 lead in the top of the fifth inning. Burdin went 3-for-4 with a double and two runs scored in the game. Morris surged ahead in the bottom of the fifth inning, scoring three runs on one double, two singles and one error.

Rochelle nearly rallied in the top of the seventh inning, getting three singles from Burdin, senior Andy Buskohl and Angell to load the bases before junior Noah Lara drew a oneout walk to bring one run home. But the Redskins induced back-to-back flyouts to clinch the win and end Rochelle's rally.

HOLLYWOOD — Forget "the slap heard round the world," let's talk about how the Academy "missed the boat!" They should have dragged every living Oscar winner they could get to dress up the show. When they gave "The Godfather" tribute, they also should have gotten Diane Keaton, James Caan and Talia Shire to be there with Francis Ford Coppola, Al Pacino and Robert De Niro.

Paramount+ just premiered three episodes of the 10-episode limited series "The Offer: The Making of Francis Ford Coppola's 'The Godfather.'" The series has Matthew Goode playing producer/actor Robert Evans, Giovanni Ribisi as mobster Joe Colombo, Dan Fogler as Coppola and Patrick Gallo as Mario Puzo. A fourth "Godfather" film was canceled when Puzo, who authored the book and then the screenplays with Coppola, died in 1999. After the James Bond tribute, the

lights should have come up on all living Bonds, on stage, such as Pierce Brosnan, Timothy Dalton, George Lazenby and, of course, Daniel Craig. Happy to say, James Caan and Pierce Brosnan are co-starring in the hitman thriller "Fast Charlie," with Caan playing a mob boss and Brosnan as his 20-year fixer/hitman. Caan also has "Acre Beyond the Rye" in pre-production, co-starring Lance Henriksen, Hallmark leading lady Lacey Chabert and **Armand Assante**. Brosnan co-stars in the Dwayne Johnson superhero film "Black Adam" and also "The Out-Law," starring Adam Devine, Ellen Barkin and Lil Rel Howery.

Disney's "Black Widow," **Scarlett Johansson**, and Marvel's "Captain America," Chris Evans, are sneaking behind their studios' backs to make "Project Artemis" (about the space race) for Apple TV+, directed by "Ozark's" Jason Bateman. Johansson also has Wes Anderson's "Asteroid City," along with Margot Robbie, Tom Hanks and Bill Murray. Chris

and Ryan Gosling, and Apple TV+

It wasn't that long ago that Alexan-

der Skarsgard, currently playing the recurring role of Lucas Matsson in "Succession," complained, "Starting out in Sweden, where most people are tall and blond, I was labeled 'stupid, sexy and hunky' on a list, and people didn't take me seriously." After 76 episodes of "True Blood" and winning an Emmy for "Big Little Lies," he felt secure enough to take his shirt off and play Tarzan to great success. Now starring opposite Nicole Kidman again in "The Northman," his co-star Ralph Ineson observed, "He's made himself look like some kind of a monster for this part, and I thought, 'That's not a bodybuilder, that's a serious actor." Since Skarsgard never stops working ... stupid, sexy and hunky absolutely works for him!

CELEBRITY

Q: I keep seeing Elle Fanning in different TV shows, but I haven't seen her older sister, Dakota, in a long time. Is she

still acting? -- S.D.

A: Dakota Fanning was born in Conyers, Georgia, to athletic parents. Her mother was a pro tennis player, and her father played minor-league baseball. According to IMDb.com, little Dakota used to put on plays in her backyard. When audience members noticed her natural talent, the family moved to Los Angeles, and it wasn't long before Dakota became a star in movies like "The Cat in the Hat" and "War of the Worlds." In 2011, Dakota enrolled at

NYU, majoring in women's studies. She hasn't quit acting, however. She starred in the limited series "The Alienist" on TNT, which was set in the late 19th century. You also can see her in the new HBO series "The First Lady," where she plays President Gerald Ford's daughter, Susan.

Elle Fanning, who is four years Dakota's junior, also was a child actress. At age 13, she stepped outside her sister's shadow with the lead role in the sci-fi flick "Super 8," followed by the Disney live-action film "Maleficent" and its sequel. Like her sister, she's a frequent nominee at award shows, mainly for her starring role in the Hulu series "The Great." She's starring in "The Girl from Plainville," also on Hulu.

Fanning fans will be thrilled to learn that both Dakota and Elle will play sisters in "The Nightingale," an upcoming film based on the bestselling novel set in World War II.

Q: I was so sad to read that the actress who played Jerry's mom on "Seinfeld"

passed away. Is the actor who played his father still with us? -- K.M.

A: Sadly, the hilarious Barney Martin, who played Jerry's dad, Morty, on the classic sitcom, died in 2005 at the age of 82. Liz Sheridan, who played Jerry's mom, passed away recently at age 93, just two weeks after **Elle Fanning** we lost Estelle Harris, who played in "The Girl from George's (Jason Alexander) petite mom on the show. You can watch reruns of "Seinfeld" on the Comedy

Plainville" Central channel or stream all nine seasons

on Netflix.

Q: I saw that James Patterson's latest novel is written in collaboration with Dolly Parton. How did this come about? -- P.F.

A: Prolific author James Patterson is a big fan of fellow septuagenarian Dolly Parton and approached her with an idea about his latest manuscript. They met up in Nashville, found they had a lot in common -- having both grown up in small towns -- and began the creative process of writing a novel and an accompanying album of the same name: "Run Rose Run." Both were released in

as well. Parton told "Entertainment Weekly" that she'd like to play the role of Ruthanna, a retired country music star, in the film. The leading role of the Nashville hopeful, AnnieLee, has yet to be cast, but Patterson promises the part is "a real star-maker."

March, and there's talk of a feature film

You don't have to convince them that there was a hail storm, or that the wind nearly took your roof off. They know because they live here. Which do you want when you've had a bad day: A face-to-face meeting with your local agent, or a machine answering the phone at that big national insurer that advertises on TV?
