Rochelle Fire Chief: 'The level of destruction was just crazy' **BY JEFF HELFRICH**

MANAGING EDITOR

ROCHELLE — Rochelle Fire Department Chief Dave Sawlsville was called last Friday night to help with response efforts after an EF3 tornado struck an Amazon warehouse in Edwardsville, killing six and causing multiple injuries.

Sawlsville is part of an incident management assistance team for largescale events that are going to last over a period of days. Officials like him are called to help relieve local command team members that have worked long hours.

"I was called and asked if I could go at 10 p.m. on Friday night," Sawlsville said. "I said absolutely. I went down with three other guys to try and support the fire chief and his command structure. They do the first response. We don't go and take over the scene. We're just there to help with anything they need."

When Sawlsville first got the call, there were up to 100 people stuck in the Amazon building. He was

updated during his trip to southern Illinois and by the time he got there, seven people were still unaccounted for. One was later found to be not at work that day and safe.

Sawlsville praised Edwardsville Fire Chief James Whiteford for his command of the situation.

"He had plenty of resources, good accountability and a good operation going," Sawlsville said.

"He'd also been at it for six hours by the time I got there. He was able to leave and get some rest and food. I'm sure he probably didn't sleep, nobody would be able to, but at least he was able to disengage a little bit and come back with some fresh perspective."

Sawlsville responded in a similar capacity to the ChemTool fire in Rockton in June. He was there and in Edwardsville to be an extra pair of hands and eyes and to offer suggestions. In Edwardsville, first responders' plan was to find the last missing individual before turning the building back over to Amazon. They did just that. Sawlsville was relieved of duty and returned to Rochelle after about 30 hours in Edwards-

Miss Connie retiring after 25 years

That's something to pass on to people, that love of reading'

BY JEFF HELFRICH

MANAGING EDITOR

ROCHELLE — Connie Avery was raised as a reader.

Growing up, everyone in her family was an avid reader. That's why she's been passionate about working in libraries for the past 47 years. On Dec. 31, the youth services/ assistant director at the Flagg-Rochelle Public Library, affectionately known by kids as "Miss Connie," will retire after 25 years in Rochelle.

"That's something to pass on to people, that love of reading," Avery said. "Because once you have that, it opens up so much for everybody. You're wanting people to see that it's not a chore. That's one thing that I've been working towards, to get families to do that and develop that love of reading."

Before coming to Rochelle, Avery worked at a small library as director and was ready for a change. She happened to see an ad in some library

materials that the children's position was open at Flagg-Rochelle. She had never done children's services by itself before and thought it was a chance to try something different.

She came and interviewed and the rest was history.

Avery has been witness to a lot of change at the library as technology developed. She recalls checking out books the old

way with cards in pockets. There were only three computers in the building when she started.

She remembers when the library was "the only show in town" when it

came to activities and when summertimes were busier. Technology changes made the ways she interacted with kids evolve.

Superintendent Harper: Fannie May sales yield \$39,606 profit for district

BY JEFF HELFRICH

MANAGING EDITOR

ROCHELLE — The Rochelle Elementary School District Board of Education unanimously approved its 2022 tax levy at its monthly meeting Tuesday.

The levy is 4.91 percent and under a five percent increase in local revenue so a truth in taxation hearing is not required. At last month's meeting, District Business Manager Kevin Dale said the district is currently seeing a \$16 million Equalized Assessed Value increase from last year to this year in calculating its levy.

Superintendent Jason Harper said he had no new news regarding COVID-19 in his monthly school reopening update to the board. It was mentioned that the parent teacher organization's Fannie May chocolate sales resulted in the district selling \$92,414 in 6,601 boxes of candy. The district's profit is \$39,606.

"Thank you to Mr. Doyle and the building principals who have been working on that and I would say that parent volunteers are the ones handling the delivery and organization and those types of things and we've sent a note out to get that out as best we can starting tomorrow afternoon," Harper said. "With that many boxes,

we also ask for patience as we go through this for the first time."

There was no discussion of ongoing negotiations with the teacher's union on a new contract after multiple teachers spoke during public comment last month about

working on an expired contract. The board did meet in executive session and took no action following it.

The board also unanimously approved personnel changes to certified staff including the transfer of Heather Sweeney from art/PE substitute teacher at Lincoln School to full-time substitute and the hirings of Katelyn Gabbard as a first grade teacher at Lincoln School and Saire Johnson as an art/PE/substitute teacher at Lincoln School.

Support staff person-

nel changes were also unanimously approved including the resignations of Kalynn Norris as a paraprofessional and Daniella Egland as an SEL paraprofessional (part-time), the retirement of Marla Bearrows from the cafeteria at Rochelle Middle School and the hirings of Roxanna Contreras (part-time Central School paraprofessional), Marisol Belmonte (special ed paraprofessional at Lincoln School) and Rebekah Nicolosi (lunchroom aide at Lincoln School).

CONNIE: Library assistant director retiring Dec. 31

"It's totally different," Avery said. "They're used to having a screen right in front of them and entertainment like that. When I've done story times and things, their attention spans are shorter. They can't sit and listen to a longer story anymore, so I use shorter stories and we do a lot of switching around. We read a couple of stories real quick and then we do some activities and then we keep doing different things.'

Avery said it's been "very exciting" to see the way things have changed in the library due to technology and she's looking forward to seeing how it changes more in the future.

Miss Connie has been thinking about retiring for "a while," but just didn't see the opportunity with the library being busy and then COVID-19 hit.

"We were trying to work the library through that," Avery said. "We've had to make changes in what we're doing and offering and then I thought if I was going to do it, I should just retire. I made the decision and once I said it out loud, I had to stick with it."

Avery said she will miss the kids, staff and parents. But she plans to still be around and see people when she can. She's looking forward to being able to stay home when the weather is bad. She's excited to be able to read more "grown up"

books now.

"While it's going to be hard, I will enjoy it," Avery said. "I've enjoyed my time here in Rochelle. I've made lots of friends in all kinds of ways. Sometimes I worked upstairs in the adult department. I've met a lot of people and that's fun. It'll be exciting to see people outside of the library."

LOCAL VIEWS

Guest column

Tis the season

Dickow

■IS the season to be jolly....just a little over a week until the big day. I love seeing all the houses decorated. Last year was a dark year, but this year there seems to

be more houses with lights. COVID-19 has been rough

on businesses and people. I don't think one Rochelle restaurant closed because of COV-ID-19. A couple of small businesses have

even opened, which is a good sign. I do think the city's incentive program, where utility credits of \$60 were given to people

who accumulated \$300 in receipts from local businesses, helped a lot in keeping local doors open. That program is over

at the end of December, but hopefully people will have discovered some new places to shop and eat and will continue to support those local merchants in the new year.

Hickory Grove

It's good to see a contract issued for the taking down of Hickory Grove.

I think the facility was poorly designed from the start. Who puts a restaurant on the second floor with no visibility from the street? The restaurant facilities were on the second floor, and a banquet room on the first and third floors. I am no architect, but it just seems to me to be poor planning from the start.

20th Street

If you are driving on 20th Street or Flagg Road, I urge you to be extra cautious at that intersection. I have seen cars run the red on Flagg

Road several times in the past few weeks. I came close to doing it myself when the light turned yellow and I was about 20 feet from the intersection. If you are doing 45 m.p.h. you need almost 120 feet

for thinking and braking distances, according to a couple of web sites for safe driving. Slamming on the brakes is not always an option, especially if there are cars behind you.

Maybe the yellows need to be longer, or a second or two more for lights to turn green after the others turn red. All I know is that you need to be careful.

School

Being a retired teacher, I still talk to working teachers.

A common complaint I have heard from several is that kids don't seem to have the respect for teachers and staff they had before the pandemic.

Talking during class, getting up and wandering around the room at will, not finishing assignments, all seem to be common complaints.

Maybe kids need a lesson about respect from someone at home.

have a pretty good feeling that I am firmly on the naughty list this year ...

not that it is unusual for me. Sure, I consider myself a

good person. I am open minded, accepting, have a good sense of humor and try to be kind to people.

But I can also be a bit grumpy and judgmental at times. Both are not very good traits, but I am who and what I am.

No matter what list I find myself on − I still must go out and do some Christmas shopping. It is one of my least favorite activities, coming in just below going to the dentist and just above attending the funeral of someone I barely knew.

It is something I do every year, but I am not good at it. At

Now, I will admit I like it better now than I did even a few years ago, because I can do much of my shopping from the comfort of my couch. For someone like me, this has been a total bonus. It's not enough for me to get excited about shopping - hardly - but I don't instantly look for something to impale myself on when I think about it.

That is personal growth,

My wife and I are supporters of shopping local, so I do have to venture out into the world to get some things. I love to do

my part for local businesses, but I don't like shopping. The struggle is real.

The task of Christmas shopping

But as my wife and family like presents just like everyone else, I put on my best fake

smile and get out there with the unwashed masses.

Why don't I like shopping? Let me count the ways. First, I have to actually

leave the house. I don't

Brad mind leaving the house for Jennings things like work or to go to a concert or dinner with friends. But leaving the house to shop is really asking a lot from me – a person who prefers to order gifts while the

> History channel drones in the background. Second, I must be in a crowd of, gulp, people. You know who you are, people who aren't me. Sure, you might be nice and love your dog and write cool poetry, but I don't really

want to rub elbows with you at a local store. You seem a little too happy to be out and about. Frankly, that makes me suspi-Third, do you people even shower anymore? I see way too many people who apparently think it is fine to go out in public with so much grease in their

hair that they could fry enough French fries to feed the State Champion Byron football team with it. Take a shower, people! You are going out in public. If you don't do it for yourself, do it for the rest of us.

Fourth, and I will say this again for the people in the back - stop WEARING YOUR PAJAMAS IN PUBLIC. Did you all get that? It is the clothing version of screaming "I give up!" It seems to be most popular with young people or moms who can't be bothered to put on jeans. Please, I beg of you. Think enough about yourself that you won't go out into public with your night wear on.

Fifth, who picks the music in these stores? If I was a retail worker, I would be on the verge of tears/rage for my entire shift Honestly, bad country/pop music will make me leave a store. I will simply drop whatever I planned to purchase on the spot and walk right out. And not all Christmas music is good Christmas music. How about we just go without the music, OK? We can shop in silence.

Sixth, kids. I may not be a fan of spanking, but some of the kids I see out at stores could probably use at least a good grounding. Why do people seem to simply let their kids run wild these days? It is fine to tell your kids to knock it off. The rest of us would welcome it. Better yet. if you can, leave them at home if they won't be well behaved.

Like I said, I can be a bit grumpy. But don't worry, it will pass.

On Dec. 26.

Brad Jennings is the editor of the Ogle County Life.

Sheaffer honored with LCFB Distinguished Service award

AMBOY – The Lee County Farm Bureau (LCFB) is honored to recognize Leonard Sheaffer, Dixon, with the Lee County Farm Bureau Distinguished Service Award in recognition for his longtime service to the organization.

Sheaffer has been a lifelong supporter of farm bureau. He serves on the LCFB Board of Directors and is a long-time committee member, volunteer and agriculture advocate. He has served on Illinois Farm Bureau (IFB) Action Teams and the IFB Health Care Working Group, served as a delegate at the IFB Annual Meeting and participated in the IFB Leaders to Washington program, is a graduate of the IFB Agriculture Leaders of Tomorrow Program and much more. Sheaffer has been a farm bureau member for the last 48 years.

The Distinguished Service Award was established to honor and or couple who has shown exemplary leadership and service to the farm bureau, agriculture and farmers in Lee County and beyond. Without the time, dedication, passion and vision from many hard-working volunteers like Sheaffer, the LCFB would not have lasted for more than 100 years.

The LCFB thanked Sheaffer for his continued service to the organization and is proud to recognize him as its Distinguished

2021 Ogle County Tentative Multiplier announced

SPRINGFIELD Ogle County has been issued a tentative property assessment equalization factor of 1.0000, according to David Harris, director of the Illinois Department of Revenue said in a state press release.

The property assessment equalization factor, often called the "multiplier," is the method used to achieve uniform property assessments among counties, as required by law. This equalization is particularly important because some of the state's 6,600 local taxing districts overlap into two or more counties (e.g. school districts, junior college districts, fire protection districts). If there were no equalization among counties, substantial inequities among taxpayers with comparable properties would result.

State law requires property in Illinois to be assessed at one-third of its market value. Farm property is assessed differently, with farm homesites and dwellings subject to regular assessing and equalization procedures, but with farmland and farm buildings assessed according to standards based on productivity.

The equalization factor is determined annually for each county by comparing the sales price of individual properties sold over the past three years to the assessed value placed on those properties by the county supervisor of assessments/county assessor. If this three-year aver-

age level of assessment is one-third of market value, the equalization factor will be one. Rochelle Fire Chief Dave Sawlsville is part of an incident management assistance team for large-scale events that are going to last over a period of days. Sawlsville responded to the deadly tornado that struck an Amazon warehouse building in Edwardsville and killed six people.

TORNADO: Sawlsville reflects on deadly twister

From page 1

"It's a big building," Sawlsville said. "They have to have water retention ponds. A car was picked up and thrown into one and there was building materials in there. The level of destruction was just crazy. Unfortunately, these days you see too much of it. There's weather changes where you're like, 'What in the hell is going on here? They have a tornado iust outside of St. Louis in December?"

The building did have storm shelters inside, but one of them was on the wall that the tornado hit, Sawlsville said. A concrete wall was broken off and folded over onto the shelter-in-place area. The 40-plus people who were able to get out afterwards were

further into the building.

department was able to clear a path, 40 plus people walked out of that building," Sawlsville said. "Now you're like, 'My God, that's huge.""

The six people that were lost in the disaster left an impression on Sawlsville.

"Two weeks from vacation, all these people were doing was their job," Sawlsville said. "They weren't doing anything stupid or crazy. They just showed up for work. It was just incredible sadness."

When called to larger incidents like the Edwards-ville tornado, firefighters like Sawlsville go to help. But in every instance, they also learn something, he said. He never thought a tornado could snap a six-inch-thick cement wall in half

Rochelle has buildings like that, too. Sawlsville plans to tell people locally

to put their shelters in the middle of their buildings and not against an outside wall. He said occupants are more likely to survive falling roofing that's lighter weight rather than a concrete wall.

Every time SawlsvIlle responds to a larger event, he has the chance to network and meet people with resources and expertise he didn't always think about beforehand. He cited seeing specially-trained dogs last week that could find where people were located under debris.

"More specialized things like that, those are connections you can make and it's a huge benefit," Sawlsville said. "And you go help your neighbor. It's a good feeling knowing if and when it's ever your time, they'll come and help you. I'm not sure you can put a price tag on that."

Defense shines in win

Lady Hubs shut down Sandwich 37-25 for first Interstate 8 victory of season

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE — Defense has been an emphasis for the Rochelle Lady Hub varsity basketball team under first-year head coach Ryan McQuade. If Thursday's Interstate 8 matchup against Sandwich was any indication, Lady Hub players have bought in on the defensive end.

Rochelle held the Indians to only 10 second-half points on Thursday, combining tough defense with a strong fourth quarter to defeat Sandwich 37-25. Freshman Kendyl Darby led the Lady Hubs (6-8, 1-3 Interstate 8) with 10 points, while Dickey followed with nine points and two 3-pointers made. The Lady Hubs limited Sandwich to just three fourth-quarter points.

"I think we're starting the season off pretty well," Dickey said. "We're playing really well as a team. I thought our man-to-man defense worked really well against them tonight, but I also thought we did well with our zone defense. Our help defense was really good as well.

With Dickey and senior defensive charge on the perimeter and 6-foot-1 senior Abby Luxton anchoring the Lady Hubs inside, Rochelle successfully shut down Sandwich 6-footer Claire Allen, who was held to nine points on Thursday. Despite some struggles offensively, Rochelle's defense forced several Sandwich turnovers and missed shots while creating easy scoring chances in transition. The Lady Hubs led the Indians 20-15 at halftime.

"It's a big confidence booster for us to win this game," Dickey said. "We feel more confident as a team when we're winning more games and I think we play better as a team. I feel that as a senior, my role on the team is to show more leadership and be a leader for the underclassmen."

Sandwich fought its way back into the game during the third quarter, bringing the Lady Hubs within two points and making the score 24-22 entering the fourth quarter. But Rochelle's 13-3 run in the fourth quarter, which included a 3-pointer from Dickey and two transition layups from senior Zoey Tabor, allowed the Lady Hubs to seal their first conference win of the

Rochelle snaps two-game losing streak with 67-55 win against Cogs

GENOA — Junior forward Raul Aguirre knew that he and his teammates on the Rochelle Hub varsity basketball team needed to bring more energy to the floor after losing five of their first seven games this season. Looking to snap a two-game losing streak against Genoa-Kingston on Wednesday, Aguirre and the Hubs returned to the hardwood with a newfound desire to win.

The 6-foot-5 forward strung together his best performance of the season, scoring 16 points while grabbing nine rebounds and blocking two shots as Rochelle defeated Genoa-Kingston 67-55 on the road. The Hubs (3-5, 1-1 Interstate 8) outrebounded the Cogs 48-31 in the win.

"We were definitely struggling at the beginning of the season," Aguirre said. "We didn't have a lot of energy during practice and at games, but we sat down and did some selfreflection. We brought more energy to the game on Wednesday and we picked up the tempo. My teammates definitely got

me going and we were

getting all sorts of steals and deflections. I was able to knock down more shots as the game went on and I did my best to get my teammates involved."

Genoa-Kingston opened the game with a 16-10 lead after the first quarter, but the Hubs dominated the second and third quarters, outpacing the Cogs 36-19 during that stretch to gain control of the nonconference matchup. Senior Ryan Simmons turned in an all-around performance on Wednesday, scoring 17 points with seven re-

bounds and three steals. "It felt really good to get back on track," Simmons said. "It definitely felt like we played as a team and that win was very important for us. Our team passed the ball around and we moved it well so everybody was getting open shots including me. I happened to be in the right place at the right time for all of them. My coaches expect a lot out of me and

they expect me to lead." Senior Adam Kemp nearly recorded a tripledouble for the Hubs, to-

ished with nine points, two steals and five rebounds. Rochelle shot 45

percent from the field and outscored the Cogs 18-8 in second-chance points.

Jake Oates scored 18 points to lead the Genoa-Kingston offense.

Rochelle stuns Harvard with late-match rally

McBride, Villalobos score key victories as Hubs sting Hornets 35-34

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE Freshman Xavier Villalobos was well on his way to earning a technical fall against Harvard's Brian Hernandez during the Rochelle Hub varsity wrestling match Wednesday evening. But with Harvard leading Rochelle 34-23 and only one bout remaining in the match, Villalobos needed to deliver a pin to win the 113-pound bout and win the dual for his team.

Villalobos dominated the first and second periods, scoring three takedowns and two near-falls but coming just short of pinning Hernandez in each period. A third near-fall midway through the third period made the score 16-2 with a forfeit coming in the 120-pound bout, but with Harvard having the tiebreaker advantage, a technical fall would result in a Rochelle defeat.

With his teammates cheering from the bench, Villalobos successfully turned Hernandez over in the final moments of the third period, winning by fall and effectively sealing Rochelle's 35-34 dual victory over the Hornets. The Hubs improved to 7-2 on the season with the victory.

"I went out there and told myself I had to win," Villalobos said. "Then I had my coaches tell me with 15 seconds left in the second period that I couldn't tech him and that I had to pin him for the win. At that moment, I told myself I had to go for it. I gave it my all and my coaches were really proud of me. These guys are like a family to me and it shows how much they trust me."

Harvard cruised throughthe early matchups, with Marquez Merida, Salvador Esquivel and Daniel Rosas each scoring pins in the 126-pound, 132-pound and 138-pound bouts before Ivan Rosas outlasted Rochelle freshman Grant Gensler for a 12-3 major decision in the 145-pound bout. Senior Caleb Nadig snapped Harvard's streak of 22 unanswered points, putting on a clinic with six first-period takedowns before pinning Kaden Vest to win the 152-pound bout.

Freshman Brandyn Metzger kept the Hubs going during the 160-pound bout, recording takedowns in each period for a 6-2 decision against Caden Scott. Freshman Jack Pavlak received a forfeit in the 170-pound bout, bringing Rochelle within seven points of tying the Hornets at 22-15. Sophomore Brock Metzger bumped up to the 182-pound bout, where Metzger battled against Gabe Sanchez before falling short in a 10-2 major decision.

With the Hubs trailing by 11 points, Rochelle sophomore Alexander McBride found himself locked in a tight contest against Edwin Quinones in the 195-pound bout. Despite trailing early in the match, McBride used

his opponent's aggressiveness to his advantage, countering missed shots with takedowns of his own to come back and send the match into overtime with the score 6-6. Another counter in overtime allowed McBride to win by 8-6 sudden victory.

"I knew we were down by a few points and I knew we had to win at least two more matches," McBride said. "I wanted my opponent to shoot on me so I could roll and score my points, but he ankle-picked me a few times to get ahead... When I won the match, I knew that was one more match we needed for the team win. It's amazing for my confidence and I'm so proud of how we competed tonight. I thought

we did amazing and we all cheered for each other."

Harvard's Nathan Rosas took the 220-pound bout by 8-4 decision, with Hornet heavyweight William Harter pinning soon after to win the 285-pound bout. Trailing 34-17 after an unnecessary roughness penalty cost the Hubs one team point, Rochelle sophomore Tommy

Tourdot stepped up in the 106-pound bout, using only 15 seconds to pin Jose Pichardo.

With Villalobos pinning Hernandez in the 113-pound bout, Rochelle freshman Joseph Nadig received a forfeit in the 120-pound bout for the final six points of the nonconference dual to clinch the Rochelle win.

HOLLYWOOD

by Tony Rizzo

HOLLYWOOD — Jared Leto won an Oscar for "Dallas Buyer's Club" (2013) and proved he'll go the distance for his characterizations. In "House of Gucci" (which opened Nov. 24), he's unrecognizable playing Paulo Gucci. On his first day (deep in character), he ran into Al Pacino (playing Aldo Gucci) and said "Dad." Pacino didn't recognize him, thought he was a weirdo and walked away. Later, Leto saw him again and said, "Father." Pacino was rushing away until another cast member whispered, "That's Jared." Pacino turned, arms stretched out, and said "son!"

Leto also has "Morbius" (in IMAX), due Jan. 28, with former "Doctor Who" and "The Crown's" Matt Smith. Morbius suffers from a rare disease and tries a dangerous cure that turns him into a vampire. What woman wouldn't want him nibbling on her neck? Sequels are already in the works. Leto next stars for director Aron Aronofsky in "Adrift," about a fishing boat crew discovering a ghost yacht in open sea (coming Aug. 19). Leto pursued the rights for 10 years and brought it to Aronofsky and Jason Blum; now all three are producing.

Meanwhile, Lady Gaga is getting a Cher "Moonstruck" Oscar buzz for "House of Gucci." Critics are saying the film has a "'Godfather' vibe" and that Gaga is "incredible," as is **Jared Leto.** Director **Ridley Scott**, a three-time Oscar director nominee for "Thelma & Louise" (1991), "Gladiator" (2000) and "Black Hawk Down" (2001) and as a producer of "The Martian" (2015), has never won, though he did win an Emmy and was knighted in 2003. Scott is currently prepping yet another remake of "The Boston Strangler" (which starred Tony Curtis in 1968 and David Faustino of "Married With Children" in 2008). Keira Knightly plays the reporter who pursues the case, with co-stars Chris Cooper and Alessandro Nivola. Ridley Scott's recent "The Last Duel," with **Matt Damon**, flopped.

Jared Leto in "House of Gucci"

Once there were 13 soaps on three networks, but today there are just four left. A recent growth in their audience has kept "The Young and The Restless" at No. 1. "General Hospital" is No. 2, followed by "The Bold and The Beautiful" and "Days of Our Lives." "Days" has received a two- year pickup from NBC, and thanks to the recent success of "Days of Our Lives: Beyond Salem" on Peacock, toplined by super couples Thaao Penghlis and Leann Hunley, and Deidre Hall and Drake Hogestyn, Peacock greenlit "Days of Our Lives: A Very Salem Christmas" (due Dec. 16), toplined by Emmy-winner Chandler Massey (in a recent Hallmark film) and Eileen Davidson. I met Thaao Penghlis on his first day at "Days of Our Lives," and now he's celebrating his 40th anniversary with the show. He's such a great actor, you'd never know he's from Australia ... CELEBRITY EXTRA

"Sister Swap: Christmas in the City

Q: Is NFL football reporter Jac Collinsworth related to longtime announcer Cris Collinsworth? He sure looks like him. Did he ever play football like his dad? -- N.C.

A: Yes, 26-year-old Jac Collinsworth has joined NBC Sports, the broadcast home of his father, Cris Collinsworth, who hosts "Sunday Night Football" with Al Michaels on NBC. You can see Jac on the sidelines Sunday nights, and while some might scream "nepotism," Jac seems like a natural talent who was hired on his own merits.

Sister Swap: A

According to SportingNews.com, Jac has been working in front of and behind the camera since he was in eighth grade. He worked as a sports reporter while attending Notre Dame, but was never a college athlete like his father. Cris Collinsworth, who is now 62, played for the Florida Gators and then subsequently the Cincinnati Bengals.

Before joining NBC, Jac worked for ESPN as a host and features reporter. When Cris learned that NBC executive Sam Flood wanted to make his son an offer, he pleaded with them not to, saying that Jac was doing great making his own mark at ESPN. Flood explained that the network needed to build their young talent pool and that Jac was "the best I've seen."

Q: I recently saw the movie "House of Gucci." I always wonder how accurate these biographical films really are and what the family must think of how they are portrayed. Did they have any input on the making of the movie? -- R.V.

Lady Gaga in

"House of Gucci"

"A Kiss Before Christmas" (2021) Teri

A: According to USAToday, the Gucci family hasn't been involved in the Gucci fashion house since 1993, when Maurizio

> "sold his remaining stake to the Bahrain-based company Investcorp" and was later bought by the French group Kering. In the movie "House of Gu-

"A Nashville Christ-

cci," Lady Gaga plays Patrizia Reggiani, who hired a hitman to murder her husband, Maurizio Gucci, played by Adam Driver. The Gucci family issued a state-

ment recently saying that the film is "anything but accurate" and that they were not consulted at all before or during production. Director Ridley Scott defended his film, stating that he tried to be "as respectful as possible by being as factual as possible." The reviews have been mixed, with audi-

ences enjoying the film more than critics, but both groups seem to agree that Lady Gaga's performance will likely result in another Oscar nomination for the talented singer/actress

Q: Who was the little girl who played Annie in the recent live musical? She was incredible. Was she a new discovery? -- E.E.

A: Celina Smith earned the title role in NBC's "Annie Live!" through a nationwide search, but it wasn't her first professional acting role. At only 12 years old, she's already played a Young Nala in a national touring production of "The Lion King" and has been a regular on the Nickelodeon sitcom "Young Dylan."

An Advertising Proverb

When Mark Twain was editing a newspaper in Missouri, one of his subscribers wrote in, saying that he had found a spider in his newspaper and wondered whether it was a sign of good or bad luck.

Twain's response: "Finding a spider is neither good luck nor bad. The spider was merely looking over our newspaper to see which merchant was not advertising, so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward."

Huskies sign 16 new players

12 freshmen, four transfers joining program

ORLANDO, Fla. -Northern Illinois University football head coach Thomas Hammock announced the signing of 12 freshmen and the addition of four transfers to the NIU roster for 2022 Wednesday during the December signing day. Hammock made the announcement from Orlando, Florida, where the 2021 Mid-American Conference Champion Huskies are preparing to face Coastal Carolina in Friday's Tailgreeter Cure Bowl.

'We are certainly excited about the class," Hammock said. "We needed to be very strategic with how we put our class together, knowing that we have a lot of guys coming back with multiple years of eligibility. So, we were looking for guys that we can develop, as well as looking for some instant impact guys from the transfer portal, guys that we felt we can plug in and play or add competition at spots where needed to make sure we enhance."

The largest position group represented in the newest group of Huskies was at wide receiver where NIU added four freshmen and a pair of transfers. Defensively, NIU added four freshmen defensive backs and three linebackers, including one transfer. The rest of the group included an offensive lineman, defensive lineman and quarterback.

"There were some areas that we want to make sure we focused on, wide receiver being one, that we want to make sure we added the right type of talent in that room where we can

make it more competitive and try to be become a more explosive offense," Hammock said. "We want to give [QB] Rocky [Lombardi] a lot of options and weapons for next season, and so we really wanted to hone in on that position. Defensively, we were looking for guys that can take the ball away, make plays on the ball, be dynamic and disruptive. Those were really the two areas that we wanted to focus on in this particular class to continue to build our

team the right way."
While continuing to add players who will make an impact—whether in 2022 or beyond — Hammock noted that the most important "recruiting" continues to be developing the student-athletes currently on the

"How we look at recruiting is we have to constantly recruit our own team," Hammock said. "That's the most important thing I talk to my staff about. Don't worry about somebody that's not here, recruit the kids in our program, make sure they have a positive experience, make sure they're having a great time on the field and off the field. If we can continue to do that, we can continue to be able to stack good seasons. The players in our program right

now are the most important recruits that we have."

Also critical to Hammock is the Huskies' walkon program. At least five players who walked on to the program were awarded scholarships during the fall semester, and Hammock said the benefits of rewarding players already on the roster is the knowledge and information the coaches see in working with them every day.

"A big part of the recruiting process for us is our walk-on program," Hammock said. "What people don't realize is sometimes you take a walk-on and award a scholarship and that means you take a scholarship from the next class. For

example, Mason Blakemore is a young man that walked on and got a scholarship, as a result, we didn't sign a back – yet. We have more information about the young men already in our program, than kids in high school or at other schools. So if we think someone has a chance, we will reward that young man with a scholarship because we have the most information about him."

NIU claimed its sixth MAC Championship in 2021 while fielding the second-youngest roster in the Football Bowl Subdivision. The Huskies historic turnaround included seven "one-score" wins and a 41-23 victory over Kent State in the MAC Championship.
