School improvement goal presented

District 231 Board approves resource officer agreement

BY JEFF HELFRICH MANAGING EDITOR

ROCHELLE — Rochelle Elementary School District Assistant Superintendent Tony Doyle presented a school improvement goal annual overview at the school board's monthly meeting Tuesday.

Doyle said social emotional learning (SEL) will be the main goal as the district moves forward amid the COVID-19 pandemic. Students returned to allday, in-person schooling at the start of the current semester.

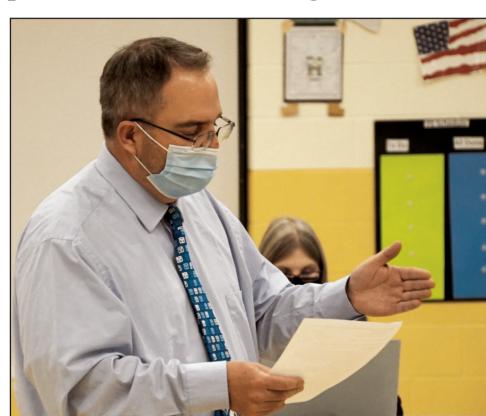

Social and emotional learning is defined as "an integral part of education and human development and a process through which all young people and adults acquire and apply the knowledge, skills and attitudes to develop." Social emotional learning was also the main focus of the high school district's school improvement plan, which was presented last month at that district's board meeting.

"If we don't get a good handle on our social emotional learning with stu-

dents and staff, it really doesn't matter what else we're doing," Doyle said. "Kids have to be able to regulate themselves, we have to be able to give them support and staff have to be able to regulate themselves. It's never been more important than it is now."

Doyle said the elementary district has had some growth on the topic, but added it "has a long way to go." An additional counselor was recently added so there is one in every elementary school building. He said the district is attempting to get an SEL paraprofessional in each building and said it has been a challenge due to "some turnover" with paraprofessionals this year.

"We're all in this together trying to get that social emotional piece in place," Doyle said. "We're going to continue to use student and parent feedback and counselor recommendations to improve what we're already doing. Simply listening to what our kids are telling us. Listening to everyone will help to guide us. We have to be consistent and

purposeful."

Cosme Becerra, a fifth grade teacher at Tilton School, spoke during the public comment portion of the meeting on behalf of teachers that asked him to attend and said students have shown aggressive behavior towards staff and peers and "very few" of them have been held accountable for it.

"There has been no consistency with consequences with communication involving individual buildings," Becerra said. "Students have shown aggressive behavior towards

staff and peers and have remained in the building all day with these behaviors continuing. It's not OK and it's causing burnout all over. It makes people feel unsafe and uncomfortable in the workplace."

RTHS hosts Veterans Day breakfast

'We couldn't be doing this today without them and their sacrifices'

BY JEFF HELFRICH

MANAGING EDITOR

ROCHELLE — Rochelle Township High School hosted its Veterans Day Breakfast Thursday to honor local veterans.

RTHS Principal Chris Lewis welcomed veterans to the school and said it was nice to have them back after the annual event was canceled last year due to the COVID-19 pandemic.

"We got to October and thought about how we'd celebrate Veterans Day and I know the breakfast has always been a nice touch," Lewis said. "We enjoy having you guys here. Thank you for joining us. We can study history, we can listen to your stories, but we'll never fully understand the sacrifice you made for our country. We can't thank you enough for your service."

The Veterans Day breakfast was different than in years past to prevent the spread of COVID-19. There were

fewer students than usual, just those accompanying veterans attended along with two servers. The RTHS band wasn't on hand to play the service medley and masks were required. The school wanted to make sure it could continue its tradition safely.

Mayor John Bearrows attended the event and spoke.

"We need to remember our veterans every day," Bearrows said. "Not just one or two days a year. I challenge each and every one of you in this room that every time you see a flag, remember what it stands for. Say a little prayer and thank God for our veterans. Because we couldn't be doing this today without them and their sacrifices."

Following breakfast, the service medley was played, and each veteran stood as their song was played.

Bearrows closed his speech by saying the best way to honor the country's veterans is to take an active role in maintaining freedom in America and showing veterans that the country is worth all that they have given and lost.

"We must teach future generations about what it means to be an American," Bearrows said. "We should all come together, promote peace and pray for an end to the violence that seems to be out of control while instilling the values that are so important that only we as a unified country have the power to do."

Habitat for Humanity Ogle County is beginning the process of choosing a partner family for its 2022 House **Build in Rochelle.**

Habitat for Humanity meetings scheduled for Dec. 2, Dec. 9

OREGON — Habitat for Humanity Ogle County is beginning the process of choosing a partner family for its 2022 House Build in Rochelle.

The first application/ informational meeting will be Thursday, Dec. 2 from 4-6 p.m. at the Oregon Church of God, 860 W. Oregon Trail Road. The second meeting will be in Rochelle at the Holcomb Bank from 5-7 p.m. on Thursday, Dec. 9. For more information and an application, call Vanessa at 815-440-6598.

The building of a Habitat home takes many hours of planning. It begins with and orientation/application event at which a person in need of affordable decent housing can apply to be awarded an interest free mortgage on a new home.

To qualify, a family must be willing to partner with Habitat and put in "sweat equity." They must have a need for affordable decent house. They also must be able to make regular monthly payments.

Habitat uses volunteers and gifts in kind to build a quality house and a minimum cost. This is not a free home. It carries

and regular payments will be made.

It is required a family attend one of the above two meetings.

They must bring: copies of driver's license or state ID (proof of Ogle County Residence), copies of federal tax returns over the last two years including W-2's.], copies or your last month's pay stubs, copies of last two bank statements (checking and saving) and proof of any other type of income (child support, social security, disability

Habitat plans to break

spring. It just finished a build on South 9th Street and the new house will be two doors down. It also built a house in 2018 on 8th Avenue. Habitat is excited to meet its new partner family and get started.

Habitat is also looking for volunteers to server on a couple of committees. It is looking for someone to head up its fund-raising group, volunteer committee and a church relations person. If you are interested in serving on one of these groups, please contact Vanessa at 815-440-6598 or Gail at 815-

Northern Rehab delivers donated items to SUMC coat ministry

SYCAMORE

Northern Rehab Physical Therapy Specialists held their annual community collection of winter coats and accessories for the Sycamore United Methodist Church (SUMC) Coat Ministry.

Several large donations of coats, boots, scarves, hats and mittens (estimated over 150 items) were recently delivered by Northern Rehab's Ken Olson and Melissa Payne Wagner.

"Part of Northern Rehab's mission is to support organizations and programs that contribute to the well-being and needs of the community we serve," Olson the Northern Rehab president and physical therapist, said. "We enjoy organizing this coat drive every year and are happy to do our part to help keep those in need in our com-

munity warm each winter. We're thankful to our community for their generous donations to this cause."

The SUMC Coat Ministry is open every Monday from 12:30 p.m. to 4 p.m. during food pantry hours at the church located at 160 Johnson Ave. in Sycamore. For more information about Sycamore United Methodist Church, the coat ministry, food pantry or other information, please visit their web site at: www.sycamoreumc. org or call 815-895-9113.

Northern Rehab extends its gratitude to all of the community members that generously donated winter items in support of the SUMC Coat Ministry.

Quartermania fundraiser set for Nov. 20

BY JEFF HELFRICH MANAGING EDITOR

ROCHELLE — The Rochelle Chamber of Commerce will host its Quartermania fundraiser on Saturday, Nov. 20.

The event will include a quarter auction and a silent auction and will take place at Flight Deck Bar & Grill. There will be dinner and drinks. There is free admission. To participate in the auction, paddles cost \$5 a piece. Doors open at 5:30 p.m. and Quartermania begins at 6 p.m.

Chamber Executive Director Tricia Herrera said the event is in the chamber's top three of fundraisers and it allows people to have a good time and network before the busy holiday season.

"It's a way to get exposure for smaller businesses and a night out for everybody," Herrera said. "This is our fourth year doing it. Last year didn't take place because of COVID-19. It's really been a good event for us. Families and kids are welcome to come."

The quarter auction sees local businesses submit items or baskets to be bid on.

"It's a way for our direct seller or smaller home-based businesses to participate in an event," Herrera said. "They have a basket or item and can describe it and have a dollar amount. That decides if it's a one or two quarter bid. Bidders will have paddles and you can bid for one or two quarters. You can get a \$50 item for one or two quarters."

The silent auction will also include items donated by businesses. Herrera said the items include anything from gift cards to local businesses to Country Thunder tickets donated by 102.3 The Coyote.

"We've added vendors and silent auction items over the years," Herrera said. "Kris Wexell and Chuck O'Brien from the radio station will be emcees for the event. We like to say it's the official start of the holiday shopping season. Things like this help the chamber expand its programs. We do fundraisers so we can expand services for home-based and small businesses."

Compton woman suffers fatal injuries in Tuesday accident

ROCHELLE - A Compton woman suffered fatal injuries in a Tuesday accident on Illinois Route 251, an Illinois State Police press release said

At 5:53 p.m. the state police responded to Illinois Route 251 approximately a quarter mile north of Gurler Road. The preliminary investigation revealed a truck tractor/semi-trailer combination driven by Mark A. Geesey, 57, of Dixon, was entering Illinois Route 251 northbound

from a private drive and was struck by a southbound minivan driven by Nancy D. Mlynski, 64, of Compton.

Geesey did not suffer from any apparent injuries. Mlynski suffered fatal injuries and was pronounced deceased at the scene.

The investigation and charges are pending. The ISP were assisted on scene by the Illinois Department of Transportation, Ogle County Sheriff's Office, Rochelle Police

Department, Rochelle Fire/EMS and the Ogle County Coroner's Office. The public is reminded that all persons are presumed innocent until proven guilty in a court of law.

County holiday light recycling starts Nov. 15

OREGON — Autumn is upon Ogle County, and it seems folks are getting an early start on holiday decorating. Some of those light strands from previous years may not be working anymore and can be recycled very easily here in Ogle

The Ogle County Solid Waste Management Department (OCSWMD) is again partnering with local fire departments and villages to again offer several convenient drop-off boxes so those frustrating, nonfunctional holiday light strands can be recycled.

Starting Nov. 15, dropoff boxes will be available at the following fire departments: Rochelle, Byron, Stillman Valley and Mt. Morris. They will be located at the village halls in Polo, Forreston, Davis Junction and Creston. Light strands are also accepted at the Ogle County courthouse and at the OCSWMD office at 909 Pines Road in Oregon. Boxes will remain at these locations until Jan. 21, 2022.

Accepted light strands include Italian mini-lights, traditional lights, LED lights and other holiday

light strands. Extension cords are also accepted. Material not accepted include rope lights, wreaths, garland, metal stakes or silhouettes, live greens, plastic decorations, timers, and light packaging, plastic bags or cardboard boxes.

Placing just the light strands and cords into the bins increases material value and makes the recycling process more efficient for the processor. Lights and cords will be shipped to Dynamic Lifecycle Innovations in Onalaska, Wisconsin to be recycled. In 2020-2021, over 1,500 pounds of material was collected and recycled through this program.

So, as we prepare to untangle, test and put out those holiday lights this season, remember you can help the environment and recycle all those strands of lights which have brightened our homes in the past but now refuse to light up anymore.

If you have any questions about this program, or wish to learn about other recycling opportunities in Ogle County, call the OCSWMD at 815-732-4020 or visit www.ogle-

Deputies respond to disturbance at Casey's General Store in Creston

OREGON—On Nov. 9 at 5:09 p.m. deputies and Oregon Fire and EMS responded to the area of 900 N. River Road for the report of a vehicle that left the roadway and entered the Rock River. After an investigation, it was determined Daniel Boyden, 30, of Oregon was traveling southbound on River Road in his Volkswagen Jetta when he lost control of his vehicle. Boyden was able to escape the vehicle and swim back to shore. Boyden was transported to KSB Hospital by Oregon EMS for precaution. At KSB Hospital, Boyden was arrested for driving under the influence of alcohol. Boyden was released on a signature I-Bond. He was also issued citations for improper lane usage, failure to reduce speed to prevent an accident and operating an uninsured motor vehicle. On Nov. 10 at approx-

imately 11:30 a.m. dep-

uties with the assistance of the Illinois State Police and Rochelle Fire/EMS responded to the 14,000 block of East Illinois Route 64 for a two-vehicle accident involving a 2006 Hyundai Accent and a 2007 Ford Freestyle. Upon conducting an investigation, it was learned the Ford driven by Beth Benedetto slowed down to turn into a private address and was rear ended by the Hyundai driven by Linda Keane. Keane was transported the Swedish American Hospital in Rockford for injuries. Keane was cited for failure to reduce speed to avoid an accident.

On Nov. 10 at 11:08 a.m. deputies responded to a one-vehicle accident at the intersection of Kishwaukee Road and Meridian Road. After an investigation, it was found that a maroon Chevrolet HHR, driven by Ashley E. Kramer, 32, of Rockford, was northbound on Kishwaukee

Road when the vehicle suffered a mechanical failure. The vehicle exited the roadway and struck a culvert at that location. Kramer was transported to Swedish American Hospital for injuries sustained in the accident. The passenger in the vehicle, Brittany D. Vyas 27, of Rockford, refused medical treatment at the scene. The vehicle was removed from the scene by Nielsen's Towing and no citations were issued. On Nov. 11 at 9 p.m. deputies responded to a disturbance at the Creston Casey's involving an intoxicated male. Investigation by deputies revealed that Arturo Pena, 22, of Rochelle had battered a family member and then entered a vehicle without permission from the vehicle's owner. Pena was arrested by deputies for domestic battery and criminal trespass to a

Harold L. Rogers

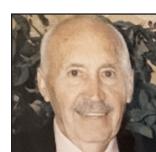

ROCHELLE — Harold L. Rogers, 86, passed away Tuesday, Nov. 9 at the Rochelle Community Hospital. Harold was born on June 23, 1935 to Robert and Lelah (Huffstatler) Rogers in Earle, Arkansas. On Feb. 8, 1986, he married Lynda C. Degelau in Rochelle. She preceded him in death on March 22, 2007.

Harold graduated from Rochelle Township High School in 1953. Several years after graduation, he joined the United States Army and proudly served his country from 1959 to 1961. He eventually founded and operated Rogers Construction and was involved in numerous jobs throughout Rochelle and the surrounding area. In fact, it was hard for

him to finally retire; his services were continually needed by past customers and friends. Harold was also the building inspector for the City of Rochelle for several years. If he wasn't working in one capacity or the other, he could be found on the golf course. He was a member of the Foursquare Church in Rochelle and Rochelle VFW Post 3878.

Harold is survived by his children: Jeffrey (Karen Keen) Rogers of Rochester, Illinois and Shelly (Rich) Stoddard of Rochelle and three grandchildren: Travis Utterback of South Carolina, Reagan Todd of Springfield, Illinois and Colin Rogers of Kentucky.

Senior Center hosts Veterans Day celebration

'We certainly know and remember that freedom is not free'

BY JEFF HELFRICH

ROCHELLE — The
Hub City Senior Center
partnered with ProMedica

Hospice Wednesday to host a Veterans Day celebration to honor and recognize local veterans.

The event included a brief ceremony followed by a pin and certificate presentation.

"On behalf of myself and our team at the senior center, we just want to thank you for joining us in this celebration to honor our veterans," HCSC Executive Director Diana King said. "Words cannot express the gratitude we have for each and every one of you for your service. Thank you so much."

Mayor John Bearrows attended and spoke at the event and thanked local veterans for their service.

He said he and the city have the ability to make decisions because of the veterans that fought for the country's freedom and that veterans deserve to be thanked daily, not just once or twice a year.

"This is one of the parts of being mayor that I love, being able to come and talk to veterans," Bearrows said. "If you don't remember anything else today, I hope that as we walk away we share with others how our veterans are so important to us and we have to remember them every day. Thank you to all the servicemen and women here and everywhere. We appreciate your service and you giving us freedom. We certainly know and remember that freedom is not free."

The national anthem was played at the event and the pledge of allegiance was recited. After each veteran

in the room received a pin and certificate, they stood as their branch's song was played. To close the proceedings, a poem was read and "God Bless the U.S.A." was played. "Finally I'll leave you with one thought that I pray you carry home with you," Bearrows said.

"The best way to honor our veterans is to take an active role in maintaining freedom in America. Show our veterans that this is a country that is worthy of what they have given and lost. God bless our veterans and God bless the United States of America."

Astounded by number of impaired drivers

read police reports in the paper, I am astounded at the with driving while

intoxicated.

Often these people are involved in accidents...running into ditches, hitting trees, missing curves in the road. Knowing this, it sometimes scares me to drive at night.

There may soon be a solution to the problem.

My understanding is, by 2026 auto manufacturers will have to install technology to detect impaired drivers in new vehicles. These devices will be more sophisticated and accurate than a breathalyzer installed by a court order and will involve sensors and infrared cameras.

As far as I am concerned, this is long over-

I also would like to see a state law that requires counties and municipalities to annually report on DWI arrests. I think the public should know what happens to drivers who break the law. Are their cases being pleaded down to a lesser charge? Are the cases being dropped?

With computers as advanced as they are, statistics on DWI cases should be easy to report to the people.

Hickory Grove Hopefully the city

will soon be letting bids to demolish the Hickory Grove complex. The state takes forever to process requests, and it puts ev-

▼VERY time I erybody in a hurry up and wait mode. Wish they would just get it done.

Speaking of getting number of people charged it done, why does Il-

linois Route 38 between Rochelle and the DeKalb County line feel like a third world road? West of Rochelle it is nice, but going east can be bone jarring.

Museum

raffle

The Flagg Township Museum is having a raffle. 100 tickets will be sold at \$50 a ticket. First prize is \$1,500!

If \$50 seems a little steep, find a few friends. If five people each put in \$10 they could each win \$300. That would be a nice bonus for Christmas shopping.

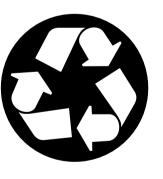

Winners will be drawn Dec. 3, so don't put off buying a ticket. You can get them at the museum or from museum board members, like me.

Hay bales

If you missed seeing the hay bales, check out the window at Hub City Furniture in downtown. I believe all the hay bales are pictured there. I was surprised to see a couple I missed while driving around town.

Speaking of downtown, the old Stone's store at Fourth and Lincoln is currently being remodeled. The building permit in the window lists a custom sign retail shop as a purpose for the remodel.

New holiday traditions

THE first thing that Thanksgiving brings to mind is the homemade feast around which friends and loved ones gather. This holiday has been

"carved out" for making memories and showing appreciation for our time together. Each family celebrates this day differently and one way to celebrate that has burst onto the Thanksgiving scene across the United States in past years is participating in Turkey

The first Turkey Trot took place over 100 years ago in Buffalo, New York. Since then, this feel-good event has grown into a national rite of passage that hosts tens of thousands of people each year.

Thanksgiving Turkey Trots are typically a 5k

race on Thanksgiving morning where runners and walkers alike brave the crisp fall air before most holiday-goers have even dressed the turkey (or themselves for that matter). Rochelle has been no exception to the institution of this new

healthy trend and this year the Rochelle Park District will be fully coordinating The Turkey Trot 5k on Thanksgiving morning.

While we don't believe you need to "earn your meal," or "run off your desert," we do believe in balance as well as taking every opportunity to share some laughs with your loved ones.

In the past, this event has been coordinated by some outstanding members of the Rochelle community who have planned an organized outing with great effort and care. This year will see no change regarding energy put into making this a successful event, but there will be a new route that the race follows. Sign-ins will be

taken at The REC and move through many different areas of town all while remaining safe for participants and motor-**Scott** ists. A complete **Stevens** staff will allow for road crossings to

be manned and accommodate for anyone in need of assistance.

Registration for this all-ages event is \$10 and can be paired upon registration with a long sleeve Turkey Trot t-shirt for \$15 more. All proceeds from this event will go toward the Rochelle Park District's ENGAGE program, which provides financial assistance for families looking to receive memberships to The REC and participate in the programs that the

park district provides. If you or a family you know would like to apply for the ENGAGE program, please do not hesitate to come into The REC or call the park district for more information.

Anybody interested in participating in the Turkey Trot this year may call the Rochelle Park District at (815) 562-7813 or visit our website for online registration.

Happy Holidays!

Why it's important to name names

Scott Reeder

THE No. 1 reason innocent people **L** go to prison is because of government misconduct. That's not just my opin-

ion. It's the view of the National Registry of Exonerations, which catalogs wrongful conviction cases and their underlying causes. The group concluded recently that in 54 percent of cases in which someone was wrongly convicted, it was through willful wrongdoing by police officers or prosecutors.

When I covered Moline City Hall in the 1990s, I met a kind man named Darrel Parker, who was working for the city parks department. He had been wrongly convicted of murder in Nebraska. It took the state of Nebraska more than 60 years to acknowledge its mistake and fully exoner-

But how was he convicted? Police and prosecutors hid evidence pointing to someone else having committed the crime and a professional interrogator coerced a false confession from Parker.

At the time he was wrongly convicted, Parker was a farm kid in his mid 20s who had just graduated from Iowa State University. And when I interviewed him decades later, I was a farmkid in my mid-20s who had just graduated from Iowa State.

I realized that neither my college degrees, my upbringing nor my professional status could protect me – or anyone else -- from police misconduct.

Former Gov. Jim Edgar used to say, "The best disinfectant against corruption is sunshine."

It's incumbent on journalists, citizens and others to hold those in power – including police officers – accountable. And it's never enough to point vaguely at a department or agency and say,

The nature of democracy is to hold individuals, not institutions, accountable.

After all, agencies don't go to prison. But individuals do. Bureaucracies don't have their name on the ballot, but candidates do. And an organization can't be shamed into compliance, but its people sometimes

That's why it's important

to name names.

When 118 people were tortured in its custody, the Chicago Police Department didn't suffer. But Commander Jon Burge did. He was sentenced to four and one-half years in prison and lost his pension. By holding that one man to account an example was set for an entire department.

When I was a Statehouse bureau chief for a chain of Illinois newspapers, a man named Gary Gauger dropped

> by my office. He was wrongly convicted of murdering his parents in rural McHenry County. He served two years on Illinois' death row before his conviction was thrown out. His conviction

"There is a problem over stemmed from false testimony on the part of police officers who investigated the case.

> His tale of wrongful conviction left me speechless. And his is hardly an isolated case. There were 13 innocent men freed from Illinois' death row. Of those 13, 10 were tortured by Burge or those under his command.

During the 33 years I've been a reporter I've uncovered police officers engaged in sexual assaults, theft, physical abuse and wrongful use of deadly force.

How did I find out about these acts of misconduct? Almost always I was tipped off by good officers outraged by what was happening in their department. A good cop has no use for a bad one. And our society has many good officers.

But sometimes police corruption takes a different form. I'm talking about sins of omission rather than commission. When a police officer looks away when someone commits a crime because they are powerful or connected, that is corrupt too.

Everyone is entitled to equal justice under the law.

Our society imbues those who wear a gun and a badge with enormous power. They can take someone's property, take a person's freedom or take someone's life.

With that much power comes responsibility. And with responsibility comes accountability.

If we don't hold them accountable, who will?

LETTERS TO THE EDITOR POLICY

The Rochelle News-Leader encourages responsible letters to the editor on subjects of interest to our readers. Editing may be necessary for space, clarity or to avoid obscenity or libel, but ideas will not be altered. All letters must bear the handwritten signature of the writer and include address and phone number or e-mail address for verification purposes. Neither the street address nor phone number will be printed. Letters should be typed or legibly

handwritten, and no anonymous letters will be published. Any letters from boards or organizations must include at least one name of an individual. Any criticism of public officials should be limited to issues related strictly to their position or actions made in office, as personal attacks will not be published. Letters involving private disputes between the writer and a business will not be published. Political endorsements will be published,

however letters rom candidates endorsing themselves will not be printed. Letters may be dropped at the News-Leader office (211 IL Route 38 East), mailed to the News-Leader (P.O. Box 46, Rochelle, IL 61068) or e-mailed (news@rochellenews-leader.com.) The News-Leader reserves the right to edit or reject any letter to the editor for any reason, and letters chosen for publication do not necessarily reflect the views of this newspaper.

Factors to consider to maintain winter safety

ANY changes are to be Lexpected as fall gives way to winter. Temperatures drop for much of the country, and depending on where one lives, snow, wind and ice are to be expected.

As beautiful as snow-covered landscapes can be, winter presents unique hazards, notably slippery roads and surfaces. Chilly temperatures also can put people at risk if they spend prolonged periods outdoors unprotected.

According to the insurance company Carsurance, more than 156,000 crashes occur annually due to icy roads. Roughly 17 percent of all vehicle crashes happen in winter conditions. Winter hazards are not exclusive to driving, however.

While slippery surfaces may contribute to some accidents, visibility can quickly change with winter weather. Blowing snow can contribute to whiteout conditions. In addition, fog can be hazardous to drivers, aviators and mariners and contributes to thousands of travel accidents every year, advises the National Weather Service. It's important to slow down, leave plenty of distance, use your low-beam headlights, and recognize when it may be safest to pull over, such as when visibility is significantly compromised.

Shoveling snow or using a snowblower are common wintertime activities. Yet strenuous levels of activity in cold temperatures could put people at risk of heart attack, particularly if they are not acclimated to physical activity. Always warm up prior to shoveling snow to prepare the body for exercise. Go slowly and take frequent breaks. Avoid twisting and tossing snow over your shoulder, which can contribute to

Winter weather means turning up the heat or doing more indoor cooking. Carbon monoxide is produced through the burning of fuel in various forms, including stoves, engines, gas ranges, portable generators, and grills. The National Safety Council says carbon monoxide is an odorless, colorless gas that can go undetected as it builds up in enclosed spaces. Never warm up the car inside of a contained garage. Do not use portable flameless chemical heaters indoors, and have furnaces, water heaters and other fuel-burning appliances checked and serviced by a qualified technician annually. Be sure that carbon monoxide alarms are on every floor of the home, and take it seriously if the alarm goes off.

Black ice is a common winter foe. Black ice forms when temperatures rise above freezing during the day, melting any snow on the ground and causing surfaces to become wet. If the temperature drops once more while the ground is wet, a thin, transparent sheet of ice can form. Black ice also may occur if moisture in the air condenses and forms dew or fog, and then the temperature drops below freezing, says the National Weather Service.

Black ice gets its name because it looks black on asphalt roads. However, it also can form on sidewalks and overpasses, or spots shaded by trees or other objects. Slowing down and exercising extreme caution are essential.

Winter is a beautiful season. But it can be just as hazardous as it is awe-inspiring. Taking steps to stay safe in unpredictable conditions is a necessity each winter.

How to make driving in bad weather more safe

MPAIRED visibility can be a safety Lhazard while driving. Everything from sun glare to hail can affect a driver's ability to see the road and navigate it effectively. Before drivers get behind the wheel, they should make note of their local forecast and make a plan for what to do if rain, snow or other conditions make it challenging to drive.

The International Association of Traffic and Safety Sciences indicates that, based on an examination of crash test data conducted by the National Oceanic and Atmospheric Administration, the "likelihood of a crash increases during periods of low visibility, despite the tendency for less traffic and for lower speeds to prevail during these times.

Drivers can take several steps to improve their visibility when driving in poor weather conditions.

Inspect and change windshield wiper blades. Wipers are instrumental in clearing precipitation away from the windshield. If they're not functioning properly, wipers cannot do their jobs. Drivers should replace their wipers at the first indication that they are no longer effective. In some conditions, wipers can freeze or stick. Drivers should then pull over and clean the wipers manually.

Clear obstructions. Always make sure the windshield is clear before driving. This can include

removing ice and snow in the winter and cleaning off mud or bug splatter in the spring and summer. Use the front and rear defrost if condensation fogs up windshields and windows.

Slow down. Foul weather can reduce drivers' ability to see far into the distance. Drivers should always drive slower in inclement weather in order to improve reaction Top off fluids. Always

keep the windshield washer reservoir full and keep extra fluid in the trunk. In addition, look for a fluid that does not freeze in very cold temperatures.

Learn how to drive in fog. Each year, more than 38,700 vehicle crashes occur in fog, states the Federal Highway Administration. Travelers Insurance recommends slowing

down, staying focused and using regular headlights and not high beams when driving in fog.

Go out only if necessary. In snowy or icy conditions, drive only if it's absolutely necessary, as snow and ice can impair visibility and make roads slick, says AAA.

Avoid driving at dusk and dawn. The human eye can have trouble adjusting to rapidly changing light and darkness conditions, which are common at dusk and dawn. If possible, drivers should make trips during the heart of the day, especially if poor lighting conditions typically make it difficult for them to

Drivers can take steps to improve visibility when inclement weather makes roadways hard to navigate.

Students ages 5-11 can now be vaccinated

District 231 Board of Education resolves not to offer local clinic for students

BY JEFF HELFRICH

MANAGING EDITOR

ROCHELLE — Rochelle Elementary School District Superintendent Jason Harper discussed the COVID-19 vaccine recently being approved for 5-11-year-olds at the school board's Tuesday

At the beginning of the month, the CDC recommended 5-11-yearolds receive the vaccine manufactured by Pfizer and BioNTech and the Illinois Department of Public Health adopted the recommendation. The vaccine had previously been approved for people 12 and older.

At its Tuesday meeting, Harper and the district resolved to not offer a clinic for 5-11-year-olds at one of its schools. It has offered free clinics in the past for 12-17-year-old students with the help of the Ogle County Health Department.

The superintendent stressed that now and in the past the vaccine has been 100 percent optional and up to the parents of

Harper said the OCHD can't offer an on-site pediatric vaccine clinic "logistically and for a lot of reasons." The district's only other choice to conduct an on-site free clinic was a third party provider through the state that the district was "less than

Rochelle Elementary School District Superintendent Jason Harper discussed the COVID-19 vaccine recently being approved for 5-11-yearolds at the school board's Tuesday meeting. At the beginning of the month, the CDC recommended 5-11-year-olds receive the vaccine manufactured by Pfizer and BioNTech and the Illinois Department of Public Health adopted the recommendation.

booster clinic for staff of both districts last Friday. Harper was prepared to recommend trying a 5-11-year-old clinic until that experience.

"The clinics run by the OCHD were smooth and efficient last semester," Harper said. "This was not like that. We had staff members waiting for 90 minutes or two hours. It was not good. I worked with the OCHD and Nurse Joelle Builta about other options."

parents who choose to get their 5-11-year-olds vaccinated include the OCHD in Rochelle and Oregon, the DeKalb County Health Department, the Winnebago County Health Department, Meijer grocery store in Sycamore and area Walgreen's not including Rochelle. Local pediatricians may offer the vaccine as well, Harper said.

The superintendent said the OCHD told him it is comfortable with the area's options to meet

demand for the 5-11 population.

"They said the other options meet more family-personalized needs and maybe the more generalized approach isn't the way to go for a pediatric vaccine," Harper said. "We've had some inquiries about this and I want to build this information into parent communications."

Harper told the News-Leader last week that the pediatric vaccine is "one more piece to the puzzle" of this semester's

return to all-day, in-person instruction and the district will support parents regardless of the decision they make.

The OCHD recently provided Harper with guidance regarding the holiday season and COVID-19. Last year, it made a blanket recommendation of an adaptive pause for county schools due to the possibility of increased spread of COVID-19 around the holidays. That won't happen this year, he said.

"The OCHD said it has no intention to do a blanket recommendation for adaptive pauses over the holidays," Harper said. "This is something we're very happy to hear. We want to maximize every day with our students this semester and this year. We understand that things can change from building to building or classroom to classroom. SCHOOL: Board discusses attendance center survey

From page 1

Doyle acknowledged Becerra's comments and said they tie into the district's SEL work.

"It's never been more important than it is now," Doyle said. "Some of the things we've heard tonight, those things are true and they are happening. I was glad to hear Mr. Becerra talk about it."

Becerra is also the co-president of the teacher's union that is currently negotiating with the district on a new contract. Karissa Dobson, a fourth grade dual language immersion teacher at Tilton School, also spoke during public comment and walked the board through an example of her day while working under an expired

Becerra said the union is working with Doyle and feels there's forward progress toward a new contract. Board President Dave Casey thanked both teachers for their comments and their work with students.

"For a lot of our kids, you guys are their safe spot," Casey said. "You're where they get a lot of the love. And thank you for that. I know it's not easy. The board knows it's not easy. From us to you, thank you very much."

School

resource officer

The board unanimously approved an intergovernmental agreement with the City of Rochelle extending its school resource officer program with the Rochelle Police Department until Sept. 1, 2024. The board agreed to pay 33 percent of the SRO's total compensation including salary, overtime, benefits and pension payments.

"We feel it's been a productive program and we're very appreciative of the services we've received from the police department and specifically SRO Jim Jakymiw," Superintendent Jason Harper said. "The city has already approved it."

Attendance

center survey

Lincoln Elementary School Principal Justin Adoph presented the findings of a survey the district did on its new attendance center model put in place this year that sends students to schools based on grade level instead of where they live in the district.

Parents and staff were surveyed. Adolph said responses were 74 percent positive overall and 64 percent positive on district transportation. Some of the negative responses were due to traffic or anxiety due to parents having to pick up children from multiple schools.

"We do have staff on hand to wait for kids if parents have to pick up at multiple buildings," Adolph said. "They described the anxiety of trying to hurry to get to the buildings. That's one thing we want to communicate is that that's not necessary. We're planning on some kids being left for 5-10 minutes while you travel to the buildings."

Communication was rated positive by 80 percent of parents. The district plans to do more district-wide communication going forward to make for less lengthy text chains for parents with kids in different schools due to the new model. Adolph said the overall parent satisfaction was 90 percent.

The staff data's overall satisfaction with the new model was 54 percent and the building comfort level was 57 percent, Adolph said. The survey found staff's biggest needs were **SEL**andmore collaboration

"Collaboration time is a benefit of this model and we're not where we want to be with that yet," Adolph said. "We do have a need for more meeting time and we're working on that. Overall, that's the data. We plan to give this survey again in the spring after we've implemented some things."

HUB Project

HUB Project Director Amy Hayden gave an annual update on the district's extended learning program. She said enrollment has been "steady" and HUB has enjoyed a return to in-person learning. The HUB site changed with the attendance center model and now every student in the district is eligible for the after school

Hayden said that in the past, kindergarten and first grade numbers were smaller, but this year those levels reflect the most HUB students. "Quite a big" group has been coming this year for the morning HUB program, which helps with socialization and SEL skills.

Compensation was recently increased for HUB teachers, paraprofessionals and staff, which "hadn't been done much" over the course of the program's grant. Hayden said the program is preparing for its next five-year cycle and

its funding expires June 30, 2022.

"We've been meeting about what the next steps are," Hayden said. "We're committed to pursuing the next five-year cycle of the grant. We're not eligible for continuation funds this time. We're working our channels at the state to see about a request for

proposal being released and being ready for that. We're working on what we want the after school program to look like for the next five years."

"We had a really nice summer," Thompson said. "Tanner was a leader for us in getting our guys into the weight room and showing up for everything we had this summer. Ryan's made significant strides and he looks like a different player from where he was as a sophomore and where he was last year in terms of his abilities to get to the rim and knock down shots. Adam's been solid all summer handling the ball and Noah had a nice summer shooting the ball. We're hoping we can get Zach back by January so we can have a solid core moving forward."

Hubs building on eight-win season

Rochelle finishes with best record since 2004

BY RUSSELL HODGES

SPORTS EDITOR

ROCHELLE — A tough second-round playoff loss against Chicago (St. Patrick) didn't diminish what the Rochelle Hub varsity football team was able to accomplish this season. After finishing 8-3 overall and placing second in the Interstate 8/Kishwaukee River Blue Division with a 5-1 record, head coach Kyle Kissack and the Hubs are eager to build on this season's achievements.

In a season that featured seven consecutive wins, Rochelle reached the second round of the IHSA Playoffs for the first time since 2017 and compiled its best overall record since 2004. Despite two forfeit victories, Rochelle's offense rushed for nearly 3,000 yards while averaging 32.3 points per game and 269.7 rushing yards per game. The Hubs totaled 41 touchdowns and 205 first downs while converting 79.4 percent (27-of-34) of their fourthdown attempts.

"What I really enjoyed about our group this season was their selfless desire to play for one another," Kissack said. "Our kids made a decision early on during summer camp when we had only 20-something players on the varsity roster and they bought in and sold out for each other. When we look at our season as a whole, our kids succeeded because of their selfless nature.'

The Hubs will return four junior running backs next season including Garrett Gensler (925 yards, 20 touchdowns), Trey Taft (759 yards, six touchdowns), Cody Stover-Cullum (684 yards, 10 touchdowns) and Landon DeLille (291 yards, two touchdowns). Rochelle

will lose some of its senior leaders including quarterback Josh Lloyd (383 total yards, three touchdown passes) and tight end Ethan Wells (one touchdown) as well as linemen Brodie Nantz and Grant Messer.

"We had a number of younger kids playing some significant positions," Kissack said. "We paired those kids with seniors who had two or three years of varsity experience and I thought they really blended well together. We're really going to miss our seniors and the amount of time and energy they invested into shoes won't be easy."

Rochelle's defense held opponents to 21.3 points per game and 211.5 yards

per game. Four Hubs tied for the team lead with 38 tackles including senior linebacker Tanner Lager and senior defensive end Braden Alfano, who will each depart along with senior lineman Marco Castro (18 tackles, one sack, one forced fumble and one fumble recovery). The Hubs will lose two starters in the secondary including safety Josh Lloyd (28 tackles) and corner Nate Burdin (12 tackles).

Rochelle will return several juniors, however, including linemen Jaden Cook (19 tackles, our program. Filling their two sacks) and Bradley Cooney (nine tackles, two sacks) as well as freshman Kaiden Morris (two sacks). Gensler (38 tackles), Stover-Cullum (38 tackles, one forced fumble, one fumble recovery) and Taft (27 tackles) will all return at linebacker, while junior Aidan Rodriguez (17 tackles, one interception, one breakup) could become the team's top cornerback next season.

"Our defense really matured as the season went on," Kissack said. "We spend a lot of time over the summer building on defense and with the number of different looks we see, it's important for our kids to get a lot of reps. We pushed through the first portion of our season and I was impressed with how our defense played and finished the season this year."

Hubs fall short against Sterling

BY RUSSELL HODGES

SPORTS EDITOR

ROCHELLE — The Rochelle Hub varsity bowling team continued its busy opening week of the winter season, hosting the Sterling Golden Warriors in nonconference competition Thursday. Sterling defeated Rochelle 3,259-2,892 and dropped the Hubs to 0-3 on the season.

The Golden Warriors took the first game 1,063-967 behind 223 from Ethan Melcher and 210 from Andrew Doughty. Senior Sergio Guevara fired 234 for the Hubs in the first Oelrichs totaling 185 for a game, while senior Luke 600 series. Odle rolled 200 Orlikowski rolled 163 and sophomore Christian Thorne added 159.

Sterling extended its

lead in the second game, winning 1,098-927 with Doughty shooting 233 and Tristan Oelrichs finishing one pin behind and recording 232. Guevara scored 185 for Rochelle in the second game, with Orlikowski bowling 172 and junior Evin Odle chipping in 168.

The Golden Warriors concluded the three-team sweep with a 1,098-998 victory in the third game. Doughty fired 205 to end the evening with a match-best 648 series, while Melcher recorded 230 for a 609 series and for the Hubs, while senior Devansh Patel bowled 188 and Guevara shot 170 for a team-high 589 series.

HOLLYWOOD — James Bond looks pretty good for a 58 year old. Bond first appeared on May 8, 1963 in the guise of Sean Connery in "To Russia With Love." **Daniel Craig**, 53, the sixth actor to embody Bond, has gotten people back into movie theaters and broken box-office records worldwide with his latest and last film, "No Time to Die." But Craig's fifth and final Bond film leaves him two short of the record holder, Rog**er Moore**, who played 007 seven times between 1973 and 1985. He was preceded by Sean Connery, who gave him life five times from 1963-1983.

As much fun as Bond movies are, the 26 films (not counting the one-off 1967 comedy "Casino Royale," with four male and four female stars playing Bond) won only five Oscars, for visual effects, sound editing and the song "Skyfall," and none for acting. Collectively, the franchise has earned almost \$7 billion globally. The single top-grosser was "Skyfall" (2012), which netted \$1.1 billion. The search for the new Bond has begun. ***

Scarlett Johansson has settled her lawsuit with Disney. Disney had agreed to a 90-day theater run of her film "Black Widow," but started streaming it on Disney+ after 45 days for \$30 a pop. Johansson sued for the 45-day percentage she lost from the streaming move. Disney had assumed her \$20 million payday covered it, but rather than face a lengthy court trial with the entire movie industry waiting for a big payday precedent, they settled out of court and signed a non-disclosure settlement.

Also wanting her day in court is Lisa Renna (wife of Harry Hamlin), former star of "Days of Our Lives," "Melrose Place" and currently "The Real Housewives of Beverly Hills." A photo agency is suing Renna for \$1.2 million for posting eight photos of her-

self with her two adult daughters on her own Instagram page. The agency is suing because, "Once a photograph is posted, People Magazine or US Weekly are less likely to buy it." Copyright laws generally protect writers or images produced through creative effort. It seems absurd that celebrities can't use photographs of themselves taken by others, especially those taken in public without their consent (Renna says, "My kids grew up with them jumping out of the bushes in Malibu"). Still want to be a celebrity?

DC Comics are taking Superman where he's never gone before. Jon Kent, the 17-year-old son of Clark Kent (Superman) and Lois Lane, is coming out as bisexual in the Nov. 9 release in "Superman: Son of Kal-El No. 5, in which he shares a romantic kiss with reporter Jay Nakamura. Proving once again ... "A kiss is NOT just a kiss!"

coming out? Will it be in theaters, and are the original stars a part of it? -- E.S.

"Most Wonderful Time of Year"

. The 1993 comedy about a trio of witches has become a cult classic. Bette Midler, Sarah Jessica Parker and Kathy Najimy starred in the Disney film, and its recent surge in popularity has inspired a sequel. All three stars will be reprising their roles, along with new characters played by Sam Richardson and Tony Hale (both from "Veep") and Hannah Waddingham ("Ted Lasso," "Game of Thrones"). Filming has started, with an anticipated release date in autumn 2022, perhaps just in time for

Q: One of my favorite shows of all time was "Hart to Hart." Stefanie Powers and Robert Wagner were so good together. Were they married to each other in real life? -- D.J.

Halloween. In the meantime, you can watch

the original "Hocus Pocus" on Disney+.

A: "Hart to Hart" was a popular series about two wealthy globetrotting detectives named Jennifer and Jonathan Hart. It aired from 1979-84 and starred Stefanie Powers and Robert Wagner, but they were never a couple off-screen. Wagner was married to actress Natalie Wood and Powers was in an on-again, off-again relationship with actor William Holden.

Tragically, Wood and Holden both died unexpectedly in November 1981 (Wood drowned, and Holden tripped and hit his head). Wagner later wed his current wife, actress Jill St. John. In a fairly recent interview with Fox

Q: When is the "Hocus Pocus" sequel News, Powers said that she still keeps in touch with Wagner and that the two are like "siblings

who really like each other." Ovation TV recently signed a

leal to air reruns of "Hart to Hart" on Wednesday nights beginning Nov. 17. For more information, visit OvationTV.com.

Q: Can you help me? There was a

TV movie in the 1970s or 1980s about a women's football team. I think the lead star had blond hair and worked in a factory. I loved it as a kid, but only saw it that one time. -- G.G.

A: It's most certainly "The Oklahoma City Dolls" (1981) starring Susan Blakely, who played a factory worker who moonlighted as a quarterback. It was a fictionalized script based on a real semi-pro female football team of the same name that was active for three years. SBNation.com called "The Oklahoma

City Dolls" "the best sports film of all time" and showed Blakely the film 40 years after it originally aired before interviewing her. She said that she was a feminist and campaigned for equal rights for women back then. In the film, Blakely's character gets angry when she learns her male co-workers get time off to play on the company's football team, while the women pick up the slack. Their boss said the only way the women could get time off is if they played football, too. His challenge was accepted.

Unfortunately, you can't find the film on cable or any official streaming services, but there is a grainy bootleg copy available on

Twain was editing a newspaper in Missouri, one of his subscribers wrote in, saying that he had found a spider in his newspaper and wondered whether it was a sign of good or bad luck. Twain's

response:
"Finding a spider
is neither good
luck nor bad. The spider was merely looking over our

newspaper to see which merchant was not advertising, so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever

afterward.
