# New state mandates announced

Bearrows, Auman react to mask, vaccine policies

**BY JEFF HELFRICH** MANAGING EDITOR

**ROCHELLE** — Gov. JB Pritzker announced at a Thursday news conference

that masks will be required indoors statewide regardless of vaccination status beginning Monday amid the ongoing surge in the COVID-19 pandemic.

Pritzker also announced that employees in schools and healthcare settings will be required to receive the COVID-19 vaccine starting Sept. 5. Those who are unwilling or unable will be required to get tested for COVID-19 at least once

Rochelle Mayor John Bearrows and Ogle County Health Department Public Administrator Kyle Auman took to Facebook Thursday in a video reacting to the changes.

"We must slow down and stop this spread," Bearrows said. "This mask mandate worked before. As your mayor, I'm asking you to pitch in and make this work again. It's not the end of the world. This

is something we have to do for eachother."

There are no other mitigations currently in place for local businesses besides indoor masking and social distancing. The City of Rochelle has put multiple programs in place to help its businesses with pandemicrelated losses since March

"The Delta variant

spreads like wildfire and we have to slow this up," Bearrows said. "If we don't, then we could certainly see changes down the road that we don't like. As mayor of your city, I can tell you we pumped a lot of money into businesses during the last COVID-19 round. And I don't know if we can afford to do that again."

Auman said the OCHD has seen an upswing in cases over the last couple of weeks. Over the summer it saw 0-2 cases a day. Now it's seeing over 20 cases a day. The positivity rate in Ogle County Thursday was

"We've seen a shift in August in the 21-30-yearold population that was driving our case counts," Auman said. "Just in August, our predominant cases are in the 6-15-year-olds. Younger folks are absolutely spreading the virus. That's our school population. Luckily the mask mandate was put into place. I think we'd be in a lot more difficult of a

situation if we didn't have those mitigations currently in place."

Bearrows praised Ro-

work during the pandemic. "We're very fortunate in a town of 9,500 to have that hospital," Bearrows said. "Let's not abuse it. Let's do our best to slow this thing up. How we get through it is up to us. This can be a bump in the road or an absolute roadblock. Our city, county and our state can't afford

# City manager provides 'Jackpot' update

Business expected to invest over \$130 million, add 150 jobs

**BY JEFF HELFRICH** 

MANAGING EDITOR

**ROCHELLE** — Rochelle City Manager Jeff Fiegenschuh said Friday, Aug. 20 that he's currently hearing that Project Jackpot will announce its intention to open a Rochelle location in November.

The still-anonymous business, which has purchased the former Nippon Sharyo buildings, is said to be making a capital investment of over \$130 million and adding 150 jobs that pay an average of \$52,000 per year before benefits to the area.

Fiegenschuh said he had previously been hopeful that Project Jackpot would have announced by now. Despite delays, he said he's "99.999 percent" confident that the company is coming to Rochelle.

"They kind of keep pushing it back," Fiegenschuh said. "They're coming. If you go out there, you'll see they're taking out concrete floors and putting in new floors. They're doing all kinds of work inside. They are

coming out of Chicago and I can only tell you there's issues with, they don't want to announce because they haven't told their employees. That's all I can tell you. Everybody keeps asking when they're going to announce. When they're good and ready. Right now we're hearing probably in November."

The Lee-Ogle Enterprise zone was amended by the Rochelle City Council and other area members to attract Project Jackpot by adding 10 years of 50 percent abatement, creating a category for companies that make an investment of \$100 million or more plus adding at least 125 new jobs and a pay rate of \$50,000 or more before benefits and maintaining 95 percent employees. There are a total of 12 years of abatement for Project Jackpot's west building. The east building won't be abated

The city also reached a development agreement with Project Jackpot.

"Everything is done," Fiegenschuh said. "They're spending money updating the substation portion. They're coming, they just haven't publicly announced who they are yet. I think there's things

going on behind the scenes at their current plant and they're not ready to announce because it could cause them some labor issues or other things there."

Fiegenschuh said the city has invested a "significant" amount in attracting Project Jackpot in terms of incentive dollars and staff hours. Infrastructure like the current substation project going on next to the Project Jackpot site has also been put into place.

"I wouldn't have gone to my mayor and council and said we should make this investment if [Economic Development Director Jason Anderson]

and I weren't confident they're coming," Fiegen-

schuh said. High-paying jobs top Fiegenschuh's list of why he wants Project Jackpot in town. The business will be a top-10 Rochelle Municipal Utilities wastewater and water user and its top electric user. He said that will keep electric

rates stable for residents. "I think it's going to be great for the community and the investment we're making will be paid off in less than eight years based on their usage," Fiegenschuh said.

# RACF announces Berg-Burkholder Family Fund

**ROCHELLE**—"It feels good to give back, it's a very humbling experience."

These words were spoken by Dennis Berg, better known as "Bergy" here in the Rochelle community. You see, Dennis "Bergy" and Avis Berg, in partnership with Bob Burkholder, recently established the Berg-Burkholder Family Fund at the Rochelle Area Community Foundation (RACF).

Bob and Bergy came together to create this fund in honor of Bob's wife and Bergy's sister, Donna, who passed away in July of 2014 due to ALS, and Bob and Donna's two sons, Andrew and Jarrett, whose lives were also tragically cut short in a car accident 18 years ago.

The Berg-Burkholder Family Fund will focus on youth in the Rochelle area. Donna fueled her passion for youth by teaching in Aurora. Her vibrant personality commanded attention by those who were in her

resence.

Bob and Donna were blessed to have two wonderful sons who excelled in school. They were hardworking young men who had a bright future ahead of them. Despite the loss of their sons, Bob and Donna turned their heartache into something positive – they honored Andrew and Jarrett by providing scholarships to their classmates at Kaneland High School.

As Donna's brother and Andrew and Jarrett's uncle, combining forces with his brother-in-law, Bob, to create this fund was the perfect way to celebrate the lives of Donna, Andrew, and Jarrett.

Bergy and Avis are lifelong residents of Rochelle and are pillars in the community. They have always given an annual gift to RACF, but they felt compelled to do more.

"Avis and I wanted to give back to the community that has blessed us over the years," Bergy said. "We have been fortunate to have success and we want to share this with our community. I have been on the Rochelle Area Community Foundation board for over four years and I have seen firsthand the difference this organization makes. Avis and I wanted to be a part of that legacy."

The Berg-Burkholder Family Fund is a charitable donor advised fund where designated advisors will have the opportunity to annually recommend community needs grants to projects and programs that support youth.

If you would like to get involved in the community, learn more about the Rochelle Area Community Foundation or are interested in making a gift, please call Emily Anaya, Executive Director at 815-561-3600 or emaildirector@rochellefoundation.org.

RACF is here to offer those with a philanthropic heart a simple way to make a positive difference in the community.

Talks between Project Jackpot and the city began in late 2019 following the company's purchase of the Nippon Sharyo buildings. Fiegenschuh hopes all the

work done since will come to fruition soon and the public will get the answers it's been looking for.

"The economic impact, when they come out of the enterprise zone, the amount of property taxes they're going to be pay-

# City officials lobbying for Route 251 improvements

'We have a section of roadway out there that we know is failing'

MANAGING EDITOR **ROCHELLE** — In

2004, The City of Rochelle sent a letter to the Illinois Department of Transportation requesting it look at improvements to Illinois Route 251 through the north side of town.

Those requests included urbanizing that section and putting in curb and gutter, new pavement, pedestrian paths and traffic signals. At that point, the state said they'd do it and put it on their multi-year plan, City Engineer Sam Tesreau said. The multiyear plan is put together every five years and various projects are evaluated for things like funding.

"Long story short, it's been on their multi-year plan now for about 17 years," Tesreau said. "But it is part of the plan. Over those years, we've had a lot of discussions with the state about accelerating the project and trying to push forward with the funding, but sometimes it's a very political situation where funds are going to be distributed."

Phase one of the project was completed in 2009 at the intersection of Flagg Road and Illinois Route 251. That went from the Illinois Route 251 bridge down to Fairview Drive. There was a series of public meetings about the full project in 2008 that Tesreau said were "really positive" and he felt things were trending forward.

"Then it just got shelved," Tesreau said. "The more we asked, it was always funding, funding, funding. Most recently though in the past month, I know the state has engaged a consultant to start looking at the section again and finish up design plans. How long that will take, I'm not quite sure.

They haven't let us know. I'm hopeful within the next two years we could probably see construction. But I also know it's taken this long to happen."

The area the city wants reconstructed is from Fairview Drive where the original Illinois Route 251 project left off to just south of the intersection with Illinois Route 38 along with a section of Illinois Route 38 to the east just past Lincoln Highway, Tesreau said.

Tesreau believes construction would take "a little over a year" to complete. There are some things the city would be responsible for such as street lighting, utility adjustments, pedestrian pass and a small portion of signalization upgrades. He said the city is ready to do that.

The city and state have an intergovernmental agreement for mainte-

nance of the road that includes pavement striping and minor pothole patching. What Illinois 251 needs goes "well beyond" maintenance, Tesreau said.

"Our frustration as a city is we have a section of roadway out there that we know is failing," Tesreau said. "This section of the roadway has in fact gotten to that point where it needs

to be fully reconstructed. It needs to be widened out to five lanes including the bi-directional lane down the middle."

# The Spark Shop coming to Rochelle this fall

Collaborative effort to serve as retail incubator for small business owners

BY JEFF HELFRICH MANAGING EDITOR

**ROCHELLE** - The Rochelle Chamber of Commerce, Rochelle Retail Advisory Board and the City of Rochelle announced plans last week for The Spark Shop.

The collaboration is planned to be a retail incubator for local small business owners and will be housed in the historic filling station building downtown. The Spark Shop is for businesses that are currently home-based but are looking to someday have their own brick and mortar location. About 10-12 vendors will be in the space at a time selling merchandise on a quarterly

"We want to make sure we're the ones fostering that growth," Rochelle Chamber of Commerce Executive Director Tricia Herrera said. "We know that Rochelle downtown and as a business community is great. You just want to help other people know that too. The biggest question I get at the chamber from small businesses is 'How do I start?' Where do I start and what do I do?' We just want to make that's a little more accessible to everybody."

Small business owners

will also be meeting with an advisor with the Small **Business** Development Center from Waubonsee and Kishwaukee Community Colleges to further help them graduate into the region.

Herrera said the advisor can help business owners with business plans and what they want to do. It will be available to those that are in all phases of

"Maybe they've already thought of a business plan and what they want to do," Herrera said. "Maybe they have absolutely no idea where to start. He's going to show them where to start and how to find funding. He has access to grants and stuff that can really help these types of businesses.'

The idea of The Spark Shop is to take a following from a vendor there and turn it into a brick and mortar location for downtown shopping. The city, chamber and retail advisory board want all the downtown storefronts filled with gift stores and things to attract people to the downtown.

Rochelle City Councilwoman Kate Shaw-Dickey said the idea started almost two years ago as a true business incubator where businesses can come in and

have a governing board oversee them and steer them in the right direction. After touring other towns' incubators, something on a smaller scale was necessary for Rochelle.

"We kind of morphed that into this cooperative to be able to work with several at one time as opposed to one at a time," Shaw-Dickey said. "It lends something to the downtown as well. Help small businesses in Rochelle and still be kind of an attraction for people who are coming in."

The Spark Shop plans to open sometime this fall. Around 25 people have already reached out about getting their products into the space, Herrera said. She hopes to get a couple of "staple" vendors to get people in the door where they'll see other offerings. Products could include candles, signs, tumbler cups, clothing, sweet treats

Herrera believes Rochelle has "a great amount" of businesses that would be good for The Spark Shop. A lot of those would include the vendors that participate in craft markets that are held at Kennay Farms Distilling and The Cypress House.

# **SPARK:** Retail shop scheduled to open this fall

From page 3

"We always hear Rochelle needs more retail," Herrera said. "I think that's where this was, 'Here's a way to do that.' All the way back 5-6 years ago, it was more retail and Rochelle needs to address more quality of life issues. This is it. We want people to be able to run downtown Rochelle and pick up a birthday gift on a Saturday and not have to drive."

The Spark Shop could also allow vendors to network and maybe team up to start a storefront if they can't do it on their own, Shaw-Dickey said. Some smaller vendors in town already sell products at larger businesses.

The pandemic and a lack of resources available to be put towards the project had it in a holding pattern before recent months.

"We're just excited to get this going," Herrera said. "The city, the chamber and the Retail Advisory Board love small business and this is our best way to help a small business."

## Missing mowing the lawn

never thought I would miss mowing my lawn. With the lack of rainfall, it has not grown very

much except around my vegetable garden and over the septic field. I hate to haul the mower out for those two areas though, so right now I have a vard with some

green but mostly yellow or brown grass. It bothers me.

At the same time, I think water is too precious to use for keeping my grass green, no matter how much better it looks

Speaking of green, I love the canna flowers in the planter on Lincoln and Fourth in Rochelle. They are amazing. The hanging baskets look good too. To me that is a good use of water... making the downtown look great!

### Starbucks

It looks like Rochelle is really on the map!

Starbucks is coming to town! We heard that rumor several months ago and asked a couple of people connected to the city about it. They knew nothing, which is in line with the policy of not revealing projects ahead of their start. I do love Star-

bucks. I know, it is an expensive cup of coffee, but it is good. A few years ago I

even bought stock in the company because the stores seem to be everywhere in Chicago and they are always busy.

Now I have a problem. I visit Cypress House often for a coffee...usually a vanilla iced latte during the summer. I enjoy the atmosphere there, the people, and the product. So even though I like Starbucks, the girls at Cypress House will still get the bulk of my coffee business.

### Weather

app

I can't overstate the value of a weather radio or a weather app on your phone. It seems storm

warnings have been posted a lot this summer. Having a way to receive these alerts can be the difference between life and

Terry

death.

### Heritage festival

I enjoyed the scaled down Heritage Festival. Yes it was hot, and there didn't seem to be as many cars or booths, but it was nice to get

I always enjoy looking at the cars and dreaming of owning a car from the early 1920s. I can picture myself driving around town, white silk scarf loosely wrapped around my neck, the wind blowing in what's left of my hair.

It's always nice to be able to visit the object of your dreams, isn't it?

# Family's pain remains fresh

S Americans fled Kabul and desperate Afghans sought to follow, Jerry and Brett Young stood in the yard of their rural Rochester home Friday and remembered their boy who never got to see his 26th birthday.

"He loved to skateboard when he was younger. And he loved all kinds of music. He especially liked jazz, the blues and hard rock,' Brett recalled of her son Chad.

His father Jerry pointed to two road signs hanging on a nearby shed.

One designated a portion of Illinois 4 as the "Cpl. James 'Chad' Young Memorial Highway." Another recognized him as a 2003 Glenwood High School graduate killed in that distant land.

This nation honors its war dead, as well it should. I admire the willingness of our servicemen and women to sacrifice for this great nation. But I'm left wondering if our nation is too willing to send men and women into harms' way.

I'm not a pacifist but I find myself often skeptical of our government's intentions.

Jimmy Carter, perhaps the best person to be president in my lifetime, annoyed many when he said the U.S. is the most warlike nation in history. That's a tough pill to swallow. But it's worth noting that of the 245 years the nation has existed, we have been at war 226 years.

A Brown University study found that since 9/11 the U.S. has spent more than \$6.4 trillion on military actions in the Middle

Think how many schools, highways, bridges and parks could have been created with that money.

Of course, those figures understate the cost of war. For families such as the Youngs, the cost has been immeasurable. Tears still flow freely 11 years after his death. And his was one of nearly

7,000 American service men and women killed in Iraq and Afghanistan. At least 801,000 peo-

ple have been killed by direct war violence in Iraq, Afghanistan, Syria, Yemen and Pakistan. Many were civil-

"You know all politicians lie," Jerry Young said. "They will say things that aren't true or they will vote for something they really don't believe in because someone did them a favor."

**Scott Reeder** 

While he had a strong opinion about the integrity, or the lack of it, exhibited by our elected officials, his opinion on the Afghanistan war is muted.

"I really don't have an opinion on what is happening over there other than its sad. It's like when Osama Bin Laden was killed, some reporter called and wanted our opinion. What are we supposed to say? We are glad he's dead?"

For Rock Island native Tyler Carroll, the war was almost half his lifetime ago. The 41-yearold, was one of the first soldiers to fight in Afghanistan after 9/11.

"I had friends killed over there and I know others who were badly wounded. And others came home with mental issues," he said.

The Afghanistan war is the longest in U.S. history.

"It's not affecting me as much as others," Carroll said. "It was so long ago for me. Was it worth it? Well, our initial mission was to destroy Al Oaeda and make sure the Taliban was not in control. Al Qaeda was dam-

aged, Osama Bin Laden has been killed but the Taliban is back in control. Perhaps they weren't ready for democracy. But many of the people we interacted with there seemed to want it.'

Democracy runs in Carroll's blood. He's a scion of a Quad-City political dynasty. His grandpa is former state Sen. Denny Jacobs, his great grandfather was state Rep. Oral Jacobs and his uncle is former state Sen. Mike Jacobs.

Still, he is skeptical whether the U.S. should impose democracy on other nations.

One shouldn't be surprised. Most wars end in ambiguity. We honor the abstract causes for which men and women fought -freedom, patriotism, service -- but we can also question the wisdom of policies that deployed them into harm's way.

When I was a child in the 1970s, I didn't think much about war. I was in 4th grade when Saigon fell in April of 1975. Not long after that, I was

canoeing down a river with my parents and we met another family paddling downstream -- a husband, wife and two little girls.

The man in the other canoe had no legs. For the rest of the trip my

mother was quiet and contem-

plative. Finally, I asked her, "Why doesn't that man have any legs?" Her voice cracked and she

said, "He lost them in that awful, awful war. We should never have been there.' Last week, when I saw the

hurt in Chad Young's parent's eyes and heard the reports from Kabul, I couldn't help but think the same thing.

### LETTERS TO THE EDITOR POLICY

The Rochelle News-Leader encourages responsible letters to the editor on subjects of interest to our readers. Editing may be necessary for space, clarity or to avoid obscenity or libel, but ideas will not be altered. All letters must bear the handwritten signature of the writer and include address and phone number or e-mail address for verification purposes. Neither the street address nor phone number will be printed. Letters should be typed or legibly

handwritten, and no anonymous letters will be published. Any letters from boards or organizations must include at least one name of an individual. Any criticism of public officials should be limited to issues related strictly to their position or actions made in office, as personal attacks will not be published. Letters involving private disputes between the writer and a business will not be published. Political endorsements will be published,

however letters rom candidates endorsing themselves will not be printed. Letters may be dropped at the News-Leader office (211 IL Route 38 East), mailed to the News-Leader (P.O. Box 46, Rochelle, IL 61068) or e-mailed (news@rochellenews-leader.com.) The News-Leader reserves the right to edit or reject any letter to the editor for any reason, and letters chosen for publication do not necessarily reflect the views of this newspaper.

# 10 gifts for automotive enthusiasts

THE roar of the engine and the feeling of the wind in your hair is part of the magic of taking to the open road behind the wheel of a beloved vehicle. Whether a person is the ultimate gear head who needs to have the latest aftermarket accessory or someone who simply appreciates a pristine ride, auto enthusiasts come in all shapes and sizes. Luckily, there are all types of automotive gifts that can make it easy to impress car guys and gals this holiday season. Dashboard cell phone

holder: Using a mobile phone while driving is not a good idea. However, many people use their phones as GPS devices. Holding a phone while navigating is dangerous, but a phone mount near the dash can keep the phone visible without compromising the safety of drivers and their passengers.

Customized floor mats: Know an auto fanatic who's also a sports fan? Offer a gift that mixes the two passions, such as floor mats featuring a favorite sports team's logo.

Cleansing wipes: When drivers are short on time, a full car wash and wax may not be possible. Drop Wipes are a product made from a neutralizing acid that destabilizes stains or bird droppings for an easy cleaning.

Magazine subscription: A wide selection of publications are geared to auto enthusiasts. They provide plenty of pertinent information, and some car lovers like to collect and display certain issues. Yearly subscriptions are affordable and can make ideal stocking stuffers.

Racing experience gift certificate: Research racing car schools and experiences where you live. Chances are you can find an opportunity for an automotive enthusiast to get behind the wheel of a race car with professional drivers offering tips for navigating the course at high speeds.

Car cleaning kit: Taking care of a ride means making sure it is clean inside and out. A quality

car cleaning kit can ensure the job is done effectively and the car or truck always looks its best.

Personalized leather keychain: Ensure that a person can drive and keep their keys handy in style with leather keychains engraved with a driver's name or initials.

Racing video games: A love for the open road may not end when cars pull into the driveway. Modern racing games and consoles produce incredibly realistic graphics and action that mimics real life.

Automotive cufflinks:

As a nod to a love of driving, find quirky cufflinks that are shaped like everything from gear shifters to speedometers to steering wheels.

# How to shop for an insurance policy

insurance for a variety of reasons. Insurance provides a safety net when accidents or injuries occur, and the right insurance policy can help policy holders make it through such instances as smoothly as possible. Television commer-

cials promoting insurance companies often tout low rates, but shopping for the right insurance policy is about more than finding the lowest rates. The following are some tips consumers can consider as they shop for insurance policies.

Research ratings. Various groups rate insurance companies based on everything from the usefulness of their websites to how satisfied their customers are with the claims process. J.D. Power conducts surveys of customer satisfaction and product quality for various industries, including insurance. The results of those surveys can be found at www. jdpower.com and can provide valuable insight into insurance providers, giving prospective policy holders a good idea of how their interactions with an assortment of

agencies may go. Emphasize customer service. Customer service reputation should bear considerable weight when shopping for an insurance policy. Many policy holders want readily available access to a human being when they have an insurance question or need to submit a

claim. When shopping for policies and seeking estimates, take note of how easy or difficult it is to speak with an agent at each company. Is the quotes process entirely automated, or is an agent walking you through the estimate and carefully explaining each component of the policy? Rating agencies rank companies based on customer service offerings, and those ratings should not be overlooked.

Seek recommenda-

tions. Word-of-mouth can go a long way toward finding the right insurance provider. Ask friends or relatives which companies hold their policies and how easy or difficult it's been for them to file claims in the past. Google reviews and other online review boards also can be great resources to see how existing or past policy holders feel about a given provider. Pay attention to how quickly claims are settled and paid out, as policy holders, in most instances, should not have to wait months or years to be reimbursed for costs

covered by their policies. Avoid being fixated on cost. Cost is a significant consideration when shopping for insurance policies, especially costly policies like homeowners and auto insurance. But cost should not be the deciding factor. A company that offers especially low rates may only do so because it offers very limited coverage, while a more expensive policy

may provide more extensive coverage that helps policy holders make it through accidents or injuries with their savings intact. Carefully read estimates to determine how much coverage you will be getting with each policy.

Adults need insurance and have many options at their disposal. Finding the right fit requires careful consideration of a host of factors.

# Rochelle leaders looking for daycare answers

May Elementary School building could be off the table as potential option

BY JEFF HELFRICH

MANAGING EDITOR

**ROCHELLE** — Rochelle City Manager Jeff Fiegenschuh said Friday, Aug. 20 that the city has "hit a brick wall everywhere we've turned" in efforts to help get a daycare facility back in town after Kishwaukee Family YMCA Child Care Center at 1010 N. 15th St. closed last year.

Rochelle Mayor John Bearrows said earlier this summer that the city, with the help of Rochelle Township High School District 212, was endeavoring to utilize part of May School as a possible daycare facility with an outside director after attempts to purchase and utilize the YMCA building did not come to fruition.

Fiegenschuh said a longer term lease at May School wouldn't be possible in case the school district needed the building

"What happens if they want to bring kids back into that school and they need the school back?" Fiegenschuh said. "What do you do with the daycare center if it's successful? I think May School is off the table. I don't know. Maybe, maybe not. Maybe we'll revisit it."

Even if May School was back on the table, there was a \$50,000-60,000 a year expense for property taxes and lease and utility payments that would have to be paid for, Fiegenschuh said. That doesn't include payroll. He said daycare centers are very payroll

"It's an expensive endeavor and who's going to pay for that?" Fiegenschuh said. "If we could go out and raise \$300,000-400,000 to cover building expenses, great. But that only covers you for 5-6 years. Long-term, how do

you pay for it? I don't know. There's no easy answer. I just know the city shouldn't be paying for everything. I don't have a problem with helping, but it shouldn't be all on our back."

Fiegenschuh said the city has had "a lot" of meetings related to getting a daycare back in town and a lot of staff time has been spent on it. A current idea is trying to start up a 501c3 nonprofit to take it on.

He said people would be more likely to help with a nonprofit because of tax

"I really hope we look at starting a not for profit and let them go out and fundraise for it," Fiegenschuh said. "Maybe the city can be part of that. And try to find a location. It would be nice if we could find somebody to run it and they could use the old YMCA

selling its building, but the city council isn't going to spend the money it takes to buy it.

The way the building is set up, Fiegenschuh is unsure what else it could be used for.

"At the end of the day, I don't want to commit the city financially in perpetuity to running a daycare," Fiegenschuh said. "We weren't running it before and it's not really our job to run it now."

Fiegenschuh recognized the need for a daycare in town and said he can't imagine the stress residents are going through trying to find somebody to watch their kids while they're at

There is a core group of about nine people involved in the efforts to bring a daycare back to town including Fiegenschuh, Bearrows, city staff, representatives from out of town that have run daycare centers, people

from the Rochelle Area Community Foundation and volunteers in town.

"It's not like people who want a daycare center are actively giving us ideas on how to get this done," Fiegenschuh said. "We've been talking about this for the past year and it just seems everywhere we turn it's just another hurdle to jump. We don't want to give up, but nine people trying to solve this is not enough."

The signals need to be improved, the drainage needs to be improved. It's something we've been discussing now for a number of years and we just feel it needs to be done."

Tesreau said he hopes some of the new funds the federal government has released will trickle down to the state and some movement will be seen on the project. City Manager Jeff Fiegenschuh said starting this week the city will be having quarterly meetings with IDOT about Illinois Route 251.

He called the potential project a high priority and wanted the meetings to keep the state on track. Getting Illinois 251 reconstructed is one the city's "bigger" lobbying efforts.

"People who think we can just fix it, we can't," Fiegenschuh said. "We have no jurisdiction over that route whatsoever. They maintain it, they plow it, it's their route. The road is in horrible shape."

Tesreau said the city has fielded "multiple" citizen complaints about the road. He thinks if residents made enough complaints to the state and contacted local legislators that it could help move the situation along.

The city engineer called the roadway's maintenance over the years "band-aided together."

"There's only so long you can band-aid things before you have a complete failure of that facility," Tesreau said. "In

my opinion, that's what we're going to be looking at along certain sections."

Rochelle's recent changes to the targeted area around Illinois Route 251 including The REC Center, a planned Starbucks location and future development of the Hickory Grove site would benefit from improvements to

"It's not just a roadway for the motoring public," Tesreau said. "But it's also the gateway into our community. And we have

Rochelle records eight rushing touchdowns in 60-22 win over Blue Streaks

BY RUSSELL HODGES SPORTS EDITOR

**WOODSTOCK**—As the temperature hovered around 90 degrees Friday evening, the Rochelle Hub varsity football team enjoyed a sizzling hot start to the fall season, torching the Woodstock Blue Streaks with eight rushing touchdowns and over 400 yards of offense in a 60-22 victory. Rochelle (1-0) will host Herscher for its first

home contest of the season

on Friday, Sept. 3.

Woodstock struggled out of the gate, committing an intentional grounding penalty in the end zone on its second play from scrimmage to net a safety for the Hubs. Rochelle cashed in on its first offensive possession, with junior Garrett Gensler scoring the first of his team-high four rushing touchdowns on a 2-yard run. Gensler led Rochelle with 126 total yards in the

"We knew we were tough and we showed that tonight,"Gensler said. "We ran the ball down their throats and they couldn't stop us. I thought we got off the ball really well tonight and the blocking up front

was great. We had huge holes and we were reaching the second level. We have a small group this year, but we're sticking together and we want to make a playoff run."

Quarterback Liam Mickle carried the load for the Woodstock offense, finishing with 198 total yards and three touchdowns. With the Blue Streaks trailing 10-0 in the first quarter, Mickle marched Woodstock down the field, ultimately connecting with Sean Ryan on a 5-yard touchdown pass. Rochelle answered right back, though, wrapping up a brief scoring drive with a 4-yard touchdown run from Gensler on the team's first offensive snap of the second quarter.

Mickle needed only two passes to find his second touchdown of the evening. After hitting Jared Kniola for a 31-yard strike, Mickle linked up with Caden Monti down the sideline for a 30yard touchdown pass to make it a 16-14 game. But Woodstock had no answer for the Rochelle offense, which compiled 415 yards of total offense and 381 rushing yards in the win.

# Lady Hubs take road matchup over Belvidere

Rochelle leads Rockford Lutheran in rain-shortened season opener

**BELVIDERE** — Seniors will be all over the court for the Rochelle Lady Hub varsity tennis team this season. That experience and leadership showed on Thursday, when the Rochelle netters took down Belvidere 4-1 in nonconference action for the team's second victory of the fall.

The Lady Hubs swept all three varsity doubles matches, with seniors Jordin Dickey and MeLisa Young teaming up to beat Cassandra Cortez and Citlali Vilchis 6-0, 6-1 at No. 1 doubles. Seniors Ella McKinney and Ashley Knight defeated Kate Hulstedt and Nikki Cortez 6-0, 6-1 at No. 3 doubles to extend Rochelle's lead. Seniors Josie Lundquist and Megan Thompson sealed the sweep soon after, besting Jenny Espinoza and Teresa Madera 6-4, 6-1 at No. 2 doubles.

"It felt good to get two wins this week," Dickey said. "We're already playing well as a team and we're seeing a lot of success already. I'm hoping that [MeLisa] and I can qualify for state and compete in the state tour-

nament this year. I think

we can do that if I improve my serves and we improve our forehand shots. It hurts losing two great players in Sawyer [McGee] and Sylvia [Hasz] but we have a really strong senior class and I think we'll still do really well this season."

# Harrington leads Hubs in matchup with Morris

Ohlinger fires low team score during road contest against Ottawa

BY RUSSELL HODGES

ROCHELLE — Junior Damen Harrington stepped up for the shorthanded Rochelle varsity golf team on Wednesday, when Morris faced off with the Hubs at Fairways Golf Course in an Interstate 8 Conference matchup. Harrington led Rochelle with 46, but the Redskins won 177-220 over the Hubs, who were without their No. 1 varsity starter in Griffin Ohlinger.

"It's a struggle with our limited numbers right now but our top four players know they have to carry the load for us," head coach Glen Mehrings said. "They know their scores are always going to count and they're more mature mentally than they were last year... We don't have a fifth or sixth varsity golfer right now, but we have some JV players who are working on their skills."

working on their skills."
Harrington started his round strong, carding a birdie on the second hole and making a few pars during the afternoon. Senior Rowan Williams added 52 for the Hubs against Morris, while sophomore Cale Workman totaled 60. Junior Wade Smith rounded out the lineup with 62. Rochelle (0-4) will travel to compete in

the Geneseo Invitational over the weekend.

"Damen struggled with some crooked numbers on holes during the first week of the season, but he's a lot tougher mentally and he's gaining a lot of experience," Mehrings said. "Damen's not a player who shoots in the 50s. Damen can shoot in the 42-to-45 range and it was a positive for us to see him finish around his scoring range today. I'm proud he was able to bounce back."

### Ottawa

Rochelle continued its Interstate 8 Conference scheduled with a road match against Ottawa on Thursday, falling 141-207 and moving to 0-5 on the season. Junior Griffin Ohlinger returned to the varsity lineup, leading Rochelle with 39 while junior Damen Harrington added 46.

"Griffin's very competitive and he expects a lot out of himself," Mehrings said. "But he's very humble and he knows he can break 80 for 18 holes every time he's out there. I think he knows how to put together a really good round and it's been nice to see that early in the season. I think Griffin will make a strong push for All-Conference as well as the postseason this year."

### HUBS: Rochelle hosts Herscher next Friday at 7 p.m.

From page 1

Gensler's third rushing touchdown of the night, from 3 yards away, helped put the Hubs ahead 24-14.

"We came out strong and we stacked a lot of days on the practice field over the summer," senior center Brodie Nantz said. "That's what Rochelle football is supposed to look like. We controlled the clock, scored a lot of points and ran the ball down their throats. Winning our first game, especially on the road, is huge for confidence, especially for the rest of the season."

The Hub defense stepped up with a stop late in the second quarter, forcing Woodstock to punt before taking the ball over and scoring once again, this time on a

5-yard rush from junior Trey Taft. Rochelle led 32-14 at halftime, but Woodstock briefly gained momentum in the third quarter, recovering an onside kick and scoring soon after on Mickle's 16-yard touchdown run.

yard touchdown run.

Those were the last points the Blue Streaks would earn, however, with the Hubs sealing their victory behind 28 unanswered

points over the third and fourth quarters. Woodstock's second onside-kick attempt failed, resulting in a 23-yard rush from Taft and a 30-yard rush from Gensler that saw him reach the end zone for the fourth time. Junior Cody Stover-Cullum scored on a 5-yard touchdown run, helping increase Rochelle's lead to 46-22 after three quarters.

"Our backs were running hard and we were finishing our blocks up front all night," Nantz said. "We were on top of their defenders after every play. We have a good group this year. There aren't many of us, but everybody who's out here wants to be here and we have a lot of heart."

have a lot of heart."

Junior Landon DeLille scored both of Rochelle's

touchdowns in the fourth quarter, with his first coming on a 3-yard rush and his second on a 40-yard burst down the right sideline to cap off a 97-yard rushing performance on Friday. Junior Jaden Cook and senior Marco Castro each recorded sacks for the Hub defense, while senior Tanner Lager totaled a team-high six tackles.

HOLLYWOOD — British actor Rege-Jean Page made a splash in Shondra Rhimes' Netflix series "Bridgerton" on Christmas night of 2020. He became an overnight sensation. Fans of the show were shocked when he announced he'd be leaving the series after the first season. When he hosted "Saturday Night Live," he confirmed he'd left the show. Netflix knew what they had and immediately signed him to star in the \$200 million film "The Gray Man," opposite Ana de Armas, Chris Evans and Ryan Gosling, expected to be released for streaming next year. Then Paramount Pictures cast him opposite Chris Pine and Michelle Rodriguez in "Dungeons & Dragons" (due March 3, 2023). Paramount was so impressed with

him that they've handed Rege-Jean the plum title role of "The Saint" in the reboot of the 1962 British series that starred **Roger Moore**, a future James Bond (1962-69), then **Ian Ogilvy** in "The Return of the Saint" (1978-79) and finally **Val Kilmer** in the 1997 theatrical film, which flopped.

Paramount Pictures is in a dangerous place. They agreed to release "A Quiet Place 2" for 90 days into theaters after "A Quiet Place" grossed \$350 million. But then they decided to cut the time in theaters in half so they could boost their Paramount+ downloading platform. Producers John Krasinski and Michael Bay, plus its star, Emily Blunt, were poised to receive a big bonus from the theatrical release, and they now are demanding that Paramount make up the monies they've lost due to the shortened release in theaters. Stars such as Tom Cruise and Mark Wahlberg are watching closely to see what Paramount will do, since both of them have major film releases upcoming through that studio. What Paramount does could affect the entire industry and some or all of the stream-

Rege-Jean Page in "Bridgerton"

Meanwhile, MGM has been accused by director **Andrew Levitas** of trying to bury his film "Minamata" because of the personal negative baggage of its star, **Johnny Depp**. The film was acquired last fall after MGM relaunched American International Pictures (the studio that gave us the "Beach Party" movies with **Frankie Avalon** and **Annette Funicello** in the 1960s). This comes on the heels of Warner Brothers asking Depp to resign from his role of Grindelwald in the Harry Potter spinoff franchise "Fantastic Beasts."

Depp's messy divorce and battles with Amber Heard have been sensational tabloid fodder, which caused his last film, "Waiting for the Barbarians," co-starring Robert Pattinson and Mark Rylance, to tank at the box office with an embarrassing \$761,361 gross. MGM is not the powerful studio they were in their heyday and want no part of the public relations nightmare that could go with releasing this film or the hassles of dealing with Johnny Depp's woes! "#21 Dump Street!"

# Orozco leads Hubs over Aurora Christian

### Senior forward nets four goals in 6-1 victory at War on 34 tournament

BY RUSSELL HODGES

SPORTS EDITOR

EARLVILLE — Hub senior Josue Orozco has high expectations for his final high school season with the Rochelle varsity soccer team. The talented forward opened his senior season with a tremendous offensive performance on Wednesday, scoring four goals including two in each half to lead Rochelle over

Aurora Christian 6-1 in the first round of the War on 34 Championship.

Taking the field for the first time in nearly two years, Orozco broke the first-round match open during the 13th minute, finessing his way around the Aurora Christian defense and rolling a rightfooted ball into the net to put the Hubs ahead 1-0. Orozco capitalized on another scoring chance shortly after, sending a left-footed

free kick over the Eagle defensive wall and bending the ball into the back of the goal, giving Rochelle a 2-0 advantage during the 15th

"It feels good to be back," Orozco said. "I've been working hard during practice and I'm giving everything I have. We want to make it back to the regional finals, but we need to stick together and work hard every day. I want to score more goals than any player in RTHS history."

Some miscommunication on defense hurt the Hubs during the 20th minute, when Aurora Christian netted its first goal of the match to make it a 2-1 contest. Rochelle responded with plenty of pressure on offense, though, resulting in an own goal by the Eagles during the 28th minute that was credited to Hub midfielder Diego Cincire. Leading 3-1, Rochelle surged ahead in the 34th minute, when sophomore Eli Luxton booted in a penalty kick after a foul in the box.

Orozco claimed both of the Rochelle goals during the second half, scoring in the 41st and 45th minutes on assists from Luxton and junior Christian Harding. Junior Jarret Milan recorded four saves for the Hubs (1-0), who will play for the tournament championship on Saturday.

"We wanted to start fast and we were on them from the first touch," senior defender Bryce Whitehead said. "We've been doing a lot of conditioning during practice and it's been tough, but our conditioning is paying off. We're a younger team this season, but we have players back who are doing a lot for us. We want to go as hard as we can and win every game we play."

Rochelle opened the season against Rockford Lutheran on Tuesday, taking the early lead before play was suspended due to severe weather. The match will resume on Wednesday, Sept. 8. The Lady Hubs led the Crusaders 3-1, with seniors Josie Lundquist and Megan Thompson cruising over Lexie Evans and Saida Cunningham by a score of 6-0, 6-1 in the No. 2 doubles matchup.

Seniors Ella McKinney and Ashley Knight topped Katelyn de Guzman and Camryn Berrios 6-3, 4-1 at No. 3 doubles, with the Crusader combo defaulting during the second set. Senior Emma Hicks faced Olivia Stram in the No. 1 singles matchup, falling 0-6, 0-6. Seniors Jordin Dickey and MeLisa Young currently hold a 6-2, 2-1 lead over Abi Lauer and Melanie Horn at No. 1 doubles. Rockford Lutheran forfeited the No. 2 singles matchup to Rochelle due to a lack of players.
