Never too young to be a hero he showed her on the

INTERIM EDITOR

ROCHELLE — Heroes come in all sizes and are of all ages. But a 5-year-old? That's one brave little man.

Last week Kamdyn Mickley was spending time with his grandfather in Rochelle when his mom got a FaceTime call from

"You have to call the ambulance, Papa fell down and can't get up," Kamdyn told his Mom, Marissa Mickley. Then

phone and Mickley saw that her dad was lying helpless on the floor, and Kamdyn kept repeating to her that she had to call an ambulance.

"He kept telling me I needed to call an ambulance, but to do that I had to get off the phone with him," Mickley said, adding how hard it was to hang up on Kamdyn so she could get her dad the help he needed.

Between calling 911 from where she was in Dixon and calling her fam-

COURTESY PHOTO Kamdyn Mickley's smart response likely saved his grandpa's life.

ily, help arrived quickly for her dad and Kamdyn. "He did a really good thing ... he even put a pillow under his head and

tried to move him, but he toldher 'Papa's too heavy, I can't pick him up,' Mickley said. Before long it was determined that her dad,

Kevin Mickley, had suffered a stroke and was airlifted from Rochelle Community Hospital to a Rockford hospital where he's currently recovering and doing "much better."

Local election Tuesday

BY ELLEN O'MALLEY **INTERIM EDITOR**

ROCHELLE — Come Tuesday, there could be a change on the Rochelle City Council when voters hit the polls.

There are six candidates running for three seats, and we're featuring a question and answer section with five of the candidates on pages 8-10 of today's News-Leader. One candidate, Cassondra Losoya, did not respond to the candidate question-

naire. It's not the only contested race in town as six candidates are vying for four spots on the Rochelle-Flagg Library District. The six — Lisa Russell, Sheri Klindera, Darci Waltrip, Teresa Haggestad, Jacqueline Dickow and Kelly Johnson — are hoping to secure four-year trustee

terms.

Other contested races in the area include the Village of Creston clerk position where incumbent Deanne Haub faces Jennifer Payton; Tom Smith and Joe Wolf are running against each other for White Rock Township Supervisor; while two, Richard Kasmar and Thad Hayes, are running for trustees of the Ogle-Lee

Equally compelling stories, though, are all the races which are either uncontested or races where not even one resident filed a petition to run for a board position.

Fire Protection District.

Rochelle government entities which will be left with open positions include Flagg-Rochelle Community Park District and Rochelle Elementary School District. In the area others which will have vacant seats are Creston and Hillcrest village boards, Creston-Dement Park District and Library District, Creston School Board, Eswood School District as well as one four-year term on the Ogle-Lee Fire Protection See VOTE page 4

Searching for service dog

Still missing after accident at Flagg and Skare roads nearly a year ago

STILLMAN VALLEY - A Stillman Valley woman is continuing to search for her service dog, nearly a year after it escaped during a crash.

On May 5, 2020, Marcia Kelly was in a car on Flagg and Skare roads in Rochelle when the vehicle

was struck by another vehicle. injured in the crash, and her dog, Max,

THIS DOG DID NOT DISAPPEAR ...

> MARCIA KELLY MAX'S OWNER

escaped from the vehicle.

Max is an American Bulldog, German Shepherd and Malamute mix. He was set to be trained as a service dog for Kelly, who is disabled.

"He is very well trained and he's very smart I use him as my companion dog," Kelly said via email.

She said someone at the scene of the crash said

a woman had Max by his leash, but the search

Everything's coming up roses

It wouldn't be spring without the Lions' annual Rose Day

ROCHELLE — The Rochelle Lions Club annual Rose Day is underway and the club is now accepting donations and orders.

Rose Day will be on Saturday, April 17. All roses ordered can be picked up between 9 a.m. and 1 p.m. in the alley behind Colonial Flower Shoppe, 408 Lincoln Hwy. in downtown Rochelle. Rose Day is the biggest

fundraiser for the Lions With the community's

donations, the club helps

and programs, including

Township High School

seniors, the visually and hearing impaired, Leader Dog training, Camp Lions for blind and deaf children, Little League sponsorship and many other non-profit programs and projects. Rose donations are \$18

per dozen and delivery is available. You can order your

roses in advance at Colonial Flower Shoppe by calling (815) 562-8101, or you can contact Lion Tom Hill at (815) 980-8788 or Margie Kuehl at (815) 562-6711.

MAX: Looking for Max

From page 1

him has proven unsuccessful. Max had a red leash with a green camouflage harness with Ogle County tags.

Kelly was in the ICU after the accident for injuries she sustained, but friends and family looked for the dog during that time. They have put up flyers about the missing dog in the area but have heard nothing.

"This dog did not dis-

the Earth," Kelly said. "Somebody out there has him and knows where he's at all I want to do is bring him home."

Anyone who has information about Max can contact Kelly at (312) 257-5103 or Bart at (630) 204-9000. "I need everybody's

help and I'm pleading with the public if you know something, come forward appear off the face of let me have my dog back."

Marcia Kelly and her service dog, Max.

Police report activity

ROCHELLE — Rochelle Police responded to several calls over the last few days.

On March 30 at 1:49 p.m., Baron R. Williams, 27, DeKalb, was arrested on a Lee County warrant. He posted \$500 and is to appear in court April 15.

On April 1 at 10:04 a.m., Justin N. Balaban, 28, Rochelle, arrested on a DeKalb County warrant. He was transported to the Ogle County Jail.

On April 1 at 11:55 a.m., Leonardo R. Montalvo, 23. Rochelle, was cited for driving while license suspended and speeding 42 m.p.h. in a 30 m.p.h. zone. He posted an I-bond and is to appear in court May 7.

On April 1 at 3:46 p.m., Jason L. Dickson, 38, Loves Park, was arrested on an Ogle County warrant. He was transported to the Ogle County Jail in Oregon.

New webste encourages habitat protection

SPRINGFIELD — The Illinois Department of Natural Resources (IDNR) recently announced the launch of the new CICADA (Conservation Inclusive Construction and Development Archive) website, an online resource which aims to engage the public and private sectors in

habitat protection, res-

toration and biodiversity conservation through voluntary actions.

The site serves as a onestop-shop for residential and private landowners as well as commercial and industrial sectors, to find guidance and ideas to make their properties or development projects more wildlife friendly.

"With approximately

97 percent of land in Illinois in private ownership, it will take everyone working together to help address these challenges," said IDNR Director Colleen Callahan.

"From adding small pollinator gardens and nest boxes in backyards, to improving habitat on larger private properties, to implementing environmentally-responsible construction practices, CICADA has something for everyone to engage in habitat conservation."

"The IDNR and partners developed CICADA in recognition that habitat loss, degradation, and biodiversity conservation are major challenges facing current generations in Illinois and around the world," said Nathan Grider, manager of the IDNR Impact Assessment Section, which spearheaded the project.

"Together, we pulled information from a variety of IDNR and partner programs to make the site as accessible and user-friendly as possible."

The website features a clean, modern design organized by various audiences and topic areas.

Within each conservation topic, those who click onto CICADA will find short, fun-to-read introductions and "how-to" conservation and habitat management guidance documents, as well as more in depth, technical documents.

CICADA users also will be linked to assistance programs for landowners, conservation tax-deductible donation opportunities through the Illinois Conservation Foundation, and much more. The CICADA website also features a project showcase page where habitat-friendly projects can be submitted by the public for consideration and viewed by website visitors to provide inspiration and share ideas. Information also is provided on how to certify habitat projects with various organizations.

"The CICADA website has something for everyone to engage more in conservation and have fun doing it," Grider said.

"The timing couldn't be better with so much increasing public interest in these important topics."

IDNR partnered with The National Great Rivers Research and Education Center, a division of Lewis and Clark Community College, and 2WAV software developers for the project.

Great Opportunity for Community Newspaper Editor

The Rochelle News-Leader newspaper, a twice-weekly publication serving a progressive, friendly and close-knit community in northern Illinois, has an immediate opening for a managing editor who will also report, write, photograph and paginate for every issue.

The News-Leader is recognized as one of the Rochelle area's top hometown news sources and focuses on providing a variety of pertinent and interesting articles about local happenings in both print and digital fashion.

Serious candidates must have a strong nose for news and the passion to report on and write in-depth news stories and features, while also possessing good writing, communication, organization and social media skills. Applicants with InDesign pagination experience put themselves in a stronger position.

We offer a competitive salary commiserate with experience, a pleasant working environment, paid vacation, paid sick time, excellent medical benefits and a 401K investment plan.

Rochelle is located approximately 85 miles west of downtown Chicago, 25 minutes south of Rockford, 20 minutes east of Northern Illinois University, and less than an hour from the Wisconsin border. Many popular state recreational parks and entertainment venues are within a short drive, as is the scenic Rock River. Two major interstate highways intersect near Rochelle and make regional travel convenient.

Qualified applicants willing to reside in Rochelle and become immersed in the community, should post their resumes to this site as instructed, but they may also email their resumes and any clips to News-Leader general manager Mike Feltes at mfeltes@oglecountylife.com or mail them to P.O. Box 46, Rochelle, IL 61068.

News-Leader

The family of Janet Barone would like to express their heartfelt gratitude to the staff of Hawthorne Inn, in particular to Cindy, Amber and Danielle.

Our mother's final years were enriched by the care and concern she received from the staff and her fellow residents. It was like having extended family always watching over her.

We would also like to express our gratitude to the nursing staff at Rochelle Community Hospital who treated Mom with kindness and dignity in her final hours.

You can help make a difference at Franklin Creek

Volunteers help make the project work year after year

FRANKING GROVE — Franklin Creek is a State Natural Area and is maintained to benefit the plants and animals that live here.

Land stewardship is essential to

By preserving, restoring, and maintaining our natural areas we gain a better understanding of the world around us.

Whether this means joining us to pick up trash, remove invasive species, or collect seeds, taking care of the land will give you a sense of wonder and appreciation for the smallest flowers and the tallest trees.

2021 Dates

Workdays are on the 1st and 3rd Saturday of the month from 9 a.m. until Noon and began April 3.

Tasks will vary but will likely include invasive species removal, trash cleanup, and trail maintenance. Please RSVP at least one day in

advance to ensure your slot. Spaces are limited to provide appropriate social distancing.

Make sure to fill out the waivers before attending.

Volunteers from last spring at Franklin Creek.

Deputies keep busy with domestic incidents

On March 30 at 3:41 p.m., Ogle County Sheriff Deputies were dispatched to an address in rural Oregon for a violation of order of protection. After an investigation, it was determined Aric Casey, 36, Oregon, had violated the order of protection by going to a protected address that was listed on the order. Casey was taken into custody for violation of order of protection. Casey was transported to the Ogle County jail and held without bond.

On March 30 at 7:39 p.m., Ogle County deputies conducted a traffic stop in the 3000 block

of N North Mount Morris Road. After further investigation, Eddie Gudino, 31, Leaf River was placed under arrest for unlawful possession of cannabis.

Gudino was also cited for operating an uninsured motor vehicle and one headlight. He was transported to the Ogle County Jail where he was held in lieu of bond.

On March 30 at 3:09 p.m., deputies were dispatched to the parking lot of 4225 W. Route 64 in reference to a domestic Battery. Upon arrival, deputies learned the domestic battery took place in a

vehicle while the occupants were driving on the highway. After investigation, deputies placed Mark Rowe, 35, Justice, under arrest for domestic battery, possession of a controlled substance (heroin) under 15 grams, reckless conduct and a valid Ogle County failure to appear warrant. Also arrested was Jenna Jewell, 32, Justice, for driving while license suspended and possession of a controlled substance (heroin) under 15 grams. Both Rowe and Jewell were transported to the Ogle County Jail where they were held in lieu of

On March 30 at 11:30 p.m., Ogle County Sheriff Deputies responded to an address on Golden Prairie Drive in Davis Junction for a domestic disturbance. Pursuant to the investigation, Michael Dixon, 21, Davis Junction, was arrested for domestic battery. Dixon was confined at the Ogle County Jail in lieu of bond.

On March 30 at 10:55 p.m., deputies responded to an address in the 5000 block of East Scott Drive in reference to a domestic disturbance. After further investigation Willie Barr, 62, Byron, was placed under arrest for aggravated domestic battery (Strangulation) and domestic battery. Barr was transported to the Ogle County Jail where he was held without bond.

April 1

On April 1 at 1:16 p.m., Ogle County Sheriff Deputies, along with the Oregon Fire, EMS and the Illinois Conservation Police, responded to a single-vehicle rollover accident in the 2800 block of South Illinois Route 2. After an investigation, it was learned that Leo R. Dempewolf, 29 Oregon, lost control of his vehicle after swerving to miss an oncoming vehicle in his lane. Dempewolf lost control of the vehicle at which time it overturned and came to rest in the grass. Dempewolf was issued a citation of operating an uninsured motor

vehicle. Dempewolf refused all medical treatment and the vehicle was removed from the location by John T towing.

Coin appraisal Sunday

ROCHELLE — John Gruben and Dave Schabacker will be doing a free coin appraisal in the dining room of the Rochelle Moose from 1-4 p.m. on Sunday, April 4.

In the past, they've appraised foreign money and paper money as well. This event is open to the public.

Come find out what your coins are

Obituaries

Earl H. Hardcastle, Jr.

ROCHELLE — Earl H. Hardcastle, Jr., 91, of Rochelle, left this world peacefully on Thursday, March 25, 2021 from natural causes at Serenity House in Oregon, Ill. Born in Squires, Mo. on Oct. 1, 1929 to Earl & Dicie Rae (Jennings) Hardcastle.

Earl lived many years in Rockford working at Green-

lee until his retirement, before moving to Rochelle. A proud veteran of the U.S. Army, he served in the Korean War. Earl was a kind and generous man and spent his life helping family members whenever he could. A man of simple means, he was known for his great memory of family history and the love he had for his family. He will be missed by all that knew him.

He is survived by his sisters-in-law, Judy Hardcastle (Clayton) and Sandra Hardcastle (Trothing); many nieces and nephews; and their children.

He is predeceased by his parents; brothers, Eldon, Robert and Donald; and sisters, Mildred Pueppke, Alta McGill, Freida Adams and Betty Taylor.

Friends and Family are welcome for graveside services held Monday, April 5, 2021 at 11 a.m. at Lawnridge Cemetery, Eighth Avenue in Rochelle, IL, 61068.

Cremation rites were accorded. Christenson Funeral Home is assisting with arrangements. Memorials to the family can be sent to www.rockfordfunerals.com.

Ivan G. Sexton

ROCHELLE — Ivan G. Sexton, 88, passed away on Wednesday, March 31, 2021 at his home with his family at his side.

Ivan was born on April 11, 1932 to Denver and Lena (Johnson) Sexton in Greeneville, Tenn. On Nov. 19, 1983, he married Emma Jean (Montgomery) McCulloch in Rochelle. He worked for Spaulding Composites, Inc. in DeKalb for many years. In addition to his parents, Ivan is preceded in death by two siblings. Ivan is survived by his

wife, Emma, of Rochelle; four children, Danny Sexton of Rochelle, Karan (Roger) Jones of DeKalb, Paulette Sexton and Shawn Sexton, both of Rockford; three step-children, Mike (Laurie) McCulloch of Rochelle, Sandra (John) Gevers of Kansas City, Mo. and Cheryl (Kevin) Barringer of Oregon; three siblings, Tommy (Jeanne) Sexton, Alvin (Lois) Sexton and Rosie (Clem) Stills, all of Greeneville,

Tenn.; 15 grandchildren; 24 great-grandchildren; as well as many nieces and nephews.

Visitation will be from 10-11 a.m.., Saturday, April 3, 2021 at the Unger-Horner Funeral Home, 400 N. Sixth St., Rochelle. The funeral service will

follow at 11 a.m. with Pastor Duane Boehm officiating. Burial is at Lawnridge Cemetery in Rochelle.

Memorials may be made in Ivan's memory to the Serenity Hospice and Home.

Visit www.ungerhorner.com to sign the online guest book.

Robert "Bob" **Arthur Elliott**

ROCHELLE — Robert" Bob" Arthur Elliott, 81, of Rochelle and Lindenwood, devoted husband to Carol (nee Mueller), passed on March 31, 2021 with his family by his side at Serenity Hospice and Home in Oregon. Cherished father to Kevin (Lucia) Elliott of Chicago and Kandace (Chris) Collins of Darien; loving grandfather and Pa Pa to Gavin, Denneen and William Elliott; brother to Gordon and the late James Elliott.

A true family man with a deep faith and a love of Jesus. He was a selfless leader and always willing to give of his time, talents and treasures. Bob grew up in Lindenwood, the son of the late Arthur C. and Daisy Lee (nee Plantz) Elliott. On April 27, 1963, he married Carol in Rochelle. Bob worked his first career at Del Monte Corp.,

retiring after 35 years for he and Carol to enjoy some time to travel. He then settled into his second career

Assessor for 18 years. Bob was a very active member of St. Paul Lutheran Church in Rochelle for more than 50 years. He was active and involved on a variety of committees and boards. He was an active member and past president for Golden K

as the Flagg Township Tax

Rochelle Chapter. You could usually find him enjoying morning coffee and conversation and great bowl of clam chowder during his Friday lunch bunch group.

There will be a public visitation and funeral service Tuesday, April 6, 2021 at St. Paul Lutheran Church, 1415 10th Ave., Rochelle. The family asks that Covid safety recommendations be followed. Visitation will be from 10-11:30 a.m., followed by the funeral service at 11:30 a.m. with Pastor Gregory Hoffmann officiating and family interment at Lawnridge Cemetery.

In lieu of flowers, please consider memorial donations in honor of Bob's life and legacy to any of the follow organizations: St. Paul Lutheran Church, Rochelle, Serenity Hospice, located in Oregon, https:// serenityhospiceandhome.org/, Rochelle Community Hospital Foundation, https://www.rochellehospital. com/about-us/foundation/.

Something to Think About

Jeff Beverage Director

CHILDREN WILL BE CHILDREN

When families gather after a death, one characteristic seems to hold true: however somber the adults may be, young children, after a while, cannot resist the urge to scamper around, play and, in general, act like children.

That's because they are children, and their reactions to grief don't match those of adults. That doesn't mean children don't feel grief or know that something sad or final or tragic has occurred. Children are highly attuned to the emotions of the people around them, but they grieve in their own way, and its important that adults recognize a child's need for honesty, love, and reassurance when death occurs. adult's Sometimes

Rochelle).

preoccupation with prevents them from seeing that a child;s reaction to death is just as deep as theirs - even though it may be expressed differently, depending on the child's age and stage of emotional development.

The danger of strife

We've all experienced the effects of strife in one way or another. Strife can manifest itself through arguing, screaming and yelling. Other times, it can be more subtle, like when someone gives you "the silent treatment" and refuses to talk at all.

The dictionary defines strife as "bickering, arguing, a heated disagreement, or an angry undercur-

I think the most dangerous form of strife is an angry undercurrent, because it's not as easy to recognize. It's something you can feel in the at-

You know something's not quite right, but no one wants to address it. Maybe nothing is specifically said, but it's quite clear that everything is

In the early years of my marriage, I perfected the art of arguing with my husband, Dave, without having to say a word. I spent entire Saturdays stomping around the house and cleaning every room, ignoring him for hours at a time. Thankfully, Dave was a peacemaker and mature enough to not give in to my tantrums. Our enemy, Satan, works relent-

lessly to try and fill our lives with strife because he knows how powerful it is when God's children walk in peace and unity. Psalm 133:1 (NIV) says, "How

good and pleasant it is when God's people live together in unity!" It goes on, in verses 2-3, to give an illustration of what unity is like.

This psalm tells us that unity brings the anointing and God's blessing. The anointing is the presence and power of the Holy Spirit to help us in every area. We need the anointing to raise our children, perform well at our jobs, have a successful marriage, and simply enjoy our lives.

Conversely, if there is *not* unity if your home or business is full of strife—you will not have the anointing and God's blessing.

First Peter 3:11 (AMPC) says, "... [Do not merely desire peaceful relawith your fellowmen, and with yourself, but purgo

we can't around eryone to apolous. Chas-Joyce Meyer ter peace

quickly and even apologizing to others when we don't feel like it. Romans 12:16 (AMPC) says,

"Live in harmony with one another; do not be haughty (snobbish, high-minded, exclusive), but readily adjust yourself to [people, things] and give yourselves to humble tasks. Never overestimate yourself or be wise in your own conceits."

Living in peace requires us to take responsibility for our own thoughts and actions. We're going to have

tions with God, to humble ourselves and do some adapting and adjusting.

I learned a tough lesson in this area. A few years ago, Dave and I were in an art store at the shopping mall. Dave found a picture he really liked for our house, but I didn't like

He really wanted it, but I wouldn't give in. I argued until he finally said, "All right, just do what you want."

At first, I felt smug and congratulated myself on the victory. Then, right there in the mall, the Holy Spirit spoke to my heart and said, "You think you won, but you lost."

It pierced my heart. I knew right then that I was wrong. If Dave really liked that picture, there were plenty of places we could have hung it. At the very least, I could have been more loving in how I handled the entire conversation.

Pursuing peace requires compromise. We should never compromise our beliefs or what God tells us to do, but we will be required to compromise our preferences and desires in order to truly love others and keep strife out of our relationships.

Living in peace will also require us to sacrifice our pride. We all like to be right and win every argument, but being right is highly overrated! We may win the battle, but when we insist on having our own way at the expense of a relationship, we do tremendous damage. Always remember, real love

gives up its right to be right. If you truly want to have a healthy marriage or strong relationships with others, I recommend that you learn to say (and sincerely mean) this statement: "I think I'm right but I may be

Even if you know you're right, you don't always have to argue about it and prove your point. It's true that some things are very important and you need to stand your ground, but there are so many things in life that just don't make a difference.

You won't always agree with your spouse, family or friends, but you can still respect and appreciate them. And as you do your part to "keep the peace," God will not only honor your commitment, He will also bless your life in greater ways than you can imagine.

LOCAL VIEWS

Guest column

This time of year conjurs up memories

e're coming up on April 9, which conjures up a mixed In 2015, an EF4 tornado ripped apart

homes west of Rochelle. One of those homes belonged to my daughter. I had followed the development of the storm on television and the weather radio. I called her then-fiancée and warned him of the changing weather.

After it passed, I went to my daughter's house and when I turned onto her street, I almost threw up. Her house and several others had taken direct hits from the storm. I had seen tornado damage on television, but experiencing it first hand was

What followed was a literal flood of help. Volunteers to clean up. Food trucks and groups with pizza or burgers. Donations of cleaning supplies and other

more powerful than I had ever

imagined.

It was amazing to experience the destruction of the storm and the kindness of the community.

You may have seen a short story I did on the tornado shrine that appeared in the remains of a damaged tree along Skare Road near the park. People who wish to remain anonymous decorated and maintained the site, which had a statue of The Blessed Virgin Mary, artificial plants and solar lights.

The shrine has been removed, mainly because the tree is rotting rapidly.

In the story I wrote, while no one had been seriously injured locally, two people died in Fairfield. Fairfield? When I read it in the paper I smacked my forehead and yelled, "Fairdale!"

I see John Wayne has partly disappeared from downtown. Winds seem to have proven to be too strong for the icon

I have always wanted to the see 1776 mural on the side of the former Carney

and Longenecker store redone, as well as the Black Cat one in Page Park. It might be nice to put up other murals that reflect Rochelle's history. Maybe the first mayor, and the first woman mayor could be murals. Or the Bain Opera House.

There are endless possibilities.

Spring is a season of change. Kim Montgomery has retired as director of the Rochelle Area Community Foundation and Connie Dougherty is retiring as director of the Hub City Senior Center. A big thank you for all the work they have put in over the years to make

Another change seems to be happening in Creston, with Headon's changing ownership after 50 years of business. Kudos to them for being a great community asset.

Rochelle a better community.

Voting for Arteaga

As the April 6 local election approaches, please consider voting for Rosaelia Arteaga for Rochelle City Council. Currently, Rosaelia is a kindergarten teacher at Lincoln School in Rochelle. She has served in a number of leadership roles in her professional capacity (Rochelle School District #231 Leadership Team) as well as community events (Fiesta Hispana coordinator). Rosaelia will put

forth the time and effort to understand the issues brought before the city council. She will be well-informed and able to make important decisions that affect all citizens of Rochelle. I strongly support Rosaelia Arteaga for Rochelle City Council and urge you to vote for her on Tuesday, April 6.

Jenifer Sparrow Retired Teacher Rochelle SD #231

Yes, we are all being tracked daily

Living

the Life

By Brad Jennings

really didn't like my biology teacher in high school, and it was pretty clear he didn't like me either. He was one of those guys who was very full of himself and thought it was just fine to put down 15-year-old boys in the class if it got a laugh out of everyone else. I, of course, provided plenty of opportunities for him to blast off.

One in particular, I remember, was when he asked everyone what they wanted to do for a living. Now, I had no idea as a sophomore in high school what I wanted to do for a living. All I knew was I wanted a burrito for lunch, I needed new zit cream and the cute girl two desks over from me looked particularly foxy that day. Yes, foxy - it was the 70s.

When he got to me, I had pretty much no idea, so I blurted out, "rock star." That got a big laugh out of him, of course. He mocked me pretty good and even the cute girl two desks over had a big laugh at my expense.

That teacher killed my enjoyment in that class, but he ultimately did not kill

my love of science. I love what science has done and continues to do for our world and am amazed at new discov-

eries and achievements in the field. Science is slowly making this a better world every day.

I bring this up because I recently got my first CO-VID-19 vaccination. Yes, I got the shot. Why? Because I believe in the science. I understand that some people are concerned about growing a finger out of the top of their head or something if they get the shot, but I am not.

I trust science way more than the nutjobs on Facebook or talk radio, let's just

I know that some don't want to get the vaccine because they worry about the government using the vaccine to put some kind of tracking chip into our bodies. I love science fiction too, but I can only shake my head at that. Sorry, but I am not buying it. Our government can't fill potholes, so I am not

> convinced it has mastered nanotechnologies. But we are being tracked,

> you know that, right? And it is not government that does it but big business - the ones that continue to get the tax breaks. Every time you use

> your debit card? Tracked. Walking around with a phone in your pocket? Yep, being tracked. If you buy anything online at all - and most Americans buy a lot of things online these days – your purchases are being tracked. Then any

advertising you see on social media or search engines is personalized for you based on your purchases.

Creepy? Yes. Helpful? Also yes.

Have you ever had a conversation about something and then it shows up as an advertisement in your Facebook feed or talked about a movie and news of the movie shows up in your newsfeed? Your phone is listening to you, especially social media.

That is a big business, not the gov-

And how about video? We are being recorded all the time. At the ATM, at the shopping center, at the gas pump, at the stop light and even walking down the street. This will only get more pervasive.

So if you are worried about being tracked, I am sorry to tell you that ship has sailed. If you get the vaccine, you won't have a chip implanted in you, and you won't grow a third arm. But you will be protected against a potentially deadly virus.

Get the shot but turn off the microphone on Facebook. You will sleep better.

Brad Jennings is Editor of The Ogle County Life.

LETTERS TO THE EDITOR POLICY

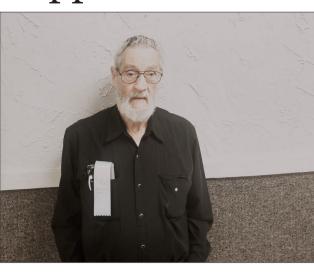

The Rochelle News-Leader encourages responsible letters to the editor on subjects of interest to our readers. Editing may be necessary for space, clarity or to avoid obscenity or libel, but ideas will not be altered. All letters must bear the handwritten signature of the writer and include address and phone number or e-mail address for verification purposes. Neither the street address nor phone number will be printed. Letters should be typed or legibly

handwritten, and no anonymous letters will be published. Any letters from boards or organizations must include at least one name of an individual. Any criticism of public officials should be limited to issues related strictly to their position or actions made in office, as personal attacks will not be published. Letters involving private disputes between the writer and a business will not be published. Political endorsements will be published,

however letters rom candidates endorsing themselves will not be printed. Letters may be dropped at the News-Leader office (211 IL Route 38 East), mailed to the News-Leader (P.O. Box 46, Rochelle, IL 61068) or e-mailed (news@rochellenews-leader.com.) The News-Leader reserves the right to edit or reject any letter to the editor for any reason, and letters chosen for publication do not necessarily reflect the views of this newspaper.

ROCHELLE

Woodrow Cupp, Sr., of rural Steward received his Fellowship Degree of Honor in Pekin on March

Woody has been a member of the Rochelle Moose since Jan. 8, 1991 and has sponsored 12 members into the lodge. His greatest contributions would include many hours of maintenance work at the lodge, serving as governor three years and

helping with Friday Night Lightening for more than 15 years.

He has done maintenance work for members over the years at very reasonable rates because many of them, in his words, "don't have a lot of money."

The Fellowship Degree is the third degree of the Loyal Order of the Moose and was established in 1921. Woody is most deserving of this honor.

LOCAL CANDIDATI

Rosaelia Arteaga

What do you think is the most important issue facing the Hub City?

I am not a single-issue candidate, I am running for city council because I love to serve and I have figured out what I am good at and I would love to join the Rochelle city team!

Do you feel the city is fiscally responsible? What would you change? One of the reasons, I am

running for city council is that I am willing to learn all about the city finances and all the aspects that go along with the city government. If I am elected I would work with mayor, the city manager, city council and the community to move Rochelle forward.

What's more important: building new homes and commercial space or rehabbing/better utilizing existing homes and structures?

Rochelle is in need of a combination of new homes and new types of homes people live differently multi-generational housing and handicapped accessible.

How do you plan to

involve local residents in your decision-making processes for the city? I chose to live here and

refused other jobs elsewhere because I love this school district and I found the people from Rochelle very receptive. I like what Mayor Bearrows has done with the Facebook Live talks and I would like to build on that.

How would you describe an ideal relationship between the city council as a body and the city staff, including the city manager? As a teacher in the

Rochelle Schools it takes many people and departments to work together and do what is best for kids. We need teachers, administration, custodians, lunch ladies, bus drivers, crossing guards, etc.... Everyone is working together for our student's success and that is the ideal way for everyone to work for the residents of Rochelle.

Some residents would say the city streets and sidewalks need attention. What do you think? What will you do about

The city has a maintenance calendar that is set up for years out if anyone has questions about a specific city street call the street department and inquire.

If you received a \$1 million grant to use any way you'd like for the City of Rochelle, what would you do with it and why?

I would create a scholarship fund like what I did with the Bilingual Parent Advisory Committee (BPAC) and it would be given out to senior citizens, kids, young people, and young adults. Residents would be able to use these funds at the Rec or local businesses. We would continue to focus on Rochelle first and local businesses first.

What do you love about Rochelle and believe makes it special? What do you not love about Rochelle and hope to change as a city councilman? What's your favorite place in Rochelle?

I have always been struck by Rochelle's kindness and generosity but on April 9, 2015 when Rochelle was struck by the tornado I was sitting

in the bookroom closet at Lincoln School open house with children and their parents I realized I had found my home. I believe Rochelle' residents came together to help each other. My favorite place is the old Lincoln school that is when the love for Rochelle began. Do you have a plan to

bring higher-paying jobs to town?

What's your plan? It is a

council person's role to work with the rest of the team members to make the city government user friendly. For residents for businesses

industry and for those looking to relocate to Rochelle.

What would you like to see done with the city property where Hickory Grove once stood? Please be specific, including cost structure.

Ideally the best thing would be for an investor or someone to buy the facility. We need a banquet hall for quinceanera, weddings, or a fireman's ball. A banquet facility would employee people and generate revenue. We need a place for people to gather right here in Rochelle.

History

Over the course of the years, I have stayed in touch with my students I have helped raise a generation and they

> have a stake a voice and they know how to use it. I have been teaching at Lin-

coln School in Rochelle since 2008. I started as an ESL teacher working with students in kin-

dergarten through fifth grade and now I am a Spanish kindergarten teacher in the Dual Program at Lincoln School. I am also the director of the Rochelle Migrant Program since 2009. I have my bachelor's in education from Aurora University and my master's in bilingual education from Northern Illinois

University.

I have three kids, two daughters, Rosandra and Gina, and a son, Andy; and I also have two grandkids, Catalina and Pharrel.

Volunteer work

As I was going to school I belonged to bpw of Mendota and we raised money for girls for scholarships. I would like to continue to find ways to help our youth with scholarships. I helped coordinate the Covid vaccine for Rochelle that took place on March 25, 2021 at the United Methodist Church. Aldo, volunteer with Covid-19 and Special Projects with the Illinois Migrant Council, LULAC 5296, Parent University volunteer, Bilingual Parent Advisory Council teacher volunteer, Revved Up Rochelle member, District 231 Leadership Team, Lincoln School Leadership Committee member, City of Rochelle Cinco de Mayo committee member, Fiesta Hispana of Rochelle coordinator, District Dia de los muertos coordinator, district Christmas celebration coordinator, City of Rochelle's many projects volunteer, Business & Professional

Don Burke

What do you think is the most important issue facing the "Hub City?"

Coming out of Covid, our budget will be stressed. City staff has done a great job during this pandemic. We will be faced with some financial challenges, but we have a balanced budget and should be able to weather this storm and keep the city on the right path.

Do you feel the city is fiscally responsible? What would you change? Yes, I feel the City has

been fiscally responsible over the past few years. This Council has been proactive in facing the problems of our city. The City of Rochelle is in excellent financial condition.

What's more important: building new homes and commercial space or rehabbing/better utilizing existing homes and structures?

Rochelle has some great, old homes. Some would be almost impossible to replicate in today's world. We also have our share of blight in the "Hub City." Like most decisions we face in City Government, we need to have a balanced

approach. There is room for beautiful older buildings and modern, new buildings.

How do you plan to involve local residents in your deci-

sion-making processes for the city?

I listen to local residents every day. Spending time in Rochelle gives me a chance to visit with lots of folks. We are a community of intelligent people that ask smart questions. People stop by my office, message me on social media, catch me at local businesses or having coffee each morning at the Butterfly Restaurant.

How would you describe an ideal relationship between the city council as a body and the

city staff, including the city manager?

Our city managerand city staff do a great job communicating with city council and again, helping us keep ahead of problems conand

cerns. Teamwork is key.

Some residents would say the city streets and sidewalks need attention. What do you think? What will you do about

I agree, Sam Tesreau is always working on the long-term sidewalk plan, replacing and upgrading sidewalks and crossings all over our city. Last summer we were able to complete a few road projects in town that have made a noticeable difference. People don't like the streets torn up but you see the results. We have a lot more to do.

If you received a \$1 million grant to use any way you'd like for the City of Rochelle, what would you do with it and why?

Our water and sewer infrastructure in the city has been in need of attention for decades. We can't continue to "kick the can down the road". We need to systematically repair/replace our system or continue to experience the frequent breaks. One million dollars would be a start, but wouldn't get us very far.

What do you love about Rochelle and believe makes it special? What do you not love about Rochelle and hope to change as a city councilman? What's your favorite place in Rochelle? While many small, rural

farm towns like Rochelle lost their downtowns to decay decades ago, our downtown has life. I love our downtown. I don't like the industrial blight left behind by companies like Caron's, Morgan Dye and such. The empty buildings and toxic mess that they left behind still plagues those neighborhoods. My favorite place in Rochelle is walking downtown during any of a number of our activities/festivals. It's great to see how everyone in Rochelle turns out whenever we have an event.

9. Do you have a plan to bring higher-paying jobs to town? What's your plan?

Our economic development is continuously showcasing the benefits of locating businesses

in Rochelle. That has resulted in higher-paying jobs over the past several years. We need to continue to promote Rochelle as a tech-friendly community with a strong fiber optic backbone, vibrant data center and more.

Women member.

What would you like to see done with the city property where Hickory **Grove once stood? Please** be specific, including cost structure.

We will certainly miss Hickory Grove. That said, the best use that I currently see is to level the property to the ground and offer it for development. There has been some interest in that property and we are optimistic that neat things will be happening there.

History

I'm a graduate of Rochelle Township High School and have an energetic 6-year-old daughter,

Volunteer work

As much as time allows.

Dan McDermott

What do you think is the most important issue facing the "Hub City?"

Infrastructure maintenance ... many of our cities systems, such as roads, sidewalks, sewer, water and such are in need of updating and repair and this needs to be tended to.

Do you feel the city is fiscally responsible? What would you change?

At this time I feel the city is doing a good job of prioritizing immediate needs and planning for future needs while remaining fiscally responsible. I feel we're on the right path and no major changes are necessary.

What's more important: building new homes and commercial space or rehabbing/better utilizing existing homes and structures?

I feel that all are nec-

essary and need to be balanced continually while encouraging entrepreneurs and private developers. It's also important to maintain the character of existing structures to avoid their deterioration.

How do you plan to involve local residents in your decision-making processes for the city?

I feel that keeping lines of communication open and listening to the citizens concerns is a necessary attribute for all council persons. These channels can facilitate discussion of citizens wants and needs. I hope citizens feel free to contact me whenever they have a concern.

How would you describe an ideal relationship between the city council as a body and the city staff, including the city manager?

Per our form of government, communications between the council and staff are directed through the city manager. Keeping these channels open is imperative for quality relationships. Citizens should feel free to contact the city manager with any thoughts or ideas they may

Some residents would say the city streets and sidewalks need attention. What do you think? What will you do about

As I said in my opening statement, I feel that infrastructure is in need of constant maintenance and supervision. You can't just build things and not take care of them. Our current budget includes scheduled upgrading and maintenance of streets and sidewalks. This is updated annually.

If you received a \$1 million grant to use any

way you'd like for the City of Rochelle, what would you do with it and why?

Grants are received per special request projects so the money would be earmarked already. In the grand scheme of things, \$1 million is not a large grant. This could possibly be placed in a fund to assist development/redevelopment of small businesses in town.

What do you love about Rochelle and believe makes it special? What do you not love about Rochelle and hope to change as a city councilman? What's your favorite place in Rochelle?

Having been raised in Rochelle, I appreciate the friendliness and familiarity of its citizens. What I dislike about Rochelle is the rare negative attitudes that sometimes develop. (Many times

these attitudes are a result

of misinformation or not

understanding the process and formalities required by city government.)My enjoyment of Rochelle is so wide spread that I find it impossible to pick a "favorite" spot.

Do you have a plan to bring higher-paying

jobs to town? What's your plan? The city

council is continually striving to make Rochelle conducive to development by negotiating/ waiving various fees and expenses that

would be incurred by new development. It's not the city councils position to create businesses.

What would you like to see done with the city property where Hickory **Grove once stood? Please** be specific, including cost structure.

I feel that after the area has been razed, cleaned and brought up to standards, I would like to see a private developer purchase this area. It is not the cities job to build struc-

tures for businesses. Cost structure cannot be estimated until a viable plan has been presented and approved to the planning and zoning commit-

tee. Afterevaluation, any plans will be presented to the council for a vote.

See RACE page 10

SUNDAY, APRIL 4, 2021 ROCHELLE NEWS-LEADER • SECTION 1 • PAGE 9

Kate Shaw-Dickey

What do you think is the most important issue facing the "Hub City?"

I think sustainability is the most important issue facing Rochelle right now. We need to maintain our budget while attempting to grow our community. It's a balancing act – spending where we can, where we need, while planning for the future and maintaining the appropriate funding for those plans. With that being said, we also need to be flexible enough to adjust with the times as our community continues to change.

Do you feel the city is fiscally responsible? Whatwould you change? I think the city staff and

council work very hard to balance the needs and the wants of thecty. There's never enough room in the budget to do everything, so we try our best to prioritize and accomplish as much as possible. I think the community may not always agree with how the dollars are spent and we have been working to improve transparency/ communication so the decisions are better understood. Marketing has been doing a great job in the last couple years to get as much information out to the community as possible. I think we need to continue the good progress we've made and do our best to communicate/ share as much as possible.

What's more important: building new homes and commercial space or

rehabbing/better utilizing existing homes and structures?

I think they are both equally important; it depends on what phase/ cycle the community is in currently. For Rochelle, I believe we are in a rehabilitation phase. We have some commercial spaces that need a little extra attention and some other areas that need a lot of attention. There are some hidden gems if we can find someone with the right vision. Our housing market is going to need some new inventory before too long if we want more families to move to our community.

How do you plan to involve local residents in your decision-making processes for the city?

I will always keep an open mind when presented with projects or situations related to the city. I will always respond to emails or phone calls from residents with questions or concerns about city-related issues. I try my best to be involved in the community (as much as allowed with Covid precautions) to be present and approachable. I am more than willing to reach out and ask questions when presented with an issue or situation with which I am unfamiliar.

How would you describe an ideal relationship between the city council as a body and the city staff, including the city manager?

The relationship between the city council, city staff and city manager has to be based on open, honest communication. We are all here for

the same purpose – to serve the community. We have to work together to accomplish our goals. Our opinions on certain topics may differ but in the long run we will reach a better solution or an idea because of it. The needs of the departments have to be communicated to council so we are able to make the necessary decisions for action to be taken.

Some residents would say the city streets and sidewalks need attention. What do you think? What will you do about

I don't think anyone would disagree that we have streets and sidewalks needing attention. The annual sidewalk program definitely makes a positive impact each year, but only has so many dollars to work with. Those dollars get stretched as far as possible each year to have the greatest reach possible. As for the streets, it has to be a constant cycle. Street repairs are costly and very timely; we have to prioritize and spend what is budgeted for repairs each year. We also need to keep in mind that some of the streets in our community are not ours to maintain. We can advocate for the work necessary, but state-maintained road work is decided by IDOT.

If you received a \$1 million grant to use any way you'd like for the City of Rochelle, what would you do with it

and why?

I would allocate \$500,000 for infrastructure projects and earmark \$500,000 for community projects. The whole amount could go to infrastructure maintenance as this is an ongoing area of need and only getting more expensive each year. These unseen projects are so important to the wellbeing of our community to avoid major cost of repairs down the road. Streets, water and utilities need to be maintained.

Since we're dreaming big here, the other \$500,000 could be used to pay for n e w community events, installing sidewalk heaters and café ta-

bles downtown to encourage outdoor socializing, adding parking lots where/ when property is available and planting trees in neighborhoods. These would be the fun items that we could live without but would add to our quality of life.

What do you love about Rochelle and believe makes it special? What do you not love about Rochelle and hope to change as a city councilman? What's your favorite place in Rochelle? There are many things

about Rochelle that make it special, but I would have to say the people are the best part. The people are the reason for any of the

here. People who believe in small towns and working hard. People who believe in giving back and offering a helping hand. I didn't run for council with an agenda to change things. I wanted to give back and help out if I could. I wanted to be in a position to help make decisions for the betterment of the community with others who want the same.

great things that happen

I would have to say my favorite place in Rochelle is the Cypress House. I love

taking people from out of town and watching the surprise on their face to find such a unique store in a small town. I have to mention the markets too! Definitely a favorite Saturday morning

activity. Do you have a plan to

bring higher-paying jobs to town? What's your

I think this question is bigger than just one person can plan for. We have to be open to industry and commercial projects. We have to set ourselves up for success by being able to offer the necessary infrastructure to support businesses wanting to locate here. Adding the new substation, updating the water department structures, updating our zoning codes – all things that help us to be prepared when the time is right. Economic development is important but it is definitely a a team effort. My role on council would be to support the initiatives necessary to attract new businesses to bring jobs here.

What would you like to see done with the city property where Hickory **Grove once stood? Please** be specific, including cost structure.

I would like to see the former Hickory Grove property sold to a developer who has the means and vision to take on and complete the development project. Once the building has been demolished the property would have endless potential. I don't believe the city should be a property owner for something like this but act more as a "middle man" to get the ball rolling. The demolition project will have a significant expense and the city has already obtained grant funding to help offset the cost.

History

I have been employed at Holcomb Bank - AVP, Human Resources - since 2017.I have a bachelor's degree in business from Millikin University and an MBA from NIU. I'm married to Clint Dickey and we have one child -Luke (age 12).

Volunteer work

Yes, I do. At least I did before Covid! I volunteered with the PTO at my son's elementary school. I have served at the Kitchen Table and handed out food at the mobile food pantry. I volunteer for several chamber eEvents as well. I am also a Rotarian.

Juan Martinez, Jr.

facing the "Hub City?"

The "Hub" in "Hub

City." A hub reaches outward with its supportive framework and focuses inward towards the center, a great metaphor for what a city and community can be when everyone's involved. The south side is all but abandoned. It's only school was re-

located north. Businesses

have closed, idle and in disrepair. With the exception of a few convenience stores, people live in a food desert. Not enough city lights illuminate the area, making it dark, uninviting, and perhaps even unsafe. Growth is occurring in every other direction, with the exception of the new Love's Truck Stop – definitely a plus but sits on the outskirts of town.

gri-La live in an isolated poverty. While those on south side could walk or bike to places, for those living here without reliable transportation in inclement weather, that journey can and has proven to be dangerous and even fatal.

Those that live in Shan-

Empty storefronts add to this struggle, adding to image problems, low morale, lack of choice, and diminished livelihood potential. Making it easier to start businesses would be a good first step towards combating poverty, improving lives to

everyone's benefit. Do you feel the city is fiscally responsible? What would you change? No. The city doesn't go

What do you think is out of its way to show otherwise. Perception is reality. Stories abound about how the city wasted money on projects, neglected upkeep ruining expensive machinery, or paid out in preventable lawsuits. Transparency would help reign in the gossip, drama, and innuendo, primary modes of communication here. Accountability and facts are key. Taxpayers should know what's happening with

> ey to prevent a Rita Crundwell situation. What's more important:

their mon-

building new homes and commercial space or rehabbing/ better uti-

lizing existing homes and structures?

Urban sprawl has its uses and place. But why build away from a city center and its people when you can reutilize existing spaces, homes, and buildings in town to revitalize rundown neighborhoods and shopping areas that badly need the attention and investment?

We need to increase variety so that more dollars are spent here while people who don't have the luxury to leave can find what they need. Many choose to do all their shopping here, which should be applauded. More competition will

also bring prices down. How do you plan

to involve local residents in your decision-making processes for the city?

While I'm a Hispanic male advocating for more Hispanic representation, I'm also advocating for those who feel their voices aren't being heard. I prefer an all-inclusive approach to solving problems because they affect us all, some more profoundly than others.

How would you describe an ideal relationship between the

city council as a body and the city staff, including the city manag-

er? Built on truth, trust, and honesty but ultimately we all decide and do what's right for the

public good.

The best way to present the city in the best possible light is to first present yourself that way. As the son of immigrants, this is automatically ingrained in me, for what I say and do reflects not only on myself but on my parents, family, friends, neighbors, city, state, and country. I'll continue to think first before speaking; I know of no other way to operate.

Some residents would say the city streets and sidewalks need atten-

tion. What do you think? What will you do about While sewer lines behind the distillery were

upgraded, other down-

town areas like Cherry Ave

were ignored. That sent a message that those businesses and people aren't valued. Residents can be patient for improvements so long as that patience is rewarded.

If you received a \$1 million grant to use any way you'd like for the City of Rochelle, what would you do with it and why?

Financial incentives for people to move and businesses to start here. Rochelle has always been a bedroom community. For balance, we must attract those that can bring about change.

Tourism / Arts: more murals, festivals, events, statues, graffiti art under our bridges, anything that'd make the town a more interesting place to live, work, and visit. It'd also help homeowners and businesses to beautify their facades and storefronts to clean up the town, increase curb appeal and pride of ownership. A little paint and maintenance goes a long way.

Help small businesses unable to get PPP loans with COVID-19 expenses as many that didn't get a single penny. This could aid in their survival.

Upgrade our wireless internet capabilities, perhaps even offering citywide free high speed service in an effort to attract younger people and new data industry to Rochelle with its new competitive edge. Utilize our fiber optic services better to entice startups.

What do you love about Rochelle and believe makes it special? What do you not love about Rochelle and hope to change as a city councilman? What's your favorite place in Rochelle?

What I love about Rochelle is when the community comes together. I've lived here my whole life and I can recall times where outreach was welcomed and appreciated.

I was inspired to enter public service as a way to help pay back a community that had been so generous and welcoming when we received support and gift packages of food, toys, and other essentials back in our early days here. I think we still have a block of government cheese buried in a freezer, kept as a reminder of how

far we've come since. When my brother Daniel died tragically in 1992 at the age of 8, a tree was planted on Central School grounds in his honor. A plaque with his name and inspirational message remains at its base and the tree blooms beautifully to this day. It was even a Pokémon GO game app stop, which I found to be an equally funny and touching tribute to the jokester that was my youngest brother.

Recently, it was when we all became Hub Strong after a tornado had struck many homes in April 2015 and just last week when Hispanic community members organized a vaccination event at Hicks Hall with the League of United Latin American Citizens (LULAC), where 380 people from diverse backgrounds were able to get shots to bring us closer to herd immunity.

Coming together to help those you know, and more importantly don't know, can only strengthen us as a whole.

What I don't like about Rochelle is the prevalent attitude that nothing ever changes. This defeatist, almost fatalistic attitude has definitely contributed to the "Rochellexit", where people leave town to spend their money. We all do this to a certain extent. But we can also choose to support our businesses, struggling

well before the pandemic. My favorite place in Rochelle will always be the Hub Theater. I really miss it and was devastated that I wasn't able to rescue her. There's just something about a hometown local independent theater with so many possibilities. The library has also saved my life in countless ways and I feel rather blessed for working there, a valuable resource not fully utilized.

Do you have a plan to bring higher-paying jobs to town? What's your plan?

The perception is that the city's doing nothing and has run out of ideas, waiting for a white knight to come save it. That's probably not going to happen. If we can't find change from the outside, then it must come from within.

Rochelle must continue to build and advertise to court new families and industries. But it also needs to address its affordable housing shortage, offer more amenities, and focus on incentives for people to start something. Anything. Every idea should be heard. If lack of experience is an issue, we should pair entrepreneurs with mentors.

Rochelle bills itself as

See VOTE page 10

VOTE: Election Day is Tuesday, April 6

From page 9

the Transportation City but for decades we had no bus service. And while you can finally Go Greyhound again, you have to go all the way to Petro. Very inconvenient. Maybe if it stopped downtown again, businesses would take notice.

It's a shame passenger rail service didn't remain in Rochelle, or even to DeKalb/NIU. Passenger and student influx from the big city would've brought in more money and new residents that like getting more house for their buck while people here could visit Chicago - a winwin never envisioned nor pursued. We can't afford to continue to be shortsighted as we prepare for the future.

What would you like to see done with the city property where Hickory Grove once stood?

Please be specific, including cost structure.

A grocer or other retailer here would help with commercial traffic flow and offer another shopping option to people that don't care for Walmart. And there are many who feel this way. It could also be a good spot for affordable housing, conveniently located near shopping and amenities such as the new Rec Center.

Visionary thinking gave us the Railroad Park, which transformed a dilapidated area into an attraction that has since been enjoyed and even copied by others. We can build towards the future. We just need to be bold.

Until then, use it as a green space, outdoor ice rink, farmer's market, or other amenity rotated seasonally. Reusing our town's old name to usher

in future possibilities brings us back full circle and is exactly the urban renewal spirit we need to adopt.

HistoryI've worked at Flagg-Rochelle Public Library for 18-plus years. I have a bachelor of arts in history from Bradley University; some graduate courses, online and continuing education; adult education at Kishwaukee College. I'm single and reside with my family, my parents and twin brother.

Volunteer work

Yes, most recently with LULAC's vaccination drive at Hicks Hall. I also volunteer with Hub Project and at the annual Rochelle Community Action Network's (CAN) Needy Children's Holiday Shopping trip.

Reaching the next level

Rochelle senior Burdin commits to NCAA Division III Loras College

BY RUSSELL HODGES

SPORTS EDITOR

OCHELLE senior Garrett Burdin felt a small-town vibe when he recently visited the Loras College campus in Dubuque, Iowa. From the school to the community and the athletic program, Burdin said he believes Loras College will be the best fit for continuing his basketball career.

"The Loras College basketball program and community are like family and their academics fit my learning abilities," Burdin said. "I'm looking forward to achieving another goal of mine, which is making the NCAA Division III Men's Basketball Tournament. I'm also looking forward to expanding my game and reaching new levels of success with four more years of work."

A four-year member of the Rochelle Township High School basketball program, Burdin started for three seasons on the varsity team, earning All-Conference First Team recognition from the Interstate 8 as a senior. Burdin led the Hubs in scoring this season, averaging

19.2 points per game and shooting 37.4 percent from 3-point range. Burdin also eclipsed 1,000 career

"I'm so happy for Garrett," Rochelle head coach Tim Thompson said. "Garrett's goal has always been to play at the next level and I think he found a good fit with the Loras College program. I'm looking forward to watching him play in college and I wish him all the best."

Burdin said he intends to study sports management as an undergraduate before attending graduate school to earn a master's degree in business administration. Burdin said his goal is to become an athletic director for a small-town high school. Atwo-time Academic All-Conference honoree and IHSA Sectional 3-Point Shootout qualifier, Burdin will look to help the Loras College team push the pace while also bringing leadership and character to the court.

"RTHS has helped me prepare for college by preparing me in the classroom every day," Burdin said. "My teachers and coaches have pushed me and challenged me to get to where

Rochelle offense breaks out against Ottawa

Walters nets four goals, Cincire adds three assists in 6-1 victory

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE — The Hub varsity soccer team entered Wednesday's match against Ottawa having scored only three goals over the first five matches of the season. Rochelle doubled that number in one outing, with senior Zane Walters netting four goals as the Hubs beat the Pirates 6-1. Rochelle (2-3-1) will host the Sandwich Indians at home on Saturday, April

3 at 10 a.m. The Hubs took the lead in the first minute of the match, needing only a few touches on the ball before senior Juan Cincire assisted Walters from outside the Ottawa box for Rochelle's first goal. After the Pirates equalized with a long-range shot in the 15th minute, Rochelle regained control in the 18th minute, when Cincire set his sophomore brother Diego up for a goal on the right side of the Pirate box

to put the Hubs ahead 2-1,

Cincire totaled three as-

sists in the win.

"We had a lot of communication today and we definitely played well," Cincire said. "We played the ball wide at the beginning and that's what allowed us to score our goals. I was able to hear my teammates well today, I knew where they were and we centered the ball when we had to."

CIncire and Walters connected for another goal in the 19th minute, extending Rochelle's lead to 3-1 before Walters completed the hat trick on a cross from freshman Diego Salazar in the 32nd minute. Capping off a stellar offensive performance, Walters took a corner kick for the Hubs in the 34th minute, using the wind to his aid and bending the ball into the Ottawa net. Leading 5-1, Rochelle received some help when Ottawa committed an own goal in the 38th minute.

"We definitely outhustled the other team and we need to continue doing that," Cincire said. "We don't have much depth right now, so we have to work together and push

each other."

(PHOTO BY RUSSELL HODGES)

Sophomore Diego Cincire battles for control of the ball during the Rochelle Hub varsity soccer match against the Ottawa Pirates on Wednesday. Cincire scored his first varsity goal in the victory.

Rochelle senior Sawyer McGee was named a finalist for the Illinois High School Tennis Coaches Association's Tom Pitchford Memorial Sportsmanship Award.

McGee named finalist for **IHSTCA Sportsmanship Award**

ROCHELLE — Rochelle Township High School senior Sawyer McGee was recognized by the Illinois High School Tennis Coaches Association as a finalist for the Tom Pitchford Memorial Sportsmanship Award this season.

The award highlights student-athletes across the state each year who display outstanding sportsmanship throughout the tennis season. A three-year member of the Lady Hub tennis program, McGee led the varsity team to a six-win season and a third-place finish in the IHSA 1A Rochelle Sectional during the fall. McGee also medaled in the sectional doubles tournament.

"I was very excited when I learned I had won this award," McGee said. "I was thankful to be considered for the award. It's a huge honor to even be thought of for the award and I'm grateful to be a finalist."

Hubs fall to unbeaten Indian Creek

Walters scores lone goal in 4-1 loss

BY RUSSELL HODGES

SPORTS EDITOR

ROCHELLE — The Hub varsity soccer team faced one of its toughest challenges of the season Thursday evening, when Rochelle hosted an undefeated and physically imposing Indian Creek crew for a nonconference matchup. Despite a lastminute score from senior Zane Walters, Rochelle ultimately fell short, losing 4-1 against the Timberwolves and moving to 2-4-1 overall.

While the Hubs possessed the ball for much of the first half, Indian Creek capitalized on its scoring opportunities, converting two right-footed crosses into the Rochelle box during the 16th and 30th minutes to open a 2-0 advantage. The Timberwolves used their speed on the outside and their size on defense to keep the Hub forwards and midfielders away from

"I was pleased with our possession overall," head coach Brad Male said. "I thought they were more aggressive on the ball than we were and I thought that was the difference in the game today. Their defense was very solid and we just couldn't get around them. We had a few good shots on goal today, but they were able to shut us down. We need to work better as

Indian Creek went ahead 3-0 in the second half, sending a shot with the wind from far outside the

Rochelle box that burned the back of the Hub net in the 50th minute. Looking to avoid a shutout, Rochelle found its first strike in the 74th minute, when senior

Juan Cincire assisted Walters inside the Indian Creek box for a goal that the Timberwolves countered quickly. After earning a free kick, Indian Creek sent the

ball into the Hub zone and scored in the 76th minute.

The Hubs will host Plano for Senior Night on Monday, April 5 at 4:30 p.m.

Lady Hubs take down Sandwich

RTHS wins 28-26, 25-21

BY RUSSELL HODGES **SPORTS EDITOR**

SANDWICH — The Rochelle Lady Hub varsity volleyball team won its second straight match Thursday evening, defeating Sandwich 28-26, 25-21 and improving to 2-4 on the season.

Senior Clare Green and junior Sylvia Hasz paced the Rochelle offense, with Green recording 25 assists and Hasz totaling 16 kills. Sophomore Addie Friestad collected seven kills and senior Alexis Sanford compiled eight digs for the Lady Hubs, who will face Rock Falls this weekend.

Sandwich opened the first set with the early advantage, pulling ahead 10-7 before Rochelle tied the match with a brief 4-1 run. The Indians led by as many as five points in the first set, but with the Lady Hubs trailing 23-18, Rochelle rallied to even the match once again, tying the set at 24-24 and ultimately finishing the set on a 10-3 run to take the 1-0 match lead.

With renewed confidence, Rochelle started the second set strong, building an 11-5 run and forcing Sandwich to call a timeout. The Indians remained within striking distance, however, bringing the Lady Hubs within two points and making Rochelle call a timeout of its own to stop the momentum. Winning 19-17 after the timeout, Rochelle went 6-4 over the final 10 points, with Hasz firing the match-winning

kill shot for the Lady Hubs.

NIU Football

Early enrollees learning on an off the field

Incoming freshmen already participating in spring practice

DEKALB — While many high school seniors are wrapping up the final months of their school year, there are a handful of young men on campus here at Northern Illinois University that have decided to get a head start on their college experience.

Quarterback Ethan Hampton, tight end Blake Kosin, offensive lineman Pete Nygra and cornerback Cyrus McGarrell are all on campus attending classes and participating in spring drills.

"Our early enrollees are really good players," NIU head coach Thomas Hammock said. "We had the same situation last year. You look at Ray Thomas. If he doesn't come in early, would he be ready to play? Just to go through the offseason and the conditioning, the training, I think that makes a big difference. Those guys coming in early have given themselves every opportunity to play early in their career."

Two of those early enrollees, Hampton and McGarrell, took unique paths to get to DeKalb. A native of Elburn,

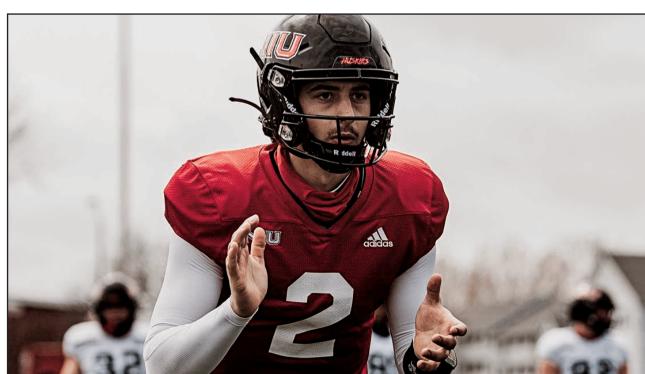

Hampton would be taking the field for his alma mater, Aurora Christian, this spring, if not for a decision he made in the middle of his junior year of high school.

"I originally planned to graduate early, back in February of 2020, before COVID was a thing really," Hampton said. "Then COVID hit, and it became a big thing. Were we going to have a season, were we not going to have a season? I was still practicing with the team. We got word in July, I think it was, that we were not going to have a season and I just decided it was probably best to move on from high school and honor that commitment I made to NIU."

While he made the decision to leave Aurora Christian, it wasn't a decision he made lightly.

"Obviously, I made a commitment to my high school as well, but I talked to my teammates and talked to my coaches and they understood the circumstances I was in and how fortunate I was to go to NIU," Hampton said. "They were backing me 100 percent and that made my decision easier. I would've loved to stay at Aurora Christian and play with them, but an opportunity comes and sometimes you have to make hard decisions, but I'm confident I made the right one."

Although Hampton was a peace with his decision to forgo the opportunity of staying high school one more semester to finish off his career at Aurora Christian, Hammock had some reservations at first, but feels

(NIU PHOTOGRAPHY)

Hampton's decision has put him in a good position

heading into next season. "Hampton, a quarterback from Aurora Christian, he's was one I kind of felt conflicted about," Hammock said. "Aurora Christian plays in the spring, but he wanted to come early and give himself a jump start on college. He certainly has done that, so he'll be in the mix."

While Hampton is from just down the road, McGarrell is from north of the border. The Huskie cornerback hails from Windsor, Ontario, Canada and continues a long-standing tradition of Canadian Huskies, that includes Huskie greats Patrick and Courtney Stephen, Orlando Bowen and Juwan Brescacin.

McGarrell, who graduated a year early from Holy Names Catholic High School in Windsor, Ontario, injured his collarbone his final year. Instead of waiting a full year to attend NIU, he came to the States, was able to reclassify, and was granted an extra semester of high school.

He spent the fall attending Clearwater Academy International where he was able to play football. Rather than take a semester off, just working out and to avoid "getting bored" as he put it, McGarrell wanted to get his career at NIU started.

"Since I'm already done with school, instead of taking another semester off and working out, I thought it would be better if I came in early to meet the team, get a head start and get some playing time before the season," McGarrell said. "It's great, I got even closer with the team. I've been able to experience what D-I football is all about. Spring ball has been a great experience so far. Hard practices, but I've been learning a lot so far. I like it a lot.'

McGarrell has already made an impression this

spring. "McGarrell is our No. 3 or 4 corner working at practice, with a chance to elevate himself," Hammock said.

The Huskies begin

their third week of practice Saturday morning when they take Brigham Field at 11 a.m. Fans will be admitted to the West Stands of Huskie Stadium but are not allowed on the field. Masks and social distancing are required and per state of Illinois regulations, tailgating is not permitted. Postpractice gatherings with players and/or coaches is prohibited. For more information

on 2021 NIU spring practices, visit Spring Central 2021 on NIUHuskies. com which will be updated with links to stories, videos and more.

CELEBRITY EXTRA

"The Last Blockbuster," and it brought back a lot of good memories. One of the actors interviewed was Eric Close. I hadn't seen him in anything in years. Wasn't he on a

Q: I was watching the Netflix documentary

131 **HALL**

A: Eric Close has been a regular on several prime-time shows, but you're probably thinking of "Without a Trace," where he played an FBI agent. It was a CBS mystery drama that ran from 2002 to 2009 and starred Close alongside Anthony LaPaglia and Poppy Montgomery.

police drama? -- E.M.

four seasons on the USA Network series "Suits" and then starred opposite Connie Britton on ABC's "Nashville." Close most recently appeared in the Hallmark movie "A Christmas Love Story." "The Last Blockbuster" is about, as the title suggests, the last remaining Blockbuster Video store. It's located in Bend, Oregon, and is run by general manager Sandi Harding, who is featured in

the documentary. Other celebrities featured include

comedic actors Paul Scheer ("The League"), who used to work at Blockbuster and has the pictures to prove it, and director Kevin Smith. Q: I was watching a classic episode of "The Office ''recently where Jim and Pam go to Michael and Jan's condo for dinner. Who is the woman who played Dwight's former babysitter, whom he brought to the party? It was driving me crazy because I know I've seen her in tons of movies

A: She's character actress Beth Grant. If the name doesn't ring a bell, you'd surely recognize

1. SCIENCE: Where is the world's

over the years. -- D.E.

her from such critically acclaimed movies as "Rain Man," where she memorably played the

farm woman who answered the door to Tom Cruise, and later played the pageant $official\,in ``Little\,Miss\,Sunshine." She\,was$ a regular on the TV comedy "The Mindy Project," which starred Mindy Kaling, who played Kelly in "The Office." If you want to scroll through the long

list of her many, many credits, go to IMDb. com and search under Beth Grant. She's quite an accomplished actress! Q: I'm so happy that Chris Meloni

He next appeared as attorney Travis Tanner for

Christopher

is returning to "Law & Order: SVU." When will those episodes air? -- B.S.

personal, he's had a change of heart. Meloni will now head up a new "Law & Order" franchise, "Law & Order: Organized Crime." On April 1 on NBC, Meloni will return home to "SVU" for a special episode opposite his former co-star and friend Mariska Hargitay, followed by the premiere

A: It's been a decade since Meloni left the hit

show after contract negotiations fell through. He recently told "People" magazine that he felt he

would never return, but for reasons he says are

of "Organized Crime." In the newest "L&O" spinoff, Meloni will reprise his role as Elliot Stabler, who returns to the NYPD to take on the city's most powerful organized crime syndicates. Tamara Taylor ("Bones") and Dylan McDermott ("American Horror Story") round out the cast. Send me your questions at NewCelebrityEx-
