More funds distributed to agencies

ROCHELLE — The second presentation of checks to local not-forprofit groups from the From the Heart commitafternoon.

The final two groups were presented with their \$7,000 checks by committeeman Dave Ecktee was held Thursday hardt and representa-

tives from the Rochelle Rotary Club including President Greg Folmar and President-elect Sarah Flanagan.

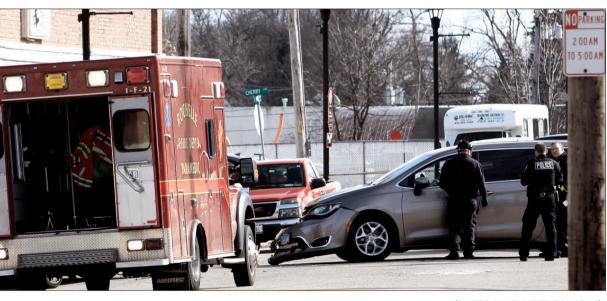

"We are just so happy

to be able to give each group \$7,000 this year," Eckhardt said.

The groups receiving checks on Thursday include Shining Star Children's Advocacy Center -Michelle Folkers, and the Rochelle Christian Food Pantry – Mary Gensler.

Two-car accident

(PHOTO BY JENNIFER SIMMONS)

The Rochelle Police and Fire Departments were called to the intersection of Fourth Avenue and Main Street Thursday afternoon for a two-vehicle accident. At 3:56 p.m., emergency responders blocked off the street at Fifth Avenue while crews tended to the drivers involved in the accident. One person was transported to Rochelle Community Hospital for treatment of minor injuries. Rochelle police cited Marla Bearrows, 64, of Rochelle, for failure to yield to oncoming traffic.

Positivity rate up

BY BRAD JENNINGS

OGLE COUNTY LIFE EDITOR

OREGON – Ogle County's COVID-19 positivity rate was up to 4.7 percent, the Ogle County Health Department administrator told the County Board at its March 16 meeting.

Kyle Auman said while the positivity rate in the region was 2.6 percent, it was up in Ogle County. He said the reason was due to "several outbreaks" in the county. One was a large outbreak that was related to athletics at an area school. He did not say which school. One was related to a nursing home and the other one to a local business.

Pathway to fully reopen state announced

Expands vaccine eligibility to all residents 16 and up on April 12; Bridge Phase between Phase 4 and 5 of Restore Illinois Plan to allow for faster reopening of economy

CHICAGO— Governor Pritzker and Illinois Department of Public Health (IDPH) Director Dr. Ngozi Ezike Thursday announced a metrics-based, vaccination-informed framework for Illinois to advance to Phase 5 of the state's Restore Illinois Plan, our new normal. In recognition of an increasing national vaccine supply and the state now averaging 100,000 vaccine administrations per day, Governor Pritzker also announced that all Illinois residents age 16+ will be eligible for the COVID-19 vaccine starting April 12th, with additional announcements to come about populations who will be made eligible prior to universal eligibility.

of the five-phase Restore Illinois mitigation plan. with Phase 5 comprising a post-pandemic normalcy as detailed here. The newly announced metrics offer Illinois a bridge between the state's current Phase 4 restrictions and the "new normal" operations of Phase 5. This "Bridge Phase" will serve as a transition period with higher capacity limits and increased business operations, without prematurely embracing a reckless reopening before the majority of Illinoisans have been vaccinated. All regions of the state will move through the Bridge Phase and ultimately to Phase 5, together. The state's mask mandate will continue in accordance with current CDC guidance.

gone away, but the light we can see at the end of the tunnel is getting brighter and brighter as more people get vaccinated," said Governor JB Pritzker. "It's time to begin to cautiously move toward normalcy, and it's imperative that we do so in a way that maintains all the progress we've made to date. With projections from the Biden Administration indicating that weekly vaccine deliveries to Illinois will surpass one million doses in April, it is fully in our power to turn the page on this dark and devastating chapter even as we race a tough clock: the new variants. I invite all Illinoisans to join me in wearing your mask and getting vaccinated when it's your turn. Step by step, we can get out of this the same

we came into it-together." "We want and need to move forward, but we must be measured and cautious in the approach," said IDPH Director Dr. Ngozi Ezike. "Rather than flipping a switch and saving we're now in Phase 5, we're looking at it more like a dial – dialing back some of the capacity restrictions that helped reduce transmission, and ultimately the number of new cases, hospitalizations, and deaths. We don't want to move too quickly and risk a significant reversal of our

"We are proud to have worked alongside IDPH and our industry partners to craft guidelines that will allow a safe return for some of the biggest economic drivers in our

state," said Sylvia Garcia, Acting Director of the Department of Commerce and Economic Opportunity (DCEO). "This measured approach to reopening under Governor Pritzker's Restore Illinois plan will help support a sustained economic recovery for our businesses and communi-

Metrics and guidelines

As Illinois moves towards our new normal, the administration is outlining clear metrics that will allow the state to continue progressing in the battle against COVID-19 without sacrificing the gains made over the last twelve months.

Exelon donates to Habitat

OGLE COUNTY — Exelon Generation Company recently made a \$10,000 donation to Ogle County Habitat for Humanity. The 2021 grant award was announced by Habitat executive director Vanessa

White-Broome and Habitat president Gail Tuttle.

"We would like to thank the Exelon Generation Company and Paul Dempsey, Byron Station Communications Manager, for their generous corporate

giving that helps our non profit organization and many others to grow and thrive," White-Broome said. "Special thanks to Staci Sprouse of Exelon as well for her guidance with online grant questions."

Through their philanthropy, the Exelon Generation Company continues to help Ogle County Habitat for Humanity and others sustain services that are impacting and making a difference in the community.

RCH Welcomes New Orthopedic Surgeon, Dr. Gadini Delisca!

Providing expert orthopedic and sports medicine care to patients of all ages.

The Family Healthcare Clinic at Rochelle Community Hospital welcomes orthopedic surgeon Dr. Gadini Delisca. As passionate about joining the community as he is about providing expert orthopedic and sports medicine care, Dr. Delisca chose a general orthopedic focus to serve patients of all ages. From fracture care, treating arthritis and carpal tunnel, to hand, foot and ankle procedures, and joint replacement surgery, Dr. Delisca helps patients "get back to living again." Call 815-562-3784 to make an appointment or for more information.

The right care, right here in Rochelle. Visit **rochellehospital.com** to learn more.

Montoya joins credit union

LOVES PARK-Rock Valley Credit Union, a local and independent financial institution that offers personal solutions for individual and family banking needs, is pleased to announce that marketing professional Ana Montoya has been named Community Outreach Director.

In her new role, Montoya is responsible for RV-CU's public relations initiatives, including brand promotion, community financial education and organizational philanthropy.

She holds an associate's degree in human resources from Blackhawk Technical College and a bachelor's degree in marketing from Upper Iowa University.

Prior to joining the credit union, Montoya worked in healthcare marketing. There, she led advocacy efforts acting as the voice for underserved populations at the local and state level, oversaw the marketing and communications department and organized community presentations. She also dedicates her free time to improving her community, serving on the boards of Stateline Boys and Girls Club, Beloit Rising Professionals and Family Services of Southern Wisconsin and Northern Illinois.

"We are pleased to have Ana on board at Rock Valley Credit Union," said Darlyne Keller, President and CEO of RVCU. "Her obvious dedication to the community certainly will be an asset, as we continue to pursue our mission to educate, relate, serve and grow. We know her enthusiasm and expertise will be a perfect fit here at RVCU.'

For more information about Rock Valley Credit Union, visit rockvalleycreditunion.org

About RVCU

Rock Valley Credit Union is a not-for-profit financial institution owned and operated by its members since 1968. Its 16,800 members are in Winnebago, Boone, Ogle, DeKalb, Lee and Stephenson Counties and Green, Rock and Walworth Counties. RVCU prides itself in customized services for each of its members and is dedicated to supporting more than 20 community events and organizations each year. RVCU is headquartered in Loves Park, with additional locations in Rochelle and Machesney Park. For more information, visit rockvalleycreditunion.

Annual support provided by First National Bank, Northwestern Medicine, Shaw Media, and Tapa La Luna. For more information, visit www.egyptiantheatre.org.

PLAN: Limits placed on higher capacity places

From page 1

The bridge to Phase 5 allows for higher capacity limits at places like museums, zoos and spectator events as well as increased business operations. As with all mitigations the administration has implemented to combat the virus to date, the Bridge Phase is based on science and was developed by health experts.

To advance into the Bridge Phase, the entire state must reach a 70 percent first dose vaccination rate for residents 65 and over, maintain a 20 percent or lower ICU bed availability rate and hold steady on COVID-19 and COVID-like illness hospital admissions, mortality rate, and case rate over a 28-day monitoring period. To advance to Phase 5, the state must reach a 50 percent vaccination rate for residents age 16 and over and meet the same metrics and rates required to enter the transition phase, over an additional 28-day period.

To prevent a large increase in new COVID-19 cases, Illinois will revert back to an earlier phase if over the course of 10 days the state experiences an increasing trend in COVID-19 and COVID-like illness hospital admissions, a decrease in ICU bed availability, an increase in the mortality rate, and an increasing case rate.

In an update to current Phase 4 mitigations and the capacity limits of the bridge to Phase 5, individuals with proof of full vaccination or a negative COVID-19 test (PCR) 1-3 days prior to an event or outing do not count against capacity limits. The mitigation plan announced today also includes additional adjustments to current Phase 4 mitigations, made in coordination with business leaders and health experts, to ensure mitigations reflect the latest science and are consistent across industries.

As regulations are rolled back gradually in the weeks ahead, Illinoisans should continue practicing the public health guidelines that have kept us safe during the pandemic, including wearing face coverings and maintaining social distance.

"Today's announcement provides what retailers across Illinois have been seeking: a clear path forward to a full

re-opening that will help stem the devastation the pandemic has inflicted on the industry. This will also help bring some financial stability to state and local governments that rely on the vital revenue stream retail generates. With the expanding availability of vaccines – including those offered at hundreds of retail pharmacy locations across Illinois – we are hopeful the pathway toward a full re-opening will be a short one," said Rob Karr, President and CEO, Illinois Retail Merchants Association.

"The plan outlined by Governor Pritzker is a step in the right direction, and we appreciate him understanding the need for a roadmap to allow hotels and convention centers to hold larger meetings and events," said Michael Jacobson, President and CEO, Illinois Hotel & Lodging Association. "This underscores the importance of providing clarity to event planners, supports our shared goal of getting people back to work safely, and illustrates why the Governor's announcement reflects his desire to serve as the chief marketing officer for the state.'

"While we still have a long way to go, today's announcement is an important step towards recovery," said Sam Toia, President and CEO, Illinois Restaurant Association. «We have urged Governor Pritzker to set a path to allow for expanded events with extensive safety measures in place, and this pragmatic approach to loosening restrictions will greatly enhance business opportunities for restaurants, event companies, conventions, and culinary tourism — all of which are critical to Illinois' economic

COVID-19 vaccine availability Since the COVID-19 vaccine was first made available

in Illinois last December, the state has administered over 4.3 million doses. Through partnerships with local health departments, pharmacies, community health centers and other care providers, the state is currently administering an average of 100,000 vaccines each day. So far, the state has administered the COVID-19 vaccine to more than 1 in 4 Illinois adults over the age of 16, including over 58 percent of Illinoisans ages 65 and over.

Since coming into office two months ago, the Biden Administration has taken the weekly vaccine distribution to states from 8.6 million when it came into office to over 16 million this week. Back in December, the first shipment that came into Illinois was about 109,000 doses. This week, including the federal government's allocations for pharmacy partners, community health centers, the United Center and the City of Chicago, more than 800,000 doses were delivered to Illinois. Based on current projections, the state expects that number to surpass one million doses a week in April.

Thanks to an increased allocation of vaccine doses from the federal government, all Illinois residents will be eligible to receive the vaccine beginning April 12th. At that date, all state-supported mass vaccination sites, local health departments, pharmacy partners – in short, every jurisdiction that receives vaccine from the State of Illinois' allocation - will be instructed to move to widespread eligibility.

Currently, all vaccines are administered by appointment only. While vaccine eligibility is expanding on April 12, making an appointment to receive a shot may take time. Information regarding vaccination locations as well as details on how to book an appointment to receive the vaccine can be found at the state's COVID website, coronavirus. illinois.gov. Residents who don't have access to or need assistance navigating online services can call the toll-free IDPH hotline at 833-621-1284 to book an appointment. The hotline is open seven days a week from 6 a.m. to midnight with agents available in English and Spanish.

Illinoisans who are not currently eligible to receive the vaccine cannot schedule an appointment for a future date. Residents are encouraged to be patient in the days and weeks following April 12th as vaccination appointments may be limited.

To date, the FDA has authorized the Pfizer/BioNTech COVID-19 vaccine for use in 16- and 17-year-olds as well as adults. The Johnson & Johnson and Moderna COVID-19 vaccines are currently FDA authorized for use in those 18 and older.

Governor announces income tax filing extension

SPRINGFIELD—Gov. Pritzker announced Thursday that his administration is extending the individual income tax filing and payment deadline from April 15 to May 17. The Illinois Department of Revenue will continue to process tax refunds for those filing ahead of the

The filing extension does not apply to estimated tax payments that are due on April 15, 2021. These payments are still due on April 15 and can be based on either 100 percent of estimated or

90 percent of actual liability for 2021, or 100 percent of actual liabilities for

According to IDOR, 2.4 million taxpayers have already filed their individual income tax returns to date. Over 79 percent of the taxpayers that have already filed are expecting a refund this year. Last year, over 6.4 million income tax returns were filed, and 87 percent of people filed electronically.

"The fastest, most secure way to receive a refund is to file tax returns

electronically and request a direct deposit into a checking or savings account," said David Harris, Director of the Illinois Department of Revenue. "The filing extension for individual income tax takes effect automatically, so no further action is required by taxpayers to take advantage. For taxpayers awaiting a refund, utilize IDOR's Where's My Refund? to locate specific information about the status of any refund due."

Free filing of Form IL-1040 is available through MyTax Illinois. Individuals may also utilize MyTax Illinois to make payments, respond to department inquiries, and check the status of their Illinois Individual Income Tax refunds using the Where's My Refund? link. Taxpayers may also look up IL-PINs, amounts of any estimated tax payments made, and (when necessary) amounts reported on Form 1099-G with MyTax Illinois.

For the most up-to-date information, forms, schedules, and instructions for the 2020 tax year, please visit IDOR's website at: tax.illinois.gov.

NIU reveals Huskie Pride Lights initiative

DEKALB — Celebrating the accomplishments of fellow Huskies is an important part of the NIU experience and one of the most visible is the relatively new tradition of lighting the tower on the Holmes Student Center red to acknowledge a special achievement or day.

It's a stirring symbol that can be seen for miles in every direction, but it also comes with challenges. How best to determine when to light it up, and how to communicate what is being commemorated?

A cross-campus committee with representatives from the student center, student affairs, faculty, student government, athletics, the president's office, and university communications developed a policy to formalize what types of achievements and days will be celebrated and how to promote it. That proposed policy was reviewed by the policy library committee and approved by President Lisa Freeman on March 16. The initiative was given

the name Huskie Pride Lights to tie in the lighting of the HSC with the iconic Huskie Pride Sculpture located just across the Martin Luther King Jr. Commons.

"We are excited to launch the Huskie Pride Initiative," said President

Freeman's Chief of Staff, Matt Streb, who chaired the committee. "There are so many great moments and accomplishments happening at NIU and now our community will know when something special happens at NIU because they will see the HSC tower lit red. We believe this will be the start of a wonderful new tradition.'

The tower will be lit red during the following university events: Commencement Weekend, Homecoming Weekend, NIU's Anniversary (July 15), Welcome Days, Undergraduate Research and Artistry Day, Faculty and Staff Awareness Ceremonies, Red and Black event and Special events at the Holmes Student Center.

Additionally, the tower will be lit red in recognition of the following athletic achievements: Mid-American Conference Championships (individual or team), NCAA Tournament wins, NCAA Tournament selection (individual or team), Bowl game wins, Boneyard (Power Five) wins in all sports

Other occasions to light the tower red will come about when the university receives national recognition, or at the president's or president's designee's discretion.

Pictured are Rochelle Rotary Club President Greg Folmar, Pegasus **Special Riders Board Member Shar Meadows and From** the Heart **Committeeman Dave Eckhardt. Eckhardt** announced Thursday that Pegasus would be added to the From the Heart recipient list beginning next year.

FUNDS: New recipient added for 2022

From page 1

Last week, the first group of recipients was presented with funds. Those groups included the Rochelle Area Community Foundation, HOPE of Ogle County, Focus House, Hub City Senior Center and CASA.

Money for each of the not-for-profit groups is raised annually through

the Rochelle Rotary Club From the Heart event which was held at the beginning of February. Due to COVID-19, this year's event was held virtually, complete with an online auction. Annual Cash Calendar sales also contribute to the funding.

This year the event raised the most money it ever has, allowing for each group to receive \$7,000. The money for the groups comes from the From the Heart event as well as the Rochelle Rotary Club Cash Calendar sales.

New recipient in 2022

Also at the presentation lunch on Thursday, Eckhardt announced that another not-for-profit will

be added to the recipient list next year.

"We are adding Pegasus Special Riders to the recipient group next year," Eckhardt said. "We are excited to be able to add them to the recipients of the From the Heart proceeds."

Board member Shar Meadows was present Thursday for the announcement.

COUNTY: Event leads to outbreak

From page 1

The week before, the Ogle County Health Department sent out a release saying it was investigating several COVID-19 positive cases with potential links to Chesty P's in Polo.

The department said the potential exposure occurred at an event on Feb. 27. It encouraged anyone who visited this establishment on Feb. 27, or the days following the event,

to consider getting tested for COVID, especially if they were experiencing any of the COVID-19 symptoms.

"(We are) working on those and trying to contact trace those the best we can," Auman told the He said in the last year,

the county has had 5,184 total COVID cases, with 77 deaths. He said the county has administered 15,286 vaccines, and that 11.9 percent of the county's population is vacci-

After some shortages, Auman told the board that the vaccine allocations have improved. He said the week before, the county had received 1,400 doses and 1,200 the week of the meeting. This week, another 1,200 doses were expected.

"We seem to be making pretty good headway in our mission," he said of vaccinating the popula-

Auman said the county is also working on several "breakthrough" cases, which is when a fully vaccinated person becomes positive. He said the Centers for Disease Control is being involved in those cases.

As for when people under the age of 65 will get the vaccine, that is unclear.

"I can't give an exact date," Auman said.

Local students named to Marquette University's fall 2020 Dean's List

MILWAUKEE—The following students have been named to the Dean's List for the fall 2020 semester at Marquette University in Milwaukee, Wisconsin.

To make the Dean's List, students must have

earned at least 12 credits for the fall 2020 semester and have no disqualifying grades. The GPA threshold varies by college - for the College of Education and the Klingler College of Arts and Sciences, undergraduate students must have at least a 3.7 to be named to the Dean's List.

The undergraduate GPA requirement is 3.5 for the following colleges: the Diederich College of Communication, the College of Business Administration, the College of Health Sciences, the Opus College of Engineering and the College

of Nursing. All other programs have a 3.75 GPA minimum.

Local students include Emma Mehrings. pursuing a Bachelor of Science in Accounting; Paige Myroth, pursuing a Bachelor of Science in Biomechanics; and Abigail Tilton, pursuing a Bachelor of Science in Human Resources, all of Rochelle.

Marquette University is a Catholic, Jesuit university located near the heart of downtown Milwaukee, Wis., that offers a comprehensive range of majors in 11 nation-

ally and internationally recognized colleges and schools.

More than 8,000 undergraduate students and 3,500 graduate and professional students attend Marquette University; nearly all states and 64 countries are represented.

In addition to its nationally recognized academic programs, Marquette is known for its service learning programs and internships as students are challenged to use what they learn to make a difference in the world. Find out more about Marquette at marquette.edu.

RELIGION

The key to being truly content

Joyce Meyer

T seems there are very few people who are consistently content with life. It's more common to be up and down mentally and emotionally, depending on what our circumstances are. So I want to ask you: How content are you? Are you consistently enjoying your life?

In the book of Philippians, the apostle Paul not only teaches about the importance of having the joy Jesus gives, but he says that he learned "how to be content (satisfied to the point where I am not disturbed or disquieted) in whatever state I am" (Philippians 4:11 AMP). And it was a life-changing revelation for me when I understood that my joy and contentment don't have to be based on my circumstances.

Being content doesn't mean you never want anything to change or to have anything else in your life. It means you can be satisfied to wait with a good attitude for whatever God chooses to do in your life. It means that even when you want something to happen, you still trust God enough to believe that if He doesn't give you what you want, He has your best interest at heart. And you'll find that what He gives you is better than what you thought you wanted to begin with.

The world is full of problems and we all have times when things don't go the way we planned. So it's wonderful when you get to the point that you can be happy even when youdon't get your way.

I've learned that since the world probably isn't going to

change, then I need to change my approach to circumstances—my attitude and my expectations. And it was a great breakthrough for me when I

discovered that God wants me to have great expectations of Him. He wants me to put all of my hope in Him and exercise my faith in Him to do great things in my life.

Ephesians 3:20 says that God's power that is working in us "is able to [carry out His purpose and] do superabundantly, far over and above all that we [dare] ask or think [infinitely beyond our highest prayers, desires, thoughts, hopes, or dreams]" (AMP). I love these words: superabundantly, far over and above ALL

that we dare to ask or think. It's so important for us to

put our expectations in the right place — in God. We serve an awesome God, and

I want to encourage

you to ask Him to do great things in you and through you. What are you ask-

ing God to do for you? Do you believe He loves you unconditionally and He has great plans for you?

Do you trust Him to take care of your needs and that everything He asks you to do is for your good? We need to resist thinking

that God can't do anything for us because of our weaknesses and faults. He isn't expecting us to be perfect; He wants us to have faith in Him. God wants us to put ALL of our hope and ALL of our expectation in Him. He wants us to trust Him to do what's best for us in the way He chooses to do it. He wants us to give Him the credit for the good things He does in our lives.

Sometimes we are discontent and disappointed because we think we're expecting something from God but in reality, we're expecting someone else to give it to us. For example, we pray for a raise or promotion and don't get it so we get mad at our boss. Or we ask God to make our children behave better or our spouse to be more sensitive and thoughtful and when they don't do what we want, we get mad at them.

We need to look to God

to provide what we need and what we want. This means we trust Him, no matter what other people do or what circumstances look like. It's not wrong to put realistic expectations in the people we have relationships with, but no one is perfect, and people will disappoint us sometimes. We can get rid of a lot of disappointment and discontentment by learning how to put our hope and expectation in God first and foremost.

God cares about everything about you and everything that concerns you. He wants to be good to you and Hewill never disappoint you. Give Him all of your heart and put all of your hope and expectation in Him. You can have true contentment and satisfaction in Christ.

Terry

I would still like to see some of those neat yellow crossing lights in key spots on Seventh Street as well. When school is in session I always see middleschoolers running for their lives at Tenth Avenue. One by the library would be nice too.

Here we are, one year into the COVID crisis.

In case no one has mentioned it, this disease has destroyed families and businesses throughout our land.

On April 17 flags will be raised to full staff following a COVID memorial service in Springfield. Flags have been lowered for the past year as a visual reminder of the deaths this disease has caused.

There should be a COVID Memorial Day, when we take time to remember those who have died because of CO-VID. The death toll is still rising. Not as quickly, but deaths are still occurring.

Letter to the Editor

Adopting more renewable materials

Dear Editor,

March 18 was Global Recycling Day, a day dedicated to recognizing the role recycling plays in promoting a more

circular economy that reduces our reliance on finite natural resources. As we celebrate the benefits of recycling, we should also consider other steps that can be taken to securing our

planet's future, including the use of more renewable plant-based materials.

Many of the products we use every day, from packaging to plastic car parts to yoga pants, are often made from petroleum, a finite resource that comes from

the extraction of carbon embedded deep in the Earth. While recycling can play a role in helping to extend the life of some of these

materials, some may still end up as pollution, and some may end up as new carbon dioxide in the atmosphere if recycling is no longer an option. As an alternative, many of these products can be made from

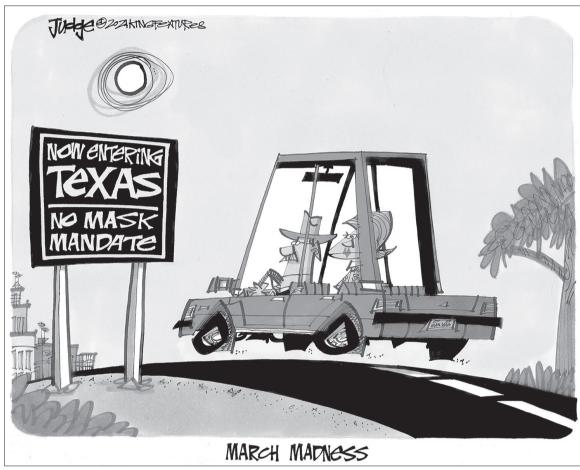

renewable, plant-based materials, like hemp, corn, soy, algae, and agricultural waste. These plants actually take carbon out of the atmosphere as they grow. Further, like their petroleumbased counterparts, many plantbased products are recyclable

or commercially compostable. These factors combine to help drive a circular economy - one where sustainable products are in use longer, waste is reduced and fewer finite resources are

utilized. The Plant Based Products Council works every day to support the transition to a circular economy that includes adoption of more renewable materials. Global Recycling Day reminds us to keep advocating for solutions that help ensure a more sustainable future.

Jessica Bowman

Executive Director, Plant Based Products Council Washington, D.C.

Always keep a light on government

T sure didn't feel like it, but last week was Sunshine Week.

No, that is not a week of warm, wonderful sun. Sunshine Week is a week set aside annually to celebrate how important open government is to our democracy, and how freedom can die if the business of government is done in secrecy.

As a journalist, Sunshine Week has been something we used to show the public how they can keep the government-local, state and national – honest and open. You want minutes from a board meeting? They are available to you. Do you want to know the salaries of all of the people who work for the county? This is also an open record. Want to know if your crazy cousin Al got arrested last week? You can find out.

People love to hate on the press these days even more than usual. I know in my 30 years in the field, I have gotten used to people whining about "the media." That is especially true of politicians, because they hate it when journalists ask them tough questions. They prefer the backroom deals while we want them done in the light.

Contrary to what some elected officials tell you, journalists are not your en-

emy. Quite the contrary, they work tirelessly to keep you informed. Sure, some national news media people are more about personality than journalism, but there are people across the country right now working hard to cover local governments for little pay, almost no glory and are getting a lot of grief for it.

I salute them now, and I will always salute them. Our democracy depends on them.

When I was editor of daily newspapers, we would use Sunshine Week to shine a light on how our local governments were doing their jobs. For example, we would use an open records request to ask the county government to supply salaries for all employees. Or we would send a citizen to the city clerk and request all travel expenses for council members for that calendar year and report on their experi-

> ence. These are all open records and should be available to everyone. We would write about our experiences and tell the public how

> they can access these records and more. It was a wonderful exercise in democracy. Sometimes there would be pushback, and we would report on

that too. When we requested the

salary information from the local power supplier - a public entity - its manager balked. We reminded him, and the entities lawyer, that these were public

records. Eventually, they came around before we had to file suit.

One paper I worked at had the salaries of all public workers – schools, county, local municipalities – available on a database on our Website. If you think that made us popular with public workers, you would be wrong. If you think it was a popular feature with the public, you would be right.

Also, if you think only national elected officials can be dirty, you are wrong. The guy you have known since grade school who is now on the local school board could be as crooked as they come. And do you know what your local county board is doing with your money?

Well, I do. I am at every county board meeting (via Zoom for the last year). And if you ever wonder, you can go to the county and ask for any record you want to see. You have that right.

So, let's celebrate our democracy and those who help preserve it. We should always keep the heat on government.

Brad Jennings is editor of the Ogle County Life.

LETTERS TO THE EDITOR POLICY

The Rochelle News-Leader encourages responsible letters to the editor on subjects of interest to our readers. Editing may be necessary for space, clarity or to avoid obscenity or libel, but ideas will not be altered. All letters must bear the handwritten signature of the writer and include address and phone number or e-mail address for verification purposes. Neither the street address nor phone number will be printed. Letters should be typed or legibly

handwritten, and no anonymous letters will be published. Any letters from boards or organizations must include at least one name of an individual. Any criticism of public officials should be limited to issues related strictly to their position or actions made in office, as personal attacks will not be published. Letters involving private disputes between the writer and a business will not be published. Political endorsements will be published,

Curt Ward

however letters rom candidates endorsing themselves will not be printed. Letters may be dropped at the News-Leader office (211 IL Route 38 East), mailed to the News-Leader (P.O. Box 46, Rochelle, IL 61068) or e-mailed (news@rochellenews-leader.com.) The News-Leader reserves the right to edit or reject any letter to the editor for any reason, and letters chosen for publication do not necessarily reflect the views of this newspaper.

COMMUNITY

Pictured at left is retiring custodian Richard Koch. At right, Steward School Superintendent Lowell Taylor thanks him for his many years at Steward School.

Steward honors Koch at retirement

STEWARD — Steward School Superintendent Lowell Taylor recently honored Richard Koch for 11 years of service to the school district as a custodian, sharing, "Mr. Koch could fix about anything."

Among the services provided to the school district were maintenance, repair, upkeep, and miscellaneous duties through his time with the district.

"As a smaller school, it's always been important for everyone to pitch in and help in any way possible. We've been a good team through the years and wish Mr. Koch the best in the

future," shared Superintendent Taylor.

Mr. Koch is a lifelong resident of Rochelle and enjoys many rural hobbies. including farming and agriculture-related equipment.

STATE NEWS

Vote-by-mail, curbside voting expansion passes House

Measure still needs approval from state Senate

BY SARAH MANSUR

CAPITOL NEWS ILLINOIS/SMANS-UR@CAPITOLNEWSILLINOIS.COM

SPRINGFIELD —

The Illinois House passed a bill Thursday that would make permanent some vote-by-mail and curbside voting expansions that the state adopted ahead of the 2020 presidential election due to the COVID-19 pandemic.

House Bill 1871, sponsored by Democratic Rep. Katie Stuart, of Edwardsville, passed 70-41, and takes effect immediately. Under the bill, Illinois can use federal funds distributed to states for election administration through the 2002 Help America Vote Act to create and maintain secure collection sites for mail ballots.

The bill also allows election officials to legally maintain postage-free collection sites where voters can return their mail

"As I said before, I think we need to make these drop boxes available across the board," Stuart said on the House floor. "I look forward to working with

people across the aisle to come up with ways, and come up with the regulations that we are going to put on those drop boxes."

It would not require local election officials to mail or email vote-by-mail ballot applications to voters who cast a ballot in previous elections. This measure was included in the previous vote-by-mail law for the 2020 general election but will not be extended.

Curbside voting, which allows for an individual to fill out a ballot from their vehicle in a designated zone outside the polling place, would be allowed in all elections for certain persons, if local election authorities choose to use them. If enacted, the legislation would allow for voters with temporary or permanent disabilities to engage in curbside voting on Election Day or on early voting days.

The bill would also expand mail voting by mandating that all election authorities accept a mail ballot even if it is returned with no postage or not enough postage.

The law would deem

"We need to make sure that everyone has the best access and the right to vote, but we must also make sure that our elections are totally secure, and in this age, we have dangers from all over the place trying to tamper with our elections."

Rep. Tim Butler

Rep. Mark Batinick, R-Plainfield, speaks on the House floor Thursday in opposition to a bill that expands vote by mail and curbside voting in the state. The bill passed the House 70-41.

ballots received after business hours as having arrived the next day, except for ballots dropped off after hours on Election Day, which will be treated as having arrived on Election Day.

Some House Republicans took issue with the bill's requirement that the Illinois State Board of Elections provide guidance, rather than rules, for securing collection sites.

Rep. Tim Butler, a Republican from Springfield, said the bill's provision that the collection sites be secured with locks, which may only be opened by election authorities, does not go far enough to protect election ballots.

"I think here in Illinois, we need to set in statute or give much more authority to the elections board to come up with rules to do these the right way," Butler said. "We need to make sure that everyone has the best access and the right to vote, but we must also make sure that our elections are totally secure, and in this age, we have dangers from all over the place trying to tamper

Republican Rep. Mark Batinick, of Plainfield, said the bill should clarify where drop boxes can be permitted in order to prevent local election authorities from using drop box locations to impact the outcome of

with our elections."

"If somebody is going to put a drop box only in Democratic precincts, or only in Republican precincts, you can easily tip the scale of a local election. It is going to be very easy to use this process because we have no standards as to where these drop boxes have to go. An enterprising clerk can take advantage of this and tip the scales one way or another. That's why we're looking for standards. Imagine what's going to happen if somebody does that. People are going to feel disenfranchised," Batinick said.

House Republicans also raised the question of whether federal HAVA funds can be used by election authorities to secure and maintain drop boxes when the election is local, such as the consolidated elections set on April 6.

Matt Dietrich, a spokesperson for the state Board of Elections, said HAVA funds can't be used to purchase new drop boxes as those funds are only for election security. "What HB 1871 would

do is allow jurisdictions that already purchased drop boxes for the 2020 General Election to continue using them in future elections. When the special 2020 election law expired, there was no provision in the Election Code that allowed for use of drop boxes," Dietrich said in an email.

With Off-Season Air Conditioning
If you qualify, local utility companies may offer rebates towards your new system.**

Dear Neighbor:

I have great news for your wallet if your furnace is over 12 years old. Allow me to explain... Every year, the months of February & March can be slow for my business. I employ great people and want to keep them working during these long, slow months. That is why I've come up with a Win-Win Situation for both of us.

Every year, the big manufacturers of furnaces & air conditioners. like Amana, guess how many to build to meet the demand. Of course, they're never exactly right. So, they always have some inventory that they must hold over until the next summer season. I went to one of these companies

and contracted for the purchase of twenty-two Deluxe furnaces and air conditioners in the four most popular sizes used in Ogle County. And, because of the quantity and time of year, I was able to buy them at drastically reduced prices.

They are brand-new Deluxe Models. They are NOT the seconds or "blems" or standard "builder" models. They are factory-fresh furnaces and air conditioners and have a full 10-year factory

How To Get A Furnace For Peanuts

If you are interested in a new heating/cooling system (but only if one of the four sizes I have will fit your house, of course), I am "giving" you the furnace and all I ask for is the \$941 in labor & material costs for installation.

Perfect Fit For Your Home

I will come out and measure your home (and determine the availability of the proper size). Don't forget, I only have 22 matched Deluxe systems in four sizes. When they are gone, this remarkable offer ends also. Just call Bre at 815-562-4440.

Absolutely No Obligation

After I completely explain the installation, there is absolutely no obligation. If you decide you don't want to take advantage of the spectacular savings... That's OK.

You Can Buy With NO Cash

You don't even have to pay me right away. I have set up a terrific 0%* payment plan.

Fuel Efficiency Guarantee** I'm so confident that you will save at least 25% on your heating and cooling bills (I'm projecting

Why This Offer Can't Last

more like 30%), that I will pay you the difference for a year if you don't! I'll show you exactly how this works. If these heating and air conditioning systems were not among the best on the market, I couldn't afford to make such a promise.

I only have a few of each of the four sizes. When all of the air conditioners are sold and all the furnaces are "given" away, that's it. There are no more at this price. Call Bre now at 815-562-4440 to set up an appointment for your no-obligation survey.

May School students recently celebrated Dr. Suess Week with a variety of activities.

May School staff has been playing "Lucky Ducks" in the month of March. Teachers were given a rubber duck and the first challenge was a duck fashion show. Pictured is the winner. The next challenge was to take the duck on an adventure. Pictures are posted to the May School Facebook page and followers vote for their favorites. The winning staff member gets bragging rights and a food gift card.

Two separate bank inquiries lead to forgery arrest

On March 16 at 1:21 p.m., deputies were called to the Stillman

Bank in Oregon for a report of a female cashing a forged check using stolen identification. At approimately 1:33 p.m., the

Byron Police responded to the Stillman Bank in Byron for a report of a female cashing a forged check using the same checking account and identification as the call at the Stillman Bank in Oregon. After a joint investigation with the Byron Police Department, Tanya Thomas, 52, of Columbus, Ohio, was located and charged with two counts of Forgery, one count of possession of stolen property and one count of identity theft. During the investigation, it was learned that the car burglaries that occurred in Davis Junction over the weekend of March 11 were connected. No arrests were made in those cases at this time as the investigation is pending.

On March 16 at approximately 11:41 p.m., deputies initiated a traffic stop in the 19000 block of East Illinois Route 72 in rural Fairdale. After further investigation, Kyle Kanuch, 27, of Kirkland, was placed under arrest for driving while license suspended. Kanauch was also cited for operating an uninsured motor vehicle and no registration light. Kanauch was transported to the Ogle

County Jail where he was held in lieu of bond. On March

16 at approximately 11:39 p.m., deputies initiated a traffic stop in the 14000 block

of West Coffman Road in rural Forreston. After further investigation, Peter Hernandez, 28, of Rockford, was placed under arrest for driving while license revoked. Hernandez was also cited for loud exhaust and no registration light. Hernandez was transported to the Ogle County Jail where he was held in lieu of bond.

March 17

On March 17 at approximately 2:42 p.m., deputies initiated a traffic stop at Illinois Route 251 and Big Mound Road near Davis Junction. After further investigation Phillip Conaway, 34, of Beloit, Wisconsin, was placed under arrest for driving while license revoked. Conaway was also cited for speeding. Conaway was transported to Ogle County Jail where he was held in lieu of bond.

March 18

On March 18 at approximately 9:49 p.m., Ogle County Deputies conducted a traffic stop at East Illinois Route

64 and Fourth Street in Kings. After investigation, deputies arrested Daniel A. Lorenzo, 21, of Chicago, for no valid driver's license. Lorenzo was taken into custody without incident and transported to the Ogle County Jail where he was held in lieu of bond. Lorenzo was also cited for operating an uninsured motor vehicle and no trailer lights.

On March 18 at approximately 2:37 a.m., Ogle County deputies conducted a traffic stop at East Illinois Route 64 and Chamberlain Road. After investigation, deputies arrested Latoya A. Williams, 30, of DeKalb, for driving while license suspended and an active Ogle County arrest warrant. Williams was taken into custody without incident and transported to the Ogle County Jail where she was held in lieu of bond.

On March 18 at approximately 1:47 a.m., Ogle County deputies conducted a traffic stop at East Illinois Route 64 and Chamberlain Road. After investigation, deputies arrested Darius M. Williams, 24, of Rockford, for driving while license suspended and an active Ogle County arrest warrant. Williams was taken into custody without incident and transported to the Ogle County Jail where he was held in lieu of bond. Williams was also cited for speeding.

American Pickers returning to Illinois

LE CLAIRE, Iowa — The American Pickers are excited to return to Illinois.

They plan to film episodes of The History Channel hit television series throughout your area in May 2021.

American Pickers is a documentary series that explores the fascinating world of antique "picking" on The History Channel. The hit show follows skilled pickers in the business, as they hunt for America's most valuable antiques. They are always excited to find sizeable, unique collections and

learn the interesting stories behind them.

As they hit the back roads from coast to coast, the Pickers are on a mission to recycle and rescue forgotten relics. Along the way, they want to meet characters with remarkable and exceptional items. They hope to give historically significant objects a new lease on life, while learning a thing or two about America's past along the way.

The Pickers have seen a lot of rusty gold over the years and are always looking to discover something they've never seen

before. They are ready to find extraordinary items and hear fascinating tales about them.

The American Pickers TV Show is looking for leads and would love to explore your hidden treasure. If you or someone you know has a large, private collection or accumulation of antiques that the Pickers can spend the better part of the day looking through, send us your name, phone number, location and description of the collection with photos to: americanpickers@cineflix.com or call 855-OLD-RUST.

HELLO SPRING

Safety first when power washing your home this spring

→ PRING cleaning for homeowners to clear their homes of clutter. As people spend extra time indoors in winter, items can quickly pile up around the house. Spring is a great time to clean up such clutter, but interior spaces are not the only areas of a home that can benefit from some extra attention once the weather warms

Harsh winters can take a toll on home exteriors. Dirt and grime can build up on exterior home surfaces over the course of the winter, affecting the appearance of the siding of a home as well as outdoor entertaining areas.

Power washing is a great way to give a home a fresh, clean look in spring. But there's more to power than simply renting the right equipment and getting to work. The Centers for Disease Control and Prevention notes that there are many risks associated with using power washers. For instance, the CDC says strong spray from power washers can cause serious wounds that initially seem minor. However,

such wounds can lead to infection or disability if left untreated. In addition, if manufacturer safety instructions are not followed, electric shock can occur due to improper use.

Homeowners who are intending to power wash their own homes this spring should first determine if they're physically capable of doing so. Power washers can be difficult for some people to control, so it's imperative that homeowners honestly assess their physical abilities before renting a unit. The CDC urges homeowners who determine they can safely handle power washers to take these additional safety steps to make sure the process of cleaning their home exteriors goes smoothly.

Never point a pressure washer at yourself

Do not attempt to push or move objects with spray from the washer. If anything is in your way, turn the power washer off and then move the obstruction.

Never use a gasoline powered washer in an enclosed space, which can increase the risk of carbon monoxide poi-

Power washing is a great way to give a home a fresh, clean look in spring.

soning.

Always test the ground fault circuit interrupter (circuit breaker or outlet) before using a pressure washer.

Always plug a properly grounded pressure

washer into a properly grounded receptacle.

If an extension cord must be used, keep the pressure washer's power cord connection out of and away from any standing water, and use

a heavy duty extension cord with components rated for use in wet locations. Keep both the power cord and extension cord connections as far away as possible from the item being

· Shingled Roofs Flat Roofs

Additions

Metal Roofs For Farm Facilities

washed and away from any water runoff. While power washing, periodically take note of the location of the extension cord connections to ensure they are not in a

puddle. Wear rubber-soled shoes that provide some insulation when using

Never cut or splice the pressure washer's power cord or extension

the pressure washer.

Never remove the grounding prong from the pressure washer's power cord plug or the extension cord.

Pause the project if a circuit breaker is tripped Always have a qualified electrician check the pressure washer for electrical problems after it has tripped a circuit

Never allow children to operate a pressure washer. Keep children at a safe distance when an adult is using a pressure

Power washing can give a home a whole new look after a winter's worth of dirt and grime builds up on the home's exterior. Safety must remain the utmost priority when operating a power washer on your own.

All-Conference combo

Burdin named to Interstate 8 First Team, Sanford earns Honorable Mention

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE — Hub senior Garrett Burdin set a goal for himself to become an All-Conference First Team player before the end of his career at Rochelle Township High School. That dream became a reality this week, with Burdin earning unanimous First-Team recognition from the Interstate 8 Conference this season. Junior Zach Sanford was named an Honorable Mention.

Burdin led Rochelle in scoring this season, averaging 19.2 points per game while shooting 45.1 percent from the field and 37.4 percent from 3-point range. The senior guard, who eclipsed 1,000 points for his career earlier this winter, made a team-high 49 triples and led the Hubs in steals with 28. Burdin averaged 7.2 rebounds per game this season, grabbing 101 total boards.

"It's a blessing and a dream come true,"Burdin said. "As one of the three seniors and as someone playing the most minutes, I feel I improved the most in my leadership. I was able to be a leader and mentor for my teammates

Senior Garrett Burdin received All-Conference First Team recognition from the Interstate 8 this season. Burdin averaged 19.2 points per game for the Hubs.

and I'm excited to see what their future holds... I and brings energy every night. There's nothing better than playing in our gym and RTHS will forever be my favorite place to play."

Sanford averaged 10.3

points and 7.2 rebounds per game this season. The enjoyed playing for a com- junior forward finished munity that loves sports with a team-high 52.6 percent shooting rate from the field and totaled a team-leading nine blocks. Sanford was one of five juniors who could return

as starters for Rochelle

next year.

"It was shocking and unexpected, but I was happy to hear I was named an Honorable Mention," Sanford said. "I believe my strength and my jumping ability improved the most this year, which helped me grab more rebounds. Next

Seniors earn All-Conference Honorable Mentions

Lenkaitis, Gati recognized by Interstate 8 this season

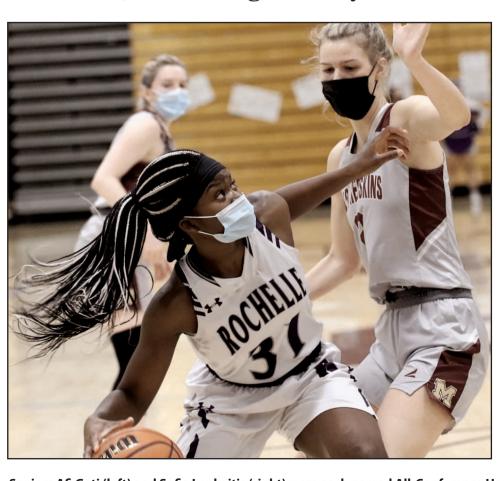

BY RUSSELL HODGES

Lenkaitis, who received an Honorable Mention for the second straight season, averaged 7.7 points per game and led the Lady Hubs with 22 steals on defense. Gati made her presence felt on the interior, averaging a team-high 6.8 rebounds per game with 15 steals defensively.

"It's nice to see that my hard work was recognized for the second year in a row," Lenkaitis said. "Basketball is a team sport and winning is always possible when it's treated like a team sport. I wanted us to grow as a team and I feel like we achieved that... I enjoyed being with my teammates, competing against them

in practice and playing

(PHOTOS BY MARCY DELILLE)

Seniors Afi Gati (left) and Sofia Lenkaitis (right) were each named All-Conference Honorable Mentions by the Interstate 8 this season. Lenkaitis led the Lady Hubs in points scored, while Gati totaled more rebounds than any Rochelle player this year.

alongside them during games... I felt that we were for each other."

unstoppable when we won games because we played Lenkaitis and Gati led

Rochelle (3-10) during its

Senior Night victory over Morris, with Lenkaitis scoring a team-high 12 points and Gati totaling 10 rebounds. Lenkaitis made the most field goals on the team this season, hit-

shots from 3-point range. Lenkaitis and Gati are two of four seniors graduating from the Lady Hub varsity team this season. "I'm very shocked and

ting 37 shots including 15

honored to receive the award," Gati said. "I think I improved my confidence on the floor. I loved being a member of the Lady Hub family for the past four years. I loved how we always had each other's back through the good times and the bad times. I'm shocked with how fast the last four years went but I couldn't have asked for a better team."

Hubs outmatched in opener against DeKalb

BY RUSSELL HODGES

SPORTS EDITOR

DEKALB — The Hub varsity soccer team kicked off its shortened spring season Thursday evening, facing DeKalb on the road in chilly and windy conditions. Rochelle's short-handed lineup couldn't muster much against the talented Barbs, falling 8-1 and moving to 0-1 overall.

With multiple starters out of the lineup, Rochelle struggled to keep pace with the Barbs, who opened the first half with the wind and utilized several through balls to take advantage of an inexperienced Hub defensive wall. DeKalb scored its first two goals in the fourth and sixth minutes before adding two more in the 14th minute to take a commanding 4-0 advantage.

"The score wasn't where we wanted it to be, but we had some good moments," head coach Brad Male said. "We had some players in spots where they're not used to playing, but we're going to keep moving

forward and allow our players to get used to those new spots. Our communication broke down defensively and I think that's what we need to work on most."

The Barbs padded their lead with goals in the 18th, 21st and 35th minutes to surge ahead 7-0. Looking to avoid a shutout, Rochelle found the net late in the first half, with freshman newcomer Diego Salazar assisting senior Josh Hurtado with a left-footed cross into the DeKalb box that Hurtado booted into the goal. Trailing 7-1 entering the second half, Rochelle tightened up its defensive line, conceding only one DeKalb goal in the 54th minute during that span.

"They made some good plays and we had some players who weren't used to being back there," Male said. "We asked a lot out of them today and I thought they showed they could play in more than one spot. We came out in the second half and played much better as a team, which will be a confidence builder for us. We need to keep communicating and staying confident."

Hubs stay competitive despite shortened season

Rochelle wins three matches in second year under Lyles

BY RUSSELL HODGES
SPORTS EDITOR

ROCHELLE — The Rochelle Hub bowling team took steps forward under second-year head coach Jim Lyles, winning more matches than last season while multiple varsity starters scored conference

points. With only two seniors graduating from the varsity lineup, expectations will be higher for the Hubs next season, when they expect to return to a more

normal setting.

Rochelle finished 3-6

this season, recording two victories over Kaneland and one against Ottawa in the Interstate 8 Conference. The Hubs placed third at the conference

tournament, with senior Keith Holland earning All-Conference honors for the meet and taking home All-Conference Honorable Mention recognition for the season. Holland will be one of four seniors (Reese Kirk, Shane Sedlock and Leo Hernandez) graduating from the bowl-

ing program this season.

"All of our varsity boys scored points and I thought we were pretty successful," Lyles

said. "They started picking up more spares as the season went on and they became more competitive toward the end of the season. We struggled to be competitive earlier in the season, but we talked about concentrating and

we finished our season strong."

The Hubs are expected to return four varsity starters including juniors Devansh Patel, Sergio Guevara, Hayden Smith and sophomore left-hander Evin Odle. Rochelle featured multiple junior varsity bowlers who could step up to the varsity lineup next season. Those bowlers include juniors Matthew Eyster, Luke Orlikowski, Max Orlikowski and sophomore Ben Wengelewski.

"Keith led our team in conference points and Reese was a great addition to the team," Lyles said. "We have a core group of juniors who were here when I started coaching the team last season and I think they'll be ready to roll next season. I'm excited to see when we can do."

(PHOTO BY RUSSELL HODGES)

Junior Hayden Smith is one of four varsity starters eligible to return to the Rochelle Hub bowling team next season.

Rochelle Football Parent Group celebrates season opener with Hub spirit event

Benny's Corner Market and the Rochelle Football Parent Group came together for a drive-thru car decorating and Hub spirit event Friday afternoon in celebration of the Hub football team's season-opening game against Morris on Saturday. Hub fans and residents entered the north parking lot, where parents decorated vehicles with purple and white paint. Parents also held booths where Hub fans and residents could offer donations, purchase RTHS spirit wear and

sign up for \$25 Hub driveway stencils. In addition to local Girl Scouts selling cookies at the event, Grandma Rosie's inside Benny's Corner Market held a Hub special from 4-8 p.m. on Friday and 3-8 p.m. on Saturday, offering 20 percent off all ice cream, a two-for-\$12 special on Italian beefs and a \$6 gyro and 22 oz. drink special. The Rochelle Football Parent Group would like to thank Benny's Corner Market for allowing the group to host the event Friday afternoon.

football coach and Connie Britton as his wife, the school's guidance counselor. It was based on a non-fiction book of the same name by Buzz Bissinger. The series was beloved by fans and critics alike and currently is available on the Peacock streaming platform. Many of its stars have gone on to other projects, but "FNL" will likely live on in their hearts.

As for the character of Julie Taylor, she was played by Aimee Teegarden, who is now 31 years old. After "FNL" concluded, she appeared in the film "Scream 4" and then was a regular for one season of "The Ranch," a sitcom on Netflix that stars Ashton Kutcher and Sam Elliott. Teegarden recently starred in the Hallmark Channel romantic comedy film "A New Year's Resolution." You might not recognize her though, as she's now a brunette instead of a blonde. As for the other "FNL" cast members,

Michael B. Jordan, who played Vince Howard, went on to become the biggest star of the bunch with blockbuster films like "Black Panther," "Creed" and "Creed II." Britton starred in two hit shows, "Nashville" and "9-1-1," while you can see Chandler on the big screen in the upcoming "Godzilla vs. Kong."

Q: I was watching the Golden Globe Awards recently and noticed there had been a movie about the singer Billie Holliday.

Was it in theaters or on TV? Who is the actress who played Billie? -- A.A. A: "The United States vs. Billie Holiday" was originally meant for the big screen, but like most films in

SPORTS

NIU Football

2021 football schedule features six home games

Huskies open season against Georgia Tech on Sept. 4

DEKALB—Six home games and a full nonconference slate featuring Georgia Tech, Wyoming, Michigan and Maine highlight the 2021 Northern Illinois University football schedule released Friday by NIU and the Mid-American Conference.

After playing just six games – five against MAC West Division opponents and one crossover game a year ago, third-year head coach Thomas Hammock liked the overall make-up of the complete 12-game slate.

"We are certainly excited about getting back to a regular season where you have the ability to play some quality non-conference opponents and build from that into the conference schedule," Hammock said. "I like the way the schedule fell. It's a very balanced schedule in terms of home and away games, and the East and West Division opponents are divided throughout the schedule."

schedule."

NIU begins its 119th season of intercollegiate football on Saturday, Sept. 4 at Georgia Tech in the first meeting between the teams, and the Huskies' first game versus an Atlantic Coast Conference opponent since 2018 (Florida State). On Sept. 11, NIU welcomes Wyoming to Huskie Stadium for the 2021 season opener to close out a homeand-home series. In 2016, NIU lost a triple overtime thriller to the Cowboys in Laramie, 40-34, in the only previous meeting.

On Sept. 18, the Hus-

kies will play Michigan for just the second time in school history. NIU lost the 2005 season opener to the Wolverines, 33-17, in a game that Hammock, then an assistant on head coach Joe Novak's staff, remem-

"We are certainly excited about getting back to

a regular season where you have the ability to

play some quality non-conference opponents

and build from that into the conference

"The last time we went to Michigan, I have a great memory of [Huskie Hall of Famer] Garrett Wolfe running down the sideline [for a 76-vard touchdown]: he had a fantastic day on a national stage," Hammock said. "It's great that our young players who didn't have an opportunity to have that experience of playing

Thomas Hammock

in a place like Michigan Stadium in 2020 will have the chance to do that this year. Anytime you go on the road to play a team like Michigan or Georgia Tech, it's going to be an extremely physical, tough game and you have to play your best football to come out with

NIU finishes out its nonconference slate on Sept. 25 at home versus Maine, another first-time opponent, before opening MAC play by hosting Eastern Michigan on Oct. 2. The Huskies travel to Toledo to take on the Rockets on Oct. 9 and play host to Bowling Green

a week later (Oct. 16). The game at Central Michigan on Oct. 23 is the final Saturday contest of the season before #MACtion gets underway in November.

"In looking at the MAC schedule, we understand division games are very important and we come

division games so we will want to get off to a good start in the MAC," Hammock said. "Then you want to stay healthy, build momentum, get better each week and play your best football down the stretch in November."

RTHS Athletics

School reveals spring sports ticket information

ROCHELLE — This year with the COVID-19 pandemic, RTHS will be limiting the number of spectators for the outdoor events. The number of tickets available for each event is based on the seating capacity at the venue. All spectators will be required to wear a mask and social distance when attending our events.

The following groups will be receiving vouchers for the home football games: Football players, cheerleaders, dancers and RTHS students (lottery drawing). Vouchers will be used to reserve a ticket for participants of the game. When these vouchers are presented at the game they will provide admittance to the game with a \$5 admission fee. Please sign the back of your voucher prior to presenting at the game for contact tracing purposes.

2019 season ticket holders may purchase a ticket for three games for \$15 (they may only purchase two season tickets). These tickets must be purchased prior to the first home game. Contact Yvonne Brass at or at 815-562-4161 ext 4127 to purchase your seats.

Tickets can be picked up in the main office paying by cash or check payable to RTHS. Due to COVID restrictions we will not have reserved seating or reserved parking this year. This is due to the social distancing guidelines as we cannot ensure what seats will be open.

Seating will be on a first come first serve basis and must be socially distanced from people around them. Please contact Yvonne Brass at 815-562-4161 or ybrass@rthsd212.org. You can also contact the athletic office with questions.

Varsity football away games will have a very limited number of tickets and will be for guests of the RTHS varsity rostered players only. All home and away football games will be live streamed. RTHS will use the NFHS network and it will be free of charge to RTHS followers. See directions on our Facebook page @Rochelle Twp High School Athletics.

Each Fresh-Soph football player will be allowed four spectators for home and away games. The amount of spectators may be adjusted for away games and players will be notified.

Each volleyball player will be allowed two spectators for home games and one spectator for away games due to the 50 spectator guidelines from the IDPH. There will be a \$5 admission fee. They will also be required to sign-in.

Each soccer player will be allowed four spectators. Please bring chairs to sit in at the game. We ask that you wear a mask and social distance. They will also be required to sign in and wear a mask. We will do our best to utilize all the available spots for each game. Please contact the athletic office with questions at 815-562-4161 or email rharvey@ rthsd212.org.

How farmers are using drones to monitor crops, plan

THE farmers of yesteryear might not be too familiar with their surroundings if they were to visit a modern farm. While the men and women who made their livings as farmers decades ago would no doubt still recognize certain farm features that have withstood the test of time, they might not understand the inner workings of the modern farm, particularly in regard to the role technology now plays within the agricultural sector.

Technology has changed agriculture in myriad ways. The methods farmers employ to produce food and improve the efficiency of their operations has changed as technology

has evolved. One of the more noticeable changes that's hard to miss on modern farms is the use of agricultural drones.

Drones have been around for decades. Sometimes referred to as "unmanned aerial vehicles," or "UAVs," drones can be utilized in ways that can save farmers money and protect the planet.

Monitor crops: According to senseFly, the commercial drone subsidiary of Parrot Group, drones can help farmers effectively monitor their crops. With a drone flying overhead, farmers can spot and quickly identify issues affecting their crops before those issues escalate into something larger.

Soil analysis: Another

potential benefit of agricultural drones highlights their role in analyzing soil. Agricultural drones utilize complex mapping functions to gather data about the soil, including areas where it might be stressed. That enables farmers to develop accurate soil samples that can be used to guide decisions in regard to irrigation and fertilization.

Reduce waste: Sense-Fly notes that data gathered by drones can help farmers determine the vigor of their crops at various stages of growth. Such information can prevent overfertilization and overwatering, thereby reducing waste and runoff, benefitting the planet as a result.

Planning: Drones can

be used to collect data on crop growth and health at various times throughout the growing season. That can help farmers develop accurate predictions regarding harvest quality and crop yield, making it easier for them to plan ahead.

Agricultural drones are one of the many

examples that illustrate how technology has changed and will continue to change the ways modern farmers conduct business.

The benefits of organic agriculture

ODERN consumers have I more choices than ever before. Whether they're buying appliances, books, clothing, or any of the myriad necessities of daily life, consumers have a wealth of products to choose from.

An abundance of options also is available at the grocery store. That's especially true in the produce aisle, where many stores have expanded their fresh fruit and vegetable offerings. That expansion reflects a growing preference among consumers for fresh products, including fresh produce. A 2018 report from the market research firm IRI and the Food Marketing Institute found that sales of fresh foods comprised just under

Customers who prefer fresh fruits and vegetables to frozen alternatives may wonder if they should be even more selective when purchasing their favorite foods in the produce aisle. That decision may come down to whether or not to purchase organic produce.

31 percent of food industry

sales in 2017.

Organic produce can be significantly more expensive than non-organic fruits and vegetables, so it's understandable if budget-conscious consumers cannot afford to go entirely organic. However, it's important that consumers recognize the many ways that organic agriculture is having a positive impact on the health of humans and the planet they call

Organic produce reduces exposure to pesticides and antibiotics. UC Davis Health notes that organic produce has been proven to reduce consumers' exposure to pesticides and antibiotics. That's a significant benefit, as pesticide exposure has been shown to lead to neurodevelopmental issues and has been linked to higher cancer risk. Consumers shopping on budgets can pick and choose which organic foods they purchase, as UC Davis Health notes that certain foods have been shown to have higher pesticide residues than others. Apples, celery, grapes, spinach, strawberries, and tomatoes have high levels of pesticide residues, so choosing organic versions of these foods may be a wise choice. Avocados, broccoli, cabbage, and cantaloupe are some of the foods that typically have low levels of pesticide residue.

Organic agriculture reduces environmental degradation. The Organic Trade Association notes that synthetic pesticides and fertilizers used on some conventional farms

can deplete the soil of valuable nutrients and increase environmental degradation. Organic farmers do not use such pesticides or fertilizers, instead utilizing such practices as composting, cover cropping and crop rotation,

each of which can have positive, long-term effects on soil quality.

Organic agriculture benefits local wildlife. A 2015 study from researchers in Argentina that was published in the journal Agriculture, Ecosystems

& Environment found that small mammals were more abundant around organic farms than conventional farms. That's not just good for those mammals, but also the farmers, as small mammals can feed on insects that would otherwise adversely affect crops.

Many grocery stores are increasing the availability of organic fruits and vegetables. Such foods can benefit human health as well as the health of the planet.
