nity Foundation as executive director, Kim Montgomery has announced her intent to retire effective June 1, 2021.

Montgomery was hired as the first paid executive director for the

Rice who served as the first executive director as a volunteer.

Established in 2005 by Leonard Carmichael and a group of local community leaders, the Rochelle Area Community Foundation serves the community by offering a simple way for all people to make a positive impact on the community through charitable giving. Gifts entrusted to the foundation are carefully invested for long term growth, with a portion of the earnings providing grants to qualified nonprofit organizations at least annually.

The foundation has grown considerably over the past 15 years. Montgomery started as a part time employee working from home. Today, the foundation occupies a dedicated office space thanks to the generosity of Central Bank in Rochelle and manages assets of \$4 million in permanently endowed funds. The foundation expects to distribute \$100,000 in grants this year alone.

In 2015, the RACF stood in the gap for those who were directly affected

accepting charitable conter 12 years leading the tributions from near and far and then established

and managed the process of fair and equitable distribution of more than \$500,000 over two years. In 2020, the foundation leveraged \$100,000 in funding to support

the nonprofit comfoundation in September munity in assisting people of 2009 following Ann affected by COVID-19, in addition to distributing another \$70,000 in COVID grant funds.

"It has been my absolute pleasure to have had the opportunity to serve the community in this way," Montgomery said. "My family came to Rochelle in 1969 when my dad and his business partner brought us here from Peoria and I returned after college to raise my family here, but our children and grandchildren live in Wisconsin and I'm looking forward to having more time to spend with them in my retirement. I've often said that I have the best job in town, so it will be an amazing opportunity for whoever the board selects to lead the organization into the

future." "The Board of Directors is very proud of the work that Kim has done for the foundation and her leadership throughout the Rochelle area community. We wish her well in retirement and will ensure a smooth transition to a new executive director," Foundation Board President Trisha Vaughn said.

Inquiries about the position can be directed to racfsearch@gmail.com.

Rochelle police and fire crews were busy Friday morning as they responded to two calls nearly simultaneously. First, at right, firefighters were called to investigate the smell of natural gas inside the Dollar Tree at the Caron Ridge **Shopping Center. Ambulance** crews were called several minutes later at approximately 9:04 a.m. to Caron Road and Linder Lane (above) for a two vehicle accident. One man was transported for

On Wednesday at 11:48 a.m., police and firefighters responded to the report of a vehicle rollover at Lincoln Avenue and Ninth Street. A 16-year-old female of Rochelle was cited for disobeying a stop sign that caused the two-vehicle accident. No one was transported by ambulance to the hospital.

Rochelle school employees receive second doses of COVID-19 vaccine

ROCHELLE — On Friday, the Rochelle School districts again collaborated with the Ogle County Health Department to administer roughly 225 Moderna COVID-19 vaccinations at Rochelle Township High School for school employees of both districts.

The second dosage marks the completion of both districts' vaccination program as part of Phase 1B of Illinois Department of Public Health's COVID-19 vaccination distribution plan. The vaccination was open on a voluntary basis for all school employees.

"The Rochelle school districts appreciate the OCHD continuing to prioritize local educators as part of Phase 1B. We view the vaccination of school employees as one of many necessary steps in helping to mitigate the spread of COVID-19 in school settings," Superintendent

Jason Harper said. "The Rochelle schools especially appreciate the partnership and collaboration of the OCHD's emergency preparedness coordinator, Mrs. Cherie Rucker. Mrs. Rucker's planning and communication throughout the process have been important to the success of the program. We ask all those in our community to continue to do their part in helping to mitigate the spread of COVID-19 in our community."

Donation for Focus House

Kiwanis Golden K President Don Horner (far right) presented a donation check to Focus House Director Brenda Mason (center) and Foundation for Focus House Director Jeni Hardin. Mason and Hardin explained the activities at Focus House during a recent Golden K meeting. Some students are court ordered to live at Focus House during their rehabilitation. They talked about their upcoming fundraisers including the spaghettis supper on April 14 and the auto show on Oct. 2. The spaghetti dinner will be a drive thru for pickup because of the pandemic.

Tartaglia earns BCBA certificate

OREGON—Jeanette Tartaglia recently earned her certificate in becoming a Board Certified Behavior Analyst (BCBA).

Prior to earning this certificate, Tartaglia received a Bachelor of Science in Special Education and a Master of Science in Early Childhood Education with an approval in Early Childhood Special Education. Becoming a BCBA was a rigorous process that involved completing a course sequence that was verified by the Behavior Analyst Certification Board. As of Jan. 4, 2021, there are only 44,025 individuals holding the BCBA certification.

Tartaglia completed her seven courses through Northern Illinois University from where she earned her certificate in Behavior Analysis. Supervision hours were another requirement of this program. She completed 1,500 hours of supervision underneath a certified BCBA. Once the coursework and hours were finished, the

Guaranteed not to clog for as long as you own your home, or we will clean your gutters for free

last step in her process was passing the BCBA exam. Now that she is certified, Tartaglia is required to adhere to the Professional and Ethical Compliance Code for Behavior Analysts and must continue to earn specific continuing education hours to maintain her certificate.

Jeanette Tartaglia, BCBA, provides behavioral services to the schools that belong to the **Ogle County Education**al Cooperative. These services can include

conducting assessments, consulting on specific problems, developing and implementing behavior intervention plans, training staff, and providing continuing support to students and staff.

Tobler joins Ava DuVernay's Array as Chief Marketing Officer

BY NELLIE ANDREEVA CO-EDITOR-IN-CHIEF, TV,

DEADLINE.COM

LOS ANGELES -Jeff Tobler is exiting his role as SVP, Television Publicity, Communications and Social Media for Warner Bros. Worldwide Television for a new opportunity. He is joining the narrative change collective Array as chief marketing officer.

Reporting to Array President Tilane Jones and founder Ava DuVernay, Tobler will be responsible for leading all aspects of brand, marketing and communications strategy across the quartet of companies that includes Array Filmworks, Array Alliance, Array Crew, which launched last week, and Array Releasing. Tobler starts on March 1 and will be based on the Array Creative Campus in Echo Park's Historic Filipinotown.

The appointment extends Tobler's relationship with DuVernay. He worked with the renowned filmmaker at Warner Bros. TV where she has been under a mega overall deal.

"I've had the pleasure of working with Jeff on a number of campaigns at Warner Bros., and I know firsthand the creativity, strategy and passionate commitment he will bring to Array," said DuVernay. "As we continue to grow in our production, distribution and advocacy of artists, Jeff's keen understanding of branding, communications and digital strategy will be a key part of our next chapter.'

Tobler joins Array after a decade at Warner Bros. Worldwide TV. In his most recent role as SVP, he oversaw global publicity, communications and social media for scripted programming, as well as strategic business communications. Earlier in his career, he worked at The CW, The WB and NBC.

"Ava's career is one that I have long admired, from her groundbreaking storytelling to her days as a strategic marketer and former publicist," said Tobler. "I am beyond excited to join Ava, Tilane and the entire Array team to create meaningful and impactful avenues to amplify their transformative work. I am incredibly grateful for my time at Warner Bros. Television and the colleagues I have been fortunate enough to work with, past and present, and look forward to our continued collaboration in this new role.'

Tobler is a 1999 graduate of Rochelle Township High School and 2003 graduate of Columbia College in Chicago.

New take on resting place

Oregon site will offer forest burial alternative

BY BRAD JENNINGS

OGLE COUNTY LIFE EDITOR

OREGON – There is a new concept in burials and remembering loved ones, and it has come to Ogle County.

Better Place Forests recently completed the purchase of 60 acres of land on the Rock River just north of Lowden State Park and the Lorado Taft NIU Campus on River Road. Better place Forests creates conservation memorial forests, where cremains are spread beneath a tree purchased by an individual or family.

Sandy Gibson, who started the business in 2015, said this is a sus-

"We have just started to announce this property, so we're starting to see people put down deposits for tours and to choose their trees first."

Sandy Gibson

The 60-acre site is located on the Rock River north of Lowden State Park.

tainable alternative to a traditional cemetery. A family can have all members together in a forest area that will always be protected from development.

"We have to buy and permanently protect land from development forever," Gibson said.

He said that the Better Place Forests site near Oregon will be a conservation memorial area, not a cemetery. There will be a maintained space for family members to come and visit and enjoy nature. Each tree that is purchased by a family will include a marker. He said families can purchase more than one tree.

And there are a variety of trees to choose from. The area includes red and white oak, black walnut, shagbark and bitternut hickories, basswood, red elm, hackberry and black cherry.

Gibson said the site was chosen for three reasons: the natural beauty of the area, accessibility from areas like Chicago and Milwaukee and community support.

"We've had great support," he said, adding that support from the County Board was unanimous.

Better Place Forests opened its first memorial forest in California in 2017. There are also forests in Arizona, Minnesota and new ones coming to Massachusetts and Connecticut. This is the first one in Illinois.

"This is a new concept for placing cremated remains with established trees in forests in a longterm natural setting," said Mark Herman, superintendent of education with the Byron Forest Preserve District. "There will be trails through the forests, but the land will be returned to native species of plants, wildflowers and not mowed lawns like most cemeteries or parks. It will provide

time is right for this type of burial option. He said 80 percent of baby boomers are expected to choose cremation, and many are not buying plots in traditional cemeteries. This is a great option for people who are lovers of nature. The memorial forest

Gibson said that the

will have a local staff of arborists and foresters. There will also be people dedicated to the care and support of families who choose to bury creamated remains on the site.

Online deposits for private trees are now being accepted, and online tours begin in April. And in-person forest opening is scheduled for later in

"We have just started

to announce this property, so we're starting to see people put down deposits for tours and to choose their trees first," Gibson

Rick Ryland, who was a caretaker on the land for 14 years, said he was happy to see Better Place Forest purchase the land.

"When I found out that Better Place Forest would take over the property, I was thrilled," he said in a release. "All of those trees could have easily been cut down and turned into farmland or developed. Knowing that Better Place Forests will conserve the land and help more people connect with the natural beauty of this unique forest makes me incredibly happy."

another way to protect

large sections of native

forest ecosystems."

Dear Neighbor: I have great news for your wallet if your furnace is over 12 years old. Allow me to explain... Every year, the months of February & March can be slow for my business. I employ great people and want to keep them working during these long, slow months. That is why I've come up with a Win-Win Situation for both of us.

Every year, the big manufacturers of furnaces & air conditioners, like Amana, guess how many to build to meet the demand. Of course, they're never exactly right. So, they always have some inventory that they must hold over until the next summer season. I went to one of these companies

and contracted for the purchase of twenty-two Deluxe furnaces and air conditioners in the four most popular sizes used in Ogle County. And, because of the quantity and time of year, I was able

to buy them at drastically reduced prices. They are brand-new Deluxe Models. They are NOT the seconds or "blems" or standard "builder" models. They are factory-fresh furnaces and air conditioners and have a full 10-year factory

How To Get A Furnace For Peanuts

If you are interested in a new heating/cooling system (but only if one of the four sizes I have will fit your house, of course), I am "giving" you the furnace and all I ask for is the \$941 in labor & material costs for installation.

Perfect Fit For Your Home I will come out and measure your home (and determine the availability

of the proper size). Don't forget, I only have 22 matched Deluxe systems in four sizes. When they are gone, this remarkable offer ends also. Just call Bre at 815-562-4440.

Absolutely No Obligation

After I completely explain the installation, there is absolutely no obligation. If you decide you don't want to take advantage of the spectacular savings... That's OK.

You Can Buy With NO Cash

You don't even have to pay me right away. I have set up a terrific 0%* payment plan.

Fuel Efficiency Guarantee**

I'm so confident that you will save at least 25% on your heating and cooling bills (I'm projecting more like 30%), that I will pay you the difference for a year if you don't! I'll show you exactly how this works. If these heating and air conditioning systems were not among the best on the market, I couldn't afford to make such a promise.

to set up an appointment for your no-obligation survey.

Why This Offer Can't Last I only have a few of each of the four sizes. When all of the air conditioners are sold and all the furnaces are "given" away, that's it. There are no more at this price. Call Bre now at 815-562-4440

Extending protections

Bill signed by governor helps first responders, frontline workers impacted by COVID-19

SPRINGFIELD — Building on efforts to protect Illinois' first responders and frontline essential workers, Governor JB Pritzker signed HB 4276 into law. The legislation extends worker compensation benefits until June 30 for first responders and frontline essential workers who were exposed to and contracted COVID-19

"This legislation ensures that our first responders and frontline essential workers, as well as their families, continue to receive the protection and benefits that they deserve," said Governor JB Pritzker. "Illinois has made substantial progress in our fight against COVID-19 and it is because of the hard work, and sometimes difficult sacrifices, from our first responders and frontline essential workers. I am proud to sign this legislation as my administration continues to do all it can to protect

them, their families and all our communities." "We've asked first responders and frontline workers" to repeatedly put themselves in harm's way to protect us throughout the pandemic," said Senator, Assistant Majority Leader Bill Cunningham. "I'm proud to join Governor Pritzker to help ensure that we, in turn, protect first responders and frontline workers should they contract the virus while at work."

"First responders and essential frontline workers put their lives on the line every single day," said Representative, Assistant Majority Leader Jay Hoffman. "This bill is necessary and will ensure the continued protection of those serving on the frontlines that have contracted COVID-19 while on the job. Thank you Governor Pritzker for recognizing the sacrifice our first responders, essential frontline workers and their families have made for the state of Illinois."

'Once again, Governor Pritzker has demonstrated his support not just for our firefighter/paramedics but for all essential employees in Illinois by signing HB 4276 into law," said Chuck Sullivan, President of the Associated Fire Fighters of Illinois. "As we work through this global pandemic, the Governor, as well as Leader Hoffman and Leader Cunningham have proven time and again that worker rights are important to them. This bill will continue to allow those serving on the frontlines an assurance that if they should contract COVID, there are measures in place to protect them."

HB 4276 also allows extended time-off up to 60 days if COVID impacted the recovery of an employee. For example, if COVID impacted an individual's ability to attend physical therapy at the doctor's office which was closed because of COVID-19, under the new legislation, the time period is extended so the employee can now take time off to rehabilitate and receive compensation.

The legislation also extends the timeline in which the death of a policeman and fireman from COVID-19 can be designated as a fatal injury while in active service. HB 4276 is effective immediately.

Gerald Reeser

ROCHELLE—Gerald "Jerry" Reeser, passed away Thursday, Feb. 25, 2021 on his 81st birthday at the Liberty Village in Rochelle. Jerry was born Feb. 25, 1940 to Charles and Geraldine (McCoy) Reeser. He married MaryLou Gehant on May 18, 1963 in West Brooklyn; she preceded him in death on Feb. 5, 2020.

Jerry was drafted by the United States Army and served during the Vietnam War. He retired from Del Monte at 50, after retiring he then worked at Grennan Meats and volunteered at St. Patrick Catholic Church filling many different roles.

Jerry loved spending time with his family, especially his grandchildren. While family and friends enjoyed their time by the pool, he was known to cook a Headon's

pork chop or two. Vacationing with MaryLou for several years

at Marco Island was always a highlight for both of them. He loved his Chicago teams, the Bears and the Cubs.

In addition to his parents, Jerry is preceded in death by his brother, Dan Reeser.

Lundquist.

Jerry is survived by his two children, Mark (Denise) Reeser of Rockford, and Margaret (David) Lundquist of Loves Park; brother, Pat (Kathy) Reeser of Hedgesville, West Virginia; sister, Teresa (Mark) Lane of Earlville; sister-in-law, Karen Reeser of Oregon; and four grandchildren, Hayley and Nolen Reeser and Cameron and Mary-Margaret

RELIGION

Finding determination to fulfill your dreams

▼ OD is the Chief of Change. He Tis always doing a new thing... always working in our lives. However, His promises for us don't just automatically happen. All things are possible with God, but not all things will positively happen.

There are some things that can hinder us from moving forward in life. One is an old mindset. Mark 2:22 says, "No one pours new wine into old wineskins. Otherwise, the wine will burst the skins, and both the wine and the wineskins will be ruined. No, they pour the new wine into new wineskins" (NIV).

In other words, your mind needs to be renewed. You need a fresh new outlook based on God's Word and His promises. Because knowing God's will for your life will help you in your determination to keep moving.

When you decide to move forward, be prepared because you will be opposed. The apostle Paul said in 1 Corinthians 16:9 that "a great door for effective work has opened to me, and there are many who oppose me." I like to call these adversaries

"giants." Whatever you call it, the enemy will not make it easy for you to do God's will. It will be up to you to stay determined and keep pressing on.

One of the tactics of the enemy

is to lie to you. For example, he may tell you, "It's too late." You may be thinking of going back to school after many years. Or maybe you need to make up for some past mistakes. It's not too late. You might have had a big dream at one time Joyce Meyer that you never fulfilled. It's never too late for you to follow your passion. Don't believe Satan's lies. You can always begin again. One word of caution: Don't start if you

aren't determined to finish. The reason I say this is because the enemy certainly won't stop fighting your advancement. He is determined to stop you, so you must be unwavering about moving forward.

I will never forget when I first started talking about the call of God on my life. Some of my friends decided I must be mistaken. They told me I didn't have the personality to do this kind of ministry. It $was\,discouraging\,to\,say\,the\,least, and\,I\,was$ eventually asked to leave my church, I lost friends, and even some family members turned their backs on me. But I knew God

had spoken to me about the ministry He was calling me to do, and I was determined to see it through. I had to press through quite a few obstacles to do what I do now.

But what if I had given up when I felt that rejection? I would not be fulfilling God's call on my life today—and I would be miserable, because this is my passion.

Have you asked God to use you? If you are feeling a real passion to do something that aids or brings peace and encouragement to other people, it's very likely that this desire is from God. And if you don't do it, you will probably live a frustrated life.

Also, as you move forward, beware: The devil wants to set you up to get upset. That is another part of his strategy to stop you from making progress. He will use people to distract you, criticize you, or outright reject you. And if that doesn't stop you, he will likely attack other areas of your life to try and discourage you.

Just remember, greater is He that is in you! (See I John 4:4.) You have all you need, through Christ, to endure and outlast the devil. As you press in and press on, don't look at yourself...look at God. Ignore others' criticism and unbelief and follow your God-given dream. Be determined to press past every lie of the enemy, every discouragement, and even rejection from others.

Whatever you do, just keep moving When you feel disheartened...keep moving. When others condemn you...keep moving. Never give up.

Take a lesson from David who was anointed 20 years before he became king (see I Samuel 17). He endured and overcame many obstacles in the meantime, including a bear, a lion and a giant. Like David, don't be afraid to face your enemy. Remember the things God has brought you through and talk about your past victories, knowing that He is with you now.

As long as you lean on, trust in, and depend on God, it will never be too late for your victory.

Sunday School 10:15-11:15 a.m. Call 562-6323 for more information about the school.

LOCAL VIEWS

Guest column

Rebate program beneficial to many

Terry

Dickow

am one of those people who save receipts from local shops to earn a credit on their local utility bill and I am not alone.

As of last week, the city has granted 700 requests, amounting to \$42,000 in rebates. Those 700 rebates represent \$210,000 in

purchases at local businesses.

I think it's a great program that benefits shoppers as well as businesses. Dozens of businesses qualify residents for the rebate program. A list can be found at the City of Rochelle website and I imagine there is a list available at city hall if you don't have computer access.

The program was extended through 2021. As of now, there is no limit on the number of credits you can get. I have received several, and have marked on the form to donate my credit to an organization or person who could benefit

I think Rochelle City Manager Jeff Fiegenschuh came up with a great idea to help local businesses and people in a time of difficulty.

I read a story recently about a 14-year-old boy in the suburbs of Chicago who has helped more than 100 seniors sign up to receive Covid shots. Silver Chord hours, perhaps?

I am no spring chicken and technology is not my strongest area. If you

have problems with the technology ask a youngster. Or, you can contact city hall, the library or **Hub City Senior Center** and they will help sign you up.

When the wifev and I first moved to Rochelle, one of the things we loved was the dual mailboxes in the post office. One box was for in town mail, the other was for out of town.

I could mail something Monday afternoon and the person would usually get it the next day.

Now when I mail something to someone in Rochelle, the letter goes to Carol Stream for processing and then is sent back to Rochelle. What used to take one day now takes four if you are lucky.

I am sure there was a financial reason, I just don't like it.

You've got to love Illinois politics.

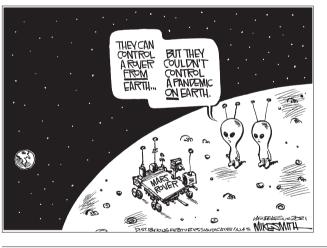

Mike Madigan resigns, he basically gets to appoint his successor, who is on the job three days and then he resigns.

The kicker is, he is entitled to a prorated monthly salary of a little over \$5,700.

Democratic Comptroller Susan Mendoza is pushing for the law that allows this to be changed to reflect actual time served in office.

I'd love to serve three days and get \$5,000. Who wouldn't?

Terry Dickow can be contacted at terrydickow@gmail.com.

Bill bad for newspapers and communities they serve

VERY year, an Illinois legislator ✓ proposes a bill to remove public notices from being published in newspapers and allow units of government to post them to their websites. They must think they are saving taxpayers money, and that newspapers no longer are relevant.

This year is no different. House Bill 811 has been filed but not yet been assigned to a committee. As other bills that have come and gone before it, HB 811 is a bad idea. Lawmakers should reject it, as they have in the past.

Newspapers have played a vital role in providing transparency about government through the publication of public notices. It's worked for more than 150 years. Now, with the digital reach of newspapers through their websites and the statewide public notice site run by Illinois newspapers, notifying the public has never been more efficient, effective and impactful. Posting notices to newspaper websites and the statewide site are at no additional cost to government and is intended to provide even greater public access to these notices.

Conversely, there are nearly 7,000 units of government in Illinois. Only about half have a website. How efficient and effective would that be?

Units of government are required by statute to post meeting dates, agendas and minutes. Yet, many don't. There are more than 1,400 townships in Illinois, and the vast majority don't have a website but for the ones that do only 53 percent comply with the required posting of meeting dates, agendas and minutes. Why would different results be expected from the same government units if they control the posting

of public notices?

We all know there is money to be saved by being more efficient. How about taking a realistic look at eliminating the seemingly redundant units of government? Illinois has far more units of government than any other state. Florida has more than 7 million more residents than Illinois but fewer than a quarter the number of government units. Drainage districts, road districts and mosquito abatement districts could and should become part of the function of county governments. The largest mosquito abatement district in Illinois is the South Cook County Mosquito Abatement District and it spent less than \$100 in 2020 on public notices, which is far less than the \$25,000 it spent on memberships and conferences. The cost of public notices is one of the smallest expenses of

So, it's not surprising that eliminating public notices from newspapers won't reduce taxes. Real-

government entities.

istically no unit of government is going to lower its tax levy. So, if the Legislature really wants to lower public notice expense and ultimately property taxes it should address the number of governmental entities in the state.

Newspapers across Illinois provide access to public notices and verify compliance by government units. They also serve as a permanent record of public notices.

The majority of the more than 400 newspapers in Illinois are small businesses. Like every other small business, newspapers have been hit hard by the pandemic. Removing public notices will make it even harder for newspapers to do what they do best – serve and inform their communities.

Series shows destructive power of Internet

Brad

enjoy a good real crime movie or Llimited series. Ah yes, the limited series. A series where they take a topic that could have been told in two episodes and make it six.

My wife and I recently watch one on Netflix that has a lot of people talking. It is called "Crime Scene: The Vanishing at the Cecil Hotel." It is about the disappearance and death of a young woman at a notorious Los Angeles hotel.

This happened in 2013, and I remember seeing the haunting video of this woman in the hotel from the night she disappeared. The video came from a hotel elevator, where she looked like she was hiding from something or someone, then talking to someone and generally acting very strange.

This documentary, told over four episodes even though it really only needed two, goes in depth about the case and the hotel (Spoiler alert: She was bipolar and off her medication. She had some sort of psychotic

break, went to the roof of the hotel, climbed into a water tank and drown. Very sad case). The core story is

police work is always fascinating for me. But this show was about something more than that – **Jennings** something that truly disturbs me. It was about people on the Internet taking an acute interest in the case and running wild.

interesting and the

Here's the thing about the Internet... It makes everyone feel like an authority on nearly every topic. It is also a place that too many people fall down the digital rabbit hole and get caught up in conspiracy theories. Look at the rise of Qanon as an example of this, a theory so ridiculous that I have a hard time understanding how anyone could believe it.

Well, the case of the missing woman – her name was Elisa Lam and she was a Canadian student visiting California - took the Internet by storm back in 2013. People who apparently had

not much else to do starting blogging about and discussing her case. It was a couple of weeks between the time she disappeared and when her body was found. In that time, these Internet sleuths became convinced she was murdered,

they even accused one person who wasn't even in the country at the time of doing it, which nearly destroyed the man's life. They saw conspiracies in every new development. They blamed the police, the coroner's office, the hotel's owners – pretty much everyone.

This is what the Internet can do best – create fiction out of reality. Once one person starts pushing a theory that they came up with, others start to grab on and before you know it there is a feeding frenzy of misinformation.

This is why I have time and time again spoken out against the rampant

conspiracies that we see these days. The Internet has allowed people to spread false information in the blink of an eye. And as we know, the world is full of not only gullible people, but also people who think they know everything. And for some reason, both groups of people feel the need to let everyone know what they

This one case shows the destructive power of the Internet when it is used to spread false information. The show called these people "web sleuths," but to me they were just sadly pathetic people with no lives of their own.

"Crime Scene" was worth a watch for people who enjoy true crime shows, but the real crime was clearly perpetrated by the "web sleuths" who ultimately got pretty much everything wrong and spread that bad information across the globe.

Brad Jennings is the editor of The Ogle County Life.

LETTERS TO THE EDITOR POLICY

The Rochelle News-Leader encourages responsible letters to the editor on subjects of interest to our readers. Editing may be necessary for space, clarity or to avoid obscenity or libel, but ideas will not be altered. All letters must bear the handwritten signature of the writer and include address and phone number or e-mail address for verification purposes. Neither the street address nor phone number will be printed. Letters should be typed or legibly

handwritten, and no anonymous letters will be published. Any letters from boards or organizations must include at least one name of an individual. Any criticism of public officials should be limited to issues related strictly to their position or actions made in office, as personal attacks will not be published. Letters involving private disputes between the writer and a business will not be published. Political endorsements will be published,

however letters rom candidates endorsing themselves will not be printed. Letters may be dropped at the News-Leader office (211 IL Route 38 East), mailed to the News-Leader (P.O. Box 46, Rochelle, IL 61068) or e-mailed (news@rochellenews-leader.com.) The News-Leader reserves the right to edit or reject any letter to the editor for any reason, and letters chosen for publication do not necessarily reflect the views of this newspaper.

COMMUNITY

Kishwaukee College offering shortterm training programs this summer

MALTA — The Kishwaukee College Continuing Education department is offering four Short-Term Training programs during the Summer 2021 semester. Two are offered online. Two are offered in a hybrid format (online learning/ in-person practice). Participants are required to have access to a computer and internet to participate in the programs.

Short-term training programs prepare people for a variety of entry-level positions in a wide range of career fields. The programs are a great way to explore a career before committing to a degree. Short-term training programs range from 11 to 20 weeks. Some include an externship. The programs prepare students to work in their field and pass their national certification exam, if available. Completion of a short-term training program provides an entrance into a career path that begins with a skilled, entry-level position with the opportunity for further career advancement.

The Short-Term Training programs offered in Summer 2021 are:

Online

Pharmacy Technician: May 9 through Aug. 21

Pharmacy Technicians assist

March 2

Addison Perkins

March 6

Nicole King

March 8

Chaz Conant

March 9

Minia Waters

March 12

pharmacists to dispense prescription medication. Pharmacy Technicians may also manage third-party billing, answer telephones, direct customers to items or to the pharmacist for medication consultation, receive written prescriptions, clean and sterilize dispensing bottles and instruments, answer questions regarding non-drug products and collect payments. Instruction is provided via D2L/Bright Space in an asynchronous format.

Sterile Processing Technician: May 9 through Aug. 14

Sterile Processing Technicians provide support to all patient care services in a health care facility. They are responsible for decontaminating, cleaning, processing, assembling, sterilizing, storing and distributing the medical devices and supplies needed for patient care, especially during surgery. Instruction is provided via D2L/ Bright Space in an asynchronous

Hybrid (Online Lecture/In-Person Practice)

Dental Assistant: May 9 through July 31

Dental Assistants are skilled health care professionals who work closely with dentists and dental hygienists to provide quality preventive and corrective dental

care and administrative support in dental offices. Dental assistants are trained in the history of dentistry and dental assisting, oral anatomy, dental equipment, operation and maintenance, proper patient positioning, dental anesthesia, and sterilization as well as an introduction to the dental office legal aspects of dentistry. Instruction is provided via D2L/Bright Space in an asynchronous format. In-person practice will be conducted on Tuesdays (6 to 9 p.m.) in a local dental office.

Phlebotomy Technician: June 13 through Sept. 3

Phlebotomists are skilled health care professionals who have been trained to collect, transport, handle and process blood and other specimens for laboratory analysis using venipuncture and micro collection techniques. Instruction is provided via D2L/Bright Space in an asynchronous format. In-person practice will be conducted on Monday/ Tuesday/Thursday (6-8:30 pm) at Kishwaukee College.

Registration opens on April 5. Prospective students should contact Melissa Gallagher, Director of Short-Term Training & Continuing Education, at mgallagher1@kish. edu as soon as possible to schedule a phone meeting.

Interact offers Spring Clean-ups

Covid has cancelled the annual RTHS Interact Student/Faculty fundraiser. That's good news for local gardeners. Interact Club offers an Early Spring Yard Clean-up event.

March 1-31, you can sign up to have your lawn/yard readied for spring.

Interact kids will provide the muscle, you provide the lawn tools & clean-up supplies.

- Students may only work OUTSIDE; not allowed on ladders, etc.
- · Adhere to COVID guidelines: masks, temperature & symptom checks on day of service.

Donations are appreciated. This replaces our student/faculty fundraiser and all proceeds benefit the community.

Sign up using the form below. Once done, an Interact member will contact you to schedule a day for clean-up for late April/early May (depending on weather). All information provided on this form will be confidential.

Contact advisor Alison Vrana avrana@rthsd212.org or 815-562-4161 x1107 for more information.

Spring Cleaning Sign Up Sheet: https://forms.gle/fHkkSY7s1JDBVQgT8

Winless streak snapped

Schwanert leads Rochelle over Kaneland for first victory of season

BY RUSSELL HODGES SPORTS EDITOR

DEKALB — Junior Alyssa Schwanert needed every one of the team-leading 489 pins she knocked over during the Rochelle Lady Hub varsity bowling match against the Kaneland

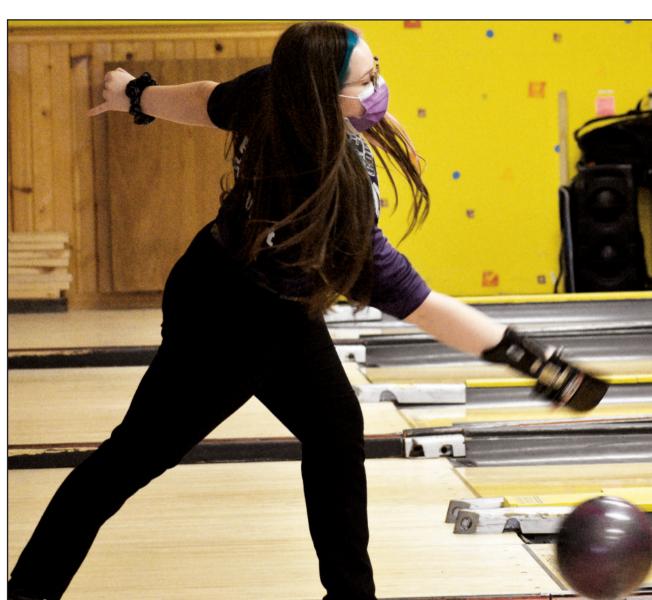

Knights on Tuesday. Looking to end a fivematch losing streak to open the season, Rochelle split its first two games with the Knights but led in the series by only eight pins. Despite 169 from Kaneland's Corrine Gatewood in the third game, Schwanert stepped up for the Lady Hubs, rolling a series-best 177 and propelling Rochelle over the Knights 585-564 in the final game. The margin of victory was enough to give the Lady Hubs their first team victory of the season

by a score of 1,755-1,726. "It felt so good to win and it really boosts our confidence," Schwanert said. "I was staying confident and I wasn't getting in my own head. I was keeping my arm behind the ball and not bringing my arm over the top of the ball. Our work in practice is starting

Kaneland edged Rochelle 627-624 in the first game behind 189 from Ella Edwards and 157 from Sia Workman. All four Lady Hub bowlers topped 130 in the opening game, with Schwanert shooting 150 and freshman Faith Adams adding 148. Schwanert's 162 and senior Kiya Porter's 125 were enough to liftRochelle over Kaneland 546-535 in the second

"We bowl a lot better when we're confident in each other and cheering each other on," Schwanert said. "We need to keep our confidence up and we need to keep working hard in practice. We've made a lot of improvements in practice since the start of the season."

Porter fired 132 in the third game to finish with a 394 series, while Adams totaled 114 for a 371 series and junior Carly Summers chipped in 105 for a 323 series. Workman and Gatewood recorded Kaneland's two high series scores of 420 and 417, respectively. The Lady Hubs (1-5) will continue conference play against Sycamore on Tuesday, March 2 at 4 p.m.

Junior Alyssa Schwanert threw a team-leading 489 series with a high score of 177 when the Rochelle Lady Hub bowling team defeated Kaneland on the road Tuesday. It was Rochelle's first win of the 2020-21 season.

RTHS Varsity Boys Basketball

Burdin fuels Hub win over Sycamore

Senior guard drops 30 points in 73-56 victory

BY RUSSELL HODGES

SPORTS EDITOR

ROCHELLE — Hub senior Garrett Burdin knew he'd be in for a big night after knocking down his first two 3-point shots of the Rochelle varsity basketball game against Sycamore on Friday.

Burdin went 4-for-4 from the field to start the evening, scoring Rochelle's first 11 points on three triples and a layup. Sycamore had no answers for the senior guard, who finished the night with a seasonhigh 30 points including 23 in the first half to lead the Hubs over the Spartans 73-56. Rochelle improved to 4-4 overall and 4-3 in the Interstate 8 with the win.

"When I hit my first two shots, I felt the ball coming off my hand right," Burdin said. "My teammates were getting me open looks and Sycamore was in the wrong defense. I think being faceguarded by some of the best defenders in the conference has helped me this season and that's what happened tonight. I've learned to play through it and my numbers

have gone up." Burdin scored 14 points in the first quarter, helping Rochelle take an 18-9 lead over Sycamore into the second quarter, where Burdin added four of his game-high 12 field goals. Juniors Tanner Lager, Adam Kemp and senior Spencer Warborg each added 3-pointers for the Hubs, who finished the first half strong on a pair of low-post baskets from sophomore Raul Aguirre.

Down 44-23 at the half, Sycamore leaned on junior standout Xavier Gagnepain, who showcased his elite athleticism with several quick drives to the rim and multiple put-back shots over Hub defenders. Gagnepain made four baskets and scored 11 of his team-high 22 points in the third quarter, allowing the Spartans to bring Rochelle within a dozen, 57-45, after three quarters.

"We need to keep people out of the paint," Burdin said. "I think we still need to get better defensively. If we can do that, I think we have a shot to win the conference championship."

With Rochelle needing someone to step up in the fourth quarter, Lager entered attack mode for the Hubs, scoring nine of his 14 points on two powerful

drives to the hoop, an open

(PHOTO BY RUSSELL HODGES)

Senior Garrett Burdin led the Hubs with 30 points against the Sycamore Spartans on Friday. triple from the corner and a

pair of free throws after contact at the basket. Rochelle limited Gagnepain to only two fourth-quarter points and outscored the Spartans 16-11 in the period. "Coach [Jared] Johnson

talked with me before the game about how I haven't been attacking how I normally can," Lager said. "He talked to me about getting to the rim and that was my goal in this game. Sycamore

swept us last season, so it

this year. We need to keep improving our defense in order to get some wins over the next stretch."

Sophomores The Rochelle Hub sophomore basketball team

while Aidan Darby scored

eight points.

RTHS Varsity Girls Basketball

Lady Hubs fall against Ottawa

Defense shines in 32-27 loss

BY RUSSELL HODGES

SPORTS EDITOR

OTTAWA — Despite another outstanding defensive effort from the Rochelle Lady Hub varsity basketball team, victory was slightly out of reach when the girls battled Ottawa on Wednesday.

Trailing 19-17 at halftime, Rochelle stymied the Pirate offense in the third quarter, holding Ottawa to only one point and taking a 22-18 lead entering the fourth quarter. The Lady

Hubs were unable to hit enough shots down the stretch, however, as the Pirates outscored Rochelle 12-5 in the final quarter to win 32-27 and drop the Lady Hubs to 2-4 on the

season. "This is probably the best defensive team I've had throughout my tenure at Rochelle," head coach Tony Rowan said. "I'm

really proud of how the

kids understood the game

plan and knew what we

needed to take away from

them. We're still struggling

to find baskets offensively, especially when we need them most. A lot of our girls have two solid years of playing together and our team chemistry is improving. It's huge when our team trust is extremely

high." Junior Zoey Tabor scored a team-high nine points and grabbed five rebounds for the Lady Hubs, who were without

starting guard Josie Lundquist due to a foot injury. Senior Sofia Lenkaitis led the defensive effort with three steals, while senior Afi

Gati stepped up inside with 14 rebounds including seven on the defensive end and seven on the offensive end. Rochelle's offensive struggles continued Wednesday, with the team shooting 22 percent from the field.

"We're always talking about setting and reading screens, when to make back-door cuts and when to meet the basketball," Rowan said.

Senior Hayden Smith led Rochelle with a 560 series and 208 high game when the Hub bowling team faced Ottawa on the road Wednesday.

Smith steps up for Hub bowlers against Ottawa

BY RUSSELL HODGES SPORTS EDITOR

OTTAWA — Rochelle senior Hayden Smith finished as the high roller for the Hub varsity bowling team Wednesday evening, when Rochelle faced Ottawa at Dettore's Town Lanes.

Smith fired a team-leading 560 series including a high score of 208 on Wednesday, but the Pirates downed the Hubs 3,292-2,669 and dropped Rochelle to 1-4 overall. Junior Devansh Patel added a 525 series, while Sean Miller led Ottawa with 605 and high scores of 208 and 206. The Hubs will return to action against Sycamore at home on Tuesday, March 2 at 4 p.m.

Ottawa claimed the first game 1,103-848 behind 201 from Ty Trovero. Patel's 177 and Smith's 170 were the high scores for Rochelle in the opening game. The Pirates grew their lead in the second game, winning 1,054-862 despite 182 from Smith, 180 from Patel and 170 from senior Keith Holland, who finished with a 453 series on Wednesday.

Ottawa completed the sweep in the third game, defeating Rochelle 1,085-959. Miller's 206 and Nelson Brandt's 180 propelled the Pirates in the final game, while Smith's 208 and Patel's 168 were the high scores for the Hubs.

RTHS Varsity Boys Basketball

Hub defense falters against Ottawa

Pirates rally for 61-58 win over Rochelle

BY RUSSELL HODGES

SPORTS EDITOR

ROCHELLE — Ottawa senior Anthony Cooper sparked a second-half surge that flipped the script on the Rochelle Hubs during their Interstate 8 Conference clash Wednesday evening. Cooper made four triples and scored 17 of his game-high 25 points over the final two quarters, lifting Ottawa over Rochelle 61-58 and dropping the Hubs to 3-4 overall and 3-3 in the conference.

"I thought we competed hard throughout the game," coach Jared Johnson said. "We have to be able to get stops in the halfcourt if we want to win big games. We struggled in the second half but we're going to learn from it... We sometimes get too stagnant offensively, especially against ball pressure, and we need to be strong with the ball and get the ball inside."

Rochelle took the early lead behind five 3-pointers from five different players including senior Garrett Burdin, who hit four in the contest and finished with 14 points. The Hubs led Ottawa 17-9 entering the second quarter, where Cooper found his rhythm with two triples of his own. The Pirates started the second quarter on an 8-0 run, evening the game before Rochelle bounced back with eight unanswered points of its own. Ottawa trailed 28-21 at halftime.

Another Pirate run quickly erased Rochelle's lead in the second half, as Ottawa scored seven straight points to open the

(PHOTO BY RUSSELL HODGES)

Senior Spencer Warborg drives past Ottawa's Levi Sholders during the Rochelle Hub varsity basketball game against the Pirates on Wednesday.

third quarter. Unlike the first half, Rochelle's manto-man defense faltered as the Pirates continued to attack the basket. Cooper repeatedly sped past Hub guards to the rim, putting home three layups and drawing multiple fouls to earn free throws.

"I thought we broke down in the second half," Johnson said. "We talked about the principles that we work on everyday like having weak-side help and when we're facing a team like Ottawa that runs great offensive sets and spreads us out, we have to stay on the weak side."

Down 43-39 entering the fourth quarter, Rochelle briefly regained control with a 5-0 run behind a low-post basket

from junior forward Zach Sanford, who doubledoubled with 15 points and 11 rebounds, and a corner triple from junior guard Adam Kemp, who stepped up with seven of his 10 points in the final quarter. But turnovers proved costly for the Hubs, who gave the ball away 15 times including several instances in the fourth quarter that led to Ottawa layups.

"I thought Zach had a great game," Johnson said. "I think we sometimes force too many 3-pointers and don't play inside-out enough. We need to keep working on our ball movement."

With the Hubs trailing 60-55, Burdin connected on a long-range 3-pointer to bring Ottawa within one possession with less than 30 seconds remaining in regulation. Pirate senior Levi Sholders sunk the first freebie before missing the second to allow Rochelle one last chance to tie the game. Ottawa managed one final stop, however, stealing the ball after an inbounds play near the half-court line.

Sophomores

The Rochelle Hub sophomore basketball team fell 59-42 against Ottawa on Wednesday. Raul Aguirre led Rochelle with 14 points, while Landon DeLille added nine points. Daniel Monfils totaled eight points and made two 3-pointers in the loss to the Pirates.

(PHOTO BY JOHN SHANK)

League bowler Ryan Messer rolled his sixth career 300 game at T-Byrd Lanes on Thursday.

Messer rolls sixth career perfect game

ROCHELLE—With a brand new ball in hand, local league bowler Ryan Messer rolled a 300 game at T-Byrd Lanes on Thursday, Feb. 25 during the Thursday Night Classic League.

Messer shot the perfect score in just his second game with a brand new Storm Proton Physix bowling ball that he had just broken out for the first time that night.

"The first game I was just getting used to it and shot 185, so in the second

game I just started throwing it further outside to see how it would react and it was really coming back hard to the pocket,' Messer explained. "I just used it tonight for the first time after deciding it was time to buy a new ball, and I was joking around before we started that maybe it will be a good night."

The league-sanctioned 300 game was the sixth of Messer's career, and the first this season at T-Byrd Lanes.

GIRLS: Pirates edge Lady Hubs

From page 1

"Some of these kids have a lot of varsity

experience and some of them don't, but we need to keep getting out there and building confidence."

JV

The Rochelle Lady Hub JV basketball team played a close game

against the Ottawa Pirates on Wednesday, falling 35-29 and moving to 1-4 overall.

THE BOLD AND THE BEAUTIFUL

Hope admitted to Liam that the results of Steffy's paternity test had her questioning everything. Finn made his feelings known. Steffy delivered a powerful speech to Finn and Hope about her feelings for Liam. Bill and Liam leaned on one another

about their relationships with Katie and Hope. Finn stated a new set of boundaries that Liam must obey when it came to Steffy. Thomas was concerned about his sister. Knowing that Hope had borne the brunt of the heartache, Steffy offered an apology. Wait to See: Thomas decides to help Hope and Steffy in an unusual way. Wyatt asks Katie for a favor on behalf of an unknowing Flo. Steffy

intervenes when Finn

and Liam compete for on "Days of Our Lives." her favor. DAYS OF OUR LIVES

Arianne Zucker stars as "Nicole"

Vivian made a deal with Kristen. Chloe revealed to Brady that Philip

kissed her. Claire lured Charlie into a trap. Kristen struggled to pull off her plan to keep Chloe away from Brady. Philip made a decision about hiring Gabi. Sarah had some surprising news for Xander. John threatened Charlie. Claire was alarmed by Allie's confession. Tripp told Steve he wanted to help Allie with baby Henry. Nicole and Rafe brought Ava home from the hospital. Ciara and Ben had a shared dream. Marlena grilled John about his disappearing act. Evan went against his father's wishes. Rafe brought in a murder suspect. Wait to See: Ben and Claire again seek help from Susan. Susan panics when Lani comes to visit "Kristen" in prison. Eli delivers disturbing news to Ava and Tripp.

GENERAL HOSPITAL Jackie pleaded with Finn. Anna con-

fided in Valentin. Maxie and Nina talked about Nathan. Jordan and Curtis had an awkward encounter. Cyrus received some infuriating information. Anna and

MARCH 7, 2021

CELEBRITY EXTRA anymore. Yes, they're still married and appear

next year.

of Spokane

"Falling for Vermont" (2017, Romance)

to be happily so. They have three children

together, and recently posted photos

on social media of Blake sledding and

Ryan coloring Blake's hair during the pandemic. I'm willing to bet they make

it to their 10th wedding anniversary

Q: My sister and I both love "The

Rifleman" show on ME-TV. How many

shots does Luke McCain shoot off in the

beginning of the show? Can you also tell

us about Mark (Luke's son), his real name

and if he's gone on to other shows? -- M&E

"Sweet Autumn" (2020, Romance) Nikki

cop on "The Rookie"? My husband said he once played Superman, but I told him that actor is on another show we watch called "The Witcher." Is it the same person? -- Y.G. A: You're both right! There have

Q: Who is the actor who plays the racist

"It Was Always You" (2021, Romance) Erin Krakow, Tyler Hynes. ©

been several incarnations of DC Comics' **Brandon** Superman since the Christopher Reeve Routh in era, the most recent having starred "Superman Returns" Henry Cavill in 2013's "Man of Steel," followed by "Batman v Superman" and "Justice League." Cavill, sporting long white hair, is the actor who plays the monster hunter in the hit fantasy series "The Witcher" on Netflix. "The Rookie's" Brandon Routh was cast

as Clark Kent/Superman in the 2006 film "Superman Returns," with Kevin Spacey, but it didn't deliver at the box office, so he faded into obscurity for a while. Fortunately, the DC Universe must like him because he went on to play either Superman or The Atom in several CW series like "The Flash" and "Arrow." In December, Routh, now 41, was cast

on the third season of the ABC drama "The Rookie" as an officer with polarizing views and actions. The role is recurring, but it gives him a chance to play against type, the opposite of a superhero. Q: Are Ryan Reynolds and Blake Lively

still married? I never read anything about them anymore. -- E.E.

A: Hopefully, it's a good thing that their lives aren't the subject of gossip magazines

A: "The Rifleman" is a classic Western that ran for five seasons from 1958 to 1963. It starred Chuck Connors as a rancher and Johnny Crawford as his young son, Mark. The

number of shots that Connors fires during the opening credits appears to my ears to be 13. Crawford is still acting, but not so much these days. He's about to turn 75, and his most recent credit is another Western, a 2019 movie titled "Bill Tilghman and the Outlaws" (aka "The Marshal"), which can be rented through Amazon Prime. Crawford was one of the original Muske-

teers with the Walt Disney Company before he appeared on "The Rifleman." He subsequently guest-starred on such notable series as "Hawaii Five-O," "Little House on the Prairie" and "Murder, She Wrote." He and his on-screen father Connors remained close friends, and Crawford delivered the eulogy when Connors passed away in 1992.

How exercise can help you live longer

HERE are many reasons to get in shape. Weight loss is a prime motivator, as is reversing a negative health effect, such as high cholesterol or increased diabetes risk. Routine exercise also can improve life expectan-

WebMD says exercise keeps the body and brain healthy. That's why exercise should be an important component of daily life no matter one's age.

Research published in the journal Immune Aging found that how people age is 75 percent lifestyle and only 25 percent genetics, which underscores the importance of the lifestyle choices people make.

Cardiorespiratory fitness

Many health experts say that cardiorespiratory fitness may be just as valuable a metric to determine overall health as blood pressure and lipid levels. People with a high aerobic capacity can deliver oxygen to tissues and cells efficiently to fuel exercise, according to data published in 2014 in the journal Aging & Disease. In a study involving 11,335 women, researchers compared V02 max, also known as aerobic capacity, in women with mortality data. Women who were fit from a cardiovascular perspective had a lower death rate from all causes, irrespective of the women's weight.

Manage stress and mood

Exercise has direct stress-busting benefits that can promote longevity. The Mayo Clinic says physical activity can increase the production of endorphins, which are the body's feel-good neurotransmitters. In addition, exercise can imitate the effects of stress, helping the body adjust its flight or fight response accordingly, and help them cope with mildly stressful situations. While engaged in exercise, people may forget about their problems as they are focused on the

Improve bone health

Strength training and physical activity can stave off the effects of frailty and osteoporosis, which affects bone strength. A study published in the Journal of Internal Medicine in 2017 found that hip fractures are associated with diminished quality of life and survival among the elderly. One in three adults aged 50 and over dies within 12 months of suffering a hip fracture, and older adults have a five- to eight-times greater risk of dying within three months following a hip fracture. Building muscle strength, balance and bone density through exercise can reduce falls and frailty, helping to prevent fracture-related health risks.

Addresses sarcopenia

The health and wellness resource Healthline defines sarcopenia as the loss of muscle mass specifically related to aging. Doctors once considered this muscle loss inevitable, and it can affect stamina and lead to weakness. However, new indications suggest that exercise is the main treatment regimen for sarcopenia, particularly resistance training. This is designed to improve muscle strength and help balance hormone levels by turning protein into energy for older

These are just some of the ways exercise can help older adults live longer, healthier lives.

What to know before claiming Social Security

ING adults spend years striving to achieve their professional goals. Along the way, planning for retirement is a way to ensure all that hard work pays off when the time comes to call it a career.

In the United States, men and women nearing retirement age may be thinking about when they should begin collecting their Social Security retirement benefits. Social Security is a social insurance program instituted by President Franklin Delano Roosevelt in 1935. The program consists of retirement, disability and survivor benefits, and workers in the United States contribute to Social Security each week.

The decision about when to claim Social Security retirement benefits is one all those who have contributed to the program must eventually make. In recognition of the difficulty of that decision, the Consumer Financial Protection Bureau offers the following tips to people wondering when they should begin collecting their Social Security benefits.

Confirm your full retirement age. Full retirement age refers to the age at which people can begin collecting their full benefits. Depending on the year you were born, you can begin collecting your full benefit at age 66 or 67. Claiming your benefit before you reach full retirement age will lead to a permanent decrease in your monthly benefits. Conversely, claiming after you reach full retirement age will

lead to a permanent increase in your monthly benefits. Since the stakes are so considerable, it's vital for adults to confirm their full retirement age before they claim their benefits.

Delay claiming if you can. The CFPB notes that you can expect to get an additional 5 to 8 percent in monthly benefits for every year you wait to claim your Social Security benefits after age 62, maxing out at age 70. If you can afford to do so, wait to claim your full benefit until age 70, as doing so can translate to a benefit that's 32 percent higher than it would have been had you claimed your benefit at age 62.

Budget for retirement. Short- and long-term budgeting for retirement can help you assess how much money you will need to cover your expenses when you stop working. This step can help you understand how much a reduced or increased Social

Security benefit will affect your bottom line in retirement.

Continue working. Remaining in the workforce full-time or even part-time can have a considerable impact on the size of your Social Security benefit. The CFPB notes that continuing to work for one or two additional years can replace low- or no-income earnings from your earnings record, thereby increasing your benefit.

Consider the longterm needs of your spouse. Surviving spouses receive the higher of the two spouses' benefits. So it makes sense for the higher earning spouse to wait to collect his or her benefit until he or she reaches full retirement age.

The decision about when to collect your Social Security benefit is complex. Discussing your options with your spouse and financial advisor can help you make the most informed decision.

Hobbies for seniors residing in assisted living communities

SSISTED living facilities are a vital resource for aging individuals. Data from the American Health Care Association® and the National Center for Assisted Living® indicates that more than 811,000 people reside in assisted living facilities across the United States.

Assisted living facilities have changed dramatically over the years, making them ideal options for adults who may need varying degrees of help with daily activities. Such facilities can help with activities like bathing and preparing meals, but they also can help residents find and explore new or existing hobbies. As individuals adjust to life in assisted living facilities, finding new hobbies or rediscovering old passions can be a great way to connect with fellow residents.

Reading: Reading is a rewarding activity that can greatly benefit seniors and provide an engaging pastime for those with limited mobility. Many assisted living facilities offer activities that are designed to foster communication between residents and a book club can do just that. What's more, reading every day may be especially valuable for people age 65 and older. A 2018 study published in the journal JAMA Psychiatry found that dementia risk was considerably lower among men and women 65 and older who participated in intellectual activities like reading than it was among seniors who did not engage in such pursuits.

Gardening: AARP notes that gardening provides a host of health benefits APARTMENTS AVAILABLE

that go beyond ensuring fresh fruits and vegetables will be on the dinner table. For example, vitamin D is vital to bone health, which is important for aging men and women who are vulnerable to osteoporosis. A 2014 study from researchers in Italy found that exposure to sunlight can help older adults get adequate amounts of vitamin D. Signing up for a gardening club can be a great way for seniors to get some exercise, enjoy time outside the assisted living facility and promote strong bones.

Art therapy: According to the Chicago Methodist Senior Services, art therapy is a creative form of therapy designed to help older adults with memory loss or those experiencing mental or physical stress. The Harvard Medical School notes that recent research has indicated that engaging in creative activities may be more effective at delaying cognitive decline than merely appreciating creative works. A 2014 study from researchers in Germany found that retirees who painted and sculpted had greater improvements in spatial reasoning and emotional resilience than a similar group who attended art appreciation classes. Many assisted living facilities offer art therapy or similar programs to residents, and enrolling in such programs can promote social interaction and provide numerous benefits to men and women over 65.

Assisted living facilities offer an array of programs designed to help residents develop rewarding hobbies that can benefit their long-term health.
