Students returning to in-person learning Friday, Jan. 15 will be a Remote Here are some general remind-

ROCHELLE — Rochelle School Districts have received confirmation from the Ogle County Health Department that all Rochelle schools are able to return to the original hybrid learning model and in-person learning on Tuesday, Jan. 19. Below are details from a letter

written by Superintendent Jason

Planning Day for pre-kindergarten through eighth-grade teachers with no instruction for pre-kindergarten through eighth-grade students. Remember that all Rochelle schools will not have school on Monday, Jan. 18 for Martin Luther King, Jr. Day.

We are excited to welcome your students back to school. ers about what school will look like when we return on Tuesday, Jan. 19:

Your child(ren) will return to in-person learning only if that is the choice you made in October/ November for the second trimester (Grades PreK-8) or second semester (Grades 9-12). We will follow all the same start and end times for each school. Bus times and meal offerings will all be the same.

All remote learners will transition back to their schedules before the adaptive pause. In the days to come, teachers and building principals will provide more information about returning to in-person learning.

Riots at US Capitol bring State Capitol security concerns into focus

Governor calls for heightened security as lawmakers return to Springfield

BY SARAH MANSUR

CAPITOL NEWS ILLINOIS/SMANSUR@CAPITOLNEW-SILLINOIS.COM

SPRINGFIELD — Just two days after hundreds of rioters broke through police barricades and vandalized the halls of Congress, Illinois lawmakers will return to the seat of government for a lame duck session.

The security presence at the Capitol, where the state Senate will convene, and the Bank of Springfield Center, where the House of Representatives will meet, has come under renewed focus.

The Illinois State Police has increased security around the state Capitol and the Bank of Springfield Center, at Gov. JB Pritzker's request, and will be coordinating efforts with the Secretary of State police and the Springfield Police Department, an ISP spokesperson wrote in an emailed statement Thursday.

"The ISP will have all resources at its disposal to assure the safety of the participants and protect the integrity of the session. To ensure security, we cannot discuss protocols or manpower associated with this effort," the ISP spokesperson wrote.

In a statement Wednesday evening calling for President Donald Trump's impeachment, Pritzker said he asked for the Illinois State Police and other law

enforcement Wednesday to "redeploy to heighten their presence at government buildings and the Capitol in Springfield."

Pritzker's spokesperson did not respond to a question Thursday about whether the governor plans to deploy the Illinois National Guard at the Statehouse or other government offices for the legislative session.

The governor's statement Wednesday came as a much smaller group of demonstrators gathered outside the Illinois Capitol to protest the election certification of President-elect Joe Biden.

There were no arrests or incidents re-

ported at the Illinois protest, according to Henry Haupt, a spokesperson for the Illinois Secretary of State, who estimated it was attended by 40 to 50 people.

The Secretary of State Capitol Police force is assigned to the nine buildings comprising the State Capitol Complex. Security at the Bank of Springfield Center falls under the purview of the Illinois State Police, said Haupt.

Steve Brown, spokesperson for House Speaker Michael Madigan, declined to comment on security procedures at the Bank of Springfield or discussions among House leadership for additional security.

"I think there is adequate security, as there was in May (during the last legislative session)," Brown said on Thursday. "If you remember, visualizing the scene, (security) was pretty comprehensive from what could be seen, and there were additional layers, not necessarily visible to the general public."

John Patterson, spokesperson for Senate President Don Harmon, said in an email that there are ongoing conversations with the Secretary of State's Office to address any questions or concerns and reassure every one of the building's security in advance of the Senate session.

reston library construction set for summer

BY RUSSELL HODGES

SPORTS EDITOR

CRESTON — Creston trustees received an update from Creston-Dement Library Board President Doug Kroupa on the \$2.5 million construction project for a new library Tuesday evening. Kroupa said construction on the new library, which will be located at the corner of Main Street and Cederholm Street, is scheduled to begin in either July or August 2021.

The need for a new library stems from an increased number of patrons on a monthly basis. Kroupa said the number of library users has grown from between 60-to-80 people per month to well over 700 people per month. Despite COVID-19 mitigations,

The \$2.5 million construction project for a new library in Creston which will be located at the corner of Main Street and Cederholm Street is scheduled to begin in either July or August 2021.

Kroupa said roughly 200 people per month on average are still using the current library, located at 107 S. Main St. in Creston.

The new library will be a 7,500 square-foot facility and it will include many new features including study rooms and a presentation area that could seat 100 people. The \$2.5 million project includes the construction of sidewalks around the building and a retention pond. The library district

received \$750,000 in grant funding from the state to help fund the

project, which will require Creston trustees to annex 2 acres of land for the library into the village as well as rezoning the property. Kroupa said residents have continued donating money for the project. The Creston village

meeting concluded with the annual auditor's report as well as an update on bids for the Safe Routes to School project. Bids for the project will open on Jan. 15. Trustees also considered purchasing a new pickup truck the village can use to plow snow.

Keep in mind we will follow all the same COVID19 mitigation strategies and guidance mandates as we did before the adaptive pause along with any updated policies. Here are some

Everyone must wear a mask at all times while in school. We will continue to take temperatures prior

Parents must keep all children at home if any household member shows any COVID19 symptoms, any household member has exposure to someone with to remote learning.

COVID19, any household member is waiting on a COVID19 test, any household member is directed to quarantine by the OCHD or other health department and/or any household member is COVID19 positive.

We will temporarily move students or entire classes to remote learning if they display symptoms or otherwise have COVID19-related concerns. We will continue to follow OCHD and IDPH guidance on these situations. Please continue to have plans in place in the event your child temporarily moves

Keep in mind that we need your help in limiting the exposure of COVID19 in our schools. We again ask parents and students to adhere to all the mitigation strategies to ensure our schools can stay open as long as possible.

We appreciate your support and look forward to students returning to our buildings. If you have any questions about the return to in-person learning, please contact me directly. If you have any questions about the logistics that will impact your specific student, please direct those questions to your building principal.

Local photographers encouraged to enter Rep. Demmer's photo contest

DIXON – Are you a nature lover, architecture fanatic, or simply enjoy taking pictures everywhere you go around northwest Illinois? If so, this contest is for you.

Area residents are invited to submit a photo for entry in the "Rich History of the 90thDistrict Photo Contest" offered by State Representative Tom Demmer (R-Dixon).

Contest participants should submit their photos of historical sites, buildings and landmarks that highlight the rich history of the district and the region. A map of the 90th District can be found at tomdemmer. com. Participants may submit as many entries as they would like before the deadline of 6 p.m. on Friday, Feb. 12. Participants should include their name, phone number and location where the photo was taken with each entry. Entries should be emailed tophotos@tomdemmer.

"Our photo contest is a way to celebrate our region's heritage and recognize the talents of local residents who have a passion for photography," Representative Demmer said. "I am always impressed by the quality and creativity of the entries. The 90th District is filled with eye-catching beauty, and contest participants are always able to capture the heart of what makes our communities such a special place to live through the lenses of their cameras."

Winning photos will be placed on display in Springfield and at Representative Demmer's Dixon office for the entire 102ndGeneral Assembly (2021-2022), and the winning photographers will receive an official House of Representatives certificate of recognition. For questions or more information, please email the office at tom@ tomdemmer.com or visit tomdemmer.com.

The 90th District is located in the northwestern Illinois counties of Ogle, Lee, DeKalb and LaSalle. The District includes all or portions of the following communities: Amboy, Ashton, Byron, Compton, Creston, Davis Junction, DeKalb, Dixon, Earlville, Franklin Grove, Grand Detour, Hillcrest, Lake Holiday, Lee, Leland, Lost Nation, Malta, Mendota, Monroe Center, Nelson, Oregon, Paw Paw, Polo, Rochelle, Sandwich, Shabbona, Somonauk, Steward, Stillman Valley, Sublette, Waterman and West Brooklyn.

Police investigate missing person

BYRON — On Wednesday, Jan. 6 at approximately 1:18 p.m. a white passenger car was reported to have been found in the 9000 block of Illinois Route 2 in rural Byron.

The vehicle was located by Ogle County deputies a short time later and it was determined the unoccupied vehicle belonged to Brandon Cuddy who was previously reported as a missing person to the Byron Police

The area was searched by deputies, the Winnebago County bloodhound, Ogle County Sheriff's Office drone and a boat in the Rock River from the Byron Fire Department. All attempts to locate Cuddy were unsuccessful.

On Thursday, Jan. 7, members of the Ogle County Sheriff's Office, Winnebago County Sheriff's K-9 and Byron Fire Department expanded the area of search; again efforts yielded no additional evidence.

The investigation into the whereabouts of Brandon Cuddy continues. Anyone with information is encouraged to contact the Ogle County Sheriff's Office at 815-732-2136 or Ogle-Lee Crime Stoppers at 888-228-4488.

Deputies arrest Missouri man on warrant

On Jan. 6, Ogle County Sheriff's deputies arrested Daniel Dawson, 38, of Blue Springs, Missouri, when he turned himself in to the Ogle County Jail. Dawson was arrested on an outstanding failure to appear warrant. He was given a \$1,000 Recognizance bond, was released, and will appear in court on Jan. 25.

On Jan. 6, the Ogle County Sheriff's deputies arrested Tya Ru, 24, of Milwaukee, Wisconsin, for driving while license revoked. Ru was arrested by Ogle County Sheriff's deputies on Illinois Route 251 near Davis Junction after being stopped for speeding. Ru was released on a I-bond and will appear in court at a later date.

On Jan. 7 at approximately 11:08 p.m., Ogle County Sheriff's deputies conducted a traffic stop at N. Illinois Route 2 and Kathryn Road. After investigation, Ogle County Sheriff's deputies arrested Shane M. Muncy, 47, of Tampico, for possession of a controlled substance and unlawful possession of cannabis driver (improper container). Muncy was also cited for speeding, operating uninsured motor vehicle and equipment violation. Muncy was transported to the Ogle County Jail and held with no bond.

Deanna Hayward

ROCHELLE Deanna Sue Hayward, 50, of Rochelle, passed away peacefully at home

surrounded by her loving family on Monday, Jan. 4, 2021 after a lengthy battle with cancer. She was born Feb. 26, 1970 in

Ames, Iowa, the daughter of Daniel R. and Gail (Mitchell) Dailey. She married David Hayward on April 7, 1990 at St. Patrick Catholic Church in Rochelle.

Deanna spent her whole life in the Rochelle area. She was a lifelong Hub who worked in the RTHS cafeteria from 2010-2015. Her main job throughout her life was raising her family. Her children and husband meant everything to her. She was always there for her kids, whether it be driving them to sporting or school events, there was nothing she wouldn't do for her kids. Deanna was a loving and devoted wife, mother, and daughter and will be missed by all who knew her.

> Deanna is survived by her husband of almost 31 years, David; two daughters, Amanda Lynn (Tyler) Hofmann of Geneva, and Alexis Danielle (Mary) Studebaker-Reed of Rochelle; her parents, Daniel R. and Gail Dailey of Kentucky;

and a brother, Daniel J. Dailey of Tennessee.

A family viewing will be held at 10 a.m. on Monday, Jan. 11 at the First General Baptist Church. A family funeral service will follow at 1 p.m. with Pastor Angelo Bonacquisti officiating. The service will be live streamed on the Unger-Horner Funeral Home Facebook page. Interment will be in Trinity Memory Gardens in Rochelle.

Contributions in Deanna's memory may be directed to Serenity Hospice and Home.

Please visit www.ungerhorner.com to sign the

online guest book. **COVID** vaccine not yet available to public

ROCHELLE — Rochelle Community Hospital realizes there are many questions regarding the COVID-19 vaccine. The COVID-19 vaccine is being rolled out in phases in Illinois following the guidance of the Illinois Department of Public Health.

Right now, Illinois is in Phase 1a, which vaccinates health care workers, EMTs, other health care professionals and longterm care facility residents.

The vaccine is not yet

available to the general public in Illinois.

The health department will be notifying county partners as the allocation of vaccine is available to various groups in the community.

Stay informed via online sources, the newspaper or radio as more information is released from the Ogle County Health Department or Rochelle Community Hospital about the vaccine and availability.

Ravnikar named High Performer

ROCHELLE — Rochelle Community Hospital has named Karen Ravnikar as its' 2020 High Performer of the Year. Karen was selected among the 12 High Performers of the Month in 2020. She has been employed at the hospital for two years as the Laboratory Manager.

Shortly after Ravnikar was recognized as the February 2020 High Performer, COVID-19 arrived in Rochelle. She has done an exemplary job of leading the laboratory through the constant changes throughout the pandemic to care for our patients and our

Karen was nominated in February 2020. Her nomination read:

"Karen is a really hard worker. We have watched the efforts she has made to ensure the project (procedures) deadlines have been met before and after the inspector comes. Karen has come to the Lab a

few times on her days off (Saturday when she has a family activity) to take care of an analyzer issue and to solve the problem herself. She is a wonderful boss who knows how to bring out the best in her employees. She is very skilled, helpful, kind and friendly."

Kishwaukee College names Dutton Short-Term Training Award recipients

MALTA—Four Kishwaukee College students have been selected as this year's winners of the Dutton Short-Term Training Award of Excellence in their respective programs. The awards recognize

students every Fall and Spring semester in four health-related, short-term training certificate programs. The programs prepare students to work within the health care industry in the local economy. The winners this year are:

Alyssa Wagner — **Dental Assistant**

Kyleigh Blanchard — Phlebotomy Technician

Marchell Papernik-Butler — Pharmacy Technician

Amanda Lancaste — Sterile Processing Tech-

Each student earned \$500 to help offset program costs, such as tuition and other educational expenses.

"I am grateful to have this accomplishment to help my family be financially stable. The grant money helped me purchase a laptop for my online program needs," Lancaste said.

Lancaste said she plans on taking her certification exam in February and starting her job search. Wagner also said she is now looking to start her career after completing her program. Papernik-Butler said her grant made it possible to save more for Christmas gifts for her grandchildren and pay for the state exam. Blanchard said her training will help her take the next steps towards a career as a physician assistant. "I will be using my

phlebotomy certification

to begin working towards completing the required direct patient care hours that are needed to apply

to graduate programs for physician assistant studies," Blanchard said. Each award recipient was chosen by a committee based on course work,

classroom participation, and clinical feedback. The selected students have demonstrated the highest commitment to the preparation of their chosen profession.

The awards are the namesake of George and Betty Dutton, who played an important role in the town of Sycamore and across DeKalb County.

George was president of the National Bank & Trust Co from 1977 until his retirement in 1981. He and his wife Betty were active in the community and were strong supporters of education. It is the wish of the Dutton Foundation family members to continue their passion by providing support for students at Kishwaukee College.

For more information on the Dutton awards, contact the Kishwaukee College Foundation at 815-825-2952 or foundation@kish.edu. To learn more about short-term training at Kish, contact Melissa Gallagher, Coordinator Short-Term Training, at 815-825-9466 or mgallagher1@ kish.edu or visit kish.edu/

LOCAL NEWS

The most important key to a healthy life O you know that God is inOf our mind, will and emotions, and our I'mnolongera miserable Christian and can Christian is not just a Sunday morning

O you know that God is interested in every area of your life? The truth is He cares about every single thing that concerns you, and He wants every bit of you to be whole and healthy.

First Thessalonians 5:23 (AMPC) says, "May the God of peace Himself sanctify you through and through [separate you from profane things, make you pure and wholly consecrated to God]; and may your spirit and soul and body be preserved sound and complete [and found] blameless at the coming of our Lord Jesus Christ (the Messiah)." This verse shows us that we can be "wholly consecrated to God," and He wants our spirit, soul and body to "be preserved sound and complete."

Jesus came to heal you and make you whole. He died so your sins could be forgiven and you could be made whole in your spirit, soul and body (Isaiah 61:1-3; Luke 19:10; John 10:10).

God created us as tri-part beings: we are a spirit, we have a soul and we live in a body. One function of our spirit is the conscience; it's the part of us that receives revelation from God. The soul is made up

of our mind, will and emotions, and our body is the "house" we live in. It's easy to think that God is only interested in spiritual things, but all three parts of our being are important to Him.

We can be sound spiritually—born again and on our way to Heaven—but God wants more for us than that. Jesus didn't come so we could just make it through this life and get to Heaven. He wants us to enjoy the journey, too.

Iremember years ago when I was going to church regularly and had received Christ as my Savior, but so much of my life was a mess! I really loved God, but I didn't love my life. I looked like I had it all together on the outside, but there was a lot of pain and dysfunction on the inside of me that people didn't know about.

It was an amazing revelation when I saw in God's Word that He cares about how we think, talk, our finances, our relationships, and that He has a plan and purpose for every single one of us. God wants our lives to be good! It took time and a determined decision on my part to study the Word and believe God's promises were for me, but

I'm no longer a miserable Christian and can honestly say today that I am much healthier and enjoy the life God has given me.

The best way to begin pursuing better health is by pursuing a deeper relationship with Jesus, because if your spirit is not healthy and right with God, then the other areas of your life can't become completely whole either.

Psalm 63:5 (AMPC) says, "My
Joyce Meyer whole being shall be satisfied as with
marrow and fatness; and my mouth
shall praise You with joyful lips." I
much love that this says "my whole being shall
God, be satisfied."

And Psalm 63:8 gives us the key to complete satisfaction: "My whole being follows hard after You and clings closely to You; Your right hand upholds me." So if we want to be fully satisfied, we have to follow hard after Jesus.

In any area of life, you'll get out of it what you put into it. It's foolish to think you can have a close walk with God if you don't spend time with Him on a regular basis, or the only time you talk to Him is when you're in trouble. Being a victorious

event. And God wants to have a personal intimate, ongoing relationship with you.

Romans 12:1 says to "make a decisive dedication of your bodies [presenting all your members and faculties] as a living sacrifice, holy (devoted, consecrated) and well pleasing to God, which is your reasonable (rational, intelligent) service and spiritual worship." In other words, we need to dedicate our entire being to God...to be passionate for Him and seek Him with ALL of our heart.

As you pursue greater health, I want to encourage you to start by dedicating (or rededicating) your entire life to Jesus. Spend time in prayer each day, study the Bible and discover for yourself what it means to have an intimate relationship with Jesus and be full of the life of God.

Remember that your walk with Christ is a lifelong journey, and learning to be completely dedicated to Him is a process. As you make progress little by little each day, your life will get more exciting because following the plan God has for you is the way to become satisfied in your whole being — spirit, soul and body.

There is only one group of people I detest more, and that is the group that broke into the U.S. Capitol earlier this week. The pictures of people carrying confederate flags in our Capitol was disgusting and a slap in the face to every veteran who has served this country.

Stealing government property, taking pictures in Representatives' chairs, carting off furniture and mail...all this should be disturbing to every citizen.

I commend Congressman Adam Kinzinger for condemning these acts and the behavior of the president in inciting these domestic terrorists.

I hope police can use pictures of the perpetrators, track them down, and prosecute them to the fullest extent of the

The blood of two people, including a law officer, is on the hands of politicians and citizens who promoted the outrage.

On a lighter note, the trees and bushes are absolutely beautiful with the frosts we have been having.

The downside is, our power has been out five times in the past week, sometimes for just a minute or two, but once for two hours.

Another downside is the damage being done to trees. Every street I drive down has limbs and branches on the ground. Some trees are bent over, almost touching the ground.

The utility crews have been doing a great job getting power back to people. I know it is an irritation but nature

is a fickle thing. I think temperatures are supposed to reach the 40s this weekend, and that will help. In the meantime,

if your power does go out, be patient and when it comes back on, thank the utility crews.

Rochelle has a beautiful recreation path. I just hope that residents understand it is not built for snowmobiles. In past years the snowmobiles have left grooves in the path, which isn't a good thing.

Don't ride your snow machines in parks or on the bike path. Remember to be considerate of your neighbors, and follow the laws. Just because you can do something does not mean you should.

Letter to the Editor

Feels COVID funding for big businesses unfair

Dear Editor,

I would like to ask everyone to visit the website www.sba.gov and educate themselves on the PPP SBA loans state by state.

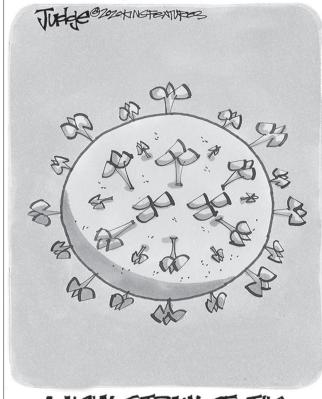

I think you'll be sur-

prised by the businesses that flourished during the COVID pandemic and went on to receive big money when many small businesses received none and now face closing their doors.

It is so unfair the businesses that got the big money and never were forced to close or noticed a reduction in income.

THE SAME OLD STRAIN OF STUPIDITY.

New conspiracies raise bar on crazy

Brad

Jennings

ET'S just go ahead and admit that we live in a crazy, crazy world. Things have never been more insane and downright dumb than they are right now.

OK, maybe the Salem Witch trials were worse, but it is pretty bad now.

And with people screaming about election fraud and fighting in the streets and government monitoring devices being put in vaccines and the way the Bears have been playing, I am about ready to give up.

I have said before that I am no fan of conspiracy theories and think that those who spread them do a severe disservice to the country and the world. No, 9/11 wasn't and inside job and yes, the horrific school shootings at Sandy Hook Elementary School did happen. We also landed on the moon, for the people out there who don't believe that. And sorry, but there is no evidence of election fraud. The reality might be tough for some

to swallow, but it is true. Joe Biden will be president in a matter of weeks.

We are starting to outdo ourselves when it comes to conspiracies. That guy who blew up himself in an RV in Nashville? He believed in the Lizard People. It is a real thing, trust me. Don't google it it will take you down a rabbit hole you don't want to go down.

Conspiracy theories have been around forever, as we know. Who really shot JFK? Did John Wilkes Booth/ Hitler/Elvis really survive? I mean, you name the crazy and there are people who believe it. Look at the discredited and highly ridiculous QAnon conspiracy theory. Actually, don't – it will just make your head hurt.

But there have been a couple of recent conspiracies that I had never heard before and thought I would share. Yes, I saw both of these on social media, so you know

they have to be true. I say that with tongue firmly planted in cheek, of course.

> The first is a conspiracy involving Joe Biden (a recent favorite target, not surprisingly) and good old Bill Gates. Seriously, if Bill Gates did half of the stuff people accused him of, he would be a world ruling criminal

mastermind for the ages. Anyway, according to this theory, Biden and

Gates are working together to weaken people by spraying fine particles into the upper atmosphere to block out sun rays. I know this sounds made up, and it is important to remember that it is made up, but some people actually believe

it to be true. I don't know how immune to reality you have to be to believe this, but I would

guess very immune. The second one made the rounds on some of the guitar player sites I follow. This one even came with a graphic.

Actually, it is a schematic.

According to believers of this one, the schematic they posted shows a 5G chip that is implanted in you when you get the COVID-19 vaccine so the government can track you. Sounds scary, right? They even posted picture after picture of the schematic.

Turns out – this is where the guitar thing comes into play – it is the schematic for an old guitar distortion pedal. The pedal, the Boss Metal Zone, was initially introduced in 1983.

Seriously, this one made me laugh out loud. But there are people walking around the Earth who believe it to be true.

I understand as long as there are people, conspiracy theories will survive. And as long as there is the Internet they will continue to thrive. But please, don't be easily fooled. The world is already flooded with fools.

Farm Bureau scholarship available

OREGON — The Ogle County Farm Bureau has announced that applications for its 2021 Scholarship Program are available to graduating high school seniors, or those enrolled at an accredited university.

Farm Bureau members may pick up or have applications mailed. Applications can also be downloaded from the Ogle County Farm Bureau website at www.oglefb.org.

The Don Bybee Memorial Scholarship is jointly funded by the Bybee family and the Ogle County Farm Bureau. Mr. Bybee served for many years as a director on the Ogle County Farm Bureau Board and offering this \$1,000 scholarship recognizes his passion for offering opportunities for Ogle County youth to advance their education.

Also available is a \$1,000 scholarship funded jointly by the Ogle County Pork Producers Association and the Farm Bureau. The Mark Detig Memorial Scholarship will be awarded annually. Mr. Detig served as past president and director on the pork producers association board of directors and was involved in 4-H youth activities in Ogle County.

These scholarships are in addition to the \$1,500 Del Flessner Memorial Scholarship, honoring the former manager of the Ogle County Farm Bureau; and two \$1000 General Farm Bureau Scholarships.

scholarship funded by the Jeff and Joyce Tremble Family and the Farm Bureau. It recognizes Mr. LeFevre for his lifetime of service to agriculture and youth education in

George R. LeFevre Memorial Scholarship is a \$1,000

Ogle County. It will be awarded to a recipient studying in a field of agriculture.

Mary R. LeFevre Memorial Scholarship is a \$1,000 scholarship funded by the Jeff and Joyce Tremble Family and the Farm Bureau. It recognizes Mrs. LeFevre for her dedicated service in the healthcare profession and involvement with youth education. It will be awarded to a recipient studying in a healthcare related field.

Finally an Ag Technology Scholarship will be awarded in an amount of \$1,000. It will be awarded to students studying in an ag technology field similar to diesel mechanics, crop technician or similar fields of study.

Eligible applicants must meet the following criteria: must be a high school graduate; must be an Ogle County Farm Bureau member or dependent of a member; must be accepted at an accredited university or college and pursue an agricultural or agricultural-related field of study; must be a resident of Illinois; and must demonstrate a financial need.

Applicants can be graduating high school seniors or students currently enrolled in an accredited college or university.

Applicants successfully completed and submitted will be judged on criteria including: academic performance, demonstrated interest in agriculture, financial need and character/personality.

Those interested should contact the Ogle County Farm Bureau at 732-2231; or stop by their office at 421 W. Pines Road, in Oregon.

IDES responds to GOP criticisms

Department adding staff, balancing need for prompt payment, checks on fraud

BY TIM KIRSININKAS

CAPITOL NEWS ILLINOIS/TKIR-SININKAS@CAPITOLNEWSILLI-NOIS.COM

SPRINGFIELD -

House Republicans continued to criticize the Pritzker administration Wednesday as the Illinois Department of Employment Support works through ongoing staffing and fraud issues related to the COVID-19 pandemic.

Since handling a historic number of unemployment assistance claims at the outset of the pandemic in March, IDES has added staff, changed processes and implemented additional measures to prevent fraudulent claims.

On Wednesday, some House Republicans continued calls for additional measures to be implemented, such as moving staff from other state departments to assist with the overload of unemployment assistance claims, implementing more anti-fraud measures and holding public hearings to discuss issues at the department.

"It is unacceptable how the governor and the department have responded to this crisis that they themselves have caused," Rep. Mike Marron, R-Fithian, said Wednesday. "It is my hope that someone at the administration cares enough to listen to our ideas and to start a dialogue."

IDES officials pushed back on criticisms offered by the Republicans Wednesday, stating that it is not possible to move employees from other state agencies without substantial training, and that many of the anti-fraud measures being proposed by the Republicans are already in use by the department.

"We are working hard to respond to an economic crisis and stand up five new, complex federal programs while battling fraudsters who have used stolen identities to file for benefits nationwide," said IDES Acting Director Kristin Richards in a statement.

Richards said the department was already short-staffed as a result of years of budget cuts which left IDES illequipped to handle the unprecedented number of claims last spring. The current employee head count is roughly half of what it was 10 years ago, she said.

Since the pandemic began, the department has contracted over 1,000 employees to assist in handling unemployment claims, and has been approved for an increase in staffing and resources for the current fiscal year, which is fiscal year 2021. It continues to hire more employees, she said.

It has also implemented a callback only

system which allows an applicant with a question to be placed in a queue to be called back, rather than having to experience extensive

"IDES was given an increased headcount for FY21, but adding full-time employees, as all state hiring does, takes time," Richards said. "This is especially true for IDES, whose employees possess a unique and complicated skillset to work on issues and deliver services to claimants."

Richards said a proposal to move employees from other state agencies would be ineffective in fixing delays.

"The legislators' call for moving state employees from one hollowed out agency to another ignores the nuance of what is involved in these jobs and positions and would create productivity deficits in the agencies from which state employees would be pulled," Richards said.

Richards said the department has worked to stabilize its operations in order to meet the needs of unemployment support applicants in a timely manner.

"The idea that IDES has disproportionate trouble processing new claims or paying out claims is misleading," Richards said. "A claimant who provides all the necessary data and

She said the state has also begun paying out Federal Pandemic Unemployment Compensation, which adds an extra \$300 per month to claims from certain individuals collecting unemployment assis-

But the federal rush to expand unemployment assistance amid the pandemic and associated government shutdowns has led to widespread exploitation of unemployment systems across the nation, including in Illinois. In particular, a federal Pandemic Unemployment Assistance program which allows certain independent contractors to collect benefits has been ripe for fraud.

Richards and the administration have said the fraud is due to a nationwide scheme enabled by data breaches of private companies that have made individuals' information, such as social security numbers, available to scammers. It is not the result of a breach to state unemployment systems.

Rep. Mike Murphy, R-Springfield, called for the department to implement additional anti-fraud measures, such as a flagging system for out-of-state applicants and multiple failed claims, measures which IDES said it already has in place.

"The above-mentioned anti-fraud measures, and many others that are already in place, have the effect of slowing down the process of distributing (unemployment insurance) benefits — and that is an unavoidable and necessary thing," Richards said. "But it demonstrates the cruel irony that IDES is being simultaneously besieged by historic unemployment claims and besieged by a globally orchestrated fraud scheme, and that solutions to these problems work against each other. Legislators are telling us to hurry up and make payments but slow down and put more barriers in place to stop fraud."

Richards said that IDES has been in routine communication with legislators and has done its best to provide timely answers to questions from lawmakers and constituents. But she said additional training and information will be necessary moving forward, citing a "misunderstanding some legislators have of IDES and unemployment insurance."

The lawmakers, however, continue to call for public hearings to discuss the department's pandemic response, rather than being reduced to input only through personal conversations with the administration.

"IDES will work with these legislators to create the first cohort of targeted training for elected state officials," Richards said.

Doris Kennay (above) of Kennay Farms Distilling accepted the Illinois Made award from Diane **Bausman of the Blackhawk Waterways Convention** and Visitors Bureau on Thursday afternoon.

Kennay Farms Distillery earns recognition

ROCHELLE — On Thursday afternoon, Kennay Farms Distilling in Rochelle became one of 175 small businesses in Illinois to be recognized as a new maker in the Illinois Made program.

"I am proud to honor Kennay Farms Distilling as a new maker in the Illinois Made program. They are a representation of the unique and authentic experiences that Illinois has to offer," Diane Bausman, Executive Director of the Blackhawk Waterways Convention and Visitors Bureau said. "The Kennay family now joins more than 175 small businesses that are part of the Illinois Made program."

To be considered for the Illinois Made program, businesses must embody the personal spirit of Illinois, demonstrating through their work what makes the state so unique. Basic requirements include:

"It was the artisans, inventors and farmers who first built the communities of Illinois — and it's businesses like Kennay Farms who continue to shape our regional culture and make a positive impact on not only the local economy in Rochelle but also on our entire northern Illinois region," Bausman said. "Makers like Kennay Farms Distilling exemplify what it means to be a local artisan. They represent the pinnacle of small businesses — offering a oneof-a-kind experience that can only be found in the

cities, towns, and rural communities of Illinois." Bausman presented the award on behalf of the Illinois Office of Tourism and the Blackhawk Waterways CVB.

Melissa Bowers (wife of the late Boone County officer and lifelong Ogle County area resident Scott Bowers) and family donated \$2,000 from the Scott Bowers Memorial Fund to Boone County Sheriff Dave Earnest to help with expenses associated with the purchase and training of a new K-9 officer to replace Loki, who was killed in a recent traffic accident. Although the department is not asking for donations, the Bowers family felt that this was something that Scott would have been supportive of. The family is grateful to the Sheriff's Department and all the law enforcement and first responder families from all over northern Illinois who have been very supportive during this difficult time. Also present was Scott's parents, Mike and Kerrie Bowers, and his children Brooklyn and Brayden Bowers.

Hub senior Meyers seeking quality at-bats during upcoming season

BY RUSSELL HODGES SPORTS EDITOR

UB senior Evan Meyers has been La baseball player ever since he started running imaginary bases and hitting balls off the tee when he was 2 years old. The mental toughness needed to be successful in the sport has continued bringing Meyers back to the diamond over the years.

Meyers will enter his fourth season with the Rochelle Township High School baseball program this summer. The versatile fielder and pitcher was one of two sophomores called up to the varsity team during the 2019 regular season, taking most of his reps on the infield. Unsatisfied with his performance, Meyers is motivated to take a significant leap forward as a senior.

"I felt there were a lot of aspects I could improve on," Meyers said. "I was fortunate to play quite a bit of infield and I felt that my performance there was pretty solid. Although I believe there are areas in all aspects of my game where I can improve, I'm concentrating

on my hitting. My goal is to improve the quality of my at-bats. Our team has a lot of potential, and although I'm not sure what the season will look like in terms of the number of games we play, I think we can go as far as we want if we com-

mit to the grind and remember "You're our love for the game."

Meyers has high level for the last several years. As a young teenager, Meyers played Succeed for the Rochelle Little League team that won have to Illinois Little League's Intermediate 13U State Championship and yourself." qualified for the Little League Central Region

Championship in Kalamazoo, Michigan. Meyers played up with Rochelle's sophomore baseball team as a freshman before earning his first taste of varsity baseball during his sophomore campaign.

Mevers would've had the chance to earn a larger varsity role with the Hubs this past spring, but he and many student-athletes across the state lost their seasons to COVID-19 cancellations. Mevers said he has been staying prepared for

the upcoming season through playing summer baseball, lifting weights, practicing infield drills and working on hit-

ting cages.

"I was disappointed for sure," Meyers said. "My teammates and I have been playing together for a long time and we were looking forward to a successful sea-

camaraderie of our team and I love the mental toughness of the sport. You're going to fail more than you're going to succeed and you have to continue challenging yourself."

Senior Evan Meyers earned playing time on the infield during his first run with the Hub varsity baseball team as a sophomore. Meyers has been lifting weights and working on both his offense and his defense to prepare for next season.

Gerber thrives in sixth-man role with Hubs

Junior guard aiming to improve 3-point shooting next season

BY RUSSELL HODGES

SPORTS EDITOR

■ORREST Gerber shared the sixthman role on the Rochelle Township High School sophomore basketball team this past season, using his defensive tenacity and ball-handling abilities to help the Hubs to a 24-5 record and an Interstate 8 Conference Championship. With his first varsity season on the horizon, Gerber said his 3-point shooting will be his biggest area

of improvement. "I thought my performance last season was solid," Gerber said. "I thought last season was a great learning and growing experience for me. I would like to continue improving my 3-point shot. I thought we came together and set our minds to winning as a team, which helped us to our record. I think we're going to recreate another winning Hub basketball

season.' Gerber has been with the RTHS basketball program since his freshman year. He's played basketball ever since he signed up for the

Rochelle Youth Basketball Association in first grade. Gerber, one of several juniors earning their first

real taste of varsity action this coming season, said the physicality and competitiveness are what he enjoys

most about the sport.

"My goal is for us to have a season and for me to improve in all aspects of the game," Gerber said. "Communication is always something to improve on as well. As we are growing, I

think team unity is going to play a huge role in our success as a team and in our personal growth."

(PHOTO BY MARCY DELILLE)

Junior Forrest Gerber's defense and handles off the bench made him a difference maker for a sophomore basketball team that won the Interstate 8 Conference Championship last season. Gerber said he's looking to improve his 3-point shooting.

Fast first-mile splits fuel Garcia's success

BY RUSSELL HODGES **SPORTS EDITOR**

▼ INCE taking up cross country during her freshman year, Emily Garcia has made strides in starting strong during each race. Garcia will be working to finish even stronger as she reflects on her third season with the Lady Hubs and trains for her fourth and final season as a senior.

Garcia lowered her personal-best time nearly a full minute from her freshman season to her sophomore season, earning the opportunity to run with the varsity team during both the IHSA 2A Sterling Regional and the IHSA 2A Belvidere Sectional. Garcia made the most of an unprecedented junior season, collecting Interstate 8 Academic All-Conference

"I felt that I performed well this season," Garcia said. "We were able to win some meets on both the boys and the girls side of the team. I thought I ran the first mile of my races well and I'm hoping to improve my third mile next season. My goals for next season are to become a better runner and to encourage more girls to come out for the cross country team."

Garcia will be one of several Lady Hubs eligible to return from a 2020 roster that didn't field a single senior girl this fall. Her efforts helped Rochelle's girls secure two dual-meet victories this season including a conference win over Plano. As a sophomore, Garcia helped the Lady Hubs record a second-place finish at the fresh-soph level in the Interstate 8 Championships.

"I need to keep training and running in order to reach my goals," Garcia said. "It was a challenge not having a normal season but we overcame the challenge by doing our best during each meet. The meets are what I've enjoyed most since I started cross country."

Rudolph earns Freshman All-American honor

DEKALB—Northern Illinois University football's Trayvon Rudolph was recognized for his outstanding first season of collegiate football as the Huskie freshman was named to The Athletic's 2020 College Football Freshman All-America

A native of Crete, Rudolph earned first team honors as a kick returner. Rudolph led the Mid-American Conference and was second in the nation in combined kick returns with a nation-leading 717 yards on 30 kickoff returns, while adding eight punt return yards. His 23.9-yard kickoff return average ranked 30th in the nation and sixth in the league and is the sixth most by a Huskie in a single

The former walk-on, who earned a scholarship by October, is the first Huskie named to a freshman all-America team since left tackle Max Scharping was named to the Football Writers Association of America's Freshman All-America Team in 2015. In addition to his prowess as a returner, Rudolph is one of NIU's top receivers ranking second on the team in receiving (232) and yards per game (38.7).

Rudolph, a secondteam All-MAC selection, is one of two conference players named to the team. He is joined by Central Michigan kicker Marshall Meeder who was a secondteam selection.

Q: What is Susan Sarandon doing these days -- or at least before the pandemic? She used to have one movie after another, but now I never hear about her. Is she still acting? -- P.E.

A: Opportunities have grown in the past decade for mature actresses, especially with so many streaming platforms and cable channels developing new content at a rapid pace. Fortunately, the Oscar-winning actress has another project on the horizon, the psychological horror series "Red Bird Lane" on HBO Max.

Teagarden, Michael Rady. 🖾 Comedy) Taylor Cole, Jack Turner. 🖾 CELEBRITY EXTRA According to TVLine.com, the show "fol-

Q: What happened to the "Chicago" shows on Wednesday nights? We finally got new episodes after all these months, and now they're gone again. -- C.K.

A: Many prime time series, including the "Chicago" ones, go on hiatus for the winter and return in early to mid-January. Since the start of the fall season was delayed this year, fans were hopeful that they would continue to get new content without a hiatus, but that doesn't seem to be the case.

Sarandon It probably doesn't help that one of the shows, "Chicago Fire," had to suspend production in early November due to a number of positive COVID tests on the set, but NBC likely would have put them on hiatus anyway because, according to OneChicagoCenter.com, "This period is a bad time to run new episodes; viewership and ad revenue plummet as people are busy with things other than watching TV." The website further stated that "Chicago PD," 'Chicago Med" and "Chicago Fire" all will return on Wednesday, Jan. 6, in their usual time slots.

just not in as many high-profile motion pictures. She was a regular on the HBO series "Ray Donovan" for two years and can be seen in the upcoming comedy film "Bad Moms' Moms," with Christine Baranski and Cheryl Hines.

Q: I read a rumor that they are going to remake "Interview with the Vampire" into another movie, based on Anne Rice's book. Is this true? -- E.C. A: Nothing is in the works yet, but the AMC

Network has bought the rights to author Anne Rice's novels. Rice said in a statement: "It's always been my dream to see the worlds of my two biggest series united under a single roof so that filmmakers could explore the expansive and interconnected universe of my vampires and witches."

There are 18 titles in Rice's library, any of which can now be turned into movies and/ or television shows by AMC. The original "Interview with the Vampire" in 1994 starred Tom Cruise and Brad Pitt.

Vampire-story enthusiasts also will be pleased to learn that HBO is redeveloping "True Blood" into another series with a new cast. This show was based on a series of books by Charlaine Harris.

Huskies named to Phil Steele All-MAC Team

Richie receives First-Team recognition; 11 honorees eligible for 2021 season

DEKALB — Twelve members of the 2020 Northern Illinois University football team, led by first team selection Tyrice

Richie, have been named All Mid-American Conference by Phil Steele's Magazine. Richie, who

was also named first team All-MAC by league coaches

following a break-out 2020 season, is among the 11 Huskies on the list who will return for NIU next fall.

Five Huskie student-

athletes – senior tight end Daniel Crawford (Macomb, Michigan/Dakota HS), senior defensive tackle Weston Kramer (Naperville/Marmion Academy), senior linebacker Kyle Pugh (Chicago Heights/Bloom Township HS), sophomore cornerback Jordan Gandy (DeKalb/DeKalb HS) and kick returner Trayvon Rudolph (Crete/ Crete-Monee HS) – garnered second-team accolades from Phil Steele.

Senior center Brayden Patton (Elletsville, Indiana/Edgewood HS), freshman safety Devin Lafayette (Brunswick, Georgia/Brunswick HS) and sophomore kicker John Richardson (Orland Park/Brother Rice HS) were named third team All-MAC, while sophomore linebacker Nick Rattin (Palatine/ Fremd HS), senior punter Matt Ference (St. Louis. Missouri/Lafayette HS) and sophomore offensive tackle Marques Cox (Peoria/Peoria HS) earned fourth team recognition from the magazine.

In six games, Richie topped his totals from a year ago, amassing 597 yards, which ranked fourth in the MAC, on 53 receptions. His 8.8 receptions per game led the conference and ranked third in the country. The senior from Chicago recorded four 100-yard receiving games in 2020, becoming just the eighth player in Huskie history to have four or more 100yard games in a season and the first since Kenny Golladay in 2016.

Second on the team in receptions with 21 for 187 yards and a touchdown, Crawford averaged 30.5 yards per game receiving this year. Kramer tallied 17 tackles, including three for loss, in six starts at defensive tackle for the Huskies. A second-team All-MAC selection in 2018 before missing nearly all of the 2019 season, Pugh was solid in five games totaling 36 tackles, three-and-a-half tackles for loss and oneand-a-half sacks.

Gandy, who transferred to NIU via South Dakota State, led NIU with 41 tackles, seven pass break ups and an interception.

Rudolph finished the year with 717 kickoff return yards and eight punt return yards and ranked second in the nation in combined kick return yards (725) while ranking ninth in the country in all-purpose yards per

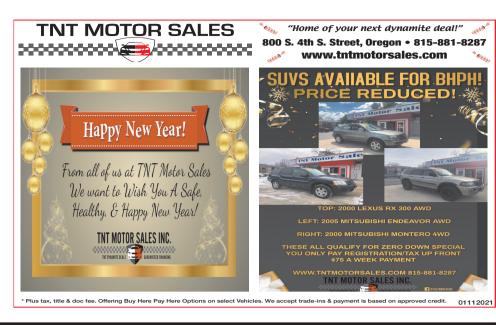

game. He also was named to The Athletic's Freshman All-America team.

Lafayette tallied 36 stops, including a sack,

and an interception to earn his place on the All-MAC squad while Rattin made 33 stops from his starting middle linebacker spot.

Patton and Cox helped pave the way for Huskie offense that saw Harrison Waylee reach the 100yard mark in each of the final two games of 2020 and Richie's four 100-yard receiving contests.

A two-year starter, Richardson made seven-of-nine field goals and was perfect on PATs to lead NIU with 35 points on the season and is 21-of-27 on field goals in his NIU career. Ference averaged 42.2 yards on 31 punts and has already broken every NIU career and single season punting record in his four seasons.
