Man arrested after fleeing police

ROCHELLE — Fol- with the alleged offender lowing an incident with a battery suspect who had barricaded himself inside a laundry room early Friday morning, Rochelle police arrested a 30-year-old man.

Police were dispatched at 12:27 a.m. Friday to the 100 block of Seventh Avenue in reference to a battery.

"After taking the initial report, officers met

Holiday kick off

outside of Road Ranger," Rochelle Police Chief Eric Higby said. "When they attempted to arrest him he fled the scene northbound. While searching the common areas of 1251 Short Court where he was last seen, they located him in a laundry room. He would not come out, was not compliant and he was armed with knives."

The Ogle County Emer-

MANAGING EDITOR

ROCHELLE — Rochelle Mayor John Bearrows presented the 2020 Gratitude Award on Thursday evening following the city's tree lighting ceremony.

The annual award, presented on behalf of Bearrows Real Estate and Auction Co., was presented to Wendel "Pal" Colwill.

Bearrows has been presenting the award since 2010 to an exemplary member of the community.

"The hardest part of coming up with someone is trying to decide who to narrow it down to," Bearrows said. "There are always plenty of folks very well deserving of the award."

through downtown.

OREGON – As Ogle County Board Member Don Griffin cut the ribbon in front of the new Judicial Center Annex on Dec. 3, he brought to a close a 22-year process that led to that moment.

It was in June 1998 that the county's Long Range Planning Committee was established to develop at 25-year capital improvement plan, which focused on the judicial system.

In remarks after the ribbon cutting ceremony, Griffin said all of that planning is what brought the county this new jail.

"We have a very nice facility for the citizens of Ogle County for many years into the future," he said.

The county broke ground on the new facility in April 2019. It took 20 months to build and came in on time and under budget. The total cost is projected to be about \$23

million.

Sheriff Brian Van Vickle said the work on the project really began in June 2015. Since that time, he said the new jail project, "has been

our life."

VanVickle also thanked the citizens of Ogle County for their strong support of local law enforcement.

The 154-bed facility will

house both male and female inmates and is about 41,000 square feet. It is located on Sixth Street and Illinois Route 64 in Oregon.

The new jail is expected

to be up and operational by the middle of this month.

After the ribbon cutting ceremony and remarks, officials gave public tours of the new jail.

Kishwaukee College awarded state grant for Early Learning Center renovation

MALTA — A state grant will move Kishwaukee College further toward its goal of finding a new home for the College's Early Learning

Kishwaukee College recently learned it will receive a grant of \$225,000 from the Illinois Department of Commerce and **Economic Opportunity** to make renovations and relocate the Early Learning Center — a project with an estimated cost of \$350,000.

The development will repurpose space in the existing Campus Operations Building on the northwest side of campus. The grant will allow for the conversion of the former print shop into an updated and safe space for the children attending the ELC.

"I was proud to partner with Kishwaukee College to help them secure a state grant for this vital project," said state Rep. Jeff Keicher (R-Sycamore). "The work that Kishwaukee College has done to prepare our students for continued learning and jobs has been fantastic. I'm excited that the renovation of the Early Learning Center will continue a proud tradition of working to help families attain impactful accomplishments in education and work."

Both Keicher and state Rep. Tom Demmer (R-Dixon) were instrumental in helping the college secure funding for the project.

"I am happy to support Kishwaukee College and their efforts to continue meeting the needs of area residents," Demmer said. "Since 1968, the college has served DeKalb, Sycamore, Rochelle and many surrounding communities in our region. With this state grant, Kishwaukee College can carry on with their mission of improving lives through quality, affordable education."

Work on the project is already underway and Kishwaukee College expects construction to be complete by Summer 2021. All renovations will meet the standards set by the Illinois Department of Children and Family Services for day care providers.

The college's current ELC facility was originally built as a temporary building in the 1970s and is in need of various up-

Obituaries

Andrew William B. Abbott Jr.

MESA, Ariz. — On Friday, Nov. 27, 2020 Andrew William, B. Abbott, Jr. (Bill), loving husband and father of two died, at the age of 84.

Bill was born Aug. 30, 1936 in DeKalb to William and Dorothy (Mowers) Ab-

bott. He graduated from Malta High School in Malta in 1954. He married his high school sweetheart, Jean Carson of Rochelle, in 1955.

Bill served in the U.S. Army from 1955 until 1957, stationed one year in Japan. They raised daughter, Teresa Abbott of Apache Junction, Arizona, and son Michael Abbott of Mesa, Arizona.

While residing in Rochelle, Bill was employed as a mechanic, eventually opening his own automotive shop, Bill & Mike's Auto until 1977, when the family moved to Mesa, Arizona. Bill worked for Brown & Brown Chevrolet in Mesa, Arizona, and once established. opened another automo-

tive repair shop with his son, Bill & Mike's Auto in Mesa, until he retired in 2004. Bill's passion

was target and silhouette shooting and attending NRA matches in the

Phoenix and Tucson area. Bill enjoyed spending time in the White Mountains, Show Low area where he and Jean built their family cabin—aka, Bill's Castle.

Bill is survived by his wife, Jean; daughter, Teresa; son, Michael (Kristi); two grandchildren, Courtney and Michael; and three great-grandchildren, Kyndal, Kasyn and Axstyn; sister-in-law, Joan Waltz of Mesa, Arizona; brother-in-law Jim Freeman of Malta; several nieces and nephews; and his loving dog Annie. Bill was known for

his smile and was always willing to give a helping hand to those in need. He is preceded in death

by his father, William, and mother, Dorothy; sisters, Sharon, Brenda, Linda and Karen; and brothers, Roger and "Woody."

The family wants to thank Hospice of the Valley for the loving care given to Bill.

Due to COVID-19 there will not be any services, a Celebration of Life will be held at a later date.

John Marsh

ROCHELLE — John W. Marsh, 58, passed

away peacefully Sunday, Nov. 29, 2020 at his home. John was born on Oct. 17, 1962 to John and Patricia (Church) Marsh in Crystal Lake. He worked for

FBC Industries in Rockford for 10 years. He is preceded in death by his parents.

John is survived by his daughter, Kyria (Brad)

Gallano of Spooner, Wisconsin; three grandchildren, Casen, Xander and Klairabelle and his life-long partner, Donna Long. He was a father figure to Donna's three children and Papa John to Don-

na's eight grandchildren and four great-grandchildren. He is also survived guest book.

by his two brothers, Terry (Kathy) Marsh of Florida and Darrell (Deb) Marsh of Crystal Lake, and his sister, Tracy (Brett) Meyers of Crystal Lake.

Cremation care has been provided by the Unger-Horner Funeral Home in Rochelle. The family held a private memorial service.

AWARD: Colwill receives Gratitude Award honors

From page 1

Presentation of the award was done differently this year due to COVID. The City of Rochelle annual tree lighting was held Thursday evening live on the city's Facebook page and following the lighting of the tree, Bearrows announced this year's Gratitude Award winner.

Explaining the lifelong Rochelle resident's accomplishments, Bearrows said Colwill was a member of the first Cub and Boy Scout Troop in Rochelle, a 1952 graduate of Rochelle Township High School, active in service club, his church choir and having served on several city commit-

Pal was also a longtime employee of Del Monte; a volunteer fireman of the Rochelle Fire Department beginning in 1957 and in the first group of EMTs in Rochelle; he became a member of the RTHS Alumni Board in 1992 and is still active in assisting and selecting scholarship recipients; was a Rochelle City Council member from 2000 to 2008; and a member of the Rochelle Planning and Zoning

"[He is] truly a classic example of unselfish dedication for the betterment of our community and exemplifies all the right values and can truly be a mentor for all of us."

John Bearrows

Commission for the past eight years.

Colwill's largest contribution to the community revolves around his patriotism and support of veterans.

"All of his patriotism for veterans stems from his father's tales through the effect of war and the effect of Mustard Gas used in World War I and the way those effects applied to his father," Bearrows said. "This brings me to the most important example of what tonight's award is about. Not only was he instrumental in developing the War Memorial but he would also stop by day after day to make sure that the flowers were taken care of at the War Memorial.'

Colwill's support for veterans did not stop at Rochelle Area Commuthe development of the War Memorial.

"He decided that Rochelle needed a bronze statue in honor of all those veterans who served in the armed forces. With this idea he began to talk to the right people and began the process of making it happen," Bearrows added. "He and

many others managed to raise greater than \$50,000 to make the bronze statue a reality for our commu-Following the an-

nouncement on Facebook Live, Bearrows went to Colwill's home to present him the award in person. "[He is] truly a classic

example of unselfish dedication for the betterment of our community and exemplifies all the right values and can truly be a mentor for all of us," Bearrows said.

Colwill was nearly speechless when presented with the award.

"Thank you to everybody," he said.

Colwill joins past Gratitude Award winners Lee Harris (2010), Rochelle VFW (2011), nity Foundation (2012), Ken Wise (2013), From the Heart committee (2014), Hub City Senior Center (2015), Dan and Deb Wyka (2016), Rochelle Rotary Club (2017), Dennis Swinton and Golden K (2018) and the Rochelle Christian Food Pantry and Jennie

Doris Gittleson

STEWARD — Doris M. Gittleson, 86, passed away Thursday, Dec. 3, 2020 at Franklin Grove Living & Rehabilitation in Franklin Grove. Doris was born on Oct. 8, 1934 to William A. and Alta F. (Schrum) Purvis in Malta. On Oct. 16, 1954, she

married Allen Gittleson in Steward. He preceded her in death on May 29, 2019, in addition her son, Robert; brother, William Purvis and two sisters, her twin, Deloris Schaneberg, and Juanita Williams.

Doris farmed alongside her husband, Allen, for over 50 years. She enjoyed cooking and baking for her family, friends and church. She made won-

LOCAL NEWS

Living in the power of the Holy Spirit

HERE'S nothing more valuable than the presence of God in our lives. And my goal for teaching about God's presence and anointing is to increase your desire to completely and promptly obey Him. Because the more we love, trust and obey God, the stronger

His anointing will be in our lives. Now, God's love for you is perfect, complete, and unconditional. He couldn't love you any more than He does right now, and His love for you never changes. But we can grow in our love for God.

relationship with Him, our trust in Him and love for Him grows. And this causes more of the anointing of the Holy Spirit to work in us and through us. Jesus Christ is the Anointed One, and when we are born

again, His anointing abides in us. The word anoint means "to smear or rub all over." It's wonderful to think about how in Christ, we are "rubbed and smeared all over" with the Holy Spirit.

In one way the anointing is a free gift from God that comes by His grace and mercy, and in another way, there is a price to pay for it.

First John 2:27 (AMP) says, "As for you, the anointing the special gift, the preparation] which you received from Him remains [permanently] in you...." Notice how this scripture says that the anointing remains permanently—it won't go away.

The terms "special gift" and "the preparation" indicate having Holy Spirit "umph!" or power to do what God is calling us to do. And it's the gentle promptings, urges and leadership of the Holy Spirit in us that shows us how to live.

When we follow the anointing, we feel peace and joy because we're making wise decisions. It's so valuable for us...and more than anything else, we need to protect the anointing in our lives.

While the anointing abides in us through our salvation, it can't work through our lives until we are broken before God. That's when the oil of the Holy Spirit in us is poured out and can be a benefit to others.

So, what is it that needs to be broken in us? Things

like rebellion, stubbornness, pride and a spirit that's

independent from God are a few areas of disobedience that can keep the anointing from working through us. This is because the vehicle that carries the anointing is the soul — our mind, will and emotions. And when we are led by our natural carnal or fleshly impulses, we are not being led by the Holy Spirit. But as we grow up and mature in Christ, we can be

what God wants us to be and live every day empowered by the anointing of the Holy Spirit.

It's important to understand that we need God's

anointing every day, in everything we do. And there's an anointing for everything we need to do. It's not just for ministers or for spiritual areas of life.

The anointing is what enables and equips us to do what God asks us to do. You have an anointing to be a parent, husband or wife...to be in business or some kind of organization...whatever you are gifted to do with your life. And it's amazing when God uses someone to do something that you know they don't have the ability to do on their own. That's the power of the anointing!

Philippians 2:10 (AMP) says, "At the name of Jesus every knee shall bow [in submission], of those who are in heaven and on earth and under the earth." He is God, and He is all-powerful! Yet, He is also our example in humility.

Verses 5-8 in this same chapter tell us we are to have

the same attitude that He demonstrated: Although He is one with God, He stripped Himself of all privileges and became a servant; He abased and humbled Himself and was obedient even to the extreme of death on the cross. Power is connected to obedience. The anointing is

released when we get rid of our selfish, self-centered, independent attitudes and humble ourselves before God.

As you choose to be radically obedient to God, you will have the same power that raised Christ from the dead working in and through you. And you'll be amazed by the anointing of the Holy Spirit in your life!

Sunday School 10:15-11:15 a.m. Call 562-6323 for more information about the school.

LOCAL VIEWS

Don't ignore what tests are telling you

hope you missed me. Dr. Pitamber Persaud is my primary care doctor. A few years ago he noticed my PSA level was rising. PSA

deals with a man's prostate, and a high PSA number could indicate cancer. My

the 3 range, then crept up into the 4 range. He recommended I see a urologist, so I began going to Dr. Azem Haleem, with Northwestern Medicine. He said it is normal for men my age to have a higher prostate level, but mine was still relatively low and within range.

Dickow

To be cautious, I tested every six months. By January 2020, I was at 5.5 — the same level as the previous two tests. In June I tested at 6.9. A level still within range, but the jump concerned him and he recommended a

In August, 10 samples were taken. Two showed cancer — two types actually. One was a "leave it alone it will never kill you type," but the other was moderately aggressive and should be treated.

Dr. Haleem presented several options: nuclear implants, radiation, surgery or do

I have a fear of doctors. I sometimes faint when I see blood. I have a low tolerance for pain. Shots are a nightmare for me.

To be honest, hearing the word cancer scared the crap out of me. I cried. My daughter was with me and the three of us discussed options.

Dr. Haleem said if I opted for surgery, he could do it, but recommended Dr. Ricardo deOliveria Soares, also, at Northwestern, who specializes in robotic prostate removals.

I made an appointment to see him along with a radiation oncologist.

I talked to several men who have had surgery. I talked to a relative with radioactive pellets implanted.

I visited Dr. **Terry** Soares. I didn't want someone who has done 10 or 15 of these procedures, so when he told me he has done more than 400 robotic prostate removals, I was a little more comfortable.

I opted for surgery. He scheduled physical therapy to learn pelvic floor exercises, which help with incontinence, one of the side effects of prostate

removal. On Nov. 18 I underwent a four-hour operation at Northwestern Hospital, aka Kishwaukee Hospital. I have six tiny holes in my belly that were used for cameras and robotic arms and a three inch incision for prostate removal. Dr. Haleem also removed lymph nodes close to the prostate.

One week later I was in his office hearing that the lymph nodes were clear and the cancer, although it had grown since the biopsy, was contained. No radiation or chemotherapy would be necessary.

The cancer I had is common and easily fixed. I was lucky. There are people with cancers that are not so easily fixed.

So, men: Pay attention to your PSA.

And cancer patients: Have hope, have faith. I'm praying for you all.

Terry Dickow can be contacted at terrydickow@gmail.com.

Guest column

Are computerized voting systems accurate?

HERE has been much fuss lately on the accuracy of electronic or computerized voting systems. There are assertions that many voting systems can be manipulated by outside influences while the voting

system manufacturers and others completely deny this. An electronic vote counting system is essentially a computer that accepts inputs from various sources. The two most widely used voting machines are the optical scan (paper ballot inserted into the machine) and direct

recording (touch screen).

Problems associated with the optical scan machines include feeding ballots upside down, ballots on top of each other simultaneously pulled though the reader, paper jams, failed, blocked or overheated sensors which read the wrong vote selection, programming errors, and loss of files. Problems with the direct recording machines include internet access to the software before being loaded into machines (a lack of security), absence of an independent means of verifying a vote count, and programming errors. The three major manufacturers of voting machines are Election Systems & Software LLC (Omaha, Nebraska), Dominion Voting Systems, Inc. (Denver, Colorado) and Hart InterCivic Inc, (Austin, Texas). The state of Texas rejected Dominion Software due to "Vulnerability to Fraud and Unauthorized Manipulation." Election Systems & Software, LLC was cited by the U.S. Election Assistance Commission (EAC) on March 20, 2020 for falsely advertising that one of their voting machines was EAC certified when in fact it was not, a violation of the EAC certification process. EAC certification validates that a voting system meets the requirements set forth in existing Voluntary Voting System Guidelines (VVSG), and performs according to the manufacturer's specifications

for the system. On election night 2020, election judges at a voting location found no votes for Tom Demmer despite the fact that some of the judges had personally voted for Mr. Demmer. The official reason for the miscount was "a software error." Ogle County uses Election Systems & Software LLC as the control system in the voting machines. According to the State Board of Elections, State of Illinois, "the equipment was not

programmed to properly read the ovals marked for candidates in State Representative District 90. The machine was programmed to read votes for candidate Seth Wiggins in a spot on the ballot that was blank and was programmed to read votes for

candidate Tom Demmer in the oval space next to Seth Wiggins. This resulted in zero votes registered for candidate Wiggins, and actual votes cast for candidate Wiggins were improperly attributed to candidate Demmer. Actual votes cast for candidate Demmer were not recorded at all. The solution to correct this issue involved machines being reprogrammed to properly recognize the oval locations, and all ballots in the 90th District being retabulated." This error was easily caught by those reviewing the final

tally. But what about a hypotheti-

cal situation where the software is

votes of one candidate increasing

that count slightly, which may not

be obvious when reviewing the final

modified to add a fudge factor to the

Chuck

Roberts

tally. This programming is certainly within the capability of voting machine software. The 2005 Carter-Baker report on election reform acknowledged problems with electronic voting systems and recommended that printed verification be available after a person votes. A 2010 report from the New York University School of Law entitled "Voting System Failures: A Database Solution" recommended a voting machine trouble reporting system much like that for automo-

bile recalls. These computerized voting systems act in a similar manner to your PC or iPhone. A computer program operates each apparatus, and it is not unusual that some outside influence can take control (being hacked). Since nearly all these proprietary computer programs utilize existing computer languages and compilers, it is logical to conclude that outside influence can affect the computerized results of an

election vote count, especially with those computers that have Internet access. Many computer program developers program a hidden "back door" which is a way to by-pass security and operate the program independently. It is my opinion that an assertion that an outside influence manipulated a computerized voting machine vote count should be thoroughly investigated down to the exact line of computer code at fault, not simply the assurance from the vendor that there was no problem. Several years ago, when 'black boxes" were installed in automobiles, non-standardized software caused problems when extracting data. The National Highway Traffic Safety Administration standardized the software so anyone could read the contents. A similar thing should be done with voting machines:

Software should be standardized and open sourced (available to anyone to inspect). This is to reveal the existence of any means of externally influencing the operation of the computer program (back door).

A data base on problems with

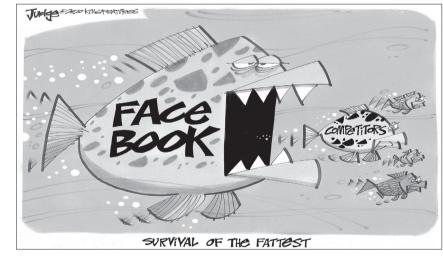

certain voting machines should be

developed. This gives users better insight into the computerized voting machine problems independent of vendors who typically defend the reliability of their product, even with sufficient evidence to the contrary.

Programmers of the machines should be certified very much like a Notary Public.

The advantage of computerized voting machines is the increased ease and speed of counting votes over paper ballots. A disadvantage of computerized voting systems is the increased ease and speed of perpetrating fraud. The question to be asked is, "Did you vote for a particular candidate or did your voting machine vote for a particular candidate."

Chuck Roberts is an engineer who has been programming computers since 1962.

LETTERS TO THE EDITOR POLICY

The Rochelle News-Leader encourages responsible letters to the editor on subjects of interest to our readers. Editing may be necessary for space, clarity or to avoid obscenity or libel, but ideas will not be altered. All letters must bear the handwritten signature of the writer and include address and phone number or e-mail address for verification purposes. Neither the street address nor phone number will be printed. Letters should be typed or legibly

handwritten, and no anonymous letters will be published. Any letters from boards or organizations must include at least one name of an individual. Any criticism of public officials should be limited to issues related strictly to their position or actions made in office, as personal attacks will not be published. Letters involving private disputes between the writer and a business will not be published. Political endorsements will be published,

Curt Ward

however letters rom candidates endorsing themselves will not be printed. Letters may be dropped at the News-Leader office (211 IL Route 38 East), mailed to the News-Leader (P.O. Box 46, Rochelle, IL 61068) or e-mailed (news@rochellenews-leader.com.) The News-Leader reserves the right to edit or reject any letter to the editor for any reason, and letters chosen for publication do not necessarily reflect the views of this newspaper.

COMMUNITY

Health at Home offered by **Ogle County Extension**

OREGON — The holiday season is a busy time of year, often filled with more tasks than time. If you are looking for healthy tips to get through the upcoming holidays, join the University of Illinois Extension for three weekly holiday health boosters. These 30-minute boosters will address cooking for the holidays with health in mind while mixing in time for physical activity and managing holiday stress.

These free online webinars begin at 6:30 p.m. on Tuesdays — Dec. 1, 8, and 15. Register at go.illinois.edu/ holidays. If you need a reasonable

accommodation to participate in this program, contact the local Ogle County Extension office at 815-235-4125. Early requests are strongly encouraged to allow sufficient time for meeting your access needs.

The webinar lineup includes:

Dec. 8, 6:30 to 7 p.m.: Balancing Extra Calories through the Holidays

Is the Elf on the Shelf hiding extra calories in your holiday foods? Learn some tips to enjoy your favorites, along with a dash of physical activity. Keep your tinsel toes moving into the new year.

Dec. 15, 6:30 to 7 p.m.: Making

collard greens

KitchenTableRochelle.org.

a List and Checking it Twice

Are you feeling overwhelmed with the holiday season? Take back control and stay on track as you reign in some of the chaos by making a list and simplifying your life. Simple steps you can take to decrease stress and enjoy the holidays.

STATE NEWS

High court: Pleading guilty does not prevent innocence claims

Illinois Supreme Court decision sets legal precedent on issue

BY SARAH MANSUR

CAPITOL NEWS ILLINOIS/ SMANSUR@CAPITOLNEWSILLI-

SPRINGFIELD -

People who plead guilty to crimes are not automatically precluded from later asserting claims of innocence, the state's highest court ruled on Thursday.

The Illinois Supreme Court's unanimous decision creates a new precedent for state courts. This is the first time the high court answered the question of whether individuals who pleaded guilty can still successfully claim innocence.

Under Illinois law, individuals convicted of crimes can petition the court and successfully assert a claim of innocence if they can establish that their rights were violated during the court proceedings that resulted in their conviction.

The court's 22-page opinion holds that the guilty plea of the defendant - in this case, Demario Reed – "does not prevent him from asserting his right to not be deprived of life and liberty given compelling evidence of actual innocence under the (law)."

The court's decision also establishes a new standard that individuals who pleaded guilty and later claim innocence must meet in order for their petition to succeed.

The justices ruled that those individuals can prevaii on innocence claims if they can provide "new, material, noncumulative evidence that clearly and convincingly demonstrates that a trial would probably result in acquittal," the court's

opinion states.

In the case before the court, Reed pleaded guilty in 2015 to armed violence after he was arrested at a Macon County home for possessing crack cocaine and a sawed-off shotgun, which were found in the home. Following his guilty plea, Reed submitted a post-conviction petition asserting his innocence, based on a sworn affidavit from Davie Calloway, who was also at the home when Reed was arrested.

Calloway claimed in the affidavit that the cocame found in the home belonged to him, and not

In January 2017, a Macon County judge dismissed Reed's post-conviction petition, finding that Calloway's testimony was not convincing.

Reed appealed to the 4th District Appellate Court, which is one level below the Illinois Supreme Court.

The appellate court agreed with the Macon County judge to dismiss the petition in a 2019 ruling that relied heavily on a 1970 Illinois Supreme Court decision, People v. Cannon.

In the Cannon case, the court rejected the defendant's postconviction claim of actual innocence because, the 1970 Illinois Supreme Court opinion states, "(b)efore his plea of guilty was accepted, the defendant, represented by appointed counsel, was fully and carefully admonished by the trial judge."

The appellate court concluded that it must

follow the legal guidance in the Cannon case, "until the supreme court says otherwise."

Illinois Supreme Court justices clarified in Thursday's opinion that the appellate court's reliance on the Cannon case law was misplaced, as the 50-year-old opinion served only as "dicta," or a nonbinding legal opinion, and "does not control this case."

"This court refuses to turn a blind eye to the manifest injustice and failure of our criminal justice system that would result from the continued incarceration of a demonstrably innocent person, even where a defendant pleads guilty," the court's opinion states. "Accordingly, we find defendants who plead guilty may assert an actual innocence The Illinois Supreme Court's unanimous decision creates a new precedent for state courts. This is the first time the high court answered the question of whether individuals who pleaded guilty can still successfully claim innocence. Under Illinois law, individuals convicted of crimes can petition the court and successfully assert a claim of innocence if they can establish that their rights were violated during the court proceedings that resulted in their conviction.

claim under the (law)."

While the justices found that Reed was allowed to claim innocence despite his guilty plea, they did not accept Reed's argument that Calloway's affidavit would alter the outcome of a trial.

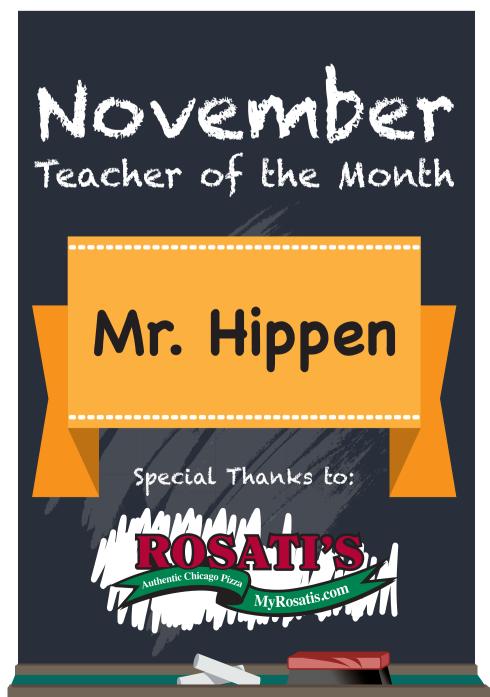

"We cannot say it was unreasonable for the court to question the truthfulness of Callaway, where he came forward only after being imprisoned and discussing the

case with (Reed)," the opinion states.

The Illinois Supreme Court agreed with the appellate court's decision to dismiss Reed's post-conviction petition, although the two courts offered different reasons for the dismissal.

A spokesperson for Illinois Attorney General's Office, which represented the state in this case, did not immediately respond to a request for comment.

COUNTY NEWS

Ukulele Station wins top dealer award

OREGON – Ukulele Station America in Oregon has been named a Top 100 Dealer by the National Association of Music Merchants, the global association of music products and music retailers.

The award honors retail music dealers who demonstrate exceptional commitment to their stores, neighborhoods, and customers and share a vision to create a more musical world through their local communities. The award will be presented in January during NAMM's Believe in Music Week, the online global gathering to unify and support the people who bring music to the world.

"It is an honor to have been named a Top 100 music store for the fifth year in a row" said John Lindhorst, owner of Ukulele Station America. "I am grateful for the continued support I receive from the local community."

NAMM's Top 100

Dealer Awards spotlight the industry's very best music product retailers. To determine the list, an independent panel of judges reviewed hundreds of submissions rated across categories that include customer service, innovation, music advocacy, store design, marketing, and sales promotions and are scored in accordance to determine the Top 100 list.

As part of the awards submission process, Ukulele Station America's entry will be evaluated for one of several awards, including the "Innovation Award," "Best Community Retail Store," and the coveted "Dealer of the Year" Award. Ukulele Station America is encouraging all fans and local community members to vote for the store in the "Top 100 Customers" Choice Award," a special award given to the recipient of the most votes from their community. Vote for the store here: TopDealer. NAMM.org

Believe in Music is the online, global gathering to unite and support the people who bring music to the world. Held over the week of Jan. 18, the gathering will feature a mix of comprehensive programming and professional education at BelieveinMusic.tv, as well as an interactive marketplace to connect buyers and sellers - all designed to elevate the innovation and inspiration found across the industry while offering support for those most deeply affected by COVID. The event will also offer live music, content and product discovery for all who believe in music, helping connect music makers and enthusiasts across the

Egyptian Theatre announces Birthday Club year-end fundraiser

DEKALB – The historic Egyptian Theatre in Downtown DeKalb is announcing the launch of the "Egyptian Theatre Birthday Club" in honor of their 91st birthday. The public can make an immediate impact in supporting the non-profit historic theatre through a donation of \$91 and join the "Egyptian Theatre Birthday Club."

COVID-19 has had a devastating impact on the Egyptian Theatre which had to close its doors for nearly nine months of this year. On Dec. 10 the theatre will celebrate its 91st birthday and now looks back on the nine decades of history that this theatre has experienced since opening in 1929. The Egyptian opened at the start of the Great Depression, survived the slim times of World War II, remained opened and active during the recession of the late 2000s and now it is making its way through these unprecedented times.

"The Egyptian Theatre has been there for the community bringing the joy of entertainment, a gathering place for discussion, and a stage for 25+ community groups each year," Egyptian Theatre Executive Director Alex Nerad stated. "Now more than ever, we need the community's continued support so the Egyptian can be there once again for all when we get through this pandemic."

Kicking off on Giving Tuesday, Dec. 1, the Egyptian Theatre is asking members of the community to make a donation of \$91 in honor of the 91st birthday and join the Egyptian Theatre Birthday Club. Donations will help ensure the Egyptian Theatre not only

survives the impact of COVID-19, but thrives on the other side of this pandemic. All donations will go directly to the 501(c) (3) non-profit organization that owns and operates the Egyptian Theatre and will help make sure

that this historic theatre is here for many generations

Additionally, the Egyptian Theatre Board of Directors has put together a matching pool of donations that will match dollar-for-dollar the first

50 donors to the Birthday Club.

"Our volunteer board of directors are passionate about this theatre and the importance it plays in this area," Egyptian Theatre Board President Dan Schewe stated. "We are continually reminded how important the Egyptian is to the community culturally and economically. We appreciate every single one of our donors and supporters who help make this all possible."

Donations to the Egyptian Theatre Birthday Club can be made online at www.LightsCameraDonate.org or checks made out to the Egyptian Theatre can be mailed to the Egyptian Theatre at 135 N. 2nd St., DeKalb, IL 60115.

The Egyptian Theatre is owned and operated by Preservation of Egyptian Theatre, Inc. a 501(c)(3)non-profit organization. Annual support provided by First National Bank, Northwestern Medicine, Shaw Media, and Tapa La Luna.

Kirk signs with Kish

Rochelle senior commits to playing for Kougar men's program

BY RUSSELL HODGES

SPORTS EDITOR

OCHELLE senior Reese Kirk has signed to continue his academics and his athletic career with the Kishwaukee College men's golfprogram, becoming the second Hub student-athlete in two years to commit to playing for the Kougars and head coach Thomas Brennan, an RTHS alum.

Kirk spent four seasons with the Rochelle golf team including three seasons on the varsity team. Kirk was named the Most Improved Player Award winner as a sophomore and has been Rochelle's No. 2 varsity player over the last three seasons under head coach Glen Mehrings.

"I chose Kishwaukee College because it's close to home and I can be with my family and friends," Kirk said. "Kishwaukee College was interested in having me join the golf team and I think moving from RTHS to Kishwaukee College will

be a perfect fit for me because I know I can compete at the collegiate level with others who want to compete as much as I do."

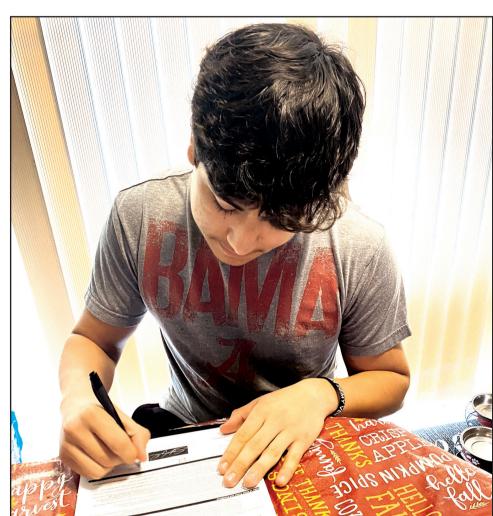

"It still seems like yesterday that I saw Reese as an eighth-grader hitting balls at the driving range with a mixed bag of clubs and trying to figure out how to get the ball from one point to another," Mehrings said. "He's a good athlete with great hand-eye coordination and he loves the game of golf. That's what truly made him a better player throughout his four years on the team."

Kirk has helped the Hubs to six victories in each of the last two seasons. His senior season saw highlights including a personalbest, nine-hole score of 39 during Rochelle's win against the Plano Reapers at Fairways Golf Course, Kishwaukee College's home course. Kirk also recorded a top-16 finish at the Sterling Invitational with an 18-hole score of 88. Kirk will reunite with RTHS

graduate Hayden Jones, who was a junior when Kirk was a JV freshman.

"I'm hoping to make new friends and make a great impact on the team by putting up low scores and making the team better," Kirk said. "I plan on studying business in order to pursue a career in the business field. I want to thank my family and friends for helping me reach this level of my golf career because I couldn't have done this without their support."

"Reese never missed practice and he always wanted to face the top players from the opposing team during matches," Mehrings said. "He's made some of the greatest improvements I've seen in a player over my last 25-plus years coaching golf. It will be great for Reese to play under coach Brennan because Thomas is a great coach and a student of the game. I can't wait to see how he does at Kishwaukee College over the next few years."

(COURTESY PHOTO)

Rochelle senior Reese Kirk recently signed to continue his golf career with the Kishwaukee College men's program and head coach Thomas Brennan next year.

Junior Braden Alfano used his speed and quickness off the ball to record 21 tackles and two sacks for the Rochelle varsity football team this past season.

Speed keys Alfano's sophomore success

BY RUSSELL HODGES

SPORTS EDITOR

HILE he was only a sophomore, Braden Alfano held his own in the trenches for the Rochelle Township High School varsity football team this past season. Alfano finished with 21 tackles on the defensive line while notching two sacks and one forced fumble for the Hubs in 2019.

Alfano made his presence felt right away, recording three tackles as well as his first varsity sack in Rochelle's seasonopener against the Pekin Dragons. His forced fumble helped change the momentum in the team's finale at Ottawa, where the Hubs outlasted the Pirates in double overtime. Alfano said he's aiming to increase his speed and strength for his junior season.

"I felt that I competed to the best of my ability last season, even though I was undersized compared to whoever I lined up against on most plays," Alfano

said. "I used my speed off the ball to beat bigger opponents and make plays. I need to get stronger and faster in order to continue competing this season. My goal for this season is to help the team make the playoffs."

Despite not taking up football until seventh grade, Alfano has quickly developed into an impact player for the Hubs, who fielded several underclassmen on the varsity team this past season. After lining up at defensive tackle during his sophomore campaign, Alfano will kick outside and look to set the edge as a defensive end this coming season. Alfano said he's been lifting weights and doing speed workouts during the offseason to stay prepared for the upcoming season.

"We didn't have many seniors on the team last year, but they were all great leaders and I hope that we can lead how they did last year," Alfano said. "My favorite things about football are the brotherhood we create in the locker room and the opportunity to compete on a weekly basis."

"I felt that I competed to the best of my ability last season, even though I was undersized compared to whoever I was lined up against on most plays. I used my speed off the ball to beat bigger opponents and make plays. I need to get stronger and faster in order to continue competing this season."

IHSA Board of Directors scheduled to meet Dec. 14

Update discussion held Wednesday

BLOOMINGTON —

IHSA Executive Director Craig Anderson released the following statement regarding the IHSA Board of Directors discussion update on Wednesday, Dec. 2, 2020.

"The IHSA Board of Directors met virtually this morning for an update session, where they discussed several topics, including the timeline of winter sports.

Given Gov. Pritzker's current mitigations, the board has no expectation of starting low risk winter sports prior to January. The board and IHSA staff will continue to monitor the Tier 3 Resurgence Mitigation in effect currently. When there is a timeline for the state to emerge from these restrictions, the board is prepared to restart lower risk winter sports quickly.

In addition, the Board hopes to reestablish contact days in January for any winter sports that cannot begin, as well as spring and summer sports. The introduction of the contact days will be based on mitigations from the governor and the Illinois Department of Public Health at that time. Further guidance on contact days limits will be established at a future Board meeting.

Given its status as a low risk sport, the board also discussed the possibility of moving the girls badminton season from the spring to

"Given Gov. Pritzker's current mitigations, the board has no expectation of starting low risk winter sports prior to January. The board and IHSA staff will continue to monitor the Tier 3 Resurgence Mitigation in effect currently."

IHSA Executive Director Craig Anderson

the winter. Schools should begin preparing for this possibility as action on this could be decided at the Dec. 14,2020 Board of Directors meeting.

The board reiterated that they remain committed to creating as much opportunity as possible for all sports that remain to be played this school year. They intend to evaluate the equity of each season as a potential resumption date in January begins to materialize.

The board appreciates the flexibility displayed by our schools throughout the pandemic, and although they recognize the challenges each modification creates, they continue to ask that schools be adaptable in the New Year. The board continues to evaluate season start and ending dates depending on when the winter season resumes.

The board is scheduled to meet again on Dec. 14 at their regularly scheduled December board meeting. The board will be discussing sports/activities state series, possible adjustments to IHSA By-law 3.022 and 4.022 for semester academic eligibility and the latest information regarding Tier 3 Resurgence Mitigation limits.

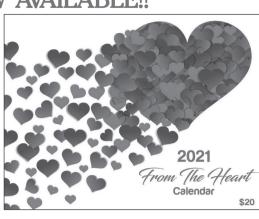

The board and staff have received questions from schools regarding the interpretation of the Tier 3 Resurgence Mitigations and the application in use of the weight room and open gyms before and after school. The board believes that local schools and their districts may interpret the application of this and whether or not their facilities are made available to community members in their district according to the guidance for public health and fitness centers.

To reiterate, the board has no expectation to begin any winter sports seasons until 2021, but will remain agile in their preparation and willingness to adapt should a window present itself sooner."

EBRIT

movie coming out? Will it be in theaters or just pay-per-view at home? I really want to see it on the big screen. I miss going to the movies. -- Y.G.

A: Some cinemas are still open across

Q: When is the new "Wonder Woman"

the country, but there aren't many new releases. Many are showing re-releases with limited seating. "Wonder Woman Woman 1984" 1984," again starring Gal Gadot in the title role, was originally set to premiere last December. Since then the film has had six release dates, with the latest being Dec. 25, 2020, both in theaters and available for streaming for up to 30 days for HBO Max subscribers. As you can gather from the title, "Wonder

Woman 1984" is set in the 1980s. In this sequel, the golden-lasso-swinging superhero faces two new adversaries: Cheetah, played by Kristen Wiig ("Saturday Night Live"), and Max Lord, played by Pedro Pascal ("Game of Thrones," 'The Mandalorian'').

Q: I love the thrilling mystery series "The Fall" with Gillian Anderson. When will the second season air on TV? -- B.B.

A: The British-Irish crime procedural series starring Gillian Anderson ("X-Files") and Jamie Dornan ("Fifty Shades of Grey") as the serial killer she's pursuing is now airing on the Ovation cable channel in the U.S. Like most British shows, the number of episodes each season is very limited, just five to six each. It's kind of like watching a little miniseries and doesn't drag on long past its prime.

"The Fall" earned much praise during its run. Ovation just began airing the second of three seasons this month. The third and final chapter is scheduled to air in the

first quarter of 2021. If you're a fan of Anderson's, be sure to check her out in the new fourth season of "The Crown" on Netflix, in **Gal Gadot** which she plays British Prime Minister in "Wonder

Margaret Thatcher. Q: My sister and I have a luncheon

bet based on your answer. Did Ron Howard

in Spokane A: Before he became an Oscar-winning film director ("A Beautiful Mind"), Ron Howard was an actor. I remember him as teenager Richie Cunningham on the sitcom "Happy Days," but before that he was one of

star in the film "The Music Man" with Shirley

Jones and Robert Preston before he was a reg-

ular on "The Andy Griffith Show"? -- M&E

Hollywood's most employable child actors and went by the name of Ronny Howard. Ronny was just 8 years old when he sang a cute but off-key rendition of "Gary, Indiana" in "The Music Man" (1962). He'd started playing little Opie Taylor on "The Andy Griffith

Show" in 1960 and continued until 1968. The youthful-looking Howard played Richie Cunningham on "Happy Days" from age 20 to 30. He first gained prominence as a director with the mermaid love story "Splash," starring Tom Hanks and Darryl Hannah, and he hasn't stopped since. His daughter, Bryce Dallas Howard, is following in his footsteps, starting

out as an actress and has now begun directing.
