ROCHELLE – The Foundation for Focus House and Community Programming of Rochelle was forced to cancel its annual car show and parade this year, but it is moving forward with its plan to host the car show virtually.

The car show this year is free to enter and is open to any type of classic old vehicle, whether it be a car, pickup truck or motorcycle. Participants are asked to send in one photo of their vehicle to jhardin@oglecounty.org.

Contact information such as an address and phone number, as well as the make and model of the vehicle, should also be included in the

email. The deadline to send in a vehicle photo is Sept. 10 and there is no limit to the amount of people who can participate.

we are very excited to try this out," Foundation for Focus House President Dave Tess said. "I have been dealing with old cars since my brother got me my first one when I was 16 years old and I have never seen anything like this done."

Once all photos have been received, they will be compiled into one photo album and uploaded onto Facebook. Voting will begin on Sept. 14 and run through Sept. 27, with individuals either clicking the like or heart icon on their favorite vehicle in the album. The one that receives the most attention will be chosen as the winner.

BYRON – If the Byron Generating Station does close in September 2021, it will mean more than a loss of about 700 jobs.

It will also mean the loss of millions of dollars in taxes locally.

Exelon Generation announced on Aug. 27 that it intends to retire its Byron Generating Station and Dresden Generating Station in fall 2021. Byron will close in September 2021.

Paul Dempsey, communications manager of the Byron station, said that the station's 2017 tax bill was more than \$38 million. The taxes went to a variety of taxing bodies, including the Byron School District, Ogle County and the Byron Museum and Library District.

There are also the charitable donations giving by the station, which Dempsey said amount to about \$250,000. Donations have gone to Rock River Center in Oregon, Pinecrest Community in Mount Morris, Hub City Senior Center and many others.

In July, the station donated \$9,000 to libraries in Ogle County. And in June it donated \$35,000 to local food banks.

We had to cancel the outdoor car show and parade out of concern for the community, but

the Byron Station last year.

Sarah Downs, executive director of the Byron Chamber of Commerce, said that the community has been well aware that Exelon has been sounding the alarm for years that its zero-carbon Byron and Dresden plants are uneconomic to operate and would likely shut down early to prevent further financial losses.

"We need Byron Station in our community," she said. "It provides 700 good-paying jobs, over \$38 million in taxes, and

supports our local schools, fire departments, forest preserves, and park districts. It's a key source of business for our local retailers and restaurants. It also provides clean, carbon-free energy to 2.3 million homes and businesses in our area.We **Sarah Downs**

implore state leaders to take action to save Byron Station from early retirement next year."

The Byron Forest Preserve District received \$2.3 million in tax money from

"The Exelon Generation Byron Station is obviously an important part of the greater Byron/Oregon community," said Todd Tucker, executive director of the Forest Preserve District. "The Byron Forest Preserve District alone receives nearly 75 cents of every property tax operating dollar from the Byron Nuclear Plant."

Tucker pointed out that the money the district has received over the past 35 years has made it possible for it to preserve more than 2,300 acres of natural land for nine preserves, develop the PrairieView Golf Club, Jarrett Prairie Center, Keller Education Center and our the PrairieFire Golf facility.

SHOW: Event will raise funds

From page 1

Depending on the number of vehicles in the show, either one or two trophies will be given out to the winner or winners. The car show is an annual event that has been taking place for over 20 years in the community.

While the main goal of the show is usually to help raise funds for the Foundation for Focus House, that is not the case this year. The purpose of this year's show is to help bring awareness to the many sponsors that have supported the foundation over the years.

"It is not about raising money this time, what we are trying to do is give back to our sponsors," Tess said. "We are going to rotate through all of the sponsors that have been so good to us over the last 12 years and make sure they are getting continuous shoutouts on our Facebook page with this car show. We know that all businesses are struggling during this time and this is our way to give back and say thank you."

This year's sponsors include Rochelle Community Hospital, T-Byrd Lanes, Jeff Perry, Berger Law and Ralfie and Lulu's. All of these businesses and organizations were signed up to be sponsors for the car show before it got modified to be virtual show.

When the outdoor show was cancelled and the businesses were asked if they wanted a refund, each told the foundation to keep the money as a donation. The foundation and car show rely on fundraisers and donations from both sponsors and the community to function and the foundation would like to thank everybody that has supported them.

"The biggest thing to make sure our community and sponsors know is how much we appreciate their support," said Jeni Hardin, executive director for Foundation for Focus House. "Especially during these times, when all of our fundraising events have gotten cancelled our community has stepped up and amazed us with its generosity. We cannot thank them enough."

Special program

In recognition of the 100th Anniversary of the passing of the 19th Amendment on Aug. 26, 1920, members of the Rochelle Chapter, Daughters of the American Revolution, Lydia Roberts and chapter chaplain Mary Lou Kator, presented a program to the members of the Golden K on Women's Suffrage. Roberts spoke on the history of Women's Suffrage beginning in 1869, the role of Illinois in being the first state to ratify the 19th Amendment, and the impact granting women the right to vote had for her grandmother and generations since. Kator spoke on the life of Suffragist Lucretia Mott, a Quaker who found God's calling for herself fulfilled in the suffrage movement and related that to the importance of following our own passions through action. LOSS: Closure of plant would hurt region

From page 1

"Their support has made it possible each year to offer education programs and recreation opportunities for thousands of school aged children, individuals and families in the Rockford Region and beyond," Tucker said. "We currently employ 22 full time staff who operate top-notch facilities thanks to this tax support."

And while the news of the proposed closure is clearly causing concern in the region, Tucker said now is not the

"We are hopeful that there is still time for our legislators in Springfield to work out some sort of agreement with Exelon to lessen the impact both for our organization and the entire Northern Illinois Region," he said.

The Oregon Park District received \$2.7 million in taxes in 2019, with 78 percent of that coming from taxes paid by Exelon. Park District Executive Director Erin Folk said the plant closure will significantly impact the people employed by the Oregon Park District, the residents it serves and the services it provides.

"The District has made many decisions over the past 10 years in preparation for a potential reduction in taxes, but the plant closure will be devastating to our District, the other taxing bodies and Ogle County," she said. "We are hopeful the State of Illinois will address potential legislative needs to aid in keeping the plant open. Many decisions will need to be made over the course of the coming months and

we will continue to act in the best interest of the District as we navigate through this difficult time."

And many of the 700 employees at the plant live in and pay taxes in the county. Dempsey said as of February 2019, 130 employees lived in Byron, 55 in Oregon, 36 in Stillman and at least 10 each in Davis Junction, Mount Morris and Rochelle. The others live in cities including Rockford and Dixon.

"No words can describe the loss that would be deeply felt if the decision to shut down the Byron Nuclear plant can't be changed," said Oregon Chamber of Commerce Executive Director Liz Vos. "Exelon consistently gives back to our communities. So many communities are literally and figuratively powered by this company."

Benjamin Kettleson

ROCHELLE—Benjamin Donald Kettleson. 30, passed away Aug. 31, 2020 at his home in

Rochelle. Ben was born on Jan. 15, 1990 to Bradd A. and Linda J. (Andersen) Kettleson in DeKalb. He graduated from Rochelle Township High

School in 2008. After high school, Ben attended a trade school to learn the trade of welding.

Ben is survived by his parents, Bradd and Linda of Rochelle; siblings, Brandon Kettleson, Abbey (Jason) Rutledge, Jacob Kettleson and Hailey Kettleson all of Rochelle; nieces, Claire Escatel

and Quinn Rutledge and nephew, Griffin Rutledge. He was a man

of many words that always left a smile on everyone's face wherever he went. He was a great man and was loved by many. He was always per-

sistent in his next adventure, whether it be a song on a guitar or a place in someone's heart. He came into the world as a great person and left this world in the same way. He loved anyone and everyone that crossed his path. He was never one to shy away from someone especially the ones he cared most for. He will be forever in our hearts and he will never be forgotten.

There will be a private grave side service held at a later date. Cremation care has been provided by the Unger-Horner Funeral Home. Memorials may be made to the family and sent to the Unger-Horner Funeral Home, P.O. Box 87, Rochelle, IL 61068.

Ira "Ike" Clue Jr.

ROCHELLE — Ira "Ike" John Clue, Jr., 94, passed away Wednesday, Sept. 2, 2020, at his home in Rochelle. I k e was

born on Dec. 14, 1925, to Ira John Sr. and Grace Imogene (Brown) in Independence, Iowa, the baby of the family.

When he was only seven years old his mother died. A year or so later, he gained a loving stepmother, Marge (Deyo) Clue. He proudly served with the United States Army in WWII from 1944 to 1946 on the Philippine Islands of Leyte, Cebu, and Negros and in Japan.

After the war, he met Hanarose "Rosie" Dickerson at the Royal Palms Lounge in Dixon. That evening, Ike sang Nat King Cole's "Mona Lisa" and the following night, they sang a duet, "Que Sera Sera." They were married in the Little Brown Church in the Vale in Nashua, Iowa, on Nov. 15, 1952.

Ike was a strong, spirited, hardworking man that loved his wife, family, and his friends. In his youth he was

a star high school football player on his school's only undefeated team and a skilled bowler. He was proud that he never got fired from a job (and joked that he just left).

He cherished his time as a successful owner of the Lincoln Lounge and Ike's ("The Hub Tavern") serving friends and patrons with laughter, song and dance for a decade and a half. Being an avid Cub or Bears fan was a bonus for some patrons. He ultimately sold his tavern and continued his work life with Del Monte until 1992 at the age of 67. He was a devoted double bogey golfer in retirement and until the end, he played a mean game of Euchre, Cribbage and Gin Rummy and enjoyed jigsaw puzzles. He was a longtime member of the Rochelle United Methodist Church, the Rochelle

VFW, and Moose Lodge.

In addition to his parents, Ike is preceded in death by both of his mothers; his father; his brother, Laverne Clue; and twin sisters, Bernadine Hoffman and Bernadette Kuchenberg.

He is survived by his wife of 67 years, Rosie, of Rochelle; three children, Leah (Bill) Vanstone of Rochelle, Ike (Diane) Clue of Renton, Washington, and Tim Clue of Chicago; and six grandchildren, Jeff Vanstone, Bob Vanstone, Clint Vanstone, Ryan Clue, Sarah Clue and Bailey Clue.

There will be a private family graveside service with Pastors Rob Hamilton and Dave Rogula officiating. Military honors will be provided by the Eastern Lee-Ogle Honor Guard.

Memorials may be made in Ike's memory to the Rochelle United Methodist Church or to Serenity Hospice and Home.

Moving into cooler days and nights

¬UNNY how life goes...this summer had the hottest average temperature ever and September rolls around and I am putting

I am a big believer in using cameras for speed limit enforcement. Cameras would free up officers for more important tasks plus they would provide a revenue source to the state. And, being a revenue source, I am surprised Illinois has not installed thousands of speed cameras state-wide. It is a tax you don't pay if you obey the law. Years ago my daughter

moved to Switzerland. They use cameras a lot over there. They also have a different philosophy on fines. A fine for speeding depends on where it happened, how fast above the limit you were going and your income.

So, when police finally stopped a man in 2010 who was doing 180 m.p.h. in a 72 m.p.h. zone, his fine was \$1 million. He was evidently wealthy. His fine topped the previous one of \$290,000.

I was reminded of that when I read in last week's paper that Rochelle police ticketed a driver clocked at 116 m.p.h. in a 70 m.p.h. zone. No fine in the world is large enough for drivers like that.

I love the older homes

Letter to the Editor

Fund will help with coronavirus relief

Dear Editor,

The Rochelle Area Community Foundation is a nonprofit organization that helps donors support the things they care most about, through charitable giving right here in the communities we call home. We've been here since 2005, building endowment funds to support the needs of the local nonprofit community as they provide vital services to those in need. While the Rochelle Area Com-

munity Foundation's core mission is to build wealth that will provide funds for a variety of nonprofit organizations into perpetuity, we also have the ability to quickly adapt to current circumstances that require immediate and short-term relief. That

Our strong relationships within the community help us understand the needs of local nonprofit organizations and those they serve. Armed with this knowledge, we assure you that the charitable contribution you make to the Coronavirus Response Fund of the Rochelle Area Community Foundation will help those organizations continue to provide the vital services that help people where they are.

You help. We help. One hundred percent of your gift to the Coronavirus Response Fund will go toward grants to local nonprofits to respond to their needs and the needs of those they serve as long as the pandemic continues, or the funds run out. We will charge no fee for this work. It's our gift to the community to help get through this challenging time.

In response to the current situation, the foundation has redirected the funds

available for community needs grants to provide for essential and basic needs. For example, to provide hunger relief by granting funds to the Northern Illinois Food Bank for monthly local mobile food trucks, staffing them with volunteers, supporting the Rochelle Christian Food Pantry to enable the purchase of much needed freezer and refrigeration units and milk for those they serve and providing funds for

food and supplies needed by The Kitchen Table to support their Take and Bake Meal program, available to anyone in need.

We worked with the Hub City Senior Center to provide masks to vulnerable populations in the community and provided funds to Habitat for Humanity of Ogle County and HOPE of Ogle County to bolster their efforts to provide decent, safe and affordable housing for people in need. The Farmworker and Landscaper Advocacy Project assists Latino workers in understanding and defending their employment rights and offered cash assistance to those workers who did not qualify for funding under the

When we learned of funding available to nonprofit organizations through the Illinois COVID Response Fund. we worked hard to ensure that Rochelle and Ogle County received a share of those funds. We secured \$100,000 to re-grant to local nonprofit organizations through the fund. We reached out to ensure the nonprofit community knew of the opportunity and funded 13 applications from organizations providing for basic, essential needs due to the pandemic.

With these funds, 4-C Community Coordinated Child Care provided direct assistance to in home licensed child-care providers to assist with lost income during quarantine and while they can only offer limited services due to social distancing. Believe in the Children received funds to support a number of children in western Ogle County with food and socially distant summer activities. Easter Seals supported the Ogle County families they serve with various needs due to the

The Hub City Senior Center, together with the Rochelle United Methodist Church and the Rochelle Rescue Mission, helped with past due utility bills, essential supplies, and emergency hotel stays. Sinnissippi Centers received support for staffing and basic needs for clients in assisted living situations. The Village of Progress utilized support to stay connected with those they serve while quarantine and social distancing made it impossible to gather.

If you're able, we hope you will consider a one-time or recurring gift to the Rochelle Area Community Foundation to help us support this important work. All contributions to the foundation are exempt from tax to the extent allowed by law. Visit our website at www.rochellefoundation. org/give now to give via PayPal. We are currently seeking contributions of any size to the Coronavirus Response Fund. We also graciously accept a check mailed to P.O. Box 74, Rochelle, IL 61068.

Not crying not an option at daughter's wedding

Jennings

told myself I wasn't going to cry. Not only that, I Lwasn't going to even tear

Now, I am not one of those "men" who never cry. I actually think never showing emotion is trying to stifle your humanity. We all need a good cry every now and then – and not just at those gut wrenching abandoned animal commercials.

I have been known to cry from time to time. I will admit I was a bit of a crybaby when I was a kid, but I have always been pretty emotional. I get it honestly, as I come from a family of emotional people, i.e.

But this was my daughter's wedding, held recently in Duluth, Minn., and the last thing I wanted to do was cry. There is this tradition I had never heard of called "first look," where she comes into the room as I have my back turned, taps me on the shoulder and I turn around. The photographer captures the moment I see her in her dress for the first time.

I told my wife I was not going to cry, and I actually believed it until the moment my little girl tapped me on the shoulder, I turned around and saw her in her beautiful wedding dress.

OK, I didn't totally lose it, but it was pretty close. And I am sure this was not some masculine moment with a few tears of joy. I didn't blubber exactly, but I am not looking forward to seeing the pictures.

But how could I not get a little weepy? Here was my little girl, my only girl – the only girl in my family – in a wedding dress on the day of her wedding. Here is the little angel that I held in my arms the day she came home from the hospital. Here was the little girl who walked and talked way early, who loved Halloween candy probably too much and who got anything she wanted when she called me daddy.

Her mother and I divorced long ago, but my daughter and I have remained close. We still talk probably three or four times

a week and always have, no matter what is happening in our lives. We talked through high school, through college, when she was getting her first teaching job. We also talked the day she was going to meet some kid she was talking to online who lived in Duluth. I was, of course, not thrilled about her going up

there, but she was an adult and I trusted her.

Well, that young man is now my son-in-law. And he is a great guy. He is in the Air Force, like I was, so how could I not like him?

We talked a lot about the wedding, and as COVID-19 hit, she was always unsure whether it would go on or not. Ultimately it did. We all had to wear masks except when we were eating or drinking, and it didn't hurt the

ceremony or the reception one bit. In fact, it probably made it a little more special.

Walking my daughter down the aisle was a thrill for me. I am so proud of the woman she has become. She is a funny, warm, open and accepting person. As we walked slowly down the aisle, I looked at her husbandto-be. All he saw was her. It was such a look of love than any father would feel comforted about giving this man the hand of

his daughter. My brother flew in from Arizona to perform the ceremony. My other brother flew in from California, so we had a little reunion. It was a night to remember

for many reasons. So now my daughter has a different last name. Yes, it is a little weird, but I am getting used to it.

In fact, when I think about it, I can't help but shed a little tear of joy. I am a crier after all.

Local residents urged to do individual sweeps of Rock River

OREGON — Oregon Area Rock River Sweep coordinators are encouraging local residents, paddlers, fishermen, boaters, and other users of the Rock River to do "Individual Sweeps" of the river during the month of September this year instead of having a large group clean-up event.

This is a great opportunity for anyone who wants

to help the local environment by picking up litter in or along the river or the roads near the river. Organizers are asking people to go out on their own terms to areas that they like to visit on the river and

to collect as much litter and junk as they can and to dispose or recycle it with their regular home curbside trash pickup. For tires or other larger items removed from the river, contact Steve Rypkema, at the Ogle County Solid Waste Management Department for disposal arrangements.

Sweepers should be safe when cleaning up the river by wearing safety vests, lifejackets, rubber gloves, and working in pairs in a COVID-19 safe manner.

Participants are encouraged to take pictures of themselves and their "haul" and post them to the Rock River Sweep.org Facebook page to share what they have collected and to encourage others to do the same.

The Oregon Area Rock River Sweep coordinators thank those who do their part to protect and preserve the beautiful Rock River. They hope to resume the annual Rock River Sweep next September.

For more information or if supplies like gloves and trash bags are needed, contact Steve Rypkema, OCSWMD, at 815-732-4020 or srypkema@oglecounty.org.

Exploring the origins of Labor Day

ABOR Day marks the unofficial end of summertime fun and a day when thousands of people gather across the country for their final big barbecue blowouts. Labor Day has evolved into a holiday about relaxing with friends and family, and that has led to its origins getting somewhat lost in the celebratory shuffle.

Created by the labor movement in the late 19th century, Labor Day was established to highlight the achievements of American workers, both from a social and an economic perspective. Labor Day highlights one of the main benefits of being a citizen of the United States, the ability to have professional freedom and contribute to the prosperity and strength of the country through gainful employment. Labor Day became a federal holiday in 1894.

Celebrated annually on the first Monday of September, it is believed that Labor Day was first promoted by the Central Labor Union and the Knights of Labor, which also organized the first labor-related parade in New York City.

Although the true fathers of Labor Day remain a topic of debate, some historians maintain that Peter J. McGuire of the American Federation of Labor put forward the first Labor Day proposal in May 1882 after witnessing a labor festival in Toronto, Canada.

Labor Day was largely celebrated in the past with parades, speeches and a day off of work for the country's workers. Similar festivities occur to this day, with the gradual introduction of other events that mark the unofficial end of summer.

Unique ways to celebrate Labor Day

ABOR Day was created by the labor movement to shine light on the achievements and contributions of workers. Without hardworking men and women, the economy would not thrive and the prosperity of a nation would be unlikely.

Like many other holidays, Labor Day's message may play second fiddle to the more widespread celebrations that take place. It's easy to think that Labor Day commemorates the unofficial end of summer rather than the North American worker, but those who want to celebrate more mindfully can consider these ideas.

Research local industry and schedule a tour of a factory, farm or another place of business that ties into this industry

While many people are off on Labor Day, essential workers may not be. Bring lunch to a police station or firehouse, or simply thank workers you come across, such as grocery store employees, for doing their jobs.

Purchase items made domestically to support national industry.

Bosses can reach out to employees with words of praise and encouragement. Too often employees are told what they need to improve rather than what they are doing right. A few words of gratitude can buoy spirits.

UAW is proud to salute the hardworking men and women in our industries.

Today, we celebrate your accomplishments that contribute to the progress and success of our nation.

Off to the races

Johnson wins, Hubs take first in four-team meet at Walcamp

BY RUSSELL HODGES

SPORTS EDITOR

KINGSTON — Sara Johnson could feel the fatigue building in her legs as she pushed through the trails at Walcamp Park on Thursday. The Rochelle Township High School cross country standout didn't lose her focus, however, and her perseverance resulted in a first-place finish when the Hubs and Lady Hubs faced Genoa-Kingston, North Boone and West

Carroll. It was the first individual victory in a high school meet for Johnson, who finished with a time of 22:27 despite racing for the second time in two days. The Lady Hub junior was one of three Rochelle girls who recorded top-6 finishes on Thursday, with sophomores Yuelma Ortiz and Ahtziri Zepeda placing third (23:10) and sixth (24:22), respectively.

"I felt really strong today and it was incredible to win my first

race," Johnson said. "The course was pretty tough. There was an incline during the second mile that was pretty tough, but it was a nice course overall. My legs and arms were definitely sore, but once the gun went off at the start of the race, I was in running mode and I forgot about everything else."

Johnson and the Lady Hubs (2-2) finished second out of three teams competing Thursday, scoring 40 points. Genoa-Kingston won the meet with 27 points, while West Carroll took third with 66 points and North Boone did not field a varsity team. Rochelle's boys remained perfect on the season, winning a tiebreaker with North Boone thanks to a strong performance from freshman Luis Pizano, whose time of 21:41 put the Hubs (4-0) over the top.

"The kids ran really well today and I'm really proud of our team," head coach Mark Zilis said.

Brennan named head golf coach at Kishwaukee College

BY RUSSELL HODGES

SPORTS EDITOR

LAYING for Kishwaukee College wasn't an option for local golfer Thomas Brennan when he was closing out his accomplished high school career just over a decade ago. That will change this coming school year, however, and Brennan will be tasked with leading the Kougar and Lady Kougar golfers in the program's first season back since prior to 2010.

Brennan has been hired as the head coach of the Kishwaukee College men's and women's golf teams, which will compete during the 2020-21 school year in Region IV of the NJCAA. Brennan, who competed collegiately at the College of Lake County and Hannibal-LaGrange University, an NAIA program, has been coaching for the last several years, spending five seasons at Hannibal-LaGrange and one season at Johnson & Wales University's Denver campus.

"My wife and I were looking to move back to the area and I had been talking with Mitch [Hamilton] at Fairways since I had been planning to help run some tournaments and junior golf camps," Brennan said. "He let me know that the coach Kishwaukee College had initially hired resigned in June, so I reached out to the athletic director and we had a couple of good interviews. It's a good fit for me, and Kishwaukee will be using Fairways as its home course."

A Rochelle native, Brennan led the Hubs to two straight IHSA 2A Sectional appearances during the 2007 and 2008 seasons. He began his collegiate career at Nicholls State University in 2009 before transferring to the College of Lake County and finishing at Hannibal-LaGrange. Brennan immediately made the leap to coaching in 2014, when HLGU hired him to lead the program.

"It will be a different type of experience with the Kishwaukee College program," Brennan said. "We're going to have a much greater emphasis on recruiting local athletes... What I'm going to enjoy most about coaching at Kishwaukee College is giving local players an opportunity to compete that I didn't have in high school. We had a lot of good players on our team when I was in high school, but we had to spread out because Kishwaukee didn't have a program."

(COURTESY PHOTO)

Rochelle native Thomas Brennan was recently hired as head coach of the Kishwaukee College golf program. Above are Thomas and his wife Sarah.

Brennan guided the HLGU golf program to nine tournament victories throughout his five years as the university's head coach. He was also responsible for doubling the program's men's roster size and for bringing in the No. 1 ranked NAIA freshman class for the 2017-18 season, according to GolfStat. Brennan earned a bachelor's degree in criminal justice in 2014.

A local champion, Brennan has won multiple Fairways club titles, and he continues to compete in tournaments outside of coaching. His experience and vast knowledge of the Rochelle course will be very useful to the Kougar and Lady Kougar players this coming season.

"Coaching gives me time to continue competing while also helping kids improve and become successful golfers," Brennan said. "I know what kids are looking for in a program and I want our program to be as player-friendly as possible while maintaining high standards for work ethic and academics. I want our kids to have fun on the golf course. It doesn't matter what they shoot when they arrive. What I look for is how much they're improving."

"I know what kids are looking for in a program and I want our program to be as player-friendly as possible while maintaining high standards for work ethic and academics."

Hubs heating up after three-team sweep

Varsity team records season-low 169 to beat Oregon, North Boone

BY RUSSELL HODGES

SPORTS EDITOR

OREGON — The Rochelle Hubs are playing their best golf of the season, and their efforts resulted in a dominant sweep of their three-team matchup with the Oregon Hawks and the North Boone Vikings at Silver Ridge Golf Course on Wednesday.

Narrow fairways and slow greens presented challenges for the players, but the Hubs had minimal trouble throughout the round, scoring a season-low 169 and blowing away their nonconference foes. Oregon placed second with 205, while North Boone finished third with 219.

"The greens were receptive to a lot of the shots coming in and they weren't overly fast," head coach Glen Mehrings said. "Our kids didn't need to transition too much from the types of greens we see at home. The greens were smaller and flatter, and our kids handled them well today."

Senior Megan Thiravong led Rochelle with 41, while sophomore Griffin Ohlinger and senior Dominic Williams each carded 42. Senior Reese Kirk added 44 to round out the top four varsity players for the Hubs (5-2, 1-2 Interstate 8), who have won three straight matches. It's also the second straight meet in which Rochelle has had four golfers card scores in the 40s.

Sophomore Griffin Ohlinger watches his shot from the fairway during Rochelle's golf match against Oregon and North Boone at Silver Ridge on Wednesday. Ohlinger carded 42 for the Hubs, who have won three straight matches.

"Dominic's a great ball striker," Mehrings said. "He has a really strong release through the ball and he can drive the ball over 300 yards. He only had one wayward drive today, and driving the ball long and straight really put him in a

position to succeed, especially on a shorter course... Griffin's all-around skills have improved so much. His mishits are tighter and he's working through his putting, but he's taking his time before shots and his ball striking has been solid.

He's giving himself a lot more chances for birdies and pars as opposed to big numbers."

Wednesday's round continued a strong trend in the right direction for the Hubs, who recently recorded 171 in a home victory against Plano this past week. Rochelle will look to keep posting quality scores this weekend, when the Hubs compete in the Rocket Invitational at Rock Falls.

the Hubs, who recently recorded 171 in a home 170s last week, I knew

we could get into the 160s this week," Mehrings said. "We had a few hiccups out there, but our kids were really solid and our top four players have really carried us so far. It's nice to see our kids collectively improve as a group."

OTTAWA — Wednesday marked the beginning of an interesting season for the Rochelle Township High School cross country team, and the Hub City harriers immediately faced a tough test at the challenging Catlin Park course against the Ottawa Pirates

The Hubs placed four runners in top-6 positions during the meet, with junior Josue Huerta recording a time of 20:41 to lead the Rochelle boys over Ottawa 26-29. Sophomore David Wanner, junior Luke Orlikowski and senior Aiden Seldal grabbed the next three spots for the Hubs (1-0), finishing fourth, fifth and sixth with respective times of 20:56, 21:25 and 21:54.

"Luke has improved greatly in both his endurance and his speed," head coach Mark Zilis said. "During the Ottawa meet,

he stayed with our top group for nearly the entire race and finished as our third-best runner. I think Luke will be a big part of our team's success this season."

Junior Sara Johnson and sophomore Yuelma Ortiz finished third and fourth for the Rochelle girls, clocking in with respective times of 23:10 and 23:49. Ottawa fielded five top-7 finishers on Wednesday, allowing the Pirates to defeat the Lady Hubs 22-33. Sophomore Ahtziri Zepeda took eighth place for Rochelle (0-1), finishing with a time of 26:13. Rochelle will race against LaSalle-Peru on the road next Tuesday at 4:30 p.m.

"It was a fun way to begin the season," head coach Mark Zilis said. "It was a challenging course with many hills and turns. The kids gave their best efforts and the boys won pretty decisively. Our first few meets of the season have gone very well for us."
