# In the Navy

Former Hub student-athlete training to become submariner

BY RUSSELL HODGES SPORTS EDITOR

FTER graduating from Rochelle Township High School in 2018, Blake Albers attended Kishwaukee College to continue both his academics and his baseball career. A former threesport athlete for the Hubs, Albers spent one year with the Kougars, and while he enjoyed his time with the team, he felt deep down that school wasn't the right place for him.

Albers spent this past fall working multiple jobs, but an opportunity to find his direction arose when his father Brian approached him about enlisting with the U.S. Navy. Albers, whose grandfather Sherel Dean Albers was in the U.S. Navy, decided to move forward with enlisting, and after completing boot camp during the summer, Albers recently graduated from Basic **Enlisted Submarine** School at the New London Naval Submarine Base in Groton, Connecticut.

**Blake Albers** 

"It feels good to be called a submariner," Albers said. "I left home in May and it's been a long, hard process for me... I loved playing baseball at Kishwaukee and I made a lot of great friends there. I liked the coaching staff a lot, but I didn't see college as my way forward. I worked two jobs during the fall, and then my dad asked me about visiting the U.S. Navy office and seeing what they have to offer, since my grandfather was a gunner's mate for four years."

**BY JENNIFER SIMMONS** 

MANAGING EDITOR

**ROCHELLE** — Rochelle Rotary Club's 'From the Heart' event will celebrate its 14th year in 2021 and its anchor fundraiser is now underway.

The Rochelle Rotary Daily Cash Calendars are now available for purchase. For those unfamiliar with the club's annual fundraiser, the Daily Cash Calendar is a way to give back to eight local non-profit organizations that benefit from the club's From the Heart fundraiser as well as a chance to win a cash prize every day for a year.

Every calendar purchase gives a chance at winning daily cash prizes a total of \$18,250 for the year. Prizes range from \$25 daily, \$50 each Sunday to \$250 and higher on holidays. Those whose names are drawn for New Year's Day, Memorial Day, Fourth of July and Christmas are awarded \$1,000.

# Registering to vote in Illinois can be confusing: Here's a breakdown

Mindy Ruckman | Government Affairs Legislative Analyst | Illinoispolicy.org

THIS Election Day is significant in Illinois because voters will have the chance, for the first time in 50 years, to tell state leaders whether they want their taxes raised and whether they trust state lawmakers with greater power to set their tax rates.

But before anyone gets to cast that vote, they may need a guide to navigating the confusing voting process. The important first step in making anyone's voice heard is registering to vote.

### Who can vote in **Illinois?**

Not sure if you're already registered? The easiest way to see if you've registered to vote is by checking online. The Illinois State Board of Elections has an online tool Illinoisans can use. To check, you simply add in your name, date of birth and address. If you are already registered, you are good to go.

### How do I register to vote

### in Illinois?

There are a couple routes you can take to register to vote. Regardless, you must ensure you're registered in a timely manner. Regular registration is open year-round, but ends 27 days prior to the election, on Oct. 6.

### What do I need to register to vote?

Federal law requires some form of identification for first-time registration. Valid identification could include a state-issued ID or a copy of a utility bill, bank statement, paycheck, or another government document showing your name and address.

You will be required to sign your voter registration card.

A person who is 17 may register to vote if they will turn 18 on or before Election Day.

How do I register

#### online to vote?

Online registration is available until 16 days before the election on the Illinois State Board of Elections website. In order to register online, a person must have completed their registration by 11:59 p.m. on Oct. 18. When filling out the registration form, the voter will need to input some personal information such as their driver's license, age, name and address.

### How can I register by mail to vote?

To register by mail, you may print out this form from the U.S. Election Assistance Commission and mail it to the Illinois State Board of Election at this address:

State Board of Elections 2329 S. MacArthur Blvd. Springfield, IL 62704

You will be required to submit identification with your mail-in form. If you do not submit the necessary identification, you will be required to show it in person when you vote, and you will not be eligible to vote by mail.

Additionally, mail-in registration forms must be postmarked by Oct. 6.

### How do I register in person to vote?

If you miss the online or mail-in voter registration windows, you may also register in person during the "grace period" starting Oct. 7 and extending through Election Day, Nov. 3.

Each county has designated locations where a person can register to vote. It is best to check out your local county clerk's website or call their office to find a place near you. Typically, in addition to the county clerk's office, you can register in-person at city and village offices, public libraries, and locations that are set up as permeant and temporary voting locations.

### Demmer named Friend of Agriculture by Illinois Farm **Bureau ACTIVATOR**

BLOOMINGTON —Illinois Farm Bureau ACTI-VATOR recently announced that it has designated State Representative Tom Demmer of the 90th House District as a Friend of Agriculture.

"The ACTIVATOR Trustees voted to designate Tom Demmer as a Friend of Agriculture because of his strong support of issues important for farmers," said Don Meyer, Lee County Farm Bureau president. "He has done an outstanding job representing the farmers of the district, is a true Friend of Agriculture and we are happy that Illinois Farm Bureau ACTIVATOR has endorsed him."

IFB ACTIVATOR designates legislators as a Friend of Agriculture and endorses them because they demonstrate an understanding of the important role agriculture plays in Illinois. Those designated a Friend of Agriculture have shown they support the farmers of their district and the issues important to them.

ACTIVATOR, Illinois Farm Bureau's Political Involvement Fund, is a voluntary, non-profit, segregated fund promoting the economic and social well-being of farmers which seeks to help elect pro-farm candidates no matter their party affiliation. ACTIVATOR trustees are local Farm Bureau leaders representing each county in the Illinois General Assembly Legislative District.

is an important Cost consideration in planning a funeral, but there are other things to take into account as well. One of them is finding a funeral director you trust, one with whom you will feel comfortable during emotional and trying time.

If you do not know a funeral director in your area, here's some advice. Get together with a family member or friend that makes the project less scary - then call some local funeral homes and ask for an

appointment. You might ask friends or acquaintances who have lived in the area for suggestions. Funeral directors should be happy to show you their facilities and give you preliminary information about funeral alternatives expenses. It's always best to call first so that they will be expecting you.

# Choosing words to improve your life

Joyce Meyer

remember when my grandson, who was three years old at the time, got ahold of a sheet of paper that had pictures of me on it, and he decorated it with all sorts of colorful stickers. When he came over to my house to surprise me with it, I couldn't help but notice that in just about every picture, there was a sticker over my mouth. I thought: Well, God, are You trying to tell me something?

It actually made me pay attention to the way I was talking. And that's something we all should do, because there is no part of us that's harder to control than the mouth.

The Bible says that no man can tame the tongue (James 3:8). But that doesn't mean we can never improve the way we speak. We just need to partner with God to bring about the change we want to see.

The words we say are so important because they impact the anointing of the Holy Spirit that is, the power and presence of God—in our lives. The power of God is the most precious thing we have, and it's something we need to know how to protect.

One of the ways we can hinder God's

anointing is by speaking with a mixture of faith and doubt. When we say a few positive, faith-filled words here, and a few negative, doubtful words there, it weakens God's anointing on our lives.

If we want to have God's power working in us and through us each day, then we have to be in agreement with God not just part of the time, but all of the time.

Without the anointing, everything is hard. And that's not what God wants for us. Jesus said, "My yoke is easy and my burden is light" (Matthew 11:30 NIV).

God will never ask us to do anything without giving us the ability to do it, and He has equipped us with everything we need to live a powerful, victorious life. Acts 1:8 (NIV) says, "You will receive power when the Holy Spirit comes on you; and you will be my witnesses...to the ends of the earth."

Let's make this practical. Here are a few

ways you can use words to protect God's anointing on your life:

Don't judge other people. For example,

if you want God's anointing to be on you for parenting, you need to be careful not to criticize other parents.

Don't complain. The Israelites wasted forty years murmuring and complaining in the wilderness, when they could have just obeyed God and entered into their Promised Land a

Don't ask God for someone else's anointing or to be like them. Embrace the abilities He has given to YOU.

Think for a moment how your words could be affecting your life right now. How do you talk about yourself, your present circumstances and your future? When you talk with your friends, what kinds of things are you talking about?

lot sooner.

Ask God to help you form a habit of speaking positive words of faith every day. Words like, "I love my life and I have a great future. I can do whatever I need to do through Christ who strengthens me. And something good is going to happen to me today."

Even when you're struggling to believe it, say it anyway. Because your words have the power to change your mind and your attitude when they agree with the truth in God's Word.

You'll also find that you have the joy and peace that come through simply believing the promises of God.

In Luke 1, God sent the angel Gabriel to tell Zacharias that he and his wife, Elizabeth, would have a son who would be anointed to be the forerunner of the Messiah.

Zacharias should have been so excited. But rather than believe the good news, he questioned the promise. So God supernaturally shut his mouth until the day his son was born.

If you want to live in the fullness of God's anointing, fill your mouth with His Word. Don't just carelessly speak what you think or feel or what other people say. You can have the promises of God fulfilled in your life if you will learn to come into agreement with Him, do what He tells you to do, and say what He says.

### Urges people to follow guidelines

MAGINE going out one morning and not seeing anyone. No one in the restaurants, no one in the stores, no cars driving down

the street. A few other people, healthy, like you, are also wandering around wondering where everyone went.

8,508 Illinois residents as of Wednesday morning. That is almost the population of Rochelle.

Many of these people were elderly; maybe your parents' age or your grandparents' age. Some of them were in their 20s and a few even in their teens and

Many of them had preexisting conditions: diabetes, heart issues, immune system problems, asthma. Many of them were

Nurses, doctors, store clerks, teachers, truck drivers, first responders, janitors and police officers all among the victims.

A group of doctors and scientists say the most effective ways of containing and slowing the disease include wearing a mask, maintaining social distancing, avoiding large gatherings, and washing hands

But there is also a group of people who just don't believe it's a problem, certainly no worse than the flu. They do not get their information from a large group of scientists and doc-

It just confuses me that we have a population in our country that doesn't believe the scientists and experts. Also, that same population doesn't particularly care about the health of the rest of us.

It makes no sense.

I saw an article on the Fair Tax Amendment that fascinated me. Texas has about twice as many people as Illinois and almost five times the land mass. Texas also has 5,000 units of government.

Illinois has over 8,000 units of government. In those units of government are about 852 school districts. Of those, 211 are single school districts, much like our high school, and 31 are districts with less than 100 students.

There are also 1,400 townships, and approximately 300 park and library boards.

That's a lot of different taxing units.

I would not want to see park districts and library districts consolidated into a city government because if money is tight, parks and books might be looked at as nonessential needs and those budgets cut.

And, I know schools are the center in places such as Kings, Steward and Lindenwood.

Somehow, the cost of government has to be reduced without drastically affecting our safety and services.

### Meeting Mt. Morris near Mt. Rushmore

was standing at a scenic stop on Iron Mountain Road in the Black Hills of South Dakota when a few motorcycle riders approached me and the friend I was

traveling with. "Where in Illinois are you from?" he asked, saying he saw the license plates on

our bikes. We said Rockford. He said he and his wife were from Mount Morris.

Another rider was from Rochelle and the final one from Rockford. Talk about a small world.

**Brad** 

**Jennings** 

This was day three of a 2,685mile motorcycle ride a friend of mine, Doug, and I took through Iowa, Minnesota, South Dakota,

Wyoming and Montana. Meet-

ing Roger Miller, his wife and friends was a very surreal moment in a trip filled with beauty and memorable moments. The day before we rode Iron Mountain Road, I was able to see Mount Rushmore for the first time. I must say, I was over-

whelmed by this monument. It

is truly majestic. I encourage

anyone who hasn't seen it to

make the trip. The next day we rode all over the Black Hills. Besides the beautiful twist and turns of Iron Mountain Road, we rode

Needles Highway, with rocks shooting out of the ground skyward, hairpin turns and a narrow road cut through rock. Then on to the Wildlife Trail, where we saw buffalo – yes, they are huge – wild burros and big horn

As a history buff, day four was one I was really looking forward to. We rode from Spearfish, S.D., up to the Little Bighorn Battlefield in Montana. I have read multiple books on the battle at the Little Bighorn – from the perspective of the Army and the Native Americans.

This is a very sobering place. You can stand at the top of Last Stand Hill, where Lt. Col. (his regular Army rank) George Custer and members of the 7th Cavalry were killed during the battle. From the hill, you can look down to where a large Native American encampment was, and imagine the battle raging on the hills and plains.

For anyone interested in that moment in history, this national park is well worth the entrance fee. It stuck with me for days.

On a happier note, after we left the park, we rode over to a nearby trading post and I had the best Indian fry taco I have ever had. OK, it was my first, but it was fantastic!

The ride back to Spearfish seemed to take forever. We rode through a big chunk of Wyoming, and I have to give credit to the souls who live there. To me, there was a whole lot of nothing ... everywhere.

The next day we hit motorcycle hot spot Sturgis, S.D., to check out the town. The huge annual rally is held there in August, so it was pretty much a ghost town when we visited. That was fine with me. With our current COVID-19 situation, I wouldn't want to be around large crowds.

We then hit up Deadwood, S.D., which is a real tourist town We even saw the reenactment of Wild Bill Hickok getting shot in the saloon it happened in back in 1876 – just two months after Custer was killed in Montana.

The ride home took two days

The first was our longest of the trip in a single day – about 580 miles. That is tough enough on a motorcycle, but when fighting 40 mph wind gusts it was downright We made it home on Sunday,

Sept. 20. I was tired, needed a shower and had a backpack full or dirty laundry. My motorcycle was filthy and bug covered.

But I wouldn't trade it for the world. There is nothing like riding a bike long distances. We are already planning the next ride out to Roswell, N.M., in 2021. I just hope we don't get abducted by aliens.

**Letter to the Editor** 

### It's time to vote no for Kilbride's retention to the Illinois Supreme Court

Dear Editor,

The next election on Nov. 3 has many important races, including one that you might not be aware of. Illinois Supreme Court Justice Thomas Kilbride is up for retention. If we vote to retain him, he will have 10 more years on the Illinois Supreme Court.

The question you need to be asking is this: Who controls Thomas Kilbride?

If you look back to the last election in 2010 and follow the money, Speaker Mike Madigan's Illinois Democratic

Party contributed \$1,475,000 to Kilbride's campaign. Why would Speaker Madigan put so much into the campaign of a Supreme Court Justice? You need only look to Justice Kilbride's votes on the Supreme Court to find the answers.

Let's look at the Fair Map Ballot Measure. In 2001, Justice Kilbride upheld Madigan's gerrymandered maps. This has allowed Speaker Madigan to maintain a veto-proof majority, effectively stonewalling reforms that are so badly needed in

In 2016, Justice Kilbride ruled in favor of Madigan's map and struck down a nonpartisan redistricting effort by the bipartisan Independent Map Coalition. ("Madigan clout derails fair maps," Rockford Register Star, Aug. 28, 2016)

It gets worse. Justice Kilbride opposed the demand of Illinois citizen's for term limits in 2016. ("Illinois Court Blocks Term Limits," Wall Street Journal, Aug.

In fact, Justice Kilbride has taken over \$4 million from Speaker Madigan's allies, and in return has consistently voted to help Madigan retain his power by striking down fair maps, term limits,

pension reform, and other necessary government reforms. ("Kilbride & Madigan," Editorial, Chicago Tribune, Oct. 26, 2010) The Sun Times was audacious enough to declare Kilbride's 2010 retention as "Madigan's Greatest Victory" ("Mr. Speaker, you've got work to do," Chicago Sun Times, Nov. 7, 2010).

If we look at Justice Kilbride's preelection campaign (A-1) reports for the most recent reporting period we found that after receiving nothing all year, Justice Kilbride is suddenly flush with over \$700,000 in fresh donations from trial attorneys who are aligned with Speaker Madigan. Some of these attorneys have cases in the court

system that could be affected by Justice Kilbride's opinions and rulings. Is it any wonder they are beating a dollar bill covered path to his door, to assure he is retained? These are the facts. You can find these

of Elections website, if you are persistent enough. My question to my fellow citizens is this: Can we afford 10 more years of Su-

facts for yourself on the Illinois State Board

preme Court opinions and rulings bought and paid for by Speaker Michael Madigan and his allies? I for one do not think we can, and as a

result, I am asking you to vote NO for the retention of Justice Thomas Kilbride on Nov. 3, or in early voting. With that no vote, you will be saying no to the cronyism that permeates Illinois and will be voting for a more balanced Illinois government restoring balance that has been missing for a long time.

This vote is as important as any race on the ballot, and yet has scant attention in the news media. Please make a note of this, and Vote NO for Justice Thomas Kilbride's retention on Nov. 3.

### **COMMUNITY**

### Region 1 close to warning level

Ogle, Lee, Boone, Carroll, DeKalb, Jo Daviess, Stephenson, Whiteside and Winnebago counties included

**ROCKFORD** — The Northern Illinois Rockford Region (Region 1) is close to being in warning level for coronavirus disease (COVID-19).

The positivity rate for Region 1 has been steadily increasing.

As of Sept. 20, Region 1 positivity rate is 7.5 percent A positivity

rate of 8 percent for three consecutive days results in a warning level for COVID-19

If Region 1 goes into warning level, the

into warning level, the Governor's office will mandate additional prevention strategies in the region to protect the public health.

Examples include:

Early closures and limited hours for bars, restaurants, gaming facilities, and casinos Further restrictions on indoor

services and dining Reducing the number of guests

for social gatherings
The local health departments

want communities to move for-

ward toward recovery and not have to return to stricter measures to prevent further rise in community spread of COVID-19 that is driving the increase in positivity rate. The LHDs cannot do

this on their own. Each has a role in limiting the spread of COVID-19 in its communities.

Today, the LHDs ask the community to take these three addional steps to prevent Region 1 from going into warning:

1. Get a COVID-19 test. Testing is available at no cost for anyone in the community. You may not have symptoms, but you may be spreading COVID-19. For testing locations, contact your local health department or go to: htps://www.dph.illinois.gov/testing

2. Limit contacts. Identify a close group of contacts with whom you mingle and keep to that limited group. If your children

are in school, keep the playdates to those that are in their class.

3. Leave. Be intentional about your action and activities. Leave a place where guidelines are not being followed, people are not masking or social distancing, or the gathering is too large.

The LHDs continue to remind the community that following these steps is needed to prevent the spread of COVID-19:

Wear a face mask: Cover your mouth and nose with a cloth covering

Watch your distance: Keep at least 6 feet apart from others

Wash your hands: Wash your hands regularly with soap and water for 20 seconds

Together, we can avoid going into warning and additional mandated restrictions. For more information on Illinois regional metrics go to: https://www.dph.illinois.gov/regionmetrics?regionID=1

### CASH: Calendar money benefits non-profits

From page 1

"These non-profits need our help. The money raised with these calendars is given with no strings attached and allows the organizations to use it where they need it most," Rochelle Rotary Club President Greg Folmar said. "With future funding uncertain, it's especially important to buy these calendars and support our community through these services."

The cash calendars cost \$20 each and along with the chance to win the daily cash prize there are more than \$100 in savings in the form of coupons from participating sponsors as well.

"The main goal of this program is to help the

non-profit organizations that partner with From the

Heart," explained David Eckhardt, From the Heart coordinator and Rotary Club member. "Where else can you spend \$20 and help out eight organizations?" Calendars are available for purchase from any Rochelle Rotary Club member, Holcomb Bank in Rochelle, Stillman Bank, First State Bank, HOPE Chest and through the Rochelle Rotary From The Heart

### CHS Rochelle donates to park district projects

ROCHELLE — The Rochelle Park District Wednesday announced CHS Rochelle is donating \$20,000 that will be split between the park district's Engage Program and security upgrades at The REC.

rity upgrades at The REC.

The CHS processing plant located at 1900 Steward Road buys corn from area farmers and processes it in to roughly 125 million gallons of ethanol and by-products including distillers dried grains with solubles used by animal feed manufacturers to boost protein content. The plant employs 64 people in a variety of engineering, processing, maintenance, safety and support positions.

"The donation is one more demonstration of how we work together for shared success and to strengthen our communities," CHS facility manager Mike Van Houten said.

Houten said.

Back in 2014, CHS acquired the plant here in Rochelle. CHS Inc. (www. chsinc.com) is a leading global agribusiness owned

by farmers, ranchers and cooperatives across the United States. Diversified in energy, agronomy, grains and foods, CHS is committed to creating connections to empower agriculture, helping its farmer-owners, customers and other stakeholders grow their businesses through its domestic and global operations. CHS supplies energy, crop nutrients, seed, crop protection products, grain marketing services, production and agricultural services, animal nutrition products, foods and food ingredients, and risk management services. The company operates petroleum refineries and pipelines and manufactures, markets and distributes Cenex® brand refined fuels, lubricants, propane and renewable energy products.

The park district is thankful to CHS Rochelle for supporting The REC and the Engage Program. The goal of the park district's Engage Program is to have no individual, from child to senior, be tuned

away from recreation programs due to the inability to pay registration fees. The Flagg-Rochelle Community Park District is passionate about encouraging engagement in recreational activities. Activity changes attitudes. Feeling positive about health and wellness will improve behaviors with others as well as development of new skills. The benefits of recreation are endless and strive to impact as many lives as possible. The support from CHS Rochelle will help us continue toward this goal. ConstructionatTheREC

has continued throughout this time, and remains on track to be completed in September. Most of the exterior work has been completed and the team has begun work on the interior. The facility will provide for a variety of activities in the 60,000 square foot fieldhouse, a 24-hour state of the art fitness facility and the multipurpose rooms will allow for park district classes, rentals, and events put on by the community.

# Senior Night celebration

Seven players recognized before home victory over Dixon

**ROCHELLE** — On the evening that Rochelle Township High School recognized seven senior Lady Hub tennis players, it was fitting that the final point to decide Thursday's match against the Dixon Duchesses came down to a senior coming through for the purple and white.

With both teams tied 3-3, action moved to the No. 2 doubles court, where Rochelle senior Sawyer McGee and teammate Sylvia Hasz were locked in a tight battle with Dixon's Chloe Coil and Kyarra McGlown. Despite dropping the opening set, McGee and Hasz rallied to claim the second set, forcing a third-set tiebreaker to decide the winner of the nonconference match.

Behind a strong finish that saw the Lady Hub combo take several of the final tiebreaker points, McGee and Hasz defeated Coil and Mc-Glown 3-6, 6-2, 10-7 to seal a come-from-behind

### **Short-game strides helping** Ohlinger find the hole

BY RUSSELL HODGES

SPORTS FOITOR

HIPPING and putting were two skills Griffin Ohlinger knew he needed to improve as he prepared for his sophomore season with the Rochelle Township High School golf team.

Ohlinger spent his summer playing at least nine holes almost every day. Ohlinger also worked with golf instructor Biv Wadden to refine his mechanics and improve his swing and putting stroke. His efforts have certainly paid off this fall, as Ohlinger has become one of Rochelle's best and most consistent players, scoring in the low-to-mid 40s in nearly every head-to-head meet.

"I realized my short game was my weakness," Ohlinger said. "I couldn't putt for much last season but I've put a lot of work into my putting and coach Wadden worked with me a lot over the summer. We had several lessons where we worked on chipping, and we eventually moved up to practicing with my longer clubs before we finished with a lot of putting lessons."

Ohlinger quickly rose to the varsity level as a freshman, carding scores in the upper 40s and lower 50s and shooting scores around 100 in 18-hole tournaments. His confidence has grown significantly since his first varsity match in 2019, and while he still had some goosebumps when the Hubs teed off the 2020 season, the game has started to come easier to him."

"I was still a little nervous during my first few shots this season," Ohlinger said. "After that, I told myself that I had to keep moving forward, and I've been playing better with more experience. I've found myself worrying less and focusing more on my fundamentals."

Ohlinger's game has come a long way from when he first took up golf over two years ago. While he initially didn't take the sport seriously, he gradually warmed up to it as time progressed, and as his passion for the sport has grown, so has his desire to improve and shoot lower

"My parents introduced me to golf and I received my first set of clubs about two and a half years ago," Ohlinger said. "I was only messing around when I first

started playing and I didn't know much about the game, but I found myself having more fun the better I played. Hitting a good drive, putting the ball in the middle of the fairway and one-putting from a good distance are confidence boosters for me that keep me going as I move forward to the next hole."

Ohlinger has been an integral player for a Rochelle varsity team that has started the 2020 season 6-2 overall, matching its win total from the last two years combined. He said his goals this season are to continue improving his putting and his shots off the tee box.

"I hope to be shooting in the 70s through 18 holes by next season," Ohlinger said. "I haven't been able to do that in tournaments, but I've done that during practice rounds where I'm playing at my pace. I have to learn how to play with more people and handle the pressure."

The Knights defeated Rochelle 4-1 to drop the Lady Hubs to 1-7 overall and 0-3 in the conference. Kaneland took both singles matches on Tuesday, with Evie Taylor topping Rochelle senior Anna Guevara 6-0, 6-0 at No. 1 singles and Brenna Sheehan winning 6-2, 6-0 over Lady Hub senior Melanie

Gonzalez at No. 2 singles. Junior Sylvia Hasz and senior Sawyer McGee went three sets with Knight netters Sarah Schimmel and Ashlyn Hain at No. 2 doubles, falling 6-2, 6-7, 3-6. Juniors Josie Lundquist and Megan Thompson played a close match with Kaneland's Mia Bergman and Jenna Lin at No. 3 doubles, falling 5-7, 4-6.

### Guilford

The Lady Hub tennis team played its second of three matches this week against the Guilford Vikings on Wednesday. Rochelle's netters were unable to secure a win in the nonconference match, falling 7-0 to move to 1-8 overall and 0-3 in the In-

terstate 8 Conference. Guilford took all three singles matches Wednesday. Senior Anna Guevara fell 0-6, 0-6 against Kasey Aucutt at No. 1 singles, while junior Emma Hicks fell 1-6, 0-6 against Sara Dennis at No. 2 singles. Junior Margaux DaCosta was bested 0-6, 1-6 against Anja Komazec at No. 3 singles.

Juniors Jordin Dickey and MeLisa Young faced Guilford's Maggie Thomas and Ashlee Smolenski at No. 1 doubles, falling 5-7, 5-7 in a competitive match. Senior Sawyer McGee and junior Sylvia Hasz took on Katie Larson and Jocelyn Sally at No. 2 doubles, losing 2-6, 4-6.

### **Hubs fall against Morris**

Redskins edge Rochelle 172-177

BY RUSSELL HODGES

**SPORTS EDITOR** 

MORRIS—While the Rochelle Township High School golf team normally faces the Morris Redskins at Morris Country Club, Tuesday's match between the Hubs and Redskins brought both programs together at Nettle Creek for a competitive Interstate 8 Conference contest.

Senior Megan Thiravong and sophomore Griffin Ohlinger recovered from tough rounds against LaSalle-Peru earlier this week, leading the Hubs with 39 and 41, respectively, when the Hubs teed off with the Redskins on Tuesday. Senior Reese Kirk followed with 46 for Rochelle, but Morris held on for a 172-177 victory, dropping the Hubs to 6-5 and 2-4 in the conference.

"We've never played Nettle Creek before so the kids had to adjust on the fly," head coach Glen Mehrings said. "It's a tough course for players who use their sight lines well and try to club themselves accordingly. I thought they adjusted well, and it was nice to see Megan and Griffin bounce back as well. It was an unseen site for our kids but I thought they adapted pretty well."

Junior Brett Ferguson carded 51 to round out Rochelle's top four varsity players Tuesday. Mehrings said both the large, fast greens and the links-style layout of Nettle Creek, which plays slightly longer than Morris Country Club, presented the biggest challenges for the Hubs.

"Nettle Creek had the biggest greens we've seen

all season," Mehrings said. "It's a links style course and there are a lot of hills and undulations as well as hidden bunkers, which can make it difficult for the players to know how far they need to hit the ball to carry a trap. The course was wide open, but the greens were quick and the kids really had to play the break. It was good for the kids to play those sorts of

greens because they don't get to see them very often."

Rochelle will close out the regular season this week before beginning the Interstate 8 Championships next Monday and Tuesday. The boys will play at Bliss Creek Golf Course on Monday at noon, while the girls will play at Sycamore Golf Course on Tuesday at 10 a.m.

She has said that "farm life has connected us," which is in her roots. Hadid grew up in the Netherlands and was hand-picked by Eileen Ford to sign with the Ford Modeling Agency as a teen. Now she

She recently told "People" magazine that she made "a love spiral and wrote down exactly everything that was important to me in a man, and he magically just rang the doorbell at the farm." It sounds like post-reality-TV has been good to Hadid.

#### Clean up crew

On Saturday, Sept. 19, the Rochelle Masonic Lodge cleaned up 20th street under the Adopt-A-Road program for the City of Rochelle. This is the third year for the cleanup. The lodge would like to thank the park district for the use of their transport vehicle and the city street department for the safety vests. Additionally, it affords the opportunity for the Masons to help the city and teach the young men about service to our community.
