## Keeping history while transitioning into the

## VCCT names building Lincoln Arts Center

**BY ANDREW HEISERMAN**

STAFF WRITER

**ROCHELLE** – While CO-VID-19 may have slowed the down the process, the Vince Carney Community Theater has decided on a new name for its future home and is making progress on the buildings renovations.

Construction to turn the former Lincoln School, located on South Main Street in Rochelle, into the future home of the VCCT has been underway since last September. Until now, the building has been known to most in the community as the "old" Lincoln School.

It is known by this name because many people in the community have memories of going to school there when they were growing up in Rochelle. With that in mind, when renaming the building, the VCCT wanted to keep the history of the original building while making the transition easier for the community by

"There is a lot of sentimental attachment to not just the building itself, but to the memories created there. So, we decided to honor those memories as well as make the transition easier by keeping Lincoln in the name."

creating a name that is inclusive to all types of events.

"There is a lot of sentimental attachment to not just the building itself, but to the memories created there," VCCT President Amy Frank said. "So, we decided to honor those memories as well as make the transition easier by keeping Lincoln in the name. We also decided on 'Lincoln Arts Center' because that keeps the space open for any type of events

and not just theater productions." The VCCT will be holding a meeting to decide on the font of the lettering and when it will be put up, but the original lettering in the word Lincoln will remain untouched. The VCCT also plans to keep some of the building's interior original such as some of the murals.

Until COVID-19 happened, construction was going smooth and was on track to host its first show in July of this year. Since the quarantine, construction on the building has slowed down but has continued to move forward.

## **Preventing limitations**

**BY ANDREW HEISERMAN** 

STAFF WRITER

**ROCHELLE**-Thanks to a gift from Rochelle VFW 3878, a local veteran will no longer be limited to where he can and cannot go in his home and around town.

Bill Justice, a Vietnam War Veteran and member of Rochelle VFW Post 3878 who also lives in town, recently had his leg amputated due to health conditions linked to Agent Orange exposure during his time in the war. After the operation, the Rochelle VFW built Justice a metal ramp to get in and out of his house since he now uses a wheelchair. Until now, he had been using a push wheelchair and he

was limited to how far and where he could go.

"We are giving Bill a Quantum electric wheel chair that gives him complete 360-degree motion and will allow him to go more places without needing help from anybody else," Rochelle VFW Commander Bill Bumgarner said.

The chair originally belonged to the widowed wife of a veteran in Oregon who donated the wheel-

chair to Oregon VFW Post 8739 before she passed away. The only stipulation when donating the chair was that it be given to another veteran to use.

## New director

Tricia Herrera to head chamber

**ROCHELLE** — The Rochelle Chamber of Commerce on Friday announced Tricia (Wagner) Herrera as its new ex-

ecutive director by unanimous vote by the chamber board. She will assume her new role on Aug. 3.

"The board and I are thrilled at the choice of Tricia (Wagner) Herrera as our new executive director," Kari Andrist, representing Holcomb Bank on the Chamber Board of Directors and board presidentelectsaid. "Tricia has served as a director and president of the board for more than eight years and knows the Rochelle community well. Tricia is the right fit for the position and will play a vital role in the growth of the chamber and its continued support of our members."

Herrera was instrumental in providing timely and relevant information and resources to members by creating a close partnership with the City of Rochelle, Kishwaukee College and Waubonsee Community College, among others. She currently serves on several regional chambers of commerce and non-profit

boards. Herrera is the co-owner of Ralfie's BBQ and Catering with her husband, Ralf

Herrera. "I look forward to stepping into the role of executive director and continuing the work of the organization to support our members and the Rochelle Community," Herrera said. "Over the years, I have been fortunate to work with the organization and learn it from the inside. I thank the board of directors for their support and confidence in me as we head into some exciting times and new partnerships that will strengthen local business."

The board also acknowledged interim executive director Chet Olson for his service to the chamber during the transition and search for a fulltime director.

Beginning Aug. 3, new office hours at the chamber office, located at 1221 Currency Court, will be Monday through Friday from 8 a.m. to 4 p.m. For more information

## Kish College, regional community colleges collaborate with Rockford University

MALTA — Rockford University, the region's leading private four-year institution, today announced its partnership with three leading regional community colleges Highland Community College, Kishwaukee College and Rock Valley College – to provide a flexible, seamless option to transfer college credits or an associate degree (A.A.,A.S., or A.A.S.) toward a bachelor's degree in business management or accounting.

The collaboration between the institutions facilitates the easy transfer of credits from the community college to the degree completion program at the PURI School of Business at Rockford University. Community Colleges are often where students start, earning general education credits and exploring interest in a particular major.

"Rockford University has long-standing partnerships with our regional community colleges," added Dr. Eric Fulcomer, president of Rockford University. "We believe this collaboration is good for our students and the region as it provides another path to a bachelor's degree.'

"As part of our Strategic Plan, we've emphasized strengthening partnerships with other educational institutions in an effort to expand educational pathways for students," said Chris Ku-

berski, president of Highland Community College. "Our programs provide a solid foundation, and we're happy to facilitate the transfer of students' credits to the next step in their education and career. We appreciate our partnership with Rockford University and how it intersects with our goals as an institution."

Established partnerships make the transfer of earned college credits easy and pave the way for more students to earn bachelor's degrees.

"Many of our students start their education at Kishwaukee College and then choose to continue their education after completing their degree with us," Dr. Laurie Borowicz, president of Kishwaukee College, said. "The partnership with Rockford University provides an opportunity for students to seamlessly transfer to a bachelor's degree program, without losing time or credits."

"We're removing some of the hurdles and red tape," shared Ron Geary, VP and chief academic officer at Rock Valley

Rochelle

College. "Collaborations with our four-year partner institutions help us better advise and prepare students for success, and Rockford University's willingness to accept all associate's degrees - even those in applied science – opens up opportunities for a large percentage of our student body."

With more students interested in completing degrees to advance their careers, Rockford University's PURI School of Business is innovating ways to put a bachelor's degree in business or accounting more easily within reach for adults juggling school, work, and families. In addition to this collaboration, Rockford University's degree completion program is now offering experienced workers the opportunity to apply up to 25 credit hours of documented work training programs toward a degree in business management or accounting studies. For students with real-world, valuable skills and training to translate, this saves both time and money, allowing student to more

quickly earn that next promotion and career-long success.

The collaboration with community colleges, credit for documented work training, multiple start dates every five weeks, and hybrid online and face-to-face classes are just some of the ways Rockford University is meeting the needs of today's non-traditional college students.

"The students enrolling in our degree completion program are different than our traditional college students," said Dr. Mandolen Mull, director of the Adult Degree Completion Program at Rockford University. "They have demanding jobs, families, and other obligations to manage and yet still need to unlock their career and earning potential by developing skills and earning their bachelor's degree. We're proud to have created a unique program just for them and continue to find ways to adapt to meet their needs."

Rockford University's degree completion program is accepting applications year-round.

## **County and** schools look to openings

Health department head says this school year will be different

**BY BRAD JENNINGS** 

OGLE COUNTY LIFE EDITOR

OREGON - The Ogle County's Health Department is working with area school administrators on plans to open schools to students this year, the head of the department told the Ogle County Board at its July 21 meeting.

Kyle Auman told board members that his department is working with administrators to make sure students, faculty and staff are as safe as possible during the continuing COVID-19 pandemic.

"The upcoming school year will not look like school years past," he said.

He said they have heard from many parents who do not want to send their kids back to school, adding that masks, social distancing and a lot of hand washing "are a must" to keep everyone safe.

Auman said the county is now averaging about three new cases of COVID-19 a day. He said areas of concern continue to be daycares and long-term care facilities.

"We've had several issues with daycare facilities," he said.

He said overall, his department has tested 13

percent of the county's population. There are currently 356 positive cases, but only one person is hospitalized with the virus.

Auman said 300 people have recovered, and a total of five people have died of COVID-19 in the county.

"We've been working diligently to respond to the various needs of Ogle County," he said.

In response to a question from the board, Auman did remind everyone that the county does have a mandatory mask rule, and that the county does investigate when it receives tips that worked at area businesses – like bars and restaurants – are not wearing masks and following safety protocols.

"I have nothing but respect for you and your staff for what you've done through this whole thing," said county board chairman John Finfrock.

#### Other action

The County Board approved special use conditions for solar farms in the county by a 20-4 vote.

The board basically approved the same ordinance that it had considered in January 2019, with some changes, including to the noise ordinance.

## Offering personal expression

BY ANDREW HEISERMAN STAFF WRITER

NE local business is doing its part to help make wearing a face mask less of a nuisance and more of a manner of personal expression.

926 Custom Embroidery, located at 404 Lincoln Highway in downtown Rochelle, has begun making custom face masks in addition to its other custom decorated apparel. The masks are made of either two or three plies of cotton and can include many different pre-made designs or any design a customer would like.

The cotton plies of the mask are first put together, then a vinyl cutting program cuts out the design. The design is then removed from the excess vinyl and lastly the design is attached to the mask using a heat press. Co-owners Heidi Bratko and Dana Theiss thought the masks would be a fun way for people to express themselves, especially kids when school returns in the fall.

"We just started making masks when the school districts announced they would be requiring them when school is back in session," Theiss said. "Currently, there is a high demand for masks and the fact that we can customize them makes them a little more fun. We thought maybe this will help kids want to wear their masks."

Many of the designs were created by Bratko.

Dana Theiss, co-owner of 926 Custom Embroidery in Rochelle, uses a heat press to attach vinyl images onto the custom made cotton face

but the design combinations are endless. Adult masks are available for \$6 each, youth masks for \$8 each and any image can have glitter added for an additional \$1.

Mask orders can be placed by calling 815-561-9500, contacting 926 Custom Embroidery via

email at 926customembroidery@gmail.com or by sending a message via the 926 Custom Embroidery Facebook page. Bratko and Theiss are very happy to be able to help during such tough times and they thank the community for its continued support.

"We love doing what we do, putting a smile on people's faces and making people happy," Bratko said. "We are in the downtown area and we are for Rochelle. The community has supported us throughout this entire process and we just want to say thank you."

Most of the electrical in the building as well as the dry wall and ticket booth have been put up. The next steps are to sand and patch the holes in the drywall, paint it and then construct the stage and hang the lighting.

"All of our shows and fundraisers have been cancelled, COVID has challenged us in ways that we did not expect this year," Frank said. "Considering we have had limited volunteer opportunities it is still going well." The VCCT is plan-

ning on hosting smaller fundraisers this fall and winter as well as the first VCCT production and 40th anniversary celebration in February. The VCCT is also always looking for volunteers and people can sign up by phone at 815-513-8228 or via email at vcctrochelle@gmail.

Construction of bathrooms in the VCCT venue was just one of many things crews have been working on.

"If people are comfortable to volunteer we can always use help cleaning up since sanding is very dusty and it will go into the duct

work when the air conditioning is running," Frank said.

## VFW: Club makes donation

Once the Rochelle VFW heard the wheelchair had been donated to the VFW in Oregon, it reached out and acquired it for Justice. Bumgarner has known Justice for many years and knew this would be perfect since he had recently finished his operation.

"It feels great to help out other veterans in need because that is what we are all about," Bumgarner said. "What we are here for is to help veterans and their families."

Before receiving the electric wheelchair, Justice was able to get around his house by himself, but he was restricted to where else he could go without help from another person. The electric wheelchair has the power to go over many surfaces including concrete and grass, which will give Justice the freedom to roam wherever he wants whenever he wants.

"I am very grateful to receive this gift," Justice said. "It will be very helpful to me when trying to get around places."

## Pipe shatters vehicle windshield

On July 22 at approximately 11 a.m., Ogle County Sheriff's deputies responded to an accident in the 7,400 block of North Freeport Road. It was reported to Ogle County that a pipe went through the windshield of a motor vehicle at that location. After an investigation, it was determined that a Chevrolet 2500 utility truck. being driven by Dagoberto Rodriguez, of Rockford was traveling southbound on Freeport Road with a 20-foot section of plastic culvert on the rack attached to the top of his truck. A Commonwealth Edison truck, being driven by Albert Stobbe, of Marengo, was traveling northbound. The culvert came off of Rodriguez's vehicle and hit the Com-Ed vehicle shattering the windshield. Stobbe was transported to Freeport Memorial Hospital for injuries sustained from the shattered windshield. Rodriguez was issued a citation for an unsecured load.

On July 22 at approximately 2:48 p.m., Ogle County deputies, along with the Byron Police Department, Byron Fire Department and Stillman Valley Fire Department responded to a two-vehicle accident at the intersection East Illinois Route 72 and Marrill Road. After an investigation, it was learned that both vehicles were traveling west bound on Illinois Route 72. While the motorcycle was coming to a stop, it was rear-ended by a sliver Acura. An adult female and a minor child were transported to SwedishAmerican for non-life threating injuries. Gracey Lovgren, 19, of Stillman Valley, was cited for following to closely. On July 23, the following people were arrested on

Ogle County outstanding arrest warrants: Cody Ward, 31, of Davis Junction, on two retail

theft warrants. Ward was given a bond of 10,000 (10 percent) for each warrant. Ward was scheduled to appeari n court July 24.

Richard Huereca, 47, of Rockford, for failure to appear. Huereca has a bond of \$1,293. Huereca was scheduled to appear in court July 24.

## Officers make warrant arrest

On July 22 at 1 p.m., Rochelle police arrested Alexei H. Erickson, 25, of Steward, on a Lee County warrant.

On July 22 at 8:43 p.m., Rochelle police cited Janet E. Eyster, 55, of Rochelle, for speeding 47

m.p.h. in a 30 m.p.h. zone. On July 23 at 12:38 p.m., Rochelle police arrested Shawn Ramial, 30, of Romeoville, for being gross overweight on axle. He posted an I-Bond. His court date is set for Sept. 11.

## Discover the way to live in God's rest

OD wants us to enjoy our everyday lives. John 10:10 says that Jesus died for us so we "may have and enjoy life, and have it in abundance [to the full, till it overflows]" (AMP). But it seems so many people who say they believe in Jesus are not really enjoying their lives.

It's tragic to think that Jesus paid the price for our sins, that He suffered to make that sacrifice, and yet there are Christians who are struggling just to get by and make it through each day.

The key to having abundant life in Christ is living by God's grace through faith. Because grace is His power working in us that enables us to do whatever we need to do in life.

When we try to do everything in our own

strength and leave God out of the equation, we just get worn-out and frustrated by our mistakes and failures. But when we lean on God, we actually enter into His rest and can enjoy our lives, no matter what our circumstances may be.

Hebrews 4:9-11 (AMP) says, "So there remains a [full and complete] Sabbath

rest for the people of God. For the one who has once entered His rest has also rested from [the weariness and pain of] his human labors. Let us therefore

human labors.... Let us therefore make every effort to enter that rest [of God, to know and experience it for ourselves]...."

Now the rest of God is not a rest

from work—it's a rest in work. It's partnering with God to do what He is calling you to do by His grace and leaving the part you can't do in His hands, trusting Him to do it. Hebrews 4:3 says it this way: "For we who believe [that is, we who personally trust and confidently rely on God] enter that rest...."

When I'm trying to believe, I haven't entered God's rest. But when I do believe, I have complete rest in Him. Living by faith is not a life of struggle—it's rest. And you can enter into God's rest in every area of your life.

I've discovered that the stress in my life is caused by the way I approach my circumstances and the attitude I have toward

them. It was a turning point for me when I realized that the world will probably never change, but I can learn how to change the way I go about handling situations that are challenging.

One key to this is knowing that as believers in Christ, we are partners with God—we have a part and He has a part in everything He calls us to do. When we don't

do the part we can do and we try

to do His part, that's when we

live stressed-out with worry, fear, anxiety, frustration, no peace and no joy.

The reason this happens sometimes is because we think God needs our help. We meditate on the problem—rolling it over and over in our mind, worrying, trying to figure out how things should work out. It's like we're telling God, "I kind of think You need my help, and I'm not sure You can take care of this situation, Lord."

We need to realize that worrying is useless! It's like sitting in a rocking chair, rocking all day, wearing yourself out and getting nowhere. Trusting God means we

give up worrying, reasoning, and anxiety and we enter into His rest with simple childlike faith—we live by grace through faith! Ephesians 2:8-9 is a great scripture

Ephesians 2:8-9 is a great scripture that says we're saved by grace through faith. And we walk out our relationship with God and His plans for our lives the same way we receive salvation: by grace through faith.

This is possible because Jesus made the perfect sacrifice for us when He gave His life, taking our guilt and condemnation and paying for our sins. Through a personal relationship with Jesus, we access God's grace so we can do what He's calling us to do.

It's so amazing to know that God is always with us, giving us His grace for everything we need to do in life. Trust God's unconditional love for you today. Do what you can do and give Him everything else. And when you find yourself getting frustrated or feeling overwhelmed, like you just can't do it anymore, remember to stop, get your focus back on Him and enter into His rest once again.

VER lose a day? I did last week.

I send this little column Thursday night. For some reason, last week

I lost Thursday. On Friday night at approximately 5 p.m., I told my wife that I had to finish my

column and she looked confused, and asked me what day it was. I said Thursday. She looked at me and said, "nope, today is Friday." I lost a whole day.

I stay home and away from people as much as I can. It is not possible to do that every day.

I go to the store. I wear a mask, I try to limit my contact with people and I avoid crowds. My social life was never very active, but now it is pretty much nonexistent.

I avoid areas where people are not wearing masks. There are businesses I won't go into because too many people were not wearing masks during my last visit.

To me, it is not a political issue. I believe that wearing a mask in public will help prevent the spread of this virus, and places where masks are "optional" may not see me as a customer for

## This is Mike Madigan's last hurrah

Sone who scribbles largely about things Illinois, I feel almost obligated to observe on the bombshell (certainly for the small fraternity that follows Illinois politics) news that utility

ComEd has agreed to pay a \$200 million fine for bribery of Illinois officials. The announcement by the U.S. attorney's office in Chicago identifies Illinois House Speaker Mike Madigan.as the ultimate object of the

A utility regulated by the state of Illinois, ComEd supplies electricity to 70 percent of our state's households. It simply has to have Mike Madigan's blessing to increase electric rates and buck up its bottom line.

Bruce Rauner failed as governor (2015-2018), yet he was spectacularly successful in using his millions in TV ads to paint Mike Madigan across the state as the Wanted Poster caricature of the evil, corrupt Chicago political boss. I have seen reputable polls that say Illinois voters who know nothing about politics do indeed know and dislike Mike Madigan, and that most of them would vote against a candidate associated

Affiliation with Mike Madigan

was already costly. Candidates associated with Madigan must spend more than would otherwise be needed, the cash generally provided by Madigan, in order to counter attacks about their Madigan connec-

tions. This past week, these costs just shot up.

As a result of the federal prosecutor's bribery revelations, 15 members of Madigan's House Democratic caucus publicly asked Madigan to step down as speaker, "if the allegations are true." Except for pinning the tail on the donkey Madigan — how can the allegations not be true? ComEd has stipulated that they are true!

Why in the world would ComEd ever put itself at risk of bribery charges if the company weren't pressured to do so by Mike Madigan?

And think of the excruciating dilemma for all Democratic candidates in Illinois. Can they afford to accept campaign contributions from Madigan, who controls almost all the party's campaign cash hoard of \$22 million? If they do, they will be pilloried by GOPers. But what do they do without it? Will billionaire Gov. J. B. Pritzker replace the money. After all, he has also called for Madigan to step down.

My insider friends say that Madigan will, yet again, be able to weather this storm; that Dems will back him, and the feds may not be able to prove that Madigan personally benefited from the millions spent by ComEd to earn his blessing for their legislation. I disagree about the speaker weathering the storm.

The optics of the ComEd bribery and Madigan shake-down scheme are breathtaking, at least an order of magnitude more brazen that your typical corruption. ComEd continued to pay the best man at Madigan's wedding (lobbyist Mike McClain) hundreds of thousands annually, even after the company declared he was no longer lobbying for them.

Madigan even demanded — talk about brassy—that ComEd place one of his political friends on their board of directors. And they did! Think of the chill that must send down the spines of CEOs who might want to set up shop in Illinois.

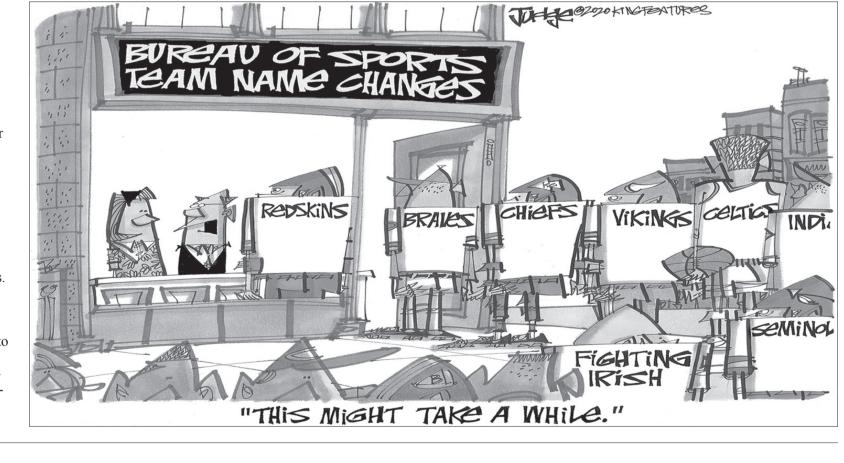

Any legal actions against Madigan are in the future, yet I predict the court of public opinion will indict, try and send Madigan packing in the coming year. Even Dems, certainly the younger ones, want to put the speaker, who is also chair of the state party, behind them after half a century and move on.

Republican leaders don't want Madigan to go away anytime soon. They want him — and Dem candidates connected with him — to twist in the wind. If voters can't connect the dots between ComEd bribery money and Madigan power, GOP candidates will do so for them.

Assuming Madigan is elected to a 26th term(!) in November, he would seek the support of his caucus to be elected speaker yet again. Without those 15 lawmakers who asked Madigan to step down—and more likely to follow suit—he would not receive a majority vote of the House. Think how awkward it would be for House members to backtrack in the caucus on their demand that he step down.

I predict Madigan will resign in December, rather than be denied the speakership. This will give Gov. JB Pritzker an open field to take over leadership of the Illinois Democratic

#### LETTERS TO THE EDITOR POLICY

The Rochelle News-Leader encourages responsible letters to the editor on subjects of interest to our readers. Editing may be necessary for space, clarity or to avoid obscenity or libel, but ideas will not be altered. All letters must bear the handwritten signature of the writer and include address and phone number or e-mail address for verification purposes. Neither the street address nor phone number will be printed. Letters should be typed or legibly

handwritten, and no anonymous letters will be published. Any letters from boards or organizations must include at least one name of an individual. Any criticism of public officials should be limited to issues related strictly to their position or actions made in office, as personal attacks will not be published. Letters involving private disputes between the writer and a business will not be published. Political endorsements will be published,

**ROCHELLE**-As the city continues its beautification process in its downtown area, residents will begin to see the City of Rochelle logo under their feet as they walk down the sidewalk.

Rochelle Community Development staff members have been painting the Rochelle City logo on different corners of the sidewalk in the downtown area. The city purchased stencils from Printing Etc., got cement paint and began tracing out the logos and painting them in.

five logos throughout the downtown in an effort to spruce up the area.

"We are just trying to keep progressing and moving the downtown area forward with more color, livelihood and just some fun things," community development director Michelle Pease said.

Since COVID-19 and the quarantine begun, the city has been looking for ways to continue forward in adding to the downtown area. With the many guidelines set by the CDC and health officials, the city thought this was a smart and safe way to keep its momentum.

thing has put us on hold and we didn't know what the future was going to look like," Pease said. "So, we are just trying to do small, cheap and economical things that will keep our downtown progressing forward."

The logos were freshly painted during last week and since then, the city has received compliments from residents who have said that they look very nice. The City of Rochelle is already working on its next project to add to the downtown area in the future.

"We wrote a grant for another mural through the Rochelle Area Community Foundation and they have put those funds on hold for us," Pease said. "We want to do some more artwork and murals downtown to continue adding more fun and brightness to the area."

## **COUNTY NEWS**

## Electronic recycling event will be July 31

**OREGON** – The Ogle County Solid Waste Management Department will be accepting residential electronics from Ogle County residents for recycling on Friday, July 31, from 9 a.m. to 4p.m. at the County Annex Building at 909 Pines Road in Oregon.

This event is for electronic items from Ogle County residents only. Limit seven large items per monthly recycling event.

Due to the COVID-19 pandemic and for the protection of workers and residents, the following guidelines have been put in place by the OCSWMD for the acceptance of residential electronic items:

All residents attending the event must stay in their vehicles at all times with the windows closed.

Residents are to show acceptable Ogle County I.D. to county staff through vehicle window (drivers' license, voter registration card, or recent utility bill accepted).

Electronic items must be loaded into trunk, truck bed, trailer, or rear of a van or SUV, and easily accessible to county staff to remove. Limit of seven bulky accepted items per vehicle; and box or tub loaded with smaller items is considered one bulky item.

Residents are advised to bring in only accepted items for recycling, please check the list below or visit the county website for a full list of accepted items.

Items must be removed from original packaging prior to arrival at the recycling event.

Microwave ovens are \$5 per unit. If you have a microwave oven to recycle please tape an envelope with payment to the outside of the device prior to arrival at the event. Cash or check, payable to Ogle County Solid Waste Management Department, accepted. Exact payment only, no change will be available for larger denominations.

If a resident or their family member(s) are feeling ill it is advised that they stay at home and recycle their electronics at another future recycling event.

If electronic items have been in a residence with a positive COVID-19 individual, it is advised to not bring these items in for recycling untila future recycling event.

Accepted items include all televisions, computers, computer monitors, computer hardware and cables, printers, FAX machines, copiers, scanners, video gaming items, VCR/ DVD players, cable and satellite boxes, cell phones, tablets, laptops, radios, stereo equipment (no wooden speakers), digital clocks, holiday light strands, extension cords, phone systems, calculators, shredders (no plastic tubs), rechargeable batteries, CFL bulbs, and printer ink cartridges. Microwave ovens accepted for \$5 per unit, limit seven (7) bulky items per vehicle.

Items NOT accepted include smoke detectors, coffee makers, toasters, bread makers, vacuum cleaners, fans, heaters, air conditioners or dehumidifiers, lamps, power tools, alkaline batteries, LED bulbs, exercise equipment, medical equipment of any kind, toys or drones, business or institutional electronic items, and any packaging from electronic items such as boxes, plastic wrapping, and Styrofoam.

Recycling events may be cancelled or abruptly ended due to weather conditions, warehouse volumes, staffing issues, events related to the COVID-19 global pandemic, or for other uncontrollable events or situations.

Schlenbecker headlines returning senior linemen for Hubs

BY RUSSELL HODGES

SPORTS EDITOR

ISING senior Michael Schlenbecker wasn't thrilled with his performance on the gridiron this past season, but the third-year varsity lineman has one goal on his mind for this fall, and that's to be one of the best players on the field each time he and his Rochelle teammates suit up for game action.

A three-sport athlete at RTHS, Schlenbecker became the starting right tackle for the Hubs early in his sophomore season, and he returned this past fall as a two-way starter in the trenches. Schlenbecker played in all nine games during the 2019 season, finishing with 1.5 sacks on defense, and he'll be a key playmaker on both sides of the football when the 2020 campaign kicks off.

"I felt like I underperformed during my junior season due to my body transformation," Schlenbecker said. "I felt like I

showed great leadership last season and I did a good job of motivating our team. I'm looking to become a better leader this year and improve my skills on both sides of the line... My goals are to make the All-Conference team and help our team win games. To be successful, I'm going to not only focus on myself, but push others as well." Schlenbecker will be

one of three starters returning on both the offensive line and the defensive line this fall. The Hubs carried only eight seniors on the varsity roster in 2019, but the 2020 roster will feature far more experience, something Schlenbecker said will be a strength of the Rochelle team when the Hubs kick off their season against the Pekin Dragons next month.

"I felt like we underperformed as a team last year because we had a low number of seniors," Schlenbecker said. "But we had a lot of talent on that team, and we have

a great group of seniors this year who have been together since Rochelle Junior Tackle in fifth grade.

Our juniors and sophomores are also extremely talented, and we're a team that knows how to work

hard. We've done that this offseason, and our goal for this season is to make the playoffs and go far.

We were relentless last season, and I think we can motivate each other more this season."

## Recreation center nearing substantial completion

Despite COVID-19, \$14 million project remains on schedule

BY RUSSELL HODGES SPORTS EDITOR

**ROCHELLE** — Construction crews remain hard at work on the \$14 million Flagg-Rochelle Community Park District recreation center at the south end of the Helms Athletic Complex.

Ringland-Johnson Construction Superintendent Tim Daley said

earlier this week that the project remains on track for substantial completion by the end of next month. Basketball hoops, windows, scoreboards and a walking track curtain have recently been installed inside the fieldhouse, while the artificial turf is scheduled to be placed in early September. "All the gym equipment

should be installed before

scheduled for Oct. 3 and the park district will be putting the turf down in the second week of September. We're down to trims and ceiling work inside the community center as well as fixtures and other finishes. I expect the community center to be wrapped up in 2-to-3 weeks. Flooring and equipment inside

the end of next week,"

Daley said. "Flooring is

the fitness facility will be put in after substantial completion."

Drywall, insulation, plumbing and electrical work on the north end of the building has largely been completed, and workers have begun painting and installing cabinets and other office equipment throughout the facility. Outside the facil-

ity, Daley said the next ma-

will involve clearing and paving the parking lots on the north and south ends. "We're right where we

jor phase of construction

need to be as far as our schedule goes," Daley said. "We're getting ready to start pulling up all of the exterior asphalt to pour new concrete and asphalt.

We have about six weeks

to go before we hit our

substantial completion

date at the end of August. We'll start the parking lots after we install the storm drain, and pulling up the blacktop will take about 3-to-4 days. We'll then layout the curbs, gutters and sidewalks before we prep for the new asphalt... We're thinking we'll need about four weeks for that whole process."

## **Green commits to Cornell** College volleyball team

BY RUSSELL HODGES

SPORTS EDITOR

OCHELLE Township High School rising senior Clare Green has committed to the NCAA Division III Cornell College volleyball program, and she will be continuing her academics and athletics in Mount Vernon, Iowa after she graduates in the RTHS Class of 2021.

"I decided on Cornell College because the school has everything I wanted." Green said. "The more I learned about the school and the more I visited the campus, I knew I would be happy there for the next four years after high school. I'm looking forward to the higher level of volleyball and the higher standard of accountability. It will be great to bond with and play at a higher level with new teammates who share the same

A four-year varsity player for the Lady Hubs, Green has earned an All-Conference Honorable Mention in each of the past two seasons. The 5-foot-10 setter led the Lady Hubs with 458 assists in 2019, helping Rochelle secure a school-record 21 wins while guiding the Lady Hubs to the IHSA 3A Regional Finals for the second consecutive season.

"RTHS volleyball has helped prepare me for the college level by teaching me how to interact with different people and coaches, which have helped me become a leader for those around me," Green said. "RTHS volleyball has given me more responsibilities, and I've played multiple positions over the years, which has helped me become the player I am today."

Green totaled a team-high 594 assists and 38 aces during her sophomore season in 2018, when she earned her first All-Conference Honorable Mention from the now defunct Northern Illinois Big 12. Green, who currently plays club volleyball for VC United, said she plans to

Daley said workers have been fast-tracking progress inside the aquatics facility, where both the lap pool and the recreational pool have been dug out and concrete bases and walls have been poured. Daley said crews are currently tiling and pouring concrete for the pool decks, while the pool finishes will be completed in late August. Sealing, trim and paint work inside the bathrooms will also be a priority for the aquatics facility as workers continue into next month.

Galaxy"? standard Monopoly playing board?

for the sitcom "Laverne & Shirley"?

7. PSYCHOLOGY: What fear is represented in the condition known as glossophobia?

## CELEBRITY EXTRA

Q: When will "The Young and the Restless" return with new episodes? -- E.S.

A: The only daytime drama to continue with new episodes during the pandemic has been NBC's "Days of Our Lives." While production was shut down for all of Hollywood, "Days" reportedly had six months of episodes that hadn't aired yet. CBS just announced that "The Bold and the Beautiful" would begin airing new episodes the week of July 20, and it **Denise** appears that the remaining soaps -- CBS' "The Young and the Restless" and ABC's **Richards** "General Hospital" -- are getting closer to filming new stories. As of this writing, "Y&R" had planned to

after that. According to Deadline.com, "Days" has set a tentative date of Sept. 1 to return to production. As for when the new episodes will begin airing, I would imagine it would be a few weeks to a month after they begin filming. Denise Richards, who plays Shauna on "B&B," recently talked about all the new safety measures in place since her return to the set, including that the crew would wear masks. A publicist for the show also stated that mannequins would be used in scenes that required "touching," but if that touching involved more intimacy, as soap operas often require, the stars' significant others would step

be back on the set in mid-July, with "GH" soon

in for the mannequins, even wearing a wig if needed. For example, Richards' real-life husband, Aaron Phypers, is doubling as Ridge Forrester in any love scenes with her. (Ridge is normally played by actor Thorsten Kaye.)

Q: I was a huge fan of the long-running

family drama "7th Heaven" and have been wondering if Matthew Linville, who played the recurring character of Jimmy Moon, is any relation to the late actor Larry Linville,

**AUGUST 2, 2020** 

who played the sniveling Major Frank Burns on "M\*A\*S\*H"? I had noticed two. -- T.M.

a bit of a resemblance between the A: I haven't been able to find any link that states former child actor Matthew Linville is related to the late Larry

Linville of "M\*A\*S\*H." According

to IMBd.com, Larry was married five

times before his death in 2000 at the

age of 60, but he had only one child, a daughter named Kelly. Matthew, who was born in 1983, appears to have concluded his professional acting career with the role of Jimmy Moon on "7th Heaven."

Q: Where can I see the new Tom Hanks World War II movie? Is it in theaters? I know

that some movie theaters are showing older movies, but what about this new one? - D.K. A: Oscar winner Tom Hanks stars in "Greyhound," a biographical film set during WWII.

It's not in movie theaters and is available to watch only through the AppleTV+ streaming

service, which is just \$4.99 a month for access

to all its content, not just this one movie. (Go

to Apple.com to get started). Send me your questions at NewCelebrityExtra@gmail.com, or write me at KFWS, 628 Virginia Drive, Orlando, FL 32803.

Do you have an outgoing personality, an energetic get-it-done approach, and enjoy helping clients build their business? If so, then you may be a perfect fit for a sales position with the Ogle County Life and Rochelle News-Leader.

As a multimedia sales consultant, you will service current accounts and also help new clients in the Ogle County region of northern Illinois market their products and services through a variety of highly visible, popular and effective local media vehicles.

If you have a passion to get out of the office on a regular basis to help clients grow their audience and reach new customers, then we would like to talk to you.

Applicants should possess excellent communication and organizational skills with a positive personality and team-player approach. Previous media sales or related marketing experience is a plus, including print, digital and social media advertising.

Sky is the limit on earning potential and career development in this position. We offer a competitive base salary plus commission, paid vacation, paid sick days, paid holidays, excellent medical benefit plans, and 401-K options.

Qualified applicants should mail or e-mail their resume to Mike Feltes (mfeltes@oglecountylife.com) or mail it to the following address:

Protect yourself against COVID-19 and other diarrheal and respiratory illnesses, and help prevent the spread of germs to others, by following these simple hand hygiene guidelines:

- Wash your hands with soap and warm water, lathering for at least 20 seconds.
- 2. If soap is unavailable, use a hand sanitizer
- containing at least 60 percent alcohol to clean your hands.

Wash your hands throughout the day, and particularly under these circumstances:

- Before preparing food
- Before eating
- After using the toilet
- After changing a diaper or helping a child use the toilet
- Before and after exposure to someone who is sick
- After coughing, sneezing or blowing your nose
- After touching an animal or picking up animal waste
- After handling pet food or treats • After handling garbage or garbage cans
- Before and after attending to a cut or wound
