Forced to shut down Health department orders closure of Rochelle Foods plant due to COVID-19 outbreak

ROCHELLE — The Ogle County Health Department has ordered an immediate closure of Hormel's Rochelle

Foods facility in Rochelle. City of Rochelle offi-

cials have been briefed on the need to close the plant. The facility will have 48 hours to comply with the order. The closure order is in effect for two weeks from the date of compliance. As of Friday, a total of

24 cases of COVID-19 have been linked to the facility including cases in Ogle County (19), Whiteside County (three) and Winnebago County (two). Due to the

outbreak, it is necessary to take immediate action to protect the community from this dangerous and infectious disease.

Rochelle Mayor John Bearrows said taking measures to protect workers and members of the community during the pandemic is the most important thing.

According to Ogle

County Health Department officials, several attempts to assist in the control of the outbreak were made, including:

- Recommendations for additional testing
- Additional steps for employee monitoring
- Recommendations for additional sanitation processes
 - Isolation of positive

- Quarantine of close contacts and household contacts
- Recommendation of a two-week voluntary closure

"My team has spent countless hours in collaboration with Rochelle Foods in an attempt to mitigate the virus spread," said Kyle

Auman, Ogle County Health Department administrator. "Since these efforts were unsuccessful, it is my duty to order a complete closure of the facility."

The local health departments in the region continue to work closely with the Illinois Department of Public Health (IDPH) to identify and notify those that may have been in close contact with the individuals who have tested positive for the virus. Rochelle Foods employees who believe they have been exposed and are symptomatic should contact their healthcare pro-

Governor orders all schools closed for remainder of academic year

BY ANDREW HEISERMAN

STAFF WRITER

ROCHELLE - During his coronavirus press briefing, Illinois Gov. J.B. Pritzker, announced all schools in the state of Illinois will remain closed for the remainder of the 2019-20 academic school year.

The original decision to close schools was announced back in mid-March and students have been learning remotely from home since. The governor's decision to extend the closures through the end of the academic year comes on the same day the Illinois Department of Public Health recorded 1,842 new cases and 62 additional deaths from COVID-19. This being the highest number of cases reported in a single day in the state.

The decision affects 25.2 million schools across

Gov. J.B. Pritzker announced all schools in the state would remain closed for the remainder of the 2019-20 academic year during his Friday afternoon press brief-

the state and Pritzker says the decision was made based off science and much communication with health experts in the field. While many students will not get to experience the final weeks of their school year, returning to school would go against the

state's top priority of safety. "Students gather together at school, meet up with all of their friends and then go home to their families, until the next morning when they do it all again," said Pritzker. "While that routine is a source of joy for so many, it opens up a nearly limitless opportunity for potential COVID-19 infections. At a time when our healthcare workers, researchers, scientists and first responders need us to bend the curve

downward." To help support preK-12 grade schools affected by the decision, Illinois will receive \$569 million dollars from the Federal Coronavirus Aid, Relief and Economic Security (CARES) Act. The funds will be distributed to Illinois Public School districts based on the number of low-income students

within the district. The funds can be used to help equip students with technology and internet access to enhance remote learning, as well as assisting schools to continue providing meals to families within the community. Paper packets will also be given out to students who do not have access to technology or internet, to ensure no student falls behind

Locally, the Rochelle school districts have been planning for this decision and are continuing forward with the remote learning methods they have been implementing the last few weeks. Since the first decision to close schools, teachers have been conducting classes online or through paper packets and the district plans to continue doing so through the end of the school year.

Chana Play Day scholarships offered

CHANA – The Chana Play Day Committee has announced competition for several scholarships.

The candidates must be high school graduates or the equivalent with ties to the Chana area.

Applicants who are current or former residents of Chana or who have parents or grandparents who attended the Chana School or participated in Chana Play Day may apply. Two-time recipients are not eligible to reapply.

The \$500 scholarships will be awarded to the candidates who best meet and complete the requirements listed in the application.

Scholarship forms may be picked up at the Oregon High School guidance office or Stocking Equipment, four miles east of Oregon on Illinois Route 64. Please deliver or mail the application to

Ron Stocking, Stocking Equipment, 3749
E. Pine Rock Road, Oregon, IL 61061.

The completed application must be received by 5 p.m. on Friday, May 1.

United Way awards grant money to local non-profits

ROCKFORD — United Way of Rock River Valley (UWRRV) announced last week that it, in collaboration with the 815 Community Response Team, has awarded \$250,000 in the first round of grants from its COVID-19 Emerging Needs Fund to 33 non-profit organizations in Boone, Ogle, Stephenson and Winnebago counties that are responding pragmatically to the needs of individuals affected by the COVID-19 pandemic and its economic consequences.

United Way of Rock River Valley distributed \$250,000 in this first round thanks to a donation from the Illinois COVID-19 Response Fund, a collaboration between The United Way of Illinois, the Alliance of Illinois Community Foundations and the Office of Governor JB Pritzker. UWRRV was one of 30 Illinois organizations to receive an allocation from the Illinois COVID-19 Response Fund.

"We are very pleased to have been entrusted with the \$250,000 from the Illinois COVID-19 Response Fund as it reflects on our ability to act quickly on behalf of local social service organizations," said Paul Logli, president and CEO, United Way of

Rock River Valley. "This pandemic is creating a new normal for us, but what is not new is how United Way is able to respond, getting the funds quickly and efficiently to local, non-profit human service organizations that are best able to meet our communities' greatest needs."

Grant applications

were vetted and chosen by the 815 Community Response Team Grant Making Committee, which is made up of representatives from the Community Foundation of Northern Illinois, the Kjellstrom Foundation, the Northern Illinois Center for Nonprofit Excellence and United Way of Rock River Valley and is part of the larger 815 Community Response Team, which also includes Rockford Area Convention and Visitors Bureau, Transform Rockford and the Workforce Connection. Including the

\$250,000 allocation from the Illinois COVID-19 Response Fund, United Way of Rock River Valley's COVID-19 Emerging Needs Fund is nearing \$550,000 in donations, including a \$125,000 donation from the Kjellstrom Family Foundation, and is a testament to the trust the public places on United Way to raise and distribute funds effectively and fairly so organizations can continue providing critical services to their clients. The additional funds will allow a second and possibly third round of grant funding for emerging needs.

"One hundred years ago, the organization that would become United Way of Rock River Valley, was established, and their first campaign raised \$92,000 which was \$1 million in today's dollars," said Logli. "That money was raised not only through company donations, but from \$1, \$2 and \$5

donations from average, hardworking individuals. They showed that small donations make a big difference and that's true today. We are as grateful for the \$25 donations as we are for the \$25,000 as it has allowed us to make a difference immediately."

ogle County recipients

The Ogle County grant recipients are:

Webinar offers best practices for disabilities in workforce development

OREGON — Workforce development programs are now more equally accessible to disabled and non-disabled persons as society has continues to increase accessibility in various aspects.

The Americans with Disability Act tools and practices are used by organizations, institutions, and government agencies to maintain and improve accessibility.

Sherry Sparks, workforce development unit manager from the Illinois Department of Rehabilitation Services (DRS), will provide best practices for inclusion of persons with disabilities in workforce programming as part of University of Illinois Extension's Local Government Education webinar series. Disabilities in Workforce Development Programming will be offer free online at noon, April 23. Register prior to the webinar; https://web.extension.illinois.edu/registration/?RegistrationID=22180

The DRS is the state's lead agency serving persons with disabilities. Staff work one-on-one with individuals and their families to empower them to reach their employment, education, and independent living goals.

"Staff work closely with state, regional and local employers and partner agencies to connect employers and qualified employees together," said Nancy Ouedraogo, Extension community and economic development specialist, "allowing people with disabilities find and maintain quality employment that pays a living wage and offers opportunities for advancement."

University of Illinois Extension provides equal opportunities in programs and employment. If you need a reasonable accommodation to participate in this program, please contact Nancy Ouedraogo at esarey@illinois.edu at least 48 hours in advance.

Call: (815) 561-8829 Monday - Friday 8:00 a.m. - 5:00 p.m.

Do you have questions about COVID-19 symptoms? Please call the RCH Triage Line at **815-561-8829** for further instructions. This line has been activated to answer any questions you may have about COVID-19. You can reach one of our nurses Monday through Friday from 8:00 a.m. to 5:00 p.m.

If you have symptoms such as cough, fever, chills, runny nose, sore throat, diarrhea, vomiting or muscle aches, you could have a virus. This virus COULD BE COVID-19. We are still in the midst of flu season as well.

WHEN THE TRIAGE LINE IS UNAVAILABLE

If you have general questions about COVID-19 and the triage line is closed, please call the Illinois Department of Public Health (IDPH) hotline at 1-800-889-3931 which is available 24 hours a day/7 days a week. You can also email dph.sick@illinois.gov.

Another 141,000 file initial unemployment claims, pushing 4-week total past 630,000 in Illinois

Since March 1, claims five times higher than first six weeks of Great Recession

BY JERRY NOWICKI

CAPITOL NEWS ILLINOIS

SPRINGFIELD — In the week ending April 11, another 141,049 Illinoisans filed initial unemployment claims, bringing the total number during the latest four weeks of the novel coronavirus pandemic to more than 634,000 in the state.

About 60,000 fewer initial claims were made last week than were made the week prior, bringing the four-week moving average to 158,656.

Since March 1, the state processed 12 times the number of claims it did in the same span last year and 5 times more than it did during the first six weeks of the Great Recession of 2008-2009.

Nationally, 5.25 million people made initial unemployment claims last week. That was a decrease of about 1.37 million from the week prior, but it upped the four-week moving average to about 5.5 million claims.

"The advance seasonally adjusted insured unemployment rate was 8.2 percent for the week ending April 4, an increase of 3.1 percentage points from the previous week's unrevised rate," according to the U.S. Department of Labor. "This marks the highest level of the seasonally

adjusted insured unemployment rate in the history of the seasonally adjusted series."

The previous high was 7 percent in May 1975.

The numbers were released one day after Gov. JB Pritzker's administration predicted the state will see a \$2.7-billion revenue shortfall this fiscal year, which ends June 30, compared to previous estimates, and a more-than \$6-billion budget shortfall next fiscal year, which begins July 1.

"You don't have to be an epidemiologist to see that the virus is going to hit our budget hard," Pritzker said at his daily COVID-19 briefing in Chicago Wednesday. Also of note, Illinois does not yet have a system

in place for independent contractors or those who are self-employed to file for unemployment claims despite a new federal law which allows for such claims.

Pritzker said Monday the state is contracting with

the private firm Deloitte to get such services up and running, but the program is not anticipated to be "fully implemented" until the week of May 11.

State systems nationally have been unable to handle

State systems nationally have been unable to handle the unprecedented number of claims, and Pritzker admitted this week the Illinois Department of Employment Security's filing systems "simply haven't kept pace" with the increase.

House Republicans criticized the governor's handling of unemployment claims earlier this week and said his administration did not act quickly enough to strengthen the system in anticipation of the increase that would result from his stay-at-home order.

The administration, however, said it overhauled the IDES website infrastructure, expanded web and call center capacity, worked with third-party vendors to enhance filing capabilities, and hired back recently retired employees.

Pritzker also said this week the IDES call center operates with a staff of 173 employees and that it recently updated its phone system to handle more calls. He also said the agency is establishing an outside call center with an additional 200 agents to field calls.

While Congress passed a \$2 trillion stimulus plan three weeks ago to provide relief to businesses through the U.S. Small Business Administration, the more than \$350 billion dedicated to that purpose had already run dry by Thursday.

That means a halt to the paycheck protection program, which is designed to avert layoffs during the pandemic by granting loans which can be forgiven if businesses maintain their payrolls.

Kishwaukee College Board of Trustees bids farewell to student trustee Luna-Trujillo

AKOTA Montavon of DeKalb will represent student interests as the new student trustee on the Kishwaukee College Board of Trustees. Montavon replaced Cris Luna-Trujillo of DeKalb who completed his one-year term. Montavon was seated at the April 14 regular board meeting. His one-year term will run until April 2021.

"I have met Dakota and am confident that he will follow in Cris's footsteps by providing well-considered student perspectives to trustees and administrators," commented Bob Johnson, board chair. The Kish Board of Trustees consists of seven trustees elected by

district voters and one student trustee. The Illinois Community College Act provides that each Illinois community college shall elect one student to the Board for a one-year term.

"I just want to be the best advocate for my peers as possible," said Montavon. "One area of focus is figuring out ways to improve the quality of relationships. Relationships are the foundation on which we build everything else. They are our greatest source

of strength, power and health." Montavon was elected by the Kish student body during the student elections held virtually the week of March 30.

Montavon is a sophomore working on his associate degree. He is involved

with the English Honor Society Club, Phi Theta Kappa, National Society of Leadership and Success (NSLS) and the Preforming

Cris Luna

Trujillo

Arts Club on campus. He also serves as a peer mentor for TRIO student support services. During his term, Montavon wants to boost student involvement, promote a safe and accepting learning environment and serve as a role model on campus.

Luna-Trujillo completed his tenure as the student trustee this month. During his time in the position, Luna-Trujillo represented the student body, voiced their concerns and reported to the board on their behalf. "I am very happy to have been the speaker for the students and

have ensured that we were heard," Luna-Trujillo stated.

Luna-Trujillo will complete his two-year degree this semester and plans to transfer to NIU to study special education. He is employed with the student outreach office as a student ambassador. Luna-Trujillo also serves as treasurer of the student government association and is an active member of other organizations and clubs on campus.

"My fellow trustees and I would like to thank Cris for his excellent service to Kishwaukee College," Johnson added.

"The 2020 Census is important to me because it provides critical information allowing us to better serve our communities through initiatives to address homelessness, support military veterans, and provide assistance in the event of a disaster, not unlike the one our community experienced 5 years ago.

Additionally, the Census determines the distribution of over \$675 billion in federal funding for vital programs that people in our community depend on each and every day. So please, take a few minutes to fill out your Census form, doing so helps all of us and most of all, it helps the least of these."

-Pastor Rob Hamilton, Rochelle United Methodist Church

SCHOOL: Students weigh in on closure

From page 1

"We are going to continue down the track we are on, providing the best educational opportunities possible for our students," said Jason Harper, elementary and high school district superintendent. "We will so by using a mix of technology and paper learning opportunities, so that our students can continue to stay engaged in the educational process.'

The district is very proud of its teachers who have worked hard and diligently putting together meaningful learning opportunities for their students. Now that the district knows for certain that their will be no more face-to-face meeting, it is beginning to plan alternative ways to honor its students and staff at the end of the year for graduation.

The district continues to weigh all pros and cons of a variety of different approaches and hopes to have more information soon, as to what it thinks is the best decision for the Rochelle schools. As for one senior at Rochelle Township High School, she says she had a feeling the school would close but was not ready when it officially did. "I've always had the feeling that

school would close, but truly hearing it now is insane," said Gabrielle Harding. "It's unreal to think that our last seconds in a classroom were on a random day in March. I don't think I was honestly prepared to let go of all my high school friends and say goodbye to my teachers. I never thought we could possibly lose our senior sports, our senior prom and graduation... I can only hope there's some way to not completely lose graduation and there's some way we can still hold a ceremony, no matter how long we have to wait."

While students may not always enjoy going to school, another senior at RTHS says he misses it a lot. And while he understands that this decision was made for everybody's protection, he is very sad about the irreplaceable experiences he is missing out on.

"As much as some people don't like coming to school, it stinks that we aren't able to spend time with our friends," said Austin Brown. "I do miss going to school, even if it means doing homework. This takes away many moments I would be spending with my peers through my last quarter of high school. Also, we as a class worked hard not only through high school, but over the last nine years so we could walk across the stage at graduation and receive our diploma. It's for the best, but we're losing out on so much that we will never get back."

Obituaries

Irene Clayton

Irene Clayton, 86, formerly of Compton, passed away peacefully in her home on Thursday, April 16, 2020 surrounded by family. She was

a loving mother, grandmother, great-grandmother and greatgreat-grandmother.

She was born in Keenes, Illinois on Oct. 21, 1933 to Lulu and Fred Keen. On Nov. 26, 1949 she married Roger White. She married Dale Clayton on July 20, 1963.

Irene is survived by her children, Ronald (Joel Sterkes) White of Xenia, Kathy (Randy Weller) Daniels of Hillsboro, Steven (Dawn) White of Ashton, Patricia Doyle of Streator, Mary (David) Stumpenhorst of Esmond, Randy (Barbara) White of Steward, Michael (Karla) Clayton of Buffalo, Missouri, Mark (Sheri) Clayton of Paw Paw; stepchildren, Richard (Gisela) Clayton of Compton, Shirley Olivier of Rochelle, Doris Grimley of Rochelle; 33 grandchildren; 104 great and great-great-grandchil-

dren as well as numerous nieces and nephews.

In addition to her parents, she is preceded in death by her husband, Dale Clayton; stepson, Orville Clayton; three grandchildren; two great-grandchildren; brother, Robert Keen; two sisters Doris Harris and Ruby Hildreth

More than anything Irene loved spending time with family. She was an avid cook, gardener and home canner. Her other favorite pastimes included card playing, fishing and dancing. She will be remembered for her ability to entertain a crowd with her storytelling and her openness to welcome anyone into her home.

Cremation care has been provided. Private services will be held for the family with a memorial to be announced for friends and extended family at a later date. In lieu of flowers or memorials, Irene and her family ask that you provide help to someone in need.

Please visit www.TormanFuneralHome.comto sign the online guest book.

PLOTS: Pre-registration sales open "This is a project that needs

From page 1

The garden was run by the garden club for many years, but due to many members getting too old to maintain their plots and not enough new members coming in, the club decided to hand over control. Before the stay-at-home

order was issued, Heather Simo, auxiliary secretary, had reached out to the previous garden club president showing interest in the garden. Simo said she and her husband would help him keep the garden going because her family had rented plots there since 2013. Simo says the gardens are now more important than ever.

"This is a project that needs to keep going, especially now," said Simo. "There isn't a lot that we can do, but we can be outside and the plots are far enough apart to grow food at a safe distance from each other."

The land the garden sits on is owned by the city and

"A lot of the people have had these plots for 10-to-12 years, have put time into the soil and they want their plot back." said Simo. "So, I am allowing for pre-registration from now until April 20 for anybody who previously had a plot."

For anybody else that would like to secure a plot, renting begins April 21 and goes until all plots are taken. Plots can be rented for \$20 and are good from the start of the season until Oct. 20. Due to the current social distancing guidelines, plots will be rented out on a no contact appointment basis.

Serving your area since 1975.

ROYER

ASPHALT PAVING, INC.

Appointments can be made by calling or texting Simo at 815-674-0825 and leaving a name and number to be reached back on. During the appointment, Simo will meet the individual at the garden, show them their plot and do a no contact money exchange.

All funds earned through the sales of plots will be kept by the auxiliary and used to help fund future events. Currently, both the Rochelle VFW Auxiliary and Rochelle VFW Post 3878 are unable to host many fundraising events and therefore are accepting donations.

Monetary donations of any amount are very helpful and greatly appreciated. If anybody would like to donate to either the Rochelle VFW Auxiliary or the Rochelle VFW post, they can do so by sending a check or money order to VFW Post 3878, 318 4th Ave. in Rochelle. Donations must be specified for either the VFW or VFW Auxiliary.

ISA SEEKS QUALIFIED CANDIDATES FOR DISTRICT DIRECTOR BOARD SEATS

The Illinois Soybean Association (ISA) seeks qualified candidates to fill a board seat representing District 1 (Boone, Carroll, DeKalb, Jo Daviess, Lee, Ogle, Stephenson & Winnebago Counties). Paul Rasmussen, current director, will term off the board in July 2020. The Illinois Department of Agriculture directs the election process.

The Illinois Soybean Association (ISA) represents the interests of more than 43,000 soybean farmers in Illinois through the state soybean checkoff and membership efforts. ISB, which is one of the entities of the ISA organization, manages and invests Illinois soybean checkoff funds

Board members serve a term of three years and are eligible for up to two terms. The ISA board is comprised of 18 district directors and six at-large

Eligibility to serve requires candidates be Illinois residents of legal voting age that contribute to the soybean checkoff. Candidates must also be residents within the district and maintain eligibility during their term(s). Directors may need to devote about 24 days per year, depending on level of leadership and representation needs

Petitions are available through the Illinois Department of Agriculture in Springfield, or by contacting ISA representative Dustin Scott at 309-808-3603 orscottd@ilsoy.org. Contact Scott with questions or for additional information

To have your name placed on the ballot, petitions must be completed and filed with the Illinois Department of Agriculture director in Springfield no later than 5 p.m., May 15, 2020. A candidate's petition must carry the signatures of at least 250 of the qualified producers from the district where the candidate seeks office, or five percent, whichever is less. Any person running as a write-in candidate must also meet the eligibility requirements and submit a Declaration of Intent to the IDOA Acting Director Jerry Costello no later than 5 p.m., June 30, 2020.

Elections will be held July 7, 2020.

SUNDAY, APRIL 19, 2020

LOCAL NEWS

Board approves transfer of two teachers

BY ANDREW HEISERMAN

STAFF WRITER

ROCHELLE – Due to the current stay-at-home order and students learning from home, the agenda was short for the monthly elementary education board meeting.

The first item addressed during the meeting was the approval of the resignation of one teacher and the transfer of two others. Under the recommendation of the district superintendent, board members approved the resignation of Irma Rains, the bilingual teacher at Lincoln Elementary School.

Board members also ap-

proved the transfer of Chelsey Stolte from eighth grade social studies to eighth grade science and Melissa Deutsch from special education at Rochelle Middle School to special education at Central Elementary School.

The first action item on the agenda was the extension of a land cash agreement that has been in place since the completion of Lincoln School. The agreement is for \$230 an acre for 14 acres of tillable land located near the school.

The second item requiring action was approving a universal registration fee for Stepping Stone preschool classes. For an unknown reason, some classes had registration fees

of \$19.25, while others were an even \$20. The superintendent recommended making all fees \$20. This will keep the early education and pre-kindergarten fees the same and will make it easier for staff to handle money.

"We need to have board action to change registration prices," said Jason Harper, district superintendent. "This is really odd and I can't find out the reasons why, but some of our pre-school classes were \$19.25 and others were \$20. Honestly, the change is mainly for the convenience factor for our staff handling money. It is much easier to handle an even 20, than \$19.25."

Where to find a Wi-Fi hot spot in Illinois

State releases tool aimed at connecting students to internet

BY JERRY NOWICKI

CAPITOL NEWS ILLINOIS

SPRINGFIELD — As students across Illinois get accustomed to remote learning, state agencies have released a new tool aimed at connecting those who need internet to drive-up Wi-Fi hotspots.

The interactive map is searchable by ZIP code and municipality,

The interactive map is searchable by ZIP code and municipality, and the hotspots contain information as to how internet service can be accessed. As of April 15, the map had 200 hotspots aimed at allowing students and parents or guardians to continue social distancing by remaining in their cars while using the internet.

According to the release, the effort was spearheaded by the Illinois Board of Higher Education and several other state agencies.

The hotspots are available at sites including local colleges.

The hotspots are available at sites including local colleges and libraries. The link to find them is http://illinois.maps.arcgis.com/apps/webappviewer/index.html?id=23e8046edd2940bc8a-d3ad1725e47cd0.

LOCAL VIEWS

People are helping eachother

HIS is the best of times, this is the worst of times. (With apologies to Charles Dickens.)

I am a pessimist. I admit

that. But even jaded me is impressed by how people are helping each other during these difficult times. Look around and you can see

Dickow

the efforts of so many people working to keep us safe. It's heartwarming. It's hard to comprehend the economic depth of this pandemic.

For instance, I read the Chicago Tribune. Lately the paper has been under 40 pages. Why? Theaters, restaurants, bars and concerts are not being advertised. The sports scene is dismal, and advertising revenues there are shrinking. The same is true for TV stations, radio stations and magazines.

Yes, this will end, but life as we once knew it will be changed.

Companies issue flood insurance. Will they start issuing pandemic insurance? Will we finally realize that when it comes to health insurance, we as a country are woefully unprepared for the costs of hospitalization for serious illnesses?

Our state budget will take a hit...I imagine road projects planned for the next few years will be delayed until the revenues come back. Gov. Pritzker already said there will be significant across the board cuts in state spending.

Our city and county budgets will be affected too, as sales tax revenues drop because more people are shopping on line to avoid person to person contamination. Or not shopping at all. Motor Fuel Tax funds will undoubtedly be lower because a lot of us are staying home and

not driving. Our leaders, both in Springfield and in Washington, need to recognize life has changed.

New ways of providing health care and wage security need to be explored. Ways to fund small businesses, the backbone of the country, need to be explored.

Some people will yell the dreaded word, "Socialism." But we need to explore every avenue to get people working, consumers, buying, manufac-

turers churning out consumer goods.

We are a smart country...we can figure it out.

My heart goes out to Rochelle Township High School seniors. This was supposed to be their best spring ever as they

enjoyed their last sports season, prom, awards night, graduation while preparing to go off to college, the military or the work force.

I don't know what the future holds, but it would be great if we could give the class of 2020 their propers...after four years of hard work and developing friendships with fellow students and staff members, they need a time to say goodbye.

Stay home. Stay healthy. If you do go out, wear a mask. This is not over.

Terry Dickow is a retired elementary school teacher with lots of opinions, some you will like, some you won't. He can be contacted at terrydickow(a) gmail.com.

My all-time Rochelle wrestling line-up

Russell

Hodges

THE Rochelle Wrestling Club recently posted to its Facebook page asking the community who some of the greatest wrestlers are that have passed through either the club or the Rochelle Township High School team. With my recent experience covering RTHS athletics and my research into the past, I've decided to take this question one step further.

If I were to build my alltime RTHS wrestling lineup, what would that lineup look like, and who would coach? Below is the first of a twopart series detailing my alltime RTHS wrestling lineup, beginning with 106 pounds and ending with 152 pounds. Note that the lineup is based on modern weight classifications and that some adjustments were made for the sake of alignment.

106

John Sammons. Sammons qualified for the IHSA State Championships during the 1962 and 1963 seasons, becoming the first RTHS wrestler to advance to the state meet two seasons in a row. A three-time NCIC champion and RTHS Athletic Hall of Famer, Sammons was recently enshrined in the IWCOA Hall of Fame.

113

Malcolm Milligan. Milligan made history during the 1970s, becoming the

first RTHS wrestler to medal at the IHSA State Championships when he placed second at 112 pounds during the 1971 season, finishing with a 38-6 record. Milligan followed with a thirdplace performance at 119 pounds in 1972,

solidifying his place as the first two-time state medalist in school history.

120

Billy Rutledge. Rutledge totaled two 30-win seasons with the Hubs including a 30-12 record during his 1998 campaign, when he qualified for the IHSA State Championships at 125 pounds. Rutledge went 30-7 as a senior at RTHS in 1999.

126

Tim Fader. Arguably the most decorated wrestler in RTHS history. Fader totaled at least 25 wins in all four

seasons, qualifying for the **IHSA State Championships** twice and medaling in second place with a 39-2 record during his junior season in 1986. As a senior in 1987, Fader went 42-3 overall, becoming

> the first RTHS wrestler to top the 40-win mark in a season.

132

Justin Hernandez. With 130 victories to his name, Hernandez finished his high school career as one of the winningest wrestlers in RTHS

history. During his senior season in 2017, Hernandez went 41-8 while helping the Hubs take home their first IHSA Dual State Championship trophy in school history with a fourth-place finish. It's the only state trophy RTHS has earned.

138

Eddie Villalobos. The only three-time IHSA State Championship qualifier in school history, Villalobos currently holds the single-season school records in takedowns (166) and technical falls (six) as well as the career technical falls record with 10. Villalo-

bos reached his peak as a junior in 2017, finishing 47-7, medaling in fifth at the state meet and helping Rochelle to fourth at the IHSA State Dual Championships. The 47 wins are tied for the single-season record.

145

Jesse Corona. Corona concluded his RTHS career as a two-time IHSA State Championship qualifier, finishing 38-2 during his senior season in 1991 after going 30-9 his junior season in 1990. Corona, who once held the RTHS takedowns record, sadly passed away in 2008.

152

Ehren Metzger. The twotime 30-win middleweight grappler finished his prep career strong, qualifying for the IHSA State Championships and upsetting the No. 2 ranked wrestler in his class in the consolation bracket. As a senior, Metzger went 33-10 overall and competed alongside the 2017-18 team that placed fourth in the IHSA State Dual Championships.

This is the first of a twopart series by Russell Hodg-

LETTERS TO THE EDITOR POLICY

The Rochelle News-Leader encourages responsible letters to the editor on subjects of interest to our readers. Editing may be necessary for space, clarity or to avoid obscenity or libel, but ideas will not be altered. All letters must bear the handwritten signature of the writer and include address and phone number or e-mail address for verification purposes. Neither the street address nor phone number will be printed. Letters should be typed or legibly

handwritten, and no anonymous letters will be published. Any letters from boards or organizations must include at least one name of an individual. Any criticism of public officials should be limited to issues related strictly to their position or actions made in office, as personal attacks will not be published. Letters involving private disputes between the writer and a business will not be published. Political endorsements will be published,

however letters rom candidates endorsing themselves will not be printed. Letters may be dropped at the News-Leader office (211 IL Route 38 East), mailed to the News-Leader (P.O. Box 46, Rochelle, IL 61068) or e-mailed (news@rochellenews-leader.com.) The News-Leader reserves the right to edit or reject any letter to the editor for any reason, and letters chosen for publication do not necessarily reflect the views of this newspaper.

Items sought for Chana School Museum's annual rummage sale

OREGON – Spring is here, and it's time to clean out clutter and unused items for the 1883 Chana School Museum's annual rummage sale.

We are all following the "stay home" order right now because of Covid-19. Get your mind off being stuck at home and focus on the positive idea of making space at your house or apartment by doing the long overdue chore of sorting, organizing, throwing out, and gathering of old unwanted items.

Set aside those collected items that you may not want anymore but would be a treasure to someone else. Start in a bedroom or hall closet and slowly go through your house or apartment separating items that you currently use from those items that don't fit anymore, are out of date, or just aren't what you want anymore.

Put items in bags or boxes and store in a corner of a room, porch, garage, or basement. You will feel so much better cleaning out unwanted

We are not able to pick

items that are taking up

up items right now. The date and location is pending at the moment. We will have our annual fundraiser that brings in usually enough funds to pay the year's expenses for the Museum. However, with the "stay home" order in place we are on hold like so many businesses, schools, etc.

We ask you to focus on cleaning out at home. If you haven't worn the item or used the item in 10 years most likely you are storing this item for your children to clean out after you are gone. Do them a favor and downsize

Large entertainment centers, large appliances, microwaves, blinds, and a few other items will not be accepted for our sale. Once we have a date, we will announce phone numbers to call for pick up of large items such as couches, tables, etc. or any other questions that you may have. We will give you more information about when and where for the sale as soon as we can.

Your support in years past have saved the old building, restored the 1883 schoolhouse, and presently maintain the building and programs. The 1883 Chana School is on the National Register of Historical Paces Since 2005. It is open to the public by appointment.

The schoolhouse is available for programs, weddings, and special The school is the lo-

cation for many school field trips where the children dress in 1800s attire and experience a whole day of education and traditions from that era in Rural Illinois.

Thank you for your continued support. Stay home and stay safe.

Department on Aging provides \$7 million in meal assistance for older Illinoisans

SPRINGFIELD – The homes. Illinois Department on Aging (IDoA) is distributing \$7 million across the state to meet the growing demand for meal

assistance by older Illinoisans impacted by the coronavirus (COVID-19) public health emergency.

IDoA distributed the funds, provided through Emergency Assistance Services to assist grants, to the state's 46 Care Coordination Units (CCUs) to support meals needs." programming for older Illinoisans at high-

est risk for malnutrition and hunger.

Last year, more than 85,000 seniors were provided meals at congregate meal sites and an additional 43,000 seniors received meals delivered to their

"We have

supplying

providers

them with

Paula Basta

dollars

unmet

been

As a result of temporarily suspending meal service in the 399 congregate dining sites statewide, seniors

> who previously received meals at these sites are now being included in IDoA's home delivered meal programs. In a one-week period between March 30 and April 3, a total of 178,599 meals were home delivered reflecting an average of 35,000 meals per day.

In that same week, a total of 4,907 new referrals for home delivered meals

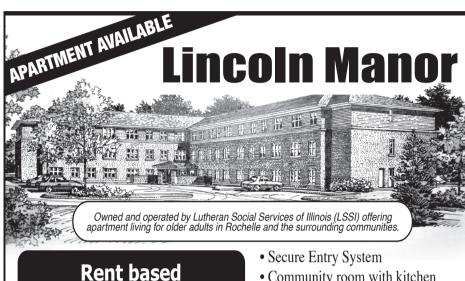

were processed - that's on average close to 1,000 new referrals per day.

"We have been supplying our providers with more dollars to assist them with unmet needs, and we have anticipated that the demand

for home delivered meals is going to continue to increase, as we have already seen," said Paula Basta, Director of IDoA.

"I would also like to encourage everyone to be mindful of our older family members, friends, or neighbors, and check in to see how they are doing. Find a creative way to communicate with them during this time and monitor their health. As Governor Pritzker said, we are all the first line of protection in our communities." #AllinIllinois

IDoA, our 13 Area Agencies on Aging, and 46 Care Coordination Units are working around the clock to ensure that the services provided - specifically the home delivered meals program that our seniors depend on - will not be interrupted during this ongoing situation. If you or an older family member, friend, or neighbor are in need of any kind of assistance, please know we are here to help you.

RTHS Cheerleading

Redbird on the rise

Hacaga forming new friendships, memories at Illinois State University

BY RUSSELL HODGES

SPORTS EDITOR

The college cheerleading experience took an exciting leap forward for Rochelle Township High School graduate Teddi Hacaga, who had the opportunity to perform in front of thousands of fans at the Enterprise Center in St. Louis while the Illinois State University men's basketball team battled in the Missouri Valley Conference "Arch Madness" tournament earlier

The postseason experience was one of Hacaga's favorite moments during her sophomore season with the Illinois State cheerleading program. The former Lady Hub and two-time Northern Illinois Big 12 Conference champion joined the Redbirds in 2018 after helping lead RTHS to its

this year.

first IHSA State Championship berth in eight years during the 2017-18 school year.

"There were so many great moments from this season," Hacaga said. "I was able to keep my same stunt group from my freshman year, which made the experience even better. Being a part of the team makes the school year so much better because I get to see the people, who I call my second family, every week... One of my favorite parts about this season was learning new skills. We were able to perform a lot of new and fun stunts during games and practices."

In addition to cheering with the Illinois State team, Hacaga has been working with an organization called the Universal Cheerleaders Association, which allows her to travel and teach other cheerleading programs

about game day routines and more. Hacaga, who's currently studying social work and planning to attend graduate school, will be looking to continue her learning and build new cheerleading skills as athletics remain on hold due to the coronavirus.

"I think my game-day attitude and my stunting have improved a lot," Hacaga said. "I think there's always room for improvement, so I'm always eager to learn new things and gain new skills... The virus has impacted our team a little bit. We were unable to hold our tryouts during our regular dates, and we haven't been able to attend any open gym workouts. During this time, I've been trying to tumble in my backyard and make sure I still know all of our material. I really miss the team and being a part of all the fun activities at the end of the spring."

(COURTESY PHOTO)

Former Rochelle student-athlete Teddi Hacaga has continued to flourish with the Illinois State University cheerleading team.

RTHS Cheerleading

Weiner making strides with NIU cheer team

Lady Hub grad building leadership skills, aiming to become role model

BY RUSSELL HODGES

SPORTS EDITOR

arly Weiner's sophomore /cheerleading season with Northern Illinois University brought her to many new places including Nashville, Tennessee, where she and her Huskie teammates cheered on the football program during its close battle against the Vanderbilt Commodores this past fall.

Traveling for road games was one of several new responsibilities Weiner took on as a second-year cheerleader with the Huskies. In addition to becoming a role model for the new freshmen, Weiner said she saw both her confidence and her basing skills improve this season.

"My sophomore season was great," Weiner said. "My favorite moment was traveling to Vanderbilt, which was my first time traveling with the team for a road game. I feel like my biggest improvement this season was my confidence. I felt my first season provided me with a lot of experience, and I

tried to pick out my weak-

"My sophomore season was great. My favorite moment was traveling to Vanderbilt, which was my first time traveling with the team for a road game. I feel like my biggest improvement this season was my confidence... My basing skills have improved and my tumbling has been more consistent."

Carly Weiner

nesses from last season and improve on them this season. My basing skills have improved and my tumbling has been more consistent."

Weiner, who helped lead Rochelle to the IHSA State Championships and win a Northern Illinois Big 12 Conference Championship her senior season, said her biggest focus entering her junior season is on becoming a strong leader for the underclassmen. The former Lady Hub, who's currently studying nursing with a minor in

rehabilitation in hopes

of pursuing a career as a

geriatric nurse, will have

additional time to prepare for next season due to the continuing coronavirus pandemic.

"COVID-19 prevented us from competing at NCA Nationals, which is something we look forward to every year," Weiner said. "We placed third last season, and we were looking to compete for the national championship this season. We practiced twice a day, for three hours each day, during spring break in order to prepare for nationals. It was devastating for us, but I believe the virus will light a fire under us to work even harder for

the nationals next season."

Former Rochelle cheerleader Carly Weiner is looking forward to becoming a leader and role model for the Northern Illinois University cheerleading team.

Former Rochelle basketball standout Abby Lundquist will be taking her talents to St. Ambrose University next year.

Lundquist transferring to St. Ambrose University

BY RUSSELL HODGES **SPORTS EDITOR**

fter one season with the Division II Daemen College women's basketball program in Amherst, New York, former Rochelle Township High School standout Abby Lundquist will be continuing her athletic career at St. Ambrose University in Dav-

enport, Iowa next season.

Lundquist will be reuniting with former Ashton-Franklin Center basketball players Jaynee and Madeline Prestegaard, who Lundquist teamed with during her AAU career with the Midwest Wildcats in Rockford. Lundquist will be looking to pick up where she left off in high school, where she finished her four-year career as Rochelle's all-time career and singleseason scorer.

"I chose to transfer to St. Ambrose because I found that I would like to be a little closer to home so I could see my family more often," Lundquist said. "I'm looking forward to just playing basketball again, and I'm really excited to play on the same team as Jaynee and Madeline. I know my family is also excited that they will see me play more often next year."

Lundquist will arrive at SAU after signing with Daemen College during her senior season with the Lady Hubs. The three-time

All-Conference First Team guard appeared in seven games for the Wildcats, all of which resulted in victories, before returning home after the first semester. Daemen College finished 23-5 this season, winning the East Coast Conference Championship.

"My first year of college basketball at Daemen was incredible," Lundquist said. "I had an amazing team and coaching staff who I still talk with and hold a special place in my heart for. I played against great competition, both during practice and in games. Overall, I think the competition helped me grow as a player and improve in all areas of my game."

Lundquist said she plans to study health sciences at SAU, which competes in the NAIA, with the intention of continuing on and attending graduate school to become a physician's assistant. With athletics on hold around the country due to the coronavirus pandemic, Lundquist said she's doing her best to stay in shape at home in preparation for her sophomore season.

"St. Ambrose is a good fit for me because the university has excellent credibility and is well known for its pre-medical studies," Lundquist said. "With the virus going around, I'm doing what I can to stay in shape. I'm looking forward to some warmer and less windy days so I can start working out and shooting hoops in my driveway more often."

(COURTESY PHOTO)

Vincent recognized as USBC **State Championship qualifier**

T-Byrd Lanes would like to recognize local league bowler Cassidy Vincent, who finished this season as a 2020 Illinois Pepsi USBC U15 State Championship qualifier. Vincent took sixth place out of roughly 40 bowlers during the Zone 1 **Division Championships at The Cherry Bowl in** Rockford this past month, totaling 697 pins with a high game of 199. The state championships, which would have been held at Addison's Stardust Bowl in May, were canceled due to COVID-19.

Northern Rehab PTS offering telehealth for physical therapy

Action taken in response to COVID-19

ROCHELLE —

Physical therapy services are considered an essential health care service during the shelter in place order. Therefore, Northern Rehab Physical Therapy Specialists remains open and available to ensure patients receive the physical therapy treatments they need during the ever-evolving COVID-19 pandemic.

"The health of our patients, staff, and community remain our top priority at Northern Re-

hab" comments Ken Olson, physical therapist and president of Northern Rehab. "While we're still available for those patients that need us in the clinic, Northern Rehab is now offering patients the ability for Telehealth, or 'e-visit', physical therapy appointments for patients from the comfort and safety of their homes as an additional option. Our goal is to safely continue treatment with minimal interruption for our patients so they

"The health of our patients, staff, and community remain our top priority at Northern Rehab... Our goal is to safely continue treatment..."

Valentin got a leg up. Michael felt intimidated. Willow turned to Chase for comfort. Nelle ran into Valentin. Finn planned an epic birthday party for Violet. Peter continued to manipulate Maxie. Nikolas and Sonny

tercepted a message meant for Lulu.

had a face-off. Jason stole some precious time with Sam. Wait to See: Violet's party is full of mischief and

THE YOUNG AND THE RESTLESS A code enforcement

officer came to the Grand Phoenix and told Abby that he was shutting down her construction across the street. Nick arrived while Abby and Phyllis were arguing, and

Abby discovered that they were back together. Later, Nick told Phyllis that he was fully committed to making it work this time. Nate and Amanda shared a first kiss. Summer and Kyle worked on his pitch to Jack. Summer told him that she suspected that Theo was stealing their ideas. Chance told Abby that he didn't want to betray Adam since he had saved his life. Wait to See: Victor agrees to tell Nikki the secret he's keeping about his trip to Kansas, but warns her it could destroy the Newman family.

Q: When will "Grey's Anatomy's" season be over now that the coronavirus crisis has shut down production of all the TV shows that were filming when it spread to the

U.S.? Will it air new episodes over the summer? -- E.T. A: While I don't have any definitive

answers on "Grey's Anatomy," which

stars Ellen Pompeo as Meredith Grey, I can tell you what we know so far. With production being cut short, "Grey's" is able to air only 21 of its planned 25-episode current season. According to Deadline.com, the status of the remaining four episodes of season 16 is being determined, but I would imagine they'll be broadcast either later in the summer or as part of season 17 next fall.

Deadline also stated that neither ABC's 'Station 19" nor "How to Get Away With Murder" (which will air its series finale May 14) are being affected by the "Grey's" programming changes."

Q: What happened to the TV show "Madam Secretary"? Is it finished? I knew this was to be the last season, but it seems to be incomplete. Is it in hiatus? It was a great show that we loved! -- A.W.

A: "Madam Secretary," starring Tea Leoni as the U.S. secretary of state who tries to balance her high-profile job with her family life, aired on CBS for six seasons, ending in December 2019. I won't give away the final episode in case you missed it, but it aired Dec. 8 and involved a whistle-stop tour. The show was created by Barbara Hall,

who had written some episodes of another well-regarded political drama, "Homeland,"

starring Claire Danes, and previously helped create the hit show "Judging Amy," starring

Q: Whatever happened to Victoria Justice? My grandkids used to watch the Nickelodeon show "Victoria" when they would visit, but I haven't seen her in anything since then. -G.G.

Amy Brenneman. Hall has signed a deal with

CBS to develop a new series, "Clues,"

which is about a private investigator who

goes missing, and his wife who teams

up with his ex-partner to try to find him. No word yet on who has been cast in

the lead roles. Hall also is developing

a show for a streaming service based

on James Patterson's new biographical

book, "The House of Kennedy."

A: The show you're thinking of was actually called "Victorious," and the cast recently recognized its 10-year anniversary with a virtual reunion through the Internet.

"Victorious" starred Victoria Justice as Hollywood Arts High School student Tori Vega, but the show's most noteworthy alum to emerge was singer Ariana Grande, who played

Cat. As for Justice, she's actually released a few hit singles of her own, and she starred in

the MTV series "Eye Candy," which aired for just one season. She's since gone on to guest-star on numerous prime-time shows, including "American Housewife." According to E! News, the cast remain tightknit and have talked about another reunion in

the form of a movie. Send me your questions at NewCelebrityExtra@gmail.com, or write me at KFWS,

628 Virginia Drive, Orlando, FL 32803.

When Mark

Twain was editing

a newspaper in

Missouri, one of

his subscribers

wrote in, saying

that he had found

a spider in his

newspaper and

wondered

whether it was a

sign of good or

bad luck. Twain's

response:

"Finding a spider

is neither good

luck nor bad. The

spider was

merely looking

over our

newspaper to see

which merchant

was not

advertising, so

that he could go

to that store, spin

his web across

the door, and

lead a life of

undisturbed

peace ever

afterward."

Coronavirus Stimulus Guide

How the \$2 trillion CARES Act will assist local residents, businesses

Households and Workers

Individual checks

The CARES Act provides for direct payments of \$1,200 to adults and \$500 per child to American households, structured as tax refunds to allow the Internal Revenue Service to distribute the funds quickly.

There is no provision for future direct payments in the event the economic disruption lasts into the later spring. The direct grants are phased out for upper income brackets, starting with \$75,000 of

individual income.

The grants aren't available at all, for example, for individuals without children making more than \$99,000 and married couples without children making more than \$198,000.

Unemployed workers

The CARES Act would extend the duration of jobless benefits to 39 weeks from 26 available in most states, and includes a \$600-a-week increase for the first four months, with the bonus payment avail-

able through July 31.

These benefits would be extended to contract workers, freelancers and other nontraditional workers, who lack benefits in some states. The aim is to replace lost wages as completely as possible.

Freelancers

The CARES Act expands some benefits and grants to independent contractors, such as Uber drivers and freelance film editors, that normally go only to employees or small businesses. For example, it extends unemployment benefits to self-employed

workers, including independent contractors, freelancers and other nontraditional workers who are unemployed, partially unemployed or unable to work because of CO-VID-19.

It includes a \$600-a-week increase on top of current levels of unemployment benefits for four months. Independent contractors also can apply for the \$10 billion set aside for emergency EIDL—economic injury disaster loan—funds, which are normally available only to a narrower category of small businesses.

The CARES Act

- \$250 billion to make unemployment insurance available to more categories of workers and to extend the duration of benefits to 39 weeks from the 26 weeks typical in most states. It would also provide an extra \$600 a week for four months.
- \$301 billion in direct payments to households.
- \$349 billion in loans to small businesses, with the amount spent on payroll, rent or utilities converting into grants that don't have to be repaid.
- \$500 billion for loans, loan guarantees or other aid to businesses, states and municipalities—including the possibility that the government will take direct equity stakes in distressed companies. Of the total, \$29 billion is set aside for cargo and passenger airlines, and \$17 billion is for businesses deemed critical to national security, such as Boeing. The remaining \$454 billion would go to backstop losses in lending facilities established or expanded by the Federal Reserve.
- \$32 billion in grants to cover wages at passenger air carriers, cargo air carriers and contractors.
- \$150 billion in direct aid to states, distributed according to population size. A municipality could apply to receive aid directly, reducing the amount available to the rest of the state.
- \$221 billion in a variety of tax benefits for businesses, including allowing businesses to defer payroll taxes, which finance Medicare and Social Security, for the rest of the year. It would also temporarily allow businesses to claim deductions using today's losses against past profits to claim quick refunds for cash infusions.
- \$340 billion in supplemental spending, which includes \$117 billion for hospitals and veterans' care. It also includes \$25 billion mostly for public transit to make up for revenue lost because of dwindling ridership.

Personal Financing and Taxes

Bankruptcy

According to the CARES Act, the law ensures that people who file for bankruptcy don't have to use stimulus checks to repay past debt, and it extends the time that bankrupt people have to repay a portion of their debt as a condition to getting a fresh start. The current repayment time limit is five years; the bill extends the repayment time frame to seven years.

Credit reports

Under the CARES Act, consumers who fall behind on their debt payments won't necessarily take a hit on their credit reports. The bill requires lenders that allow struggling consumers to defer or skip loan payments to report the borrowers as current on their payments, even if they are not. Most consumers who were behind on their debts before the coronavirus crisis will continue to be reported as delinquent.

Mortgages

The CARES Act requires companies that service federally backed mortgages to grant a for-

bearance of up to 360 days to borrowers who say they have been harmed by the coronavirus outbreak. Servicers are prohibited from initiating foreclosure and processing foreclosurerelated evictions for 60 days beginning March 18. Owners of multifamily properties can request a forbearance of up to 90 days, during which tenants cannot be evicted for nonpayment of rent or other fees.

Retirement

According to the CARES Act, the law temporarily loosens the rules on hardship distributions from retirement accounts, giving people affected by the crisis access to up to \$100,000 of their retirement savings without a 10 percent penalty. The law doubles the amount 401(k) participants can take in loans from an account for the next six months to the lower of \$100,000 or 100 percent of the account balance. (IRAs don't permit loans.)

For retirees, the law suspends for 2020 the mandatory distributions the government requires most

to take from tax-deferred 401(k)s and individual retirement accounts starting

at either age 70½ or age 72. **Student loans**

Per the CARES Act, the law would allow most Americans with federal student loans to suspend their monthly payments through Sept. 30, 2020, without any interest accruing. It would also enable employers to make tax-exempt contribu-

tions toward their workers' student-loan payments.

Taxes

Under the CARES Act, people who don't itemize their deductions would be able to claim up to \$300 for charitable contributions. Businesses get the ability to apply losses from 2018, 2019 or 2020 to past years' profits and claim refunds. Restaurants and retailers would benefit from the

fixing of a mistake in the 2017 tax law that curbed their depreciation deduc-

tions on renovations.

Employers would be able to defer paying their share of 2020 payroll taxes.

They could then make half of those payments in 2021 and the other half in 2022. In addition, the bill creates a new tax credit for retaining employees that's aimed at companies that are too large to benefit from the

small-business assistance

elsewhere in the bill.

Those employers would be able to get a tax credi equal to 50 percent or payroll. That is limited to \$10,000 per employee per quarter, and for employeers with more than 100 employees, it is available only to those companies and nonprofits that had their businesses limited or closed by government actions.

Businesses and Industries

Airlines

Under the CARES Act. or passenger airlines, the oill includes \$25 billion in lirect funding for worker alaries and benefits, as vell as up to \$25 billion n loans and loan guaranees. The bill hews to what irlines had been asking or. Carriers had lobbied iggressively for direct grants rather than just oans, warning that without an immediate infusion of cash, they would have o make sharp job cuts.

The bill also includes 33 billion in assistance o keep paying contract vorkers that provide airine catering, baggage oading, ticketing and check-in, and other services at airports. Cargo irlines will be eligible to eceive \$4 billion in loans and guarantees, and \$4 bilion in payroll assistance.

In exchange for the payroll grants, carriers nust agree not to furough, lay off or cut pay for employees until Sept. 30. Assistance also hinges on companies agreeing not o buy back shares or pay lividends, and to limits on executive compensation. The package also allows he Transportation Departnent to direct airlines to naintain specific flights pased on their schedules on March 1, before carriers and instituted the deepest cuts to their flying. This vould include services to ural communities and to support delivery of healthare-related cargo.

Banks

The CARES Act delays mplementation of a new accounting rule that would have required banks to ock away reserves for any estimated loan losses all at once, instead of spreading hem out over the life of he loan. The Act gives the office of the comptroller of he currency the authority o allow banks to make oans that would typically rip up size restrictions. Smaller community banks vith less than \$10 billion n assets get more lending lexibility through a higher naximum leverage ratio and more wiggle room f they exceed it. Banks vill also get more leeway on how they account for roubled consumer loans,

allowing them to work with struggling borrowers who have fallen behind on their payments.

Energy

The CARES Act contains no major provisions to specifically aid the U.S. energy industry. Beleaguered U.S. oil producers had sought a range of remedies, including preferential tax treatment, direct subsidies and a \$3 billion purchase of oil by the federal government for the Strategic Petroleum Reserve. The renewable energy industry had sought extensions to tax provisions that would have helped wind-andsolar developers secure valuable tax credits even if there were construction delays.

Farmers

The CARES Act directs more than \$48 billion to agriculture and nutrition programs, helping cushion the blow for producers reeling from the latest in a string of hits to the U.S. farm economy, as prices sank for corn, soybeans, wheat and cattle. The law designates \$14 billion to replenish the Commodity Credit Corp., a Depression-era program designed to stabilize farm

incomes, and \$9.5 billion to support producers of specialty crops, livestock and dairy, as well as those who supply farmers markets, restaurants and schools.

Health industry

The CARES Act adds \$27 billion to an emergency fund that could give a boost to dozens of projects by pharmaceutical companies and academic groups developing drugs and vaccines against coronavirus. The emergency fund received a smaller amount of funding under a coronavirus response act signed earlier in March. There is no COVID-19 vaccine, but dozens are in development. The package allows the government to take steps to ensure that products developed with the emergency funding will be "affordable in the commercial market," but that these steps shouldn't delay development of the products.

The bill also includes provisions to increase reporting of potential shortages from drug manufacturers and companies that make active pharmaceutical ingredients, which are the building blocks of prescription drugs. Many of these raw materials are produced overseas and drawn more attention during the virus outbreak. Companies that make respirators and other medical devices would be required to report to the federal government potential supply chain interruptions.

Hotels

The hotel industry last week asked the White House for a \$150 billion financial-aid package, targeted specifically for hospitality companies. What it got instead from the CARES Act is a patchwork of loans, grants and tax help, much of it through the \$350 billion in loans and grants for small businesses. The majority of U.S. hoteliers qualify as businesses with fewer than 500 employees, making less than \$35 million in annual revenue.

The lodging industry even scored a victory in getting language in the Senate bill that defined each individual hotel as its own business. Hotel owners with several properties had been concerned that they would not qualify as a small business because taken together, all their properties would have

pushed them over the current Small Business Administration's definition.

The federal boost in unemployment insurance will help the many hotel employees who have been furloughed across the U.S. Larger hotel companies can apply for loans through the Treasury Department's economic stabilization fund. But few in the lodging industry expect travel to bounce back by late spring, or even soon after.

Postal Service

Under the CARES Act, the financially strained U.S. Postal Service is getting a \$10 billion Treasury loan to help the mail carrier during the pandemic. That should be welcome news for Amazon.com Inc., United Parcel Service Inc. and, to a lesser extent, FedEx Corp., which rely on postal workers for lastmile delivery in certain

The Postal Service is only allowed by law to raise its net debt by \$3 billion a year, so the bill loosens that restriction. But it does come with some strings attached. Mainly, the Postal Service can only use the financing for operating expenses and not to pay down outstanding debt. The bill also requires the Postal Service to prioritize medical shipments and allows temporary delivery points to protect workers and recipients of mail.

Private equity

According to the CARES Act, privateequity firms will likely find it a challenge to get access to stimulus funds. Based on available details of the stimulus package, private-equity-owned businesses wouldn't be explicitly barred from receiving assistance. But government lending requirements could prevent them from unlocking the aid, say lawyers, lobbyists and regulatory experts.

Railroads

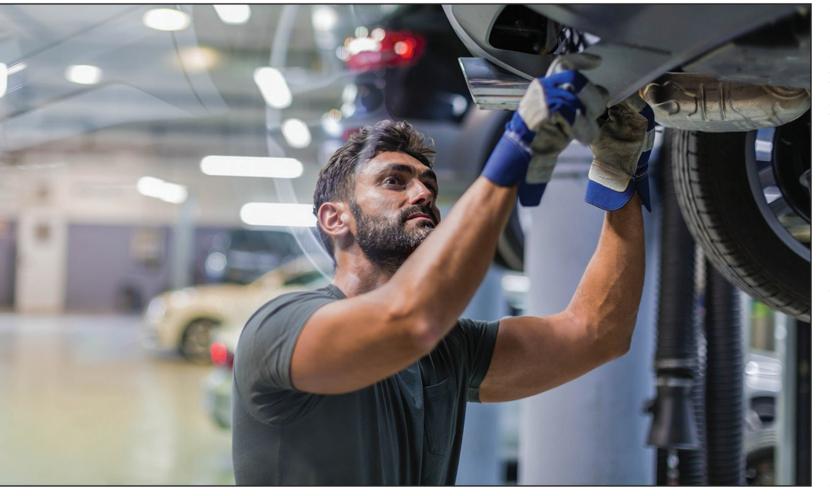

Per the CARESAct, national passenger railroad Amtrak secured about \$1 billion to cover revenue losses related to the coronavirus. The railroad industry won enhanced unemployment benefits that account for its workers not being covered under traditional state-run unemployment programs. Railroad workers instead receive unemployment benefits under a program administered by the Railroad Retirement Board.

The bill removes a seven-day waiting period to collect unemployment and provides \$50 million to cover the benefits tied to that waiver. It also provides \$425 million to double biweekly unemployment payments to \$1,200 through July.

Small

businesses

The CARES Act would allow businesses and nonprofits with up to 500 workers in a single location to apply through qualifying banks for loans backed by the Small Business Administration. The loans would convert into grants that don't have to be repaid for amounts spent on items such as payroll, rent or utilities, with the grants reduced when workers are laid off. The loans would be capped at \$10 million and cover wages up to \$100,000 a
