## New Downey Park equipment by mid-summer

Yard waste pick up continues; sewer department getting new truck

**Gordon Woods** gwoods@theclintonjournal.com

CLINTON — Kids in the vicinity of Downey Park will enjoy a renovated play area probably sometime in the late summer thanks to funds approved Monday by the city council.

City administrator Tim Followell provided details and images of the planned new equipment the city will purchase for the park from Molanda Company at a cost of \$61,971.

"You already know, but this is replacing worn dilapidated equipment," Commissioner of Health and Public Safety Dan Ballenger told council members on Monday. "It's going to be installed by firemen and police officers."

In December, Ballenger said the city removed the old playground equipment

from Downey because it had become unsafe.

Followell distributed photos of the new equipment to media members during meeting.

"Hopefully, the boys and girls will enjoy that once we have it up and running," said mayor Roger Cyrulik.

Followell said the goal was to have installation of the equipment completed by mid-summer.

In other business, commissioner Ken Buchanan reminded residents that yard waste pick up will continue during the third week of each month. He also said leaves must be bagged for pick up. Bagged yard waste cannot be placed out earlier than the week before scheduled pick up.

The council approved \$30,395 for the purchase of a 2020 Ford Explorer for the sewer department and also placed on file a construction engineering service agreement with Cummins Engineering Corp. for the upcoming Center Street project.

## State's top health official updates lawmakers on coronavirus

Community spread "likely," says public health director

Ben Orner

Capitol News Illinois

**SPRINGFIELD** Illinois' top health official Tuesday elaborated on the Department of Public Health's efforts to contain the coronavirus, one day after a fourth person in the state tested positive

for the illness. Dr. Ngozi Ezike, director the of department, updated

members of the Senate Public Health Committee on state and local efforts to prevent, contain and treat COVID-19, as well as the toll it has taken on state resources.

"The risk of coronavirus infection to the people of Illinois remains low, however, even as the risk is low, we are planning and preparing for all possibilities," Ezike said.

She said the state has tested 116 people for the

virus. Ninety tests have come back negative, four were confirmed as infected and 22 are still outstanding.

The four positive cases were all in Cook County. The most recent two, announced Saturday and Monday, were a couple in their 70s. Their tests await official confirmation from the Centers for Disease

Control and Prevention. Ezike said state health

officials and the CDC are trying to find out where those people got the virus. The first two cases, another elderly couple, have since recovered. The wife was infected after traveling to Wuhan, China, where the virus originated, while her husband contracted the virus from her.

## Local Boy Scout part of group meeting with leaders in the nation's capital

Terry Hendriex among select group of Scouts to meet leaders in Washington

WASHINGTON, DC -Local Boy Scout Terry Hendriex was among a select group of scouts from around the country to meet Wednesday in the nation's captial.

The "Report to the Nation" is an annual event during which representatives from the Boy Scouts of America

Washington, D.C., to present to Congress a report on the BSA's achievements of the last year.

Hendriex was selected through rigorous a nomination and review process to be one of the 13 Scouts to deliver the 2019 BSA Report to the Nation.

Terry is an Arrow of Light Recipient from Pack 4142, and an Eagle Scout from Troop 1142, both in Clinton. He also is active in his local Venturing Crew 2142.

Terry also is a Vigil Honor member from

Wenasa Quenhotan Lodge and is active in the Order

of the Arrow. Terry's favorite Scouting memory was when he summated the tooth of time at Philmont. Outside of Scouting he is a Senior at Clinton High School, where he likes to run, hike, and read in his free time.

"It is a distinct honor to have one of our own Scouts show the nation how the volunteers of the W. D. Boyce Council have prepared him for life," representatives of Council announced.

#### Growing price tag

The total cost to local health departments and the state for COVID-19 response has been more than \$20 million, Ezike told reporters after testifying.

"We have also requested additional funding for our preparedness efforts," she told lawmakers.

She said IDPH wants more money from the federal government to cover costs that the state government and local governments have incurred, including the cost of providing testing. She said cost estimates have been provided to Illinois' congressmembers so they can advocate for more funding in the federal budget currently being negotiated.

"We absolutely want support to get additional resources," Ezike also said of the Illinois legislature.

That would include funding for personnel, equipment, lab and housing costs.

#### Testing methods

Ezike said health officials monitor anyone suspected to have come in contact with a person known to have the virus for 14 days. If they develop a fever, they are tested, and results are sent to a lab in Chicago, Springfield or Carbondale.

Ezike said the state has 2,200 testing kits, and she will ask the CDC for more when she travels to Washington, D.C. on Wednesday.

The IDPH is preparing to partner with hospitals in every region for a program called "sentinel surveillance," where patients with flu-like symptoms can be voluntarily tested for the virus. The aim is to detect community spread, which is when the source of the infection is unknown.

"It is likely that we will have some level of community spread," Ezike said. "The issue is how much."

Ezike said the health department is in regular contact with hospitals, talking through infection control protocols and keeping up with inventories of medical supplies. Chicago's O'Hare International Airport is also screening some passengers for the virus.

virus.

The best way for people to protect against COVID-19 right now, Ezike told lawmakers, is basic hygienic practices such as washing hands for 20 seconds with soap and water, using hand sanitizer, staying home when sick and cleaning frequently-touched surfaces.

"These commonsense, everyday measures really do matter," she said.

Preparing for the future Ezike also addressed concerns that some

senators had about how severe the virus could get. State Sen. Julie Morrison, D-Deerfield, asked if schools, universities and businesses should think about closing.

about closing.

"We're not in that situation now," Ezike said.

She added that such a response would also not be a "one-size-fits-all for the state." She said school or work closures may be appropriate if one part of the state sees dozens or hundreds of cases.

State Sen. Mattie

State Sen. Mattie Hunter, D-Chicago, asked if people should stock up on emergency supplies like medications, food and water, in case they need to be quarantined.

"That's a basic that we always recommend, coronavirus or not," Ezike said. Currently, the only way

to test for the virus is for people to get tested at a hospital or clinic, which sends samples to a state lab.

Committee Chair Patricia Van Pelt.

Patricia Van Pelt, D-Chicago, said this "convoluted" process may shut out people who cannot afford to go to the doctor.

"We are looking at the

possibility of having some kind of drive-through testing where you don't bring people into the hospital who are sick in the first place," Ezike said.

She told reporters that she hopes commercially available tests will become available so hospitals and clinics can cut out the state lab and get results in an hour or two.

Ezike also said IDPH is conducting hospital assessments in case things worsen. Additionally, she encouraged people to get this year's flu shot so that illness can be one less thing that health care workers have to juggle if COVID-19 spreads.

A vaccine for COVID-19 is in the works on the national and international levels, but Ezike told lawmakers it could be six to 12 months before it is available.

"Should this coronavirus infection become something like H1N1, which is a seasonal thing, then we would have one for potentially the next round," she said.

Worldwide concern

The number of confirmed cases of COVID-19 in the U.S. rose above 100 on Tuesday, with Washington state seeing the most cases at 31. Washington is also the only state to have deaths, with nine. Most of the dead were either elderly or had preexisting medical conditions.

More than 92,000 cases have been confirmed worldwide as of Tuesday evening, causing more than 3,100 deaths.

Illinoisans worried they may have the virus can call the state's COVID-19 hotline (1-800-889-3931) or email dph.sick@illinois.gov. IDPH also has a webpage of frequently asked questions: http://www.dph.illinois.gov/topics-services/diseases-and-conditions/diseases-a-z-list/coronavirus.

# PRIMARY ELECTION LETTERS

## David Newberg is not a one-issue candidate

DeWitt County is having an election on March 17 for the county board in District C. There are five candidates from the Republican ticket, and one candidate from the Democratic ticket who are running for election. That is six candidates with three of them to be elected. It is a good thing that we have as many good people running for office as we do in our county.

am recommending that David Newberg be reelected to the county board. I have known David for many years, and he is a friend of mine. That fact is not what qualifies him for election, but the 14 years on the board does.

As a board member, he served as chairman of the board through some difficult times. While on the board, there were acrimonious times that he handled judiciously.

It is common that a voter will find one issue and vote against whoever is for it. It is very seldom that the voters have the truth of all the facts of either side. As Mark Twain said, "A lie can travel half-way around the world, while the truth is putting on its shoes."

David is approachable, and if he is taking a position a voter disagrees with, a civil conversation might change the voter's mind, or the voter might change David's mind. I realize civil disagreement in politics is hard to come by these days, but try.

> **Ray Moss** Clinton

## Don't return us to the board's bad old days

If you had a heart condition, would you choose an experienced cardiologist or a medical student.

If you took bankruptcy and received excellent guidance which returned you to the right course, would you go to a less experienced for a second opinion?

Within the past decade, one county board had leaders who failed to balance a budget, who disbanded committees and raided our contingency fund regularly, creating a million dollar deficit for future leaders to address.

They left a disaster in their wake.

We were lucky enough to have a group of bipartisan leaders who were willing to put in the hard work necessary to return the county to a better condition. Why would we choose unproven options rather than rely on choices with documented track records?

Vote for Cole Ritter, Jay Wickenhauser, and Dave Newberg on March 17. Return them to the DeWitt County Board to continue the work that they have done so well for the entire county.

> Kim Spencer Clinton

#### issue board candidates As the upcoming March economic growth within

Don't vote for single-

17, 2020 Primary Election approaches, we voters should reflect upon the future needs of our county. I urge all Republican voters in District A to vote ONLY for Cole Ritter for county board.

In District C, I urge all Republican voters to vote ONLY for Dave Newberg and Jay Wickenhauser for county board.

All three of these incumbent board members have demonstrated commitment, wise judgment and proven consistent leadership.

All three of these board members support

our community, which we desperately need.

Reelection of these three incumbent board members is crucial to sustain the continued stability and continuity of our county. We should NOT elect new, inexperienced "single issue" members to the county board.

Please support these worthy candidates for a bright future for DeWitt County.

> **Becky Fatheree** Clinton

## Vote for Newberg, Ritter, Wickenhauser

am writing support Cole Ritter, Jay Wickenhauser and Dave Newberg for DeWitt County Board and under voting for the board.

We need people who know how to work hard and will do what is needed for our county, participate in committee meetings and are not afraid of hard work. They understand how to get things done and can make hard decisions.

We also want to keep

those on our board who will work to keep our taxes down and be fair to all of our residence and businesses.

Unlike their opponents, they are not singleissue board members or candidates will address the many issues our county needs addressed.

> Sara O'Brien Wapella

## Vote for responsible government Mar. 17

The DeWitt County Board has moved from combative group dysfunctional of several years ago to a responsible and cooperative governmental body. The result has been fiscal responsibility and accomplishments for our county.

The current board members should recognized for their hard work, dedication, and cooperation for the benefit

of our residents. Chairman Dave Newberg, Wickenhauser, and Cole Ritter deserve another term of serving on our board. We have many challenges ahead their experience will be valuable.

I urge our voters to come out to support these candidates on March 17.

> Sincerely, Terry V. Ijams Clinton

## PRIMARY ELECTION LETTERS

## Vote for Newberg, Ritter and Wickenhauser

I am writing to endorse members the **DeWitt** County Board, David Newberg, Cole Ritter and Jay Wickenhauser. They have served all residents of DeWitt County and have done a good job.

I think should we continue with

experience and knowledge and maintain stability on the board. Please join me in voting for the above three members.

Thank you.

Respectfully, **Paul Nothnagel** Clinton

## Our bands and schools are big assets

To those of you living in Clinton and surrounding areas, on Saturday evening, Feb. 29, if you were able to be at Clinton High School for the band concert, you will agree that we all had a joy-filled evening!

For those who could not be there, try to attend the next one. Our kids and their directors treated us to great music and a chance to visit with our friends and gave us an opportunity to give back!

Before I get to praise for the band, thank you to those responsible for serving ice cream. This event is billed as an "ice cream social." People lined up for ice cream as they might for World Series tickets! There was a silent auction; 42 businesses and individuals donated baskets for a chance for us to win some very nice prizes.

Thank you to band directors Mr. Wheeler and Mr. Hendricker. You are two of our young people's great gifts! We watched as you led the bands with a combination of dignity and an "I'm in charge" attitude along with the physical part of directing and a true sense of joy, good times and silliness and jokes everyone enjoys. It is obvious the band members love you and what you are teaching them!

For those of you who are parents, grandparents, family of any kind, scout or church leader of young people, rest assured these youngsters are in good hands.

As a retired teacher and one who has been involved in music all my life, I know what music brings to all of us. The emotions, the pure beauty of sound, the beat; we all relate to it. We can remember music of many years ago, a memory of good times.

Mr. Wheeler and Mr. Hendricker are not only teaching music skills but also, more importantly, life skills. For example, how to be a contributor to a group effort, responsible behavior, working hard to do your best in whatever you do, an appreciation for having the parents who put you here in this class and for leaders, good men and

women of good character.

You students all came to the band as "immigrants," a big group of different ages and personalities, and you all have to get along. This is a definite "carry over." We adults know of people who never learned this!

Thank you to Miss Haley Paladines, Millikin University senior, who is a student teacher now in the music program, another class act benefitting our young people.

Saturday evening showed what kind of results we get with a good school system that I was fortunate to be a part of as a student, teacher, parent, etc., a gymnasium to accommodate a big crowd, even standing and sitting on the north and south ends of the gym, a nice touch with our younger audience

Mr. Wheeler said, "come on down and dance with the band!" If that didn't bring a smile, nothing would.

In closing, there has always been ugliness, hate, disrespect and pure evil in this world. There always will be, and with the technology of today's world, we can be inundated with it at times.

There always are positives. Be grateful that, here in Central Illinois, our children are privileged to be in an excellent school system with teachers, staff members and many others working each day to encourage young people to do their best and be their best. Our children have that opportunity; we hope they leave school with a "paying back" or "paying forward" attitude.

I expect to see many of these band members and their families at Memorial Day services on Monday, May 25 at Woodlawn Cemetery. Mr. Wheeler and Mr. Hendricker invited all in their classes to come be a part of this day, and many did. Honoring those veteran, living or dead, is another life skill we all need to emulate.

God bless all of you who remember.

> Gratefully, Marjorie Parker **Devore (Marg)** Clinton

## What a difference

Two weeks ago Bernie was "The Man" in democratic politics. He had momentum and an impressive lead in the delegate count. Bloomberg's money was buying ads and voters were trying to figure out who this mega money man really was. Biden was way behind in the polls. Most political observers, including myself, believed Bernie had a lock on the nomination and the best mainstream Democrats could hope for was a brokered convention. The nomination was Bernie's to lose. Biden was a dead horse and Bloomberg was the unknown as no one knew what his money would get him. Seven hundred million dollars in campaign ads and staffing can certainly have an impact.

What a difference a

week makes in politics.

Bernie's strength is the progressive left of the Democratic Party. The progressives have been the most vocal element of the party of late, but they are not the majority. Bernie has tremendous support from

those below 30 and from Hispanic voters. Youth can by vocal and energetic in their actions. The problem with the youth vote is they don't always seem to make it to the polling places to vote. Many Hispanics like the open border concept advocated by Bernie, but not all.

The Democrats were in

disarray. But not all. One old gray black gentleman in South Carolina had other thoughts. James Clyburn is a Congressman from South Carolina, a political power in the House and in his home state. Biden had a friend. Biden's campaign had openly stated that South Carolina was his fire wall. Biden had clearly emphasized the Black and Senior votes. Blacks have historically voted for a Democrat and that vote often appears as a block. Seniors tend to vote and Seniors do not like change. Bernie was all about change and Seniors got scared of this progressive candidate named Bernie. Clyburn put his full support behind Biden. Biden won South Carolina in a landslide.

Seniors and Blacks voted for Biden and the youth vote did not show up.

The South Carolina vote resulted in Steyer, Klobuchar and Buttigieg suspending their campaigns. presidential Klobuchar and Buttigieg endorsed Biden on Monday before the Super Tuesday Primaries. Momentum is key in political races and Biden got the boost. Bernie has never really sought out the Black vote and that went to his detriment on Tuesday. Bernie would get his home state of Vermont and liberal state of California, which has a lot of delegate votes. After that, Biden basically ran the table. Democratic Seniors and Blacks seemed to come together in one voice and voted for Biden. His wins were impressive. Even Bloomberg saw the momentum and decided

that \$700 million in rat hole money was enough, suspended his campaign and endorsed Biden on Wednesday.

Right now it looks like Biden is up approximately 70 delegates to Bernie. Will it last? Can Bernie motivate his young supporters to go to the polls and vote? It appears the mainstream Democrats are choosing to stay midstream and vote for Biden. Biden has a strong history of foot in mouth disease, which he readily admits. Biden's strength is that he is well liked, even with his baggage, and he

certainly has baggage. Bernie is viewed by many youthful Democratic voters as political salvation. Can he regain their attention long enough for them to get to the polls is a true concern of his campaign. For now it looks like the mainstream Democrats are supporting Biden and the Progressive Democrats are supporting Bernie. It will be fun to watch. For the first time in years, Illinois may actually be relevant in a Presidential primary for delegate votes.

## State's Attorney's Race Candidate Questionnaire

Editor's Note: Chairman of the DeWitt County Republican Party Dustin Peterson sent the following statement and candidate questionnaire response to local media this week. Following is his accompanying statement and one of the candidates' responses.

The DeWitt County Republican Central Committee provided the following questions to both Republican candidates for states attorney as it is the only contested primary that covers the entire county. We as a party do NOT endorse in the primary, and this was an effort to provide some background on the candidates for states attorney. We will publish this on our Facebook page to share as well.

I've attached the response we received from current

state's attorney Dan Markwell. After a few follow ups due to no response, I was able to confirm with Stephanie Scoles that she was respectfully declining the invitation to complete the questions that were presented to both candidates.

**Dustin Peterson DeWitt County Republican Central** Committee Chairperson

#### **Candidates for States Attorney Questionnaire**

Dan Markwell, current DeWitt County State's Attorney and candidate for reelection.

- 1. How many years have you practiced law? I have practiced law for 20 years, 18 of which have been serving the public as either an Assistant State's Attorney or State's Attorney. I also spent two years practicing criminal law in private practice and as an assistant public defender.
- 2. Have you ever tried any serious felony cases? Yes. If so, how many cases involving serious felonies have you tried and describe the results obtained?

I have prosecuted in excess of 1,000 felony cases over my prosecutorial career including but not limited to murder, predatory criminal sexual assault, delivery of controlled substances, home invasion, aggravated battery, theft, burglary, and residential burglary to name just a few. I've tried several dozen felony jury trials as well as dozens of felony bench trials over the past 20 years. I've obtained sentences of 60 years in prison for the murder of a 3 year old child, 40 years in prison for the predatory criminal sexual assault of a child, and numerous other prison sentences for defendants who have committed violent crimes or who are repeat offenders.

- 3. Please describe how your prior work experience will help you serve DeWitt County as the State's Attorney. My prior 18 years as a prosecutor provided me with the experience of trying numerous types of cases including traffic, misdemeanor, juvenile, felony, tax, ordinance and civil cases. I also gained experience representing county boards and elected officials to resolve civil issues. Since becoming DeWitt County State's Attorney in 2014, I've resolved criminal and civil matters to the benefit of the public and the
- crime? No. A prosecutor should hold himself /herself to the highest of standards and the public should demand no less. As a prosecutor is responsible for enforcing the law, he/she should not place himself / herself in situations that would that would cause the public to question his/her integrity and erode public confidence in the office.

4. Have you ever been charged with or convicted of a

5. What do you believe to be your opponent's strengths and weaknesses for serving DeWitt County as the State's Attorney? I see my opponent's lack of prosecutorial experience as her greatest weakness, specifically: a lack of felony trial experience; a lack of experience representing county boards, sheriffs, county clerks, circuit clerks, county treasurers, county coroners,

and county tax assessors; a lack of experience in federal court resolving lawsuits against counties; as well as a lack of experience as a member of a drug

court. My opponent's strength would appear to be

her concern for the welfare of children.

performing his/her duties.

- 6. What kind of harm can result to our county from an inexperienced or under qualified State's Attorney? There is no grace period once becoming State's Attorney and no time for on the job training. A State's Attorney is on call 24 hours a day, seven days a week and must be able to draw on his/her experience to provide an intelligent and sober response on a moment's notice. The State's Attorney must have a working knowledge of criminal law, juvenile law, tax law, election law, zoning, small claims, contract law and labor law, in
- 7. The State's Attorney office has three attorneys and two support staff. What type of experience does each candidate have managing an office of that size? I have managed an office of that size for more than five years. As DeWitt County State's Attorney, I have the responsibility to make sure my office is adequately staffed to serve the public while doing so in a fiscally responsible manner. On a yearly basis I prepare a budget for approval by the County Board. Funds become more and more limited each year. I have cut my budget when requested by the Board and have also done so voluntarily when I have seen the ability to cut costs. In 2017, I reduced the number of attorneys in the office from 3 (including myself) to 2 ½. The benefit to having a wealth of experience as a prosecutor is being able to cover a wide variety of job duties. By taking on additional responsibilities myself, I was able to reduce a full-time attorney position to part-time which saved the county money in the form of a reduced salary and in not having to pay for benefits for a full-time employee.
- 8. Please add any relevant information in regards to your specific qualifications for the job. Keep answers specific to the role of State's Attorney. I hold a B.S. Degree in Administration of Justice, a M.A. Degree in Criminal Justice Management and Administration, as well as a Juris Doctorate. am licensed to practice law in Illinois State Courts as well as in the U.S. District Court for the Central District of Illinois. I am a member of the Illinois State's Attorney's Association. I settled civil litigation on behalf of DeWitt County with the Clinton Landfill and put together an agreement for future payments of host fees to the county which has resulted in payments to DeWitt County of \$5,281,338.25 since I took office. I've prosecuted all types of cases on behalf of The People of the State of Illinois including the murder of Farmer City resident

Blayne Benefield. I have the respect of Federal, State,

County and Local law enforcement.

March 6

1961: Several tornadoes moved across parts of central and southern Illinois. One tornado moved along a 120-mile path from Jerseyville to Litchfield to Greenup (Cumberland County), causing \$300,000 damage. Another tornado further south moved from Chester to Bellmont.

March 7

1978: Central Illinois was in the midst of the latest in a series of severe winter storms which moved across the area during the winter of 1977-78. In this storm, which ended on March 8th, the heaviest band of snow extended in a wide area along and north of I-70. Up to 14 inches of snow was reported in Montgomery, eastern Macoupin, and far southern Christian Counties. The snow tapered off sharply further north, with no snow being reported north of Peoria.

Wizards were founded in 1962, and, yes, they are younger than me and have been traveling the world ever since, coveringfive continents and 22 countries. Although we saw only six players here, there are a total of 26 players on the Wizards' roster at the current time, comprising several teams

on the move at all times. Although they are not

concerned with winning, they have won over 2,800 games out of 6,000 performances and have raised over \$3 million for good causes.

Their specialty is entertainment through the game of basketball with tricks, alley-oops and crowd involvement, especially with kids. As they perform, they are raising funds for schools, charitable organizations and foundations.

This was their second trip to Clinton in support of "The Vault" youth and community center. And, by the way, the Wizards played our own homegrown "Vault" team of teachers, administrators, and local talent.

## CROSSWORD/TV

#### **DUPLICATE DECISION ◆** 543 None Vulnerable North East **♥** K3 South West 3NT All Pass ♦ QT965 1NT Pass ♣ KQ5 In most forms of bridge, Declarer's ♠ 876 QJT9 main objective is to make the contract, **♥** A6 **♥** QJT75 with overtricks being only a secondary + A42 consideration. But in duplicate bridge ♣ J9732 Declare. ♣ T86 scoring (aka matchpoints) overtricks AK2 loom large and it is not unheard of for ♥ 9842 Declarer to risk the contract in search ♦ KJ83 of an overtrick. Here is a case in point. ♣ A4

South opens a 15-17 No Trump, North raises to game, and West leads a Club. Declarer wins that trick and knocks out the \$\infty\$A. Back comes a Club, at which point there are nine tricks for the taking in the shape of two Spades, four Diamonds and three Clubs. Is it time for Declarer to fold his tent, claim nine tricks and move on to the next hand? Not necessarily!

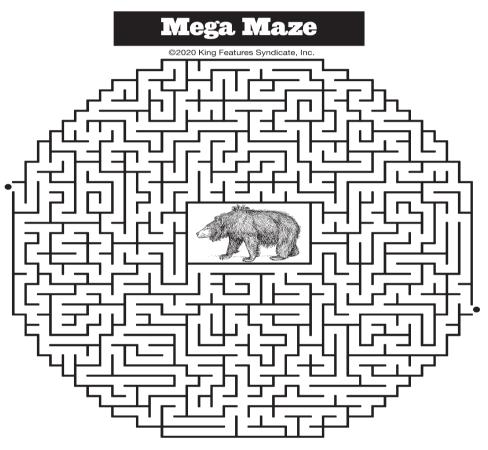

The matchpoint player is always looking for that extra trick. Is there one? The

only possibility is in Hearts, but leading towards the ♥K (before cashing nine tricks) is not without risk, and it's possible that East will take Dummy's King with his Ace and that the defense will then cash three or four more Heart tricks, defeating the contract.

Is it just a 50-50 shot? No, the odds favor going for the overtrick. Half the time

the ♥A will be onside and Declarer gets his overtrick and a good score. And even when the ♥A is offside it's unlikely that the defense will then run the suit, because (a) the Hearts may be blocked (picture West with QTx or Jx or similar holdings, or East with AQT or AJ or the like); (b) even if the Hearts are not blocked, the defense may do the job themselves (for example, East may hold AQJx and not realize that, after winning the ♥A, he must return a *low* Heart). It's a case of "Heads Declarer wins, tails she loses only occasionally".

DOMESTIC/CHILD CARE

NO INDIVIDUAL, unless licensed or holding a permit as a childcare facility, may cause to be published any advertisement soliciting a child care service.\* A childcare facility that is licensed or operating under a permit issued by the Illinois Department of Children and Family Services may publish advertisements of the services for which it is specifically licensed or issued a permit. The Clinton Journal strongly urges any parent or guardian to verify the validity of the license of any facility before placing a child in it's care.

\*Family homes that care for no more than three (3) children under the age of twelve or which receive only children from a single household, for less than 24 hours per day, are exempt from licensure as day care homes. The three children to whom this exemption applies includes the family's natural or adopted children and any other persons under the age of 12 whether related or unrelated to the operator of the day care home. ## Manage your blood pressure and protect your kidneys

(NAPSI)—Did you know if you have high blood pressure you are at increased risk for chronic kidney disease?

High blood pressure, also called hypertension, is the second leading cause of chronic kidney disease in the United States. About 1 in 5 adults with high blood pressure may have chronic kidney disease, according to the Centers for Disease Control and Prevention.

Blood pressure is the force of blood pushing against the walls of your blood vessels. If your blood pressure gets too high, the blood vessels in your body-including those in your kidneys—may become damaged. This damage makes it harder for the kidneys to filter blood and remove wastes and extra water from the body. Kidney disease can get worse over time, and if not treated it can lead to kidney failure.

And while high blood pressure can lead to kidney disease, the reverse is also true: kidney disease can lead to high blood pressure. Simple tests can tell you whether you have high blood pressure or kidney disease. Ask your health care professional if you have been tested for high blood pressure and kidney disease.

Many people with kidney disease don't know they have the disease until their kidneys begin to fail. Research suggests that fewer than 1 in 10 people who have kidney disease are aware they have the disease. This is because kidney disease often doesn't have any symptoms early on.

The good news is that you can help protect your kidneys by managing high blood pressure with healthy lifestyle habits.

"Our research continues to uncover the complexities of the link between high blood pressure and kidney disease," says Griffin P. Rodgers, MD, director of the National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), part of the National Institutes of Health (NIH). "And what we are finding supports the message that you can help protect your kidneys by managing high blood pressure with healthy lifestyle habits."

Adopting healthy lifestyle habits that help you manage your blood pressure will also help to keep your kidneys healthy. You can prevent or slow kidney disease progression by taking the following steps to lower your blood pressure:

Take medicines as prescribed. Blood pressure medicines often play a key role in lowering blood pressure.

Aim for a healthy weight. If you are overweight or have obesity, reducing your

weight may lower high blood pressure.

Select healthier food and beverage options. Follow a healthy eating plan that focuses on heart-healthy foods such as fruits. vegetables, whole grains, and lean meats that are low in sodium.

Stop smoking. Smoking damages blood vessels, increases your risk for high blood pressure, and worsens problems related to high blood pressure. For help quitting, call 1-800-QUITNOW or go to Smokefree.

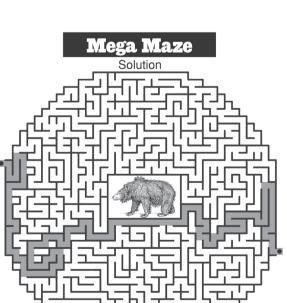

Get enough sleep. Lack of sleep can have an adverse effect on your blood pressure and metabolism. Aim for 7 to 8 hours of sleep each night.

Manage stress and make physical activity part of your routine. Healthy stress-rucing activities and regular physical activity can lower blood pressure. Try to get at least 30 minutes or more of physical activity each

"You can manage your blood pressure and its complications through healthy lifestyle habits, which include exercise, following a healthy eating plan and taking blood pressure medication as prescribed by your doctor," says Gary H. Gibbons, MD, director of the National Heart, Lung, and Blood Institute (NHLBI). "It's important to know your numbers because controlling or lowering your blood pressure can prevent or delay serious complications like kidney disease and heart disease."

# Building a Bright Future for DeWitt County

## **Built for DeWitt County in DeWitt County**

# Arcosa Voices Support for Alta Farms II Wind Project

Clinton, Ill., February, 2020 –

The proposed Alta Farms II wind project has earned a key endorsement from a local wind tower manufacturer. In a letter to the DeWitt County Zoning Board of Appeals dated January 27, an executive of Arcosa Wind Towers, Inc. cited local job benefits in urging the board to recommend the project.

"The Alta Farms II project will not only give DeWitt County an opportunity to participate in the ever-growing enterprise of clean energy production, it will provide immediate direct economic benefits to all of the citizens of DeWitt County," said Wesley Bourland, senior vice president and general manager of the manufacturer. "Because the developers of the Alta Farms II project have committed to sourcing local components from Arcosa Wind Towers, this project presents a unique opportunity for DeWitt County that should not be missed."

The Arcosa Wind Towers
manufacturing facility in Clinton has
supplied wind turbine components for
projects in Illinois and across the
Midwest. Tradewind Energy, an Enel
Green Power company, is developing
Alta Farms II and has publicly
committed

to source at least 20 percent of the wind tower components from the Clinton facility.

"We're thrilled to have the support of one of DeWitt County's largest employers," said Tom Swierczewski, senior development director with Tradewind Energy. "The endorsement of Arcosa Wind Towers further emphasizes the wide economic impact Alta Farms II will bring to this community, and we're excited to see momentum continue to build for the project."

Alta Farms II is projected to create an array of economic benefits to DeWitt County, including over 230 new construction jobs, \$13.8 million in new earnings during construction, \$22.1 million in total school district net revenue over the life of the project and over \$4.6 million in county property tax revenue over the life of the project. These benefits are conditional on timely approval of the project application as proposed, which would enable Alta Farms to begin operating in 2021.
