'Pedal'ing a dream

BY ANDREW HEISERMAN STAFF WRITER

NE local man who purchased his dream car just two years ago, is now restoring a scaled down replica pedal car as close to his full-size version as possible.

Xavier Valdivieso, a Rochelle resident and owner of an original 1968 Mustang convertible, was flipping a house when the previous owner of the property mentioned an old pedal car was left in the attic. Once Valdivieso asked what kind of car it was and heard it was a Mustang, he said that he had to have it.

"We were inspecting a house in Ashton and the previous owner had found the car in the attic above the garage," said Valdivieso. "I asked what kind of car it was, and once he said it was a Mustang, I said that I wanted it."

The previous owner had no connection to the car, so he sold it to Valdivieso. Valdivieso said the type of pedal car that he acquired was fairly rare.

When Valdivieso acquired the car, it had been sitting for a long period of time, so it had become very dirty and rusty. He sandblasted it, cleaned it up and began searching around for someone who knew how to paint a pedal car like his.

After some time of calling around, he found a person at Kunes Country Chrysler dealership in Sterling, who was experienced in painting pedal

"They treated this just like a real car," said Valdivieso. "He put a primer coat on it, body filler to take the little dents out, then another primer coat. He then sanded it, put

a third primer coat on it, applied the Acapulco Blue paint and topped it off with three coats of finish."

According to the painter, normally a regular car only gets two coats of finish, but he put a third coat on the car for extra protec-

The pedal car is a replica of a 1965 Mustang, while Valdivieso has a 1968 Mustang, his goal is to make the

pedal car look as close to his car as possible. To do this, Valdivieso searched online for wheels, rims and hubcaps to match the specific model and year

of his car. The detail put into matching the two cars is very precise, from wrapping the steering wheel with identical materials, to copying the exact decals.

Council **Monday**

ROCHELLE — The Rochelle City Council will meet in regular session Monday, Feb. 10 at 6:30 p.m.

meets

Council members have a full agenda of items at this month's first council meeting.

Agenda items include approval of a grant subaward agreement between Region 1 planning council and the City of Rochelle; Mulford Road improvements from an escrow agreement between the city, Rochelle Waste Disposal LLC and Central Bank Illinois; a resolution adopting the Ogle County multi-jurisdictional all hazard mitigation plan; a non-exclusive parking lot license agreement for 510 Lincoln Highway; and a resolution directing city officials and the city attorney Dominick Lanzito to engage in discussions regarding the purchase of the Hickory Grove property.

Crews began street and water work downtown on Tuesday for Acres Bistro. The Rochelle City Council approved a reimbursement agreement with MECEN, LLC at the Jan. 27 city council meeting.

Water main work begins

BY JENNIFER SIMMONS MANAGING EDITOR

ROCHELLE — Following approval of a reimbursement agreement at the Jan. 27 Rochelle City Council meeting by council members, work on redevelopment work by MECEN, LLC - commonly known as Acres Bistro - began Monday.

Teresa Petry, owner of The Artists' Garden located downtown, is incorporating the Acres Bistro into the building the store is located and requested a developemnt agreement with the city for the property located at 407 Lincoln Highway.

As per the agreement, the city agrees to reimburse MECEN, LLC up to \$50,000 for the purposes of fostering the redevelopment of the building. Stipulation of the grant is the money may only be used to reimburse expenditures for the installation of a larger water service from the city's water main to the building and for the installation of an approved fire suppression system

and back flow valves. "This project continues to support the city's strategic plan goals by improving and developing our downtown," community development director Michelle Pease said.

Funding for statewide broadband expansion released

Brian

THE first \$50 million of the \$420 million dedicated to statewide broadband Internet expansion was released during the week, along with information about how to apply for the

Applicants for the grant are anticipated to include Internet service providers, rural cooperatives, nonprofits and local governments.

Grant responses for the first round of funding can be submitted through April 3, with up to \$5 million available per project. Interested applicants can find more information about the Notice of Funding Opportunity at https://www2. illinois.gov/dceo/ AboutDCEO/GATA/

Pages/2366-1333.aspx. The Rebuild Illinois capital plan has slated \$420 million toward

broadband expansion — \$400 million for the grant program and \$20 million to strengthen the Illinois Century Network. The matching requirements in the grant program will leverage state funds to attract at least an additional \$400 million from Internet service providers.

Legislation eliminates FOID card

Those wanting to purchase firearms would no longer need to possess a FOID card under legislation introduced recently. Filed on Feb. 4, Senate Bill 2535 would repeal the Firearm Owners Identification (FOID) Act, which supporters of the bill say is outdated and redundant.

The FOID Act was

created in 1968 as a way to identify people who were eligible to own firearms as part of a public-safety initiative in Illinois

to meet the requirements of the federal Gun Control Act of 1968. However, with updated technology allowing for the use of instant background checks, the bill's sponsors say the FOID card serves no real purpose.

While Senate Bill 2535 would eliminate the need for a person to own a FOID card, it would not change any of the other requirements for purchasing a firearm. Those who buy a firearm would still need to undergo strict federal background checks at the time of purchase.

Earned Income Tax Credit

Tax season is here

and the Illinois Department of Revenue

(IDOR) is reminding taxpayers to take full advantage of the Illinois Earned Income Credit (EIC) and the Federal Earned Stewart Income Tax Credit (EITC). Anyone eligi-

ble for the federal EITC automatically qualifies for the Illinois EIC, which is a refundable tax credit worth up to 18 percent of a taxpayer's federal claim. However, IDOR says nearly 20,000 Illinoisans claimed a federal EITC credit without also claiming the state EIC, leaving more than \$5 million unclaimed.

To be eligible for the tax credit programs,

taxpayers must meet certain income and residency qualifications and file a tax return, even if they do not owe any tax or are not required to file. To find out if your family qualifies for the credit, visit the Internal Revenue Service's EITC Assistant at https://www.irs. gov/credits-deductions/ individuals/earnedincome-tax-credit/ use-the-eitc-assistant.

Help pick 'coolest things made in Illinois'

Aiming to showcase the wide range of items made in Illinois, the Illinois Manufacturers Association (IMA) is hosting a contest to pick the "coolest thing made in Illinois."

IMA President and

CEO Mark Denzler wants to showcase the wide range of items made in the state. He said most people don't realize what all is made in Illinois.

"We have to attract the next generation of workers to Illinois," Denzler said. "By showing the products and companies that are here, hopefully we can also help provide that next pipeline of work-

ers." Nominate a product for the "coolest thing made in Illinois" at https://makersmadnessil.com/.

Manufacturing accounts for 12 percent of Illinois' gross domestic product and a \$304 billion economic output — the largest of any industry in the state, according to the IMA. More than 592,000 people are employed in manufacturing.

Red Day

Rochelle Community Hospital employees supported "National Wear Red Day" on Friday, Feb. 7 to raise awareness about heart disease which is the leading cause of death among Americans, especially women. For more information about heart disease, go to www.heart.org.

Whisman named to Dean's List

HOUGHTON, Mich. — Michigan Technological University, in Houghton, Michigan, has released the Dean's List for the 2019 fall semester. More than 1,880 students were named to the Dean's List this

To be included, students must achieve a grade point average of 3.5 or higher.

Locally, Claes G. Whisman, a graduate of Rochelle Township High School, and an electrical engineering major, was named to the list. Whisman earned a straight-A average of 4.0.

Michigan Technological University is a public research university, home to more than 7,000 students from 60 countries. Founded in 1885, the University offers more than 120 undergraduate and graduate degree programs in science and technology, engineering, forestry, business and economics, health professions, humanities, mathematics, and social sciences.

Several overweight axel citations issued

On Jan. 21 at 8:02 a.m., Rochelle police cited Lara Elias, 18, of Rochelle, for passing a school bus loading or unloading. Elias issued a promise to comply. A court date of March 13 was set.

On Feb. 5 at 10:34 a.m., Rochelle police arrested Alex Asei Bonsu, 26, of Bolingbrook, for overweight on a bridge, overweight on registration, operating a vehicle when registration revoked, no driver's license and no driver's license on person. He posted I-Bond. His court date is set for March 13.

On Feb. 5 at 9:37 p.m., Rochelle police cited Carlos De Los Reyes, 20, of Rochelle, for speeding 48 m.p.h. in a 35-m.p.h. zone, no driver's license on person and no insurance. He issued a promise to comply. His court date is set for March 13.

Ogle County Sheriff

Man arrested for driving on suspended license

On Feb. 5 Zachary Peppers, 30, of Rockford, was arrested for driving on a suspended license warrant. Peppers had a bond of \$5,000/10 percent. Peppers received a recognizance bond of \$5,000 and will return to court on Feb. 21 at 1 p.m.

On Feb. 6, Patrick Davis, 22, of Rockford, was arrested for failure to appear arrest warrant. Davis had a bond of \$471. Davis did post the bond and was released from the Ogle

County jail. Davis does not have to return for court.

On Feb. 7, Ogle County Sheriff's deputies conducted a traffic stop in the 2000 block on North Meridian Road. After further investigation, Timothy J. Belt, 24, was arrested for driving while license suspended. Timothy was transported to the Ogle County Jail where he was held in lieu of bond. Timothy was also cited for speeding and operating an uninsured motor vehicle.

CAR: Project nearing completion

From page 1

"I want to match it to the 68 that I have, so Russ Barber from Printing Etc. made all of the decals," said Valdivieso. "These are the exact decals my car has, and we even scanned my license plate to put onto the car."

Valdivieso purchased the car

and began his restoration project on Aug. 13, 2019 and hopes to have it all finished within the next two weeks. This is the second pedal car that he has worked on, the first one being a fire truck.

One of the main reasons behind completing this project is because he has grandchildren on the way, but he also looks forward to bringing it to his first ever car show.

"We will be taking it out when we do some shows with the other car," said Valdivieso. "I have never been to a car show, but when I do, I will bring this along and it might even be more popular than my real car."

WATER: Work underway

From page 1

According to City Manager Jeff Fiegenschuh the project is reimbursed on an annual basis and based on when the project can be completed up to three years.

"I commend Teresa and her family for doing this project," Fiegenschuh said. "This is another example of - when we're talking about downtown development - these folks are putting significant dollars of their own into this building. Trying to bring a restaurant into the downtown that goes along with a lot of the other things that are happening.

Work on the Acres Bistro is underway at the building located at 407 Lincoln Highway. Pictured is the backside of the building where new windows have been installed. Decking will be build as well.

This seemed like the best way in my mind to keep this project going."

Council member Tom McDermott added that the

whole downtown should be looked at. "I really think we

"I really think we need to look at the whole downtown and I know

we've got some massive alley projects we've been looking at and things like that," he said. "If we're going to make that honest effort to redo our downtown, save our downtown, sprinklers are going to become a big issue in every building, at least on the east side. It is going to be struggling to get the water supply, so I'm all for this one and I hope when we look at this one we look at that whole block and if it's better for us to jump bigger, then let's maybe get that done also."

The motion passed 5-0. Funding will come from the city's water fund.

MEET: Council has full agenda Monday

From page 1

Other agenda items include an engineering agreement with Willett Hofmann for the Hickory Grove demolition project; an amendment to city municipal code pertaining to an early separation incentive pro-

gram for certain employees of the City of Rochelle; and a resolution authorizing the execution of a first amendment to communications site lease agreement with Sprint.

Council wi

Council will meet in council chambers at Rochelle City Hall. The meeting is open to the public.

Obituaries

Kathy Colbert

OREGON - Kathv Lynn (Hilliard) Colbert, 63, of Oregon, passed away Jan. 4, 2020 at the UW Madison Hospital. She died a peaceful and contented death with family by her side, six months after being diagnosed with cancer. Kathy was born Sept.

14, 1956 at Rockford, the daughter of Richard and Delores Hilliard. She grew up in Holcomb, before moving to Carbondale, Colorado, where she graduated from high school.

Returning to Illinois, she met her future husband, Andy Colbert, at Kishwaukee College. The two were married on March 31, 1979 at Elim Reformed Church in Kings.

A son and daughter were soon born and Kathy interrupted her studies to stay home to raise her children, living in Rochelle for a while before moving to Oregon.

In 1988, 12 years after she started course work on a teaching degree, she graduated from NIU, making her mother and father very proud. Later she would obtain a masters degree.

His first elementary teaching job was at Ashton for a year, followed by stints at Rahn Elementary in Mt. Morris and Etnyre Middle School in Oregon.

Kathy's favorite subject to teach was history, with math her least favorite. School kids were her first love, as borne out by the wide number that consider "Mrs. Colbert" their favorite teacher. She especially appreciated the relationship with fellow grade-school colleagues and was also grateful for all the support and help offered by the retired teaching community in her time of need. Kathy favorite past-times were reading and watching football on TV. She was also noted as a quilter and home decorator. Her greatest joy was

spending time with twin 6-year old granddaughters. Kathy relocated to Salt Lake City, Utah, two years ago to be with them. She stayed for six months before returning to Oregon.

She is survived by her husband, Andy, of Oregon; son, Blair Colbert, of Salt Lake City, Utah; daughter, Jorie (Carlton) Getz of Salt Lake City, Utah; grandchildren, Alexandra and Liliya Getz; father, Dick Hilliard of King, Wisconsin; brother Rich Hilliard of Tampa, Florida, brother Rob Hilliard of Tomah Wisconsin; mother-inlaw, Bobbie Colbert, of Rochelle; brother-inlaws Bo (Cindy) Colbert of North Carolina and Tony (Catherine) Colbert of Wyoming; and sister-in-laws Jodi (Brett) Kemp of Montana and Suzie Colbert of Virginia.

She was preceded in death by her mother, Delores.

Services were held last month at Farrell-Holland-Gale Funeral Home in Oregon. Cremation care was provided by the funeral home, with the ashes to be scattered over the mountains of Salt Lake City by request of the deceased.

John B. Caron

Conn. — John B. Caron died peacefully on Jan. 15, 2020 in the company of his loving wife and

GREENWICH,

family in Greenwich, Connecticut. John was born on July 1, 1924 in Chicago. He graduated from Univer-

a degree in Chemical Engineering and served in the U.S. Navy during WWII.

He was Chairman and

sity of Notre Dame with

CEO of Caron International, a textile manufacturing company with operations in four states and five overseas countries, mostly in Europe. His father, O.J. Caron, opened Caron Spinning on May 8, 1915 in Rochelle. John and his wife, Ann, lived in Tilton Park until

1966, when they moved to the east coast to open the New York headquarters of Caron International. In addition to

running the company, John had a passion for education which led him to become a Trustee of University of Notre Dame and Chairman of the Academic and Faculty Committee, the Chairman of the Board of Whitby Montessori School where his six children graduated, and for many years the leader of the Great Books

Discussion group at the Greenwich Library. He was also

deeply involved in poverty alleviation and Catholic causes, serving as

the Chairman of the Board of Technoserve, a non-profit organization that provides business solutions to rural poverty in over 30 countries, Chairman of the Board of the National Catholic

Reporter, an independent weekly newspaper, and Chairman of the St. Michael's Church building committee.

John had a love of the outdoors and adventure which brought him skiing, camping, fishing and cycling around the world with family and friends.

He is survived by his wife, Ann, and their children, John (Dede), Peter, Paul (Andrea), Mark (Lisa), Elizabeth (Latif) and Cathleen (Woody), and 10 grandchildren, Joe, Frank, Tom, Maddie, Robbie, Ian, Alex, Jessica, Nick and Marley.

Frederick Wayne Dummer

LINDENWOOD —

Frederick Wayne Dummer, 87, passed away Tuesday, Feb. 4, 2020 at Serenity Hospice and Home in Oregon.

Wayne was born on Sept. 8, 1932 to Frederick A.M. and Effie H. (Farr) Dummer at home in Lynnville Township. On Aug. 18, 1957, he married Janet Laurel Bihrer in Early, Iowa. Wayne was a life-long

farmer and worked for DeKalb Ag for many years. He was the Lynnville Township Road Commissioner for 17 years and a member of the Lynnville Township Board and the Union Church of Lindenwood. Wayne loved spending

ily and being in the great outdoors gardening and mowing his lawn. He also enjoyed woodworking and was an avid fan of the Chicago Cubs and the Chicago Bears.

time with his fam-

Wayne is survived by his wife of 62 years, Janet, of Lindenwood; four children, Michael (Cathy) Dummer of Middleton, Wisconsin, Kathryn (Rick) Lopez of Channahon, Don (Carol) Dummer of Lindenwood, and Mary Beth Dummer of Middleton, Wisconsin; sister, Donna

(Robert) Dietrich of Mt. Morris; six grandchildren; eight great-grandchildren; and many nieces and nephews. In addition to his parents, Wayne is

brother, Wendell, and four sisters, Marjorie Gustafson, Elna Skinner, Veda DeCourcey and Dorothy Dummer.

preceded in death by his

Russell "Bo" Bowman

ROCHELLE — Russell P. "Bo" Bowman, 71, passed away in his

home on Thursday, Feb. 6, 2020 after battling cancer. He was surrounded by his wife of 49 years and his four loving children.

Bo was born Feb. 2, 1949 in Aberdeen, Mississippi, to Robert and Patricia (Crocker) Bowman.

After high school, he enlisted in the Army and served in Vietnam where he learned to drive truck. After completing his tour, Bo married Judy on Sept. 4, 1971 and built a life together in Steward. He continued to truck long distance and locally while they raised their children.

Bo worked hard all his life, and in his free time, he enjoyed being outside - riding his motorcycle,

fishing and hanging out with VFW and trucking buddies. While he didn't always have a lot to say, he could always be counted on for his quick wit and dry humor to spark

lively conversation.

Bo is survived by his wife, Judith (nee Arne) Bowman of Rochelle; four children Jeremy (Erica) Bowman of Fowler, Indiana, Michelle (Chris) Brantley of Kirkland, Rebekah (Jon) Marty of Stevens Point, Wisconsin, and Katherine(Ryan)VanKampen of Aurora. He is also survived by 10 grandchildren, Richard (Jasmil), Ivy, Lily and Blaize Bowman, Austin and Cole Brantley, Jonah

Marty, Arya, Xander and Thijs VanKampen and four great-grandchildren: Daniel, Layla, Elsie and Kaius.

He is preceded in death by his parents, Robert and Patricia (nee Crocker) Bowman and sister, Glenda Bowman.

Memorial visitation will be from 4 to 7 p.m. on Monday, Feb. 10 at the Unger-Horner Funeral Home, 400 N. 6th St., Rochelle. Following the visitation, a Celebration of Life Service will be held at 7 p.m. Burial will be at 10 a.m. on Tuesday, Feb. 11 at the Steward Cemetery in Steward. In lieu of flowers, memorials may be made in Bo's memory to the Wounded Warrior

LOCAL VIEWS

Guest column

A look at the ballot

■ LECTION day is coming up I am always in a quandary

when it comes to the local election scene. The major local contests always seem to be in the Republican primary. For example, this year there is a contest for State's Attorney on the Republican ballot. The person who wins that will probably be unopposed in November for the general election. That means a segment of voters in Ogle County will have elected officials for whom they did not have a chance to vote.

I never have understood why we don't have one ballot, with all the candidates, then vote for the person we want — Republican or Democrat. Then in the fall, the top two or three for each office are on the ballot for voters to elect. Everyone then is able to vote for the candidate of their choice in a primary and possibly in the general election.

Why don't we hold presidential elections Feb. 29? Both happen once every four years. Make the day a national holiday and maybe more people will be

voting for the most powerful office in our government.

The announcement of a giant manufacturing company locating to DeKalb is good for that community but also can be good for Rochelle. Workers need homes. Rochelle

Terry has homes for sale, hopefully in Dickow the price range and style that will draw some of those workers from Potential house buyers also look at

other amenities: Schools, parks, restaurants, shopping, entertainment...hopefully we have enough to offer to draw new residents.

Years ago the state had a plan to redo Illinois Route 251 from Illinois Route 38 northward. If I remember, curb and gutter, sidewalks, turning lanes and other improvements were part of the plan. What happened?

I always seem to see people walking or riding a bike along Illinois Route 251. Often high school students are walking, sometimes it's a person with groceries. Installing sidewalks would give everyone a safe place to walk or bike, making the entire north end more foot friendly and

Also, why are there not sidewalks all along Flagg Road from the high school stoplight to Illinois Route 251? Not all kids ride the bus or drive a car.

Even in the dead of winter I see disc golfers at Skare Park. And not to cause a jumble of controversy, it is Skare but pronounced scary, as in frightening. That's a reminder from friend Pat.

Terry Dickow is a retired elementary school teacher with lots of opinions, some you will like, some you won't. He can be contacted at terrydickow@gmail.

Focus on the things you should be upset about

age NFL cheerleader.

But many people were

outraged over this. One mom

even said she had to scoot her

13-year-old son from the room.

Yeah, not sure that was his idea.

My question is where have

you been? If you were

performance, I can only

imagine your disgust at a

Hooters restaurant or the

that shocked by a halftime

ELL, another "Big Game" (the NFL hates when you use their term for it) has come and gone and I didn't watch one second of it. Not even one of the commercials.

OK, I did watch the commercials online the day after the game, but I did not watch them I don't think I watched a

single football game this season, really. It's not that I am against football or don't like football, it's just that I have better things to do most of the time.

That was not the case during the "Biggest Game in the History of the World" played recently in Miami. In fact, my wife and I actually had some down time on Sunday. But we opted to watch

the "Breaking Bad" marathon AMC. Yes, we have seen the entire series more than once, but it is a dark, brilliant masterpiece. Once you watch a little, you can't turn it off.

So we missed the game. And the commercials. And the halftime show.

Ah yes, the halftime show.

It seems that a lot of people were up in arms over the entertainers not being more conservatively dressed during the halftime show – namely Jennifer Lopez and Shakira. I did see some highlights of

the performance and I must say, both were amazing performers. Also, their outfits weren't any more scandalous than the aver-

NUMBERS

Brad Jennings

words about women that have come from our own

president. Yes, there are things to be shocked and upset about, but the halftime show is not one of them. Here are a few:

We are killing the environment. Global warming is real and we are ignoring it at the peril of our children and grandchildren. This is our world we are talking about. The government just got rid of protections that were in place to keep waterways from being polluted. That is something to be upset about.

The national debt is more than \$22 trillion. That's right – trillion. That is an increase of more than \$2 trillion since 2017. This is the largest debt ever and Congress and the president are doing nothing about it except adding to it. Tax cuts for wealthy people are fine for wealthy people, but we are saddling future generations with a mountain of debt that won't be able to dig out of.

Our healthcare system is horrible. Yes, there are fine doctors and hospitals, but who can afford them? Even if you have good insurance, one major illness can wipe a family out financially. I know a lot of people who have had to hold fundraisers to pay their medical bills. That is wrong, and something we should all be upset about.

Low unemployment is great, but the "gig" economy is an anchor around the necks of future generations. The days when you had a good job for decades and an excellent pension are pretty much gone. The average CEO now makes 271 times more than the average employee. In 1965 it was 20 times more. See a problem there? Young people now get paid like part-time employees and usually have no benefits at all while the boss makes out like a bandit. This is the norm, and it is something we should be gravely concerned about. The gulf between the haves and the have nots is growing to Grand Canyon proportions. Eventually this will tear the country apart.

A halftime show at a football game? Nah, that doesn't get me too upset. There are actual huge problems in this country that are worth the outrage. Focus on those.

Brad Jennings is Editor of The Ogle County Life.

Letter to the Editor

Let's stop taking Chicago's garbage

Dear Editor,

We have just celebrated the new year of 2020. What does that mean? Well, nothing really, just another year, but for Ogle County it is the start of another year of stock piling Chicago's garbage.

Have you ever been traveling on Illinois Route 72 or Illinois Route 64 lately not just in the morning or afternoon? If so, you will encounter dozens of those trucks coming and going in both directions. How many times have you seen a plastic bag sneak out of the net covering the Chicago's trash truck? It's not hard to figure out their routes, especially in the spring.

What is the Ogle County Board thinking as it allows the garbage and trash to continue to flow into our dump? How can this county board allow the filth from the suburbs to continue to flow? Everyday tons and tons of garbage arrives in Ogle County and surrounding counties. This constant onslaught of filth has been coming here for years, how many I'm not sure, but by looking at the mountain along old 51 it's been too many.

It's probably too late for our groundwater – the total damage that is yet to be seen. I'm sure the dump will change hands many times so no one will be held accountable.

Those Chicago suburbs don't care about us they only know that they don't have a dump to worry about. I wonder if they have any plans on taking care of their own garbage in the future? I doubt it as long as we clean up their mess. Do you know why they come all the way out here to our county? The reason being is that the other counties have said no.

It all boils down to how long we are going to be Chicago's dump. Where are we going to put our garbage when they fill up our county? Maybe Carroll County? One other thing, does Ogle County and the Chicago suburbs really recycle? They took away our dumpsters and I haven't heard what people in the country are supposed to do. So, my recyclables are now going into the dump.

So, what's the future of Ogle County? Are we just going on as usual or can we say no to the burbs and let them take care of their own trash?

LETTERS TO THE EDITOR POLICY

The Rochelle News-Leader encourages responsible letters to the editor on subjects of interest to our readers. Editing may be necessary for space, clarity or to avoid obscenity or libel, but ideas will not be altered. All letters must bear the handwritten signature of the writer and include address and phone number or e-mail address for verification purposes. Neither the street address nor phone number will be printed. Letters should be typed or legibly

handwritten, and no anonymous letters will be published. Any letters from boards or organizations must include at least one name of an individual. Any criticism of public officials should be limited to issues related strictly to their position or actions made in office, as personal attacks will not be published. Letters involving private disputes between the writer and a business will not be published. Political endorsements will be published,

however letters rom candidates endorsing themselves will not be printed. Letters may be dropped at the News-Leader office (211 IL Route 38 East), mailed to the News-Leader (P.O. Box 46, Rochelle, IL 61068) or e-mailed (news@rochellenews-leader.com.) The News-Leader reserves the right to edit or reject any letter to the editor for any reason, and letters chosen for publication do not necessarily reflect the views of this newspaper.

COMMUNITY

Moose hosting fundraiser for Mooseheart

BY ANDREW HEISERMAN

STAFF WRITER

ROCHELLE – The Rochelle Moose Family Center is hosting two upcoming events to help earn funds to ensure that students and family teachers from Mooseheart are able to attend the annual Lincoln Highway Heritage Festival in August.

For more than 10 years, the Rochelle Moose Family Center has invited students and family teachers from Mooseheart, a child city and school in Aurora, to the Lincoln Highway Heritage Festival in Rochelle. Once arriving in Rochelle, the Moose feed them lunch, since they are all coming directly from church at Mooseheart.

After eating lunch, the kids help decorate the parade wagons, get candy ready for tossing to the crowd and fill up squirt guns if the weather is warm that day. Initially, only a small group from Mooseheart came to the festival, but as word spread, more and more students wanted to attend.

Last year more than 100 kids and family teachers attended and were all given \$10 to spend, a sack lunch and a wristband donated by the carnival company. At first Moose members took up a collection to give to the kids but they are now reaching out to the community for help.

The Women of the Moose are holding two fundraisers open to the public to help cover expenses. The first is a spaghetti and meatball dinner with salad, garlic bread and dessert. The event will take place on Feb. 15, from 4:30 to 7 p.m., at the Moose Lodge. The event will cost \$8 and there will also be a 50/50 raffle.

The second fundraiser will be held on March 17, and will be a traditional St. Patrick's Day meal with corned beef and cabbage and dessert. The event will cost \$9 and food will be served from 5 to 7 p.m., at the Moose Lodge. There will also be trivia covering St. Patrick himself, Illinois history and baseball history. Coin prizes will be awarded for all correct answers.

The Moose Lodge is located at 311 N. Main St.

CALENDAR

Mon., Feb. 10

5 to 6 p.m.— Rochelle Christian Community free Monday supper for all in need. The supper is served at St. Patrick Parish Center, 244 Kelley

DRUG & ALCOHOL AWARENESS

Opioids: Facts parents need to know

What are opioids?

There are legal opioids like prescription pain relievers and illegal opioids like heroin and illicit fentanyl.

Prescription opioids are powerful pain-reducing medications. Some prescription opioids are made directly from the opium poppy plant. Others are made by scientists in a laboratory although they have similar chemical structures

What is heroin?

Heroin is an addictive illegal drug made from morphine, a natural substance that is found in the seed pod of opium poppy plants in Southeast and Southwest Asia, Mexico, and Colombia. It is a type of opioid. Heroin can come in powder form or as a black sticky substance. Heroin can be injected, sniffed, snorted, or smoked.

Heroin may have many street names including Big H, Black Tar, Chiva, Hell Dust, Horse, Negra, Smack, and Thunder.

What is the connection between prescription opioids and heroin?

Prescription pain relievers and heroin are chemically similar and produce similar effects. You can become addicted to both and overdose on both. Some people get addicted to prescription opioids and then switch to heroin. Others simply start using heroin.

In some communities, heroin is cheaper and potentially easier to get than prescription opioids, which is why some people who are addicted to prescription opioids sometimes switch. Data from 2011 showed that an estimated 4 to 6 percent who misuse prescription opioids switch to heroin4–6 and about 80 percent of people who used heroin first misused prescription opioids.4–6

More recent data suggest that heroin is frequently the first opioid people use. In a study of those entering treatment for opioid use disorder, approximately one-third reported heroin as the first opioid they used regularly to get high.7

What are the effects of heroin on the brain, body, and behavior?

Just like other opioids, heroin binds to the opioid receptors in the brain and body, causing euphoria and relieving pain. This means that the short-term and long-term effects will be similar to those experienced from prescription opioids. However, people who inject heroin can also experience collapsed veins.

Additionally, people who inject drugs increase their risk of getting HIV or hepatitis C. These diseases are passed from person to person through blood and other bodily fluids. When people share needles or other drug equipment, they can come into contact with these fluids. HIV, and less often hepatitis C, can also be spread through unprotected sex.

What are the most commonly used prescription opioids?

Common opioid medicines include: hydrocodone (Vicodin®)

oxycodone (OxyContin,® Percocet®)

oxymorphone

morphine (Kadian,® Avinza®)

fentanyl

How do opioids affect the brain and make people feel high?

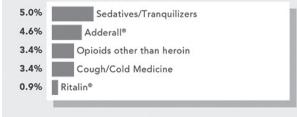

Opioids attach to and activate opioid receptors located in many areas of the brain, spinal cord, and other organs in the body, especially those involved in feelings of pain and pleasure.

When opioids attach to these receptors, they block pain signals sent from the brain to the body and release large amounts of dopamine in the brain's reward regions. Dopamine is the chemical responsible for motivating our actions and repeating pleasurable experiences. This release can strongly reinforce the act of taking the drug, making the user want to take the drug again and again despite negative consequences.

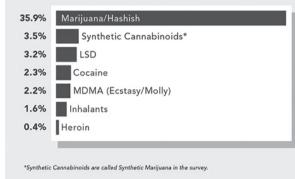

Past-Year Misuse of Prescription/ Over-The-Counter vs. Illicit Drugs

Among 12th graders in 2018

PRESCRIPTION/OTC

ILLICIT DRUGS

What are the health effects of opioids?

In the short-term, opioids can relieve pain and make people feel relaxed. However, opioids can also have harmful effects, including:

extreme drowsiness

confusion nausea

constipation

slowed breathing

Over time, opioid use and misuse can lead to insomnia, muscle pain, heart problems, pneumonia, and

How do people use opioids?

Prescription opioids are prescribed by doctors to treat pain and other health issues, such as controlling coughs and diarrhea. When used as prescribed and for a short time, opioids are relatively safe. But when they are misused, they can be dangerous.

People misuse opioids by:

taking a prescription in ways other than instructed. like taking more than prescribed or taking it more often getting and using prescription pills from a friend or family member, even if it's for a real medical condition taking prescription drugs to get high

mixing prescription opioids with alcohol or other drugs crushing pills or opening capsules, dissolving the powder in water, and injecting the liquid into a vein, or snorting the powder.

Some opioids, like heroin, aren't available by prescription. People use these drugs just to get high.

How many teens misuse opioids?

According to NIDA's annual Monitoring the Future Survey of eighth, 10th, and 12th graders, the use of one popular prescription opioid, Vicodin®, has been decreasing since 2009.8 In 2018, 1.7 percent of 12th graders misused Vicodin. These declining numbers likely reflect the hard work of parents and local community public health experts. However, opioid misuse rates increase after the age of 18, so it is critical to talk with teens early and frequently, to reinforce these health messages as they prepare to leave home and start their adult lives. For more information, please visit NIDA's Drug and Alcohol Use in College-Age Adults in 2017 infographic.

Why do young people use opioids?

Curiosity, peer pressure, and the desire to fit in with friends are common reasons that preteens and teens start misusing opioids. For some, opioid use begins as a way of coping with anxiety, anger, depression, or boredom. Preteens, and teens in particular, may struggle with depression and anxiety but do not recognize it or want to talk about it. Parents often assume there is nothing wrong if their children do not discuss their feelings. Being high can be a way of simply avoiding the problems and challenges of growing up. Parents. grandparents, and older siblings are models who children follow, and research suggests that family members' use of alcohol and drugs plays a strong role in whether a young person starts using drugs, such as opioids.

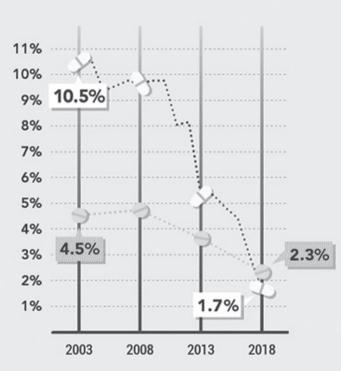

Addiction means a person continues to seek and take the drug despite negative consequences. All aspects of the teen environment—home, school, and community—can influence if they will try, or even become addicted to drugs.

Still, drunk drivers got behind the 1.9% 2.2% wheel millions of times in 2010. report driving after report driving after These data show what's drinking too much drinking too much happening in your state

DRUNK DRIVING LAWS All 50 states and the District of Columbia have laws in place to protect the public from drunk drivers (e.g., driving is illegal with · In Illinois, sobriety checkpoints are allowed · Ignition interlock laws and license suspensions vary by state. For up-to-date information on your state. check with the Insurance Institute for Highway Safety at www.iihs.org

For More Information

Visit the Centers for Disease Control and Prevention Web site at www.cdc.gov/motorvehiclesafetv for:

- Injuries, costs, and other data
- Detailed information on effective strategies to reduce or prevent drunk driving

Drunk driving laws

Drunk driving laws make it illegal nationwide to drive with a BAC at or above 0.08 percent. For people under 21, "zero tolerance" laws make it illegal to drive with any measurable amount of alcohol in their system. These laws, along with laws that maintain the minimum legal drinking age at 21, are in place in all 50 states and the District of Columbia, and have had a clear effect on highway safety, saving tens of thousands of lives since their implementation.

Sobriety checkpoints

Sobriety checkpoints allow police to briefly stop vehicles at specific, highly visible locations to see if the driver is impaired. Police may stop all or a certain portion of drivers. Breath tests may be given if police have a reason to suspect the driver is intoxicated.

Ignition interlocks

Ignition interlocks installed in cars measure alcohol on the driver's breath. Interlocks keep the car from starting if the driver has a BAC above a certain level, usually 0.02 percent. They're used for people convicted of drunk driving and are highly effective at preventing repeat offenses while installed. Mandating interlocks for all offenders, including first-time offenders, will have the greatest impact.

Alcohol screening and interventions

Alcohol screening and brief interventions take advantage of "teachable moments" to identify people at risk for alcohol problems and get them treatment as needed. This combined strategy, which can be delivered in health care, university, and other settings, helps change behavior and reduces alcohol-impaired crashes and injuries.

School-based programs

School-based instructional programs are effective at teaching teens not to ride with drunk drivers. More evidence is needed to see if these programs can also reduce drunk driving and related crashes.

🚛 Binge drinking 🌉 🚛

Working together, we can help keep people safe on the road—every day.

Cancer of the breast, mouth, throat, esophagus, liver, and colon. Memory and learning problems. Alcohol dependence.

Binge drinking costs everyone

Drinking too much, including binge drinking, cost the United States \$249 billion in 2010, or \$2.05 a drink. These costs resulted from losses in workplace productivity, health care expenditures, criminal justice costs, and other expenses. Binge drinking was responsible for 77 percent of these costs, or \$191 billion.2

Preventing binge drinking

The Community Preventive Services Task Force recommends evidence-based interventions to prevent binge drinking and related harms.11 Recommended strategies include:

Using pricing strategies, including increasing alcohol taxes.

Limiting the number of retail alcohol outlets that sell alcoholic beverages in a given area. Holding alcohol retailers responsible for the harms caused by illegal alcohol sales

to minors or intoxicated patrons (dram shop liability). Restricting access to alcohol by maintaining limits on the days and hours of alcohol

retail sales.

Consistently enforcing laws against underage drinking and alcohol-impaired driving. Maintaining government controls on alcohol sales (avoiding privatization).

Screening and counseling for alcohol misuse.

percent or above. This typically happens when men consume 5 or more drinks or women consume four or more drinks in about two hours.4 Most people who binge drink are not alcohol dependent.1

Who binge drinks? One in six US adults binge drinks about four times a month, consuming about seven drinks per binge. This results in 17 billion total binge drinks consumed by

INGE drinking is a serious but preventable public health problem.

on Alcohol Abuse and AlcoholismExternal defines binge drinking as a pattern of

drinking that brings a person's blood alcohol concentration (BAC) to 0.08 grams

Binge drinking is the most common, costly, and deadly pattern of

excessive alcohol use in the United States.1,2,3 The National Institute

adults annually, or 467 binge drinks per binge drinker.5 Binge drinking is most common among younger adults aged 18–34 years, but more than half of the total binge drinks are consumed by those aged 35 and older.5

Binge drinking is twice as common among men than among women. Four in five total binge drinks are consumed by men.5

Prevalence of binge drinking by age group, 2015. This bar graph depicts the percentage of the total U.S. population age high school and up who report binge drinking. The percentage value for each category is as follows: high school students grades 9-12 are 17.7 percent, ages 18-24 are 25.1 percent, ages 25-34 are 25.7 percent, ages 35-44 are 19.6 percent, ages 45-64 are 13.7 percent, and ages 65 and up are 4.6 percent.

Binge drinking is more common among people with household incomes of \$75,000 or more and higher educational levels. Binge drinkers with lower incomes and educational levels, however, consume more binge drinks per year.5

Over 90 percent of U.S. adults who drink excessively report binge drinking in the past 30 days.1

Most people younger than age 21 who drink alcohol report binge drinking, often consuming large amounts.6,7

Binge drinking has serious risks

Binge drinking is associated with many health problems,8-10 including the following:

Unintentional injuries such as car crashes, falls, burns, and alcohol poisoning. Violence including homicide, suicide, intimate partner violence, and sexual assault. Sexually transmitted diseases.

Unintended pregnancy and poor pregnancy outcomes, including miscarriage and tillbirth.

Fetal alcohol spectrum disorders.

Sudden infant death syndrome.

Chronic diseases such as high blood pressure, stroke, heart disease, and liver disease.

VALENTINE'S DAY

Countdown to Valentine's Day with week-long fun

ILLIONS of people eagerly await the arrival of the shortest month of the year for the opportunity to show their spouses, girlfriends, boyfriends, companions, and many other special people in their lives how much they are loved. Even though Valentine's Day is just one day a year, that doesn't mean it should be the only time one expresses his or her love for a special

With this in mind, individuals can count down the days to Valentine's Day with these daily events that precede the day of love.

Feb. 7: Rose Day

Celebrate love with a vase filled with roses. Red symbolizes love, and many other colors represent heartfelt emotions. The flowers will add to home decor and ambiance.

Feb. 8: Proposal Day

Couples ready to tie the knot can use this day as an opportunity to propose. Those already engaged or married can spend Proposal Day celebrating the events that led up to their own engagement or betrothal, and toast how their relationships have

Feb. 9: Chocolate Day

Lavish a loved one with all the decadent treats they enjoy. These can include store-purchased chocolates, chocolate fudge sundaes or warm brownies fresh out of the oven.

Feb. 10: Teddy Day

This day can be interpreted in different ways. Couples adding spice to their relationships can celebrate Teddy Day with the lingerie of the same name. Those looking for a more G-rated experience can gift each other with an adorable stuffed bear. Make-your-own stuffed animal retailers at nearby malls are a place to turn for customizable teddy

Feb. 11: Promise Day

Promise Day provides an opportunity to make promises to each other that are specific to couples' relationships. These can include being more patient, traveling more or spending more time together. Feb. 12: Hug Day

On this day the world celebrates the uplifting and comforting power of hugs, which can be powerful expressions of love.

Feb. 13: Kiss Day

Couples can pucker up and spend a few extra moments showing their affection with some kisses. The lips are quite sensitive to touch, and kissing is one of the more renowned expressions of intimacy.

Show love all week long leading up to Valen-

Sentiments that the colors of roses are meant to convey

OSES are a popular gift on Valentine's Day. When accompanied by a box of chocolates, a bouquet of longstemmed roses is sure to make a sweetheart smile on Feb. 14.

Few people may know that the color of a rose is meant to convey a certain message. As a result, even the most head-over-heels-in-love man or woman may not be saying what they mean to say when giving roses. If that special someone has a favorite color of rose, then it might be wise to give that color regardless of what tradition suggests. But when sweethearts have no such preferences, it might be best to keep this guide, courtesy of Pro-Flowers®, in mind.

Red: Red roses say "I love you."

Red is symbolic of love, especially romantic love. Red also symbolizes beauty, courage and respect.

Pink: Pink is a popular color on Valentine's Day, but sweethearts should know that pink roses say "Thank you," which makes them a better choice for friends than "We are a great match."

Peach: Peach symbolizes intimacy, telling a lover, "Let's make this a memorable Valentine's Day.'

SATURDAY, FEBRUARY 15 - DOORS OPEN AT 5:30PM

Different color roses say different things, meaning Valentine's Day celebrants can find a rose to convey any message they hope to send this Feb. 14.

Hubs clip Cardinals

Rochelle overcomes slow start to dominate Stillman Valley 75-62

BY RUSSELL HODGES

SPORTS EDITOR

ROCHELLE — A

stern message from head coach Tim Thompson set the Rochelle boys basketball team into high gear when the Hubs hosted nonconference foe Stillman Valley on Wednesday.

The Cardinals opened the contest with a 7-0 run over the Hubs, who went scoreless over roughly the first four minutes of action. Rochelle called a timeout to reset, and the Hubs responded with fervor, dominating the second and third quarters and coasting to a 75-62 win over Stillman Valley.

"We came together after the first quarter and coach Thompson wasn't happy about that run," senior Seth Gould said. "We knew we shouldn't have let that happen, and from that point, we were in agreement that we weren't going to let that team beat us."

Rochelle erased Stillman Valley's lead with a 9-0 spurt early in the second quarter behind a drop-off layup and a corner 3-pointer from sophomore Tanner Lager, who has missed the bulk of the season with a

lower-body injury. With his team leading 25-19, Rochelle guard Garrett Burdin took over the final minutes of the first half, putting two layups home before sinking back-to-back 3-pointers. The Hubs took a 36-29 lead over the Cardinals into halftime.

"It felt good to get the win tonight and it feels good to get back into the mix," Lager said. "I started strong in the sophomore game and I was able to get into my rhythm. I shot the ball well tonight, and I'm hoping to play a role with the varsity team as the season moves on."

The Cardinals had no answers for Rochelle's fast-paced offense in the third quarter, where eight Hubs entered the scorebook including Gould, who scored all 12 of his points in the second half. Guards Spencer Warborg and Landan Martin each knocked down triples for the Hubs, who blew the game wide open with a 62-44 advantage entering the fourth quarter.

"I knew I could score against these guys," Gould said. "I got to the rim a lot in the first half, but I wasn't able to finish my shots. I told myself during

(PHOTO BY RUSSELL HODGES)

Senior Seth Gould extends around Stillman Valley's Justin Fisher for a layup during Rochelle's basketball game against the Cardinals on Wednesday.

halftime that layups are my specialty and I need to make them... Having so many players score really motivates us. When we hear the crowd scream-

ing for every player, those cheers motivate us to finish the game strong."

Rochelle led by as many as 22 points in the fourth quarter before Still-

man Valley came within 13 points behind a strong effort from Evan Davidson, who led the Cardinals with 18 points. Martin scored a team-high 19 points for the Hubs, with Burdin adding 16 points and Lager totaling seven points. Seniors Austin Brown and Ben Hickey combined for 11 points.

RTHS Girls Basketball

Lady Hubs earn emotional victory over Plano

Rochelle edges Reapers 50-47 as players show support for Lodico family

BY RUSSELL HODGES
SPORTS EDITOR

ROCHELLE — The Lady Hubs were playing for more than just one victory when Rochelle took on the Plano Reapers at home for an Interstate 8 Conference

basketball game Thursday

evening.

With several players wearing blue headbands and garments in support of teammate Bella Lodico, the Lady Hubs went down to the wire before ultimately edging out the Reapers 50-47 and snapping their 15-game losing streak. In a show of sportsmanship, Plano players also wore blue on Thursday, and team captains presented Lodico with flowers and a card for her mother Tricia,

who's currently battling cancer, before tipping off the conference battle.

"It felt really great to know that I can rely on my teammates and the com-

munity to support me and

my family," Lodico said.
"We're always looking out
for each other... They said
before the game that not
only were they playing for
me, but they were playing
for my mom, and that really stuck with me. I think
that's something that will
stick with me for the rest
of my life."
Fittingly, Lodico was

of my life."

Fittingly, Lodico was the player who sparked the Rochelle offense in the first quarter, scoring six straight points on an old-fashioned 3-point play and a 3-pointer from the left elbow to tie the game 15-15 entering the second quarter. Despite Plano's Maddie Jule making three triples and totaling 15 first-half points, the Lady Hubs (4-24, 1-12 Interstate 8)

held a 25-23 lead.

"I feel like we took a step forward tonight," Lodico said. "We're going to have more confidence as we prepare for our next game."

HUB SPOTLIGHT

Smith commits to Kishwaukee College

BY RUSSELL HODGES

SPORTS EDITOR

■ MMA Smith's versatility on the front line helped the Lady Hubs win more varsity volleyball matches this season than any team in Rochelle Township High School history. Smith will be taking her talents to the collegiate level next season, continuing both her academics and athletics with the Kishwaukee College Lady Kougars.

"I'm starting my academics at Kishwaukee and taking my general education classes there so I can save some money and stay close to home," Smith said. "The coach reached out to me and asked me if I was interested in playing, and since I'm already studying there, I thought I'd play as well. I love volleyball, and if I have a chance to keep going, I'm going to take it."

Smith spent four years with the RTHS volleyball program and two years with the varsity team. The senior played multiple positions for the Lady Hubs including middle blocker, outside hitter and right side. Smith, an Interstate 8 Academic All-Conference honoree this season, recorded 64 kills and finished second on the team with 20 blocked shots

"I'm excited to keep going," Smith said. "I've been playing club volleyball for many years, but having the opportunity to play at the next level is a goal that I'm excited to achieve... Playing at Rochelle has helped me become an allaround and more well-rounded player. I've played all three front-row positions and I've played in the back row."

Smith was one of five seniors who guided the Lady Hubs to a school-record 21 victories this fall. Rochelle reached the IHSA 3A Regional Finals in each of Smith's two varsity seasons under head coach Molly Sly. Smith, who currently plays for the No Limits Volleyball 18U team, will be the fourth RTHS player (Katie Roush, Ali VanVickle and Faith

(PHOTO BY MARCY DELILLE)

Rochelle senior Emma Smith will continue her education and her volleyball career at Kishwaukee College next year.

Roush) to suit up for the Kishwaukee College women's volleyball program in the last six years.

"I'm hoping that I can bring a lot of energy and I'm hoping that we can have a lot of fun," Smith said. "Volleyball is a

fun sport and I want to enjoy it.' "Emma's going to do great at Kishwaukee College," Sly said. "She can play the front row at a high level and she's willing to put in the work to play the position her team needs her to play."

"I'm excited to keep going. I've been playing club volleyball for many years, but having the opportunity to play at the next level is a goal that I'm excited to achieve... Playing at Rochelle has helped me become an all-around and more wellrounded player. I've played all three front-row positions and I've played in the back row."

Free throws loom large as Hubs outlast Plano

Brown keys 8-for-8 finish from the stripe as Rochelle wins 73-70

BY RUSSELL HODGES

SPORTS EDITOR

ROCHELLE — Senior guard Austin Brown had been going headto-head with Rochelle coach Tim Thompson in free-throw shooting contests during a few of the team's recent practices. Those friendly competitions were put to the test Friday night, when the Hubs needed Brown to step up at the line during the final moments of their Interstate 8 Conference

game against Plano. Rochelle held a 26-point advantage over the Reapers early in the third quarter, but Plano flipped the game on its head after switching to a 1-2-2 defensive press. The Reapers brought the Hubs within only a few points late in the fourth quarter, but Rochelle went 8-for-8 from the free-throw line down the stretch, with Brown sinking six of those shots to help the Hubs survive Plano 73-70. Brown finished with a game-high 21 points for Rochelle (14-

11, 5-5 Interstate 8). 'Coach [Thompson] and I have had some free-throw contests recently," Brown said. "When I walked up to the free-throw line tonight, I thought about beating coach Thompson. I was able to stay calm under pressure and make some free throws for our team." While Plano's furious fourth-quarter comeback

put the Reapers in a position to win Friday's game, Rochelle was the team to dominate the early portion of the second half. Leading 36-27, the Hubs nearly blew Plano out of the gym, breaking off an 18-1 run that included three 3-pointers from junior guard Garrett Burdin and a triple from Brown. Rochelle capitalized on poor Reaper passes, intercepting balls in the open court and creating easy scoring chances.

"Shooting's contagious," Brown said. "When we make one shot, we hear the fans go crazy and we feed off their energy. We know we can create easier shots by getting takeaways, and we were passing up good shots for great shots. We were pressuring the ball, and we felt they were trying to force the ball and make flashy passes."

The scoring surge put Rochelle ahead 54-28 halfway through the third quarter, prompting the Reapers to begin implementing their 1-2-2 threequarter press. The Hubs struggled to move the ball against Plano's press, with back-court and sideline turnovers creating extra offensive possessions for the Reapers, whose superior size started to factor into the game.

Behind 6-foot-8 forward Griffin Cross and 6-foot-6 forward Robbie Taylor, Plano closed the third quarter on a 12-4

(PHOTO BY RUSSELL HODGES)

Senior Austin Brown keeps the ball away from Plano defender Patrick Johnson during Rochelle's game against the Reapers on Friday. Brown scored a team-high 21 points including six free throws in the final minute.

run before opening the fourth quarter with 10 unanswered points. With 2:18 remaining in the game, the Reapers were on a 21-7 stretch and only down 65-61.

"We had a lot of miscommunications,"Brown

said. "We weren't flashing in the middle and we were making a lot of bad moves with the ball... We knew we had to want it more. They were a lot bigger than us, and the last time we faced them, they pounded us on the boards."

Brown's first pair of free throws in the final minute led to a quick 3-point rebuttal from Plano guard Gabe Rodriguez to make it 69-68 Rochelle with 29 seconds remaining. After Brown hit two more freebies, Cross knifed through

the Hub defense for a layup before the Reapers used their final timeout trailing 71-70 with 6.1 seconds to go. Rochelle successfully inbounded the ball to senior Landan Martin, who swished two free throws to finish with 19 points.

Heather

Graham

Love Ever After Movie Event Celebra-

Q: Whatever happened to Heather Graham? She was everywhere about 20 years ago, but I haven't seen her in anything in quite some time. -- C.T.

131 HALL Love Ever After Movie Event

A: Heather Graham first made it big as a teen actress in the '80s comedy film "License to Drive," but it was her serious role in "Drugstore Cowboy" with Matt Dillon that really got her noticed. She later starred in an "Austin Powers" movie, but got the most attention for playing Rollergirl in the movie "Boogie Nights."

She's actually worked steadily for the past three decades, including another blockbuster comedy, "The Hangover," and she's had regular roles on TV series like "Californication," "Angie Tribeca" and "Get Shorty." Now, at 50 years old, Graham is no longer

considered an ingenue, but fortunately her career is still thriving. She stars in the independent film "The Rest of Us," which opens in theaters this February, and she can be seen in the upcoming CBS All Access limited series "The Stand." Yes, it's based on the Stephen King novel of the same name that also was made into a miniseries in the '90s.

Q: Is there still going to be a TV miniseries about the Clinton-Lewinsky affair and, if so, who will be playing those two famous characters? -- T.R.

A: "American Horror Story" executive producer Ryan Murphy is part of the team

developing "American Crime Story: Impeachment" for the FX Channel. No, it isn't about our current president, but instead it's

Love Ever After Movie Event Celebra-

about former President Bill Clinton's affair with White House intern Monica Lewinsky. Clive Owen ("Closer") and Beanie Feldstein ("Booksmart") will star in the key roles. Murphy's muse Sarah Paulson will

Love Ever After

play Monica's confidante Linda Tripp, and Billy Eichner ("The Lion King") was recently cast as Matt Drudge of The Drudge Report, the website that broke the story of the scandal in the late '90s.

The limited series will begin filming in March, and in addition to the public story we all know, it's also based on the book "A Vast Conspiracy" by Jeffrey Toobin. A premiere date hasn't been set.

Q: My sister told me that Taylor Swift is engaged to be married to the British actor she's been with for a few years now. Is this true? -- W.P.

A: No, the country-turned-pop superstar is not engaged, but she has been with actor Joe Alwyn for three years now. She's much more discreet about this relationship than she was with actors Tom Hiddleston, Jake Gyllenhaal and other big names. In her new documentary on Netflix, "Miss Americana," Swift keeps her life with Alwyn private, but she does open up about her insecurities, including her unhealthy issues in the past with food and wanting everyone's approval.

GIRLS: Lady Hubs record first I-8 Conference win

Junior Afi Gati works through contact from Plano's Kyla Waller during Thursday's basketball game against the Reapers.

"It feels good to get this win, especially because this was for Bella's mom. We did our best to work as a team... we stayed together." Sam House

From page 1

"We know we can play together, and we know we can take the energy we have on our home court and bring it with us on the road."

Behind two 3-pointers from Sam House, who led the Lady Hubs with 13 points in the victory, Rochelle remained slightly ahead throughout the third quarter. The Lady Hubs shut down Plano forward Kyla Waller, who finished with only seven points on three field goals. Rochelle led the Reapers 37-34 entering the fourth quarter, APARTMENT AVAILABLE

where Jule scored just two points for Plano.

"It feels good to get this win, especially because this was for Bella's mom," House said. "We did our best to work as a team, and even though we were on a 15-game losing streak, we stayed together. I just had to concentrate and think about my team. We're very proud of this win."

Junior forward Afi Gati stepped up during a critical sequence in the fourth quarter, chasing down three offensive rebounds resulting in a corner 3-pointer from sophomore Josie

Lundquist, who recorded 12 points in the game. Lundquist's triple put Rochelle up 45-41, and a free throw from Sofia Lenkaitis, who had 10 points on Thursday, extended the Lady Hub lead.

Plano nearly rallied to steal the lead away in the final minute, converting two field goals back-toback and making it a 46-45 game with 46.4 seconds remaining. The Reapers fouled to stay alive, but Lundquist and Lenkaitis each knocked down a pair of free throws to seal the victory.

RTHS Boys Bowling

Hubs show growth in first season under Lyles

New head coach excited for future of Rochelle program

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE — Jim Lyles started seemingly from scratch when he took over as head coach of the Rochelle boys bowling program this winter. While the Hubs didn't record many victories in his first season, Lyles knows the team has

nowhere to go but up. Rochelle went 1-12 overall this season, finishing fourth in the Interstate 8 Conference and sixth in the IHSA Oregon Regional at Dixon's Plum Hollow Lanes. The Hubs made every pin count in their lone victory, defeating the Geneseo Maple Leafs by only seven pins. For Lyles, this season was about laying the groundwork for future success.

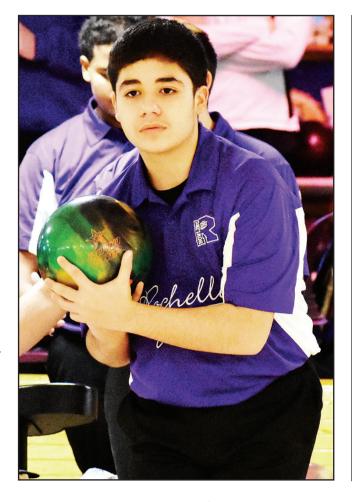

"I thought we had a successful season," Lyles said. "A lot of the guys didn't have their own bowling balls and we were able to fit them for balls throughout the season. We have a lot of kids already practicing for next season, and we've seen the High School League at T-Byrds increase from 10 players to 25 players which

is great... A lot of kids made big improvements this season, and I thought they really enjoyed themselves."

Senior Logan Ortega was Rochelle's top bowler for most of the season, and although Ortega will be the only senior graduating from the varsity team, there are several eligible returners who can step up for the Hubs next season. Rochelle rostered four varsity sophomores this winter including Dylan Milton, Sergio Guevara, Devansh Patel and Maddex Ramos. Junior John Henson may also return after qualifying for sectionals as an individual.

"The kids have a lot of passion and they're all looking to get better," Lyles said. "Even the junior varsity bowlers are practicing here a lot so they can improve. I think we have a chance to have a solid six-man roster next season, and that's something we didn't really have this season. We didn't really know who we've have this season other than Logan and Sergio... I'm excited."

Only two bowlers from the junior varsity team are graduating seniors (Nick

Sophomores Sergio Guevara (left) and Devansh Patel (right) both saw significant improvements with the Rochelle varsity boys bowling team this season.

Jensen and Jordan Dobberstein), meaning there will be plenty of competition for roster spots when the Hubs return to the lanes next season. Lyles said the

keys during the offseason will be continued practice, particularly in picking up spares, and team bonding.

"The kids have bonded well and a lot of them prac-

tice together, which is good for building team chemistry," Lyles said. "There's good friendly competition. and I think they'll be much closer next season... The

kids came together at the end of the season, where we got our first win and won a few games in conference play. We know now that we can win."

RTHS Girls Basketball

(FILE PHOTO BY RUSSELL HODGES)

Sophomore Lucy Bunger scored six points in Rochelle's game at Morris on Tuesday.

Lady Hubs fall against Morris

MORRIS — The Rochelle girls basketball team trailed by only two points heading into the fourth quarter of its Interstate 8 Conference game against the Morris Redskins on Tuesday.

The Lady Hubs held Morris to four third-quarter points, and the girls entered the fourth quarter trailing 27-25. The Redskins were too strong in the end, however, outscoring Rochelle 15-7 over the final eight minutes and winning 42-32.

Sophomore Josie Lundquist led Rochelle with 11 points and six rebounds in the loss, while Sam House added eight points and eightrebounds. Sophomore Lucy Bunger scored six points, and Afi Gati grabbed five rebounds. Morris led the Lady Hubs 23-17 at halftime.

RMS Girls Basketball

Royals take down **Belvidere Central**

ROCHELLE — The Rochelle Middle School eighth grade girls basketball team moved to 3-1 overall on the season after splitting games against Sycamore and Belvidere Central this past week.

Rochelle faced Sycamore this past Tuesday, falling by a score of 55-29. Megan Seebach led the Royals with 12 points,

while Sydney Tabor added

nine points. The Royals bounced back this past Thursday with a victory against Belvidere Central despite two starters out with injuries. Hayvin Neale scored nine points for Rochelle, with Seebach adding eight points and both Haley Bozinovich and Bailey Vondergathen totaling six points.
