Central Bank Illinois commits \$25,000 to community project

ROCHELLE—Years of planning and hard work has become a reality, thanks to the support of the community of Rochelle and now a sponsorship commitment from a local bank.

On April 2, voters approved the funding of a community recreation center to be built by the Flagg-Rochelle Community Park District. The goal of building a community center is to serve as a centralized 'hub' to improve the quality of life in Rochelle and the surrounding areas.

The facility will allow for a variety of activities from basketball, soccer, volleyball, softball/baseball with the indoor turf and multi-purpose flooring field house, to swimming, water aerobics and lessons in the

aquatic center. It will also include a 24-hour, sevenday a week state-of-the-art fitness center and a group fitness classroom as well as two multipurpose rooms and an outdoor patio for gathering space.

Construction is progressing with the field house already framed and pre-cast installed. The next step is to finish the roof on the field house. After that, framing will begin further west, which will include

the fitness and aquatic centers, classrooms, the administration area and the lobby. The goal is to have construction completed in September 2020.

"Rochelle deserves this investment into our com-

munity, and the park district is thankful for the support from the community, as well as businesses like Central Bank. We are happy to announce their sponsorship towards the rec [center]," said Jackee Ohlinger, executive director of the Flagg-Rochelle Community Park District.

"Central Bank is happy to be a supporter of the Flagg-Rochelle Community Park District effort to bring the community recreation center to Rochelle," said Jeff Glen, market president for Central Bank Illinois. "The rec [center] will be an asset to the entire area and Central Bank is proud to be able to contribute."

County says no to pot

BY BRAD JENNINGS

OGLE COUNTY LIFE EDITOR

OREGON – The Ogle County Board has voted to prohibit the sale of recreation marijuana in the county, but that could change.

"We can opt into that at any time," said County Board Chairman John Finfrock about selling recreation marijuana in the county.

The board voted 18-2 at its Dec. 17 meeting to – for now – not allow the sale or growth of recreational pot in unincorporated areas of the county. Individual municipalities can still approve their own marijuana ordinances.

Finfrock said that the main concern is that the county has not received enough information from the state on how the cannabis operations will work.

"We want a lot more information about it," he said. "There's so many things up in the air that we're not sure of."

One of those things is taxes, and what the real tax dollars flowing into the county from recreational marijuana sales would

President Donald Trump speaks during a campaign rally at Kellogg Arena, Wednesday, Dec. 18, in Battle Creek, Michigan, as the U.S. House voted along partisan lines to impeach him.

U.S. House votes to impeach Trump on two counts

BY DAN MCCALEB, GREG **BISHOP AND DAVE LEMER**

THE CENTER SQUARE

SPRINGFIELD — For just the third time in the nation's 243-year history and with no Republican support, the U.S. House of Representatives voted Wednesday night to impeach the president of the United States.

President Donald Trump stands accused of abusing his power for his own political gain by engaging in an alleged quid pro quo with the Ukrainian government to interfere in the 2020 election, and of obstructing Congress in its efforts to investigate the alleged abuse.

The votes in favor of impeachment on the two

articles accusing Trump of abuse of power and obstruction of Congress were almost exclusively

along partisan lines. The House first voted 230-197 to impeach on the article alleging abuse of power. Two Democrats joined all Republicans against it and another Democrat, presidential candidate Tulsi Gabbard, voted present. The House then voted 229-198 to impeach on the article alleging obstruction of justice. Three Democrats joined all Republicans against it. Gabbard also voted present on the second article. Former Republican U.S. Rep. Justin Amash, I-Michigan, voted for both articles as an Independent.

Bank's annual food drive brings in more than 1,000 pounds of non-perishables

This year's drive collected 1,407 pounds of non-perishable food items during the weeklong event. Now in its 12th year, the bank's annual food drive has collected more than 12,000 pounds of food since its inception in 2008.

The Christmas Food Drive kicked off at all Stillman Bank locations on Friday, Dec. 6 and continued through Saturday, Dec. 14. Donations were made just in time for Christmas to several area food pantries including Bread of Life pantry in Stillman Valley, People Helping People in Byron, Lifeline in Oregon, Hand in Hand in Rochelle, Old Stone Church Pantry in Rockton and the Veteran's Drop-In Center in Rockford.

VOTE: Impeachment decision now goes to trial in Senate

From page 1

As the House made the historic impeachment votes for only the third time, Trump took the stage in Michigan during a campaign rally.

"With today's illegal unconstitutional and partisan impeachment, the do-nothing Democrats—and they are do-nothing, all they want to do is focus on this—what they could be doing, are declaring their deep hatred and disdain for the American voter," Trump said. "This lawless partisan impeachment is a political suicide march for the Democratic Party."

Trump also touted his record on jobs and the "greatest economy in this country's history.'

"While we're creating jobs and fighting for Michigan," Trump said, "the radical left in Congress is

consumed with envy and hatred and rage. You see what's going on. These people are crazy."

During more than seven hours of debate before the historic vote, Democratic members of Congress said Trump clearly abused his power to withhold funding from Ukraine in exchange for their investigating a political rival. Republicans said the impeachment process was a political sham and there was no evidence against the president, noting that many Democrats wanted to oust Trump from office the moment he was elected.

U.S. Rep. Sean Casten, D-Illinois, took to the House floor Wednesday explaining why he supported impeachment. He acknowledged the partisan cloud over the vote.

"So when you talk about partisanship, I'd remind you of those great words of [Abraham] Lincoln, I'm paraphrasing him slightly, when one party would inflame partisanship rather than let the nation survive, I'm proud to be the party that would accept partisanship than to let the nation perish," Casten said.

While impeachment was assured in the Democrat-controlled House, the matter now moves to trial in the Senate, where Republicans hold a slim majority. Although House Speaker Nancy Pelosi late Wednesday refused to commit to sending the articles of impeachment to the Senate, saying she "wants to see what happens over there" first.

be met. The House required

a simple majority vote to impeach.

U.S. Rep. Dan Meuser, R-Pennsylvania, said Democrats provided no evidence Trump abused his power of office.

"Abuse of power? Not according to the Ukraine,' Meuser said during his floor remarks. "President Zelensky confirmed many times that there was no quid pro quo, no action taken, and significant military aid was delivered without anything in return. Of course, his words have been conveniently dismissed." Trump joins Presidents

Bill Clinton and Andrew Johnson as the only presiand Johnson were acquitted by the Senate, as Trump is expected to be. Congress began an impeachment inquiry into President Richard Nixon, but he resigned from office before a vote was taken.

The articles of impeachment specifically accuse Trump of withholding \$400 million in military aid to the Ukraine unless and until Ukrainian President Volodymyr Zelensky announced an investigation into former Vice President (and Trump political rival) Joe Biden and his son Hunter's business dealings in the country.

During the administration of former President Barack Obama, Hunter Biden took a paid position on the board of Ukrainian energy giant Burisma while his father was vice president, a decision Republicans say was ethically wrong.

Biden leads most national polls in the race to be the Democratic nominee for president to run against Trump in 2020.

PARK: Bank sponsoring rec project

From page 1

On Thursday, Central Bank announced a sponsorship of \$25,000 to the park district's rec center project.

The culmination of the rec center project represents years of work on the part of the park district board, executive director Ohlinger, staff and

many members of the community.

"The rec [center] is a long-term dream come true for the Rochelle area. A lot of work and thought went into this project and I believe we will all reap the benefits for years to come," said Dale Wells, park district treasurer and Central Bank officer.

Mic Brooks, vice president of the

park district board and officer for Central Bank Illinois added, "We are very pleased that Central Bank Illinois is supporting this project through their participation. This is a perfect example of a positive collaboration between local government and local businesses that works to make things happen in our community."

COUNTY: Solar moratorium extended

From page 1

The county first discussed recreation marijuana at its Aug. 20 meeting, when Kim Gouker was still chairman of the board. Gouker died in September. At the time, Gouker said he felt personally that the county should opt out, but that more information was needed.

The board also agreed at the meeting on a close 12-8 vote to extend the county's moratorium on the development of solar power. The county first adopted the moratorium in August 2018 and has extended it several times since.

The new extension takes the moratorium until March 31, but

that could change "at any time," Finfrock said.

He said a solar sub-committee is close to finishing its work.

New chamber member welcomed

BY ANDREW HEISERMAN

STAFF WRITER

ROCHELLE – A ribbon cutting ceremony and small celebration was held Tuesday night to welcome a newe member to the Rochelle Chamber of Commerce.

Aldo's Pizzeria and The Red Brick Pub have been serving pizza and Italian dishes since opening their doors to downtown Rochelle 41 years ago in 1979. Recently Chet Olson, the former mayor of Rochelle and current interim chamber directo, reached out to Aldo Barone, the owner of the business, to invite him to join the Rochelle Chamber of Commerce.

Aldo gladly accepted the invitation and says that he is excited to be a part of the organization.

"Chet Olson invited me to join the chamber and I happily accepted," said Barone. "I am a proud downtown business owner and I am very happy to be here."

During the event, short speeches were given by Barone as well as city manager Jeff Fiegenschuh, thanking Barone for joining the chamber and all that he has done for the community and the downtown area.

During Barone's speech, he thanked the community for the support he has received through the years.

"Thank you to everyone for the 41 years of support. It has not always been easy, but it has been very rewarding," explained Barone. "There have been so many great things and so many friendly, loyal customers."

Following the speeches and ribbon cutting there was an appetizer buffet that included shrimp cocktails, pizzas and other traditional Italian dishes.

What's on your gift list?

Terry

admit it. I procrastinate. Christmas is ■ Wednesday and I still have shopping to do. I suspect there are also other procrastinators out there, so as a public service, I am suggesting some must

have gifts for this holiday season. For Harry Potter fans, a must have

Dickow is a Harry Potter Invisibility Cloak. I admit, this does

fascinate me. I have no idea how it works, but when you put it on you disappear...just like in the movies. You might expect to spend thousands, even hundreds of dollars on this unique gift but it is on sale in the Hammacher Schlemmer catalog for only \$69.95.

That 95 cents is a big psychological deal. Some people might not be willing to spend \$70 on the cloak, but \$69.95 is a bargain. Actually, it is on sale with a regular price of \$99.95.

For the busy executive, or teacher, or anyone who sits at a desk, there is the world's smallest train set for \$249.95. (Yes, all their prices end in 95, but for the sake of saving my

fingers, I will eliminate that important number in future references.) This train set sits on a desk and has a steam engine and tender that are nearly 4 inches long. It's a 1:220 scale model and looks pretty neat.

For the Star Wars fans, there is a Darth Vadar Levitating Helmet (\$199) and a Yoda Table Lamp (\$179), surely must have items with the last episode in the franchise out this week.

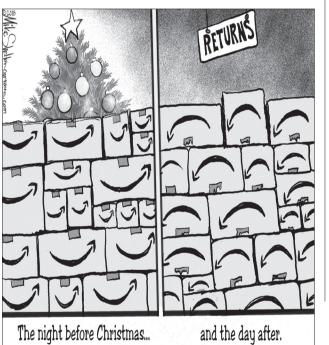

There is also a remote controlled toy forklift for \$149 but unless you have a toy warehouse, I don't know how much you can actually move.

Have a dog? You might be interested in the interactive dog bone for \$14. It rolls turns, flips and is designed to keep your bored dog engaged.

One present my wife and I agree on is a donation Rochelle Christian Food Pantry. There are a lot of people struggling this time of year, and the food pantry does make a difference.

Here's hoping you all have a Merry Christmas and happy holidays!

Terry Dickow is a retired elementary school teacher with lots of opinions, some you will like, some you won't. He can be contacted at terrydickow@gmail.com.

Tracking information says they're bringing gold, frankincense and myrrh.

Here is my Christmas wish list

H, Christmas. Magi-Lcal, right? The family, the food, the presents. All great things. Christmas gives pretty much everyone that nice warm feeling deep down inside.

I always enjoy traveling to Wisconsin for Christmas Eve to visit my wife's family. They are good people, and we get a chance to laugh, open some gifts and pretty much eat until we can barely make it to the car for the drive home.

Honestly, receiving gifts is not a big deal for me or really in our house. My wife and I treat ourselves to a pretty good life, which is well deserved after years of hard work and sometimes struggle. When Christmas comes around, there is not much we really want or need.

But I do have a couple of things I would like this year. These are

not only for myself, but for everyone. So, Santa, if you are listening, here is my Christmas list.

* I want everyone to be kind to each other. I know, it is a simple request that is heard often. But we need way more kindness in this country. We need more understanding and more compassion. We need less partisanship. We need less judging of others. We need to

stop belittling and bullying and supporting those who do.

* I want people to put their phones down when they are driving. Yes, it is against the law to be using a handheld device while driving. But I can't tell you the number of people I see texting and driving. The morning I wote this very column, I saw a young woman at a stop light in Byron starting at her phone. When the light

changed, she started to go, barely taking her eyes off her phone. That is not only unlawful, it is also terrifying. Too many people are killed every year

> because of this distracted driving. Put. Down. Your. Phone.

* I want the press to stop being targeted by certain public officials and members of **Brad** the public. Stop **Jennings** calling news "fake news." There is no

such thing as fake news. It is news or it isn't. Reporters nationwide are being threatened and bullied, even on a local level. This is unlawful and against everything this country stands for. Without a free press, we might as well become Russia or North Korea. Don't be one of those that battle a free press. You might not like what is reported, but that doesn't make it wrong

or "fake." True Americans want and support a strong, free press.

* I want people to respect the beliefs and lifestyles of others, even if they don't approve. We are a judgmental bunch of people, us Americans. But we are straight, gay, black, white, religious, nonreligious – we come in a wide variety of flavors, so to speak. One is not better than the other, just different. If you don't like or approve of what others believe, fine. Just keep it to yourself. We all have the right to be who and what we are. Plus, worrying about how other people live is exhausting. Don't we have enough to worry

* Finally, I wouldn't mind a new guitar. Hey, I'm human, right? Merry Christmas!

Shrine Game bound

Senior lineman Jandak selected to play in 2020 All-Star event

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE — Senior lineman Charlie Jandak will have one more high school football game

to play before his decorated career at Rochelle Township High School comes to an end.

The Illinois High School Football Coaches Association selected Jandak to compete in the 2020 Shrine Game at Illinois Wesleyan University next summer. The annual All-Star event brings the best high school players from around the state together for a week of community service culminating with the Shrine Game between the East All-Stars and the West All-Stars. skills, but also represent Rochelle Township High School in a positive way."

Jandak capped off his

four-year career with the Hubs as a two-time All-Conference First Team selection. The senior offensive and defensive lineman was the only player on this year's roster to be recognized as an All-Conference honoree by two different conferences including the Interstate 8 and the Northern Illinois Big 12, which dissolved before the season. The 2020 Shrine Game is scheduled for June 20, 2020 at Tucci Stadium in Bloomington.

"I'm looking forward to seeing where I stack up against other players in the state," Jandak said. "Being able to practice with and compete against some of the best competition in Illinois will really show where I am as a football player."

Jandak and the Shrine Game participants will be active in the community throughout the week leading up to the event. The festivities include a visit to the Shriners Hospitals for Children as well as the Central Illinois Miracle League Baseball Game and the annual banquet Friday evening.

Senior Charlie Jandak will represent Rochelle in the 2020 IHSFCA Shrine Game at Illinois Wesleyan University next summer.

ROCHELLE—Kevin Crandall's career as a high school football coach and athletic director spanned well over two decades, and the Rochelle Township High School Hall of Famer earned about as many accolades as one could obtain along the way.

Crandall retired from RTHS after the 2017-18 school year, but his dedication to the Rochelle community and Illinois high school football garnered recognition from the Illinois High School Football Coaches Association on Thursday. The IHSFCA selected Crandall to receive the 2020 Ray Eliot Award for his sportsmanship and munity.

his work in advancing the sportthroughout the Illinois high school football com-"I'm shocked," Crandall said. "I think it's really more of a team award. We had great players and great allowed me to be involved in some statewide events I otherwise wouldn't be involved in. Football has given me so much in my life, and it's a pleasure to work with the association and have the opportunity to give back to the game."

Crandall led three high school football programs including Bethany, Villa Grove and Rochelle to a combined 201 wins over his 31-year coaching career. Crandall spent 24 years as the athletic director and head football coach of the Hubs, leading Rochelle to 160 wins and 17 postseason appearances including three visits to the IHSA State Semifinals. He was inducted into the RTHS Hall of Fame in 2017 after entering the Millikin University Hall of Fame in 2016. "I was blessed to have

the chance to be a head coach and an athletic director," Crandall said. "I worked with a lot of great administrators throughout my time there. The two

things I enjoyed most about

the job was mentoring our

coaches and helping our

coaches through difficult situations. Having the opportunity to work with all of the student-athletes is something I probably miss the most about being at Rochelle. I really miss in-

teracting with the athletes." Crandall may be retired from his head coaching and athletic directing duties, but the 2012 IHSFCA Hall of Famer and 2017-18 IADA Athletic Director of the Year remains heavily involved in working to promote and teach the sport to both coaches and players. He currently serves as the executive director of the IHSFCA and has built a very strong bond with Sycamore High School head coach Joe Ryan, who brought Crandall onto his staff as an assistant coach. "We organize a coaching

clinic during the spring and we provide Academic All-State honors for the teams and players," Crandall said. "We're trying to expand the influence the IHSFCA has. We've put together an annual summit for youth football directors and we're trying to take an active role in making the game safer."

Caleb Nadig is the first of five boys in his family to wrestle for the Rochelle Township High School program. His younger brothers Joseph, Benjamin, Elijah and Phinehas are all members of the Rochelle Wrestling Club.

ALEB Nadig's family watched from the bleachers as the sophomore wrestling standout continued his dominant start to the season with two decisive pins in Rochelle's home opener with the Oregon Hawks and Plano Reapers on Tuesday.

Among those family members were Caleb's four younger brothers Joseph, Benjamin, Elijah and Phinehas, who all compete with the Rochelle Wrestling Club. It was Nadig's first home meet with the RTHS wrestling program, but those who follow the team can expect to see the Nadig name in the varsity lineup for a very long time.

"It was a very exciting meet and I feel like we're good role models for the little kids who want to come up and wrestle for the high school," Nadig said. "It was really fun and it was cool to have the whole wrestling club there. I want to be there for my brothers when they're wrestling and I want to show them that it's all about effort and giving it their all. I always remind them to have fun and I want to demonstrate to them how to avoid breaking down when things get hard."

Nadig(11-2) has shined in his first season with the Hubs, compiling a team-leading eight pins while adding one technical fall and two major decisions to help Rochelle start the season 7-2 overall. The Hubs have knocked off three ranked opponents already, defeating Rock Falls, LaSalle-Peru and Harvard all on the road. With several wrestlers still making weight and getting healthy, Nadig and his teammates are gearing up for bigger and better opportunities.

"We've had really good camaraderie this season and we've all been focused on our main vision," Nadig said. "We all know we want to have a winning record, and we're gaining the confidence to know that we can beat some of the best teams in the state. I think my season has started the way I wanted and I have very clear goals for the season."

One of six children including four brothers and an older sister Ruth, Caleb grew up near DeKalb and took up wrestling when he was 10 years old. He spent three seasons with the DeKalb Huntley middle school program, reaching the IESA State Championships three times and helping the school win the 2017 IESA State Championship. His older cousin, Stephanie Nadig, received All-American honors twice throughout her wrestling career.

"Our family has a lot of energy and it's a good sport for us," Nadig said. "It's the only sport we really started doing and it caught on for a lot of us. My uncle wrestled and he was pretty good, and my dad saw an ad in the newspaper to wrestle for the DeKalb club. My dad felt that I would be good at the sport because I've always been strong and athletic."

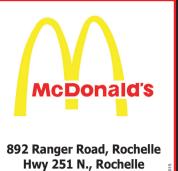

Nadig's prep career started at Boylan Catholic, where he went 25-17 and medaled in third place at the IHSA 2A Rochelle Regional. He and his family made the decision to transfer him into the Rochelle program before his sophomore campaign, and he got an early start on his training, working with head coach Alphonso Vruno over the summer before the school year began.

"Working with coach Vruno has been really nice since his wrestling style is very similar to mine," Nadig said. "We're both very aggressive and I'm pretty advanced in the sport so he's been able to teach me a lot of the tiny details that make such a difference. He's been to mentor me on the mental aspect of the sport."

The early tutelage has paid dividends for Nadig, who said that his father John has been his biggest role model for the way he's helped him improve the mental aspect of his game.

"He was a good athlete and he has a lot of experience in dealing with the mental side of sports and knowing what to do when things get tough," Nadig said. "He's helped me a lot when wrestling was tough for me. He's taught me the right things.'

Lady Hubs showing growth despite winless start

Rochelle rollers setting new goals as second half of season approaches

BY RUSSELL HODGES

SPORTS EDITOR

ROCHELLE

While the Rochelle girls bowling team battles for its first victory of the season, head coach Joey Johanning said he has seen progress in several areas from the Lady Hubs.

Rochelle hosted the Sterling Golden Warriors on Thursday, continuing a busy week that included meets against the Kaneland Knights and Sycamore Spartans. The Lady Hubs fell a little short of victory on Tuesday, and they came close once again on Thursday, falling 2,727-2,262 against Sterling and moving to 0-7 overall.

"I think the girls have done very well," Johanning said. "I wanted them to be very goaloriented and a lot of them are continuously hitting those goals. We've had a number of personal high scores already beaten this year which is fantastic. We have a couple of girls who are working on getting new equipment so I think we'll see even more improvements."

The Golden Warriors opened the match with an early lead, claiming the first game 890-700

behind 190 from Zoey Paone, who finished with a team-leading 609 series. Senior Cassie Moore and junior Kiya Porter stepped up for the Lady Hubs in the second game, with both bowlers totaling 146 despite Sterling taking the game 893-798. Junior Ceci Vargas rolled 142 and sophomore Alyssa Mickley added 157 in the middle game. Paone paced Sterling with 225.

"Kiya and Cassie have new equipment and that's a big adjustment," Johanning said. "Kiya went from a conventional ball to a fingertip ball and that's a huge adjustment, but she's done really well and kept a positive attitude. Cassie had a ball that didn't hook a lot, but her new ball has a lot of backend reaction to it, so she's making that adjustment and doing a great job as well."

Sophomores Alyssa Schwanert and Anna Samo were high rollers for Rochelle in the third game, with Schwanert recording 157 and Samo shooting 150. The Golden Warriors won the final game 974-764 behind 194 from Paone and 192 from Grace Schultz. Mickley led the Lady Hubs with a 403 series, while Samo

finished with 388, Porter totaled 380 and Schwanert chipped in 378.

"Anna's doing really well and we're going to work on getting her

a ball," Johanning said. "The nice thing about having a lot of young girls

on the team is that we can grow together. A lot of the girls are working hard."

when she was chosen to lead "The Bachelorette" on ABC last season. She Hannah didn't even make it to the hometown dates when she was competing for Colton Underwood's affections on his season of "The Bachelor," but the producers saw something in her and selected her. They were right, because she's become one of the most popular leads that franchise has had in a long time, and then she went on to further fame by winning the mirror ball trophy on "Dancing with the Stars." Brown recently told E! News that while she

admired her "Bachelorette" predecessors for capitalizing on their fame, she wasn't going to become just an Instagram influencer. "I have definitely looked up to all the women

before me, but I think there'll be a different story for Hannah B., and I'm excited for that," she said. Her aspirations reportedly include having her own talk show and writing books, both fiction and nonfiction.

Q: I'm behind on the "Star Wars" movies, having finally watched "The Force Awakens," the first of the final trilogy. I was really amazed at how talented the actors who play Rey and Finn are, and I'd never seen them in anything before this. What was their prior acting experience? -- D.P.

Award-winning actress, recently told the U.K.'s "Evening Standard" that she found her roles in "Downton Abbey" and "Harry Potter" to be "unsatisfying." Upon further reading, though, I found that she was "deeply grateful" for the work, but that she didn't really feel she was "acting." Her role in the latter did help her bond with her five grandchildren, though, but her first love will always be theater.
