OREGON – The Byron man accused of killing his ex-wife and 3-year-old son in 2016 will remain in jail on a \$10 million bond, Judge John Roe ruled at a hearing Oct. 16.

Duane Meyer was charged on Oct. 9 with four counts of first degree homicide, two counts of aggravated arson and one count

of concealment of a homicidal death for allegedly setting the fire in Byron that killed Maggie Meyer and Amos Meyer Duane Meyer, who was led into court in

an orange jumpsuit with chains at his waist and ankles, has pled not guilty to the charges.

Meyer's attorney, Christopher Derango, of Rockford, who made the motion for the bond reduction, argued that Meyer was not a flight risk. He said Meyer was a lifelong Ogle County resident who had family ties to the area.

He also said that during the three years since the fatal fire, Meyer has not left town or broken any laws.

"Not so much as a parking ticket," De-

He said that if released, Meyer could continue to be a "productive member" of society during the trial.

every year since. "Our family started

getting creative with Halloween more than 10 years ago with a single old locker in our front porch with a skeleton in it," said Karl Hansen, resident of the home. "From there, we added a graveyard that got larger ever year and we started adding animatron-

ics and our own creative touches."

Eventually the display became so large they had to have trails in their lawn in order to display the evergrowing collection. Last year the home had three trails that included a visit to the Road Kill Café, an area 1021 paranormal investigation center, spider central and the graveyard.

This year the house will feature the trails through the yard filled with many Halloween surprises, spooky "live" projected scenes in the windows, and unique lighting effects on display. The house will be open to visit the entire week of Halloween, but the trails, animations and other surprises will only be open during trick-or-treating hours from 5 to 8 p.m. on Oct. 31.

"During the scheduled trick-or-treat time, many animated ghouls come to life and who knows what other surprises may be hiding in our peaceful gardens," added Hansen.

More needed to gather Census

BY ANDREW HEISERMAN

STAFF WRITER

ROCHELLE – The United States Census is being counted next year and Ogle County is still in need of people to work as Census employees to prevent missing out of valuable funding from the state.

There are many reasons why it is important to get an accurate census count, but the most important reason is for funding from both the federal and state level that is determined by the area's population. According to the United States Census Bureau, the Census accounts for the distribution of more than \$675 billion in federal grants and support to states, counties and communities.

During the last census count in 2010, it is estimated that 84 percent of Ogle County participated. At first glance, that number appears to be a good participation percentage; however, when those numbers are broken down, the county is missing out on a large amount of valuable funding.

Annual Vein Drain blood drive Tuesday

Event will take place in new location

ROCHELLE-The Rock River Valley Blood Center and 102.3 The Coyote will host the 10th Annual Vein Drain Blood Drive on Tuesday, Oct. 22 from noon to 6 p.m. at Central Bank Illinois, 340 May Mart Drive,

Donors can make appointments online at rrvbc.org or by calling 815-965-8751. Walk-ins will also be welcome. Over the previous years the blood drive was held

at the Rochelle Police Station, but this year has been moved to the bank due to the construction taking place at city hall.

BLOOD CENTER 😯

"We are excited to part-

ner with 102.3 The Covote again for this life-saving event," said Lisa Entrikin, Interim CEO at the Rock River Valley Blood Center. "We provide more than 1,000 units of blood each week to 10 regional hospitals and we rely on partnerships like this to meet the needs of local patients. The first 102 donors will receive a T-shirt, sandwich and a cookie as a thank-you from our partners 102.3 The Coyote, Central Bank Illinois, Jimmy John's and Sunshine Bakery."

Donating blood is simple, and one unit can save up to three lives. After registering, a donor care specialist will take donar vitals (temperature, blood pressure, pulse and hemoglobin), complete an eligibility questionnaire, and then complete the actual donation process. The donation itself only lasts approximately 10 minutes.

Refreshments are available following donations.

"This blood drive is something we look forward to helping with each year, said Kris Wexell, program director at 102.3 The Coyote. "The whole community comes together to make the Vein Drain a huge success each fall, and The Coyote is grateful to be a part of it."

First-time donors are asked to bring a photo ID. Individuals can donate a single unit (whole blood donation, the most common type) every 56 days.

There will also be a donation box available onsite collecting money for the Vince Carney Community Theater, who will be generously helping set up and providing some spooky surprises among the trails.

While this haunted house is meant to be scary, it also aims to be family-friendly and enjoyable for people of any age. They try to keep the scenes spooky, but child friendly by minimizing the blood and gore and focusing on other creative ways to make the house worth visiting.

"Our goal is to provide a safe fun place for the community to enjoy an interactive scare. Our yard is our canvas and Halloween in our art," said Hansen.

The Hansen's encourage both children and adults to visit on Halloween night to have some fun while helping VCCT in return.

CENSUS:Workers needed

From page 1

"In the 2010 census it is estimated that there were roughly 8,560 people that went uncounted for in Ogle County and it is estimated

that each uncounted person corresponds to a minimum of \$1,535. So, for Ogle County for one

year that would actuate to over \$13 million," assistant to the Rochelle City Manager Sue Messer said.

Accurate Census totals mainly effect the city's general fund budget, which is used toward the city's police and fire departments.

Ogle County is cur-

rently asking for people

to apply to be Census employees to help get the most accurate count possible this coming year.

Ogle County current-

ty currently has 93 employees which is only 48.4 percent needed to be at peak

operation level.

Anyone working as

a census employee will earn \$15.50 per hour and can apply online by going to 2020census. gov/jobs.

Carrie Padgett of Code 3, gives Rep. Tom Demmer a tour of the RALI CARES trailer.

Demmer hosts RALI CARES Trailer Stop at Sandwich High School

SANDWICH—Parents from Sandwich had an opportunity recently to attend an event that provided insight into how today's teens and young adults hide drug use.

Through a partnership with the Rx Abuse Leadership Initiative of Illinois (RALI-IL), Code 3 Association, and the Pharmaceutical Research & Manufacturers of America (PhRMA), State Representative Tom Demmer (R-Dixon) hosted a stop of the RALI CARES educational trailer at Sandwich High School on Oct. 9.

"Communities across Illinois have been impacted by the opioid crisis," said Demmer. "In 2017 alone, over 70,000 individuals lost their lives from

drug overdoses, and the overwhelming majority of those deaths involved opioid abuse."

The RALICARES exhibit is a traveling trailer staged as a teen bedroom and bathroom. Adults who visit the trailer can participate in a hands-on guided tour, where seemingly harmless items are pointed out as red flags for drug use or abuse. Warning signs and potential areas of concern are discussed, and experts answer parents' questions as they move through the exhibit.

Visitors walked away with a greater understanding of how young people hide or disguise their drug use,' Demmer said. "By educating parents

in what to look for, misuse or abuse of drugs can be identified early and lives can be saved."

Demmer encourages all people who have be prescribed opioid medication to follow dosage directions closely, to store the medication out of reach of children, and to safely dispose of unused medications rather than leaving them in a medicine cabinet.

October 26 is National Prescription Drug Take Back Day. Anyone with unused medication is urged to drop off the medications at local police departments.

To learn more about RALI-IL and the RALI CARES trailer, visit http:// rali-il.org<http://rali-il.org/>.

One problem with the collection is a couple of volumes are missing. These are pretty big books, picture a book newspaper size and about 3 inches think. It' hard to not

recognize.

So, if you happen to have a volume or two, please drop it off at the library. I'm sure volumes were borrowed to research family or news events and they just never got returned.

Why not return them? No questions asked, no overdue fees involved, just thanks from the people keeping the collection. *****

Daylight Savings Time begins Nov. 3. It gets pretty dark around 6 p.m. now, so it will

only get worse.

It can be a problem for people who like to walk or bike after work because now they are doing so in the dark. If that is you, please put on reflective clothing, carry a flashlight, put lights on your bike and be aware of the traffic around you.

I saw two different people walking across the overpass Thursday night. Either the signs are too small or they are not being followed, but walking there is against the law and it's not safe. *****

Sometimes I hit a red light on 20th Street at Flagg Road and wait forever before it turns green. Other times, it turns green right away. One night I sat so long, I turned right and then pulled into the high school parking lot to turn around and head west.

I got a red light on Flagg Road. Sometimes I can't

Letter to the Editor

Thankful for help from **Habitat for Humanity**

Dear Editor,

We could not be more grateful for the assistance of Habitat for Humanity of Ogle County and their Brush with Kindness program for transforming our grandparent's backyard into a safe and usable area again. Time and age had not

was the pride and joy of grandma and grandpa. An overwhelming amount of repair and clean up needed to be done to make the space accessible for them. Through HFHOC, "many hands made light work," and now their backyard is a space they can enjoy again.

been kind to what once

Many hours in hot and muggy

hammering and hauling out tons of concrete, digging up heavily rebar-reinforced wooden structures and taming wildly overgrown plants. Once the clean up was completed, the crew got to work on replacing a rot-

temperatures were spent sledge-

ted wooden deck with a leveled concrete patio, spreading grass seed to restore the lawn, adding handrails for safety, replacing broken garage doors, rebuilding broken fencing and more. There are no words to express

our appreciation to the HFHOC board members and volunteers, D&C Concrete of Davis Junction, and Dale's Overhead Garage Doors and More of Rochelle. Our grandparents are especially appreciative of HFHOC president Vanessa White-Broome for her patience and thorough explanations, for volunteer coordinator Gail Tuttle for her kindness and conversation, and project coordinators Don and Barb Roberts for their meticulous attention to detail, never-ending work ethic, and warm-hearted sense of humor.

"Helping one person may not change the world, but it can change the world for one person." Thank you to Habitat for Humanity of Ogle County for making this little corner of the world brighter for these two deserving people.

As a society, we take lazy to new levels

ET'S face it, we are all pretty **√**lazy.

OK, some of you might not be that lazy. Some of you are up and about and doing things for yourself and others during every hour of daylight. But you, my friends, are the exception to the rule.

And according to that rule, most of us are pretty lazy. Look at televisions. Sure, we had primitive remote controls back in the day, but they were very primitive and at times didn't work at all. But as kids we were very handy remotes.

Now, you can control a ton of things in your house - including electronic devices – with a single remote, or even just the sound of your voice.

Remember when ordering a pizza was a big deal? Domino's was the only place that delivered in a lot of towns for ages. Now, pretty much everyone delivers.

And these days you don't even have to waste your time calling in an order. Just get on your phone and use a food delivery app – there is more than one – to order what you want. Add the tip as well, so there is almost no interaction with the delivery driver.

You can even watch their progress on your phone, thanks to GPS. While you are

sitting on your couch, which also **Jennings** has a charging station for your phone, you can order pretty much anything you might think of from that phone. All you have to do is pause your TV - something your grandparents would have considered sorcery.

"Ed, pause 'The Price is Right,' I need to order a sweater for Mr. Doddles."

"Ruff!" responds Mr. Doddles, sitting on the couch licking himself.

Now, they have a grocery delivery service. And I am sorry, but this

is just too much for me. Sure, we all get tired of going to the store to grocery shop. Honestly, I feel like I spend 10 percent of my week running to the store for something.

Yes, there have been

grocery delivery services before. Even decades ago, the kid from the neighborhood grocery store would deliver your grocer-**Brad** But I am talking

about these giant box stores having

home delivery – when you aren't home.

That's right. You use their app to order what you want, and they come to your house, let themselves in and put the food in your refrigerator.

Let me say that again: They stock your fridge.

To make it even more unsettling, the person delivering your food wears a camera so you can track the action.

There are costs - hey, it is 2019, people. A onetime fee, up-front costs for gadgets that allow a total stranger to enter your home and a monthly cost as well.

Being lazy certainly isn't cheap.

I say being lazy be-

cause if you aren't bed bound, ill or very elderly, you really need to get off of your behind and get your own groceries. If carrying a few bags of groceries is so daunting, or if you don't have enough time during the week that you have to pay for a stranger to come into your house and put food into your refrigerator, you need to take a look at your life.

Personally, I don't want people I don't know wandering around my house peeking into my sock drawer.

Before you know it, we will be hiring people to shove food in our mouths.

Lazy, lazy, lazy.

ROCHELLE – Are you 5 to 8 years old and interested in all things eightlegged and hairy?

The Rochelle Hub Hickory Nut 4-H Cloverbuds had a scary good time at their October meeting. Junior Leader,

They also learned about spider behavior by making Itsy-Bitsy Spider Mini Books. To wrap up their webby

good night, the Cloverbuds played a ghouly-great relay race.

Using skeleton arms, the two teams dashed to put spooky eye balls into Halloween buckets.

the Cloverbuds will have a "Hoot of a Time" learning about Owls. Come check us out on Monday, Nov. 4 at 6:30 p.m. at Rochelle United Methodist Church.

County gives open burn reminder

OREGON—With shorter days and cooler temperatures, autumn is now here in Ogle County.

The Ogle County Solid Waste Management Department routinely fields calls and responds to complaints dealing with the open burning of waste at this time of year.

In Illinois, the Environmental Protection Act has addressed this issue since the 1970s. By law in Illinois, only certain types of waste may be openly burned, and even then, only under certain conditions. No matter where you reside in Illinois, the only materials that can be openly burned are landscape waste generated from that property, certain agricultural materials (animal bedding, straw), and domicile waste, which includes cardboard and junk mail, which is generated on that property.

If you live within city limits of a town or village, there may be more restrictions on open burning as well. If you are burning some of the above materials, be sure that you are doing it responsibly. Always monitor the fire, only burn dry materials to avoid a smoky, smoldering fire, and only burn on days when smoke will not create nuisance conditions for your neighbors or create

It is illegal to burn furniture, mattresses, tires, Styrofoam, plastic items such as chairs, coolers, or other containers, garbage, batteries and electronics, cabinets, carpet, vinyl siding, roofing shingles, fiberglass, or any type of construction or demolition debris, which includes lumber, OSB, paneling, and decking. Modern materials are mostly synthetic and petroleum based. Most wood debris is either treated, painted, or can contain adhesives. Burning these types of materials releases toxins and carcinogens to the atmosphere and the ash, which is toxic, contaminates the ground where the burn pile is located. It is in violation of the Illinois Environmental Protection Act and Ogle County ordinances to burn the above materials. In addition, structures, recreational vehicles, or mobile homes cannot be burned as a method of disposal under any conditions.

BOND: Meyer remanded to jail

But State's Attorney Eric Morrow told Roe that Meyer was a danger to the community and a flight risk. Morrow said that Meyer was charged with killing his ex-wife and son, two people close to him, and that when arrested, he was in possession of a loaded firearm in his vehicle.

"I would submit that nobody in this community is safe," if Meyer is released, Morrow said.

He also said that if

convicted of the charges, Meyer faces a sentence of natural life in prison. Morrow said, "that alone" is enough to keep the bond in place.

Ultimately Roe agreed, citing the charges, loaded gun and the prospect of a life sentence – along with other evidence – as reasons to leave the bond at \$10 million.

"I am going to deny the bond reduction by the defense," Roe said.

Roe set the next pre-trial hearing for Nov. 18 at 10 a.m.

Senior Night send-off

Albers, Jandak combine for memorable end-game sequence in 42-0 win

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE—Charlie Jandak put the ultimate exclamation point on an exciting Senior Night victory when the Rochelle football team hosted the

Plano Reapers on Friday. Jandak has battled on the offensive line all season, creating holes for his teammates to carry the ball through. But with the Hubs winning by nearly six touchdowns early in the fourth quarter, head coach Kyle Kissack inserted Jandak at fullback, and the 265-pound senior took his first career varsity carry up the middle for a 2-point conversion that sealed Rochelle's 42-0 win over Plano. The Hubs improved to 3-5 overall

"Coach asked me if I wanted to play fullback and of course I said yes," Jandak said. "I kept telling myself not to fumble the ball. I owed it all to my

everything they could to let me score those points... It's a good way to wrap up our last home game at RTHS. I love this town and there's a great football atmosphere here."

The Reapers entered Friday's game having scored only 15 points over their previous four contests. Plano didn't find much offensive rhythm against Rochelle, punting on its first two possessions in the opening quarter and allowing the Hubs to take an early lead. Senior Gavin Ansteth gave Rochelle a 6-0 advantage with a 3-yard touchdown run, and senior Austin Greifenkamp added a 1-yard rushing score later in the quarter.

Plano turned the ball over on downs early in the second quarter, leading to Rochelle's third scoring drive capped off by a 4-yard rushing touchdown from Ansteth, who led the Hubs with 176 rushing vards in the win. Greif-

Lady Hubs defeat Morris to snap losing streak

Green records double-double as Rochelle wins 20-25, 25-21, 25-15

BY RUSSELL HODGES

SPORTS EDITOR

ROCHELLE—Clare Green and her Lady Hub teammates were motivated to avenge their three-set loss against Morris earlier this season. The Rochelle volleyball team had its chance on Thursday, and while they may have started slowly, the Lady Hubs capitalized on their opportunity with a dominant performance near the end of the match.

Trailing the Redskins 14-11 in the third set, Rochelle rallied for five consecutive points to force a Morris timeout and take a slim lead, which soon exploded after the Lady Hubs ignited a 9-1 run resulting in a thrilling three-set victory for the purple and white. Rochelle defeated the Redskins 20-25, 25-21, 25-15 to snap a three-match losing streak and improve to 18-15 overall. Green recorded a double-double for the Lady Hubs, totaling 23 assists and 10 digs in the win.

"We all really wanted this win and we were really positive throughout the match," Green said. "We had 1-or-2 girls going for every ball no matter what. We really wanted this win and we wanted to get after them and not make it close. We found our motivation and our will to win. We continued to fight throughout the match."

Despite the Redskins serving five balls into the net during the first set, Morris managed to pull ahead early and take advantage of some misplays by the Lady Hubs. The Rochelle front stepped up in the second set, with junior Afi Gati blocking back-to-back shots by the Redskins to help the Lady Hubs lead 14-9. Both teams exchanged short runs soon after, with Morris coming as close as 22-20 before Rochelle evened the match with a brief 3-1 spurt.

"Our blocks were working against us in the first set," head coach Molly Sly said. "The girls were able to adjust and our blocks started working for us. We had multiple blocks in both the second and third sets, and we didn't have that in the first set. I think that was

Rochelle exacts revenge against Marmion

Orozco, Milan shine as Hubs defeat Cadets 4-0

BY RUSSELL HODGES

SPORTS EDITOR

AURORA—Wednesday provided an opportunity for an emotional rematch for members of the Rochelle boys soccer team. The Hubs didn't balk at the chance to defeat the school that ended their perfect season and eliminated them in the IHSA Sectional Championship this past year.

Junior Brayan Orozco led Rochelle with two

goals and freshman keeper Jarett Milan shined with 13 saves as the Hubs took down Marmion Academy 4-0 on Wednesday to wrap up the regular season. The victory was significant for returning players like senior Max Torres, who was a starting forward when the Cadets topped Rochelle 2-1 in the sectional finals last season.

The Hubs improved to 13-7 overall with the win, and Rochelle will kick off the IHSA Class 2A Regional Semifinals at Wheaton Academy on Tuesday, when the sixth-seeded Hubs will play the fourth-seeded Kaneland Knights, who beat Rochelle twice during the season.

"We knew they were

still going to have a strong team since they only lost two seniors coming into this season," Torres said. "Our minds were set on getting a good victory before going into regionals... We didn't play our best both times against Kaneland. We made some defensive mistakes, but as a team, we played much better the second time. As long as we can capitalize on the chances we have, I think we'll be able to win."

Rochelle took the early lead against Marmion after Torres assisted Orozco for a goal in the opening minute and Orozco found junior Zane Walters for another score in the 18th minute. The Hubs lengthened their advantage over the Cadets when Walters

connected with Torres for Rochelle's third goal in the 22^{nd} minute.

The Hubs led 3-0 at halftime before icing the victory with an Orozco goal assisted by junior Josh Hurtado in the 51st minute. While Rochelle won the match, Marmion Academy actually outshot the purple and white 17-16 and outpaced them 13-10 in shots on goal and 4-2 in corner kicks. The Cadets were caught offside four times, though, while the

Hubs were flagged only once

Wednesday's game was played on grass, whereas the regional tournament at Wheaton Academy will be conducted on turf, where the dimensions of the field will be wider than usual.

"The ball will roll much faster and it's going to be a much wider field," Torres said. "If there's a lot of wind, that will definitely affect the ball's movement. But I know we can play fine on turf."

HUBS: Season finale scheduled for Oct. 25 at Ottawa

From page 1

Rochelle received the football to start the third quarter, and the Hubs continued dominating the line of scrimmage, compiling a nine-play, 86-yard scoring drive culminating in an 18-yardrushingtouchdown from Greifenkamp, who recorded 110 rushing yards in the victory. Sophomore Eric Briseno's 17-yard off-tackle run early in the fourth quarter set up a 17yard rushing touchdown by Ansteth, with Greifenkamp converting the 2-point play.

As the game approached its conclusion, action picked up in the fourth quarter when senior linebacker Nick Albers intercepted a deep pass from Licea and retuned the football 39 yards to the Plano 5-yard line. Thinking he was head-

ing out of the game, Kissack told Albers to line up at wingback, and showing shades of his older brother Matt Albers, a former Hub running back, Nick went left and scored his first career varsity touchdown on a 5-yard rush.

"I couldn't have asked for a better opportunity," Albers said. "I was a little tired after that interception but I'm glad coach Kissack gave me the shot to score my first touchdown. With what we've been through all season... I think we deserved this win."

Senior Keegan Davis-Carter totaled a team-high 10 tackles on defense, while sophomore Cam Ajazi added nine tackles including five for a loss. Albers, Jandak and junior Mike Schlenbecker each had one sack.

Q: I know on this season of "American Ninja Warrior" the contestants could win prize money for conquering the Mega Wall, but do they receive any other money for participation? Also, it seems many contestants travel to the different cities even when they're not competing. I would think that could get fairly expensive if they're paying

A: NBC's "American Ninja Warrior" is an obstacle course competition held in various cities, culminating in the finalists competing in Las Vegas for a \$1 million prize. However, only one person takes home that loot. Everyone else gets squat, although as you mentioned, competitors can win up to \$10,000 if they're able to scale the Mega Wall.

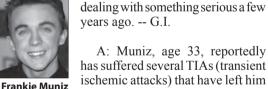

for it themselves. -- S.S.

According to Looper.com, the ninjas you see succeeding season after season "are finding new ways to make a living based on their athleticism. ... This includes doing commercials and making appearances at gyms and other events." A self-proclaimed five-time competitor

posted anonymously on Reddit that the athletes pay for all their travel expenses unless they're competing in the national finals. In that case, NBC does cover the cost of the flight, hotel and meals. As for those ninjas who travel to other cities to cheer on their competition, I would imagine that's on their own dime as well. However, due to the popularity of "ANW," many of these competitors likely make money off sponsorships and promotions through Instagram, and some have even opened their own gyms.

Sophomore MeLisa Young is one of several young tennis players finding their way with the Lady Hubs this season.

Young emerging as core tennis group grows

BY RUSSELL HODGES

SPORTS EDITOR

eLISA Young was preparing to enter her freshman year at Rochelle Township High School when she found out the Lady Hub tennis team was looking for new players.

Young happened to be neighbors with Rochelle head coach Lizzie Cartwright, who convinced her to take up tennis before the start of the 2018 season. Young grew up playing softball and she had no experience playing tennis, but after overcoming her initial worries, she said she's had fun learning to play a new sport.

"Coach Cartwright came over one day and told me she was going to take me to tennis," Young said. "I was nervous about playing tennis, but once I started playing I realized it was a lot of fun. I've become better friends with the girls on the team and it's a more laid-back sport."

The Lady Hubs lost several senior players the previous season, meaning the varsity team needed new players including Young to step up and play beyond their experience levels. Young started her freshman season at No. 2 doubles, and while Young wasn't expecting to play varsity matches right away, she said the experience helped prepare her for this season.

"I was definitely excited about it but I was also nervous because I didn't know how good the other girls were going to be since they were older than me," Young said. "I thought my first year went well. My serves have improved a lot and I've been getting to the ball quicker."

The Lady Hubs have been slowly building their varsity roster after finishing 1-13

in dual matches this past season and 2-13 overall this fall. Their success has come in doubles play, where the Lady Hubs swept both Rockford Lutheran and Belvidere to help Rochelle start the 2019 season with a 2-0 record. Young has moved up to No. 1 doubles as a sophomore this fall, and she's been an integral part of the team's doubles success, winning five matches as a No. 1 player.

"I feel like we've played pretty well and we've definitely improved from last year," Young said. "We're serving the ball better and our serves are a lot harder now. Our hits are more consistent and they're staying in more often... The girls I've played this year are better than they were last year and there's been more competition."

Young was one of three freshmen who played varsity tennis last season, and she was the only freshman to start the season on varsity. She's one of four sophomores who earned varsity experience this season (Jordin Dickey, Emma Hicks and Margaux DaCosta), and as the Lady Hubs continue building their young core, Young appears primed to spearhead the charge as she progresses into her junior and senior seasons.

"I like to challenge myself and see how well I can perform against other girls," Young said. "It will be fun to see how we grow up and it will be fun to see how the freshmen improve their skills from this season. It was exciting to start the season 2-0... We've definitely played well and I think we can play better. We have to work hard at practice and possibly take some lessons over the summer to improve our skills."
