Colts get \$10,000 grant

Creston School recipient of America's Farmers funding

BY ANDREW HEISERMAN STAFF WRITER

CRESTON -Creston School officials held a ceremony in their gymnasium Friday morning to celebrate a \$10,000 grant the district received from the America's Farmers Grow Rural Education Program, sponsored by the Baver Fund.

In order to receive the grant, local farmers must nominate the school district they would like to see receive the funds. The district then fills out an application for the grant and turns it into Bayer. The program then decides which school districts will receive funds and how

Creston School leaders have applied for this grant multiple times in the past, but never received more than a few hundred dollars.

have received a few dollars here and a few dollars there. This year we got an email saying that we received \$10,000, and we thought we didn't read that right,

so we read it over a couple of times," joked Curt Rheingans, superintendent of the district.

Rheingans said the school district is planning on using the funds to expand its STEM (Science, Technology, Engineering and Math) program. Some of the items they plan to use the funds on are purchasing new equipment that is grade level specific, such as programmable mice that students enter the distance and direction they travel though a track they created.

Creston School District had been nominated by two local families. This grant helps give the school the means to expand their quality education program titled "Tinkering and Thinking Mobile Stem Parts."

"This means that we are able to enhance and get more hands-on activities, so we can continue to provide our students with great education," explained Rheingans. "I just think it is great and thank the Bayer Foundation, I don't think they know how much it is going to impact our kids, the teachers, the students, the farmers who nominated us. Just a big thank you to everyone who was involved."

ROCHELLE – The City of Rochelle dedicated its first new street light to honor a local resident and his family as part of the new Shining Light Program.

City officials, local resident Archie Millotte and his family members all gathered in the rain around the street light in front of Kennay Farms Distillery Wednesday afternoon for the first dedication of the program.

Any individual or group interested in dedicating a plaque can do so by going to city hall and purchasing one for \$1,000. The designated recipients' names will be engraved on a metal

plaque and attached to the light pole for everyone to see.

Street lights can be dedicated to either a person, a family, an organization or a business.

"If people want to do it in memory of someone, with their family name or a local organization, they could do that," said Jenny Thompson, director of marketing, public relations and tourism.

There are many different people and organizations helping spearhead the program, including the mayor, city manager, Rochelle Municipal Utilities staff and Kim Montgomery from the Rochelle Area Community Foundation.

While many there are many people

involved, the idea was created by mayor John Bearrows as a way to both honor local residents while also helping fund future projects.

'This is an opportunity for residents to do something in honor or in memory of someone or something that they care about," explained Bearrows. "The whole project, with the donation being made to the city helps fund some more of these LED lights and light poles."

Millotte said that it is an honor to have his name permanently displayed downtown.

"This is an honor; my family has a lot of history. My mother and father both owned businesses down here and so did my grandparents," added Millotte.

There currently is not one in place and one resident has been looking into installing panels at his residence.

"What we are looking for is to get something in line like other communities such as Rochelle and Malta. We are trying to adopt an ordinance so we can control where people put them,' said Wayne Williams, Creston village president.

The resident has been doing research and already has a permit, so the village is going to allow them to put the solar panels on top of his garage and some on the ground.

Ranking strategies, creating teams

BY ANDREW HEISERMAN STAFF WRITER

ROCHELLE – The second to last Revved Up Rochelle meeting was held Tuesday night and the focus this week was ranking strategies by importance and creating teams to begin working to achieve these community goals.

When attendees arrived at the meeting instead of being assigned a specific table as usual, they chose from six tables to sit at, each labeled with one of the community goals. Residents were told to sit at a table with the specific goal they would like to work on for the next few

ant attitude can be in creating a successful transformation.

Residents voted on which strategies for achieving each of the six goals were most important to the community, and each person was given a clicker that was connected to the leader's computer on the screen.

The strategies were projected on the screen and attendees ranked each of them from least to most important. This was done for each of the goals to get a feel as to which strategies the community thought were most crucial to complete.

These strategies included building a youth center, developing events/entertainment that promote retail and dining businesses and creating a business and retention program.

One strategy that ranked low, but may be

one of the most crucial for the success of this program was to develop a volunteer recruitment and management pro-

"None of this is going to happen unless we have a dedicated group of volunteers, so that 4.9 rating should be a 7.0. you can't count on the city employees to do all of this, we need a dedicated group of volunteers," explained Jeff Fiegenschuh, city manager.

Following the voting, action teams worked on completing their goals. Each person had the choice to sign up for as many or as few goals as they desire and the teams began brainstorming ways to achieve the goals, assign positions to team members and determine where and when they would be meeting to begin working.

During this time, groups were asked to come up with a quick "win" (something that could be achieved in a month or less) and a short-

term goal (something that could be achieved in a year or less). One quick win the retail and dining group came up with was creating a map of all of the unoccupied business spaces in town including 3-D images, so that future businesses could view the location online before making a personal visit.

For its short-term goal, the retail and dining group thought that it was important for businesses to extend their hours to be open during prime shopping times such as evenings and Sundays.

"We are starting to hear some of that feedback as people are coming from out of town, it is that Saturday afternoon and Sundays when they come in and say, nothing else is open, what do we do," explained Doris Kennay, co-owner of Kennay Farms Distillery.

Representatives from organizations such as IDOT or the USDA will be attending the final Revved Up Rochelle meeting next week to help the teams plan for their goals. So, the leaders are asking the teams to have some ideas written down and so they have something ready to show the representatives next week.

"Please have some ideas flushed out, so we don't hear crickets when the resource people are here next week and they ask what are you working on, because we are here to help," added

The final meeting will be held next Tuesday in Hicks Hall from 6 to 9 p.m., located at 709 4th Avenue, Rochelle.

Staying the course

Finfrock not eyeing changes as chairman

BY BRAD JENNINGS

OGLE COUNTY LIFE EDITOR

OREGON – After spending a number of years a vice chairman of the Ogle County Board, John Finfrock had learned a lot about how the county

That will serve him well as Finfrock is now chairman of the Board after the sudden death of former Chairman Kim Gouker.

"There was some trepidation there because this wasn't in the script," Finfrock said of being elected chairman at the County Board's Sept. 17 meeting.

Finfrock, who is retired from Kable News Co. and lives in Mount Morris, was first elected to the Board in 2010. He had served as vice chairman since 2012, when Gouker asked him to fill the role. He said he told Gouker he would do it, as long as it was understood that if asked his opinion, he would certainly give it.

"We didn't always agree, but we always worked something out," Finfrock said of Gouker.

Finfrock said Gouker's death was "unbelievable." He said that when Gouker did not show up for county meetings on consecutive days, they knew something was wrong. Gouker was found dead at his Byron home during a wellness check on Sept. 10.

Finfrock admitted that he will have big shoes to fill following Gouker as chairman. But he said he is confident.

"Basically, the board's

in good shape," he said. "The county's in good shape. We've got probably the best group of board members that I've been around since I came on the board."

Another plus is that the county has a strong group of department heads, and that they all work well together.

"We all debate, and we all have our own ideas," Finfrock said. "But when there's a vote, the vote is it and you move on from there."

He said that he plans to stay "on the course that is charted." He said there may be some little differences in leadership, "but the objective is still the same."

First, the focus is on getting the new Judicial Annex completed, which was a priority for Gouker.

He said the county is also facing issue like solar power and the question of how to handle legal cannabis.

But he main focus for now is keeping the county moving forward.

"I'd like to see the cohesiveness of the board itself stay where it is, because we've got a lot of cohesion there and a lot of people are engaged," Finfrock said. "I'm not going to try to change much. Everything's working well right now."

As he settles into his new role, Finfrock said fellow Board members and county department heads have approached him to ask how they can

"And that is a boost you can't believe," he said. "But that's the kind of people they are."

Woman finds ring on bank of Rock River

STILLMAN VAL-LEY — Amy Holder has spent a lot of time combing the Rock River in Byron and Oregon.

Holder, of Stillman Valley, enjoys beach combining – although as she points out, searching river mud for items is actually mudlarking and has found plenty of interesting items. She said she has found

a Liberty Head nickel, a ceramic doll head, Civil War button, Victorian era shoe and much more.

But recently she found a woman's 10K gold

ring and would like to get it back to its owner. She found the ring on the shore of River Park in Byron. It is inscribed with the letter "K" and stamped 10K on the back. The ring is clearly old and

it is damaged.

If anyone reading this knows anything about the ring, or who may have lost it, please contact the Ogle County Life via email at bjennings@ oglecountylife.com.

County accepting applications for vacant board seat

OREGON — Ogle County is accepting applications to fill the board seat left open with the death of Kim Gouker on Sept. 10.

The candidate must reside in County Board District No. 6 and be a Republican. The applications are due on Oct. 10 by 4:30 p.m. to the Ogle County Clerk's Office. The remaining County Board members of that District – Dottie Bowers and Todd McLester-along with the Board chairman will hold interviews for the appointment recommendation to the Ogle County Board.

The Ogle County Board has 60 days to fill the vacancy.

Judy Krigbaum Booth

DEKALB—Judy Maxine Krigbaum Booth, 78, slipped from this life peacefully, early Sunday, Sept. 8, 2019 in DeKalb. Judy was born on Feb. 6, 1941, fifth

of eight children, to Albert Benona and Zetta Agnes (Meyer)

Krigbaum. She was brought into this world in the family home in Naylor, Missouri. In Judy's early childhood the family relocated to northern Illinois. Judy attended Steward, Rochelle and Ashton schools during her youth.

Always a resourceful and motivated woman, Judy was employed by local factories, offices and restaurants. Judy and her sister, Pam, owned and operated a food truck serving the Rockford Park District sporting events. They served great food and had a wonderful time doing it.

Judy loved her family most of all, but also had a passion for nice clothes, anything cobalt blue and enjoyed a turn at playing slots on occasion. In her later years, she enjoyed travelling and made new friends everywhere she went, and never wasted an opportunity to 'people watch.' She was always curious and genuinely interested in people and their stories. Her humor and candid approach to conversation was never-ending.

Judy leaves a large hole in the lives and hearts of those who loved her and will never stop missing her. These people include her daughter Tammy Dreves Robbins of Malta; her son Brian Booth of Stockton; two granddaughters, Joshalyn (Bob) Reese of Aurora, and Danielle Mosley of Rockford; two grandsons, Gabriel Dreves of Malta, and Brian Booth Jr., MP of Honolulu, Hawaii; three great-grandsons, Mason, Corbin and Wilder; two loving sisters, Pam (Jim) Fenwick of Roscoe and Sherry Bernhardt (Ray) Quinn of Mastic, N.Y.; a very devoted niece, Belinda (Kevin) Thomas of Davis Junction; as well as many other nieces, nephews, cousins, great-nieces and nephews, family members and her many friends.

Preceding her into eternity are her parents, Zetta Agnes (Meyer) Krigbaum and Albert (A.B.) An open house celebration of Judy's life is being held on Saturday, Oct. 12 from 1:30 to 6 p.m. at the Rochelle Firemen's Hall, 314 Sixth Ave., Rochelle.

Deputies called to accident scene

On Sept. 30 at approximately 3:45 p.m., Ogle County deputies, along with Polo Fire, EMS and police departments responded to a two-vehicle accident at the north intersection of Illinois Route 26 and Illinois Route 64. After an investigation, it was learned that a 2016 red Chevy pickup, driven by Jeffery Singley, 49, of Forreston, sideswiped a blue Chevy Equinox, driven by Michelle Tirado, 46, of Lanark. Tirado was transported to FHN Hospital by Polo EMS.

On Sept. 30 at approximately 8:08 a.m., Ogle County Sheriff's deputies responded to the area of Carriage Road and Beebe Drive in reference to a suspicious person believed to be a passenger in a vehicle pursuit which occurred earlier in the morning and crashed. After checking the area deputies were able to locate a similar subject and the subject fled on foot after being ordered to stop. Deputies later located the subject, a 17-year-old male from Rockford hiding in a shed behind a property in the area. The male was taken into limited custody for obstructing a peace officer and later released to his legal guardian. Rochelle Police Department helped assist in the incident.

On Oct. 3, Anthony Cuchiara, 23, of Rochelle, was arrested for a Civil Contempt warrant. Cuchiara has a bond of \$400 and will resturn to court on Oct. 10 at 10 a.m.

CRESTON: Water bill questioned

From page 1

During the meeting, it was announced the village had come to an agreement with Petry Farms on a rental contract for farm land owned by the community. The agreement is for two years, with a thirdyear option at \$300 an acre. It is also included in the contract that Petry Farms facilitates getting bids on some tile work that needs to be completed on the land. Petry Farms and the village will then split the tiling work costs evenly.

Bill questioned

Another topic of discussion during the meeting was over a monthly bill from Rochelle Municipal Utilities that was much higher than typical invoices.

The bill is usually between \$5,000-\$6,000, but this month the bill was for \$34,000. The village thinks this could have something to do with the number of old sewers that causes groundwater to

leak into the system during time with large amounts of rain.

"We have had a lot of problems with our sewer. A lot of the manholes are leaking by the pipe and we are getting groundwater into the sewer system,' explained Williams.

They have already had a lot of those manholes rerouted to stop that, but it continues to be a problem whenever the city experiences heavy rainfall. In an effort to help fix this problem and avoid high bills like this in the future, the city is having the grouting people to come back and identify at least 10 to 12 more manholes that need regrouting.

The city's agreement with NICOR Gas was also renewed for another 10 to 15 years before being renewed again. This was the first time in 25 years that the agreement was renewed.

It was determined during the meeting that trick or treating hours on Halloween for the village of Creston will be from 5 to 8 p.m.

Practice fire safety

Terry

Dickow

EXT Tuesday marks the 148th anniversary of one of the worst fires in our nation's history.

More than 1,500 dead, many burned beyond identification, houses destroyed, entire communities

swallowed up in what has been described as a fire tornado.

But in history, timing is everything.

The Great Peshtigo Fire does not have the same name recognition as the Great Chicago Fire. They both started Oct. 8, 1871. Coincidentally, it was the same day as the Port Huron fire and fires in Holland and Manistee, Michi-

A hot, dry summer, wooden buildings, and a flash point triggered the fires on the same

Mrs. O'Leary's cow usually gets blamed for the Chicago blaze, but more likely it was a carelessly discarded cigarette or cigar, possibly by a neighborhood drunk trying to sleep it off.

Railroad crews or logging crews are often blamed for the Peshtigo and Michigan fires. Some have hypothesized that a comet was breaking up, and fiery pieces landed throughout the Midwest, causing the fires. I like that theory, despite all the drawbacks that go with it.

Fire Prevention Week in Illinois includes the Oct. 8 date as the start of the Chicago Fire. It is a good time to check your smoke detectors and

replace the batteries.

We often think we are safe from these major fires, but then a Paradise, California, blaze reminds us that we can't control nature or fire.

But we can prevent it in many cases.

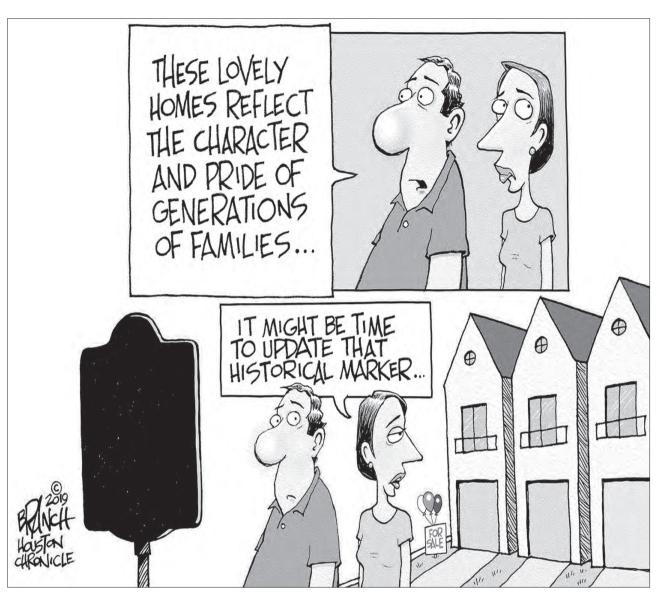

Feeling generous? Consider donations to the Rochelle Area Community Foundation and the Rock River United Way. Both agencies help local groups that provide services to a lot of people. If you stop in the Rochelle Area Community Foundation office in front of Central Bank, you can slip a donation into an envelope and hang it on the giving tree.

I am involved with both groups, so I may be biased but I think they do great jobs in making life a little better for people.

I don't understand people who dump trash along a road. Fast food wrappers are bad enough, but I have seen a mattress and box spring (which stayed in a ditch for most of this year before being removed), children's toys and tires...I just don't get it. We live in a beautiful state, why ruin it by being a jerky litterer?

I don't know who was dumber...the woman who went into the lion enclosure at the Bronx Zoo or the man who fell into the geothermal pool near Old Faithful.

Hey, it's fine to leave those crazy kids at home

¶HANK you, Japan Airlines. No, I have never flown Japan Airlines. No, I have never been to Japan. I probably won't in the future, either. That is a very, very long flight.

But if I were going to fly to Japan, I would use japan Airlines because of one thing: When picking out seats, the airline lets you see where people traveling with babies are sitting so you can avoid sitting near them.

Bravo. I don't hate children. I had a couple. But honestly, I like them better as adults. They listen, are pleasant, take an interest in things that aren't themselves, don't poop in their pants. You know, the basics.

When my kids were little, they were like a lot of kids. They ran around a lot. They cried and threw fits. In general, they annoyed

their parents and pretty much everyone around them (except for their grandparents. For some reason, grandparents are immune to misbehaving grandkids.)

My wife and I will wait for a table in a restaurant if the only one available is near kids. Why? Because parents these days don't know how to tell their little tykes to knock it off.

I read a recent letter to an advice columnist where a parent was angry because a waitress told little 4-year-old Johnny to go sit down after his parents let him "explore" the restaurant while they ate. The dad got mad at the waitress and gave her a tiny tip. He even complained to

her boss. This is why fewer people are having kids these days, and why those having kids are not

having as many and why people are losing patience in a world where parents seem to think it is fine to let their kids run riot.

Well, it is not OK. In fact, it is very, very bad. Telling your kid "no" is perfectly fine, young

parents. Sure, your kids will pout and whine and have a mini meltdown. It's called being a kid. And setting boundaries is called being a **Brad** parent.

Jennings Pro parenting

tip: You don't have to give your kids everything they want. In fact, if you do give your kids everything they want, chances are they will grow up to be entitled brats. So please, learn to say "no."

And if your kid is prone to run around, not sit still and cry loudly when told to do so, feel free to not take them out to dinner, or to a movie

theater, or on a long flight.

Look, the rest of us should not have to suffer for your lack of parent-

I understand that parents of young children want to go out to dinner sometimes. No problem. If you do and bring your kids, teach them how to behave. If they can't, don't bring them. I certainly don't want to go out to a dinner with my wife and have to put up with your little darling running around, or jumping up and down in the booth behind me.

I did not go out to eat much for years when I had young kids. I tried to be thoughtful of those around us, and often we just stayed at home until my children were old enough to behave well in public consistently.

What a concept, eh?

What is domestic abuse?

OMESTIC abuse is a pattern of abusive controlling behaviors that often escalate from threats and verbal abuse to violence. While physical injury may be the most obvious danger, the emotional and psychological consequences of domestic abuse are also severe.

Abusive partners and family members victimize others to gain control over them. Most research shows that the longer one stays in an abusive relationship the more frequent and violent the abuse can become.

If you know of someone who has experienced domestic abuse please contact our agency to learn more about how we can help and how you

Forms of Abuse Physical abuse —

Physical abuse is a powerful way in which an abusive person gets and keeps their partner gets and keeps their partner under control and it instills an environment of constant fear. While physical abuse is the form of abuse that is most commonly known, it may or may not be a part of an abusive relationship. If physical abuse is present early in the relationship, it commonly gets worse over time. If there is no physical abuse in the relationship, it may begin to occur when the victim is pregnant or when the victim is considering leaving the relationship.

Physical violence may include: hitting, punching, kicking, slapping, strangling, smothering, using or threatening to use weapons, shoving, interrupting your sleep, throwing things, destroying property, hurting or

killing pets, and denying medical treatment.

SexualAbuse—Some form of sexual abuse is common in abusive relationships but it is often the least discussed. It can be subtle or overt. The impact on the victim is commonly feelings of shame and humiliation.

Sexual abuse may include: physically forcing sex, making you feel fearful about saying no to sex, forcing sex with other partners, forcing you to participate in demeaning or degrading sexual acts, violence or name

calling during sex, and denying contraception or protection from sexually transmitted diseases.

Emotional Abuse — Emotional abuse occurs in some form in all abusive relationships. It is a very effective tactic used by abusive partners to obtain power and control and it can cause extreme damage to the victim's self esteem. Commonly, emotional abuse makes the victim feel like they are responsible for the abuse and to feel crazy, worthless and hopeless. It is so damaging that many survivors of

domestic violence report that they would have rather "be hit" than endure the ongoing psychic damage of emotional abuse.

Emotional abuse can include: constant put downs or criticisms, name calling, "crazy making" acting superior, minimizing the abuse or blaming you for their behavior, threatening and making you feel fearful, isolating you from family and friends, excessive jealously, accusing you of having affairs, and watching where you go and who you talk to.

Financial Abuse — This form of abuse is one of the least commonly known but one of the most powerful tactic of entrapping a victims in the relationship. It is so powerful that many victims of abuse describe it as the main reason that they stayed in an abusive relationship or went back

Some forms of financial abuse include: giving you an allowance, not letting you have your own money, hiding family assets, running up debt, interfering with your job, and ruining your credit.

There is HOP

Hubs hang tough

Five players score as Rochelle takes must-win game over Sandwich 42-28

BY RUSSELL HODGES

SPORTS EDITOR

SANDWICH — Friday was a must-win scenario for the Rochelle football team, and the Hubs responded by putting together their best offensive performance of the season against the Sandwich Indians in con-

ference play. Five offensive players scored touchdowns including senior Gavin Ansteth, who led the rushing attack with 105 yards and two scores as the Hubs defeated Sandwich 42-28 to reach 2-4 on the season and keep their postseason dreams alive. Junior Ben Harvey compiled a team-high 112 rushing yards, and Rochelle finished with 399

positions and we were able to stick together and get our work done."

Albers stopped Sandwich running back James Coleman short on a fourthand-3 rushing attempt to give Rochelle the football toward the end of the first quarter. The Hubs turned the possession into points with a 73-yard scoring drive culminating in a 5-yard rushing touchdown

A tipped pass from Sandwich quarterback Jack Theurer led to an interception by Ansteth on the ensuing Indians drive. Harvey sprung a 29-yard rush off the left side on the first play after the turnover before running the following play 3 yards into the end zone. Trailing 14-0, Coleman brought Sandwich back with a 73-yard rushing touchdown on an

toward a solid team performance, and the Hubs delivered by bringing home the fourth-place trophy from the annual Matt Walter Invitational hosted by Genoa-Kingston on Tuesday.

Four Hubs earned medals including senior Santi Cordoba, who placed 18th overall and recorded Rochelle's top finish. Sophomore Josue Huerta took 22nd while junior Aiden Seldal and senior Tucker Louis placed 24th and 25th, respectively. Freshman David Wanner (30th) and seniors Evan Horner (36th) and Seth Gould (40th) rounded out Rochelle's varsity boys team.

"Our times are starting to improve pretty rapidly," Seldal said. "The course was really nice and it was very wooded so I really enjoyed the scenery while I was running. It's a great course to keep up with the runner next to you... My times have improved recently and we've been going really hard at our last few meets."

Sandwich spoils Rochelle's Senior Night match

Lady Hubs celebrate six seniors before Thursday showdown with Indians

BY RUSSELL HODGES

SPORTS EDITOR

ROCHELLE — The Rochelle volleyball team recognized its six senior players before taking the floor against Sandwich on Thursday.

Seniors Katie Van Hise, Caitlin Hensley, Maggie Duval, Allison Seebach, Gabrielle Harding and Emma Smith share a special bond dating back to when all six girls attended St. Paul Lutheran School and played volleyball for head coach Kristen Edecker. The Lady Hubs were unfortunately without Seebach, who injured her shoulder in practice, and Sandwich took advantage, defeating Rochelle 25-20, 25-18 and dropping the Lady Hubs to 14-10

"Our seniors have put a lot of time in outside Rochelle volleyball as far as clubs, camps and working on their own," head coach Molly Sly said. "It's paid off for them during the high school season and we've really appreciated their work during our season and outside our season."

Thursday was a conference rematch from Sept. 10 when the Indians edged out the Lady Hubs in three sets at Sandwich. With Seebach absent from the varsity lineup, Rochelle had a tough time finding synergy throughout the match, and a tough Sandwich defensive wall made outside scoring chances minimal.

"Allison is a phenom-

enal blocker, she gets her serves in and she hits the ball really well," Sly said. "She runs a lot of different plays through the middle, and when our middles are running hard, it gives our outside hitters an extra advantage. Her absence is felt in every match we play without her. We missed her tonight."

The Lady Hubs held a brief lead in the second set, going ahead 13-9 after a kill from Van Hise. Sandwich rallied to tie the set 16-16, though, and the Indians closed the match on a 9-2 run that saw several attempted kills from the Rochelle side blocked down to the floor. Duval led Rochelle with six kills, while sophomore Sylvia Hasz added five kills and six digs.

Junior Clare Green recorded 12 assists and eight digs in the loss, with sophomore Zoey Tabor and Duval combining for nine digs.

"We need to work on avoiding the block," Sly said. "That's what killed us tonight. When we're blocked, we need to work on getting the ball back up."

"It was a great feeling to bring home the trophy and I was really excited about my results," Huerta added. "I think our speed and our grouping has improved and we really try to stay together. I've improved both my running form and my speed this year."

Rochelle saw two Lady Hubs medal in the varsity girls race. Senior Britney Baez finished 11th overall and sophomore Sara Johnson, who also medaled in the Rock River Run this past weekend, placed 24th. "Sara and I ran really well," Baez said. "She's been improving so much... We've been working hard during our practices and hopefully we can continue improving and avoid plateauing. I think I've improved in my leadership role."

Hubs fall to Kaneland in I-8 semifinal round

Rochelle moves to third-place match

BY RUSSELL HODGES

SPORTS EDITOR

MAPLE PARK—The Rochelle boys soccer team faced Kaneland in the Interstate 8 Conference Championship semifinals on Thursday. The second-seeded Knights took the early lead and controlled the second half to win 4-1 over the third-seeded Hubs.

Rochelle dropped to 11-5 overall with the loss. The Hubs will play Ottawa for third place this weekend.

Rochelle struggled to start the match, but the Hubs rallied late in the first half when junior midfielder Zane Walters connected with senior forward Max Torres through the middle of the Kaneland penalty box for an equalizer in the 35th minute to tie the match 1-1. The Knights bounced back quickly, however, scoring on a redirected penalty kick in the 39th minute. Kaneland extended its lead with goals in the 59th and 65th minutes to seal the victory.

HUBS: Rochelle reaches 2-4

From page 1

Another special teams blunder from the Indians occurred soon after, when a bad snap on fourth down soared over the punter's head and put Rochelle in the red zone. Sophomore Eric Briseno took advantage of the field position, running in a 1-yard score to give the Hubs a 35-7 advantage over the Indians.

Needing a huge play to stay in the game, Coleman delivered for Sandwich, running 66 yards down the left sideline and scoring his second touchdown of the game. The Hubs carried their large lead into the fourth quarter, extending it once more when senior quarterback Ethan Etes kept the football and ran 28 yards

to the left, following a block

from Ansteth to score.

"This was the best offensive game we had all season," Etes said. "The backs did a great job and we executed our assignments and found players to block. Our defense played really well in the first half. They have a tough offense and they carried out some of the best fakes we've seen all season. We need to stick together and we can't separate as a team."

Sandwich didn't go away quietly despite trailing by four touchdowns. The Indians made it 42-21 after Theurer found running back Jackson Murphy for a 46-yard scoring reception. The Hubs fumbled on their next possession, resulting in another Indian touchdown when running back Nic Lidinsky reached the end

zone from 4 yards away. Sandwichrecovered the onside kick, but Albers sacked Theurer on a third-down pass attempt to essentially seal the Rochelle win. The Hubs will host Sycamore next Friday at 7 p.m.

Freshmen

The Rochelle freshman football team improved to 4-2 overall with a 33-7 win over Sandwich on Friday. Daniel Monfils recorded three touchdowns including a 62-yard rushing score, while Garrett Gensler found the end zone from 63 yards out and Aidan Rodriguez ran for a 45yard touchdown. Hayden Inman finished with a 15yard touchdown pass to Monfils. The freshmen will play Sycamore on Friday at 5 p.m.

Shriners collecting donations at Sycamore-Rochelle football game

Proceeds from varsity event benefit Shriners Hospitals for Children

ROCHELLE—Local Shriners will collect donations for the Shriners Hospitals for Children after the first quarter of the varsity football game between the Rochelle Hubs and the Sycamore Spartans on Friday, Oct. 11. Cash donations and checks made payable to Illinois High School Football Coaches Association will be accepted.

The İHSFCA has invited schools across the state to participate in this cause and

the organization has chosen the Sycamore-Rochelle football game to allow fans an opportunity to donate. The IHSFCA will compile all donations and present a check to the Shriners Hospitals for Children at the 2020 IHSFCA All-Star Game in the name of Judy and John Elder, father of Teresa Ricketts.

In 1975, John Elder, acting as chairman of the IHSFCA coordinated the inaugural IHSFCA Shri-

ners All-Star Game with game proceeds going to the Shriners Hosptials for Children. Elder coordinated this game for 40 years, and since 2015, the IHSFCA has solicited donations and presented them to the Shriners Hospitals for Children at the annual Shrine Game in the name of John & Judy Elder in appreciation of their dedication to Illinois high school football, the IHSFCA and the annual Shrine Game.

A: The hilarious hit comedy "about nothing" can be streamed through Hulu, which is similar to Netflix in that you Gwyneth pay a low monthly fee for access to var-**Paltrow** ious TV shows and movies. However, Hulu's contract with "Seinfeld" ends in 2021 and after that Netflix will, in fact, have all the episodes available for viewing. The complete series also is available on DVD through Amazon and other retailers.

Q: I was wondering if you could help me find these five made-for-TV movies: "The Burning Bed," "Small Sacrifices," "Fatal Vision," "Blind Faith" and "Cruel Doubt." I've been trying to find a place to purchase these movies, but so far no luck. -- J.M.

A: It was back in the day when the three major networks (ABC, CBS and NBC) broadcast original TV movies several nights a week. Most were based on true crime. Your first two films starred Farrah Fawcett, while a young Gwyneth Paltrow appeared with mother Blythe Danner in "Cruel Doubt."

Depending on whether you have a DVD or VHS player, go to either Amazon.com or eBay.com and, in the search box at the top, type in the name of the movie followed by either VHS or DVD. For example, on Amazon.com, type "The Burning Bed DVD," and hit enter on your keyboard. I was able to find these movies to purchase either there or on eBay.

A: Yes, you can "stream" movies and television shows on your big TV. If it's not a "smart" TV that comes with the Netflix app, you'll need to buy a streaming device or stick that plugs into your TV set. Your best bet is to visit your local electronics or big-box store and

ask one of the employees to help you. Interestingly, Netflix still has an add-on DVD rental service through the mail. It's not included in the regular subscription, but you can add it for a fee. Just visit www.netflix.com to learn more.

HUB SPOTLIGHT

Hub senior Louis building on offseason running title

BY RUSSELL HODGES

SPORTS EDITOR

S an eighth-grader, cross country standout Tucker Louis noticed someone riding a bicycle alongside him while he was competing in the annual Rochelle Middle School Color Run.

That person was former Rochelle Township High School head cross country coach John Dobbs, who told Louis after he won the Color Run that he needed to sign up for the high school program. Four years later, Louis has become one of the RTHS cross country team's fastest runners, and the senior Hub wants to finish his final season with a few more accolades

"I feel like this season has gone really well," Louis said. "I think I've improved a lot. My freshman year, I was really slow and I didn't have much consistency. I've been able to decrease my time and get faster over the years... I want to break the 17-minute mark because that could get me close to making the state meet. I also want our team to make it past sectionals, and I think we can do that because we have a really good team this year."

Louis and the Hubs recently turned in their best team performance of the season, earning the fourth-place trophy at Genoa-Kingston's Matt Walter Invitational. A four-year cross country and track athlete at RTHS, Louis is part of a core group of runners who were often raced up on varsity as underclassmen. Louis was a sophomore when the Rochelle boys placed second in the Freeport Invitational, an achievement he said was one of his favorites since joining the team.

"I think that really pushed us," Louis said. "I was running 20 and 21-minute races my freshman year but my teammates and I were able to decrease our times by about 2-to-3 minutes because we were always running with faster people. Those races really pushed us forward."

Louis broke the 18-minute mark for the first time at last season's Matt Walter Invitational. The senior, who said he wants to study computer programming after high school, has formed a strong bond with his teammates. That bond was shown over the summer, when Louis and his teammates trained by running from Rochelle to Creston and even Malta.

"Santi [Cordoba] has helped me improve the most," Louis said. "We've stuck together since we were freshmen and we've kept almost the same times... Our coaches have always pushed miles over the summer, but I hadn't really done that until this year. I wanted to excel this year, so I set a goal to run 300 miles and I beat that. Senior Tucker Louis ran over 300 miles this summer to prepare for his final season with the Rochelle cross country

to Creston over the first week of summer, and we continued running further east to see how far we could get."

Louis was one of two Rochelle cross country runners recognized with the program's first-ever Summer Running Champion award. Named co-champion alongside senior Britney Baez, Louis ran more miles than any other boy on the team in preparation for his senior season. The cross country season will help Louis stay in shape for track, where he competes in the 800-meter run, the 1600-meter run and the 3200-meter relay for his former cross country coach Dobbs.

"I want to push myself in the 800," Louis said. "My goal last season was to break the 5-minute mark in the mile... I really want to break the 2-minute mark in the 800 or run around that time. Coach Dobbs and coach [Mark] Zilis always worked together to create workouts, and coach Zilis has continued that this year."
