Rowe "Returning the Favor"

TV personality Mike Rowe's visit to Rochelle's Kitchen Table to air July 22

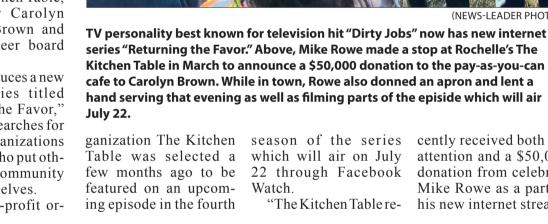

BY ANDREW HEISERMAN STAFF WRITER

ROCHELLE When many people hear the name Mike Rowe they might first think of the celebrity's hit television show Dirty Jobs, where he travels across the country and demonstrates the most disgusting jobs people do for a living.

But Rowe might now be better known to Rochelle area residents for his generous donation to Rochelle's very own The Kitchen Table, operated by Carolyn and Grant Brown and other volunteer board members.

Rowe produces a new internet series titled "Returning the Favor," in which he searches for stories of organizations and people who put others in the community before themselves.

Local non-profit or-

cently received both the attention and a \$50,000 donation from celebrity Mike Rowe as a part of "The Kitchen Table re- his new internet stream-

ing series," said Mark Schwendau, kitchen table board member, in a press release.

Lois Piller a board member of The Kitchen Table nominated the organization and the Browns to be featured on the show without anyone else's knowledge. In early March, a crew was sent from the show to interview diners and board members without anyone knowing why they were doing so. Following the interviews, the next step was to send Rowe and his crew to officially film the episode and lend a hand.

"On March 21, Rowe brought his film crew to shoot a new episode of his show, he interviewed the Browns and even pitched in by helping work at The Kitchen Table," added Schwendau.

stop in **Rochelle**

BY ANDREW HEISERMAN STAFF WRITER

ROCHELLE – Rail fans both locally and across the country are excited as the Union Pacific celebrates the 150th anniversary of the completion of the transcontinental railroad with a cross-country tour for one of its original steam engines.

Big Boy No. 4014 is one of 25 original Big Boy steam engines that were built exclusively for the Union Pacific Railroad. The steam engine will be making a transcontinental tour and plans to stop at the Rochelle Railroad Park on Tuesday July 30, between 9:45 and 10:30 a.m.

These old steam-powered engines are much larger than the newer diesel-powered locomotives used today, and according to the Union Pacific website the Big Boy locomotives are 132 feet long, weigh 1.2 million pounds and have hinged frames to allow such a long engine to negotiate curves in the tracks.

TRAIN: Old engine will stop at train park

From page 1

These engines are supported by 14 wheels arranged in a 4-8-8-4 pattern and carry a total of 56,000 pounds of coal used as the trains power supply.

Engine No. 4014 that will be stopping in Rochelle was originally delivered to Union Pacific in December of 1941 and was retired in December of 1961. The Union Pacific website states that in the locomotives 20 years of service it traveled a total of 1,031,205 miles.

Since 2013 the Big boy engine No. 4014 was on display at the RailGiants Museum in Pomona, California and then was relocated to Cheyenne, Wyoming, for a multi-year restoration process.

Since the completion of the restoration process, Big Boy No. 4014 is the world's only operating Big Boy locomotive.

"The Big Boy's return to the rails is the product of more than two years of meticulous restoration work by the Union Pacific Steam Team," said Jenny Thompson, City of Rochelle director of marketing and tourism.

Thompson added that due to the dynamic nature of these operations, running times and scheduled stops may be subject to change. For the most up to date information visit rochellerailroadpark.org or facebook. com/rochelleRRpark.

Creston officials talk residential solar panels

BY ANDREW HEISERMAN STAFF WRITER

CRESTON – During their monthly meeting on Tuesday, Village of Creston Trustees discussed creating and ordinance that residence would have to abide by if wanting to install solar panels on their homes.

The board heard a presentation from Reid Elliot, a local resident

who plans to install solar panels on the roof of his garage and one on the ground. The village does not currently have an ordinance for installing solar panels, but plans to look into surrounding county towns that already have solar ordinances.

Village board president Wayne Williams said he believes the board supports the project, but guidelines need to be put in place.

"Everybody has to abide by the rules and if you don't have any rules it is a free for all, and I don't want that," said Williams.

The board also approved the 2020 fiscal year appropriation Tuesday night. The total is less than previous years due to several projects being completed and no longer in the budget. "We are still in the black and we plan on keeping it that way," Williams added.

The sanitary sewer contract with Rochelle Municipal Utilities was also approved on Tuesday. The contract covers maintenance RMU provides to Creston's lift station and has been in place for many years. It was last updated in 2011.

Other business

The board is searching for a new building inspector after the previous one from Rochelle resigned.

The board also voted to pay for a water main leak that occurred at a residence just after hydrant flushing had been completed. The trustees approved payment for the leak after determining that it could have been caused by the work being done on the hydrant.

"It was discussed that it could have been a problem with slamming the hydrant shut when doing a flow test," explained Williams.

Village staff is also continuing with the grouting of leaking manholes that was discussed at last month's meeting. Seven have been completed so far based on need.

Something to Think About

Jeff Beverage Director **CHOOSING A FUNERAL** DIRECTOR

Taking time to plan ahead for the rites and rituals that are important to you and your family is the best way to avoid the emotional pressures that are almost inevitable in a time of grief.

Cost is an important consideration in planning a funeral, but there are other things to take into account as well. One of them is finding a funeral director you trust, one with whom you will feel comfortable during an

emotional and trying time. If you do not know a funeral director in your area, here's some advice. Get together with a family member or friend – that makes the project less scary - then call some local funeral homes and ask for an appointment. You might ask friends or

acquaintances who have lived in the area for suggestions. Funeral directors should be happy to show you their facilities and give you preliminary information about funeral alternatives and expenses. It's always best to call first so that they will be expecting you.

SHOW: Donation to be used for expansion project at Kitchen Table

From page 1

While the help from Rowe and being featured on the show will likely bring awareness to the organization, it is the \$50,000 donation that will help the café serve the most people possible.

"Rowe's \$50,000 donation will be used toward an expansion project to build a new dining hall at the community café, located at 7034 Klondike Road," explained Schwendau.

The Browns, who reside in Ashton, envisioned a restaurant such as The Kitchen Table years before they eventually purchased the property in 2013 and opened for business in 2016. The café serves about 10 meals a month where diners are asked to pay what they can afford. Those who are unable to pay are offered the opportunity to volunteer their time in exchange for their meal.

The café remains operational thanks to individuals who dine and then pay it forward along with donations

and grants received from individuals and corporations.

A successful celebration

hope everyone had a nice Fourth of July. I was glad the rains and storms held off. I did wander

down to Cooper Park for a few minutes, long enough to watch the happy kids explor-

ing Kids Ground...especially the zip line, which seems pretty popular.

I had planned to cook some burgers, but the enticing smells in the park convinced me to get a turkey leg from Ralfie's BBQ and a pork chop from the Moose Lodge. If I were hungrier, I would have gotten a taco from El Senor De Los Tacos, but the turkey leg was pretty big.

Honestly, one aspect of the holiday I don't like are the extra fireworks going off all over the place. My dog doesn't seem to like them either.

I have an in-law visiting from Florida. He remarked on the number of houses he saw under construction in Illinois. figuring there would not be any because of people leaving.

I ride some rural roads and through some subdivisions and it seems to me that in the past year I have seen at least 10 home

ing to the community mailbox after he noticed a particularly hungry looking gator in the ditch near the mailboxes. Since he

is from Florida, temperatures in the upper 90s and high humidity is pretty common for a large part of the year. And now iguanas are overrunning the state. So, given the gators, iguanas, burmese pythons, high heat and humidity, I

say no thank you. But what about other states? Hurricanes, earthquakes, venomous snakes, extremely hot temperatures, wildfires and droughts all affect other parts of the country.

Yes, there are places that seem wonderful. Montana and Colorado or Tennessee and the Carolinas. But even those states must have disadvantages.

I think Illinois is on the verge of turning everything around to the positive.

But it will be up to us to push our leaders on issues such as term limits, nonpartisan redistricting, solving the pension problem and making Illinois the best state possible for our children and grandchildren.

When that happens, people will be coming here to live and work.

Down for the Count

Letter to the Editor

The Kitchen Table wants you

Dear Editor,

The Kitchen Table in Rochelle began operation three years ago on June 30, 2016. Since then, founders Carolyn and Grant Brown have fed a lot of hungry mouths, connected strangers as new found friends, and shown all of us how much good can be done when we all come together as one in community. In fact, the Browns can lay claim to establishing the first community cafe or, "pay what you can café" in Illinois.

Those of us who have had the honor of serving the Kitchen Table on the board of trustees have been both honored and humbled to be a part of this endeavor, but it hasn't always been easy.

people live alone and are lonely and have a second hunger for simple human contact and conversation. Our senior citizens often fit in this category.

The thing that makes us shiver is when things just kind of miraculously happen and pieces of the puzzle just automatically fall into place. A piece of kitchen equipment is needed and all of a sudden somebody writes us a donation check or some local corporation comes through with a grant for us.

The only real negatives in this adventure have been those who have spoken negatively about us or perpetuated gossip and rumors when all we (the Browns and the board) are trying to do is good by serving others who are less fortunate. To put some of these misunderstandings to rest... • As per our founder Carolyn Brown's vision, the Kitchen Table, Incorporated, is 100 percent volunteer operated. Nobody gets a dime from being involved with the Kitchen Table. • It is not a "soup kitchen." I cannot recall us ever serving soup... though we have had chili now and again when the weather was right for it.

• We are not out to compete with local restaurants. We only serve about 10 meals per month and we can only seat 36 at a time as of now.

• It is not a dining establishment just for the poor. Rich and poor alike come to dine together in community and those who have much pay a little extra for those who have less and nobody needs to know or care who-is-who... just as God intended us to live.

I would like to conclude by saying if you have yet to dine at the Kitchen Table, you are missing out on a pretty amazing current trend and Carolyn Brown is an outstanding cook to boot.

Also, if you have a longing to vol-

built, sold and occupied.

I know we have high property taxes and our state finances are a mess, but think of the benefits of life in Illinois.

My in-law checks his lanai every time he goes out to be sure there are no gators lurking about. He also has taken to drivlightning bugs; how could anyone not love the sight of the little critters blinking on a warm summer night.

Terry Dickow is a retired elementary school teacher with lots of opinions, some vou will like. some vou won't. He can be contacted at terrydickow@gmail.com.

Wehavelearnedsomanythingsthat have made us pause and reflect. We even had some experiences that raised the hairs on the backs of our necks. Things that make us pause include the number of people who go hungry right here in our State of Illinois by no fault of their own. So many people live paycheck-to-paycheck and any kind of interruption in their work life can lead to a catastrophe in their family lives.

We also have learned that so many

unteer and serve others, the Kitchen Table offers outstanding experiences to serve others in a food service setting. It is a great opportunity for church, civic and youth groups.

Check out the "Volunteer" page of our website, www.KitchenTableRochelle.org. Our volunteers are the heart of the Kitchen Table café. You could be a part of that heart.

Lady Hubs tip off high school camp as offseason work ramps up

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE — The Rochelle Township High School volleyball program will have a lot of new faces this coming season, and many of the girls received an opportunity to showcase their talents during the recent RTHS high school summer camp.

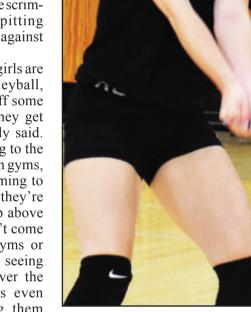

The varsity Lady Hubs will tip off their annual summer league in Sterling this coming week, while the junior varsity girls are playing summer volleyball at Sycamore. Second-year head coach Molly Sly is eager to work with Rochelle's up-andcoming players.

"Our incoming freshmen are extremely skilled and I'm really excited to see what they do at the freshman and sophomore levels," Sly said. "Once they get up to the varsity level, they'll be really fun to watch. We introduce our serve-receives, our other types of quick sets. We want to run a fast offense, so we install those sorts of things over the summer."

The high school summer camp ran from 11:45 to 1:15 p.m. in the RTHS main gymnasium this past week, with all players reviewing fundamental volleyball skills and team concepts. All campers received T-shirts at the conclusion of the camp, which featured live scrimmage matches pitting girls of all ages against each other.

"Any time the girls are out playing volleyball, they can knock off some of the rust and they get a little better," Sly said. "If they're coming to the camp and our open gyms, and if they're coming to league matches, they're going to be a step above players who didn't come to camp, open gyms or matches. It's fun seeing the girls grow over the summer, and it's even more fun seeing them put everything together during the season."

Juniors sharpen skills at youth summer camp Future Lady Hubs practice basics

BY RUSSELL HODGES SPORTS EDITOR

ROCHELLE — Rochelle Township High School volleyball players and coaches were front and center this past week, when they had the chance to work with grade-schoolers and middle-schoolers during the program's annual youth summer camp June 24-27.

The four-day camp took place at the RTHS main gymnasium from 10:30 to 11:30 a.m.

"It's really fun seeing the fifth and sixth-graders we've had over the last few years grow into their seventh and eighth-grade years," head coach Molly Sly said. "It's fun seeing their skills at the eighthgrade level improve as they become ninth-graders at the high school level. It's amazing how the girls can improve in four years and they get so much better."

The camp helps beginning and experienced volleyball players learn fundamental skills including blocking, serving, setting, hitting, digging and passing.

Advanced campers spent more time learning offensive and defensive strategies as they prepare for middle school and, eventually, high school volleyball.

"We want to introduce volleyball to the younger girls so they can learn rotations and how the game is played," Sly said. "Whether it's overhand passing or underhand passing... It's fun seeing how some girls, who may not have had many skills prior to the camp, walk away understanding the game and wanting to play the game more often. The older girls work on serving zones and not just getting the ball over the net."

The camp includes daily scrimmages where players can practice the skills they learn during live matches against their peers. Each camper receives a T-shirt at the conclusion of camp.

For Sly, who will be entering her second season as RTHS head coach, introducing volleyball at the youth level is paramount for creating more depth at the high school level.

"Especially for the fifthgraders, it's really important to come to the camp so they can decide whether or not they want to commit to volleyball," Sly said. "It's a great four days to get a taste of how volleyball is played."

CELEBRITY EXTRA

Q: I always enjoyed watching the daytime show "The Chew" on ABC. I found it to be informative and entertaining. I was wondering what the cast members have been up to lately? I know Mario Batali had some issues along the way, but what about the others? -- M.P.

Mellencamp are engaged. I thought they broke up years ago and that he's been dating Christie Brinkley. -- C.O.

A: Mellencamp and Ryan dated from 2011 from 2014, broke up, but rekindled their relationship three years later. During their hiatus, he dated Brinkley for a year. Mellencamp has admitted he isn't easy to live with, but that could be why Ryan chose to live in Daphne New York while he stayed in Indiana. Oz Nevertheless, they are now engaged and reportedly are still going strong. *: Q: I've loved watching Tom Pelphrey act ever since he played the troubled Jonathan on the daytime soap "Guiding Light." I was thrilled when he got the role on "Iron Fist" on Netflix, but now it's been canceled. I hope some other show is smart enough to cast him. -- G.E.

A: "The Chew" was a cooking/talk show that took the place of the ABC daytime soap "All My Children" back in 2011. It successfully aired until 2018, when it was canceled. The "Strahan and Sara" show now airs in its place.

As for the ensemble of hosts from "The Chew." famed chef Batali was dismissed after being accused of sexual misconduct, and Daphne Oz left on her own accord a year before its cancellation. Daphne -- now expecting her fourth child, a girl, later this year -- regularly appears on her father's syndicated program, "The Dr. Oz Show," in a special segment each Wednesday called "The Dish on Oz."

Carla Hall continues to demonstrate her culinary expertise on several daytime shows (including "Strahan and Sara") as well as "Good Morning America Weekend Edition." Michael Symon is still on television with the Cooking Channel's "Burgers, Brew & 'Que."

Clinton Kelly was already famous before "The Chew" by doing surprise makeovers with Stacy London on the hit TLC show "What Not to Wear." Most recently, however, Kelly hosted "The Spring Baking Championship" on the Food Network. "What Not to Wear" is actually coming back in 2020, but it hasn't been announced whether Kelly and London will be headlining it.

Q: I read that Meg Ryan and singer John

A: Pelphrey won two Daytime Emmys for "Guiding Light" and had been working steadily in guest-starring roles before landing a contract role on the Cinemax drama "Banshee" and then later Marvel's "Iron Fist." However, as loyal as daytime soap viewers are, Tom Pelphrey isn't a name most people know. That could change as it was recently announced he'll be a regular on the third season of "Ozark," a show with a lot of buzz. It's a Netflix crime drama starring Jason Bateman and Laura Linney. Pelphrey has been cast as Linney's brother. Perhaps one day he'll add a Primetime Emmy to his Daytime ones.

Former Rochelle football players Ben and Danny Redington will line up on opposite sides of the gridiron this coming season. Danny (right) will enter his junior year at Wisconsin-Platteville, while Ben will be a freshman at Wisconsin-Eau Claire.

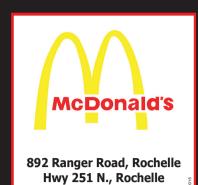

Family rivalry kicking off for Redington brothers

BY RUSSELL HODGES SPORTS EDITOR

ORMER Rochelle offensive lineman Danny Redington will have a rare opportunity to see a familiar face on the opposite side of the football field when he suits up for his junior season with the Wisconsin-Platteville Pioneers this coming fall. An NIB-12 All-Conference First Team tackle with the Hubs, Redington has spent his last two years with the Pioneers. As he gears up for his first season as an upperclassman, Redington will likely have Saturday, Oct. 26 marked on his calendar. That's when Platteville travels to face Wisconsin-Eau Claire, where his younger brother, Ben, will soon begin his college football career. "Facing Ben's team will carry a bit of extra excitement, and it will be a great moment for our family," Redington said. "He has played this sport as long as I have and at the same levels I have. He knows how much work it takes. The one thing I told him is to not let the college level be intimidating, because it's still just football. There's nothing for him to worry about." A mountainous man standing 6 feet 8 inches tall and weighing 332 pounds, Danny Redington played tackle over his first season with the Pioneers before transitioning to the interior of the offensive line his sophomore year. While the change was different for Redington, he said switching positions has helped create a new mindset moving forward.

"I felt my sophomore season went well

as far as the strides I made as an athlete," Redington said. "I feel as though I improved mentally more than anything else. Switching to an interior line position has brought with it a new mindset, one that I feel much more comfortable with. Though I'll still keep the playbooks fresh in my mind, my focus now is to continue getting better physically."

The Pioneers will kick off the 2019 season with a home game against East Texas Baptist on Saturday, Sept. 7. Redington and his teammates will be seeking to build off their 4-6 record during the 2018 season, which included topping East Texas Baptist 59-44 on the road. Redington said the 28-hour round-trip experience was the best of his collegiate career.

"The best part about college football is undoubtedly getting to know my teammates," Redington said. "Calling the bond with my teammates a brotherhood is no exaggeration. My absolute favorite experience so far was the bus ride to Texas for our first game last season. It was long, but going home with a win and sharing the experience was all worth it."
