Football players tackle projects for seniors at Lincoln Manor

BY ANDREW HEISERMAN

STAFF WRITER

ROCHELLE — Rochelle Township High School football players used their day off from weightlifting and training this week vacuuming out cars and cooking a meal for the residents of Lincoln Manor Senior Housing of LSSI.

Kerri Villa-Nantz, the assistant property manager at Lincoln Manor, and her son have been doing this consistently throughout the years and it has grown into an annual event. When

they first started, Nantz's son was in fifth grade and it was just him and his team. Each year it has continued to grow with 25 players participating last year and

nearly 50 this year. "It used to be just his team and now we have kind of grown to where it is a lot more than just his age group, and our residents

love it," said Nantz. At the event kids were hard at work washing the outside of cars, vacuuming the inside, and both preparing and serving a spaghetti meal with lemonade, water or coffee to drink and a fan

generations. "It's a great fundraiser for them, but I think the biggest benefit is the interaction between the two groups. They really do just enjoy each other's company," explained Tonya Sarver, property manager.

Most of the manor residents seem to enjoy the energy and company the kids bring, along with being very grateful for the work they do and how helpful it is to the people that live there.

"I just thank them for even thinking about doing it for us and I think it is really nice. There are just so many of us that can't do it anymore, we can't get in there and crawl around," said Genevieve Rains, resident of Lincoln Manor.

the idea for the children's reading challenge,

she thought it would be a great idea to create an adult reading challenge as well. She then brought the idea to the attention of the library director who agreed.

"Her mom had her come in and talk to me direct as an idea and if it would be something I would want to do, and I told her absolutely," explained Kristi Scherer, library director.

Once the idea was approved, Newlun designed a poster to put near the entrance of the library to get people excited about the program. Anyone is able to participate in either of the summer reading challenges, all individuals need to do is ask for a list from the front desk and check off the books as they go. Once completed they return the list to the library and receive a small prize.

"Both the adults and kids who complete the challenge will receive a small award, along with informing the school superintendent which kids completed the challenge so they can do something too," said Scherer.

Even though temperatures were in the low 90s with heat indexes near 100 degrees, the heat wasn't going to stop the football players from working hard, having fun and helping out local senior citizens.

"My friend took me here and its pretty fun, they have done everything for us so I feel like we are just paying them back for what they did for us," said Hezekiah Jefferson, an RTHS football player.

Without the help of the football players many of the residents would have to either find someone to clean their car out or simply not clean it at all. For some of the residents, this is not the first time the kids have cleaned their car out, and they have yet

The football players plan to return next year to help with the cleaning, cooking and serving, but

"I feel like people should come out here and do this often to get a little more experience, meet new people and see how things go," said Jefferson.

Two more mosquito pools in county test positive for West Nile

One pool found near Rochelle, one in Monroe Center

OGLE COUNTY - The Ogle County Health Department has confirmed two more mosquito pools positive for West Nile virus in Ogle County for

A pool of mosquitoes found near Rochelle and another separate mosquito pool collected in Monroe Center tested positive for West Nile virus on July 16. There was also a previously confirmed positive mosquito pool near Polo earlier this year.

With three separate mosquito pools from three different locations throughout the county being confirmed as positive, it is imperative to be alert and take protective measures against West Nile virus.

The Ogle County Health Department will continue surveillance and testing mosquito pools from across Ogle County, as well as conducting mosquito abatement and working with local municipalities on mosquito abatement methods such as larviciding to help control mosquito populations across Ogle County.

Monitoring for West Nile virus in Illinois includes laboratory tests for mosquito batches, dead crows, blue jays, robins and other perching birds, as well as testing humans with West Nile virus-like symptoms. People who observe a sick or dying crow, blue jay, robin or other perching bird should contact their local health department, which will determine if the bird will be picked up for testing.

West Nile virus is transmitted through the bite of a Culex mosquitoes, commonly called a house mosquito, which has picked up the virus by feeding

on an infected bird. Common symptoms include fever, nausea, headache and muscle aches.

Symptoms may last from a few days

to a few weeks. However, four out of

five people infected with West Nile virus will not show any symptoms. In rare cases, severe illness including meningitis or encephalitis, or even death, can occur. People older than 50 and individuals with weakened immune systems are at higher risk for severe

illness from West Nile virus. Precautions include practicing the three "R's" - reduce, repel, and report.

Reduce

Make sure doors and windows have tight-fitting screens. Repair or replace screens that have tears or other openings. Try to keep doors and windows shut. Eliminate, or refresh each week, all sources of standing water where mosquitoes can breed, including water in bird baths, ponds, flowerpots, wading pools, old tires, and any other containers.

Repel

When outdoors, wear shoes and socks, long pants and a long-sleeved shirt, and apply insect repellent that contains DEET, picaridin, oil of lemon eucalyptus, or IR 3535 according to label instructions. Consult a physician before using repellents on infants.

Report

Report locations where you see water sitting stagnant for more than a week such as roadside ditches, flooded yards, and similar locations that may produce mosquitoes. The local health department or city government may be able to add larvicide to the water, which will kill any mosquito eggs.

To learn more about West Nile Virus and other mosquito-borne diseases and prevention methods you can consult the Illinois Department of Public Health website or contact the IDPH WNV hotline at 866-369-9710, Monday through Friday 8 a.m. to 5 p.m.

Welcome to the 'Hub City'

City creating program for new residents

BY ANDREW HEISERMAN

STAFF WRITER

ROCHELLE – The City of Rochelle is creating a program for new residents moving to town that will both make them feel welcomed in the community and help their transition go smoothly.

According to Mayor John Bearrows, new residents in town will receive a phone call from the city along with a basket full of items from him. They will also receive an invitation to the first ever new resident reception that will take place on Aug. 22 at Kennay Farms Distillery.

The main goal of the reception is to bring people together and to help them get acquainted with city officials and some of the businesses.

"I feel when a new resident comes to town we need to make them feel very comfortable in that they know who to call to have their car worked on, or go to the dentist or a doctor or whatever," said Bearrows. "Now, there are very few phonebooks out there, so I felt it was important to put together a packet to give to the new resident that has all the various phone numbers of all the things that you and I take for granted."

Bearrows came up with the idea and when he brought it up to the city, the staff ran with it. Within four hours after meeting with the first staff member about choosing a location, Kennay Farms had been locked in. Bearrows said everyone on the city staff has pitched in to help this program come together, even designing welcome baskets to hand out.

"This is not just a Mayor Bearrows type thing, the whole city staff has really pulled together and made this all happen. I came up with the idea and the entire staff jumped on it and said what can we do, how can we help?" explained Bearrows. "I don't know of anyone on the City of Rochelle staff that doesn't have their whole heart in this community."

The event will last between one and a half and two hours and will feature many local businesses and city officials for new residents to get to know. There will also be snacks including local restaurant Ralfie's BBQ. This is the first and only reception that will take place in 2019, but the city plans to have two receptions next year while rotating locations. The receptions next year are scheduled for mid-June and early November.

"At the second one my vision is, we could have the new residents along with some of the ones from the event before. They are now a seasoned resident and they can relate to these folks and say, "I know how you feel," explained Bearrows. "and then there is a sense of trust and comfort with that person who has already been through what they are going through."

While the reception is aimed at helping the new residents get acclimated, it is also geared at changing the way the community looks at newcomers.

"People that come from the outside can sometimes be looked at as outsiders and I want to eliminate that stigma. I don't want people to think that if you weren't born here or were you raised here, it really doesn't matter," said Bearrows. "You're here and you chose this spot, you could have chosen any of the other 49 states but you chose Rochelle, Illinois and we want to show that we appreciate that and make people feel at home."

Take a swing for Tobler

Annual golf outing raises funds for Steve Tobler Scholarship

BY ANDREW HEISERMAN

STAFF WRITER

ROCHELLE – It has been just over two years since the unexpected and heartbreaking passing of Steve Tobler.

To remember the legacy he left at Kings School and the Rochelle community and to honor his love for kids and their education, the second annual Steve Tobler scholarship golf outing and dinner will take place Thursday, Aug. 1 at Fairways Golf Course and Salt 251 restaurant.

The outing will be a shotgun start and will include 18 holes of golf in a scramble format, a dinner and a silent auction with items ranging from homemade crafts to a six-night stay in Hollywood, California.

All of the profits earned from the event are invested in the Rochelle Township High School Foundation and eventually used as scholarships for students who graduated from Kings and went on to graduate from RTHS.

"Last year we gave out two \$500 scholarships because the girls were just so even, but our goal is to at least have a \$1,000 scholarship each year," explained Belinda Luxton,

former teacher at Kings. Tobler spent his entire life in the Rochelle

Steve Tobler

area, working on his family farm during the day and at UPS at night to help make ends meet.

Kings educational program was very important to him, his entire family went to Kings and then went on to graduate from RTHS. Tobler served on the Kings School Board and eventually served as the board president for 12 years until one night in May of 2017 when he went to sleep and never woke up at the age of 64.

"He was always at the school helping out and he was very devoted to education. He wanted quality education to be made at Kings School," said Luxton.

Tobler and Luxton were classmates in high school and sat at each other's study hall table. She thought it was fascinated that he worked on his family farm and they began talking and got to know each other. When they were older their families had a great friendship because they both have four sons of the same age.

After Tobler passed away Luxton thought of many different ways to honor him, until deciding on a scholarship in his name.

"After this happened I just kept thinking about what could we do. We could put up a plaque but that wouldn't have been something Steve would have thought much of," added Luxton. "So, I thought he loved education and wanted to see kids be the best that they can be in their life, and I just thought of a scholarship."

Along with participating in the golfing event, individuals or businesses have the option of sponsoring a hole on the course or simply donating to the cause. The cost to sponsor a hole is \$100 that includes a plaque with the name of the business, company or family displayed near a green. Donations of any kind are also appreciated and helpful in keeping the dreams of Steve Tobler alive.

"We are just coming alongside Steve and his love of education and young people. We don't want anyone to be left behind, we want to see those kids succeed in their goals in life," said Luxton.

Recent Kishwaukee College nursing grads achieve 100 percent first-time pass rate

MALTA — Students graduating from the Kishwaukee College Registered Nursing Program in December 2018 and March 2019 achieved a first-time pass rate of 100 percent on the National Council Licensure Examination-Registered Nursing (NCLEX-RN). A total of 25 students, who completed the two-year registered nursing program at the college, passed the required examination on their first attempt, placing Kishwaukee College among the few institutions to accomplish this goal.

The achievement is an important one for the nursing program, which earned accreditation through the Accreditation Commission for Education in Nursing (ACEN) in 2018. The nursing students exceeded the 2018 state and national average first-time pass rate of 88 percent.

"This is an important milestone for the program. The 100 percent pass rate reflects the dedication and commitment of our nursing faculty and graduates," states Mindy Finch, dean of instruction and director of nursing. "Training qualified nurses in our accredited program who can contribute safely and effectively to healthcare brings a

sense of pride to the program. The program will continue to deliver a level of excellence that helps meet and exceed standards."

The NCLEX-RN exam has been the national testing standard for nursing since 1982. The purpose of the exam is to ensure nursing candidates have the knowledge and skillset to begin practicing as an entry-level nurse. It measures a candidate's application and analysis abilities, critical thinking and judgment. Candidates from associate and bachelor programs sit for the rigorous exam to become registered. Six of the 25 Kishwaukee College students passed the newer version of NCLEX-RN, which went into effect April 1 and included a clinical judgment module.

"The future is very bright for these new nurses and I wish them all the best in their careers," Finch adds.

Kishwaukee College's registered nursing program offers a two-year degree in registered nursing and a Registered Nursing to Bachelor of Science dual enrollment program with Northern Illinois University for students interested in earning a four-

NOT ALWAYS BURIAL In many parts of the world,

burial is the most common

form of final disposition but it is not the only form. Many bodies are entombed, or placed in aboveground mausoleums. The procedures are similar to an earth burial, since the body is placed in a casket and is usually driven from the funeral ceremony in a procession. Entombment is the traditional form of final disposition in some areas. In New Orleans, for example, high water tables make ground burial impossible

Cremation is another form of final disposition that gaining increasing acceptance in North America. However, this option is still not as popular

here as in other parts of the world. The cremation rate is roughly 15 percent in the U.S. and about 25 percent in Canada. By contrast, in European countries more than half of those who die are cremated. In some cultures, such as Japan, cremation is the most common form of final disposition.

Volunteers make the difference.... from those who work in the arena with the riders, those who feed and care for the horses, maintain the grounds, and organize the fundraisers. Each of our volunteer instructors are PATH certified and are required to complete a minimum of 20 hours of continuing education every year as well as maintaining current first aid and CPR certifications.

Pegasus is grateful to all who supported its annual picnic July 13. A rider demonstration was followed by a meal catered by Ralphie & LuLu's of Ashton, music provided by Jim Kanas, and the Hub City Cruisers drove out to the facility in style with their cars on display throughout the event.

At the Share Night Wednesday, July 24 from 5 to 8 p.m., Pegasus volunteers will greet customers with a pamphlet containing more information about Pegasus, as well as deliver food to customers in the dining room and drive-up service.

The children's challenge includes 22 books from different categories such as a book about food, or one with a color in the title, that must all be read in order to complete it. The adult challenge is the same, but includes 12 books from more in-depth categories including a book in translation or one nominated for an award in 2018.

Whether it is an adult or a child participating in one of the reading challenges, seeing someone reading a new book makes Newlun proud.

"It has made me feel like I am making a difference actually trying to get people to read, trying to get them the spirit of enjoying different books that they wouldn't normally choose," she added.

Along with starting the summer reading challenge at her library, Newlun has also been doing a program called shelf talkers. For the last three years

Fiegenschuh pointed out that city council and staff aren't sure how community members might react to the possibility of legal cannabis dispensaries popping

up in Rochelle, but if residents are going to be able to legally purchase cannabis products in other towns, then local leaders at least need to look at the revenue possibilities.

"I think there is probably ap-

prehension about the legalizing of adult cannabis, but the way the law is written people are allowed to smoke it and if people are allowed to partake in that, then maybe the city should look into generating some revenue off that," he said.

Rewarded for doing good

HE Kitchen Table has received some very generous donations recently.

If you don't know, the Kitchen Table is a pay what you can restau-

rant. It is located on Illinois Route 38 west of town, in what us old timers remember

Terry Dickow

as the Klondike Restaurant or parts of the Klondike. My wife and I finally made it out to eat a couple of weeks ago and it was very nice — homey, welcoming and good food. I highly recommend experiencing the

place. Good news travels wide. The Kitchen Table will be featured on Mike Rowe's Facebook show "Returning the Favor" on Monday, July 22 and that is pretty impres-

So, congratulations to the Browns for making a dream come true and for providing delicious, quality food at a price all people can afford.

Speaking of food, Hot Dog Day was a lot of fun. We passed out approximately 500 dogs at the Flagg Township Historical Museum.

Museum board member and retired Rochelle Fire Department chief Tom McDermott did the grilling, which on a hot day was no easy task. But the stars of the show were the high school students who volunteer at the museum. A big thank you to Miguel and Angel Cruz and Maddie Ohlinger who staffed the booth and Dakota and Willow Ames who provided support of all kinds.

I imagine some people will be biking or walking about town more with the increase in the gasoline tax.

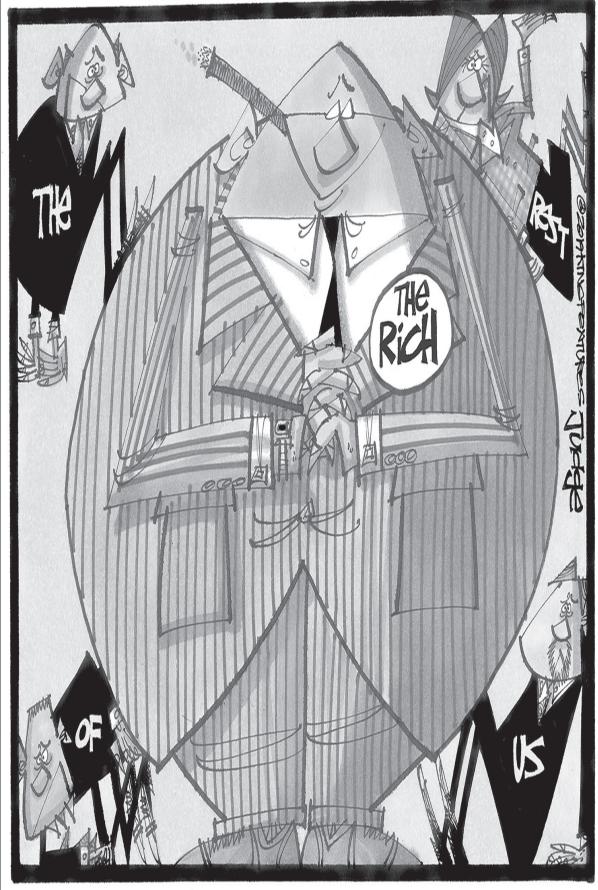

I love the pedestrian crossing on Illinois Route 38 in front of the shopping center. It provides a safer place for walkers and bikers to cross a busy road.

There is one marked crossing, at the base of the overpass at Fourth Avenue. I think there should be one at 10th Avenue, especially during the school year when middle school kids are literally running for their lives across that street.

I know it is a state road, but so is Illinois Route 38. If pedestrian crossings don't make sense then I can accept it...I won't like it, but can accept it. But if they do make sense, then why not work to get them in place?

Speaking of pedestrians, I cringe when I see people in dark clothing crossing Illinois Route 38 at night in the middle of the street. Why not walk to the corner where there is a light and cross where people can see you? Just wondering.

Marijuana law allows on-site consumption

Dear Editor,

tion to the Smoke-Free Illinois Act ban on indoor smoking, and lets cities decide whether to allow on-site marijuana use at bars, restaurants, and cannabis smoking lounges, the Chicago Sun-Times reported.

Rep. Kelly Cassidy and her colleagues decided that social consumption of marijuana would be allowed, but not licensed by the state, leaving that up to local officials, according to the Chicago Sun-Times. Public health and safety are concerns with

on-site consumption. Legislators thought video gambling

would only be limited to bars, restaurants, negative consequences, such as increased The marijuana law includes an exempand veteran organizations. However, video risk of mental and physical health probable marijuana law includes an exempand veteran organizations. gambling machines are everywhere, except in the 125 municipalities and counties

where they are banned. We could see a similar situation with marijuana unless local officials pass an ordinance to ban recreational marijuana dispensaries, processing, transporting, cultivation facilities, and on-site consumption of marijuana in municipalities and counties. Living near marijuana dispensaries makes youth more likely to use marijuana, according to a study by the Rand Corp. Youth who use marijuana are more likely to experience

COUNTY NEWS

contract approved

BY BRAD JENNINGS

OGLE COUNTY LIFE EDITOR

OREGON – The Ogle County Board on July 16 finally approved a new contract for the Ogle County Sheriff's Department.

The new six-year deal covers about 70 people, said Ogle County Sheriff Brian VanVickle, including patrol deputies, corrections officers and "non-sworn" workers including office staff. They have all been working without a contract since Dec. 1, 2017.

The new contract includes pay increases of 2 percent for 2017-18; 2.5 percent for fiscal year 2018-19; and a 2.75 percent increase in each of the final four years.

VanVickle said the pay is retroactive, and that the union has already ratified the agreement, which focused

'Wages are always the No. 1 concern," he said. "That's what the majority of the negotiations were in regards to." VanVickle said the new contract puts the pay in his department "right in line" with the industry standard.

Rochelle Area Track Club

Dreska qualifies for USATF National Championships

Local athletes shine at regional track and field event in Joliet

BY RUSSELL HODGES

SPORTS EDITOR

JOLIET—Hotweather didn't hold 11-year-old Rochelle Area Track Club hurler Zachary Dreska back from performing his best during the USATF Junior Olympic Regional Championships at Memorial Stadium this past weekend.

Dreska competed in two events at the regional including the javelin throw, where he placed fourth out of seven athletes in the 11-12 Boys Division with a distance of 19.42 meters, or 63.71 feet.

Dreska's mark was long

enough to qualify him for the USATF National Championships, which will be held at Hornet Stadium in Sacramento, California from July 22-28. While Dreska will be unable to attend, he said he was thrilled to learn he had advanced to the national level.

"I was super excited when I qualified for nationals," Dreska said. "Hopefully I will qualify again next year and be able to go. It would be so cool to be there... Regionals were really, really hot, and I wanted to make nationals but there was really hard competition.

I was so excited when they announced who qualified and they said my name."

Dreska picked up track and field when he was 6 years old, and he's been competing in the sport for the last five years. The javelin throw has quickly become his favorite event, and he said the transition from a turbo jab to an arrow javelin this year has been most exciting.

Dreska aims to follow in the footsteps of his older brother's fiancé Gabby, who won her events at nationals in college.

"My favorite part about track and field is being able

to get better each year," Dreskasaid. "This is my first year with the arrow javelin and it's been awesome to use. I really enjoy making new friends in the Rochelle Area Track Club each summer. Coach Dobbs, coach Miller and coach Dreska have really helped me."

Dreska finished sixth in the discus throw with a distance of 14.56 meters at the regional event.

RATC member Ashyley Dwyer also competed, placing seventh in the 13-14 Girls Division javelin throw with a distance of 11.30 and taking 13th in the discus throw with a mark of 9.80.

ROCK FALLS — The Rochelle Little League 9-11 Baseball All-Stars had a tough start to the Illinois Little League Sub-State Championship at Wallingford Park on Friday.

The boys opened the tournament against Moline, falling by a score of 15-5 to drop to 0-1 at sub-state.

Moline capitalized on two walks and an RBI double to take a 1-0 lead in the bottom of the first inning before adding two more runs on an error and an RBI single.

Moline carried a 3-0 lead into the second inning, exploding for 10 runs to pull away from the Rochelle boys. Moline scored its first run on a throwing error before notching three con-

secutive run-scoring hits.

Moline drew back-toback bases loaded walks soon after to go ahead 9-0 before a three-run triple made it a 12-0 game. The inning ended with two strikeouts by Caden Goodwin after Moline added an RBI single to go up 13-0. Goodwin bounced back for Rochelle by pitching a scoreless third inning.

Rochelle avoided the shutout by scoring five runs in the top of the fourth inning. Logan Mershon and Dylan Manning each walked and scored on passed balls before Bane Workman's RBI single plated Deegan Schabacker. Ian Metzger then cleared the bases with a two-run single to right field. Moline capped off the win with two runs in the bottom of the fourth inning.

ROCHELLE NEWS-LEADER • SECTION 2 • PAGE 7

Q: When will "Madam Secretary" return? It's impossible to imagine that this show is unpopular -- much to the contrary. It is so apropos to the times we are experiencing. The talent, the subjects, everything

we have loved to see and learn and we did learn. -- T.M. A: "Madam Secretary," starring

Téa Leoni as the U.S. secretary of

state, has been renewed for one more

season. CBS Entertainment president Kelly Kahl announced to the press recently: "They're going to do 10 episodes in the fall and tie up the storyline. We're happy and excited to do that for Téa, the cast and the audience. It's hard when a show 'poof goes away.' We like to be able to do this and send the show off with a great deal of respect and celebration. Everyone appreciates when we are able to do that."

I agree. It's heartbreaking when a show is canceled without any conclusion. I don't think my twentysomething self ever got over "My So-Called Life" ending with a cliffhanger after just one season 25 years ago. Fortunately, "Madam Secretary" will continue for another season, which will premiere on Oct. 6.

Q: Whatever happened to Britney Spears's little sister who used to have a Disney or Nickelodeon show? Did she quit acting for good? -- A.K.

A: Jamie Lynn Spears is now 28 years old. She starred on "Zoey 101" in the mid-2000s but then took a long break from acting after returning home to Louisiana to raise her children near her parents. Now she's back, having recently announced that she landed

a part in the upcoming Netflix series "Sweet Magnolias" (not to be confused with the 1989 movie "Steel Magnolias").

"Sweet Magnolias" is the name of series of novels written by Sherryl Woods about a group of women from South Carolina who have been best friends since high school. In addition to Spears, the romantic drama will also star Monica Potter ("Parenthood"), Brooke Elliott ("Drop Dead Téa Leoni Diva") and Heather Headley ("She's Gotta Have It").

Q: I read that there is a cat convention similar to Comic-Con. Do celebrities greet fans like they do at the comic book conventions, and is it held in multiple cities? -- B.B.

A: There is indeed something called Cat-Con, and it's been going on annually since 2015. It's just in one city, a weekend long event that takes place in Pasadena, Calif., which is near Los Angeles. So far it hasn't branched out to other cities. So, if you want

to attend, I would start planning your trip now since this year's CatCon just ended. As for celebrities in attendance, they are mostly cats that are popular on social media, like Instagram. Alas, Grumpy Cat passed away a few months ago, so any chance of meeting her in person is now gone. This year's

human celebrity guest was Angela Kinsey from the TV show "The Office." Over the years the convention has helped more than 500 cats find homes and has raised thousands of dollars for charities. You can learn more, including any potential 2020 celebrity panel guests, at www.catconworldwide.com.

Contreras qualifies for **North Central College** dance team

BY RUSSELL HODGES SPORTS EDITOR

HEN Rochelle dancer Tatianna Contreras visited the North Central College campus, she felt right away that she belonged there. Contreras also knew that she didn't

want her dance career to end, and after receiving some encouragement from her mother Tonia, the RTHS graduate decided to compete for a spot on the North Central College dance team this summer.

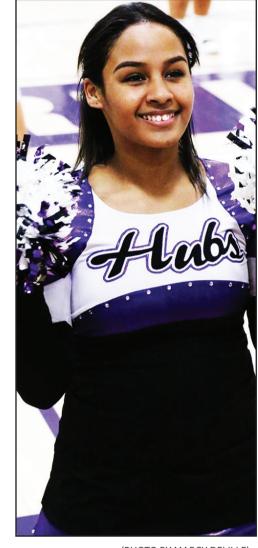

Admittedly, Contreras said she didn't think she performed her best, but after several days of waiting, she found out she would become a new member of the North Central College dance team.

"My mom really motivated me to try out for the team," Contreras said. "She told me that I've been dancing for so long now that I shouldn't stop now... When I first found out that I made the dance team, I was so excited and surprised because I didn't think that I did my absolute best during tryouts."

Contreras spent four years with the Rochelle Township High School dance program, helping the Chellettes reach the IHSA State Championships twice during that time. She said her experience going through tryouts at the high school level helped prepare her for what to expect when she went out for the North Central College team this summer.

"The tryout experience was somewhat similar to what I've experienced at high school," Contreras said. "We practiced technique and we learned a routine before we tried out in groups. It was fun, but it was also a lot of work because they do things differently at North Central than what I'm used to."

Contreras will be one of several RTHS student-athletes attending North Central College this coming year, joining football players James Hart, Will Jandak and Eddie Villalobos, who will also wrestle for the Cardinals. Contreras said she plans to

becoming a pediatric nurse. "Dancing at RTHS helped me prepare for tryouts in so many ways, but it was mainly my coach Kass Smith who made me into the dancer I am today," Contreras said. "She never let me give up on myself and she always pushed me to do better because she knew that I could. Without dancing at RTHS, I don't think I would have made the team at NCC."
