What's Inside

Drive-through coffee shop comes to Byron

By BRAD JENNINGS
Editor

BYRON—Blink and you might miss it.

It is in a trailer parked just west of Sam's Drive-In Restaurant in Byron, directly across the street from Casey's General Store. It's a small trailer that says, "Drive Thru Coffee" on it.

That is the Black Pearl Coffee Shop, and it has been open in Byron since Oct. 15. It is open Monday through Friday from 6-9 a.m. only, but it seems to be getting some attention from local coffee lovers.

"We have one gentleman who has been here every day that we've been open," said owner Ken Foss, who lives in Byron and also own McKendrie Street Café in Mount Morris.

Foss said he got the idea on a trip to the state of Oregon with his son, where

similar businesses are located. He said he bought an old Pepsi trailer in Missouri to use, and rents the space it sits on from the owner of Sam's. A generator is used to power the operation.

After he closes for the day, Foss stores the trailer nearby.

The Black Pearl sells coffee, chai, hot chocolate and some iced drinks along with muffins and mixed fruit.

Foss said the coffee comes from Java Mania in Rockford, which supplies other businesses in the region. The coffee beans are roasted as needed, he said.

So why Byron?

"It just has the traffic from Rockford going to Oregon," said Morgan Lawler, who works for Foss. "It's like the middle of everywhere. Also, the nuclear plant. It's just a busy town."

50/50 Candlelight Walk raffle tickets on sale

OREGON – Although the weather does not reflect it, here comes the 32nd annual Candlelight Walk.

Community events like these require hundreds of hours of preparation, using lots of volunteer time during the event, as well as support from many local businesses. To help secure funding for 2018, and to keep this popular holiday tradition alive, the committee is once again holding a 50/50 Raffle. Tickets are on sale now at 6 tickets for \$5 at select local businesses.

Tickets will also be for sale during the evening of the event.

The winner will be drawn that evening,

receive a guaranteed minimum of \$300, and need not be present to win.

Tickets are available for purchase at Oregon Snyder's, Oregon Express Lane Shell, JTI Salon and Spa, Hazels, Casey's General Store and the Oregon Chamber of Commerce.

"We are so grateful to all of our sponsors" said Debbie Leffelman, Candlelight Walk Committee chair, "especially to WOODS / BLOUNT our presenting sponsor. Their generous monetary contribution makes a huge difference in our ability to bring all of these wonderful free family fun opportunities to everyone."

COFFEE: Business better every day

From page 1

On opening day, the first customer drove up at 7:15 a.m. after seeing the sign planted in the ground next to the trailer. Since then, business has been better every day, Foss said.

Foss said Ogle County is in need of the convenience of a drive through coffee business.

He said besides the Dunkin' Donuts in Rochelle, the Black Pearl is the only other drive-through coffee business.

"Ogle County doesn't have a designated drive through coffee facility," he said.

As the trailer is not insulated, Foss said the plan is to stay open through November, and then close down until the

first of March.

He also said the city of Byron was very helpful and great to work with while trying to get his business open.

Now, it is up to those coffee lovers driving through town.

"I think it's going to work," Foss said. "So far we've had positive feedback from every person."

OBITUARIES

Stephen Baker Vagle

OREGON – On Oct. 17 loved ones, family and friends lost Stephen Baker “Steve” Vagle, a true friend and inspiration in their lives to an auto accident. Steve was born April 15, 1950, the son of Robert “Stanley” and Mary.

Steve grew up in rural DeKalb County and graduated from Malta High School. Steve was married to Mary Ann Scobey on Jan. 9, 1971 in DeKalb, and had three children, Brad (Jennifer), Joe (Heather) and Amy (Matt) and ten grandchildren. Steve and Mary Ann were married until 2015. In recent years Steve was enjoying life with his loving partner Pam Wright and their beautiful little companion Millie.

Steve worked for 39 years for Eaton Corporation. While at Eaton, Steve worked in several capacities and locations, finally serving as their Global Logistics Manager until his retirement in 2010. In his retirement Steve operated his own home painting business and most recently performed facility maintenance for the Stillman Bank.

From his childhood on Grandpa Baker’s farm and through his adult life Steve loved everything about horses and the people who shared his enthusiasm for that lifestyle. From growing up in a farming community, to participating in organized trail rides with his family and friends and then on to raising, training and showing registered horses for many years. Steve was especially suc-

cessful in promoting and showing Quarter Horses and Buckskin Horses in sanctioned International Buckskin Horse Association (IBHA) shows. There Steve was competitive on a national level winning multiple World and Reserve World Championships, his first being in 1993 and his most recent in 2011. He was a true horseman and Showman!

Later in life, Steve loved traveling the country to Cushman Scooter Rallies with his brother Rodney and to Flea Markets with friends in pursuit of collectibles to restore and decorate their home, and the “man caves” of many of his friends. He always had his eyes out for something that he knew they needed at his friend’s homes/shops. In recent years, he loved to take his grandchildren on these road trips, showing horses, camping, riding ATV’s and attending Scooter Rallies. He went to great lengths to make sure everyone had a chance to experience the things that he loved. One of Steve’s most memorable traits was his sense of humor. He had a quote, joke, or story for

every occasion or situation in life. Making people laugh was truly one of his many God-given gifts. Just when you thought you truly knew Steve, another one of his many secret talents would surface. He had an incredible vision for promoting things, enhancing your business, and he had the physical talent to fulfill his vision. One thing you could count on from Steve, was that if you sought his advice, it would be about how to be more successful, or to have fun!

Steve leaves behind his loving partner Pam and their little Millie. Mother, Mary Vagle of DeKalb, Brother, Rodney (Jeanie) of Lenoir City, Tenn. Sister, Jill Groff (Dave) of Streamwood, son, Stephen Bradley (Jennifer) of Kings, son, Joseph (Heather) of Roscoe, daughter, Amy Scott (Matt) of Rockford, and 10 grandchildren, Conner Vagle, Vanessa Vagle, Alex Vagle, Devon Scott, Hayden Vagle, Alyssa Scott, Jessica Vagle, Bryant Vagle, Mason Vagle and Ethan Scott. Steve also leaves behind numerous cherished friends from all corners of the country.

Steve is preceded in death by his father, Robert Stanley Vagle of DeKalb.

A visitation was held from 5-7 pm on Wednesday, Oct. 24, 2018 at the Farrell-Holland-Gale Funeral Home, 110 S. 7th Street, Oregon. A memorial fund is established in Steve’s name.

Purple Pumpkin Project

Avery Roewer, 9, was diagnosed with epilepsy in May of this year. On Oct. 20, he –with help from mom Amanda Roewer – hosted an event at their house in Byron to raise money for the Epilepsy Foundation. The event was called The Purple Pumpkin Project. Avery had friends over to paint their pumpkins purple and then they took them home to display. Not only did the event raise money for epilepsy, it also raised awareness. If you see a purple pumpkin displayed at someone's house, ask them about it.

MOMENTS IN TIME

* On Nov. 12, 1799, Andrew Ellicott Douglass, an early American astronomer, witnesses the Leonids meteor shower from a ship off the Florida Keys. Douglass wrote in his journal that he "was in constant expectation of some of them falling on the vessel." It is the first known record of a meteor shower in North America.

* On Nov. 16, 1901, on New York's Coney Island, a low-slung car called the "Torpedo Racer" breaks the world speed record for electric cars. Its builder and pilot, Andrew Riker, managed a speed of 57 mph.

* On Nov. 14, 1941, "Suspicion," a thriller starring Cary Grant and directed by Alfred Hitchcock, makes its debut. They would later collaborate on "To Catch a Thief."

* On Nov. 18, 1966, Sandy Koufax, 30, the ace pitcher for the Los Angeles Dodgers, retires from baseball due to chronic arthritis in his pitching arm. "In those days there was no surgery," he said much later. In 1971, Koufax became the youngest person ever elected to the Baseball Hall of Fame.

* On Nov. 13, 1974, Karen Silkwood is killed in a car accident in Oklahoma. She had complained to the Atomic Energy Commission about unsafe conditions at the Kerr-McGee plutonium plant where she worked and was on her way to meet with a union representative and a reporter. The folder of information she had with her was never found.

* On Nov. 15, 1984, "Baby Fae," a month-old infant who had received a baboon-heart transplant 20 days earlier, dies in California. Three other humans had received animal-heart transplants, but none survived longer than 3 1/2 days.

* On Nov. 17, 1993, Annie Proulx wins the National Book Award for "The Shipping News," her novel about an out-of-luck journalist and father. It later won the Pulitzer Prize.

Living the Life

By Brad Jennings

Most people are walking around with the accumulated knowledge of all of human history in their hand.

It's there, on your phone. Pull it out and get on the Internet. Google something, anything - How old is the Earth? Answer: 4.543 billion years. How did Socrates die? Poisoning. How long have humans been on the planet? Our ancestors for about 6 million years. Modern humans evolved about 200,000 years ago. What is the national debt? More than \$21 trillion.

It is all there, on the Internet. How to make a perfect chocolate cream pie. Who was responsible for the 9/11 attacks? How many movies featured John Wayne? (Turns out he had 178 credited roles).

The Internet has basically ended the bar argument. The Internet can make even the dumbest of us appear to be smart. The Internet is a gold mine of reality and truth.

But, as we are human beings, we have found a way to take this fountain of reality and screw it all up. Yes, you

can find the truth and reality about pretty much anything on the Internet. You can watch video of millions of events and breaking news moments.

But too many people have latched onto the Internet as a place to spread false information. If you are looking for what is real and what is the truth, you can find it online. If you are looking for something that simply justifies your worldview, even if it is false, you can find it there too.

You can find it on web pages and in chat rooms.

You can find wild opinions of every sort. Some are even presented in a way that makes you think the person writing them is not some crazy goofball living at home with their parents ... in the basement.

But they are still very, very wrong.

The Internet is stuffed with wild theories and speculation. Much of it is harmless. But much of it is dangerous and simply stupid. Sadly, people buy into it because it reinforces their worldview. That is people on the left and the right.

I have had discussions with people who have sworn things are true. But when confronted with facts they simply dismiss them. When asked to present their own facts, they present opinion instead. An opinion is just that, and should not be confused with a fact.

Of course, we all know we are becoming a less fact-based world, sadly. People now just hunker down in their thought bunkers and gorge themselves on information that they agree with,

reality be damned.

Sure, it is frustrating. And more importantly, it is incredibly harmful to the nation and the world. One cannot simply exist in their own bubble and truly understand the reality that is going on around them.

It is the adult equivalent of sticking your fingers in your ears and saying, "Nananananananana" to try to keep from hearing what you don't want to hear.

The most annoying thing of all is that the truth is right there, staring at them. We have the technology right in our hands. The information is available in seconds. Reality has never been more readily available.

By choosing to ignore it, we are harming not only ourselves but our country.

They say if you don't learn from history you are doomed to repeat it. Well, history is there for all to read about and see at any time. It's not that we are not learning from it. It's that we have given up trying to learn at all.

Reader gives vote to Medicare for all supporters

Dear Editor,

A recent investigation of central Indiana hospitals found the profits of non-profit hospitals ranged from 15 percent to 23 percent. Another interesting discovery was the only medication to help drug addicts shake their addiction to the most prescribed pain killer is also made by the same company that makes the painkiller.

Between 2010-2016, the Food and Drug

Administration approved 210 drugs that had been funded by over \$100 billion of research dollars from the National Institute of Health --in other words, our federal tax dollars. So, we're paying twice for the medications -- once for the research and again at the pharmacy.

America's Health Insurance Plans (AHIP) is the trade group for the insurance industry. This group warns that ending the

Affordable Care Act (ACA also known as Obamacare) guarantee could result in hardship for the estimated 130 million Americans under 65 with pre-existing conditions (cancer, heart issues, high blood pressure, diabetes, etc.).

Recent federal tax cuts served to undermine Medicare at a time when more seniors are turning 65 than anytime in history. Ask someone over 65 how important Medicare

is to their well-being and budgets.

Medicare for All actually would be far less expensive for our federal budget as the U.S. government could negotiate costs with hospitals and pharmacies.

I'm voting for candidates who support Medicare for All.

Sincerely,

Pam Farris, Rochelle

America had a good run, but it's over

Dear Editor,

Another election coming. I last voted in 1968 and will not vote again.

The country I loved is dead. It was murdered by Democrats, progressives, leftists and lunatics. I am now 74 years old and have been observing our disintegration for decades.

The election of Donald Trump gave me renewed hope but the United States was too far gone to save. Any country which could elect Barack Obama (twice) does not deserve to survive.

George Orwell saw this coming. So did Ayn Rand. You need not be prescient to see the asylum door swinging open. It was a good run but it is over. Do not doubt me.

Sincerely,

Richard Gribbins, Oregon

People need to try some respect and kindness

Dear Editor,

What has happened to empathy, honesty, integrity, and civility in our country? As a parent, grandparent, retired teacher and a Christian I ask, "Can you look your child in the eye and approve, excuse, or condone the language and behavior of our leadership in Washington?"

Whichever political party you support I hope you will consider adopting my slogan -- ORK -- Opt for Respect and Kindness.

A Concerned American,
Bonnie Mueller, Oregon

Man gives thanks for woman who gave him a gift card

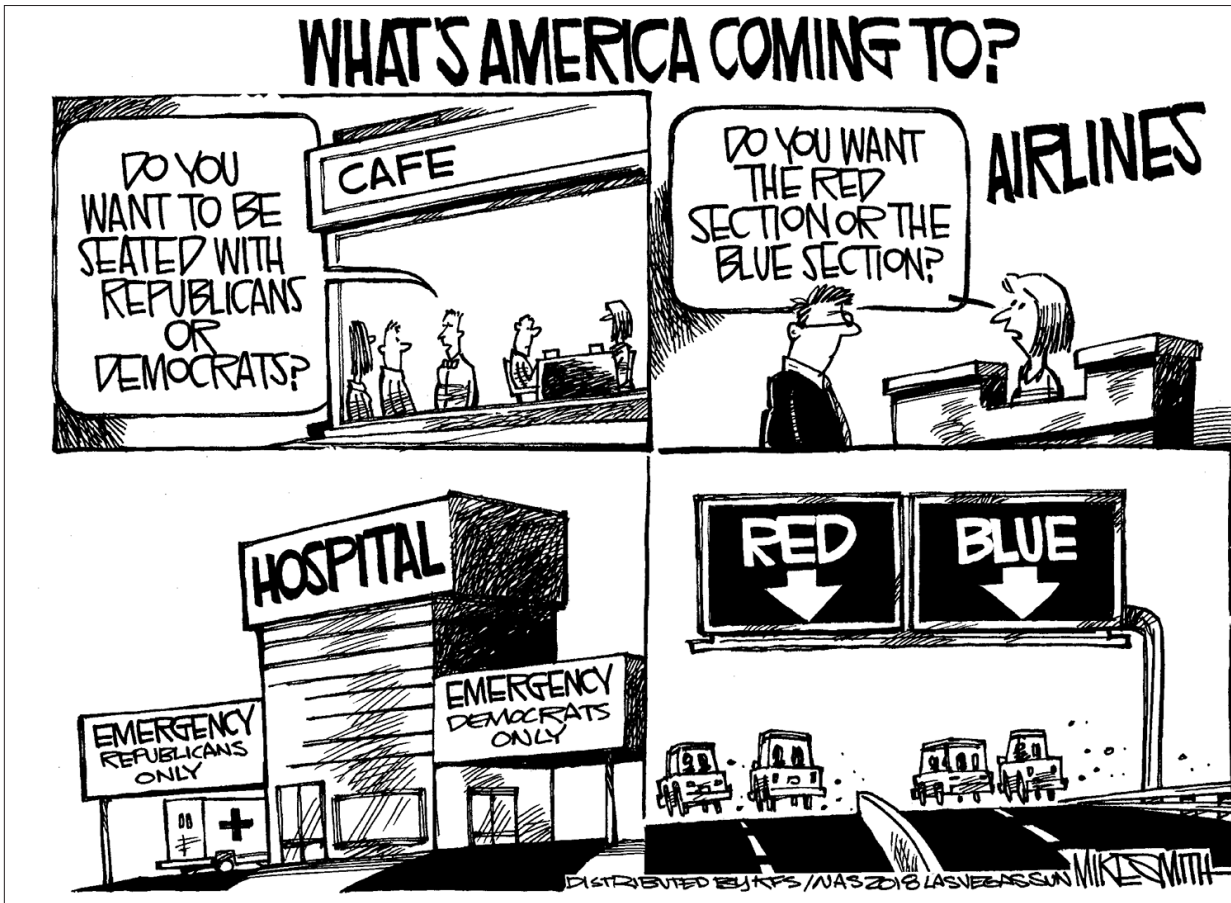

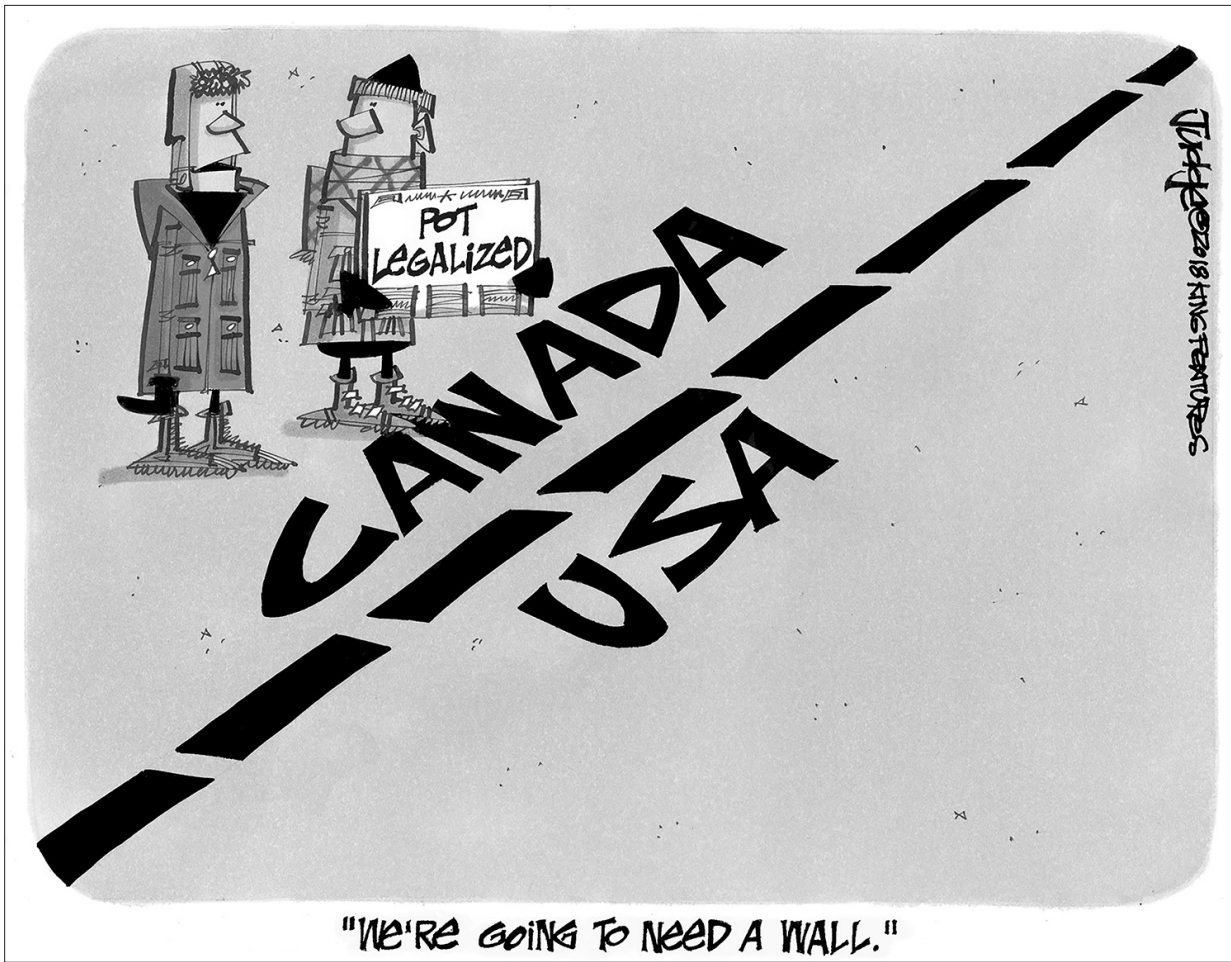

Dear Editor,

(Recently) I went to Casey's to put gas in my truck, and proceeded to go inside to pay. A lady and I were both going to the counter to pay. Since she had several things in her hands, I told her to go before me. She hesitated but did go.

It took her a little while and I heard her ask about gift cards. When she completed her transaction, the card remained on the counter. She turned to me and said it was for me. I was very shocked and managed to thank her twice.

Since I still have a house phone, and my name and number is in the Oregon phone book, I hope she calls me so I can again thank her, since I didn't know her. There must be a special place in heaven for people like her.

Verlis Sanders, Oregon

Girl Scouts receive federal grant funds

Girl Scouts of Northern Illinois (GSNI) is honored to receive a Corporation for National and Community Service federal grant for Project Opportunity, an AmeriCorps program developed by GSNI, to be implemented throughout the organization's service area.

Project Opportunity is a youth development and education program for underserved girls. GSNI has been awarded over \$160,000. By accepting the grant, GSNI has committed to providing a substantial program match with private and in-kind funds.

The organization previously received this grant in 2016 and 2017. More than 1,000 girls have been helped in nine communities across northern Illinois in the program's first two years. Girls completed Girl Scout Leadership Experience (GSLE) programming on topics including healthy relationships in Be a Friend, Not a Bully and Be a Friend First; STEM (Science, Technology, Engineering and Math) in Think Like a Citizen Scientist and Think Like an Engineer; the arts in Outdoor Art; peer relationships in Making Friends and Social Butterfly, and financial literacy through the Girl Scout Cookie Program and Money Manager.

As a result of the program, over 75 percent of girls demonstrated a strong sense of self, showing confidence in themselves and their abilities. More than 70 percent of girls demonstrated positive values, acting ethically, honestly, and responsibly while showing concern for others while 60 percent of girls demonstrated strong healthy relationships skills, including the ability to express themselves and resolve

conflicts constructively. 80 percent of girls reported believing that they can do better in school after the Project Opportunity program.

This funding will allow GSNI's Project Opportunity to engage girls in over 30 sites across seven northern Illinois counties including Boone, DeKalb, Kane, McHenry, Stephenson, Whiteside, and Winnebago, who are not currently served by outreach programs funded by existing generous donors. Project Opportunity provides the GSLE to girls affected by poverty and other at-risk factors, including girls who face barriers to participating in positive youth development programs. The AmeriCorps grant will provide resources and AmeriCorps Members necessary to sponsor participation of an additional 800 girls in the Girl Scout program. Through their participation, these 800 girls will derive the full program benefits of being a Girl Scout.

GSNI is excited to be undertaking its third year of this AmeriCorps program. More than 20 AmeriCorps members will serve in communities across northern Illinois, including two full-time members and 23 part-time members. AmeriCorps members will provide GSLE programming through Project Opportunity. Members will work with existing GSNI partners, including schools and community centers, as well as identify new partners and sites where GSNI can reach girls who might not otherwise have the opportunity to become Girl Scouts. AmeriCorps members will also recruit new volunteers from local communities to help with Project Opportunity programming. AmeriCorps members

will not only provide critical leadership and developmental programming to girls, but also help strengthen communities by engaging with local partners and volunteers.

For over a decade, hundreds of girls have been able to participate in the GSLE. Girls who participate in the outreach program show strong outcomes towards achievement, such as developing a strong sense of self, thorough understanding of financial literacy, and demonstrating effective problem-solving skills. When asked about their participation in Girl Scouts, girls report being excited about making new friends, having the opportunity to learn new things, having fun, and feeling secure in a girl group.

GSNI is currently seeking dedicated individuals who are interested in serving their community as AmeriCorps members. Part-time members are needed across northern Illinois. All members will receive a modest living allowance and ongoing training and development opportunities. To get involved, email americorps@girlscoutsni.org.

We're Girl Scouts of Northern Illinois

We believe every girl can change the world. With us, Girl Scouts develop the independence and confidence to guide their own lives and build a better world. We put girls in the driver's seat and encourage them to customize their own experience. We serve 16 counties including parts or all of Boone, Carroll, Cook, DeKalb, DuPage, Jo Daviess, Kane, Kendall, Lake, LaSalle, Lee, McHenry, Ogle, Stephenson, Whiteside, and Winnebago. Visit www.girlscoutsni.org.

Farris joins Focus House

ROCHELLE – The Foundation for Focus House Board of Director's would like to welcome Chandler Farris to the Focus House team.

Farris received her Bachelor's degree from Marquette University, where she majored in biology and minored in psychology. During her time at Marquette she worked for campus security and helped build programs to increase student access to safe rides and safe walking escorts.

After graduation, she chose to continue her work with young adults as a Life Skills Counselor for Harmony Transitional Living Program on Chicago's south side. While there she helped homeless

youth learn to live independently and access the social services they needed. She also proposed and implemented several changes to the case planning policies and subsequently was able to increase group attendance and youth participation at Harmony's outreach events.

In the spring of 2018 she initially joined the Focus House team as a House Manager, becoming familiar with the organization and the County. After spending the summer of 2018 organizing NIU's Summer Program, she returned to school to pursue my Masters of Public Health and rejoined Focus House as a JPO Counselor.

Tree decorating contest planned

MOUNT MORRIS – The Mount Morris Economic Development Corp (MMEDC) is organizing the first annual Christmas Tree Decorating Competition to replace the former tree on the bandshell program held in the past.

For close to the past 10 years or so the Mount Morris Work Group sponsored Christmas trees on the bandshell provided by numerous local residents, school classes, local organizations, and local businesses.

This year we are trying

to provide an incentive for everyone, businesses included, to win prize money for one of the following three categories that will be judged between Dec. 1 and Dec. 5 by three undisclosed judges. Categories are: Best Overall, Most Unique and Most Traditional.

Applications for the contest can be picked up at the Village Clerks office during normal office hours. Included are guidelines to follow to properly enter this free contest. Winners of the three categories will receive a \$100 check spon-

sored by the Mount Morris branch of the Rockford Bell Credit Union. A group photo of the winners will be arranged on the bandshell after judging takes place. Trees will only have a number on them so the judges will have no idea as to who has entered a tree into the contest.

Many other downtown Campus decorating ideas are also being planned and we think the Campus area will be a beautiful winter wonderland for all to enjoy during the entire holiday season.

Oregon High School presents play Nov. 2-4

OREGON – The Oregon High School Drama Club will be performing “Somewhere, Nowhere,” written by Lindsay Price, Friday, Nov. 2 at 7 p.m., Saturday, Nov. 3 at 7 p.m., and 2 p.m. Sunday, Nov. 4, in the Oregon High School music room.

“Somewhere, Nowhere” features a group of teenagers during their senior year in high school who have mixed feelings about sticking around their small town, or going off to bigger and better things. From the narcissistic athlete (Zachary Crandall), and his ignored little sister (Lydia Cermak), to the boy who just got dumped (Jed Bothe) and the girl (Abigail Virgil) who is lamenting about fulfilling her parents’ future dreams as well as her English teacher’s (Meghan Gracyalny), you will be sure to see a little bit of your own apprehensions and aspirations from your high school experiences.

The OHS Drama Club is student created and directed. The play is directed by Olivia Stafford, produced by Tessa Burger, and Holly Handschuh is the stage manager. They’ve been working really hard to perform quality show, so come and support Oregon High School Drama.

Tickets are \$7 for adults, \$5 for students, and \$3 for children, and senior citizens.

Oregon Park District offering new program for kids at Taft Campus

OREGON – The Oregon Park District and Loreda Taft Campus have teamed up to offer a new program to 3rd through 8th graders on Monday, Nov. 19.

Join us for an after-school program from 3:30-5:30 p.m. at Taft Campus. Does your child ever wonder what happens to all the woodland critters during the winter time? Winter can be a stressful time for most animals. Have them join the Taft Campus staff in learning whether animals hibernate, migrate, or stay active during the coldest time of year.

Registration deadline is Monday, Nov. 12. Fee is just \$11/resident and \$13/non-resident. Registration can be done at Nash Recreation Center located at 304 S. Fifth St., Oregon or over the phone at 815-732-3101.

Oregon Park District has set upcoming events and activities

First Fridays in the Pool – Flamingo Bingo

Come on out for our first First Friday of the season on Nov. 2. Water aerobics

Exercise your entire body without putting stress on your back and joints. This class will work on toning, cardiovascular strength, endurance, and flexibility. Classes are Monday-Friday from 8:30-9:30 a.m. and Mondays and Wednesdays 7-8 p.m. Drop-ins or 5, 10, or 15 Water Aerobics passes are accepted.

Twinges

Let the natural buoyancy and resistance of the water help you improve your joint strength and flexibility along with improving cardiovascular endurance while walking and jogging in the shallow end. Participants do not need to know how to swim. Classes are Tuesdays and Thursdays 1-2 p.m. and Wednesdays and Fridays from 10:30-11:30 a.m. Drop-ins or 5, 10, or 15 Water Aerobics passes are accepted.

Deep water aerobics

Deep Water Aerobics is a more intense workout than your typical water aerobics class. Working out in the deep end will allow you to get an intense cardiovascular workout without the impact. You will also increase your endurance, flexibility and strength. Participants do not need to know how to swim. An aqua jogger belt will be provided. Classes are Mondays 9:30-10:30 a.m. and Saturday from 9-10 a.m. Drop-ins or 5, 10, or 15 Water Aerobics passes are accepted.

Writer to speak to Oregon group on Oct. 30

OREGON – Andrew Carlson, a published local writer, will speak to the Oregon Writers’ Group on Tuesday, Oct. 30 at 10 a.m., about how to get writing pieces published.

He will talk from his experience and expertise.

If you have written something and want to know how to navigate the next step or if you were just wondering how publishing gets done in this day and age of internet technology, feel free to join us in the Gallery of the Oregon Library. The elevator in back of the building makes the Gallery accessible to everyone.

Moving Up Higher with Joyce Meyer

Discover the ourpouse in your pain

Have you ever been hurt by someone? Have you been used, lied about, abused, cheated or deceived? Have you ever done a lot for someone and then, when you needed them, they didn't have any time for you?

Everyone experiences mistreatment of some kind, and forgiveness is not easy. But I've learned through personal experience that if you refuse to forgive, you are in for a miserable life!

For many years I hated my dad because he sexually abused me throughout my childhood. But all that did was make me bitter and hard to get along with. It didn't change him, and it certainly didn't do me any good.

When they were in their old age, God spoke to my heart and told me He wanted me to move them close to where my husband, Dave, and I lived and take care of them until they died. At first, I resisted this idea because there was nothing in me that wanted to see them, much less spend money on them and meet their needs.

I told Dave what I was thinking, and he said if God was telling me to do this, we should do it. It wasn't what I wanted to hear, but he was right, so we moved them into a house near us and took care of them until they died.

It wasn't easy...but I can honestly say now that it is one of the greatest decisions I've ever made. God honored my obedience and gave me the grace to do the right thing, and before he passed away, my dad asked me to forgive him and he accepted Christ as his Savior.

The reward of forgiveness far outweighed the pain I had gone through for so many years!

Forgiveness and the Favor of God

The story of Joseph in Genesis chapters 37-50 is also an amazing example of what God can do in our lives when we choose to forgive. When he was 17 years old, his 11 brothers sold him to slave traders because they were jealous of him and hated him.

Joseph was taken to Egypt and bought by Potiphar, an officer of Pharaoh and captain of the guard. God gave him favor and Potiphar made Joseph overseer of his whole household (Genesis 39:5). But when Potiphar's wife became angry because Joseph wouldn't go to bed with her, she lied, claiming he had tried to rape her, and Joseph was thrown in prison.

Genesis 39:21 (ESV) says, "But the Lord was with Joseph and showed him steadfast love and gave him favor in the sight of the keeper of the prison." Joseph was put in charge of all the prisoners because the Lord was with him and gave him success in whatever he did!

Eventually, God gave Joseph favor with Pharaoh, and he was promoted to a position second in command to Pharaoh only, ruling over the land of Egypt. Several years later, his brothers came to Egypt for food because of a terrible famine, and this was his chance to take revenge on them. But Joseph wasn't at all interested in vengeance.

When he revealed his identity to his brothers and saw that they were afraid he would harm them, Joseph told them, "...You meant evil against me, but God meant it for good, to bring it about that many people should be kept alive, as they are today" (Gen. 50:20 ESV).

God's Purpose for Your Pain

Joseph is a powerful example of how we can mature in our faith and character when we go through hard times. He chose to maintain his integrity with God no matter what it cost him personally, and the reward was far greater than the pain he had endured. As a result, he was able to fulfill God's plan for his life and help many people who would have died from famine.

God has a plan and a purpose for your life, too! No matter how badly you've been hurt, I want to encourage you to trust God's love for you and His ability to bring healing to your soul. Refuse to live an angry, bitter life because of the way someone has mistreated you, and instead, pray for them and love them, doing good to them as you have an opportunity to do so (Matt. 5:43-45).

Let God use your pain to develop the fruit of the Spirit in your soul (Galatians 5:22-23) and make you everything He has created you to be. As you do, others will see the love and goodness of God through your life and be drawn to Him!

Celebrity Extra

By Dana Jackson

Q: I have been a fan of Judith Light ever since she played Karen on the daytime soap "One Life to Live." I wish I could have seen her do theater. What's next for her? -- D.K.

A: Light last took the stage at the Pasadena Playhouse in "God Looked Away" opposite legendary actor Al Pacino as playwright Tennessee Williams. Alas, it did not receive the kindest of reviews. However, Light has won two Tony Awards in her career, so I doubt she has abandoned theater.

You can catch Light early next year on Lifetime in the psychological thriller "Escaping the Madhouse: The Nellie Bly Story." Christina Ricci stars in this TV movie based on the true story of a brave journalist who goes undercover as a patient at the Women's Lunatic Asylum in New York. Light plays the nurse who tortures her. Bly's real name was Elizabeth Cochran Seaman, and her intense investigation helped reform mental health care on a global level. "Escaping the Madhouse" premieres Jan. 19 at 8 p.m. ET/PT. on Lifetime.

Q: I wanted to respond to the reader's letter about the new version of "Magnum P.I." on CBS. While I'm a huge fan of Tom Selleck, I have to say I'm enjoying the new "Magnum P.I." very much. I just watch and don't compare, just enjoy it for what it is. The storylines have been intense and exciting! -- Bonny S.

A: When it comes to TV and movies, I can't think of any topic that inspires such opposite opinions as the "remake." The 10-year-old in me would be absolutely livid if they tried to remake "The Brady Bunch," but then I'd have to stop and cool down and realize that there's a new generation out there that might be just as excited to watch a reboot of that blended family and their housekeeper, Alice. However, deep down we know that nothing will compare to the originals, and that includes Tom Selleck and his Hawaiian shirts.

The key, as Bonny wrote, is to not compare. Watch or don't watch, but take these new versions as entirely new. They just happen to share the same names and locations of a certain series decades ago. I know it's hard, and I honestly don't know if I could keep quiet if "The Brady Bunch" kids came back carrying cellphones, but then again, I don't have to watch.

Q: I haven't paid attention to TV ratings in years. I would imagine the major networks are suffering now that, in addition to cable, people have Netflix and Amazon and other options. What are the top shows nowadays? -- M.B.

A: Yes, network ratings overall don't generate the high numbers they used to, but they are still leading the pack. The shows that consistently score high and show growth at the moment are "Manifest," "This Is Us," the long-running "Grey's Anatomy," "The Good Doctor" and the hit comedy "The Big Bang Theory." This all could change overnight, but these will likely be the season's biggest hits.

Couch Theater

By Amy Anderson

"The Spy Who Dumped Me" (R) -- Audrey and Morgan (Mila Kunis and Kate McKinnon) are just a couple of working-stiff best friends. But when Audrey's ex dumps her by text, Morgan persuades her to burn his left-behind possessions in retaliation. He shows up to collect them -- and it's revealed that he's actually a spy -- and the ladies are folded into a convoluted trapeze through Europe and a multitude of treacherous scenarios as they are chased by assassins and bad guys. It's a little predictable and it's not brimming with cleverness, but Kunis and McKinnon are adorable and hilarious nonetheless. Also stars Justin Theroux and Sam Heughan in hunky spy roles.

"Teen Titans Go! To the Movies" (PG) -- Miffed at being perennially in the shadow of Batman, Robin (voiced by Scott Menville) decides that the only way he can get the respect he deserves is to go chasing his own feature film, alongside his junior superhero buds Raven, Starfire, Cyborg and Beast Boy. But what really makes a superhero is a supervillain, so when the maniacal Slade (Will Arnett) -- who bears a resemblance to Deadpool that warrants repeated mentioning -- shows up, Robin decides he fits the bill. Based on the Cartoon Network series, it's a goofy and fun immersion into the fart jokes, one-ups and burns that can be enjoyed by kids and most adults (if you don't take it too seriously).

"The Darkest Minds" (PG-13) -- Amandla Stenberg headlines this teen-driven, dystopian-future drama. A mysterious illness takes an incredible death toll on the country's children, but those who are left alive begin to develop an array of hypernatural abilities: enhanced intelligence, kinetic powers, etc., and Ruby (Stenberg) has them all. Kids are rounded up into camps and color coded, and after Ruby is targeted for elimination, she escapes to join a group of wild children searching for an elusive safe compound. I was really looking forward to this film, and walked away disappointed. It's based on a book, and they spent much of the second half setting up future sequels, and not nearly enough on the actual storyline.

"Slender Man" (R) -- For the record, Slender Man was a meme character created for an online contest. It has developed into an internet cultural phenomenon, praised for its creepiness and blamed for some terrible deeds. It is at its heart, simply, a slender man with long stringy limbs, hazy and ambiguous facial details and a propensity to lure people, particularly children, to their doom. This film is set in a Massachusetts town where some dumb kids go searching to prove he doesn't exist and then suddenly he does. What can I say? This one missed the mark. Someone else will take a crack at the legend. Save your money for that attempt.

Halloween

The most haunted places in North America

Mysteries and the macabre take center stage come Halloween. Many people feel that lingering spirits may cling to hotel rooms, hospitals and old buildings. The following are some sites, courtesy of Conde Nast, Reader's Digest and National Geographic, that may prove pleasing to those who like a taste of the paranormal each October.

- Howard Street Cemetery, Salem, Mass.: The Salem Witch Trials were a shocking part of American history. Many different people were accused of witchcraft and sorcery and executed for their alleged crimes. Howard Street Cemetery, where Giles Corey, a convicted offender is buried, is said to host the paranormal.
- Eastern State Penitentiary, Philadelphia, Pa.: This once strict enforcer of solitary confinement was built in 1829 and housed prisoners until 1970. Peals of disembodied laughter, pacing footsteps and shadowy figures have been reported on the premises.
- Keg Mansion, Toronto, Ontario: The Keg Mansion was once the private residence of industrialist Hart Massey and his family. Legend states that, after the death of Massey's daughter Lillian, her maid was so overcome with grief that she took her own life. A ghostly image of a maid hanging by her neck has frequently been reported at the property.
- LaLaurie Mansion, New Orleans, La.: Marie Delphine LaLaurie was a Louisiana socialite who threw lavish parties. But she also had a dark and grisly side. When a fire broke out in the residence, police responded and discovered mutilated slaves in the attic. LaLaurie fled New Orleans, but it is believed the phantom screams of her victims can still be heard at night.
- Hotel Monte Vista, Flagstaff, Az.: This hotel is purportedly home to various spectors and paranormal guests. Room 210 was plagued by someone who hung raw meat from the chandelier. An infant's wretching cries have sent people scurrying. And two women who were thrown from the third floor now haunt and try to smother male guests in their sleep.
- Fairmont Banff Springs Hotel, Banff, Alberta: This is the site of a number of terrifying ghost sitings, including an entire murdered family. Many believe a retired head bellman in uniform continues to haunt the hotel.
- San Fernando Cathedral, San Antonio, Texas: This is the oldest church in Texas and is stunning to behold. But during the nighttime, visitors may feel the hair on their necks stand on end. During renovations, workers unearthed bones, nails and military uniforms. Visitors report orbs and shadowy figures in photographs, as well as figures in hooded clothing.
- RMS Queen Mary, Long Beach, Calif.: This luxury ship carried Hollywood celebrities before being repurposed into a World War II ship that transported troops. Eventually, the ship was permanently docked in California, and is reportedly haunted by those who died aboard, such as a young sailor crushed in the engine room.

Haunted places dot the globe and can make interesting travel locations for those who wish to discover what goes bump in the night.

Halloween

Protect the planet this Halloween

In the minds of children and even many adults, Halloween is one of the best days of the year. Youngsters love to dress up as monsters, beloved television characters or superheroes in the pursuit of candy, while their parents often enjoy some Halloween fun of their own.

Celebrants might not have the environment in mind come October 31, but there are a handful of opportunities for all those participating in Halloween festivities to make their celebrations more eco-friendly.

- Hand out locally-produced treats. Candied apples can be found at Halloween parties, and some people even give them out to trick-or-treaters. When buying apples that will ultimately be transformed into candied confections, buy your apples from local farmers. Locally produced apples did not have to travel far, reducing the fuel needed to go from farm to table. And locally produced apples may taste fresher than those shipped from far away, making this beloved dish even more delicious.

- Exchange costumes with neighbors. Rather than buying new costumes each year, parents can save money and help the planet by exchanging costumes each year. Halloween costumes are typically worn just once, which is wasteful when considering the amount of materials, energy and packaging required to produce and sell such costumes. Homemade costumes also are less wasteful, as parents won't have to package such getups in potentially harmful plastic.

- Clean up throughout the evening. Trick-or-treaters are many things, but are not likely to be conscious of the trash they produce as they sneak candy bars here or there during their travels. Candy wrappers and other litter can quickly accumulate on Halloween. Unless this trash is promptly picked up, it may ultimately find its way into drainage systems and nearby waterways. Sweep up throughout the evening to keep lawns and driveways clean and protect the environment.

- Add pumpkins to compost piles. Pumpkins, and jack-o'-lanterns in particular, are symbolic of Halloween. But pumpkins deteriorate rather quickly, and homeowners might be quick to simply toss them into the garbage with the rest of their trash. But pumpkins can make great additions to compost piles. Before adding pumpkins to your pile, remove any seeds from inside the pumpkin, as lingering seeds may germinate within the pile. In addition, remove any decorations and lighting from the pumpkin, and do not add pumpkins that have been coated in preserving sealant to your compost pile.

Halloween might not inspire celebrants to be eco-friendly, but there are ways to have fun and protect the planet at the same time.

in our community: They support local charities, schools and community events which financially impacts

3

Local businesses sell a wide range of great products

at affordable prices and cater to the needs and wants of the community.

4

Shopping Local saves you money and time!

Travel expenses and personal time make the overall cost of items more.

5

Shopping Local retains our community:

Without the support in the local community, restaurants, shops and services are forced to close.

6

Shopping Local retains our distinctiveness:

Local businesses respond quicker to the needs of the customers and stock products to meet the core community's needs.

7

Shopping Local encourages community growth.

By choosing to do business locally you help maintain Ogle County's diversity, charm and appeal; which in turn, attracts new community

8

Shopping Local invests in community services and county economy.

Your dollars spent in locally-owned businesses have three times the impact on your community as dollars spent outside of Ogle County. When shopping locally, you create funds for more county and county services through sales tax. In turn, these funds are invested in neighborhood services including police, fire and ambulance as well as park and library improvements.

9

Local shops value you more:

Local businesses survive by their reputation and repeat business, which means you get a higher standard of service.
