The UPWalker is a revolutionary new mobility device that can change your life by changing the way you walk. It enables you to stand upright when you walk- with your spine straight and your eyes looking straight ahead. Your weight is supported by your upper arms and shoulders, some of the strongest parts of your body. Traditional walkers and rollators force you to put the pressure of your body weight on your hands and wrists. You push them in front of you, looking at the ground instead of where you going. The UPWalker moves with you, with your body perfectly aligned and your feet free to walk in a normal fashion.

Includes 6 FREE Accessories! (a \$142 value)

- From the makers of the original UPWalker®
- Stand-Assist Handles
  - Comfortable Seat
  - Folds Easily
  - Adjustable Backrest
  - Optimized Center of Gravity
  - Easy-Brake Wheels

Plus, now you can choose between dark luster silver or champagne

Traditional walkers and rollators force you to put the pressure of your body weight on your hands and wrists. You push them in front of you, looking at the ground instead of where you going. The UPWalker moves with you, with your body perfectly aligned and your feet free to walk in a normal fashion. Its easy-adjust height system allows it to be the perfect fit/height for anyone from 4'10" to 6'1" and supports up to 300 pounds. The new stand-assist handles enable you to distribute your weight across your arms and shoulders, not your hands and wrists to help reduce back, neck, wrist pain and discomfort. It features comfortable arm pads, hand brakes, a fold-down seat, a backrest and two storage bags. It's built with aircraft-grade aluminum to be sturdy yet lightweight, and its sleek design and oversized wheels make it perfect for tight spots in the house or walking in the yard.

Why spend another day bent over and shuffling around- or worse yet, plopped in front of the TV all day. Pick up the phone and take back your life. Call now.
