At Maintain Your Smile Dental, We're Using the Latest Advancements in Technology to Create a Better Patient Experience.

Our investments in 5-D scanning and 3-D X-rays enable us to closely monitor the health of your teeth. These advancements make it faster and easier than ever before to create orthodontic treatment and provide accurate dental implant placement.

Additionally, our new mill produces lab-quality crowns right in house, enabling us to produce lab quality crowns faster and more affordably.

There's a reason patients have trusted us for more than a decade. Our secret? **Friendly staff, better service and lower costs to you, the patient!**

“ We strive to provide a friendly environment that explains all options and provides patients with quality dental care at a reasonable cost. ”
