## Former Mendota mayor Troupis charged with felony forgery in alleged fake elector scheme

MADISON, Wis. – Three operatives of former President Donald Trump were charged with felony forgery in Wisconsin on June 3. Among them was James R. Troupis, 70, of Cross Plains, Wis., formerly of Mendota.

Wisconsin Attorney General Josh Kaul filed the felony charges against Troupis and two other men involved in an alleged fake elector scheme, which is a result of their role in allegedly soliciting and delivering false sets of elector certificates to Congress in December 2020.

Reports indicate Kenneth Chesebro, another of the three men charged in the case, was allegedly deputized by Troupis, who was serving as a 2020 Trump campaign lawyer, to craft an elector strategy in November 2020 focused primarily on Wisconsin. The alleged scheme then became part of a national strategy to avert Trump’s defeat in the 2020 election. The 26-page complaint comes primarily from text messages and documents obtained from Chesebro.

Troupis will make his initial court appearance at 10:30 a.m. Thursday, Sept. 19 in Dane County court in Madison, Wis.

Troupis, who is a 1971 graduate of Mendota High School, was an attorney in Mendota. He was elected mayor of Mendota in 1985, but resigned on July 1, 1987, before completing his four-year term, to move to Wisconsin to practice law.

## MHS Athletic Complex to be named after former superintendent

Prusator was visionary behind all athletic fields at high school

MENDOTA – A ribbon cutting ceremony announcing the naming of the Jeff Prusator Athletic Complex at Mendota High School will take place at 5 p.m. Monday, June 17. The public ceremony will be held behind the main high school building.

At the Nov. 20, 2023, District 280 Board of Education meeting, the board approved the naming of the MHS Athletic Complex. The Jeff Prusator Athletic Complex is named in honor of long-time Mendota High School administrator, Jeff Prusator.

Prusator served Mendota High School from 1996 to 2023. He was hired as an Assistant Principal for five years, as a Principal for three years, and he served for 19 years as Superintendent. Prusator served three public school districts as a professional educator for 33 years. His loyalty, dedication, and service to the community of Mendota is greatly appreciated. His financial leadership and management skills influenced the district and numerous careers.

Mendota High School moved to its new location at 2300 W. Main St. in the winter of 2003. As Principal, Prusator helped to organize and move students and staff to the new location. He transitioned to the role of Superintendent at the new high school facility.

The first major enhancements to the complex were to bring out all athletic stadiums and fields to the new location. Soccer fields were immediately available in the back of the new grounds. Tennis courts were then built at the new facility, and there are eight regulation courts available for the MHS tennis teams. In 2011, a new multi-use turf sports field, bleachers, press box with sound system, and outbuildings for concessions, toilets, team rooms, and storage was completed. The eight-lane track allows for large competitions.

## VanKeulen siblings bring first joint business venture, Scooter's Coffee, to Mendota

By **BRANDON LaCHANCE**  
*Staff writer*

MENDOTA – Since May 3, Scooter's Coffee has been serving Mendota residents coffee, smoothies, food, and more.

But the process, the ingenuity to bring a coffee shop and a new business to town has been brewing for years.

Mary VanKeulen brought Anytime Fitness to Mendota in 2018. With the initial reception and the continual support, she knew "The World's Greatest Little City" was a great location for her first co-owner endeavor with her brother, Butch VanKeulen.

"When I opened Anytime Fitness six years ago, I pretty much fell in love with the people in Mendota. I feel like there is a lot of dedication," said Mary VanKeulen, who lives in Princeton. "They're excited for new businesses. There are always volunteers around the community. And at the gym, I have amazing members."

"I like the town and I like how the residents support local businesses. The property around the gym has been for sale for all six years I've been in business. I nudged Butch and said, 'What do you think? Want to buy it?'"

"I wanted to buy it so I could secure what is next to the gym. I wanted the property to be used for something that will help the town grow and something that is needed. We bought the property first, which was 14 months ago. At the same time, I was watching Scooter's in Princeton grow. It seemed like a nice franchise and Mendota didn't have a coffee shop."

Mary has owned a business since she was 21 including current operations, Sophisticuts Salon & Day Spa in Princeton, which she has had since she was 23, and Anytime Fitness.

Butch, who lives in Hennepin, co-owns Central Illinois Equipment Sales Inc. in Hennepin and Peoria with another business partner.

(Reporter photo by Brandon LaChance)**

The two middle children of Marvin and Marcy's six children thought a joint venture was due.

"I got a phone call, 'Hey, I got an idea.' She explained and I trust her business sense. We looked into it and thought it was a pretty good plan," said Butch VanKeulen. "We secured the property, looked into numbers, went a little over budget, but it's OK. Mendota has supported it and

I think the community will continue to support Scooter's Coffee. I like the town.

"We have a good mix. I take care of the mechanical stuff and she takes care of the employees, payroll, and that type of stuff. I'm the guy they call when a circuit breaker needs reset or equipment doesn't work."

Through the construction and operational process, the VanKeulen siblings have

found plenty of positives.

They're excited to not only bring a coffee shop to Mendota, but a place with healthy food and multiple protein options.

Local businesses were used to build Scooter's as Ken Otterbach Excavating and Hornung Electric were hired as contractors.

Theo Landgraf, a 2022 Mendota High School graduate, was hired as the general manager. The VanKeulens said Landgraf is innovative, creates a fun environment, did all of the hiring, learns extremely fast, is sharp. They added, "We want him to be the face of Scooter's, not us."

The one negative was windows.

While cars drove past the unfinished Scooter's building during the winter, there wasn't much progress on the building for three months. Residents of Mendota asked questions why it wasn't finished.

"We had some growing pains in construction, but I

think that came more with commercial being backed up," Mary VanKeulen said. "It took longer to build than we wanted to, but it really wasn't on our contractors, the franchise, or us. Getting supplies, or not being able to get supplies, was out of our hands."

Butch seconded his sister.

"We lost three months on the windows. There was nothing we could do. We were frustrated because no one wanted Scooter's to open more than us," Butch VanKeulen said. "But, once the windows showed up, it all came together quick."

Business came quick also.

On opening day, Scooter's Coffee served 565 cars and averaged 1 minute, 40 seconds per car, even though the line was wrapped around the building and pouring onto Rt. 251.

The Scooter's franchise contractor told the VanKeulens they set four opening day franchise records.

Shoppers browse a book-filled table during a recent rummage sale fundraiser sponsored by IVCC's Hispanic Leadership Team, which raised nearly \$500 for Youth Service Bureau of Illinois Valley. A campus-wide request sent volunteers combing through their closets to collect books, games, gadgets, craft supplies and other items for the sale, and shoppers gave free-will donations for purchases. ## SUBLETTE NEWS

### St. Ambrose Reunion Coming to Sublette

On Thursday, June 13, the village of Sublette will be invaded by bees — St. Ambrose University bees.

Each year during June, St. Ambrose alumni and friends gather in large cities including Davenport, Des Moines and Clinton, Iowa, as well as Chicago, Rockford, Peoria, and Scottsdale, Ariz., for a Bee Happy Hour. For the past two years, Sublette has been included as a location for the "Fighting Bees" to swarm.

St. Ambrose is the patron of beekeepers.

This year's gathering will be held from 5:30-7:30 p.m. on June 13 at LaFiesta Restaurant in downtown Sublette. There will be light snacks and an open bar. This is a chance for the fighting bees to catch up, tell stories and network with people who have an interest in St. Ambrose.

The event is being hosted by Linda Grady, Penny Farringer, Madison Althaus and Don Dinges.

All former students, current students and friends of St. Ambrose are invited to attend. Last Year, the Bee Happy Hour was attended by over 40 bees and it is hoped this year's attendance will be even bigger.

St. Ambrose University is located in Davenport, Iowa, and many students from Rockford Diocese attend the school.

For more information, call Grady at 815-883-1100 or Dinges at 815-713-5675. More information is also available on the St. Ambrose website, [www.sau.edu](http://www.sau.edu).

### Sublette History Program Scheduled

A Sublette history program, "German Neighbors Then, Illinois Neighbors Now," is scheduled for

Monday, June 24 at 7 p.m. at the Ellice Dinges Center, sponsored by Sublette 365. The public is invited to attend the program given by Ron Weitzel.

Weitzel tells the story of 75 former residents of Oberhillsheim, Germany, who settled in the tri-county area near Sublette, Mendota, Compton and LaMoille. The 75 immigrants were from 14 families, descendants of whom still reside in that area. At the presentation, Weitzel, who is a descendant of some of these families, will give a slide program about these immigrants. With family documents and maps, the program explains the political situation of resulting difficulties with measurements and calendars, and the challenges of living in a new country and environment.

Weitzel is a retired high

school German teacher. He grew up in Sublette Township and graduated from Mendota High School. He is a board member for the old St. Paul's Evangelical Church cemetery on the Old Chicago Road. He has also helped Three Sisters Park in Chillicothe establish a hands-on historical program for grade school students on farm life in 1918.

Weitzel and Don Dinges will also discuss the members of these families who later moved to western Iowa to homestead. As families grew and there was no more land available in this area, some of the young farmers moved to Iowa as they were advertising for farmers to homestead in that area.

Weitzel and Dinges have previously given a presentation in Sublette regarding the one-room school in Henkel and the little settlement of Henkel.

## Mendota Reporter wins awards for editorial, advertising in IPA contest

BLOOMINGTON – Illinois' top newspapers were honored at the Illinois Press Association's annual convention at the DoubleTree by Hilton Hotel in Bloomington on June 6. Nearly 100 daily and nondaily newspapers competed in 39 editorial categories.

The Minnesota Press Association judged the nearly 1,700 editorial entries for work done in 2023.

The Mendota Reporter won one editorial award in Division B. Brandon LaChance and Kip Cheek

garnered second place in the News Reporting-Series category for their reporting on the Illinois Avenue fire.

The Reporter captured five awards in Division G of the advertising contest. Jamie Stanford won first place in the Automotive Ad category for a Heartland Auto Body ad. The judges said, "Great graphic, well-placed copy. Eye catching ad. Good job."

The Reporter also won first place in the Best Shared Page/Signature Page for its Don't Drink & Drive This Holiday Season ad. The judges

commented, "Important information put forth in a nice format. Great use of color. Like the grayscale signature ads below; not too busy to distract from the message."

Stanford won second place in the Automotive Ad category for a Furar's Auto Body ad. The judges said it was a "great ad. We need more humor!"

The other two winning ads were both third place in the Best Small Ad category (Heartland Auto Body) and in the Miscellaneous Ad category for a Meyers Furniture sale ad.

## IVCC Board recognizes athletic teams

OGLESBY – The nationally ranked men's tennis team was recognized by the Illinois Valley Community College Board of Trustees on June 6.

Team members Zvi-komborero Bingura, Logan Brandner, Logan Goetsch, Rawland Jasi, Ethan Krafft, Shingai Manyonga and Tafara Kaguru wrapped up their season in May with an appearance at the National Junior College Athletic Association national championships, where they finished 27th in the nation.

The all-sophomore squad clinched the No. 3 seed in the Arrowhead Conference Region IV, with one player suffering only one loss on the season. Manyonga, Goetsch and Jasi were all named runner-up regional champions, which qualified the team for a national berth.

"These teams are the best of the best. We see varying levels of play and diverse players from all regions of the country coming together to play five days of tennis. It's incredible to be part of it and watch other players, including some semi-pro players, in the mix as well," said head coach Julie Milota. Players cherish that experience, she said.

In her monthly report to the Board, President Dr. Tracy Morris:

• Recognized men's and women's athletics for a strong academic performance as well as their accomplishments on the court and field.

• Shared community outreach efforts by the Hispanic Leadership Team.

• Noted that 70 plastic and metal band stands were donated to four area grade and high schools.

• Shared that Eagles Peak Food Pantry served an average of 207 people a month during the fall term and 135 people a month during the spring term, and in both cases, children accounted for 20 percent of those households.

• Reported that enrollment trends continue upward with summer enrollment increasing in headcount and traditional-credit and dual-credit hours and early fall enrollment figures following suit.

• Announced that the 100th anniversary mural will be dedicated on June 25 and a theater alumni performance will take place June 29.

• Reported that Dean of Student Success Crystal Credi presented IVCC's experience with Single Stop software at a recent community college summit on homelessness.

• Keeping with the theme of this year's One Book

One College book selection they were studying, English professor Nora Villarreal's students completed service projects, which included volunteering with the campus food pantry and community animal and homeless shelters and researching presentations on poverty and crime issues.

In other action, the Board:

• Authorized a routine budget procedure to ensure operational expenses continue to be paid as tentative budget preparation continues into a new fiscal year.

• Authorized renewing insurance policies with current carriers at a cost of \$313,459.

## MHS

Continued from Page A1

The athletic stadium is home to the soccer, football and track programs.

Upon completion of the new stadium, the Mendota High School Board of Education was able to gift the Doenier Field Stadium to Mendota Elementary District, #289. The MHS Maintenance Department was a major contributor to the original construction of the baseball and softball fields at the new facility. One by one, Superintendent Prusator created a plan to bring every outdoor sport field and track to the new high school location. He was visionary in overseeing the construction of the complete athletic complex at the new high school.

The Mendota Township High School District 280 Board of Education is pleased to present Mr. Jeff Prusator and the community with the official naming of the "Jeff Prusator Athletic Complex," and it thanks him for 27 years of dedicated administrative service to the entire Mendota community.

## Preparing for the Bicentennial celebration – 1975

*(The following is from Jessica Nashold's Backtracks & Sidetracks column reprinted from June 14, 2000.)*

**By Jessica Nashold**

Although the Bicentennial Celebration did not start until 1976, the year 1975 was devoted to preparations. A Centennial Commission was appointed for Mendota – Alice Wubben, chairman; Art Sauer, vice chairman; Phyllis Martin, secretary; Dwight Heckert, treasurer. The theme chairmen were Norma Campbell, heritage; Tom Merwin, festival; Karen Sisler and Don Klein, horizons; Judy Pickert, communications; and Erika Geyer, member at large.

Post Office Box 1976 was secured for Bicentennial correspondence. One of the first acts of the commission was to sponsor a design competition for a city flag. The theme had to be “meaningful” for Mendota. The winning design, selected on June 9, 1975, was submitted by Mrs. Wayne (Dorothy) Ennenbach. The flag was stitched by Erika Geyer and raised at a special ceremony in Veterans Park conducted by the Mendota Veterans Council on July 6, 1975.

Since Mendota had been granted the status of “Bicentennial Community” by the American Revolution Bicentennial Association, the flag was an ARBA flag. Mendota’s Bicentennial-related events were given national publicity.

\*\*\*

Statistics on grade school expenses were widely disseminated but failed to produce a tax increase proposed in a special education fund referendum on June 24, 1975. High on the list of proposed “cuts” was closing the Compton grade school. Several public meetings were called at which Compton residents mounted vigorous objections. At one meeting, a Compton mother reminded that when seventh and eighth graders were removed from the Compton school, Superintendent J.W. Price had given assurance the school would “never be closed.” Another Compton resident was sure West Brooklyn parents would rather send their children to nearby Compton grade school rather than one farther away. Why not close Blackstone instead?

## Backtracks & Sidetracks

Compton village president Bud Jacobs predicted that if the school board would “put it in writing” that Compton school wouldn’t close, “we could help them pass the referendum.”

Grade School Superintendent James Basala expressed the heartfelt wish that people firing off “letters to the editor” would verify their facts before writing.

\*\*\*

It was explained before the referendum that the education fund was separated by law from other school-related funds: liability, operation, building and maintenance, transportation, bonds and interest, working cash and Illinois Municipal Retirement Fund.

Board member Harry Phalen compiled a report showing allocation of the education fund: salaries - \$925,787; administration - \$115,946; supplies - \$80,694; lunch program - \$104,000; athletics - \$4,400; other - \$67,075.

The referendum would have increased the tax rate of 92 cents per \$100 assessed valuation for the education fund. But it failed.

\*\*\*

The James D. Hume Citizenship Award for 1975 went to Kathy Brewbaker.

\*\*\*

A new press box for the MHS athletic field was erected in June 1975. Work was by Phalen Steel, also contributors of \$500 toward the \$3,500 cost. MABS, too, contributed \$500 and was conducting a fundraising drive to raise the balance of \$3,500. The press box was 14 feet by 12 feet with windows overlooking the field. It was designed to accommodate area newspaper reporters, radio announcers and speakers on the public address system.

In making its plea for donations, MABS enumerated other projects it had helped fund: a weight machine, Junior

Tackle football, scoreboards for MHS gym and athletic field, bleachers, Cobb Faber trophy case and salaries for one year for grade school coaches.

\*\*\*

Coast to Coast was coming to Mendota, following the Ben Franklin store, in a building on the east side of Illinois Avenue. It was owned by Walt and Joan Dietmann, who were coming with their family to make Mendota their home.

\*\*\*

Dean Lubbs resigned from his duties as assistant principal at MHS since it took too much time away from his teaching responsibilities. He was replaced as assistant principal by Robert Atherton.

\*\*\*

The number of tavern licenses issued in Mendota was increased from 12 to 15. The Loft Restaurant and VFW Club got theirs at once, while a license for the European Café was pending. A new ordinance was being compiled in which provision would be made for beer gardens operated by non-profit groups, probably for a fee of \$35 per night.

\*\*\*

Troy Grove advertised the village hall and the old firehouse, including land, for sale. Bids were to be accepted by Village Clerk Maxine Hamel until July 2, 1975.

\*\*\*

It was in the year 1975 that Vikings coach Bud Grant reluctantly informed four of his outstanding players that because of their age, their contracts would not be renewed. One of the four was Mendota’s Bill Brown. Grant said Brown “epitomized” the Vikings as much as anyone did.

**He is literally Mr. Viking.**

But Brown was about to celebrate his 37th birthday. He was not bitter. He said the average running back had four years, while he had enjoyed 14. His record of 5,836 yards in 14 seasons remained second highest in the National Football Conference record book.

Brown’s wife, Karen Doenier, daughter of Mendota coach Lloyd Doenier, admitting shedding a few tears when the news came through.

## The secretary of transportation who couldn’t

**By Rich Lowry**

Rarely has a cabinet secretary done so little with such vast resources.

On the CBS show “Face the Nation,” Secretary of Transportation Pete Buttigieg had to defend the Biden administration’s woeful record of building new electric-vehicle charging stations that are key to unlocking its hoped-for EV nirvana.

Host Margaret Brennan asked how it could be that, with \$7.5 billion allocated for this purpose two years ago, the administration has managed to build eight. Not eight thousand, or even eighty. Eight.

Buttigieg said that President Joe Biden plans on building 500,000 chargers by the end of the decade, and -- implying this is some sort of an accomplishment -- “the very first handful of chargers are now already being physically built.”

It’s true that eight is better than zero, and the administration is now only 499,992 chargers away from its goal rather than 500,000 away.

At this rate, though, the Emperor Hadrian wouldn’t have finished his wall prior to the fall of the Western Roman Empire, and we’d still be constructing the Hoover Dam to this day.

The administration that made “Build Back Better” the catchphrase of its economic agenda turns out not to be any good at building.

Surely, the pace of the construction of charging stations will pick up, but the slowness out of the gate is a symptom of the folly of attempting to force a radical change in vehicular transportation via government fiat.

Buttigieg insists that “the EV revolution will happen with or without us,” yet it’s off to a sputtering start. It’s less a revolution than a shift in consumer preferences at the margins, especially at the high end of the market among people who can afford to make their second or third car an electric vehicle.

There are signs that the uptake of EVs is slowing down. The New York Times reported that Ford and other automakers have tapped the brakes on EVs, a shift “prompted largely by the companies’ difficulties in making and selling enough electric cars and doing so profitably.”

Is that all?

Even Tesla has been taking a hit. Part of the resistance to EVs is so-called range anxiety, the fear that if you can’t charge up in your garage or if you are on a long trip, you might not find a charging station. Hence, the imperative to build a more robust network of charging stations that has, so far, been going so poorly.

One problem with trying to build back better, or build at all, in the contemporary United States is that needless complexity and regulatory obstacles make it so difficult. Even when the future of the planet is supposedly at stake, nothing is simple or easy. According to a Politico report on the slow rollout of the charging stations, “States and the charger industry blame the delays mostly on the labyrinth of new contracting and performance requirements they have to navigate to receive federal funds.”

The CEO of a charging manufacturer told the publication that “design, engineering, installation and utility upgrades could extend the wait by years even after the contracts to build stations are awarded.”

On top of this, the existing charging infrastructure is glitchy and prone to failure.

The contrast with gas stations, which are ubiquitous and highly convenient, couldn’t be starker. The government didn’t have to subsidize the oil companies to construct gas stations at the beginning of the 20th century, or tell them to offer free maps, branch out into oil changes and other services, or begin to stay open 24 hours.

There is, no doubt, a niche market for electric cars that will grow over time. Rather than letting this happen organically and in keeping with consumer preferences and sensible business choices by car manufacturers, the mandarins of the Biden administration are trying to force a transformation that drivers aren’t ready for and the infrastructure doesn’t yet exist to support.

Secretary Buttigieg so far has had to explain away failure, and he might have to get used to it.

## Hollywood

By Tony Rizzo

HOLLYWOOD -- Think you've got problems with all those scams popping up on your phone and emails? Riley Keough (Elvis Presley's granddaughter and daughter of the late Lisa Marie Presley), the heir to Elvis' Graceland, called an attempted foreclosure of the estate "fraudulent." She fought to block the investment firm, claiming that Lisa Marie borrowed \$3.8 million in exchange for the deed of trust to Graceland as a security measure.

Keough alleged that the note and deed were forged, and the notary testified that he never met Lisa Marie or signed those papers. She successfully blocked the foreclosure, and the investment firm has been mysteriously unreachable. She believes that they're a false entity created for the sole purpose of defrauding the Elvis Presley Trust.

Is anybody ready for a

Keough

"Pirates of the Caribbean" Barbie? "Pirates" franchise producer Jerry Bruckheimer admitted, "If it was up to me, [Johnny Depp] would be in it." But allegedly, Disney isn't hot on Depp after his recent marital scandals, and they'd rather put their money behind a "Pirates" movie with Margot Robbie instead.

Bruckheimer confirmed that their plan is to make the reboot of "Pirates" without the familiar characters from the franchise, which would rule out the return of Depp as Jack Sparrow. This is strange since Depp led the franchise to a \$4.5 billion box-office gross. Bruckheimer even added, "I love him. He's a good friend."

In 2022, Robbie told Vanity Fair that Disney was not interested in her "female-led movie," but then again, this was before she led "Barbie" to a \$1.446 billion box-office gross, which may have changed their minds.

\*\*\*

Over at Paramount Pictures, talk is thick that "Star Trek" is back on track with two films -- a prequel and a sequel. The sequel will narrate the final mission of the

Enterprise, with stars Chris Pine, Zachary Quinto and Zoe Saldana returning. Of course, this could change if rumors of Sony's bid of \$26 billion in cash to buy out Paramount Pictures (parent company of CBS and the Paramount+ streaming service) comes to fruition.

\*\*\*

Many were skeptical when Jake Gyllenhaal remade Patrick Swayze's "Road House" film, but Gyllenhaal's reboot pulled in 80 million viewers on Amazon Prime Video in March, which prompted them to green-light a sequel. This is a feat that the 1989 original, which made \$61.6 million, never accomplished!

But before Gyllenhaal revisits the "Road House" again, he'll star with Henry Cavill and Rosamund Pike in Guy Ritchie's action-thriller "In the Grey" (opening January 2025). Cavill's recent Ritchie film "The Ministry of Ungentlemanly Warfare" was like kryptonite at theaters, grossing only \$25.3 million against its \$60 million cost. The former "Man of Steel" definitely needs more muscle at the box office!

## Couch Theater

"Hit Man" (R) -- Glen Powell ("Anyone But You") leads this rom-com with an action twist, which seems to be right up the actor's alley. Powell plays a staffer named Gary in the New Orleans Police Department who goes undercover as a hitman with the intent of arresting the people who hire him. But when his services are requested by a battered woman named Maddy (Adria Arjona) who begs him to help her kill her husband, the last thing he expects is to fall for her. Even though he denies her request, a steamy romance develops between the two of them. Then just when it seems like Gary has the woman of his dreams, Maddy's husband is found dead, and she becomes the main suspect. Out now! (Netflix)

"Presumed Innocent" (TV-MA) -- This legal thriller miniseries led by Jake Gyllenhaal ("Roadhouse") and Ruth Negga ("Good Grief") hits streaming on June 12. Gyllenhaal immerses himself in the role of

Rusty Sabich, a prosecutor at the Chicago Prosecuting Attorneys' office. Although seemingly a family man and a respectable employee, Rusty hides a mountain of secrets that dare to be revealed when his colleague, Carolyn, ends up dead. As his co-workers and family learn that he was romantically involved with Carolyn and borderline obsessed with her, Rusty buckles up for a long battle of trying to prove himself innocent of murdering Carolyn. The first two episodes are out now, with more episodes coming every Wednesday. (Apple TV+)

"Brats" (NR) -- Andrew McCarthy ("Pretty in Pink") rallies his Brat Pack for this documentary film directed by McCarthy himself. The Brat Pack, a play on the Rat Pack from the 1950s, consisted of a group of young actors who appeared alongside each other in coming-of-age films during the 1980s. Some of these actors include Hollywood icons like Rob Lowe, Molly Ringwald, Demi

Moore and Emilio Estevez. Featuring current interviews with Lowe, Moore and Estevez, among others, the documentary dives into the films that brought the Brat Pack to their special stardom -- and why, at the time, the young actors hated being known as "Brats." Premieres June 13. (Hulu)

"Nikki Glaser: Someday You'll Die" (TV-MA) -- Shortly after she gave a killer set during the recent Tom Brady roast, comedian Nikki Glaser smartly lined up her second HBO special to hit the small screen. In this one-hour special, Glaser takes on the reality of aging as a woman, why she doesn't want kids, and how she's planning her own death well ahead of time. Although she's known for her blunt delivery and quirky relatability, her jokes fall flatter in an hour-long setting than during the shorter sets she gives at roasts. Check it out now. (Max)

By Dana Jackson

**Q:** What are the stars of "Succession" doing now that the series has ended? I know the actor who played Kendall is doing theater, but what about the other siblings? -- *N.G.*

**A:** Yes, Jeremy Strong, who won an Emmy for his portrayal of troubled son Kendall Roy on HBO's "Succession," is currently starring in the Broadway revival of Henrik Ibsen's "An Enemy of the People." His performance is scheduled for a 16-week run only. However, he's also starring in "The Apprentice," a film about Donald Trump's rise to power in the '70s and '80s, which recently premiered at the Cannes Film Festival. In the film, Strong plays attorney Roy Cohn to Sebastian Stan's ("I, Tonya") Trump.

Alan Ruck, who played presidential candidate Connor Roy in "Succession," recently co-starred in the film "The Burial" with Jamie Foxx. You can stream it on Amazon Prime Video. Next up for the Emmy-nominated actor is the horror comedy "Crust" and the crime film "Wind River: The Next Chapter."

Kieran Culkin, who won an Emmy in the final season for the even more troubled son Roman Roy, stars opposite Jesse Eisenberg in the upcoming film "A Real Pain." It's listed as a comedy-drama, so hopefully, his character won't be as tortured as Roman was.

Lastly, the only Roy daughter -- but just as much of a force to be reckoned with -- was played by the Emmy-winning Sarah Snook. She's set to star in the upcoming Peacock series "All Her Fault" as a mother whose son goes missing. It's based on the novel of the same title by Andrea Mara.

\*\*\*

**Q:** Is there going to be another "Knives Out" sequel? If so, when? -- *A.I.*

**A:** According to Entertainment Weekly, the game is "once again afoot for renowned detective Benoit Blanc (Daniel Craig)." "Knives Out," a hit whodunit film, has spawned one sequel already, called "Glass Onion," and another is on the way, titled "Wake Up Dead Man: A Knives Out Mystery." Look for it to premiere in 2025, likely around Thanksgiving. The

cast of the third installment includes Glenn Close ("Hillbilly Elegy"), Mila Kunis ("Black Swan") and Jeremy Renner ("Hawkeye"), with the setting still a mystery. EW hints that the teaser video gave off "some seriously spooky, Gothic vibes."

\*\*\*

**Q:** Will season three of "The Bear" be on FX or just on Hulu? I'm excited that they're finally airing the two previous seasons on regular cable. -- *L.A.*

**A:** The FX channel is finally airing the first two seasons of the Emmy-winning comedy (which many call a drama) "The Bear." Although FX and Hulu have a partnership, the show wasn't available on FX until now. Despite the show already being a huge hit for the streamer, they're hoping to lure in even more subscribers to Hulu by getting them hooked on the series on FX first.

So, yes, the third season will only be available on Hulu later this month on June 27, but if you still don't wish to pay for Hulu, you'll probably get a chance to catch up on the series next summer, too.

**Garage lost in fire**  
 Flames and smoke shoot up into the air from a garage fire in the 2100 block of Guiles Avenue on June 9. The call came in to the Mendota Fire Department at 7:55 p.m. and upon arrival, firefighters observed flames through the roof of the detached garage. The garage was a total loss. The cause of the fire is undetermined and there were no injuries. The Troy Grove Fire Department assisted in battling the blaze. (Photo contributed)

## Flowers in full bloom at Northbrook School

MENDOTA – Students and teachers have been hard at work this year assembling, painting and maintaining four raised beds at Northbrook School with the goal of helping students learn the skill of growing their own food.

At the heart of the project were the ideas that each bed should be accessible to every student and classroom in the building and focused on supporting student skills both in the garden and in nature. The location was chosen with great care as it was important that each classroom had the opportunity to overlook the beds, giving students the chance to check on the progress of their plants as they grew year after year.

Students, with teacher supervision, cut each board to size and assembled each bed carefully this fall, giving special attention to both process and placement. With a donation of dirt from the City of Mendota and compost from teachers, the beds were ready for planting. Early sprouts included lily and iris

with cold crops of lettuce and peas patiently waiting in windowsills for slightly warmer weather.

As winter led into spring, all manner of crop from potato to corn, to sunflower and anemone began to sprout. Lettuce was harvested and the first tastes from the garden made their way into classrooms.

With a generous donation of bottle caps from Coca-Cola and the time and hard work of both Art and Science clubs, the raised beds are scheduled to sport beautiful murals this fall to help them stand out and add a pop of color when the crops are out of season this winter.

Plans are in the works to send the first batch of harvested food home in Feed His Children bags this fall, with the hope that each student receives at least one fresh fruit or vegetable with each bag. As the beds are open to all teachers and classrooms at Northbrook, it will be truly remarkable to see just what they can produce year after year.

## IVCC offering Career Exploration Summer Camps to teenagers

OGLESBY – Illinois Valley Community College’s series of summer Career Exploration Camps introduces teens to agriculture, automotive technology, nursing, cybersecurity and other careers.

The programs expose teens ages 13-17 to careers in various fields. IVCC faculty guide students through projects and activities using professional techniques and tools in IVCC’s state-of-the-art labs. Essential career skills are incorporated into the lessons.

The career camps are:

**GROW**, the Ag Technology and Plant Cultivation Teen Academy, meets June 18 from 8 a.m. to noon. GROW explores how precision ag

technology is reshaping modern agriculture practices, before digging into plant cultivation fundamentals. Students will create herb gardens while understanding nutrient requirements and the science and benefits of pruning and trimming.

**GRIP**, the IVCC STEM Academy, is jam-packed with science, technology, engineering and math activities. The camp meets June 17-18 and 20 from 9 a.m. to 4 p.m. Campus is closed for a holiday on June 19, so there is no class.

They’ll begin with electronics, where they’ll master schematics reading before assembling and soldering a Bluetooth speaker. Then they’ll move to computer aided

design, where they’ll model and print 3-D designs. On Day 2, they’ll explore automotive maintenance and gas engine theory and participate in a racing pit crew tire change competition. In the CNC machinery operation segment, they’ll learn CNC milling machine theory and programming, tooling, and machine setup. The final day, students design and build air-powered rockets after being introduced to fluid power and hydraulic and pneumatic systems. The class wraps with a field trip to a local manufacturer.

**CYBER! NET EXPLORERS** meets July 8-11 from 8 a.m. to noon. Participants will learn how to shield private information on phones,

computers, gaming systems and more, explore computer servers and drone operation, learn how to build systems, and participate in game competitions.

**SCRUBS**, IVCC Healthcare Pathways, meets July 15-17 from 9 a.m. to noon. Campers will be introduced to dental health, nursing, and emergency medical services using state-of-the-art simulators in IVCC’s labs.

On the first day, students will explore different dental careers and practice using clinical tools. On the second day, they’ll move to the nursing simulation lab where they’ll practice using a stethoscope, get familiar with vital signs, medications

and patient needs, and master the art of documenting patient histories. From there, campers move into Day 3 and the lifesaving techniques used by Emergency Medical Service providers, where they’ll practice CPR, splinting and bandaging, and assessing vital signs. They’ll put their new skills into action in a mock emergency using IVCC’s ambulance simulator.

IVCC’s junior welding camp, **SPARK**, is also popular and seats filled up quickly for this summer’s sessions. Interested students can be added to a waiting list.

## Everyone has haters

Famous or popular quotes about haters include:  
“Haters gonna hate, but I keep slaying.”  
“I use my haters as my motivators.”  
“I’m too busy rising to the top to even acknowledge the hate.”  
“Haters are fans in denial.”  
“When you have haters, you’re doing something right.”  
Drake has lines in his songs such as “I was born to make mistakes, not fake perfection,” “Send the haters all my love. X and O,” “I can’t hear the critics talking over the applause,” and “I can’t relate to these haters, my enemies never made it.”

### Not the Last Chance

By Brandon LaChance

TLC, Jill Scott, Taylor Swift, Jennette McCurdy, Beyonce, Miranda Brooke, Luke Bryan, Mariah Carey, Mark Willis, B.o.B., Kelly Clarkson, Puddle of Mudd, Rihanna, and Ice Cube all have songs about haters as well as many, many, many other artists.

LeBron James said, “I like criticism, it makes you stronger.”

The late Kobe Bryant said, “Haters are a good problem to have. Nobody hates the good ones. They hate the great ones.”

The one I personally use is, “If you don’t have haters, you’re not doing anything.”

Caitlin Clark probably has a hater playlist made on her Spotify account. If she didn’t before, while she was playing basketball in high school or at the University of Iowa, she definitely does now after breaking numerous college basketball records (both women’s and men’s hoops), being drafted No. 1 in the 2024 WNBA Draft by the Indiana Fever, being interviewed by every interviewer possible, and having her name in hundreds of millions (can’t be an over estimate) of conversations being held every day whether on national media, local media, in any gymnasium, by any water cooler, in any classroom, or in all reality, absolutely anywhere people can talk.

Even in libraries at a low whisper.  
Clark has dominated not only sports news, but all news, and our society’s, our culture’s, attention.

And it’s well deserved. She’s a great player and has a personality easy for fans to attach themselves to.

However, with that, the haterism was going to happen as she has helped transcend women’s basketball to a national scale instead of where it was before, popular with only women’s basketball players.

With every accolade, every broken record, every little kid calling Clark an idol, the hater meter was rising in many individuals.

Especially other WNBA players who are being overlooked, not talked about, or not viewed as a great player because they’re on the same court or in the same league as Clark. She wasn’t surprised or hasn’t seemed surprised in pre-game or post-game interviews, but ESPN radio and people I’ve talked to in the Illinois Valley, seem shocked Clark has been defended physically and opponents have taken cheap shots.

Through the last two years, Angel Reese (LSU player who beat Clark and Iowa in the NCAA championship in 2023 and was drafted to the Chicago Sky with the seventh pick, six picks after Clark, in 2024) has used the Clark spotlight to bolster her image and her national media gravitational pole.

Every Batman needs a Joker, Teenage Mutant Ninja Turtles a Shredder, and X-Men a Magnetto (my favorite superheroes and villains).

When former WNBA players are asked about Clark or the state of the game, they give her a few words of praise and immediately start throwing out names of other former great players or start stating their accomplishments and how they helped the sport and the league in order to say, hey, there are other players besides Caitlin.

To her credit, Clark isn’t complaining, whining, or even addressing it.

Instead, she is playing her game. She drained seven 3-pointers in a game against the Washington Mystics on June 7. In her 12 games played (as of 6:37 p.m. June 9), she is averaging 33.5 minutes, 16.8 points, 6.3 assists, 5.3 rebounds, 1.5 steals, and 0.9 blocks per game.

For a rookie, this is easily a Rookie of the Year resume.

In all honesty, I like Clark as a person and appreciate her as a basketball player now more than ever. She is proving she can play with the best players in the world. She is proving she is ready for the challenge of being the nation’s (maybe the world’s) media darling and face of the WNBA. Face of the sport of women’s basketball.

Clark is composed.

The hooper is focused.

She isn’t getting distracted.

Caitlin Clark isn’t listening to the haters and proving them wrong each time she steps on the court.

## THE MOST COMMON CANCERS

More than 200 different types of cancer have been identified. However, the vast majority of cancer cases across the globe are attributed to a handful of types. Cancer is a leading cause of death around the world and a major contributor to health disabilities. Recognition of the most

common cancers may raise awareness of which cancers pose the biggest threat and how to reduce risk for these diseases. The following are the most common global cancers as well as the rankings for the most frequently diagnosed forms of the disease in the United States.

## 15 FACTS about CANCER

Cancer is a word no one wants to hear. However, cancer affects millions of people across the globe, and no one is immune to it. The impact of cancer can be staggering to behold. The following cancer facts, courtesy of the American Cancer Society, National Cancer Institute, World Health Organization, and the Mayo Clinic, highlight the far-reaching nature of this potentially deadly disease.

1. Cancer is the leading cause of death worldwide. In 2020, it accounted for more than 10 million fatalities.
2. Cancer can start in almost any part of the human body, which is comprised of trillions of cells.
3. Tumors are formed when abnormal or damaged cells grow and multiply when they shouldn't. Many cancers cause solid tumors, but blood cancers do not.
4. Cancer cells can grow in the absence of bodily signals telling them to grow. They also ignore signals to stop dividing or to die off. Cancer cells can tell blood vessels to grow toward tumors helping to supply tumors with oxygen and nutrients.
5. Signs and symptoms of cancer will vary depending on which part of the body is affected. However, lumps (tumors), fatigue, weight changes, skin changes, and changes to bowel or bladder habits are symptoms often associated with cancer.
6. The word "cancer" comes from the Greek word for "crab." It likely stems from the finger-like spreading protrusions of cancer being likened to the shape of a crab.
7. Tobacco usage is one of the leading causes of lung cancer and many other forms of the disease. Tobacco can be linked to the death of at least 50 million people in the last 10 years.
8. Gene mutations that result in cancer can be present from birth or occur after birth from lifestyle behaviors or exposure to carcinogens.
9. Certain lifestyle choices increase the risk for developing cancer. These include smoking, drinking alcohol, excessive exposure to the sun, being obese, and having unsafe sex.
10. In 2020, the most common cancers worldwide included breast, lung, colorectal, prostate, and non-melanoma skin cancers.
11. Lung cancer accounted for the most cancer deaths in 2020.
12. Cancer that has spread from the place where it first began to another place in the body is called metastatic cancer. The cancer is always called by the initial cancer, not where it has spread. So breast cancer that spreads to a lung is known as metastatic breast cancer.
13. Carcinomas are the most common types of cancer. They form in the epithelial cells that cover the inside and outside surfaces of the body.
14. Excluding non-melanoma skin cancer, at least 42 percent of newly diagnosed cancers in the United States are potentially avoidable, particularly those caused by smoking, obesity and alcohol consumption.
15. While anyone can get cancer, 88 percent of Americans diagnosed with cancer are age 50 or older.

**1/3 of Cancer Deaths are attributed to**

- Tobacco Use
- High BMI
- Alcohol Consumption
- Low Fruit & Vegetable Intake
- Lack of Physical Activity

## 3 Ways to Lower Cancer Risk

### Screening Tests

Regular screenings can lead to early detection of many common cancer types, when treatment is likely to work best.

### Vaccines

The human papillomavirus (HPV) vaccine helps prevent most cervical cancers and several other types of cancer. The hepatitis B vaccine can help lower liver cancer risk.

### Healthy Lifestyle Choices

Maintaining a healthy weight, avoiding tobacco, limiting alcohol intake and protecting skin can all help lower cancer risk.

## One surefire way to love your life

If someone asked you if you love your life, what would you say? It seems most people would say they don't love their life. But as believers in Christ, we can learn to love the life we have.

I know what it's like to have a miserable life, and how wonderful it is to live with God's peace and joy. I remember when God spoke to my heart and told me, "You're not happy because you're selfish." It wasn't easy to hear, but facing that truth helped me surrender my

will to God, so He could begin working in me and help me make the changes I needed to make.

I discovered that the key to loving my life is making God's love the central theme of my life. God is love. It's not just what He does, but who He is. He loves us unconditionally, and when we believe that, it changes us; it makes us confident and secure.

Knowing you are loved gives you courage and boldness to step out and try new things, so you don't have to be stuck

with a negative attitude about life in general, or in a situation you hate. It gives you security that enables you to confront unhealthy relationships, knowing you'll be okay—and even better than before—however things turn out.

Here's how God's love works in our lives: We receive His love for us, then we see ourselves the way He does and love ourselves in a healthy way, and finally, we let His love flow through us to others.

The goal is to take in the good things God offers us, and then go out in the world and give to others what He has given to us! God wants to give us His love, mercy, grace, and forgiveness, and He expects those things to flow through us to the people in our world.

God created us to be loved and to love others. First John 3:11 (AMPC) says, "For this is the message (the announcement) which you have heard from the first, that we should love one another." That's real Christianity.

If we really get down to it, how much do we really think about what we can do for other people? I've learned that when I'm selfish or too focused on myself—what I want or how I can get others to do what I want them to do—I am frustrated,

easily offended, and upset much of the time.

In fact, if you're having a bad day, one of the worst things you can do is to keep thinking about yourself and all of your own problems. It only makes things worse! So, what should you do? Get your mind off yourself and help someone else.

Helping others isn't something you will normally feel like doing—it requires a decision. But making a choice to be good to others has the power to help you and them. It's a spiritual principle....

The Apostle Paul says in Acts 20:35 (NIV): "In everything I did, I showed you that by this kind of hard work we must help the weak, remembering the words the Lord Jesus himself said: 'It is more blessed to give than to receive.'"

So, if I'm having a bad day, this scripture tells me I can be happier by simply getting myself off my mind and helping

someone else.

It's actually amazing how just a few words of encouragement can change someone's entire day. Sometimes it can even change their life! It can be as simple as picking up the phone and calling a friend who's been going through a rough time, letting them know you're thinking about them and praying for their situation. Or maybe you can send someone a text message to let them know how valuable they are and how much you care.

Would you like to make every day better? Would you like to find joy even in the midst of difficult times? Then begin taking even just a few minutes every day to think about what you can do to help someone else.

Because when you give your life away, you'll find that it comes back to you in the most marvelous ways.

If I Can

By William Arthur Ward

If I can write one verse of truth today  
Or give my fellow man a song to sing;  
If I can push one needless cloud away  
And help men live as children  
of the King:  
If I can lend someone a helping hand  
Or warm a place where friendship  
needs to be;  
If I can build a bridge where  
fences stand  
And light a lamp that other men  
might see;  
If I can open doors of hope this day  
By letting someone know that  
others care;  
If I can speak in words that seem  
to say:  
I know the heavy burdens that  
you bear.  
If I can guide a pilgrim on his way  
Or pause to bid him stay for food  
and rest;  
If I can do these, Father, this I pray:  
"O let me do them with my very best."

TO: Jamie Pennell, other interested parties, and to All Whom It May Concern:

Take notice that on the 7th day of June, 2024 a petition was filed under the Juvenile Court Act by Vicki L. Denny, in the Circuit Court of LaSalle County entitled 'In the interest of Jaiden A. Arroyo, a minor', and that in the Criminal Justice Center Courtroom 110 at Ottawa, Illinois on the 9th day of July, 2024, at the hour of 8:30 a.m., or as soon thereafter as this cause may be heard, an Adjudicatory Hearing will be held upon the petition to have the child declared a ward of the court under that Act. The Court has authority in this proceeding to take from you the custody and guardianship of the minor.

Now, unless you appear at the hearing and show cause against the petition, the allegations of the petition may stand admitted as against you and each of you, and an order or judgment entered. Dated June 7, 2024 Greg Vaccaro, Clerk No. 0616 (June 12, 2024)
