Did You Know?

During **National Dental Hygiene Month** this October, take a moment to ensure you and your family are following these three simple steps to a healthy dental hygiene routine:

1. **Brush your teeth twice a day.**
2. **Floss or clean between teeth daily.**
3. **Visit the dentist twice a year.**

Poor oral health can lead to gum disease, painful chewing problems, tooth loss and increased risk of certain diseases like endocarditis, an infection of the inner lining of your heart chambers or valves.

Best Dental Hygienist Jen Kissack
