G&M Distributors reminds us to drink responsible during the holidays

With the holidays here, many of us are looking forward to traveling near and far to raise a glass with friends and family.

Throughout this holiday season, Anheuser-Busch and G&M Distributors are honored to be a part of your festivities and are committed to helping ensure that every experience with beer is a positive one. Whether you're attending the annual holiday party or celebrating at your local bar, we're encouraging everyone to "Decide to Ride" by planning ahead for safe rides home from your holiday gatherings.

Over the last 35 years, Anheuser-Busch and its wholesaler partners have invested more than \$1 billion in responsible drinking initiatives and community-based programs to prevent underage drinking, impaired driving and other harmful uses of alcohol.

New law expands reproductive rights

CHICAGO—Illinois continues to lead the country in strengthening reproductive rights. A law that takes effect January 1st prohibits discrimination based on a person's reproductive health decisions, including fertility care and abortion.

"At a time when reproductive rights are under attack across the nation, Illinois is standing strong," said Governor JB Pritzker. "This law makes it clear: no one should face discrimination for making personal decisions about their reproductive health. Whether it's fertility care or abortion, your choices are your own, and your rights are protected."

"This legislation is more than a law—it's a declaration of human dignity," said Lt. Governor Juliana Stratton. "We're affirming that personal medical decisions belong to individuals, not employers or institutions. Illinois is not just protecting a right; we're championing a fundamental principle of personal autonomy and bodily integrity."

Illinois continues to lead nationally by expanding civil rights protections based on reproductive health decisions. Public Act

103-0785 prohibits discrimination on the basis of reproductive health decisions in employment, housing, financial credit, and public accommodations. The law clarifies and extends existing protections in the Illinois Human Rights Act, ensuring Illinoisans have the right to engage in reproductive health decision-making without facing discrimination.

"The law is a common-sense measure to ensure that personal decisions about reproductive care do not affect a person's livelihood," said Illinois Department of Human Rights (IDHR) Director Jim Bennett. "This law protects Illinoisans and visitors from discrimination or retaliation based on the decisions they need to make concerning whether, when, and how to start a family."

Reproductive health decisions include a broad continuum of personal decisions regarding assisted reproductive technologies, such as in-vitro fertilization, prenatal, intranatal, and postnatal care as well as abortion and birth control, fertility or sterilization care, and miscarriage management care. The protections apply across all areas of

the Act, advancing the state's leadership in protecting reproductive rights.

About the Illinois Department of Human Rights (IDHR) The Illinois Department of Human Rights (IDHR) enforces the Illinois Human Rights Act, which prohibits discrimination in connection with employment opportunities, housing and real estate transactions, access to financial credit, and the availability of public services and public accommodations, including educational institutions. Any Illinoisan who believes they have been a victim of discrimination can file a complaint with IDHR within 2 years of the date of the incident (effective Jan. 1, 2025) or within one year of a housing violation. Clippers take third at LaMoille Holiday Classic

LaMOILLE – The LaMoille Holiday Classic held its third rendition Dec. 26-28.

Although the tournament has been played the last three years, this year was the first year the Amboy boys basketball team was involved.

And it was a memorable appearance as the Clippers finished 2-1 during the tournament to earn third place. The squad is now 6-5 on the season.

"I'm really proud of how we competed for three days. We came up short of our goal of winning the tournament, but that didn't ruin the last day for us," said first-year Amboy coach Tyson Powers. "We knew we still wanted to finish third and get out of the tournament with a winning record."

"We are really excited about where we are at heading into the second half of the season sitting at 6-5 with the full conference schedule ahead of us. We are hoping the

LaMoille Holiday Classic will be a springboard for us to start the new year."

A week after playing Leland, the Panthers were the Clippers first opponent of the classic on Thursday, Dec. 26. After a 51-51 tie at the end of regulation, Amboy outscored its foe 8-4 in overtime to earn a 59-55 victory.

Junior Rylan McNinch scored a game high 21

points, while senior Eddie Jones put in 13, junior Ezra Parker 13, senior Quinn Leffelman nine, and freshman Bryson Deery two.

The next night, Amboy fell to Galva 37-31 in a semifinal, which put the Clippers in the third-place game.

Against Galva, Leffelman led the squad with 12 points, Parker scored 10, Jones added six, and Deery

chipped in three.

In the third-place game on Saturday, Dec. 28, the Clippers faced the tournament host, the Lions. Amboy won 55-45 to earn third place in the tournament.

Jones and Leffelman tied for a team-high 16 points, while McNinch tallied 10, Parker recorded eight, and Deery added five.

Amboy was represented

on the LaMoille Holiday Classic All-Tournament Team by Eddie Jones. He was joined by LaMoille's Brayden Klein, Leland's Geno Schwager, Polo's Gus Mumford, Depue's Vance Hayes, Galva's MJ Louck and JP Sloan, Low-Point Washburn's Evan Schumacher and Kody Knecht, and Calvary Christian Academy's Ty Zeller.

Three teams finish 2-1 at Amboy Girls Holiday Tournament

AMBOY—Although the Amboy girls basketball tournament had a 2-1 record during the Amboy Girls Basketball Holiday Tournament Dec. 26-28, so did two other teams, Marquette and Newman.

"The tiebreaker is complicated. The bottom line was in the Marquette-Newma game, the officials called 25 fouls on Newman," said Amboy coach Mike McCracken. "Marquette was able to beat Newman. The officials only had called seven fouls on Newman with about 2 ½ minutes left in the game. They called three more when it didn't matter."

"Newman presses and traps I the half court. So, it was rough, and we didn't handle it well. We were outplayed."

With that said, Marquette won the tournament with a loss to Amboy, while Newman had a loss to Marquette, and Amboy a loss to Newman. Mendota, the

fourth and final team in the tournament, finished 0-3.

Amboy defeated Mendota 53-34 during Day 1 of the tournament as junior Jillian Anderson had a game high 13 points, senior Addison Pertell and junior Bella Yanos each had 10, and senior Emily Sachs added nine and grabbed in 10 rebounds. Senior Tyrah Vaessen led the team in rebounds (12) and assists (four) to go with seven points.

During the second day of the tournament, Amboy defeated Marquette 49-41.

Vaessen made her presence felt once again with a double-double of 20 points and 12 rebounds. Yanos and Anderson each grabbed 10 rebounds, while Yanos scored nine points and Anderson tallied seven.

In the Lady Clippers lone loss of the tournament, they were outscored 36-19 by Newman, which Amboy beat for the tournament championship last De-

The Amboy Girls Basketball All-Tournament Team included

Amboy's Vaessen and Anderson, Mendota's Ava Eddy, Marquette's Hunter Hopkins and Kaitlyn Davis, and Newman's Lucy Oetting and Gisselle Martin.

Amboy, which beat Hinckley-Big Rock 43-27, Ashton-Franklin Center 39-29, and Rock Falls 52-28 the week before the tournament, is now 9-6 on the year.

Lee Center church, Amboy Lions Club host chili luncheon

BRANDON LaCHANCE
Staff writer

MENDOTA – Deep in the corridors of the Lee Center United Church of Christ in a folder, a file, a notebook, or a card catalog (never to be disclosed which) is a secret chili recipe.

Once a year, the recipe is brought out for the annual chili luncheon.

"We do whip out a lot of chili. It's a special recipe that is tucked away in the files at the church and is not to be shared," said Lee Center UCC member Sandy Wittenauer. "No one talks about the recipe but the chili is consistent year after year."

This year the church and the Amboy Lions Club are hosting the chili luncheon from 11 a.m.-1:30 p.m. Sunday, Jan. 12 at the Amboy Community Building.

The two parties first connected in 2022, but this will be the 47th chili luncheon for the Lee Center church.

"Four years ago, we joined the Lee Center United Church of Christ with the Amboy Lions Club," Wittenauer said. "Our facility wasn't ideal and we needed more volunteers. The Amboy Lions Club was ready, willing, and able to join us and hold the chili luncheon at the Amboy Community Building.

"We can serve more people there and it's accessible with parking, restrooms, and comfort."

Through the years, the luncheon has averaged 131 meals served with a high year of 145 and a low year of 120.

Since the church and the club are no longer charging for the chili, a free will donation is accepted. Profits are split between the two parties.

"With the help of the luncheon, we were able to paint the church's annex last year," Wittenauer said. "This year, we are putting our funds toward painting the church. We're trying to keep the Lee Center United Church of Christ standing and the doors open. We want to make it appealing to everyone."

The Amboy Lions Club is always raising money for community projects and is currently working on an accessible park for special needs residents. Last year the luncheon fundraiser helped fund the disc golf course now at Amboy City Park.

Also to help raise money, is a basket raffle. Tickets are six for \$5 or \$1 each. The variety of baskets are donated to the raffle with many different items.

Wittenauer added ground beef donations from church members and Lions Club members helps make the luncheon possible every year.

Kish College eligible for Department of Education Postsecondary Success Recognition Program

MALTA – Kishwaukee College was recognized as one of 100 associate degree or certificate-granting institutions in the United States eligible for the U.S. Department of Education's Postsecondary Success Recognition Program. The program acknowledges colleges and universities that showcase access, affordability and inclusiveness for students from all backgrounds.

"It is an honor to be recognized among the most innovative education institutions in the United States. Kishwaukee College is proud to serve a diverse student body and works tirelessly to ensure successful student outcomes for all those attending our College, helping them create the life they want," said Dr. Laurie Borowicz, President of Kishwaukee College.

The U.S. Department of Education identified 200 institutions — 100 predominantly bachelor's degree-granting institutions and 100 predomi-

nantly associate degree or certificate-granting institutions — based on public data relating to equitable access, student success and post-college outcomes. Metrics focused on enrollment of low-income students and students of color and how the College helps these students graduate, transfer successfully and prepare for careers.

Kishwaukee College has committed to reducing barriers and closing achievement gaps for students of color and low-in-

come students. In 2019, the College joined the Illinois Equity in Attainment Initiative (ILEA) and created an Equity Plan with strategies to support all Kish students. The plan has yielded positive results, and Kish was awarded the 2022 Equity and Diversity Award by the Illinois Community College Trustees Association (ICCTA) for its efforts. Kish was also recently designated a Hispanic Serving Institution by the U.S. Department of Education, with Hispanic

students making up more than 25% of enrollment.

"Kishwaukee College will continue to find the best ways to support everyone who enrolls so they can meet their educational goals. This recognition is a great acknowledgment and reaffirms our efforts are creating success for our students," said Bob Johnson, Chair of the Kishwaukee College Board of Trustees.

By meeting the initial eligibility requirements, Kishwaukee College has submitted its application for the Postsecondary Success Recognition Program. The U.S. Department of Education will review the applications based on how institutions use data and evidence-based practices as part of an intentional, campus-wide strategy to ensure students earn valuable credentials. Further results will be announced in early 2025.

Beware of new winter scams

ROCKFORD – As winter officially begins on December 21, fraudsters are preparing to exploit the season's challenges both inside and outside your home. The Better Business Bureau (BBB) offers essential advice to help you stay protected.

"Scammers will try to take advantage of snow, ice, and cold temperatures to steal your money and personal information," says Dennis Horton, Senior Director Rockford Regional Office of the BBB. "They'll offer energy audits, winter insulation deals, snow removal, and furnace inspections. These scams and sub-standard repairs can even cause damage to your home."

The BBB advises you to be vigilant if someone shows up at your door or calls unsolicited, offering winter services, demanding cash up front, or trying to sign you up for something on the spot.

"We could get hit with one or more major snowstorms, and people will quickly need roof cleaning, shoveling and plowing services," adds Horton. "We urge consumers to always check a company's background before hiring them. Find businesses you can trust at BBB.ORG. There you can see references and reviews as well."

Con artists likely will steal your personal possessions if they can gain access to your home. Horton says, "Never let anyone inside your home without thoroughly examining their background and discussing it with trusted neighbors or family."

It is essential to be on guard against winter scams. Using "freezing temperatures" as their hook, con artists could masquerade as representatives from a utility company and demand money for a "supposed" past due bill. Utility companies don't work this way.

IDPH announces Illinois respiratory surveillance data shows uptick in seasonal illnesses

CHICAGO—The Illinois Department of Public Health (IDPH) announced that the state’s overall respiratory illness level has moved up from Low to Moderate, meaning that Illinoisans face an increased chance of exposure to seasonal illnesses as families are gathering to celebrate the holidays.

IDPH’s Seasonal Respiratory Illness Dashboard indicates that hospital admissions for COVID-19, flu and RSV all ticked up (as a percent of all hospital admissions) in the week ending Dec. 14, 2024. The percentage of emergency department visits due to respiratory illness also increased from 13.8% in the previous week to 14.7%. The state is also continuing to see a rise in ICU admissions due to RSV, driven by children 0-4 years old.

“As expected, Illinois is experiencing an increase in seasonal respiratory illnesses as winter arrives,” said IDPH Director Dr. Sameer Vohra. “As we gather with our loved ones during the holiday season, please use all the tools at your disposal to protect friends and family who are most vulnerable to severe outcomes. This includes those who are over 65, very young children and people who are immunosuppressed.

“The best protection from severe illness caused by COVID-19, flu and RSV remains the highly effective vaccines that are widely available,”

Director Vohra added. “Other effective tools include enhanced ventilation and good hand hygiene. If you are having concerns concerning respiratory systems, please seek medical care. We at IDPH wish all our Illinois residents a safe, happy and healthy holiday season.”

Director Vohra added that hosts of holiday gatherings can enhance the safety of guests by providing proper indoor ventilation, encouraging good hand hygiene, and reminding guests to cover coughs and sneezes.

For those who are unvaccinated, public health officials note that it’s not too late to get vaccinated. It takes about two weeks for vaccinations to provide their full level of protection. Getting shots now will offer protection through the cold and flu season that lasts into the spring.

IDPH has posted two helpful new FAQ documents on its website providing the latest guidance on vaccinations and how to get tested and treated for seasonal illnesses. In addition, the CDC has created a new Respiratory Illness Data Channel that provides nationwide county specific information that would be valuable for anyone planning to travel out of state.

The FDA and CDC have approved new vaccines for COVID-19 and flu as well as updated who can receive the RSV vaccines. The new COVID-19 vaccines and the new flu shots are

recommended for everyone over the age of 6 months. The RSV vaccine is recommended for everyone 75 years and older. But if you got an RSV shot last winter, you do not need another at this time, according to the CDC. Those in the late stages of pregnancy are advised to get the RSV vaccine designed to protect newborns. Newborns whose mothers have not received the RSV vaccine should receive nirsevimab between October and March.

If you do become sick, you can reduce transmission of viruses by staying away from others as much as possible. Anyone with respiratory symptoms – such as coughing, a runny nose, or fever – should try to self-isolate, if able, unless they need medical care. If you cannot self-isolate, wear a well-fitted mask around others.

IDPH officials also remind the public that there are effective anti-viral treatments available for COVID-19 and the flu, but they must be started quickly. This is why it is important to get tested if you are feeling symptoms.

For COVID-19, treatment must be prescribed by a healthcare provider and started within 5–7 days after symptoms appear. Treatment is strongly recommended for those who are over 65 or at higher risk for severe illness. Some Illinoisans should be eligible to access free oral antivirals through the Pax-

cess and Merck Helps programs.

Antiviral treatments for flu are most effective when given within 48 hours of starting to feel ill and are only available by prescription. Older adults, young children, and those who are pregnant or have conditions like diabetes, asthma and heart disease are at risk for complications and should contact a healthcare provider to be assessed for the need for treatment as soon as possible.

You can find locations that perform COVID-19 tests in person at no cost near you by using the testing locator for the federal ICATT (Increasing Community Access to Testing) program. In addition, the federal government resumed offering free COVID-19 tests to every household through the [covidtests.gov](https://www.covidtests.gov) website.

The new vaccines are widely available at pharmacies and through hospitals, and community health clinics. The major pharmacy chains allow you to make an appointment to get a shot online.

For help finding a provider of vaccines near you, go to www.vaccines.gov. Vaccine information is also available for Illinoisans who are uninsured or underinsured, and for children eligible for the Vaccines for Children program, through IDPH’s Vaccine Locator Dashboard. Adults without insurance can also check with their local health department for options or contact a free and charitable clinic or a Community Health Center.

Matt Duffy recognized with Kish Foundation's Distinguished Alumni Award

MALTA – Matt Duffy, Executive Director of the DeKalb Chamber of Commerce, was awarded the 2024 Distinguished Alumni Award at the Kishwaukee College Foundation Annual Gala on Saturday, Nov. 2. The award honors established alumni who have demonstrated service or outstanding contributions within the Kish community.

Duffy, who has a working relationship with Kishwaukee College through the Chamber, said he was not expecting the recognition when the Foundation reached out.

"I was definitely shocked. But it is a great honor to receive this award from the Foundation," Duffy said. "As a student, being able to have success at Kishwaukee College opened up many different avenues for me."

Duffy transferred to Kishwaukee College from Northern Illinois University in 1993. Duffy made the switch, in part, to continue his collegiate baseball career as a pitcher after coming off an injury. Duffy performed well for the Kougars, earning post-season accolades for his work on the mound. As a student,

he realized he preferred the smaller school setting as he earned an Associate in Science degree focused on Business Management.

"By going to Kish, I did much better, and my engagement was much better. When I transferred, I learned the smaller classroom setting worked for me. And by having success at Kish, I had financial opportunities through scholarships I did not have before," Duffy said.

After Kish, Duffy transferred to Barry University in Miami Shores, Florida, to study sports management on a baseball scholarship. In Florida, Duffy interned at Super Bowl XXIX and worked at the former Joe Robbie Stadium. He also worked side jobs with the Miami Dolphins, Florida Marlins, Miami Heat and Florida Panthers. Afterward, he took a role with the National Inline Hockey Association, which was later purchased by USA Hockey, where he helped start leagues, manage tournaments, organize clinics and more to help grow the sport of roller hockey. Following his tenure with USA Hockey, Duffy worked in numerous positions that helped shape his per-

spective as a professional. He ran a sports facility in Michigan, operated small businesses, worked for a local newspaper, assisted non-profits and volunteered with the DeKalb Chamber of Commerce.

"I have had so many different experiences that have been helpful in how I relate to the businesses we work with through the DeKalb Chamber of Commerce," Duffy said.

In 2009, he was hired full-time at the DeKalb Chamber as the director of Membership/Marketing and was promoted to Executive Director in 2012. Over the past 15+ years, the DeKalb Chamber of Commerce has grown from about 400 to more than 600 members and worked to improve the area's business climate and economic stability through various initiatives. The Chamber was recognized with the Illinois Association of Chamber of Commerce Executives (IACCE) Outstanding Chamber of the Year in 2022. Also in 2022, Duffy completed the U.S. Chamber of Commerce Foundation's Business Leads Fellowship Program.

Duffy and the DeKalb Chamber of Commerce work with Kishwaukee

College to help communicate the needs of the local workforce. As a resource for local businesses, Duffy and the Chamber can relay what type of training or programs are in demand. In turn, Kish can tailor its educational offerings to meet these demands.

"We have had a strong working relationship with the College to help us find where the challenges lie and how Kish can be a part of the solution," Duffy said.

"No educational path is the same. Matt Duffy is a great example of how Kishwaukee College can provide new and exciting opportunities for our students. It is an honor to have him utilizing his wealth of experience to better the Kishwaukee College community. He is an excellent choice for this year's Distinguished Alumni Award," said Dr. Kayte Hamel, Executive Director of the Kishwaukee College Foundation.

"This publication does not knowingly accept fraudulent or deceptive advertising. Readers are cautioned to thoroughly investigate all ads, especially those asking for money in advance."

201 DOMESTIC/CHILD CARE

NO INDIVIDUAL, unless licensed or holding a permit as a childcare facility, may cause to be published any advertisement soliciting a child care service. A childcare facility that is licensed or operating under a permit issued by the Illinois Department of Children and Family Services may publish advertisements of the services for which it is specifically licensed or issued a permit. Your Hometown Newspaper strongly urges any parent or guardian to verify the validity of the license of any facility before placing a child in its care.

203 HELP WANTED

ROCHELLE News-Leader

Part-time local delivery driver

The Rochelle News-Leader has an opening for a part-time newspaper bundle delivery driver who would load and deliver bundles to the post office, store racks and machines.

The daytime deliveries would be two or three days per week (including weekends) and consist of approximately 4-5 hours per shift depending on the route usually 10-15 hours per week.

Applicants must be at least 18 years old, possess a valid driver's license, proof of insurance and a safe driving record. Drivers will use company vehicles when delivering, and will be trained on the respective routes.

Candidates must be able to load, unload and carry multiple bundles of 5 to 10 pounds each. Driver applicants must be reliable, personable and have a general knowledge of area streets and roads.

This position is perfect for someone looking to supplement their income or retirement.

Interested individuals must fill out an application in person at the Rochelle News-Leader office at 211 Hwy. 38 E., Rochelle. No phone calls please.
