Dear Santa,

A note about our letters to Santa: Most of our mail packages came from Brookings area teachers, and those were clearly marked with teachers' names and classrooms. But some of the envelopes arrived unmarked, and we couldn't properly label "who belonged to whom."

So we've lumped them all together, and Santa and the elves will have to sort things out.

Some correspondence came from home-schoolers, and many

other letters were dropped off individually at the Register's front desk.

Santa will know who made what requests, however, and his helpers here in Brookings have forwarded the letters entrusted to us.

We've reproduced them all here, original spelling and grammar intact, so our readers can see what's on kids' wish lists for Christmas
