GET YOUR SMOKEY ON

When you're ready to put out your fire, use the drown-stir-feel method:

- Pour lots of water on the fire; drown all embers
- Stir campfire ashes and embers with a shovel
- Pour more water on ashes and stir again
- Make sure everything is cold to the touch

Remember – if it's too hot to touch, it's too hot to leave.

ONLY YOU CAN
PREVENT WILDFIRES.

Food Safety

Food and Nutrition Program highlights include food preservation, food safety, healthy eating and active living. Contact the Niobara County Extension office for educational resources and opportunities.

Wyoming 4-H empowers young people with skills to lead for a lifetime. It's a research-based experience that includes a mentor. A hands-on project and a meaningful leadership opportunity. To learn more about joining a local 4-H Experience you can contact the Niobrara County Extension Office.

Other services provided:

- Pesticide application training
- community development education
- Soil, water and forage analysis resources available.
- Consumer Horticulture resources including pest identification
- Fairgrounds rentals
