An Interesting Neighbor Everyone has a story

JeanneGrimes The Purcell Register

For a woman who says she wasn't cut out to be a farm wife, it seems a little strange at first glance that she's spent the past 26 years working with McClain County's farmers and ranchers.

Meet Patti Christian, district secretary for the Mc-Clain County Conservation District.

Born Patti Tucker, she is a Purcell native and a Dragon through and through.

Her father, Cecil, had the Sinclair service station in Purcell and later a Kerr Mc-Gee station north of town.

Sally, her mother, worked for Purcell Municipal Hospital and then owned the Brass Monkey, an upscale clothing store on Main Street. When that business fell on hard times, she returned to PMH and eventually retired as a unit clerk.

It was from her mother that Patti got her love of fashion. But more on that later.

Patti was one of four children-two brothers, Rick who is deceased, and Dan and a sister, Pam.

She graduated from Purcell High School in 1977 and enrolled at Oklahoma State University. It was a blow to

her parents, who were avid University of Oklahoma fans.

After one year at OSU, Patti decided she was interested in fashion merchandising.

She moved to Dallas to pursue that and earned an associate's degree there.

Fresh out of school, she returned to Oklahoma and went to work at Harold's at 50 Penn Place in the city.

The sales staff worked strictly on commission so it was cutthroat. Still, Patti said she learned a lot while there.

She was working for First American Bank here when she met and eventually mar-

THINGS

to know about the Conger Field renovation

Hard hat area

The west side of Conger Field will soon be getting 1,600 seats including 370 chair back seats between the 40 yard lines.

The home side of the stands will hold 1,600 fans. Of those 1,600, 370 will be chair back seats from the 40 yard line to the other 40 yard line.

The visitor's side will hold 500 fans. According to the Project Manager Tyler Graves, the view for fans "will be awesome".

Fans will enter at one level on the home side and have the option to go up for a higher view or go down closer to the field.

There will be two concession stands. One will be on the home side and the other on the visitor's side. Another feature of the new stadium will be a rail for fans that like to stand on the south side of the

concession stand.

There will be four restroom facilities.

On the home side there will be a large men's restroom, a large women's restroom, that has 28 stalls, and a family bathroom.

Project Manager Tyler Graves said code requires that many stalls due to the number of seats in the stadium.

There will also be a men's and a women's restroom on the visitor's side.

There will be 90,300 square feet of turf.

Around the turf will be a sidewalk that will be utilized for foot traffic for spectators and for players when they are not playing.

The sidewalk will go in front of the old dressing facility and all the way to the new fieldhouse.

In the new fieldhouse there will be all new weights that are custom made with Dragon logos made on them.

The cost of the fieldhouse is \$2.655 million.

New LED lights will be installed.

Project Manager Tyler Graves said the LED lights can be directed better than the old lights.

"I think people will see a much brighter stadium," he said.

The community has given the school the ability to construct one of the best, if not the best, facilities in the state.

"It will be unmatched for any 3A school," he said.

"I'm sure other teams will want to come here for playoff games," Graves said.

Hospitals post prices for first time, but patients unlikely to gain insight

Oklahoma

PaulMonies Oklahoma Watch

For the first time ever, many Oklahoma hospitals are posting their prices online for every service or item they offer, creating a consumer menu.

But a closer look at these price lists shows that they are unlikely to help patients comparison-shop with ease or figure out complicated medical bills.

Acheck of websites for some of the largest hospital systems in the state showed the price lists are hard to find and are usually in the form of a link to a large downloadable spreadsheet file.

in the files, listing procedures, drugs and supplies, ranges from clear-cut to nearly indecipherable, at least for ordinary patients. Moreover, many listed charges for procedures, such as an organ transplant or emergency care, don't

represent the entire potential cost to patients, ranges from clear-cut to nearly because they don't include charges from physicians who are not hospital employees.

The price lists stem from a federal regulation that went into effect on January 1 requiring hospitals to post standard charges for drugs, supplies and services. However, the list, typically called a chargemaster, is rarely the amount charged to patients with private insurance or in a government insurance program like Medicare or Medicaid. Patients without insurance rarely pay the listed price either because of hospital discounts or write-offs for uncompensated care.

Some hospitals and trade associations fought the rule when it was proposed last summer, saying the price lists wouldn't help patients find out prices for personalized care and could add confusion to the billing process. But federal regulators at the U.S. Department of Health and Human Services said it would be a good first step toward greater price transparency – a problem that health experts say restricts competition, drives up costs and subjects patients to sticker shock.

The government wants hospitals to provide the information in a computer-friendly format for further analysis; thus the downloadable data files.

"We are concerned that challenges continue to exist for patients due to insufficient price transparency," the department said in explaining the rule. "Such challenges include patients being surprised by out- Please see **Hospitals**, page 5A

of-network bills for physicians, such as anesthesiologists and radiologists, who provide services at in-network hospitals, and patients being surprised by facility fees and physician fees for emergency department visits."

What Hospitals Reported

The most costly procedure on Integris Baptist Medical Center's list was "ECMO OR TRACH W MV >96 HOURS OR PDX EXC FACE, MOUTH & NECK W MAJ O.R." This involves placing a person on life support for more than four days and then performing a major operation.

Oklahoma Watch reviewed the price lists for the University The itemized information of Oklahoma Medical Center,

> > The informa tion in the files

indecipherable, at least for ordinary patients. At Integris Baptist Medical Center, "intraocular procedures" such as cataract surgery were the least expensive, with an average charge of \$3,452.

Topping the list was "ECMO OR TRACH W MV >96 HRS OR PDX EXC FACE, MOUTH & NECK W MAJO.R." Translated: Placing a patient on a machine that pumps and oxygenates their blood (for more than four days) or performing a tracheostomy to open the patient's neck so he or she can breathe, and then performing a major operation.

The average charge for extracorporeal membrane oxygenation (ECMO) was \$873,926. At Mercy, the highest charge was for extremely premature babies who needed help breathing. Charges for "EX-TREME IMMATURITY OR RESPIRATORY DISTRESS SYNDROME, NEONATE" averaged \$269,700.

Some entries were clear-cut. At St. Anthony, the average charge for a simple vaginal birth was \$15,182.

Not What Patients Pay

The Oklahoma Hospital Association said it has fielded questions from hospitals about the wisdom of posting price lists. In the past, hospitals have declined to provide the information, saying they were trade secrets or could harm competition.

Perhaps you have asked why this group of elderly ladies would get out of a warm bed so early in the morning to volunteer to do all the planning and the actual work to make this all happen two days a week. It could be the joy of seeing so many smiling faces and all the compliments on the food and the service.

We are glad to be back after a break for the holidays, and you can expect the same good meals, same price and if you haven't ate with us, everyone is welcome, no age limit.

Anyone wanting to get back in shape after the extra pounds you gained through holidays you can join the free exercise program at 9 a.m. on Monday, Wednesday and Friday.

If you like to play cards, you can check with some of the volunteers and find out when they play. I appreciate all the volunteers that so willingly give of their

time for this community service. I also appreciate all the people who have contributed financially to give back to our public effort. If you ask any of the 12 or 14 unpaid workers why they do

it, the answer would most likely be, "because we care about our community." This has been proven, by our being able to give back to some families in 2018 that had specific needs.

If you fail to get a new menu monthly, you can find it in The Purcell Register. I appreciate Gracie for always making sure it gets printed.

Lunch is served from 11 a.m.-12:30 p.m. on Wednesday and Thursday for a \$6 donation. To-go orders are \$7. The lunch is open to the public and home cooked and served by the volunteers at Lexington Community Center, 131 S. Main.

Eating uncooked dough can be a raw deal

Brenda Hill Extension Educator

You have probably heard it's a bad idea to eat uncooked dough because it contains raw eggs. But did you know that raw flour can also make you

During the colder winter months, we tend to bake more making our family's favorite cookies and tasting that cookie dough can seem like the natural thing to do.

However, we need to resist the temptation to taste uncooked batter or dough, no matter how delicious it might be.

Bacteria from animal waste and other sources can contaminate grain in fields or throughout the grain transportation and flour production system.

According to the U.S. Food and Drug Administration, flour from milled grain is typically not treated to kill bacteria. That means it's not safe to eat until properly cooked.

You might have licked cake batter or eaten cookie dough from spoons lots of times with no ill effects. But some haven't been so lucky.

In 2016, more than 60 people grew sick from E. coli bacteria linked to contaminated raw flour, according to the U.S. Centers for Disease Control and Prevention.

More than 10 million pounds of flour and flourcontaining products were recalled, including bread, pastry, and pancake mixes.

What about cookie dough ice cream? Food safety experts say commercially purchased cookie dough ice cream should be safe because it contains heat-treated flour and pasteurized eggs.

But that might not be true of store-bought cookie dough for baking. A 2009 outbreak traced to prepackaged raw cookie dough sickened 72 people; many of them hospitalized.

Bacteria have changed over the years, so they may be more likely to cause ill effects now than in the past. The FDA offers safety tips for preparing cookies, pies, cakes and other From page 7A food containing flour:

• Make sure food containing flour are cooked to the proper temperature. Follow recipes or package directions.

• As with raw meat, keep raw flour or eggs separate from ready-to-eat foods.

Mr. Eads' Bridge

CHAPTER THREE

Caissons in the Mississippi

"Sure," Becky said, "I'd like to know more. But first, what exactly is a diving bell?"

Laura thought. "Have you ever turned an empty glass upside-down and then pushed it under water? It traps a bubble of air in the glass that keeps the water out. If you make the glass big enough and heavy enough, you can put a person inside the air bubble and sink all the way to the bottom of the river."

"Wow! So then the diver could just walk around on the riverbed inside the diving bell?"

"That's right. They also pump air into the bell."

"More air? Doesn't the air bubble keep the water out?" Becky said.

"It does. But the deeper you go under the water, the greater the water pressure becomes. You must add more air under pressure to keep the water from pushing in. The diver also needs fresh oxygen to breathe."

"Okay, I understand the diving bell. How did Mr. Eads use that to build the piers?"

"Mr. Eads had a fleet of boats that could lower and raise diving bells into the river to salvage cargo that sank in shipwrecks," Laura said. "The bridge foundation needed something more permanent. While traveling in Europe, Mr. Eads saw a new technology for underwater construction called a caisson."

"A kay-son?" Becky said.

"A caisson is a large diving bell or often several bells close together. Ships tow it to where the pier will be. You pile limestone blocks onto the top to sink it and use long wooden beams to guide it to the bottom. By leaving open shafts in the middle, workers can descend a stairway to the underwater air chambers which they then enter through airlocks."

Becky's eyes grew round. "They just walk down to the bottom of the river?"

"I've been there myself. Mr. Eads gave tours, taking people down to the air chambers when they started building. I was fortunate enough to accompany him one time. Because of the higher air pressure, our voices sounded thin and nasal, and you couldn't blow out a candle — it seemed to magically relight itself."

"That must have been something!" Becky said.

"It smelled terrible, but it worked. You can imagine what accumulates on the bottom of the Mississippi River."

"Not really. Yuck! So when they got to the bottom, they were finished?"

"They were just getting started! The river bottom is silt and mud, not at all suitable for anchoring a pier. Workers had to dig out the silt beneath them and let the caisson sink deeper and deeper until they reached bedrock."

"Engineers pioneered a new device called a sand pump to suck the mud and silt to the surface and dump it back into the

"Can I go down into the caisson?" Becky asked.

"I'm afraid not. Once the pier was complete, they filled the air chamber and stairwell with concrete to anchor it for all time."

Second Byng tourney championship in last 6 years

John D. Montgomery The Purcell Register

Purcell won the Byng Tournament last weekend knocking off three ranked teams.

The Dragons pinned a 66-59 loss on Douglass in the opening round but found the sledding a little tougher in the semifinals when they eked out a 49-48 come-from-behind victory over the host Byng

Purcell turned on the scoring jets in the finals out-scoring Okemah 66-44 with senior Garrett Galyean pouring in a game high 27 points.

Galyean scorched the nylons for 75 tournament points. Jake Berrey averaged just over 10 points per game in the tournament piling in 31. Mojo Browning chipped in 27 tournament points.

The Dragons had three players in double figures against Douglass with Galyean leading the pack with 22. Both Andre Garcia and Berrey threw in a dozen each.

In the semifinals, Byng jumped out to a 20-7 lead at the end of the first period but Purcell out-scored the Pirates by 14,42-28, in the final three quarters, paving the way to the finals. In the Byng victory Galyean made a living at the free throw line sinking five out of six charity tosses down the stretch to seal the win. He also had a pair of treys in the first half.

Purcell thrived in the finals playing perhaps their best offensive game of the season.

Red hot from the start, Purcell ripped the cords for 20 first quarter points and led at halftime, 38-19. Galyean scored 12 of his 27 in the fourth period.

"Coming into last week we could have played well and gone 0-4 against four ranked teams going back to Washington," head coach Roger Raper said. "I'm really proud of the

The Wayne Bulldogs nabbed the 3rd place trophy thanks to an overtime, 58-53 win over Walters in Rush Springs at the Black Diamond Classic over the weekend.

Wayne also pinned a loss on Central Marlow to kick off the tournament. Their lone loss of the weekend, a 56-42 defeat from the Roff Tigers put Wayne in the third place game.

Facing off with the Walters Blue Devils, the Bulldogs started slow and fell behind in the first half.

According to head coach Josh Trent, the Bulldogs picked up their game in the second half to make a comeback and ultimately send the game to overtime.

Outscoring the Blue Devils 12-7, Wayne notched the win and secured their third place

Rodney Gray and Dawson Mantooth led the team with 26 and 13 points respectively.

"The first couple of games back from Christmas break we struggled but the last two days of this tournament has us headed back in the right direction," Trent said.

In their first game, Wayne snagged a 58-52 win over Central Marlow.

Playing nearly point for point through the first two quarters, the third stanza was the difference maker for Wayne.

Todd Newville The Purcell Register

The Lexington boys' basketball team had a solid fifth-place finish last weekend at the Charles K. Heatly Classic tournament in Lindsay.

Lexington lost to Stratford, 61-52, last Tuesday in regular-season action. Jaylen Cottrell led the way in the loss with 14 points while Colton Penner (12) and Seth Comer (11) also contributed strong efforts.

The 'Dawgs brushed off that defeat, though, and competed well in the CKH tournament in Lindsay. Last Thursday night, they lost to a strong Community Chris-

tian School squad, 60-39, as Jordan Land led the 'Dawgs with 14 points in the losing effort.

But, they came back on Friday to beat the Wynnewood Savages, 63-54, in an exciting overtime contest. It was a stout effort for Lexington as the 'Dawgs featured three players in double figures - led by Toby Prevost's 13 points and followed by Seth Comer's 12 points and Colton Penner's 11 points.

On Saturday night, Lexington wrapped up the fifth-place showing with a tough 48-43 victory over the Davis Wolves, who had beaten the 'Dawgs, 58-44, on December 13 at the Big 8 Tournament in the teams'

last encounter.

Penner had 16 points against Davis in the game while Comer followed with 15 points. Lexington is now 6-5 on the season and the 'Dawgs have already surpassed last season's win total.

"We came out and played against a really good CCS team,"Lexington Head Coach J.D. Beck said. "They kind of overwhelmed us. We tried to turn things around against Wynnewood. We didn't play very well at first but we took them to overtime and got it done. It was a back and forth game. They stuck with us the

"We finally took control of the game in overtime. I was really proud of the guys for fighting through it. Then, we were able to get back at Davis. They beat us at our conference tournament when they did some different things we hadn't seen. That was a surprise for us and they caught us off guard that time. But this time at Lindsay, we were ready for that."

Beck, in his second season as the head coach for Lexington, can sense his club is starting to turn the tide on their fortunes. Things seem to be looking up for the 'Dawgs.

"You can see a change in the kids this year," Beck said. "Their Lexington head coach Derek attitude seems to be about the team. They really care about things being a team accomplishment. They're working hard and we're doing what we need to do and trying to improve. We only won four games last year. Now, we are at six wins. We're just hoping to get better and better with each game."

On Friday night, Lexington dropped a tough 49-31 decision to the Class 3A No. 7 Sulphur Bulldogs. On Saturday, the Lady 'Dawgs lost to Pauls Valley, 72-37, as Lexington may have run out of steam after playing four games in five days.

'We got Lindsay back,' Clark said. "They got us the first time this season. But, we played really well and won, 61-48. We seemed to be quick and we started off hot. I think we shot 59-percent against Lindsay. That was definitely one of our better games - probably our best win yet.

Still, Clark is definitely not upset with his team. It's just time to regroup and get some composure.

Lexington wrestlers pointing to State Tournament

Lexington's wrestling team is heading into the bulk of their season as January rolls along.

The top Bulldog this year so far is Dalton Matthews who owns an 11-4 season

"We hit the bulk of our schedule in January," head coach Jared Garrett reports.

"We are fielding seven

weights on the high school team. I could field more with freshman, but I feel they could use another year of development in the junior high division," Garrett said.

Assistant coach Daniel Somers and Garrett are focused on preparing the wrestlers for the state tournament.

Now the fifth place finisher from the regional can have a 'wrestle in' match against the fourth place from the other region. It allows the chance for a wrestler to take the others' spot in the tournament.

Two Bulldog seniors Christian Lobough and Hunter Mooneyham are taking their final shot at qualifying for state.

Juniors Colton Turner, Lane Jeffery, Alex Serrano and Levi Free as well as sophomores Dalton Matthews and Avery Armstead are looking for that opportunity as well.

"Dalton Matthews has been doing quite well this season. He is the only Bulldog so far this season to bring home hardware. He placed fourth at Blanchard and fifth at Weatherford," Garrett said.

"I am really looking forward to see how this season finishes out, and looking forward to the future of the program. The freshman I have now are going to be a huge help next season. As well as wrestlers in the junior high and the club wrestling program that will be tough competitors," the coach concluded.

Washington's only loss of the week came in the next game of the tournament when they fell 76-73 in overtime to Lawton Christian, a non-member of the Oklahoma Secondary Schools Activity Association (OSSAA).

Washington built a 17 point lead in the second quarter but turnovers plagued them. They had eight turnovers in the second quarter alone. The Warriors also started

fouling in the quarter, sending Lawton Christian to the charity stripe often. Washington led by two points

at halftime but Lawton Christian carried all the momentum into the locker room after they hit a three pointer at the buzzer. Washington missed five la-

yups in the fourth quarter, partly due to Lawton Christian's 6'7" rım protector.

"We had trouble finishing at the rim," Scholz said.

By Fr. Jim Chamberlain

A friend of mine is someone Christians always felt that Jesus I go running with a lot. He is Catholic and his wife is Methodist. On one of our recent runs together, he told me that his wife said that the bread and wine of the Eucharist were only symbols of the body and blood of Jesus. But my friend reminded her of the words of Jesus Himself, who said: "This is my body. This is my blood. Do this in remembrance of me." (1 Cor. 11)

As Catholics, we take very seriously the words and the actions of Jesus. We take Jesus at his word. We take seriously his actions. This past Sunday we celebrated an action of Jesus – his baptism.

The Church has always been a little embarrassed about the baptism of Jesus. The first of the surest proofs that Jesus

should have been the one who is baptizing, rather than one being baptized by John.

You can even see the change in the New Testament itself. Read the Gospels in the order in which they were written. Mark, the oldest Gospel, begins the story of Jesus with his baptism, and he states clearly that Jesus was baptized by John in the river Jordan. But Matthew elaborates by adding that John tried to talk Jesus out of being baptized. Luke will not even say that John did the baptism. And John's Gospel will not even say Jesus is baptized at all. He only says that the Holy Spirit descended upon Jesus like a dove.

Scholars say that this is one

was baptized by John. Because if someone tells you something that is not in their best interest to tell you, then it is probably true.

Because of this embarrassment, we know that Jesus was baptized by John. We know that Jesus stood in line with lots of sinful people on the banks of the Jordan River. He stood there and waited his turn. He stood there in line – Emmanuel, God-with-us - because God desires to be with us even in our sinfulness!

God desires to stand with us even when we are selfish and impure and rude and angry and living far below our call to holiness. God loves me even when I know that I have sinned in my

So, you can understand why As a preacher, Carl is good I was thrilled to receive a personal, autographed copy of his book. When I got it, I immediately looked for one particular article I had read some years ago, one that had long stuck with me, called, "God Bless You." Sure enough, I found it on page 309 of his new book. Carl used a sermon with that title to close out a meeting he held for us in Lexington, Oklahoma several years ago, referencing several key scriptures that contain blessings. I never forgot the sermon nor the article.

One blessing he references is that well-known benediction in Numbers 6: 24-26 where the Lord commands Moses to

The scripture text for the Sunday sermon was taken from John's report when Jesus washed his disciples feet. What Jesus did for His disciples at the Passover Supper is the example Christians should repeat in caring for the needs of others.

We should always follow the example of Our Master and be active in service to others. We may not wash the feet, but we kneel in prayer and prayer and service to share the Gospel by feeding the hungry and bringing light to the world. Christians find happiness in helping others.

Carl had no way of knowing this lesson has stuck with me for such a long time, that it would be the first one for which I would look when I took his new book in my hand. And he certainly has no idea the impact the latter part of his handwritten note would have, as he concludes, graciously, with this benediction:

Dale K. Graham Veteran's **Foundation**

As many of you know, we are a 501(C)(3) non-profit corporation. Each month we spend approximately \$25,000 in support of veterans and their families. We receive no State or Federal funds and exist on the money donated by you and the local grants we receive from organizations in our community.

If you would like to be a supporter, please visit our web page for details or contact Lora at 405-550-8806. We support all veterans who have served

in the U.S. military. Another way to help is by donating a car, truck, tractor, motorcycle or another item that can be given to veterans or sold to raise funds to support them. We also have food sacks available to those veterans and their families who need this service.

We would like to highlight our Executive Director, Lora Malone. Lora has served in this role since June of 2017. She is responsible for overseeing the day-to-day operations of the foundation. She works with the volunteers and board of directors to accomplish the Foundation's goals. She works to collaborate with others in the community to increase and maintain the foundation's visibility.

Before coming to Foundation, Lora served as the Vice President of the Oklahoma State University Alumni Association, President of the UT Arlington Alumni Association, and served Oklahoma City University as the Principal Gift Officer. Lora and her husband, Gallen, have one daughter, Reagan, and currently reside in never thought they were eli-Edmond. She currently serves as the Secretary for the Dale K. Graham Veterans Foundation Board of Directors. We are thankful to have her leadership.

Did you know our drivers, Clayton and Louie are logging more than one thousand miles each week transporting veterans to their VA medical appointments? We have a handicapped accessible truck available to transport wheelchair-bound veterans. I would like to have a couple more volunteer drivers join our team. If you need a ride to and from

a VA Medical Appointment, please contact 405-550-8806 to reach Clayton at Extension 105 or Louie at Ext. 106. If you would like to join our dedicated volunteers in this capacity or any other, applications are available on our website. Please contact us if you have any questions. We'd love to tell you about the rewarding work we do.

started with a record number of veterans and surviving spouses. On Tuesday we helped 197, Veterans are traveling from other states for our help with their VA claims and questions. We average 30-50 out-of-state veterans and surviving spouses each week.

Yesterday I received my first call from a veteran who is living in Canada and planning a trip to see us. Many of those traveling to our state ask us why isn't there is a place like ours in their state? I tell them I wish there were other veteran's advocates and service officers who would use our methods and the VA's evidence-based claims process. For our methods to work for veterans and surviving spouses, it takes a group of knowledgeable and dedicated people who understand the VA claims process.

We encourage all veterans to use the VA Disability Benefits Questionnaires the VA provides for evidence and diagnosis of a disability. These forms are filled out by a medical provider. In most instances, these forms need to be filled out by a non-VA provider as our VA does not have time to do them for veterans. I have not yet found a condition for which there is no DBQ. I have been writing about

what our volunteers do each week for veterans and their families. The results produced by our volunteers is remarkable. Most of those who visit us will find their lives change when they start receiving the benefits our volunteers have helped them to receive. There are thousands of folks who

gible for anything from the VA until they visited with us.

The most common disability we find is Hearing Loss and Tinnitus (ringing in ears). These conditions are presumptive to many military jobs due to the exposure to acoustic trauma. Tinnitus is rated at 10 percent with hearing loss ranging from 0-100 percent depending on the severity. Many of us attempt to communicate with people who have hearing loss because of their occupation in the military.

Many veterans hearing loss and tinnitus started in the military, yet they didn't know until years later they might be eligible for VA compensation. I remember precisely when my hearing and tinnitus started. It was in Vietnam at a place called Artillery Hill. Later the name was changed to Camp JJ Carroll in honor of a Marine who died there.

I was very close to a 175 The first full week of 2019 Howitzer when a fire mission was called. about their services. Visit our website at dalekgrahamveteransfoundation.org.

Coffee and ribbon cutting

Held last Thursday at the Purcell Public Library

In honor of the Purcell Library recently completing a number of renovations, the Heart of Oklahoma Chamber of Commerce held a coffee there last Thursday morning and had a ribbon cutting as well.

Public and staff restrooms were completely remodeled. The public restrooms are now fully ADA accessible and each include a baby changing station.

In addition, the library's meeting room was refloored and the kitchen area of the meeting room was remodeled.

Funds for these projects were provided by the City of Purcell and Purcell Public Schools, who jointly manage that space.

Work was completed by Sun Construction Company.

The Purcell Public Library is a branch of Pioneer Library System, which inspires innovation, engagement, and learning in the communities of McClain. Cleveland, and Pottawatomie Counties.

The library provides access to digital and physical materials, programming for all ages, and meeting space for public events.

Welcome aboard

The Heart of Oklahoma Chamber of Commerce officially welcomed the Purcell Public Library as a member. Chamber Manager Kesha Montgomery said the turnout for the cutting and coffee was good.

Celebrate the New Year with free trees

Local residents can ring in the New Year with 10 free flowering trees by joining the Arbor Day Foundation any time during January 2019.

By becoming a part of the nonprofit Arbor Day Foundation, new members will receive two Sargent crabapples, three American redbuds, two Washington hawthorns, and three white flowering dogwoods.

"These stunning trees will beautify your home with lovely flowers of pink, yellow and white colors," said Matt Harris, chief executive of the Arbor Day Foundation. "These trees are perfect for large and small spaces."

The free trees are part of the Foundation's Trees for America campaign.

The trees will be shipped postpaid at the right time for planting, between February 1 and May 31, with enclosed planting instructions. The 6to 12-inch tall trees are guaranteed to grow or they will be replaced free of charge.

Members will also receive a subscription to the Foundation's bimonthly publication, Arbor Day, and The Tree Book, which includes in-

Precinct 2 closed

Absentee mail ballots to be issued

Paoli Public Schools will close Precinct 2 for the annual school election on February 12.

Karen Haley, McClain County Election Board secretary, said state law allows a school district to close a precinct polling place if the entire precinct is not contained within the district's boundaries and if there are fewer than 100 registered voters in that part of the precinct that is

inside the school district. There are approximately seven voters in the part of Precinct 2 that is located

in the Paoli school district.

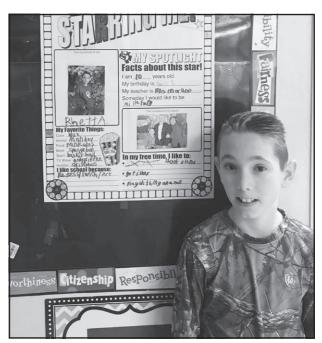

who have addresses inside the school district will receive an application for absentee ballots from the County Election Board.

They can fill out, sign and return the application form to the County Election Board to have a ballot mailed to them, Haley said.

Applications for absentee ballots must be received by the County Election Board no later than 5 p.m. February 6 for this election.

2 fires doused

Despite water standing in fields and in bar ditches, Purcell Firefighters responded to not one but two grass fires Wednesday afternoon.

The first blaze was at 27483 SH 59 where three Purcell units responded to assist Wayne Firefighters

just after 4 p.m.

As soon as they extinguished that fire, they responded to a fire south of Lexington at 5:12 to assist Lexington Firefighters. They were on that blaze until 5:47 when it was put out.

There were no reported injuries in either fire.

Oklahoma Hall of Fame offers scholarships

ship Competition provides an opportunity for Oklahoma high school students to earn cash scholarships and tuition grants for college.

With at least eight scholarships in each county available, students compete based on their knowledge of Oklahoma history, our people, and geography.

"This program is designed to reward Oklahoma students who have taken an interest in the rich history of our great state," said Shannon L. Rich, Oklahoma Hall of Fame and Gaylord-Pickens Museum president and CEO. "We hope that it also encourages our students to stay in state to attend college and remain here to live and work after receiving their degrees."

Individual donors and Oklahoma colleges and universities provide the cash scholarships and tuition grants in the counties of their choice.

In addition to schools statewide offering tuition grants to students in various counties, Oklahoma City University, Oklahoma Christian University, Bacone College, Southern Nazarene University, Oklahoma Panhandle State University, Rose State College, Tulsa Community College, the University of Central Oklahoma, and the University of Science and Arts of Oklahoma have made tuition waivers available in

all 77 counties. The test will be given on Saturday, March 2, at locations statewide, including Oklahoma City, Fairview,
