Impounded pets spayed, neutered

JeanneGrimes

Dogs and cats impounded by Purcell's Animal Control will be spayed or neutered before their owners can retrieve them.

That's the gist of an ordinance amendment approved during Monday's city council meeting.

Louise Zastrow, shelter manager, told the council that the shelter presently makes two trips a month transporting animals to a low-cost spay/neuter clinic in Oklahoma City.

The surgical cost there to alter a cat is \$47 and a dog is \$60. Included in the cost is a rabies vaccination.

For pet owners unable to afford that, the shelter has

FLOODED OUT

Washington Middle School closed

JeanneGrimes
The Purcell Register

It was a "perfect storm" of events that flooded Washington Middle School last week around 3 p.m. Thursday.

Heavy rains all day interspersed with torrential downpours overwhelmed a clogged storm drain on the west side of the middle school.

Dirt work was underway above the middle school on the west side, as well. Superintendent Chris Reynolds is certain that contributed to the subsequent flood.

The school houses grades six through eight.

The torrent flowed down stairs on the school's west side and entered the building.

Reynolds estimated 3 to 4 inches of water filled the main hall before flooding adjacent classrooms.

The water damage, Reynolds added, was "pretty much building wide."

Certified Commercial Restoration was on site Friday, removing all carpet and taking out the lower 2 feet of sheetrock throughout the school.

Officials implemented virtual learning on Tuesday. That will continue through today (Thursday). Virtual learning began on Friday.

According to a notice on social media, seventh and eighth grade students and parents will be notified of temporary classroom assignments on campus

September unusually hot

As we head deeper into the month of September, this is typically a time of the year that Oklahoma sees somewhat of a pattern change in terms of high temperatures and rainfall.

However, that pattern change has evaded us so far and will continue to do so at least through the midpoint of this

month.

Headed into this weekend, highs in the low 90s will remain, keeping highs several degrees above our seasonal average.

Saturday will be similar, with highs in the upper 80s and lower 90s, with cloud cover building in throughout the day ahead of

a cold front on Sunday when a northerly wind will take hold and highs will barely reach the mid- 80s. Cloud cover hangs on. Headed into next week, temperatures will start a warming trend once again that will return to the low 90s by Wednesday.

Colorful mums for fall gardens

Melinda Myers
For The Purcell Register

Add a burst of fresh color to the fall landscape with mums. This traditional fall flower is still a favorite of many. These fall beauties come in a wide range of colors and provide weeks of floral beauty. Mums are great in containers, the garden, and cut flower bouquets. Fall just wouldn't be the same without them.

When shopping for mums you may see them labeled as garden, perennial, gift, or florist mums. All these different names for plants that basically look alike can be confusing. The answer lies in their response to day length, hardiness, and use.

Mums set flowers based on day length. Growers can force them into bloom by covering them to create the shorter days that initiate flowering. Those grown as gift and holiday plants are often called florist mums. These usually require the longest periods of uninterrupted darkness or shorter days. When these mums are grown under natural daylight they usually don't flower until late fall or early winter. These late bloomers are usually killed by cold temperature before or soon after the flowers appear in colder parts of the country.

Nurseries selling mums in full bloom in the fall often refer to them as garden mums. These may be perennial or "florist" mums forced to flower for fall displays. The intent is to use them as annuals. Set a pot on the steps, pop a plant in a vacant spot in the garden or combine them with other fall

favorites.

Even if these garden mums are hardy and suited to your growing conditions, they may not survive the winter. Since all the energy of flowering fall-planted mums is directed to the flowers, little is left to establish a hardy robust root system. If you have success overwintering your garden mum, feel free to brag. If your plants don't survive or you don't try, don't worry. You are using them as a fall annual as they were intended. This provides space for new plants in the spring and an opportunity to try a different color mum next fall.

Those mums sold as perennials are hardy enough to survive the winter and flower in late summer or early fall, providing weeks of color in the garden. They are often sold alongside other perennials, labeled as perennials, or promoted as hardy for the area. Increase your success by planting them in spring. This allows the plant time to develop a robust root system before it begins flowering in the fall. This increases the plant's ability to survive cold winter weather.

The Abortion Decision II

As I said in my last article, few decisions have been as controversial as the recent overturn of Roe v. Wade. As such I could not cover everything in one article. Last time I discussed the courts and politicians, but the new ruling has also set off the Internet warriors who have spewed their hatred towards anyone who might disagree with them.

The problem with abortion is that it is a moral issue. We argue plenty over things like economic issues, but those we can compromise on. We tend to reserve hate for moral issues, where we can see no compromise. What is interesting about this particular debate is that there is a second moral issue occurring at the same time, that of mass shootings and gun control.

The interesting part is that both sides are making their arguments for or against abortion and gun control by using abortion and gun control as evidence of their superior position. Historically speaking, this concept is not new. During the 19th Century the biggest moral issue was slavery, yet slaveholders justified their practice by attacking the moral practices of northern industrialists.

Since the announcement of the change in abortion laws, assigned talking points seem to come from both sides. When the left attacks the right over abortion, one of their talking points is to ask if the right is so concerned about babies, then why do they not pass gun control laws to protect children.

Yet, at the same time, the right makes just the opposite argument when discussing gun control. They ask if the left is so concerned about protecting lives, then why do they support killing the unborn. Both sides try to hold the moral high ground on one issue by showing moral superiority on the other.

In the past, a similar argument started in 1794 with the invention of the cotton gin. With this new technology, cotton and the slaves who grew it became a vital part of the American economy. Suddenly, slave owners could no longer afford to look at slavery as the “necessary evil” that it was called during colonial times. Beginning in the 19th century, slavery became a positive good, according to the South.

The new reliance on cotton was not the only change. The growth of a new anti-slavery element known as abolition also grew. An anti-slavery element in the U.S. had always been present, but many people saw slavery as harmful to Whites. This new abolitionist movement saw slavery as morally wrong for both Whites and Blacks and called for its immediate eradication. Slaveholders now had to dig in their heels and show why slavery benefited everyone, including the slaves.

Slavery presented a difficult moral stance for slaveholders, but they found ways to support it. They argued that the Bible supported it, the ancient Greeks and Romans condoned it, and science proved that Blacks were inferior. However, a favorite talking point for slaveowners was basically people in glass houses should not throw stones. Instead of having to defend slavery, slaveholders instead attacked northern industrialists and the treatment of their workers.

With the birth of industrialization, the condition of a growing urban population severely declined, leaving many to live in absolute squalor. It was easier for slaveholders to tell northerners to mind their own business, solve their own problems, and leave slavery alone. Many even went as far as saying slaves were better off than northern workers. Slaves received food and shelter their entire lives, no matter how they worked. Could northern bosses claim the same about their workers?

A similar argument today has come from the pro-abortion side. An Internet post shows a graphic showing all the children who are in foster care in each state with text that suggests if anti-abortion supporters care so much about kids, why do they stop caring once they are born.

While this is a strong argument, I am sometimes asked by students if some slaves had it better than some northern workers. I always give the same answer. In some rare cases, that may be true, but how many of those northern workers would switch places with a slave and give up their freedom?

As for today, while the foster care argument holds some validity, how many of those kids do you think wish their mothers had made a different choice.

You can’t love others very well if you don’t love yourself. Forgive and take care of yourself. You’ll then have something you can give others, love and kindness.

It’s sad to be around bitter people who have never resolved life’s issues and embraced their own lives. Everyone has potential to excel and achieve.

Too often people get bogged down with failures and are totally destroyed. Some failures are just events in your life in which you will learn about you and others. You can use failure to grow, reposition and

Cole:

producing states believe, regulations matter. The industry cannot increase production on a large scale at the whims of those in Washington. A stable, commonsense approach to investment, leasing and regulation are needed for our country to become energy independent.

Most recently, numerous constituents have called or written into my office out of great concern about the president’s plan to “forgive” a wide swath of federal student loans, which is estimated to cost American taxpayers at least \$519 billion.

I certainly echo the same concerns as my constituents. It is a terribly unfair idea that ultimately harms hardworking Americans more than it will help anyone other than affluent voters in the days ahead. Canceling college debt that individuals voluntarily chose to undertake is a monumentally bad policy that will benefit the few at the expense of the many.

That is exactly the opposite of what the country should

be doing. Moreover, forgiving federal college loans will only add more fuel to the raging inflationary fire that is already making it difficult for Americans to pay for basic items needed to live and take care of their families.

Another topic brought up often by constituents was the rise and aggressive behavior of Communist China and America’s dangerous reliance on the country to support our supply chains. Although supply chain woes became prevalent at the height of the pandemic, those challenges remain, with nearly 80 percent of small business owners reporting an increase in supply chain issues in the last three months.

To address aspects of the supply chain that could jeopardize our cybersecurity, Congress took a promising step with passage of the CHIPS and Science Act of 2022 that was recently signed into law. Although not a perfect bill, it importantly seeks to strengthen America’s global competitiveness by investing in our nation’s semiconduc-

tor industry and encouraging manufacturing of those critical pieces of technology domestically.

However, more should be done in the days ahead to encourage American manufacturing generally in order to keep China at bay. We know that this investment in American manufacturing and supply chain independence makes the CCP angry, and that is incredibly telling.

Constituents continue to raise concerns about the Biden Administration’s foreign policy missteps and national security failures. For example, it has been a year since the disastrous withdrawal of the remaining U.S. military troops in Afghanistan, and neither Congress nor the American people have answers for why this action was taken or advisable at the time.

Meanwhile, the humanitarian and security crisis at our southern border, caused by President Biden’s open border policies, continues to worsen and put our communities at

risk. Illegal border crossings have reached a record high, our country has the highest murder rate in more than 20 years, immigrants from more than 150 countries have illegally crossed the border and tragically the abundance of fentanyl is now the leading cause of death in American adults ages 18-45.

The president’s policies have put our Customs and Border Patrol agents in an untenable situation as they try to do their job.

When Congress returns for legislative session later this month, I will remember the constituent conversations from my extended time in Oklahoma and use that feedback to further inform my votes as I continue to represent the Fourth District of Oklahoma.

If you have any questions, concerns or need help with a federal agency, I encourage you to reach out by calling my office at (405) 329-6500 or visiting my website to send an email at cole.house.gov/contact.

Open meeting and open records seminars coming this fall

Free meetings, open to the public

The Oklahoma Attorney General’s Office will partner with the Oklahoma Press Association to host seminars on Oklahoma’s open meeting and open records laws in five locations across the state beginning September 26.

This year’s seminars will feature Julie Pittman, General Counsel to the Attorney General of Oklahoma, and Thomas R. Schneider, Deputy General Counsel to the Attorney General of Oklahoma.

“Oklahoma’s open meeting and open records laws provide the framework for public access to government,” Attorney General John M. O’Conner said. “These seminars are an excellent opportunity for community residents and public officials to learn more about transparency in government.”

Pittman and Schneider will answer questions concerning the state’s open meeting and records laws and inform elected or appointed officials about their responsibility under the acts. They will also discuss requirements on access to public records and the conduct of public meetings.

“The vast majority of Oklahomans who hold positions on public bodies do so with a spirit of community service and work hard to follow the law,” O’Conner said. “Our seminars are designed to encourage compliance and promote openness through education.”

Seminars will be held at five locations:

September 26 – Enid, Autry Technology Center, 1201 W. Willow

October 3 – Tulsa, OSU-Tulsa, 700 N. Greenwood Ave

October 17 – McAlester, Eastern Oklahoma State College, 1802 E. College Avenue

October 24 – Lawton, Cameron University, 501 SW University Dr.

November 14 – Oklahoma City, Metro Tech Conference Center, 1900 Springlake Dr.

The seminars will be held from 1 to 4 p.m. and are free and open to the public. No pre-registration is required. The meetings were last hosted in 2019 and drew more than 500 attendees from state and local offices, school boards, public officials and residents.

Continuing education credits are available for attendance. Attorneys will receive three CLE credit hours. New school board members can get three credit hours from the Oklahoma State Department of Education, and new technology center board members can earn three credit hours from the State Department of Career and Technology Education. Law enforcement officials are eligible to receive three credit hours from the Council on Law Enforcement Education and Training.

For more information, visit www.okpress.com/seminars or call OPA at 1-888-815-2672.

The McClain County Free Fair begins today (Thursday), September 8, and concludes Saturday, September 10.

There will be lots of activities and lots of events to enjoy during the three day run. Look for more information in this week's **Register**. Makes plans to attend!

The Purcell Public Library will host bestselling author and expert in child development, Dr. Michele Borba from 1-2 p.m. Thursday, September 8.

Dr. Borba will discuss her book, *"Thrivers: Surprising Reasons Why Some Kids Struggle and Others Thrive"*

Data shows today's youth are the loneliest, most stressed, and risk-averse on record. Though well-educated, they are failing to launch in real life. So how can we teach them to be mentally strong and more successful?

Dr. Borba empowers educators and parents to help kids thrive in today's fast-paced, digital-driven, often uncertain world. Through her research, she found the difference between those who struggle and those who succeed comes down to the personal traits that set Thrivers apart and set them up for happiness and a greater potential later in life.

She offers practical, action-

able ways to develop these Thrivers traits for kids and shows you how to teach them to cope today so that they can flourish tomorrow in school and life. These are lessons that will last a lifetime.

Pauls Valley Opry

Rod Jones will be back on the stage of the Pauls Valley Opry Saturday, October 1. The show begins at 6:30 p.m. at the Pauls Valley High School auditorium.

Pauls Valley Opry a night to remember

The September edition of the Pauls Valley Opry was a night that won't be forgotten - a wonderful night of fellowship, music and just some good ole country music!

2017 Female Vocalist of the Year, Miss Betty Archer took to the stage and melted our hearts with her rendition of the Marty Robbins hit, "Am I That Easy to Forget." She then took us to church with the Happy Goodman's "Just Any Day Now."

Maddox Ross made his second appearance and this young man sang his way into the hearts of the Pauls Valley Opry faithful! Maddox is blessed with an abundance of talent - singer, songwriter, musician and actor. However, when he is on stage, he is definitely in his element.

Maddox nailed the Jamie Johnson hit, "In Color." He took us back to the days of Southern Rock and rocked the house with the Marshall Tucker smash-hit, "Can't You See."

Donna Nowlin is a rising star and proved it last Saturday night when she took to the stage, knocking it out of the park with the Patty Loveless hit, "Mr. Man in the Moon." This country crooner got us out

in the aisle with Teri Clark's hit, "Better Things to Do."

David Paul Nowlin is one of Oklahoma's premier songwriters and he's only one song away from being a nationally known songwriter! An awesome musician, singer and entertainer, he truly entertained us with his version of the George Strait classic, "Give It Away" and the Randy Travis megahit, "1982."

One of the most memorable moments of the show was when Donna and David Paul Nowlin teamed up to do a duet that David Paul had written. A beautiful love song, David Paul and Donna just lit up the night with "Two of a Kind Broken Hearts."

Bailey Wesberry-Washburn, the little gal from Waurika, has had quite a busy life the past couple of years. She has graduated from nursing school, became a wife and now a mom! Landon and Bailey brought little Tinley Rayann to her first show Saturday night!

Bailey just keeps getting better every time we hear her beautiful and powerful voice. She melted everyone's heart with the Martina McBride hit, "A Broken Wing" and then she kicked down the doors with the Miranda Lambert song, "Gunpowder & Lead."

As always, the Memory Makers Band added to the evening's enjoyment with a few tunes made famous by Kris Kristoferson, Carole King, Porter Wagoner, Tanya Tucker and the Eagles to add a little variety to the mix.

Please join us for the October edition of the Pauls Valley Opry, which will be Saturday, October 1, when we welcome April Davis, Larry Darnell, Cathy Lake, Rod Jones, Mary McDonald, Wayne Gibbs and Jeannie Troxel.

The rising cost of food and supplies is making it more essential every day for Delta Nutrition to have a count of the meals. Please let them know you will be here or if you won't. They always want to have plenty of food for all who would like to join us. Thank you for being understanding of their policies.

The Purcell Register

Purcell's 1-0 Dragons will play host to the 1-1 Pauls Valley Panthers here Friday night with kick off set for 7:30 p.m.

Purcell is coming off a bye week while the Panthers are licking their wounds from a 28-14 loss to the Davis

The Panthers are very multiple on offense operating out of the spread but will shift into some two back and some three back formations at times.

The Panthers opened the 2022 season with a 21-12 victory over Lindsay in Week 0.

Purcell Head Coach Tracy Scott said the Panthers are an improved football team.

"We will have our hands full against them," Scott said. "We will have to play well."

A key to a Purcell victory will be keeping the Pauls Valley quarterback in check.

"We'll have to contain their quarterback," Scott

"They try to out-flank you," Scott said.

When Purcell has the ball the Panthers will employ a 3-4 defensive scheme.

The Panthers are coached by Dusty Raper, a cousin of Purcell Head Basketball Coach Roger Raper.

This will be the 79th meeting between the two schools all time. Purcell leads the series 50-28.

Dragons dispatch Vanoss despite stranding 9 runners

John D. Montgomery
The Purcell Register

Purcell dispatched Vanoss on the road last week 7-4.

"It was a good game where a lot of people were given opportunities to be involved. It's nice to know if someone isn't having a good day that someone else can pick them up," head coach Sarah Jones said.

"Having depth on the bench and so many versatile players we use that to our advantage," she continued.

"We left too many too many runners on base but made it happen," Jones said of the Dragons stranding nine runners.

Ella Resendiz and MacKenzie McKay both had a pair of hits on the day.

Also getting hits were KK Eck with a double, Lauren Holmes with a triple, Payci Constant, Hadleigh Harp with a triple and Kailynn Helton with a double.

"We were savvy on the bases with four steals out of Whitaker, Harp and two from Constant.

Resendiz fanned 11 Vanoss hitters.

"She pitched a heck of a game," Jones said. "We are proud of the team. They are

Warriors stave off Sulphur

Try for two by Bulldogs goes awry for 27-25 victory

John D. Montgomery
The Purcell Register

Washington came away a nail-biting 27-25 victory over the Sulphur Bulldogs at Reed Field last Friday night.

Sulphur had scored on fourth down with one second remaining on the clock with a chance to send the game into overtime.

Quarterback Cash Barrett rolled to his right on the two point try but slipped before he could get the pass off and Washington clung to victory.

"It was kind of a mixed bag for us," head coach Brad Beller said. "We didn't play up to our standards. When the offense was clicking our defense struggled. When the defense was clicking the offense was struggling.

"We never clicked on both sides of the ball. It was a very uninspiring, ugly game and we've got to get that cleaned up," the coach said.

Beller gave a lot of the credit to a young Sulphur team.

"It was their first game of the season and they brought a lot of energy and executed better than we did. Sulphur has a very bright

future. Not that they haven't been good but they are going to be really, really good in the next couple of years," Beller said.

Both teams scored a touchdown in the first quarter but the Bulldogs led at half-time 10-7.

Kade Norman found pay dirt on a two yard scamper in the opening period.

Cole Scott, who has been slowed with an ankle injury, scooted in from two yards out in the third period. Scott moved to the end zone in the fourth quarter on a

four-yard run and Major Cantrell hit Nate Roberts with a touchdown pass that covered 30 yards to close out the Washington scoring.

The coach praised the play of not only Roberts but right offensive guard Tanner Winlock.

"They both played really good games," Beller noted.

Led by Keller Howard's 10 tackles and two sacks, the Warrior defense held Sulphur to 46 yards rushing.

Warriors take first "L" of season

John Denny Montgomery

The Washington Warriors picked up a big 2-0 win over North Rock Creek High School in a key District game.

The win improved Washington's District record to 8-0.

"It was a good pitcher's dual," said Warrior head coach Tylor Lampkin. "Both pitchers threw it well and it was a smooth game

It was good for us to see that kind of pitching. ... We're trying to continue to improve every game.

with not many errors."

Senior Maggie Place pitched the complete-game shutout and tallied 10 strikeouts with only one walk and three hits.

Washington's first three batters remained a steady force for the Warriors and had the teams only hits and runs.

Tinley Lucas was 1-3 with a run, Abby Wood went 2-3 with a run and Ellie Loveless was 1-3 with an RBI.

"It was a good win," Lampkin said.

Lex at Wayne Friday night

Coming off a bye week, Lexington's Bulldogs will travel to Wayne Friday night resuming the 2022 gridiron season.

Kick off is set for 7 p.m. in the Bulldogs versus Bulldogs fray.

Wayne runs a 4-3 defensive scheme and employs the I-formation on offense.

Both teams are looking for their first victory of the young football season.

Wayne senior Kaleb Madden took a jet sweep to the house for six points Friday night at Konawa. Madden and the Bulldogs were defeated 8-6 by the Tigers.

Konawa tops Wayne

Lexington will pay visit Friday

John Denny Montgomery
The Purcell Register

Wayne lost their season opener at Konawa Friday night, 8-6.

Wayne got on the board first with a 76-yard touchdown run by Kaleb Madden in the first quarter.

The speedy senior took a jet sweep around the left corner of his offense and he was off to the races down the sideline.

Adolfo Vasquez's extra point attempt was no good and Wayne was off to a 6-0 lead.

Madden finished the night with two carries for 78 yards and a score, as well as four catches for 23 yards.

With 1:11 to play in the half Konawa struck back.

After it appeared the Tiger's quarterback was bottled up in the backfield by three Wayne defenders, the determined runner escaped and raced 60

yards into the end zone. The ensuing two-point conversion was good and Konawa led 8-6.

That would be all the scoring

Dead in his tracks

Washington defenders Keller Howard (14) and Hudson Howard (24) tackle a Sulphur ball carrier Friday night during the Warriors’ 27-25 win over the Bulldogs. Keller Howard had 10 tackles and a pair of sacks on his way to a Heart of Oklahoma Defensive Player of the Week award.

From page 1B

Warriors:

Naithen Spaulding had nine tackles and a pair of sacks and Ben Vaughn registered seven tackles and had three quarterback hurries that forced incompletions.

Over half of Sulphur’s yards came on four long pass plays. “That’s two weeks in a row,” Beller said. “We’ve got to limit those.”

The Warriors travel to Jones Friday for a 7 p.m. kick off against the Longhorns.

The Jones quarterback, who engineers their spread offense, converted from a running back/ slot receiver last year.

“He is very athletic and makes a lot of plays in the passing game moving around in the pocket,” Beller said. “He’s just a good football player. They have a couple of receivers who

are good in space so they want to get them the ball.

“The quarterback gets rid of the ball quickly so any time we have the opportunity to get to him we need to make sure we corral him,” the coach said. “Otherwise he will move the sticks.”

Jones is a very talented defensive team that base out of a 3-4.

“They are very strong and athletic in their defensive line. “We need to do a good job of moving them in our run game and make sure we sustain blocks throughout the play.”

Key for a Warrior victory are limiting the big plays and sustaining drives on offense.

“We have not done a very good job of sustaining drives,” Beller noted. “We either get a

penalty, have a negative play with busted assignments or a poor throw. We’ve got to sustain drives.”

Warrior notes:

Head coach **Brad Beller** nominated **Nate Roberts** as the Offensive Player of the Week. Roberts hauled in five catches for 71 yards and a touchdown.

Beller nominated **Tanner Winlock** as the Offensive Lineman of the Week. He graded out at 87 percent.

Nominated as the Defensive Lineman of the Week was **Naithen Spaulding**, who had nine tackles and recorded two sacks.

Getting the nod as the Defensive Player of the Week was **Keller Howard**, who notched 10 tackles and added a pair of quarterback sacks.

On the road again

Lady Bulldogs are in Sterling this weekend

Emily Montgomery
The Purcell Register

Last week rain wreaked havoc on Lexington’s softball schedule, canceling games with Little Axe last Monday and Ardmore on Thursday.

Tuesday’s doubleheader with

Crooked Oak were the only games that the Lady ‘Dawgs played. They won both games, 24-1 and 9-0.

Through two games Lexington had a total of 14 hits.

In the first game Izzy Pack led the team at the plate with

three hits and six ribbies. Cora Vasquez had two hits and two ribbies.

And, Vasquez and Hannah Garrett were on the rubber for Lexington in game one. Together they had seven strikeouts and gave up just one run.

The second game was another run-rule as the Lady ‘Dawgs racked up six hits and scored nine runs.

Abi Clifton and Jalen Idlett had two hits apiece while Lexie Torres and Maddie Manuel had one.

The Lady ‘Dawgs were to play at Bethel on Tuesday and be in the Sterling tournament starting Thursday.

“This week will be a challenge for us. Between now and next Tuesday, we have a lot on the line for District play,” head coach Monty Ervin said.

They play 6A Lawton Ike at 12:40 p.m. today (Thursday) to start the 27-team tournament.

“This is a big tournament with good teams across the board. There are Class B teams all the way up to 6A teams. And lots of teams that made the State tournament last year.”

According to the head coach, as the season continues to move on down the road, he believes that if his team can play to their capabilities they’ll make some noise.

“We’ll see everyone’s best in the coming games. I feel good about where we’re headed.”

Back to regular schedule

Wayne hosting Sasakwa today

The Wayne Lady Bulldogs are back to their regular schedule as they traveled to Velma-Alma on Tuesday and are set to host Sasakwa today (Thursday).

But, instead of the Choctaw Festival starting Thursday, Wayne will be in Elmore City to make up their previously canceled game on Friday.

With only a couple weeks worth of the regular schedule left, head coach Nikki Herrin is still feelig good about her team.

“I still feel great. They are the team I want to win with and the team I want to lose with.

“They are capable of achieving a lot but even if we don’t reach our full potential, I still choose them.”

She was relieved after two innings by Place, who closed out the final six innings. “Blue Springs jumped out on us early,” Lampkin said. “Ellie didn’t have her best stuff but we made a couple mistakes behind her.” The Warriors committed three errors in the game. The game was tied 6-6 through five innings and neither team could push a run over in the sixth or seventh innings. Blue Springs scored two in the eighth to take the win. Tinley Lucas was 1-3 with three ribbies while Wood was 2-4. “It was good for us to see that kind of pitching,” Lampkin said. Washington is 20-1 this season. “We’re trying to continue to improve every game,” he said.

Wayne:

in the game as Wayne would fail to capitalize with the ball deep in Konawa territory when they turned the ball over to the defense. It wasn’t the start to the season the Bulldogs wanted but according to head coach Brandon Sharp many of their miscues Friday are correctable going forward. “A lot of the problem on offense was missed blocks and blown assignments,” Sharp said. “We didn’t have good communication up front. It was really more scheme and assignments missed. We’ll get that ironed out and we’ll be okay.” Wayne had 196 total yards of offense, amassing 161 of them on the ground on 29 carries. Quarterback Jaxon Dill was 7-15 for 35 yards. “I thought he did good managing the game for us,” Sharp said. At running back, Vasquez had 28 yards on eight carries. Defensively, the Bulldogs played well enough to win the

ball game. “Our back end guarded the pass well,” Sharp said. “Our only problem was we struggled to tackle the quarterback. As the game went on they adjusted to get the ball into his hands more.” The Konawa offense had no passing yards, going 0-3. And two of the attempted passes were picked off. Vasquez led the team in tackles with 11. He also had a sack. Kevin Alviso tallied six tackles. Rhett Kennedy had three tackles, caused a fumble and intercepted a pass. Hill had six tackles, including two sacks, and recovered a fumble. Madden had three tackles and a pick. The Tigers finished the night with 162 yards of total offense. “Mistakes cost us in the long run but hats off to Konawa, they did enough to win,” Sharp said. “This is part of having a young

team. Us coaches will get them more prepared for the next one.” **Lexington** The Bulldogs (0-1) come to town Friday night for a 7 p.m. kickoff. Lexington will give a different look to Wayne coming in as a 2A school. “We’ll have to match their intensity,” Sharp said. “Coach Bolles has them playing better and we’ll be tested more, especially in the back end. They have a good quarterback and receivers.” Move-in quarterback Tate Collier will air the ball out for the Bulldogs. Defensively Lexington runs a 3-4. “Our offensive line will have to do a lot better blocking and staying on people,” Sharp said. “It’s unacceptable for a Wayne team to not run the ball any better than we did last week. But it’s all correctable and if we do that we feel like we have a good chance Friday.”

Graham Veterans Foundation**

We strive to provide as much information as we can to our veterans and surviving spouses. The Veterans Administration has recently added several presumptive conditions for veterans who were exposed to the chemicals from Burn Pits while serving.

Another big change for Oklahoma Veterans was Senate Bill 415 which passed in December 2021. This bill requires those veterans rated 100 percent or unemployable or a Surviving Spouse who receives the Oklahoma Sales Tax Exemption to register before July 1, 2023, to be eligible to use your OK Tax exemption card. Registration can be done online to <https://registry.odva.ok.gov/registration>.

According to what I have read, it looks like twice as many people are using the old Blue cards when purchasing items than the number of veterans or surviving spouses who were approved for a card. After filing out the Registry a new letter will be sent from ODVA for you to take or mail to the Oklahoma Tax Commission.

Each week, we track the number of veterans and surviving spouses who are approved or denied VA benefits. We believe that our volunteers change the lives of hundreds of veterans and their families every week.

When we first started our mission to improve the lives of veterans and their families the percentage of those whose VA claims were denied for outweighed those that were approved. I'm very proud to say 20+ years later that most of the veterans who we assisted have been approved for benefits.

Last week 22 veterans were awarded a 100 percent disability rating for their service-connected disabilities and will receive a combined total of \$894,085.80. Forty-four received ratings between 10-90 percent and will receive a combined total of \$763,714.08. Two surviving spouses were approved for DIC Benefits and will receive a combined total of \$38,167.20.

We are encouraging all the people we are working with to consider becoming a volunteer with our Veterans Foundation. We do not require that our volunteers are veterans to be accepted.

I know that there are many in our country who would like to join our team of volunteers. With our computer systems volunteers can receive training

no matter where they live. Our system makes it quite easy to help from home no matter the location.

As always, we need more volunteers to assist us in improving the lives of our veterans and their families. We have hundreds of thousands of veterans and surviving spouses in our state who need our help to receive the VA benefits that they are eligible for.

Would you consider being a part of our Veterans Foundation? Volunteer Applications are available on our website or stop in Monday thru Friday from 9 a.m. until 12 p.m. at 1233 West Lindsay Street in Norman.

For those who may have questions about VA benefits I'm available at the Foundation each Monday, Tuesday, and Thursday morning from 8 a.m. until 12 noon.

We are a 501c-3 non-profit organization and there is never a charge for the services we provide to veterans and their families. We do accept financial contributions to be used to support veterans and this organization.

Our Lady of Victory Catholic Church

By Stella Bledsoe

September 11, 2022 is the twenty-fourth Sunday in Ordinary Time. During Ordinary Time, the Gospel focuses on the teachings and miracles of Christ during his time on earth.

The Gospel reading is Luke 15:1-32. The Pharisees and scribes are again hounding Jesus. In this instance, he is eating with sinners! This is almost amusing since the Pharisees and scribes are also sinners but they do not see that in themselves.

So, Jesus tells a few parables. According to the Merriam-Webster dictionary, a parable is “a usually short fictitious story that illustrates a moral attitude or a religious principle.”

In the first parable, a sheep herder has lost one sheep out of a hundred. He searches everywhere and when he finds the sheep, he rejoices and invites others to rejoice with him.

In the second parable, a woman has lost one of her ten coins. She lights a lamp and sweeps the house. When she finds the coin, she rejoices and invites others to rejoice with her.

When I was a child, a story was told about a woman who

loved her minister’s sermons. She was uplifted when he talked about murderers, thieves, liars, users of profanity, etc. But one Sunday the minister preached about gossipers. After the service, she gave him her opinion in no uncertain terms. She said, “You’ve quit preachin’ and started meddlin’.”

The third parable in today’s Gospel is not my favorite. The prodigal son gets his inheritance before his father’s death. He squanders it. He lives anything but a responsible life. He loses everything, is hungry, goes back home, and is treated like royalty.

The parable is like the first two in that something that was lost was restored. Isn’t that just swell? But what if you are like the other son who remained with the father and lived a responsible, not fun, life? The father (who if you haven’t figured it out represents God) rejoiced at the return of the lost son and invited others to rejoice with him.

The father’s celebration was not complete because the other son was annoyed with all the hoopla for the brother who did

not act right in the first place. The father tells the good son that he was blessed all the time while the brother was gone.

Now, remember a parable is a fictitious story to illustrate a principle. The prodigal son parable reminds us that God never gives up on us and whenever we return to Him, he rejoices. It also reminds us that we who live in His grace all the time are more blessed than we realize. And finally, just like the Pharisees and scribes, we are also sinners and are not justified by our own actions but by God’s mercy.

We celebrate the love of Jesus at Our Lady of Victory parish all year long. Our Lady of Victory parish is located at 307 West Jefferson. The office has relocated to 501 N. 4th in Purcell and is open weekday mornings. You can call the office at 405-527-3077. Weekend mass services are Saturday, 5 p.m.; Sunday, 11 a.m.; and Sunday, 1 p.m. (Spanish). Daily masses are Tuesday, 9 a.m.; Wednesday, 12 noon; Thursday, 7 p.m. (Spanish), and Friday, 9 a.m. Peace be with you.

Our next Food Give Away will be Saturday, September 17, from 12 to 4 p.m. Please pass this info on to anyone who may be hungry and low on food.

The next “Munch and a Movie” will be Thursday, September 15, beginning at noon. The film will be family-friendly and begins at approximately 12:30 p.m. The movie will last for about two-and-a-quarter hours. Feel free to invite a friend or two.

On Saturday, September 17, we will be hosting Hot Dogs in the Park for the whole Lexington community. Oklahoma Moon has again been invited to provide music. We had tremendous support the last time we did this and hope you’ll be there again.

September is National Suicide Prevention Month, with National Suicide Prevention Week being from September 6 through 12. Facts about suicide include the following.

Suicide is the second leading cause of death for those between the ages of 10 and 34. It is higher for the elderly than for any other age group. Suicide rates for women have increased exponentially since 1999.

The rate for white, middle-

aged men (ages 45 to 64) jumped 43 percent from 1999 to 2014 while the overall suicide rate increased by 24 percent for all people. More than half of those who commit suicide don’t have a known mental health condition.

Sometimes people with mental illnesses are told by church members that they don’t have enough faith or that they have sin in their lives and haven’t been truly “saved.” However, if we search the Bible for evidence of these opinions and if they apply to suicide, we find that the six incidents there don’t support them.

The example of Samson in Judges 16:25-30 is that of a martyr and not really a case of suicide at all. In the other cases, we see that none are condemned by God for taking their lives.

Most of us know about Judas killing himself by hanging (Matthew 27:3-5) after he fully realized what he had done in betraying Jesus to the Jewish leaders. He must have felt there was no hope for salvation and that there was no purpose in his life. He wouldn’t be able to join Jesus in the afterlife. All of Jesus’s followers condemned him and probably told him that God condemned him too.

Yet all Judas needed to do was to confess the wrong and to ask for God’s forgiveness. It’s the same with us: no matter what we’ve done, all we have to do is humble ourselves before God and ask for forgiveness. In Colossians 2:13-14, all who are redeemed by God have been forgiven for all their sins, past, present, and future. A shortened quotation from Romans 8:38-39 says that “neither life nor death... can separate a believer from the love of God in Christ Jesus.”

Unfortunately, many who think about suicide hide their intent from their families and friends. Sometimes there are indicators of their hopelessness, such as an unsuccessful suicide attempt, or some action that says they feel no purpose in their lives. If you think a person is thinking along these lines, please encourage them to get help.

Ask them to talk to their doctor or persuade them to go to the hospital with you. At a minimum, give them the National Suicide Crisis Lifeline number 988. Or even call that number yourself for further suggestions on how to help

Please see **Methodist**, page 7B

Green Avenue Church of Christ

Last Wednesday night we held our regular 5th Wednesday singing. It sure was good. We had a great selection of songs and were not able to get around to all of the ones that had been suggested.

This coming Wednesday we will have our song class which will cover four more songs from our book. We’ll look at the history and background of the songs and their authors, and more importantly examine the teaching the song is providing.

In our Bible study Sunday morning we began looking at the subject of abortion as it relates to the general discussion of the issue of life and death. Currently we are examining the applicable Bible principles that would apply to this subject.

“Four Prayers in Jonah” was the title of the sermon Sunday

morning. Keith Shackleford led us through an examination of the sailor’s prayer in chapter 1; Jonah’s prayer from the belly of the great fish in chapter 2; the Ninevite’s petition in chapter 3; and Jonah’s disgruntled prayer in chapter 4.

A good number of applications were made to modern circumstances, and warnings were given to not be ill-tempered and spiteful (like Jonah was) if God does not answer our prayers the way we think they ought to be answered.

The subject of the sermon Sunday night came from 1 Timothy 6:12-13 where Paul wrote to him about the “Good Confession”. We learned the good confession of the Bible is about confessing one’s conviction that Jesus is the Christ, is Lord, and is the Son

of God (Acts 8:37; Philippians 2:9-11).

We also received four important points about this confession: [1] it agrees with the assertion of the Father who proclaims Jesus as His son (Hebrews 1:5); [2] it agrees with the eye witness testimony of the centurion at the crucifixion of Jesus (Mark 15:39); [3] it is confirmed by the power of the resurrection of Jesus (Romans 1:4); and [4] it continues to be proclaimed in God’s revelation, the Bible (John 20:30-31).

We invite you to meet with us for Bible study at 7 p.m. Wednesday night and 9:45 a.m. Sunday and our worship services on Sundays are 10:45 a.m. and 6:30 p.m.

Bible correspondence courses are available, call 405-527-4052.

Sunray Baptist Church

Melisa Dubbs sang “What He’s Done” for the morning special. Brother John Wiley brought the message from Job 5:6-7 and explained the “Reasons for Human Suffering.” The Book of Job illustrates the plight of human suffering. We are all recipients of suffering. Some question the existence of God. There are four types of suffering: Coincidental ,consequential, consecrational and conspicuous. These are to make us more like Christ. Persecution is used to mold our character and to show God’s glory.

God sent His Son to suffer and to bare our suffering. This coming Sunday, Brother John Wiley will be filling the pulpit. We will be celebrating Grandparents Day with a potluck lunch following morning worship.

Next Monday, September 12, our senior adults will meet at 11 a.m. for a trip to Cracker Barrel for lunch and fellowship. On September 13, the BMA of Central Oklahoma will have its district meeting at Grace Harbor in Oklahoma City. You are always welcome at Sunray Baptist Church. Join us for Sunday school, worship and all activities. We are located at 2223 North 9th Street in Purcell. For additional information call 527-6808

Chickasaw Motor Inn purchase marked the start of modern business era

A half-century ago, the Chickasaw Nation entered the hospitality business with a stroke of a pen, signifying the genesis of many successful economic ventures and self-sufficiency for its people.

The acquisition of the 72-unit Artesian Motor Hotel, Sept. 1, 1972, marked the first business owned and operated by the Chickasaw Nation. It was an investment that proved to be one of the most successful tribal ventures of that era.

Rising from the ashes of the original Artesian Hotel in 1965, the Artesian Motor Hotel was constructed at West First and Muskogee streets through a federal Economic Development Administration program.

Chickasaw Nation Governor Bill Anoatubby said in 2017 that the tribe sought out business opportunities in an effort to meet the mission to enhance the overall quality of life of Chickasaw people.

“We began developing a diverse business portfolio to employ Chickasaws and generate revenue for tribal programs and services, such

The Chickasaw Motor Inn, Sulphur, was purchased by the Chickasaw Nation 50 years ago this month. This purchase marked the first business owned and operated by the Chickasaw Nation.

as health care, education and housing,” Governor Anoatubby said.

As soon as the Chickasaw Nation took possession of

the motel, the first order of business was to change its name to the Chickasaw Motor Inn, according to a December 1972 Chickasaw Newsletter article. The motel’s restaurant was renamed the Artesian Restaurant.

A Bureau of Indian Affairs (BIA) grant funded renovations and a remodel of the

facility and tribal officials made strategic plans for business operations.

With appropriate renovations and a new business plan, the motor inn quickly became a profit-making venture for the Chickasaw Nation, earning approximately \$100,000 for the tribe in its first year of operation.

Governor Anoatubby said in 2012 that while revenues varied some through the years, the motor inn proved to be a very good long-term investment.

“While the motor inn was a successful business for decades, it eventually made better economic sense to replace the facility rather than continue paying for repairs,” Governor Anoatubby said. “Nevertheless, that business marked the beginning of our successful long-term economic development efforts.”

The motel was built in the same location of its predecessor, the grand Artesian Hotel which burned in 1962. Standing as a sentinel in downtown Sulphur since 1906, the original Artesian was named when construction workers struck one of the artesian wells on the property. Throughout its storied history, it was a social epicenter and hosted many dignitaries and celebrities.

Sulphur Times Democrat editor Paul John welcomed the Chickasaw Nation to the Sulphur business community in a Sept. 7, 1972, editorial, writing, “The ownership and operation of the Artesian Motel in Sulphur...opens up vast

Winning perennials for your garden

Melinda Myers
The Purcell Register

After a busy summer of vacations, BBQ’s, and garden care, it is fun to turn our attention to planting. Fall is a great time to plant perennials and many garden centers are busy refreshing their supply of perennial plants. Consider including one or more of these winners when making your perennial plant selections this fall.

Hostas are an excellent choice for those shady spots in the landscape but with so many cultivars to choose from the selection process can be overwhelming.

The America Hosta Growers Association (AHGA) decided to help growers and gardeners with the selection process by introducing the

AHGA Hosta of the Year.

Each year since 1996, members of the AHGA select and feature a Hosta of the Year. The winning hosta must grow well in all regions of the country, be widely available, and have a retail price of about \$15 the year it was selected.

Island Breeze is this year’s winner. Hardy in zones three to nine, its strong growth rate, thicker leaves and wide green leaf margins with bright yellow centers made it a winner.

The leaf centers emerge a brilliant yellow then turn chartreuse in the summer when grown in heavy shade and a lighter yellow in more sun. The leaf stems, petioles, have red speckles that bleed

Appaloosa Horse Club returns to Oklahoma City for 75th show

The Appaloosa Horse Club (ApHC) announces the 75th National Appaloosa Show and the 2023 World Championship Appaloosa Youth Show will be coming to Oklahoma City in the summer of 2023. The event runs from June 27, 2023 to July 5, 2023 at the OKC Fairgrounds’ Jim Norick Arena.

This move is momentous for the organization as it heads back to the home of the 50th and 60th National Appaloosa Shows, to say farewell to the Norick Arena.

The contract will extend operations into the new OKC Fairgrounds Coliseum. This state-of-the-art facility will prove pivotal in offering ApHC members premier events worthy of the Appaloosa breed for years to come.

Kristopher Byrd, the Executive Secretary of the Appaloosa Horse Club, commented, “Oklahoma City has been a part of some of the best times in the Appaloosa Horse Club’s history. We are excited to have the opportunity to send off the Norick in style, and we look forward to the experience the new Coliseum will provide our members. These shows will truly be next-level events in a premier facility that you don’t want to miss. So many members tell me they remember Oklahoma City as home. We are excited to announce, ‘We’re coming home!’”

“This is exciting news not only for the City of Oklahoma City but also the MAPS program in general,” commented David Holt, Mayor of Oklahoma City. “Equine events make a substantial contribution to Oklahoma City’s economy each year. It was important to make the decision to build a new OKC Fairgrounds Coliseum to not only maintain our current horse show business but also to attract new opportunities.

“We are very pleased the Appaloosa Horse Club has chosen to return to the OKC Fairgrounds due in large part to the fact we are building a new OKC Fairgrounds Coliseum,” commented Ron Norick, Chairman of the Board, Oklahoma State Fair, Inc. “This is testament to the old adage of ‘build it and they will come.’ We are very appreciative of the confidence the citizens of Oklahoma City placed in us when they voted to include a new Coliseum as part of MAPS 4.”

“As excitement continues to build for our destination, guests attending the National Appaloosa Show and World Championship Appaloosa Youth Show will discover a growing number of attractions, distinct neighborhood districts and family entertainment options during their time in our community,” commented Zac Craig, President of the Oklahoma City Convention and Visitors Bureau. “We are thrilled to welcome back all participants to the ‘Horse Show Capital of the World’

Motor Inn:

new opportunities not only for the motel but for Sulphur and the entire area.”

In 1972 when the Chickasaw Nation purchased the motor inn, there were a little more than two dozen tribal employees. Today, the Chickasaw Nation has nearly 14,000 employees.

The Chickasaw Motor Inn served double duty for many years, both as lodging and a restaurant for tourists, and as Chickasaw Nation headquarters until the Ada headquarters building was opened in 1977.

Through the decades, the Chickasaw Motor Inn attracted a collection of early-morning coffee drinkers, served as the meeting site for several local civic clubs, and hosted high school proms. The Sunday roast beef buffet also made it a favorite meeting spot for lunch after church.

The restaurant received high praise in the Oct. 21, 1979, issue of **The Sunday Oklahoman**. Restaurant critic Mary Goddard wrote, “If you are looking for well-cooked food at reasonable prices, served by pleasant people, the Chickasaw Restaurant folks are, indeed, your friends.”

Goddard described the restaurant’s ambience as “unobtrusively pleasant, with subdued light from wrought-iron chandeliers and captain’s chairs placed at the tables and even at the low-slung counter. One wall displays paintings by regional artists, mostly for sale.”

The Chickasaw Motor Inn provided employment for many Chickasaw citizens and community members throughout the decades.

Governor Anoatubby named Chickasaw citizen Lona Barrick facility manager in 1987. She recalls coordinating several high profile gatherings at the motor inn, including when the Chickasaw Nation was selected to host an input and planning meeting for a national First American museum in the early 1990s.

“We hosted W. Richard West Jr. (Southern Cheyenne), founding director of the Na-

tional Museum of the American Indian, when he was visiting tribes across the country for their input into the new museum in Washington, D.C. The Chickasaw Nation was chosen to host Dr. West for this region of the U.S.,” she said.

Other notable events included several meetings of the Inter-Tribal Council of the Five Tribes, and hosting the prince of Thailand who met with the Chickasaw Enterprises team, said Ms. Barrick, who now serves as Chickasaw Nation executive officer of cultural tourism.

Dinner theater was also introduced at the Chickasaw Motor Inn, and working with Chickasaw National Recreation Area officials, “Plays in the Park” the forerunner of the current “Candlelight Tours” began at the inn.

Several strategic planning sessions for the Chickasaw Cultural Center took place there, Ms. Barrick said.

After more than three decades of serving throngs of guests, the inn, later renamed the Chickasaw Motor Lodge, was demolished in 2006 to make way for construction of the new Artesian Hotel.

Ground was broken in 2010 and the hotel opened with great fanfare Aug. 1, 2013.

“It is fitting for this development to take place on the site where our first tribal business began some 40 years ago,” Governor Anoatubby said at the groundbreaking ceremony. “Construction of the Artesian Hotel in this historic location demonstrates a significant investment in the tourism industry as well as our continued commitment to economic development and job creation.”

Celebrating nine years of service, the Artesian Hotel is designed in homage of the original hotel and features 81 rooms, a restaurant, banquet room, swimming pools and a full service spa.

The hotel complements other tourist destinations in the Sulphur area, including the Chickasaw National Rec-

reation Area, the Chickasaw Cultural Center, ARTesian Gallery & Studios, the Chickasaw Visitor Center and the annual Artesian Arts Festival, and in Davis, Bedré Fine Chocolates, Turner Falls and the Chickasaw Welcome Center.

Tribal business takes root and prospers

In the half-century since acquiring the Chickasaw Motor Inn, Chickasaw Nation businesses have blossomed throughout tribal boundaries and beyond.

The Chickasaw Nation owns and operates more than 100 businesses in a number of diverse industries: manufacturing, hospitality and entertainment, tourism, energy, health care, banking, broadcast media and fine chocolates.

The Chickasaw Nation contributes billions to the Oklahoma economy annually and utilizes business revenue to expand and enhance programs and services for Chickasaw citizens, including education, health care, cultural enhancement, youth programs, elders, housing and more.

By working to meet its mission, to enhance the overall quality of life of Chickasaw citizens, a positive ripple effect is created with economic development and opportunities arising in rural areas of the state.

Community Partners

The Chickasaw Nation strives to partner with local communities for the benefit of all Oklahomans.

Throughout the years, the Chickasaw Nation has contributed to universities, hospitals, community infrastructure, public safety operations, the arts, Oklahoma public schools and other projects.

“We are proud to be a part of Oklahoma. We care about the local communities and the state of Oklahoma. We believe that what is good for the Chickasaw Nation is good for the state of Oklahoma and what is good for Oklahoma is good for the Chickasaw Nation,” Governor Anoatubby said.

Perennials:

into the base of the leaves, adding to their ornamental appeal. Dark lavender flowers appear on red stems in mid-summer, attracting hummingbirds to the garden.

You may also want to consider this year’s Perennial Plant of the Year little bluestem (*Schizachyrium scoparium*) and its cultivars for those sunny spots in the landscape.

Each year, Perennial Plant Association (PPA) members select a winner based on the plant’s suitability to thrive in a wide range of growing conditions, its ability to provide multiple seasons of interest, have good insect and disease resistance, and be low maintenance.

This year’s selection of the native little bluestem and its cultivars allowed perennial experts the opportunity to promote the species or the cultivars that will do the best in their region.

The native little bluestem is hardy in zones three to ten and grows two- to four-foot tall. The blue-green leaves turn reddish bronze in fall and are complemented by fluffy white

seeds that persist into winter.

This grass prefers full sun with loam or sandy soil and tends to flop or decline in heavy clay soil and damp sites.

PPA Board members helped gardeners across the country and in Canada by sharing the top performing little bluestem cultivars in their regions.

A relatively new introduction, Jazz, was a favorite in both the Central and Mid-Atlantic regions. This shorter cultivar is 24 to 30 inches tall and 18 inches wide, with sturdy stems and silvery blue leaves.

Carousel is another dwarf cultivar, growing 30 inches tall and wide and was recommended by the Great Lakes PPA Board member.

Its bowl-shaped growth habit, upright flower stems and kaleidoscope of copper, pink, tan, and dark orange-red fall color make it a nice addition to the garden.

Standing Ovation is a favorite of the Canadian, Western and Mid-Atlantic PPA Regional Board members. The spiky bluish-green stems in a tight upright growth habit

provide a vertical accent in perennial borders. The brilliant orange, red and yellow fall color ends the season with a blaze of color.

Western and Mid-Atlantic PPA Board members both added The Blues to their list of preferred little bluestem cultivars. It has deep blue leaves that transform to a rich purple and burgundy in the fall. This cultivar is usually a foot taller than Jazz, growing up to four feet tall and two feet wide.

These are just a few of the many beautiful perennials suitable for home gardens. Check out past winners and of course leave room for a few new plants you just cannot resist.

Myers is the author of more than 20 gardening books, including *Small Space Gardening*.
